(ii) the Owner Trustee shall have whatever title was conveyed to it by the Lessee pursuant to the Bills of Sale (subject to filing and recording of the Manufacturer's FAA Bill of Sale, the Manufacturer's Subsidiary's FAA Bill of Sale and the FAA Bill of Sale with the Federal Aviation Administration) to the Aircraft, free and clear of Liens, except Liens permitted by the terms of the Lease, the lien of, and security interest created by, the Trust Indenture and the beneficial interest of the Owner Participant created by the Trust Agreement and the Trust Agreement and Indenture Supplement covering the Aircraft, the rights of the Owner Trustee as registered owner with the Federal Aviation Administration and the rights of the Lessee under the Lease and the Lease Supplement covering the Aircraft;

(iii) the Manufacturer's FAA Bill of Sale, the Manufacturer's Subsidiary's FAA Bill of Sale, the FAA Bill of Sale, the Lease and the Lease Supplement

(viii) no change shall have occurred after the date of this Agreement in applicable law or regulations thereunder or interpretations thereof by appro-

priate regulatory authorities or any court that would make it illegal for the Lessee to enter into any transaction contemplated by the Operative Documents.

Notwithstanding any of the foregoing, the Lessee's performance under this Agreement shall not be subject to the satisfaction of any condition within its control or any condition which may have been satisfied by the performance of the Lessee hereunder.

(b) In the event that (i) the foregoing conditions precedent shall not have been fulfilled on or prior to the Delivery Date (or waived by the Lessee) as provided above, or (ii) either the Owner Participant or the Original Loan Participant shall not have delivered its Commitment to the Owner Trustee on the Delivery Date notwithstanding the satisfaction of the conditions (other than those within the control of the Owner Participant or the Original Loan Participant, as applicable) set forth in Section 4 hereof, if the Lessee so elects, this Agreement, the Lease, the Tax Indemnity Agreement and the Purchase Agreement Assignment shall thereupon terminate and be of no further force and effect, except to the extent otherwise provided herein or therein. Promptly following the termination of this Agreement, the Lessee shall notify the other parties hereto in writing of such termination.

SECTION 12. Liabilities of the Owner Participant and the Loan Participants. Neither the Owner Participant nor any Loan Participant shall have any obligation or duty to the Lessee with respect to the transactions contemplated hereby except those obligations or duties expressly set forth in this Agreement or, in the case of the Owner Participant, the Tax Indemnity Agreement. Without limiting the generality of the foregoing, under no circumstances whatsoever shall the Owner Participant, as such, or any Loan Participant, as such, be liable to the Lessee for any action or inaction on the part of the Owner Trustee or the Indenture Trustee in connection with the Trust Indenture, the Trust Agreement, the Lease, the Aircraft, the administration of the Trust Estate or the Indenture Estate or otherwise, whether or not such action or inaction is caused by the willful misconduct or gross negligence of the Owner Trustee or the Indenture Trustee unless such action or inaction is at the direction of the Owner Participant (in the case of action or inaction on the part of the Owner Trustee) or the Loan

Participants (in the case of action or inaction on the part of the Indenture Trustee).

SECTION 13. Certain Covenants of the Lessee. The Lessee covenants and agrees with the Owner Participant, each Loan Participant, the Indenture Trustee and the Owner Trustee as follows:

(A) Upon the delivery and acceptance of the Aircraft under the Lease, the Lessee will cause to be done, executed, acknowledged and delivered all and every such further acts, conveyances and assurances as the Owner Trustee, the Owner Participant, the Original Loan Participant or the Indenture Trustee shall require for accomplishing the purposes of this Agreement and the other Operative Documents. The Lessee forthwith upon delivery of the Aircraft under the Lease shall cause the Aircraft to be duly registered and at all times thereafter to remain duly registered, in the name of the Owner Trustee, except as otherwise required or permitted hereunder or under the Lease, under the Federal Aviation Act, or shall furnish to the Owner Trustee such information as may be required to enable the Owner Trustee to make application for such registration, and shall promptly furnish to the Owner Trustee such information as may be required to enable the Owner Trustee to timely file any reports required to be filed by it as the Lessor under the Lease or as the owner of the Aircraft with any governmental authority because of the Owner Trustee's ownership of the Aircraft.

(B) The Lessee will cause the Manufacturer's FAA Bill of Sale, the Manufacturer's Subsidiary's FAA Bill of Sale, the FAA Bill of Sale, the Lease and the Lease Supplement covering the Aircraft, the Trust Agreement, the Trust Indenture and the Trust Agreement and Indenture Supplement covering the Aircraft to be promptly filed and recorded, or filed for recording, to the extent permitted under the Federal Aviation Act, and the rules and regulations of the Federal Aviation Administration thereunder, or required under any other applicable law. Upon the execution and delivery of the Manufacturer's FAA Bill of Sale, the Manufacturer's Subsidiary's FAA Bill of Sale, the FAA Bill of Sale, the Lease and the Lease Supplement covering the Aircraft, the Trust Agreement, the Trust Indenture and the Trust Agreement and

Indenture Supplement covering the Aircraft shall be filed for recording with the Federal Aviation Administration in the following order of priority: first, the Manufacturer's FAA Bill of Sale, the Manufacturer's Subsidiary's FAA Bill of Sale and the FAA Bill of Sale, second, the Lease, to be effected by so filing the Lease with such Lease Supplement, the Trust Indenture and such Trust Agreement and Indenture Supplement attached thereto, and third, the Trust Indenture, to be effected by so filing the Trust Indenture with the Trust Agreement and such Trust Agreement and Indenture Supplement attached thereto. The Lessee shall, upon request from any of the parties hereto, provide photocopies of the file-stamped copies of all documents filed or recorded with the FAA.

(C) The Lessee will furnish to the Owner Trustee and the Indenture Trustee annually after the execution hereof (but not later than March 15th of each year), commencing with the year 1993, an opinion of Crowe & Dunlevy, P.C., or other counsel reasonably acceptable to the Owner Trustee and the Indenture Trustee, stating either:

(i) that in the opinion of such counsel such action has been taken with respect to the recording, filing, re-recording and refiling of the Lease, the Trust Indenture, the Trust Agreement and any supplements thereto, including any financing or continuation statements, and such other filings and recordings as are necessary to maintain, for the 15-month period succeeding the date of such opinion, the rights and interests of the Owner Trustee in and to the Aircraft, and, with respect to the Trust Indenture, the perfection of the security interests created thereby and reciting the details of such action; or

(ii) that in the opinion of such counsel no such action is necessary to maintain, for the 15-month period succeeding the date of such opinion, the perfection of such rights and interests and security interests.

(D) The Lessee shall at all times maintain its corporate existence except as permitted by Sec-

tion 13(E) hereof. The Lessee will do or cause to be done all things necessary to preserve and keep in full force and effect its rights (charter and statutory) and franchises; provided, however, that the Lessee shall not be required to preserve any right or franchise if its Board of Directors shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Lessee. The Lessee shall, for so long as and to the extent required under Section 1110 of the Bankruptcy Code in order that the Owner Trustee and the Indenture Trustee be entitled to the benefits of Section 1110 of the Bankruptcy Code with respect to the right to repossess the Airframe, Engines and Parts as provided in the Lease, remain an "air carrier" within the meaning of Section 101(16) of the Federal Aviation Act.

(E) The Lessee shall not consolidate with or merge into any other corporation or convey, transfer or lease substantially all of its assets as an entirety to any Person, unless:

(i) the corporation formed by such consolidation or into which the Lessee is merged or the Person which acquires by conveyance, transfer or lease substantially all of the assets of the Lessee as an entirety shall be a corporation organized and existing under the laws of the United States of America or any State or the District of Columbia, shall be a "citizen of the United States" as defined in Section 101(16) of the Federal Aviation Act, and shall execute and deliver to the Owner Trustee, the Owner Participant, and the Indenture Trustee an agreement in form reasonably satisfactory to each thereof containing the assumption by such successor corporation of the due and punctual performance and observance of each covenant and condition of this Agreement, the Lease, the Purchase Agreement Assignment and the Tax Indemnity Agreement to be performed or observed by the Lessee;

(ii) immediately after giving effect to such transaction, no Event of Default under the Lease, and no event which, after notice or lapse of time, or both, would become such an Event of

Default, shall have occurred and be continuing; and

(iii) the Lessee shall have delivered to the Owner Trustee, the Owner Participant and the Indenture Trustee a certificate signed by a Responsible Officer of the Lessee, and an opinion of counsel to the Lessee (which may be Lessee's General Counsel), each stating that such consolidation, merger, conveyance, transfer or lease and the assumption agreement mentioned in clause (i) comply with this Section 13(E) and that all conditions precedent herein provided for relating to such transaction have been complied with (except that such opinion need not cover the matters referred to in clause (ii) above and may rely, as to factual matters, on a certificate of an officer of the Lessee) and, in the case of such opinion, that such assumption agreement has been duly authorized, executed and delivered by such successor corporation and is enforceable against such successor corporation in accordance with its terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and by general principles of equity.

Upon any consolidation or merger, or any conveyance, transfer or lease of substantially all of the assets of the Lessee as an entirety in accordance with this Section 13(E), the successor corporation formed by such consolidation or into which the Lessee is merged or to which such conveyance, transfer or lease is made shall succeed to, and be substituted for, and may exercise every right and power of, the Lessee under this Agreement and the other Operative Documents with the same effect as if such successor corporation had been named as the Lessee herein. No such conveyance, transfer or lease of substantially all of the assets of the Lessee as an entirety shall have the effect of releasing the Lessee or any successor corporation which shall theretofore have become such in the manner prescribed in this Section 13(E) from its liability hereunder. Nothing contained herein shall permit any lease, sublease or other arrangement for the use, operation or posses-

sion of the Aircraft except in compliance with the applicable provisions of the Lease.

SECTION 14. Owner for Tax Purposes. The Lessee, the Owner Trustee and the Owner Participant hereby agree that for Federal income tax purposes during the Term the Owner Participant will be the owner of the Aircraft and the Lessee will be the lessee thereof. Nothing contained in this Section 14 shall be construed to limit Lessee's use and operation of the Aircraft under the Lease or constitute a representation by the Lessee as to tax consequences.

SECTION 16. Certain Covenants of the Owner Participant. (a)

The Owner Participant hereby agrees to notify the Lessee or cause the Lessee to be notified by telephone, telecopier or telegram not later than 1:00 p.m. New York City time, on the third Business Day prior to the Base Lease Commencement Date stating whether or not the Owner Participant intends to pay an amount equal to \$2,415,000.00 (the "Excess Payment Amount", subject to adjustment pursuant to the following paragraph) in full by 1:00 p.m., New York City time, on the Base Lease Commencement Date. The Owner Participant shall also have the right to reimburse the Lessee at any time for all or any portion of the Reimbursement Amount for which the Lessee has not received an offset pursuant to Section 3(f) of the Lease.

Although the amount of the Excess Payment Amount has been computed on the assumption that each Certificate will bear interest at the Assumed Debt Rate for such Certificate throughout the Interim Period, the Owner Participant and the Lessee recognize that the actual rate of interest on each Certificate may be a rate from time to time which may be greater or less than the Assumed Debt Rate for such Certificate and that the related basis upon

which interest on the Certificates will be computed will be as provided in the Trust Indenture. Accordingly, the Excess Payment Amount shall be increased or decreased (but not below zero), as the case may be, by an amount (the "Excess Payment Differential Amount") equal to, as of the Base Lease Commencement Date, the difference between (i) the aggregate amount of interest actually due and payable on the Base Lease Commencement Date on the Certificates for the period from and including the Delivery Date to but excluding the Base Lease Commencement Date, determined as provided in the Trust Indenture, and (ii) the aggregate amount of interest on the Loan Certificates that would have been due and payable on the Base Lease Commencement Date if the outstanding principal amount of such Loan Certificates had borne interest at the Assumed Debt Rate for the period from and including the Delivery Date to but excluding the Base Lease Commencement Date. If, as of the Base Lease Commencement Date, the amount determined in accordance with clause (i) of the immediately preceding sentence shall be greater than the amount determined in accordance with clause (ii) of such sentence, the Excess Payment Amount shall be increased by the Excess Payment Differential Amount. If, as of the Base Lease Commencement Date, the amount determined in accordance with such clause (ii) shall be greater than the amount determined in accordance with such clause (i), the Excess Payment Amount shall be decreased by the Excess Payment Differential Amount. The interest actually accruing with respect to the Certificates shall be as specified by the notification to be delivered by the Original Loan Participant (whether or not it at the time holds any Loan Certificates) to each of the Owner Participant, the Owner Trustee, each other Loan Participant, the Indenture Trustee and the Lessee as provided in Section 1(c) hereof.

(b) The Owner Participant hereby unconditionally agrees with and for the benefit of the other parties to this Agreement that the Owner Participant will not directly or indirectly create, incur, assume or suffer to exist any Lessor's Liens on or against any part of the Trust Estate or the Aircraft arising out of any act or omission of or claim against the Owner Participant, and the Owner Participant agrees that it will, at its own cost and expense, take such action as may be necessary to duly discharge and satisfy in full any such Lessor's Lien (by bonding or otherwise, so long as Lessee's operation and use of the Aircraft is not impaired and the lien of the Indenture is not impaired). The Owner Participant hereby

agrees to indemnify and hold harmless the Lessee, the Indenture Trustee and each Loan Participant against any loss, cost or expense (including reasonable legal fees and expenses) which may be suffered or incurred by any of them as the result of the failure of the Owner Participant to discharge and satisfy any such Lessor's Lien. In addition, the Owner Participant agrees to indemnify, protect, save and keep harmless each Loan Participant from and against any reduction in the amount payable out of the Indenture Estate to such Loan Participant in respect of the Certificates held by such Loan Participant or any other loss, cost or expenses (including reasonable legal fees and expenses) incurred by such Loan Participant, as a result of the imposition or enforcement of, or the Owner Participant's failure to satisfy, any Lessor's Lien or claim against the Indenture Estate by any taxing authority because of the nonpayment by the Owner Participant of any Taxes imposed on or measured by the net income or revenues of the Owner Participant that are not required to be indemnified against by the Lessee.

(c) The Owner Participant shall not directly or indirectly assign, convey or otherwise transfer any of its right, title or interest in and to all or any part of this Agreement, the Tax Indemnity Agreement, the Trust Agreement, the Trust Estate, the Indenture Estate, the Purchase Agreement Assignment, the Purchase Agreement or any of the other Operative Documents except that the Owner Participant may assign, convey or otherwise transfer all (but not less than all) thereof if:

(i) (A) the Person to whom such transfer is made (the "Transferee") is a "citizen of the United States" within the meaning of Section 101(16) of the Federal Aviation Act (without the utilization of a voting trust agreement, voting powers agreement or similar arrangement by the Transferee or any Affiliate thereof unless the Owner Participant obtains the consent of the Lessee, which consent shall not be unreasonably withheld), and has the requisite power, authority and legal right to enter into and carry out the transactions contemplated hereby; (B) such conveyance does not violate any provisions of the Federal Aviation Act, the Securities Act of 1933, as amended (and no registration pursuant to such Act or the rules and regulations thereunder shall be required in connection with such conveyance), or any other applicable law, or create a relationship which

would be in violation thereof, or result in a "prohibited transaction" under ERISA or the Code; (C) the Transferee enters into an agreement or agreements, in form and substance reasonably satisfactory to the Lessee, the Owner Trustee and the Indenture Trustee (the "Assumption Agreement") for the benefit of the Lessee, the Owner Trustee and the Indenture Trustee, whereby the Transferee confirms that it shall be deemed a party to this Participation Agreement, the Trust Agreement, the Tax Indemnity Agreement and each other Operative Document to which the Owner Participant is a party, and the party named as the "Owner Participant" in the Trust Agreement, the Lease and the Trust Indenture and agrees to be bound by all of the terms of, and to undertake all of the obligations of the Owner Participant contained in, this Agreement, the Trust Agreement, the Tax Indemnity Agreement and each other Operative Document to which the Owner Participant is a party or by which the Owner Participant is bound, and in which the Transferee shall make representations and warranties substantially equivalent to those of the Owner Participant contained herein and, in the event such Transferee is a partnership, such additional documents and/or amendments to the Operative Documents (in form and substance reasonably satisfactory to the Lessee, the Owner Trustee and the Indenture Trustee) as the Lessee, the Owner Trustee or the Indenture Trustee may reasonably request; (D) after giving effect to such assignment, conveyance or transfer, there would be no more than one Owner Participant with respect to the Aircraft; (E) the Owner Participant shall deliver to the Owner Trustee, the Indenture Trustee (unless the lien of the Trust Indenture is discharged) and the Lessee an opinion of counsel (which shall be the general counsel of the Transferee or other counsel reasonably satisfactory to the Lessee and the Indenture Trustee), that the Assumption Agreement has been duly authorized, executed and delivered by the Transferee and is enforceable against such Transferee in accordance with its terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally or by general principles of equity; (F) the Owner Participant shall deliver to the Owner Trustee, the Indenture Trustee (unless the lien of the Trust Indenture is discharged) and the Lessee one or more

certificates of a duly authorized officer of the transferor and if necessary transferee Owner Participant concerning, when taken together, all of the matters contained in clauses (A) and (D) of this paragraph (i) and (except in connection with any such assignment, transfer or conveyance to a direct or indirect wholly-owned subsidiary of American Telephone and Telegraph Company) an opinion delivered by counsel of the type referred to in clause (E) to the effect that such transfer complies with the provisions of clauses (A) (except as to citizenship), (B) and (D) of this paragraph (i); and (G) the transferor and/or transferee Owner Participant assumes by an instrument in form and substance reasonably satisfactory to the Lessee and the Indenture Trustee the risk of any adverse tax consequences to any Tax Indemnitee resulting from such conveyance; and

(ii) either (A) the Transferee is a bank or lending institution with a combined capital and surplus of at least \$75,000,000, or is a corporation or domestic partnership with net worth of at least \$75,000,000, exclusive of goodwill, all of the foregoing determined in accordance with generally accepted accounting principles (hereinafter referred to as a "Qualifying Institution"), or (B) if the Transferee is not itself a Qualifying Institution, a parent corporation of the Transferee which qualifies as a Qualifying Institution shall have executed and delivered to the Owner Trustee, the Indenture Trustee (unless the lien of the Trust Indenture is discharged) and the Lessee an absolute and unconditional guaranty, in form and substance satisfactory to the Lessee and the Indenture Trustee, with respect to the obligations of the Transferee as the Owner Participant assumed by the Transferee under the Assumption Agreement referred to above, and the Transferee shall deliver to the Indenture Trustee (unless the lien of the Trust Indenture is discharged), the Owner Trustee and the Lessee an opinion of counsel (which shall be the general counsel of the Qualifying Institution providing such guaranty or other counsel reasonably satisfactory to the Lessee and the Indenture Trustee) that such guaranty is enforceable against the guarantor in accordance with its terms.

In the event that the Owner Participant is neither American Telephone and Telegraph Company, AT&T

Credit Corporation nor any other Affiliate of American Telephone and Telegraph Company, any transfer by direct sale, consolidation, merger or otherwise of 50% or more of the capital stock of the Owner Participant (including, for this purpose, any such transfer of the capital stock of any one of its direct or indirect parent companies or other parent entities, other than its ultimate parent entity) (any such transfer being referred to as a "Change in Control") shall be deemed to be a conveyance by such Owner Participant of its interests in the transactions contemplated by this Agreement subject to this Section 16(c), and accordingly no such Change in Control shall take place without the Lessee's consent unless it satisfies the terms and conditions set forth in this Section 16(c), including without limitation those set forth in paragraphs (i) and (ii) above; provided that no such transfer of the capital stock of an Owner Participant that is American Telephone and Telegraph Company, AT&T Credit Corporation or any other Affiliate of American Telephone and Telegraph Company (or any of the direct or indirect parent companies or other parent entities of any thereof) shall be prohibited by or subject to the terms of this Section 16(c). Notwithstanding the foregoing sentence, if (x) the obligations of such Owner Participant were guaranteed at the time such Owner Participant became the Owner Participant hereunder by a parent entity that was at such time a Qualifying Institution (the "Parent Guarantor"), and (y) following a Change in Control, the Transferee remains both a member of the controlled or consolidated group of companies of which the Parent Guarantor is a part and a subsidiary of the Parent Guarantor, such Transferee shall comply with the conditions set forth in paragraph (i) above, but shall not be required to satisfy the conditions set forth in paragraph (ii) above; provided that such guaranty of the Parent Guarantor is amended to remain in full force and effect in respect of the Transferee and the Transferee delivers to the Indenture Trustee (unless the lien of the Trust Indenture is discharged), the Owner Trustee and the Lessee an opinion of counsel (which shall be the general counsel of the Parent Guarantor or other counsel reasonably satisfactory to the Lessee) in form and substance satisfactory to the Lessee and the Owner Trustee as to the continued legality, validity and enforceability of such guaranty.

Notwithstanding the foregoing, so long as the Lease is in effect, there shall not be more than five transfers (not including any transfer to any Affiliate of

American Telephone and Telegraph Company) by the Owner Participant (including its successors and permitted assigns) pursuant to this Section 16(c) without the prior written consent of the Lessee, such consent not to be unreasonably withheld. Any fees, charges and expenses incurred by the Owner Trustee, the Indenture Trustee or the Lessee in connection with any transfer pursuant to this Section 16(c), including, without limitation the out-of-pocket expenses of the Lessee and reasonable legal fees and expenses, will be paid by the transferring Owner Participant and in no case will the Lessee be responsible for any such fees, charges or expenses. Without the consent of the Lessee, no transfer shall be permitted pursuant to this Section 16(c) to a Transferee that is (i) an airline or other commercial operator of aircraft that is a competitor of the Lessee or any of its Affiliates or (ii) a corporation or other entity that is an Affiliate of any such airline or other commercial operator of aircraft.

Upon any such conveyance by the Owner Participant to a Transferee permitted by this Section 16(c), the Transferee shall be deemed the "Owner Participant" for all purposes hereof (unless the context is inappropriate) and shall be deemed to have made all the investments in beneficial ownership of the Aircraft previously made by the Owner Participant in respect of the right, title and interest so conveyed; and each reference in this Agreement, the Trust Agreement, the Lease, the Tax Indemnity Agreement, the Trust Indenture and the other Operative Documents to the Owner Participant making the transfer shall thereafter be deemed a reference to the Transferee as the Owner Participant (unless the context is inappropriate). Upon any such conveyance by the Owner Participant to a Transferee permitted by the foregoing provisions of this Section 16(c), the transferor Owner Participant shall be relieved of all of its liabilities and obligations hereunder and under the Trust Agreement to the extent of the interest so transferred, provided that in no event will any such conveyance release the transferor Owner Participant from any liability to the extent caused by any breach existing at the time of such conveyance by the Owner Participant of any of its representations, warranties, covenants or obligations contained herein or in the Trust Agreement. If the Owner Participant proposes to transfer its interests pursuant to this Section 16(c), it shall give 20 days' (or, in the case of a transfer where the Transferee is an Affiliate of the Owner Par-

ticipant making the transfer, 10 days') prior written notice thereof to the Owner Trustee, the Indenture Trustee and the Lessee, specifying the name and address of the transferee and specifying the facts necessary to determine whether the conditions of this Section 16(c) have been or shall be satisfied.

SECTION 17. Optional Redemption of Certificates. (a) So long as no Event of Default shall have occurred and be continuing, the Lessee shall have the right to request the Owner Participant and the Owner Trustee to effect an optional redemption of all of the Certificates (the "Outstanding Certificates") (such term to include the Certificates originally issued under the Trust Indenture and any refunding indebtedness issued pursuant to this Section 17 or Section 20) pursuant to the Trust Indenture as part of a refunding or refinancing operation. Promptly on receipt of such request, the Owner Participant will negotiate promptly in good faith to conclude an agreement with the Lessee as to the terms of such refunding or refinancing operation and upon such agreement:

(i) the Lessee, the Owner Participant, the Indenture Trustee, the Owner Trustee, and any other appropriate parties will enter into a financing or loan agreement (which may involve an underwriting agreement in connection with a public offering; provided, however, that in the case of a refunding or refinancing involving a public offering of debt securities, the Lessee shall have the right to purchase such debt securities and apply such debt securities as a credit against its obligations to pay Rent to the extent permitted by the Tax Indemnity Agreement) providing for (x) the issuance and sale by the Owner Trustee or such other party as may be appropriate to such institution or institutions on the date specified in such agreement (for the purposes of this Section 17, the "Refunding Date") of United States Dollar-denominated debt securities in an aggregate principal amount equal to the sum of the principal amount of the Outstanding Certificates on the Refunding Date and, subject to clause (w) of Section 17(a)(ii), all interest accrued thereon to the Refunding Date and (y) the application of the proceeds of the sale of such debt securities to the redemption of all such Certificates on the Refunding Date;

(ii) the Lessee and the Owner Trustee will amend the Lease such that (w) if the Refunding Date is not a Lease Period Date, the Lessee shall on the Refunding Date prepay that portion of the next succeeding installment of Basic Rent as shall equal the aggregate interest accrued on the Outstanding Certificates to the Refunding Date in the event that such interest is not financed through the issuance of debt securities on the Refunding Date (provided that if the Refunding Date occurs on or prior to the Base Lease Commencement Date, the Owner Participant may, pursuant to Section 16(a) hereof on the Refunding Date prepay the Excess Payment Amount), (x) Basic Rent payable in respect of the period from and after the Refunding Date shall be recalculated to preserve the Owner Participant's Net Economic Return (or, in the case of any recalculation hereunder subsequent to any Section 20 Refinancing, the Owner Participant's Revised Net Economic Return), (y) amounts payable in respect of Stipulated Loss Value and Termination Value from and after the Refunding Date shall be appropriately recalculated to preserve the Owner Participant's Net Economic Return (or, in the case of any recalculation hereunder subsequent to the Section 20 Refinancing, the Owner Participant's Revised Net Economic Return) and (z) the Special Purchase Price and the Special Purchase Option Date shall be recalculated as provided in Section 18;

(iii) the Owner Trustee will enter into an agreement to provide for the securing thereunder of the debt securities issued by the Owner Trustee pursuant to clause (a) of this Section 17 in like manner as the Certificates issuable under the Trust Indenture and/or will enter into such amendments and supplements to the Trust Indenture as may be necessary to effect such refunding or refinancing, provided that no such amendment or supplement will materially increase the liabilities of or impair the rights of the Owner Participant under the Operative Documents without the consent of the Owner Participant; and

(iv) unless otherwise agreed by the Owner Participant, the Lessee shall pay as Supplemental Rent on an After-Tax Basis all reasonable fees, costs, and expenses of such refunding or refinancing;

provided, however, that (w) there shall be no more than two such refundings or refinancings (not including the Section 20 Refinancing), (x) if within 15 days after receipt of a request from the Lessee to effect a refunding or refinancing pursuant to this Section 17, which request specifies the proposed structural terms and the amount thereof, the Owner Participant provides the Lessee with a written notice to the effect that there will be a risk of adverse tax consequences to the Owner Participant resulting from the refunding or refinancing and, if then requested by the Lessee in writing, within 15 days after receipt of such request, the Owner Participant provides the Lessee with a written opinion of independent tax counsel selected by the Owner Participant and reasonably acceptable to the Lessee to the effect that there will be a risk of such adverse tax consequences to the Owner Participant resulting from the refunding or refinancing (other than the consequence that the refinanced loan constitutes "qualified nonrecourse indebtedness" within the meaning of Temporary Regulations Section 1.861-10T(b) for the purpose of the computation of the FSC Benefits (as defined in the Tax Indemnity Agreement)), then the Owner Trustee and the Owner Participant shall be required to effect such refunding or refinancing only if the Lessee shall have agreed to indemnify the Owner Participant against such identified adverse tax consequences in a manner reasonably satisfactory to the Owner Participant; provided, however, the parties agree that in the absence of a change in applicable laws, regulations, revenue rulings, revenue procedures or judicial precedents enacted, adopted or decided after the Delivery Date, a refinancing or refunding will not be deemed for this purpose to result in a risk of the Owner Participant not being considered the owner of the Aircraft, Airframe, any Engine or any Part for Federal or other income tax purposes, (y) no such refinancing or refunding shall require an increase in the amount of the Owner Participant's investment in the beneficial ownership of the Aircraft or shall cause the ratio of the newly issued debt to the Owner Participant's then outstanding investment in the Aircraft to be more than 4 to 1 and (z) except with respect to matters relating to taxes, no such refunding or refinancing will materially increase the liabilities of or impair the rights of the Owner Participant. In addition, if any such refunding or refinancing occurs after the Section 20 Refinancing, neither the refunding or refinancing, nor any related adjustment of Basic Rent, shall increase or decrease the periodic earnings (as defined in

Statement of Financial Accounting Standards No. 13 issued by the Financial Accounting Standards Board) of the Owner Participant for any calendar year in the period (if any) from the date of such refunding or refinancing to December 31, 1998 each by an amount greater than 10% of the amount of earnings expected for each such calendar year immediately prior to such refunding or refinancing.

(b) The Certificates, and any other debt instruments issued in connection with any refunding or refinancing operation permitted by this Section 17, shall not be subject to optional redemption by the Owner Trustee without the consent of the Lessee (except as provided in Section 2.13 of the Trust Indenture).

SECTION 18. Calculation of Adjustments to Basic Rent, Stipulated Loss Value, Termination Value, etc.; Confirmation and Verification. (a) Calculation of Adjustments. In the event that (A) the expenses paid by the Owner Participant pursuant to Section 9(a) hereof (except for any expenses paid or payable to any financial advisor to the Owner Participant) and such other expenses as the Lessee shall expressly agree in writing shall be deemed to be "Transaction Costs" (collectively, the "Transaction Costs") are less or more than 0.5% of Lessor's Cost, or (B) prior to the acceptance of the Aircraft on the Delivery Date: (1) there shall have occurred a Change in Tax Law and (2) after having been advised in writing by the Owner Participant of such Change in Tax Law and the proposed adjustment to the payments of Basic Rent resulting therefrom, Lessee shall have waived its right under Section 11 hereof to decline to proceed with the transaction, or (C) a refinancing or refunding as contemplated by Section 17 hereof occurs (it being understood that if the Refunding Date occurs on or prior to the Base Lease Commencement Date, any recalculations pursuant to this clause (C) shall take into account any prepayment by the Owner Participant on such Refunding Date of the Excess Payment Amount pursuant to Section 16(a) hereof under clause (w) of Section 17(a)(ii) hereof or under clause (w) of Section 20(a)(ii) hereof), or (D) the Delivery Date is other than August 11, 1992, or (E) if the Certificates are not refunded or refinanced on or prior to the Base Lease Commencement Date, the Excess Payment Amount (after adjustment for any Excess Payment Differential Amount) is other than \$2,415,000.00, then, in each case, the Owner Participant shall recalculate the payments of Basic Rent and Stipulated Loss Values, Termination Values and the

Excess Payment Amount with respect to the Term (i) to preserve the Owner Participant's Net Economic Return (or, in the case of any recalculation hereunder subsequent to the Section 20 Refinancing, the Owner Participant's Revised Net Economic Return) and (ii) to minimize to the greatest extent possible, consistent with the foregoing clause (i), the present value (discounted semiannually at an interest rate per annum to be supplied by the Lessee) of the payments of Basic Rent. In addition, in the event of a refinancing or refunding referred to in clause (C) of the preceding sentence, the Special Purchase Price Percentage and the Special Purchase Option Date shall be recalculated in a manner consistent with the procedures specified in the second sentence of Section 20(c). In performing any such recalculations, the Owner Participant shall utilize the same methods and assumptions originally used to calculate the payments of Basic Rent, Stipulated Loss Values, Termination Values and Special Purchase Price Percentage with respect to the Term (or, in the case of any recalculation hereunder subsequent to the Section 20 Refinancing, the same methods and assumptions originally used by the original Owner Participant in the calculation of the alternate schedules referred to in the definition of the Owner Participant's Revised Net Economic Return and the Special Purchase Price Percentage and held in escrow by Sidley & Austin pursuant to Section 18(d)) (in each case as such assumptions may be changed as a result of the event described in clause (A), (B), (C) or (D) of the second preceding sentence necessitating such recalculation or due to the prior occurrence of any such event or the prior occurrence of the Section 20 Refinancing); provided that, Basic Rent, as so recomputed, shall comply with the requirements of Sections 4.02(5) and 4.07(1) of Revenue Procedure 75-28, 1975-1 C.B. 752, and shall not present a greater risk that Section 467(b)(2) of the Code would apply than the risk that Section 467(b)(2) applied prior to such recomputation, it being agreed that the requirements of clause (i) of Section 5.01 of Rev. Proc. 75-21, 1975-1 C.B. 715, shall be applied on a prospective basis.

(b) Confirmation and Verification. Upon completion of any recalculation described above in Section 18(a), a duly authorized officer of the Owner Participant shall provide a certificate to the Lessee either (x) stating that the payments of Basic Rent, Stipulated Loss Values and Termination Values with respect to the Term and, in the case of the second sentence of Section 18(a), the Special Purchase Price Percentage as are

then applicable do not require change, or (y) setting forth such adjustments to the payments of Basic Rent, Stipulated Loss Values or Termination Values with respect to the Term and, in the case of the second sentence of Section 18(a), the Special Purchase Price Percentage as have been calculated by the Owner Participant in accordance with Section 18(a) above and Section 3(e) of the Lease. Such certificate shall describe in reasonable detail the basis for any such adjustments. If the Lessee shall so request, the recalculation of any such adjustments described in this Section 18 shall be verified by a nationally recognized firm of independent public accountants jointly selected by the Lessee and the Owner Participant (provided that such firm of independent public accountants shall not be regularly retained by either the Lessee or the Owner Participant). A representative of such firm shall be shown, on a confidential basis, the original assumptions used by the Owner Participant and held in escrow by Sidley & Austin pursuant to Section 18(d) and the methods used by the Owner Participant in the original calculation of, and any recalculation of, Basic Rent, Stipulated Loss Values and Termination Values and, in the case of the second sentence of Section 18(a), the Special Purchase Price Percentage (or, in the case of any recalculation hereunder subsequent to the Section 20 Refinancing, the same methods and assumptions originally used by the original Owner Participant in the calculation of the alternate schedules referred to in the definition of the Owner Participant's Revised Net Economic Return and the Special Purchase Price Percentage held in escrow by Sidley & Austin pursuant to Section 18(d)). The reasonable costs of such verification shall be borne by the Lessee, unless as a result of such verification process the payments of Basic Rent are adjusted and such adjustment causes (i) the present value of the payments of Basic Rent, discounted semi-annually at the Assumed Debt Rate, to decline by five basis points or more from the present value of the payments of Basic Rent, discounted semi-annually at the Assumed Debt Rate, certified by the Owner Participant pursuant to this Section 18(b) or (ii) any Stipulated Loss Value or Termination Value percentage or, in the case of the second sentence of Section 18(a), the Special Purchase Price Percentage, to be significantly below that certified by the Owner Participant pursuant to this Section 18(b), in which case the Owner Participant shall be responsible for the reasonable costs of such verification. In connection with any adjustment pursuant to this Section 18 or Section 20, the

Owner Participant, the Lessee, the Owner Trustee and the Indenture Trustee shall enter into an appropriately revised Rent Schedule.

(c) Payment of Debt Service. No adjustment may be made to the payments of Basic Rent or to Stipulated Loss Values or Termination Values with respect to the Term, unless (i) each installment of Basic Rent (or, in the case of the Base Lease Commencement Date, the Excess Payment Amount), as so adjusted, under any circumstances and in any event, will be in an amount at least sufficient for the Owner Trustee to pay in full as of the due date of such installment any payment of principal or interest on the Certificates required to be paid on the due date of such installment of Basic Rent (or on the Base Lease Commencement Date, as the case may be) and (ii) Stipulated Loss Value and Termination Value, as so adjusted, under any circumstances and in any event, will be an amount which, together with any other amounts required to be paid by the Lessee under the Lease in connection with an Event of Loss or a termination of the Lease, as the case may be, will be at least sufficient to pay in full, as of the date of payment thereof, the aggregate unpaid principal of and all unpaid interest on the Certificates accrued to the date on which Stipulated Loss Value or Termination Value, as the case may be, is paid in accordance with the terms of the Lease.

(d) Escrow. The Owner Participant agrees to place in escrow with Sidley & Austin, and to cause Sidley & Austin to retain, (i) the assumptions and methods utilized by the Owner Participant in the calculation of the schedules of Basic Rent, Termination Value and Stipulated Loss Value referred to the definition of the Owner Participant's Net Economic Return, and in the calculation of the Special Purchase Price Percentage as of the Delivery Date, (ii) the assumptions and methods utilized by the Owner Participant in the calculation of the alternate schedules of Basic Rent, Termination Value and Stipulated Loss Value referred to in the definition of the Owner Participant's Revised Net Economic Return, together with such alternate schedules, and the Special Purchase Price Percentage applicable to a lease financing accomplished pursuant to such alternate schedules (calculated to preserve the Special Purchase Price Yield to the applicable Special Purchase Option Date in accordance with the methodology described in the second sentence to Section 20(c)), copies of which alternate schedules and such

Special Purchase Price Percentage have been provided to the Lessee, and (iii) any adjustments made to any of the assumptions referred to in clause (i) or (ii) of this sentence to take into account the effect of any change of the type specified in Section 3(e) of the Lease which theretofore has resulted in an adjustment of the percentages of Basic Rent, Stipulated Loss Value, Termination Value or Special Purchase Price Percentage. In connection with the foregoing, the Owner Participant will provide Sidley & Austin with such supporting documents and materials, and access to such computer programs and/or software, as would be complete and sufficient, without more, to enable the verification, as contemplated by Section 18(b), of any calculations made by the Owner Participant under this Section 18 or Section 20.

SECTION 19. Concerning the Owner Trustee. Wilmington Trust Company is entering into this Agreement solely in its capacity as Owner Trustee under the Trust Agreement and not in its individual capacity (except as expressly stated herein) and in no case shall Wilmington Trust Company (or any entity acting as successor Owner Trustee under the Trust Agreement) be personally liable for or on account of any of the statements, representations, warranties, covenants or obligations stated to be those of the Owner Trustee hereunder, provided, however, that Wilmington Trust Company (or any such successor Owner Trustee) shall be personally liable hereunder for its own gross negligence or willful misconduct or for its breach of its covenants, representations and warranties contained herein, to the extent covenanted or made in its individual capacity.

SECTION 20. Section 20 Refinancing. (a) In addition to the provisions set forth in Section 17, whether or not a refunding or refinancing pursuant to such Section 17 shall have previously occurred, and with regard to the role of Credit (as defined in the Tax Indemnity Agreement) in the transactions contemplated by the Operative Agreements, at any time the Lessee shall have the right to request the Owner Participant and the Owner Trustee to effect an optional redemption of all of the Outstanding Certificates as part of a refunding or refinancing operation with refinancing indebtedness with respect to which the refinancing indebtedness has a final maturity date of at least six months after the final maturity date of the Outstanding Certificates and has a weighted average life to maturity at least 90 days longer

than the remaining weighted average life to maturity of the Outstanding Certificates (such refinancing hereinafter referred to as the "Section 20 Refinancing"). Promptly on receipt of such request (which request shall specifically designate such refinancing as the Section 20 Refinancing), the Owner Participant will, in good faith, use all reasonable efforts to conclude an agreement with the Lessee as to the terms of such Section 20 Refinancing and upon such agreement:

(i) the Lessee, the Owner Participant, the Indenture Trustee, the Owner Trustee, and any other appropriate parties will enter into a financing or loan agreement (which may involve an underwriting agreement in connection with a public offering; provided, however, that in the case of a refunding or refinancing involving a public offering of debt securities, the Lessee shall have the right to purchase such debt securities and apply such debt securities as a credit against its obligations to pay Rent to the extent permitted by the Tax Indemnity Agreement) providing for (x) the issuance and sale by the Owner Trustee or such other party as may be appropriate to such institution or institutions on the date specified in such agreement (for the purposes of this Section 20, the "Section 20 Refunding Date") of United States Dollar-denominated debt securities in an aggregate principal amount at least equal to the principal amount of the Outstanding Certificates on the Section 20 Refunding Date and, subject to clause (w) of Section 20(a)(ii), all interest accrued thereon to the Section 20 Refunding Date and (y) the application of the proceeds of the sale of such debt securities to the redemption of all such Certificates on the Section 20 Refunding Date;

(ii) the Lessee and the Owner Trustee will amend the Lease such that (w) if the Section 20 Refunding Date is not a Lease Period Date, the Lessee shall on the Section 20 Refunding Date prepay that portion of the next succeeding installment of Basic Rent as shall equal the aggregate interest accrued on the Outstanding Certificates to the Section 20 Refunding Date in the event that such interest is not financed through the issuance of debt securities on the Section 20 Refunding Date, provided that if the Section 20 Refunding Date occurs on or prior to the Base Lease Commencement Date, the Owner Participant

may, pursuant to Section 16(a), prepay the Excess Payment Amount or such portion thereof on the Section 20 Refunding Date as the Lessee and the Owner Participant shall agree is advisable in order to optimize the revised rental schedules to be calculated pursuant to Section 20(c), (x) Basic Rent payable in respect of the period from and after the Section 20 Refunding Date shall be recalculated pursuant to Section 20(c) to preserve the Owner Participant's Revised Net Economic Return, (y) amounts payable in respect of Stipulated Loss Value and Termination Value from and after the Section 20 Refunding Date shall be appropriately recalculated pursuant to Section 20(c) to preserve the Owner Participant's Revised Net Economic Return and (z) the Special Purchase Price Percentage and the Special Purchase Option Date shall be recalculated pursuant to Section 20(c);

(iii) the Owner Trustee will enter into an agreement to provide for the securing thereunder of the debt securities issued by the Owner Trustee pursuant to clause (a) of this Section 20 in like manner as the Certificates issuable under the Trust Indenture and/or will enter into such amendments and supplements to the Trust Indenture as may be necessary to effect such refunding or refinancing; and

(iv) unless otherwise agreed by the Owner Participant, the Lessee shall pay as Supplemental Rent on an After-Tax Basis all reasonable fees, costs, and expenses of such refunding or refinancing;

provided, however, that if within 15 days after receipt of a request from the Lessee to effect the Section 20 Refinancing, which request specifies the proposed structural terms of such refinancing and the amount of refinancing indebtedness, the Owner Participant provides the Lessee with a written notice to the effect that there will be a risk of adverse tax consequences to the Owner Participant resulting from the Section 20 Refinancing and, if then requested by the Lessee in writing, within 15 days after receipt of such request, the Owner Participant provides the Lessee with a written opinion of independent tax counsel selected by the Owner Participant and reasonably acceptable to the Lessee to the effect that there will be a risk of such adverse tax consequences to the Owner Participant resulting from the Section 20 Refinancing

(other than the consequence that the refinanced loan constitutes "qualified nonrecourse indebtedness" within the meaning of Temporary Regulations Section 1.861-10T(b) for the purpose of the computation of the FSC Benefits (as defined in the Tax Indemnity Agreement)), then the Owner Trustee and the Owner Participant shall be required to effect the Section 20 Refinancing only if the Lessee shall have agreed to indemnify the Owner Participant against such identified adverse tax consequences in a manner reasonably satisfactory to the Owner Participant; provided, however, the parties agree that in the absence of a change in applicable laws, regulations, revenue rulings, revenue procedures or judicial precedents enacted, adopted or decided after the Delivery Date, the Section 20 Refinancing will not be deemed for this purpose to result in a risk of the Owner Participant not being considered the owner of the Aircraft, Airframe, any Engine or any Part for Federal or other income tax purposes.

Each of the Owner Participant, the Owner Trustee, each Loan Participant and the Indenture Trustee agrees to use all reasonable efforts to facilitate the Section 20 Refinancing, including, without limitation, by making such modifications to, or entering into such amendments and supplements to, the Operative Documents as may be appropriate or necessary to effect the Section 20 Refinancing.

(b) The Section 20 Refinancing shall not constitute a refunding or refinancing for the purposes of Section 17. Any debt instruments issued in connection with the Section 20 Refinancing shall not be subject to optional redemption by the Owner Trustee without the consent of the Lessee (except as provided in Section 2.13 of the Trust Indenture).

(c) In connection with the Section 20 Refinancing, the Owner Participant shall recalculate the payments of Basic Rent, Stipulated Loss Values and Termination Values with respect to the Term and, if the Section 20 Refunding Date occurs on or prior to the Base Lease Commencement Date, the Excess Payment Amount payable pursuant to Section 16(a) hereof (such recalculation of the Excess Payment Amount to take into account any prepayment by the Owner Participant on such Section 20 Refunding Date of all or part of the Excess Payment Amount under clause (w) of Section 20(a)(ii)), (i) to achieve the Owner Participant's Revised Net Economic Return, and (ii) to minimize, to the greatest extent possible consistent with the foregoing

clause (i), the present value (discounted semiannually at an interest rate per annum to be supplied by the Lessee) of the payments of Basic Rent. In addition, in such event, the Special Purchase Price Percentage shall be recalculated in order to preserve the Special Purchase Price Yield to the Special Purchase Option Date of August 11, 2012; provided that the Special Purchase Price Percentage for the Special Purchase Option Date, as so adjusted, shall not be less than 56.9%. Notwithstanding the foregoing, the Owner Participant, the Owner Trustee and the Lessee agree that, at the Lessee's option, the Lessee may request that the Special Purchase Option Date be changed (and that the Special Purchase Price Percentage be recalculated as of such changed date) to whichever of the four Lease Period Dates preceding the Special Purchase Option Date or the two Lease Period Dates following the Special Purchase Option Date (each, an "Alternate Special Purchase Option Date") would result in the lowest possible sum of (1) the present value (discounted semiannually at an interest rate per annum to be supplied by the Lessee) of the payments of Basic Rent for the period from the Section 20 Refunding Date to and including the applicable Alternate Special Purchase Option Date (but excluding any Basic Rent designated as payable in advance on such Alternate Special Purchase Option Date) and (2) the present value (discounted semiannually at an interest rate per annum to be supplied by the Lessee) of the Special Purchase Price as of such Alternate Special Purchase Option Date, and that, if necessary, the Lease shall be amended to reflect the change in the Special Purchase Option Date from August 11, 2012 to whichever of the Alternate Special Purchase Option Dates as would give rise to the lowest such sum; provided that upon any such request by the Lessee to change the Special Purchase Option Date to an Alternate Special Purchase Option Date, the Owner Participant shall, at its cost and expense, obtain an estimate of the fair market value (taking into account a reasonable estimate for inflation and deflation) of the Aircraft, as of any Alternate Special Purchase Option Dates specified by the Lessee, from BK Associates, Inc. or, if BK Associates, Inc. shall not then be an independent aircraft appraiser, from an independent aircraft appraiser selected by mutual agreement of the Owner Participant and the Lessee or, if they shall be unable to agree, from an appraiser selected pursuant to an Independent Appraisal (except that all costs and expenses of such appraiser shall be borne by the Owner Participant) and, if the estimated fair market value of the Aircraft determined

by such appraiser (expressed as a percentage of Lessor's Cost) is more than the Special Purchase Price Percentage calculated for the Alternate Special Purchase Option Date as provided above in this sentence to which the Lessee has requested the Special Purchase Option Date be changed, the Special Purchase Option Date shall remain unchanged and the Special Purchase Price Percentage shall be the percentage determined in accordance with the preceding sentence, unless the Lessee elects that the Special Purchase Price Percentage as of such Alternate Special Purchase Option Date shall be equal to such estimated fair market value (computed as a percentage of Lessor's Cost), in which case the Lease shall be amended to reflect such Alternate Special Purchase Option Date. In performing any such recalculations in respect of Basic Rent, Stipulated Loss Value and Termination Value, the Owner Participant shall utilize the same methods and assumptions originally used to calculate the alternate schedules of Basic Rent, Stipulated Loss Values and Termination Values referred to in the definition of the Owner Participant's Revised Net Economic Return and in performing any such recalculations in respect of the Special Purchase Price Percentage, the Owner Participant shall, subject to the proviso to the preceding sentence, utilize the same methods and assumptions originally used to calculate the Special Purchase Price Percentage held in escrow by Sidley & Austin pursuant to Section 18(d) (other than, in each case, those assumptions changed as a result of the Section 20 Refinancing; it being agreed that such recalculation shall reflect solely any changes of assumptions or facts resulting directly from such Section 20 Refinancing or due to the prior occurrence of any event taken into account in a recalculation pursuant to Section 18), provided that, Basic Rent, as so recomputed, shall comply with the requirements of Sections 4.02(5) and 4.07(1) of Revenue Procedure 75-28, 1975-1 C.B. 752, and shall not present a greater risk that Section 467(b)(2) of the Code would apply than the risk that Section 467(b)(2) applied prior to such recomputation, it being agreed that the requirements of clause (i) of Section 5.01 of Rev. Proc. 75-21, 1975-1 C.B. 715, shall be applied on a prospective basis.

Upon completion of any recalculation described above in this Section 20(c), a duly authorized officer of the Owner Participant shall provide a certificate to the Lessee either (x) stating that the payments of Basic Rent, Stipulated Loss Values and Termination Values with respect to the Term, and the Special Purchase Price Percentage and

the Special Purchase Option Date, as are then set forth in the Lease do not require change, or (y) setting forth such adjustments to the payments of Basic Rent, Stipulated Loss Values or Termination Values with respect to the Term and the Special Purchase Price Percentage and the Special Purchase Option Date, as have been calculated by the Owner Participant in accordance with the above provisions. Such certificate shall describe in reasonable detail the basis for any such adjustments. If the Lessee shall so request, the recalculation of any such adjustments described in this Section 20 shall be verified by procedures substantially identical to the verification procedures set forth in Section 18(b). No adjustment may be made to the payments of Basic Rent, Stipulated Loss Values or Termination Values with respect to the Term pursuant to this Section 20 except in accordance with the provisions of Section 18(c).

Section 21. Miscellaneous. (a) Nothing contained in this Agreement, or in the Lease, the Trust Indenture, the Trust Agreement or the Tax Indemnity Agreement shall be construed as a guarantee by the Lessee of payments due pursuant to the Certificates or of the residual value or useful life of the Aircraft or any portion thereof.

(b) Any provision of this Agreement which is prohibited and unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. This Agreement may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute but one and the same instrument. Neither this Agreement nor any of the terms hereof may be terminated, amended, supplemented, waived or modified orally, but only by an instrument in writing signed by the party against which the enforcement of the termination, amendment, supplement, waiver or modification is sought. The section and paragraph headings in this Agreement and the index preceding this Agreement are for convenience of reference only and shall not modify, define, expand or limit any of the terms or provisions hereof and all references herein to numbered sec-

tions, unless otherwise indicated, are to sections of this Agreement.

(c) The terms of this Agreement shall be binding upon, and shall inure to the benefit of, the Lessee and, subject to the terms of Section 13(E) hereof, its successors and permitted assigns, the Indenture Trustee and its successors as Indenture Trustee under the Trust Indenture, the Owner Trustee and its successors as Owner Trustee under the Trust Agreement, the Owner Participant and, subject to the provisions of Section 16(c) hereof, its successors and permitted assigns, and the Original Loan Participant and, subject to the provisions of Section 9(p) hereof, the other Loan Participants. Until the Trust Indenture shall have been discharged pursuant to Section 10.01 thereof, all Basic Rent, Supplemental Rent, insurance proceeds (other than any insurance proceeds specified in Section 4.01(e)) and requisition, indemnity or other payments of any kind included in the Trust Estate (other than Excepted Property) shall be payable directly to the Indenture Trustee (and if any of the same are received by the Owner Trustee, such amounts shall upon receipt be paid over to the Indenture Trustee without deduction, set-off or adjustment of any kind) for distribution in accordance with the provisions of Article III of the Trust Indenture; provided, however, that any payments received by the Owner Trustee from (i) Lessee with respect to the Owner Trustee's fees and disbursements, or (ii) the Owner Participant pursuant to Article VII shall not be paid over to the Indenture Trustee but shall be retained by the Owner Trustee and applied toward the purpose for which such payments were made.

(b) Payments to the Owner Trustee; Other Parties. Any payment of the type referred to in paragraph (a) of this Section 4.01 (other than Excepted Property) received by the Owner Trustee, any payments received other than as specified in Section 4.01(d) or 4.01(e) and any other amounts received as part of the Trust Estate and for the application or distribution of which no provision is made herein, for or with respect to the Aircraft or otherwise (i) from the Indenture Trustee or (ii) from any Person, after the Trust Indenture shall have been discharged pursuant to Section 10.01 thereof, shall, subject to subsection (c) hereof, be distributed forthwith upon receipt by the Owner Trustee in the following order of priority: first, so much of such payment as shall be required to pay or reimburse the Owner Trustee for any fees or expenses not otherwise paid or reimbursed

Any such payment which would be required to be made to Lessee pursuant to the terms of the Lease or the Participation Agreement, but is not made due to the occurrence and continuation of a Lease Event of Default, shall be held and invested by the Owner Trustee pursuant to Section 25 of the Lease as further security for the obligations of Lessee under the Lease, and at such time as there shall not be continuing any Lease Event of Default, such payment shall be made to Lessee.

(d) Excepted Property. Any Excepted Property received by the Owner Trustee shall be paid by the Owner Trustee to the person to whom such Excepted Property is payable under the provisions of the Participation Agreement, the Tax Indemnity Agreement or the Lease.

(e) Insurance Proceeds. Any proceeds of any insurance for loss or damage to the Aircraft in excess of the Stipulated Loss Value for the Aircraft shall be paid to Lessee. Section 4.02. Method of Payments. The Owner Trustee shall make distributions or cause distributions to be made to (i) the Owner Participant pursuant to this Article IV by transferring by wire transfer in immediately available funds the amount to be distributed to such account or accounts of the Owner Participant as it may designate from time to time by written notice to the Owner

Trustee (and the Owner Trustee shall use reasonable efforts to cause such funds to be transferred by wire transfer on the same day as received, but in any case not later than the next succeeding Business Day), and (ii) the Indenture Trustee pursuant to this Article IV by paying the amount to be distributed to the Indenture Trustee in the manner specified in the Trust Indenture; provided, however, that the Owner Trustee shall invest overnight, for the benefit of the Owner Participant, in investments that would be permitted by Section 25 of the Lease (but only to the extent such investments are available and, if such investments are not available, then in such other investments available to the Owner Trustee which, after consultation with the Owner Participant, the Owner Participant shall direct) all funds not transferred by wire transfer on the same day as they were received. Notwithstanding the foregoing but subject always to the provisions of and lien created by the Trust Indenture, the Owner Trustee will, if so requested by the Owner Participant by written notice, pay any and all amounts payable by the Owner Trustee hereunder to the Owner Participant either (i) by crediting, or causing the Indenture Trustee to credit, such amount or amounts to an account or accounts maintained by the Owner Participant with the Owner Trustee in its individual capacity or with the Indenture Trustee, as the case may be, in immediately available funds, or (ii) by mailing, or causing the Indenture Trustee to mail, an official bank check or checks in such amount or amounts payable to the Owner Participant at such address as the Owner Participant shall have designated in writing to the Owner Trustee.

#### ARTICLE V

##### DUTIES OF THE OWNER TRUSTEE

Section 5.01. Notice of Event of Default. If the Owner Trustee shall have knowledge of a Lease Event of Default or an Indenture Event of Default (or an event that, with the passage of time or the giving of notice or both, would constitute a Lease Event of Default or an Indenture Event of Default), the Owner Trustee shall give to the Owner Participant and Lessee prompt telephonic or telex notice thereof followed by prompt confirmation thereof by certified mail, postage prepaid. Subject to the terms of Section 5.03, the Owner Trustee shall take such action or shall refrain from taking such action, not

inconsistent with the provisions of the Operative Documents, with respect to such Lease Event of Default or Indenture Event of Default or event as the Owner Trustee shall be directed in writing by the Owner Participant. For all purposes of this Trust Agreement and the Lease, the Owner Trustee shall not be deemed to have knowledge of a Lease Event of Default or an Indenture Event of Default or an event that, with the passage of time or the giving of notice or both, would constitute a Lease Event of Default or an Indenture Event of Default unless notified in writing thereof in the manner and at the address set forth in Section 11.05 or unless an officer in the Corporate Trust Administration of the Owner Trustee has actual knowledge thereof.

Section 5.02. Action Upon Instructions. Subject in all respects to the terms of Sections 5.01 and 5.03 and to the terms of the other Operative Documents, upon the written instructions at any time and from time to time of the Owner Participant, the Owner Trustee will take such of the following actions as may be specified in such instructions: (i) give such notice or direction or exercise such right, remedy or power hereunder or under any of the Operative Documents to which the Owner Trustee is a party, or in respect of all or any part of the Trust Estate, as shall be specified in such instructions; (ii) take such action to preserve or protect the Trust Estate (including the discharge of any liens or encumbrances) as may be specified in such instructions; (iii) approve as satisfactory to it all matters required by the terms of the Lease and the other Operative Documents to be satisfactory to the Owner Trustee, it being understood that without written instructions of the Owner Participant, the Owner Trustee shall not approve any such matter as satisfactory to it; and (iv) subject to the rights of Lessee under the Operative Documents, after the expiration or earlier termination of the Lease, convey all of the Owner Trustee's right, title and interest in and to the Aircraft for such amount, on such terms and to such purchaser or purchasers as shall be designated in such instructions, or lease the Aircraft on a net lease basis on such terms as shall be set forth in such instructions or deliver the Aircraft to the Owner Participant in accordance with such instructions. In the event that the Owner Trustee is unsure of the application of any provision of this Trust Agreement or any other agreement relating to the transactions contemplated hereby, the Owner Trustee

may request and rely upon instructions of the Owner Participant.

Section 5.03. Indemnification. The Owner Trustee shall not be required to take or refrain from taking any action under Section 5.01 or 5.02 (other than the giving of notices required of the Owner Trustee therein) unless the Owner Trustee shall have been indemnified by the Owner Participant, in manner and form satisfactory to the Owner Trustee, against any liability, cost or expense (including reasonable counsel fees and disbursements) which may be incurred in connection therewith; and, if the Owner Participant shall have directed the Owner Trustee to take or refrain from taking any such action, the Owner Participant agrees to furnish such indemnity as shall be required and, in addition (to the extent not otherwise paid pursuant to the Participation Agreement or the Lease), to pay the reasonable fees and charges of the Owner Trustee for the services performed or to be performed by it pursuant to such direction. The Owner Trustee shall not be required to take any action under Section 5.01 or 5.02 if the Owner Trustee shall reasonably determine, or shall have been advised by counsel, that such action is contrary to the terms of any of the Operative Documents to which the Owner Trustee is a party, or is otherwise contrary to law.

Section 5.04. No Duties Except as Specified in Trust Agreement or Instructions. The Owner Trustee shall not have any duty or obligation to manage, control, use, sell, dispose of or otherwise deal with the Aircraft or any other part of the Trust Estate, or otherwise to take or refrain from taking any action under, or in connection with any of the Operative Documents to which the Owner Trustee is a party, except as expressly required by the terms of any of the Operative Documents to which the Owner Trustee is a party, or (to the extent not inconsistent with the provisions of the Trust Indenture) as expressly provided by the terms hereof or in written instructions from the Owner Participant received pursuant to the terms of Section 5.01 or 5.02, and no implied duties or obligations shall be read into this Trust Agreement against the Owner Trustee. The Owner Trustee nevertheless agrees that it will, in its individual capacity and at its own cost and expense (but without any right of indemnity in respect of any such cost or expense under Section 7.01) promptly take such action as may be necessary duly to discharge and satisfy in full (i) all Lessor's Liens attributable to the

Owner Trustee in its individual capacity, (ii) any Liens (other than Lessor's Liens attributable to it in its individual capacity) created as a result of its breach of any of its obligations under this Trust Agreement (subject to the limitations on the liability of the Owner Trustee in its individual capacity set forth in Section 6.01) on any part of the Trust Estate, or on any properties of the Owner Trustee assigned, pledged or mortgaged as part of the Trust Estate, which arise from acts of the Owner Trustee in its individual capacity, except the lien created under the Trust Indenture, the rights of Lessee under the Lease and the rights of the Owner Participant hereunder, and (iii) any other liens or encumbrances attributable to the Owner Trustee in its individual capacity on any part of the Trust Estate which result from claims against the Owner Trustee in its individual capacity unrelated to the ownership of the Aircraft, the administration of the Trust Estate or the transactions contemplated by the Operative Documents.

Section 5.05. No Action Except Under Specified Documents or Instructions. The Owner Trustee shall have no power or authority to, and the Owner Trustee agrees that it will not, manage, control, use, sell, dispose of or otherwise deal with the Aircraft or any other part of the Trust Estate except (i) as expressly required by the terms of any of the Operative Documents to which the Owner Trustee is a party, (ii) as expressly provided by the terms hereof, or (iii) as expressly provided in written instructions from the Owner Participant pursuant to Section 5.01 or 5.02, but subject always to the provisions of, and the lien created by, the Trust Indenture.

#### ARTICLE VI

##### THE OWNER TRUSTEE

Section 6.01. Acceptance of Trusts and Duties. The Owner Trustee in its individual capacity accepts the trusts hereby created and agrees to perform the same but only upon the terms hereof applicable to it. The Owner Trustee in its individual capacity also agrees to receive and disburse all monies received by it constituting part of the Trust Estate upon the terms hereof. The Owner Trustee, in its individual capacity, shall not be answerable or accountable under any circumstances, except for (i) its own willful misconduct or gross negligence,

(ii) its performance of the terms of the last sentence of Section 5.04, (iii) its failure to use ordinary care in receiving or disbursing funds, (iv) liabilities that may result from the inaccuracy of any representation or warranty of the Owner Trustee in its individual capacity (or from the failure by the Owner Trustee in its individual capacity to perform any covenant made in its individual capacity) in Section 6.03, or in any of the Operative Documents to which the Owner Trustee is a party, and (v) taxes, fees or other charges on, based on or measured by any fees, commissions or other compensation received by the Owner Trustee as compensation for its services rendered as the Owner Trustee; provided, however, that the failure to act or perform in the absence of instructions after the Owner Trustee has requested instructions from the Owner Participant pursuant to the last sentence of Section 5.02 shall not constitute willful misconduct or gross negligence for purposes of clause (i) of this Section 6.01.

Section 6.02. Absence of Certain Duties. Except in accordance with written instructions furnished pursuant to Section 5.01, 5.02 and except as provided in, and without limiting the generality of, Section 5.04 and the last sentence of Section 9.01(b), the Owner Trustee shall have no duty (i) to see to any registration of the Aircraft or any recording or filing of the Lease, this Trust Agreement, the Trust Indenture or of any supplement to any thereof or to see to the maintenance of any such registration, rerecording or refiling, except that the Owner Trustee shall notify the Federal Aviation Administration of changes in its mailing address pursuant to 14 C.F.R. Section 47.45 and the Owner Trustee shall (x) take such other action as may be required of the Owner Trustee to maintain the registration of the Aircraft in the name of the Owner Trustee under the Federal Aviation Act or, to the extent the Aircraft is registered in a country other than the United States pursuant to Section 7 of the Lease, other applicable law and (y) to the extent that information for that purpose is supplied by Lessee pursuant to any of the Operative Documents, complete and timely submit any and all reports relating to the Aircraft which may from time to time be required by the Federal Aviation Administration or any government or governmental authority having jurisdiction, (ii) to see to any insurance on the Aircraft or to effect or maintain any such insurance, whether or not Lessee shall be in default with respect thereto, other than to forward to the Owner Participant

copies of all reports and other information which the Owner Trustee receives from Lessee pursuant to Section 11 of the Lease, (iii) to see to the payment or discharge of any tax, assessment or other governmental charge or any lien or encumbrance of any kind owing with respect to or assessed or levied against any part of the Trust Estate except as provided by Section 9(c) of the Participation Agreement and Section 4.01 of the Trust Indenture, (iv) to confirm or verify any financial statements of Lessee or (v) to inspect the Aircraft or Lessee's books and records with respect to the Aircraft.

Section 6.03. No Representations or Warranties as to Certain Matters. THE OWNER TRUSTEE IN ITS INDIVIDUAL CAPACITY OR AS THE OWNER TRUSTEE DOES NOT MAKE AND SHALL NOT BE DEEMED TO HAVE MADE (a) ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, AS TO THE TITLE, AIRWORTHINESS, VALUE, CONDITION, WORKMANSHIP, DESIGN, OPERATION, MERCHANTABILITY OR FITNESS FOR USE FOR A PARTICULAR PURPOSE OF THE AIRCRAFT OR ANY ENGINE THEREOF, AS TO THE ABSENCE OF LATENT OR OTHER DEFECTS (WHETHER OR NOT DISCOVERABLE), AS TO THE ABSENCE OF ANY INFRINGEMENT OF ANY PATENT, TRADEMARK OR COPYRIGHT, AS TO THE ABSENCE OF OBLIGATIONS BASED ON STRICT LIABILITY IN TORT, OR ANY OTHER REPRESENTATION OR WARRANTY WITH RESPECT TO THE AIRCRAFT OR ANY ENGINE WHATSOEVER, except that the Owner Trustee in its individual capacity warrants that on the Delivery Date the Owner Trustee has received whatever title to the Aircraft was conveyed to it by Lessee and shall be in compliance with the last sentence of Section 5.04 hereof and that the Aircraft shall during the Term be free of Lessor's Liens attributable to it in its individual capacity, or (b) any representation or warranty as to the validity, legality or enforceability of this Trust Agreement or any other Operative Document to which the Owner Trustee is a party, or any other document or instrument, or as to the correctness of any statement contained in any thereof except to the extent that any such statement is expressly made herein or therein as a representation by the Owner Trustee in its individual capacity and except that the Owner Trustee in its individual capacity hereby represents and warrants that this Trust Agreement has been, and (assuming the due authorization, execution and delivery of this Trust Agreement by the Owner Participant) the Operative Documents to which the Owner Trustee is a party have been (or at the time of execution and delivery of any such instrument by the Owner Trustee hereunder or pursuant to the terms of the Participation

Agreement that such an instrument will be) duly executed and delivered by one of its officers who is or will be, as the case may be, duly authorized to execute and deliver such instruments on behalf of the Owner Trustee and that this Trust Agreement has been duly authorized, executed and delivered by the institution acting as the Owner Trustee and constitutes the legal, valid and binding obligation of such institution enforceable against it in accordance with its terms, except as such terms may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the rights of creditors generally and by general principles of equity.

Section 6.04. No Segregation of Monies Required; Investment Thereof. Monies received by the Owner Trustee hereunder need not be segregated in any manner except to the extent required by law, and may be deposited under such general conditions as may be prescribed by law, and shall be invested as provided in Section 4.02 hereof or Section 25 of the Lease.

Section 6.05. Reliance Upon Certificates, Counsel and Agents. The Owner Trustee shall incur no liability to anyone in acting in reliance upon any signature, instrument, notice, resolution, request, consent, order, certificate, report, opinion, bond or other document or paper reasonably believed by it to be genuine and reasonably believed by it to be signed by the proper party or parties. Unless other evidence in respect thereof is specifically prescribed herein, any request, direction, order or demand of the Owner Participant, Lessee or the Indenture Trustee mentioned herein or in any of the other Operative Documents to which the Owner Trustee is a party shall be sufficiently evidenced by written instruments signed by a person purporting to be an officer of the Owner Participant, Lessee or the Indenture Trustee, as the case may be. The Owner Trustee may accept a copy of a resolution of the Board of Directors of Lessee or the Owner

Participant, as the case may be, certified by the Secretary or an Assistant Secretary of Lessee, the Owner Participant or the Indenture Trustee, as the case may be, as duly adopted and in full force and effect, as conclusive evidence that such resolution has been duly adopted by said Board and that the same is in full force and effect. As to any fact or matter the manner of ascertainment of which is not specifically described herein, the Owner Trustee may for all purposes hereof rely on a certificate signed by an officer of Lessee or the Owner Participant or the Indenture Trustee, as the case may be, as to such fact or matter, and such certificate shall constitute full protection to the Owner Trustee for any action taken or omitted to be taken by it in good faith in reliance thereon.

Section 6.06. Not Acting in Individual Capacity. In acting hereunder, the Owner Trustee acts solely as trustee and not in its individual capacity except as otherwise expressly provided herein; and, except as may be otherwise expressly provided in this Trust Agreement, the Lease, the Participation Agreement or the Trust Indenture, all persons having any claim against the Owner Trustee by reason of the transactions contemplated hereby shall look only to the Trust Estate for payment or satisfaction thereof.

Section 6.07. Fees; Compensation. Except as provided in Section 4.01(b), 5.03, 6.08 or 7.01, the Owner Trustee agrees that it shall have no right against the Owner Participant or (subject to the provisions of the Trust Indenture) the Trust Estate for any fee as compensation for its services hereunder.

Section 6.08. Tax Returns. The Owner Trustee shall be responsible for the keeping of all appropriate books and records relating to the receipt and disbursement by it of all monies under this Trust Agreement or any agreement contemplated hereby. The Owner Participant shall be responsible for causing to be prepared and filed, at its expense, all income tax returns required to be filed by the Owner Participant. The Owner Trustee shall be responsible for causing to be prepared, at the request of the Owner Participant, all income tax returns required to be filed with respect to the trust created hereby and shall execute and file such returns. The Owner Participant, upon request, will furnish the Owner Trustee with all such information as may be reasonably required from the Owner Participant in connection with the preparation of such income tax returns.

## ARTICLE VII

INDEMNIFICATION OF THE OWNER TRUSTEE  
BY THE OWNER PARTICIPANT

Section 7.01. The Owner Participant to Indemnify the Owner Trustee. The Owner Participant hereby agrees, whether or not any of the transactions contemplated hereby shall be consummated, to assume liability for, and does hereby indemnify, protect, save and keep harmless the Owner Trustee in its individual capacity, and its successors, assigns, legal representatives, agents and servants, from and against any and all liabilities, obligations, losses, damages, penalties, taxes (excluding any taxes payable by the Owner Trustee in its individual capacity on or measured by any compensation received by the Owner Trustee in its individual capacity for its services hereunder), claims, actions or suits or reasonable costs, expenses or disbursements (including, without limitation, reasonable legal fees and expenses) of any kind and nature whatsoever which may be imposed on, incurred by or asserted against the Owner Trustee in its individual capacity (whether or not also indemnified against by Lessee under the Lease or under the Participation Agreement or also indemnified against by the Manufacturer or any other Person) in any way relating to or arising out of this Trust Agreement or any of the Operative Documents or the enforcement of any of the terms of any thereof, or in any way relating to or arising out of the manufacture, purchase, acceptance, rejection, ownership, delivery, lease, possession, use, operation, condition, sale, return or other disposition of the Aircraft or any Engine (including, without limitation, latent and other defects, whether or not discoverable, and any claim for patent, trademark or copyright infringement), or in any way relating to or arising out of the administration of the Trust Estate or the action or inaction of the Owner Trustee hereunder, except (a) in the case of willful misconduct or gross negligence on the part of the Owner Trustee either as trustee or in its individual capacity in the performance or nonperformance of its duties hereunder or (b) those resulting from the inaccuracy of any representation or warranty of the Owner Trustee in its individual capacity (or from the failure of the Owner Trustee in its individual capacity to perform any covenant) in Section 6.03, or in any of the Operative Documents, or (c) those arising or resulting from any of the matters described in the last sentence of Section 6.01, or (d) those resulting from

its failure to perform the terms of the last sentence of Section 5.04 hereof or from the failure to use ordinary care in the receipt and disbursement of funds. The indemnities contained in this Section 7.01 extend to the Owner Trustee only in its individual capacity and shall not be construed as indemnities of the Indenture Estate or the Trust Estate (except to the extent, if any, that the Owner Trustee has been reimbursed by Lessee pursuant to the Lease for amounts covered by the indemnities contained in this Section 7.01). The indemnities contained in this Section 7.01 shall survive the termination of this Trust Agreement. In addition, if necessary, the Owner Trustee shall be entitled to indemnification from the Trust Estate, subject however to the provisions of Section 4.01 hereof and the lien created under the Trust Indenture, for any liability, obligation, loss, damage, penalty, tax, claim, action, suit, cost, expense or disbursement indemnified against pursuant to this Section 7.01 to the extent not reimbursed by Lessee, the Owner Participant or others, but without releasing any of them from their respective agreements of reimbursement; and to secure the same the Owner Trustee shall have a lien on the Trust Estate, subject however to the provisions of Section 4.01 hereof and the lien created under the Trust Indenture, which lien of the Owner Trustee shall be prior to any interest therein of the Owner Participant.

#### ARTICLE VIII

##### TRANSFER OF THE OWNER PARTICIPANT'S INTEREST

Section 8.01. Transfer of Interest. All provisions of Section 16(c) of the Participation Agreement shall (with the same force and effect as if set forth in full, mutatis mutandis, in this Section 8.01) be applicable to any assignment, conveyance or other transfer by the Owner Participant of its right, title or interest in and to this Trust Agreement or any of the Operative Documents to which the Owner Trustee is a party or any proceeds therefrom.

## ARTICLE IX

## SUCCESSOR OWNER TRUSTEES; CO-TRUSTEES

Section 9.01. Resignation of the Owner Trustee; Appointment of Successor. (a) Resignation or Removal. The Owner Trustee or any successor Owner Trustee may resign at any time without cause by giving at least 60 days' prior written notice to the Owner Participant, the Indenture Trustee and Lessee, such resignation to be effective upon the acceptance of appointment by the successor Owner Trustee under Section 9.01(b). In addition, subject to Section 9(d) of the Participation Agreement, the Owner Participant may at any time remove the Owner Trustee without cause by a notice in writing delivered to the Owner Trustee, the Indenture Trustee and Lessee, such removal to be effective upon the acceptance of appointment by the successor Owner Trustee under Section 9.01(b). In the case of the resignation or removal of the Owner Trustee, subject to Section 9(d) of the Participation Agreement, the Owner Participant may appoint a successor Owner Trustee by an instrument in writing signed by the Owner Participant. If a successor Owner Trustee shall not have been appointed within 30 days after such notice of resignation or removal, the Owner Trustee, Lessee or the Indenture Trustee may apply to any court of competent jurisdiction to appoint a successor Owner Trustee to act until such time, if any, as a successor shall have been appointed as above provided. Any successor Owner Trustee so appointed by such court shall immediately and without further act be superseded by any successor Owner Trustee appointed as above provided within one year from the date of the appointment by such court.

(b) Execution and Delivery of Documents, etc. Any successor Owner Trustee, however appointed, shall execute and deliver to the predecessor Owner Trustee an instrument accepting such appointment, and thereupon such successor Owner Trustee, without further act, shall become vested with all the estates, properties, rights, powers, duties and trusts of the predecessor Owner Trustee in the trusts hereunder with like effect as if originally named the Owner Trustee herein; but nevertheless, upon the written request of such successor Owner Trustee, such predecessor Owner Trustee shall execute and deliver an instrument transferring to such successor Owner Trustee, upon the trusts herein expressed, all the estates, properties, rights, powers and trusts of such predecessor Owner Trustee,

and such predecessor Owner Trustee shall duly assign, transfer, deliver and pay over to such successor Owner Trustee all monies or other property then held by such predecessor Owner Trustee upon the trusts herein expressed. Upon the appointment of any successor Owner Trustee hereunder, the predecessor Owner Trustee will complete, execute and deliver to the successor Trustee such documents as are necessary to cause registration of the Aircraft included in the Trust Estate to be transferred upon the records of the Federal Aviation Administration, or other governmental authority having jurisdiction, into the name of the successor Owner Trustee.

(c) Qualification. Any successor Owner Trustee, however appointed, shall be a "citizen of the United States" within the meaning of Section 101(16) of the Federal Aviation Act, and shall also be a bank or trust company organized under the laws of the United States or any state thereof having a combined capital and surplus of at least \$100,000,000 (or having a combined capital and surplus of at least \$25,000,000 and the obligations of which are guaranteed by a corporation or a bank or trust company having a combined capital and surplus of at least \$100,000,000), if there be such an institution willing, able and legally qualified to perform the duties of the Owner Trustee hereunder upon reasonable and customary terms.

(d) Merger, etc. Any corporation into which the Owner Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Owner Trustee shall be a party, or any corporation to which substantially all the corporate trust business of the Owner Trustee may be transferred, shall, subject to the terms of Section 9.01(c), be the Owner Trustee hereunder without further act.

Section 9.02. Co-Trustees and Separate Trustees. If at any time or times it shall be necessary or prudent in order to conform to any applicable law of any jurisdiction in which all or any part of the Trust Estate is located, or the Owner Trustee shall be advised by counsel that it is so necessary or prudent in the interest of the Owner Participant or the Owner Trustee, or the Owner Trustee shall have been directed to do so by the Owner Participant, the Owner Trustee and the Owner Participant shall, subject to Section 9(d) of the Participation Agreement,

execute and deliver an agreement supplemental hereto and all other instruments and agreements necessary or proper to constitute another bank or trust company or one or more persons (any and all of which shall be a "citizen of the United States" as defined in Section 101(16) of the Federal Aviation Act) approved by the Owner Trustee, Lessee and the Owner Participant, either to act as co-trustee or co-trustees, jointly with the Owner Trustee, or to act as separate trustee or trustees hereunder (any such co-trustee or separate trustee being herein sometimes referred to as an "additional trustee"). In the event (i) the Owner Participant shall not have joined in the execution of such agreements supplemental hereto within ten days after the receipt of a written request from the Owner Trustee so to do, or (ii) a Lease Event of Default shall occur and be continuing, the Owner Trustee may act under the foregoing provisions of this Section 9.02 without the concurrence of the Owner Participant; and the Owner Participant hereby appoints the Owner Trustee its agent and attorney-in-fact to act for it under the foregoing provisions of this Section 9.02 in either of such contingencies.

Every additional trustee hereunder shall, to the extent permitted by law, be appointed and act, and the Owner Trustee and its successors shall act, subject to the following provisions and conditions:

(A) all powers, duties, obligations and rights conferred upon the Owner Trustee in respect of the custody, control and management of monies, the Aircraft or documents authorized to be delivered hereunder shall be exercised solely by the corporation designated as the Owner Trustee in the first paragraph of this Trust Agreement, or its successors as the Owner Trustee hereunder;

(B) all other rights, powers, duties and obligations conferred or imposed upon the Owner Trustee shall be conferred or imposed upon and exercised or performed by the corporation designated as the Owner Trustee in the first paragraph of this Trust Agreement or its successor as the Owner Trustee, and such additional trustee or trustees jointly, except to the extent that under any law of any jurisdiction in which any particular act or acts are to be performed (including the holding of title to the Trust Estate), the Owner Trustee shall be incompetent or unqualified

to perform such act or acts, in which event such rights, powers, duties and obligations shall be exercised and performed by such additional trustee or trustees;

(C) no power given to, or which it is provided hereby may be exercised by, any such additional trustee or trustees shall be exercised hereunder by such additional trustee or trustees, except jointly with, or with the consent in writing of, the corporation designated as the Owner Trustee in this Trust Agreement or its successor as the Owner Trustee, anything herein contained to the contrary notwithstanding;

(D) no trustee hereunder shall be personally liable by reason of any act or omission of any other trustee hereunder;

(E) subject to Section 9(d) of the Participation Agreement, the Owner Participant, at any time, by an instrument in writing may remove any such additional trustee. In the event that the Owner Participant shall not have joined in the execution of any such instrument within ten days after the receipt of a written request from the Owner Trustee so to do, the Owner Trustee shall have the power to remove any such additional trustee without the concurrence of the Owner Participant; and the Owner Participant hereby appoints the Owner Trustee its agent and attorney-in-fact to act for it in such connection in such contingency; and

(F) no appointing of, or action by, any additional trustee will relieve the Owner Trustee of any of its obligations under, or otherwise affect any of the terms of the Trust Indenture or affect the interests of the Indenture Trustee or the holders of the Certificates in the Trust Estate.

## ARTICLE X

SUPPLEMENTS AND AMENDMENTS TO TRUST AGREEMENT  
AND OTHER DOCUMENTS

Section 10.01. Supplements and Amendments. (a) Supplements and Amendments. At any time and from time to time, upon the written request of the Owner Participant, (i) the Owner Trustee, together with the Owner Participant, shall execute a supplement to this Trust Agreement for the purpose of adding provisions to, or changing or eliminating provisions of, this Trust Agreement (except Section 11.11) as specified in such request, and (ii) the Owner Trustee shall, subject to compliance with the applicable provisions of Article VIII of the Trust Indenture, enter into such written amendment of or supplement to any other Operative Document to which the Owner Trustee is a party as the Indenture Trustee and Lessee (and, in the case of the Purchase Agreement or the Purchase Agreement Assignment, the Manufacturer) may agree to and as may be specified in such request, or execute and deliver such written waiver or modification of or consent under the terms of any such Operative Document as Lessee and, unless the lien of the Trust Indenture has been discharged, the Indenture Trustee may agree to and as may be specified in such request; provided, however, that Lessee may consent to any change order with respect to or other amendment or modification of the Purchase Agreement without the consent or agreement of any other person to the extent provided in the Purchase Agreement Assignment. Notwithstanding the foregoing, except to the extent permitted by Section 9(d) of the Participation Agreement, no supplement to this Trust Agreement or waiver or modification to the terms hereof shall be permitted.

(b) Delivery of Amendments and Supplements to Certain Parties. Until the Trust Indenture shall have been discharged pursuant to Section 10.01 thereof, a signed copy of each amendment or supplement referred to in Section 10.01(a)(i) shall be delivered by the Owner Trustee to the Indenture Trustee without in any way affecting the Trust Indenture or the Certificates and without imposing any duty on the Indenture Trustee with respect to such amendment or supplement.

Section 10.02. Discretion as to Execution of Documents. If in the opinion of the Owner Trustee any document required to be executed pursuant to the terms of

Section 10.01 adversely affects any right, duty, immunity or indemnity in favor of the Owner Trustee hereunder or under any other Operative Document to which the Owner Trustee is a party, the Owner Trustee may in its discretion decline to execute such document.

Section 10.03. Absence of Requirements as to Form. It shall not be necessary for any written request furnished pursuant to Section 10.01 to specify the particular form of the proposed documents to be executed pursuant to such Section, but it shall be sufficient if such request shall indicate the substance thereof.

Section 10.04. Distribution of Documents. Promptly after the execution by the Owner Trustee of any document entered into pursuant to Section 10.01, the Owner Trustee shall mail, by certified mail, postage prepaid, a conformed copy thereof to the Owner Participant, but the failure of the Owner Trustee to mail such conformed copy shall not impair or affect the validity of such document.

Section 10.05. No Request Needed as to Lease Supplements. No written request pursuant to Section 10.01 shall be required to enable the Owner Trustee to enter into any Lease Supplement with Lessee pursuant to Section 3.01 or Section 3.04 or to enter into any Trust Agreement and Indenture Supplement with the Indenture Trustee pursuant to Section 3.01 or Section 3.04.

## ARTICLE XI

### MISCELLANEOUS

Section 11.01. Termination of Trust Agreement. This Trust Agreement and the trusts created hereby shall terminate and this Trust Agreement shall be of no further force or effect upon the earliest of (a) the later of (x) the final discharge of the Trust Indenture pursuant to Section 10.01 thereof and the sale or other final disposition by the Owner Trustee of all property constituting part of the Trust Estate and the final distribution by the Owner Trustee of all monies or other property or proceeds constituting part of the Trust Estate in accordance with Article IV hereof, provided that at such time Lessee shall have fully complied with all of the terms of the Participation Agreement and the Lease, and (y) the expiration or

termination of the Lease in accordance with its terms, (b) one hundred ten (110) years following the earliest execution of this Trust Agreement by any party hereto (or, without limiting the generality of the foregoing, if legislation shall become effective providing for the validity or permitting the effective grant of such rights, privileges and options for a period in gross, exceeding the period for which such rights, privileges and options are hereinabove stated to extend and be valid), then such rights, privileges or options shall not terminate as aforesaid but shall extend to and continue in effect, but only if such non-termination and extension shall then be valid under applicable law until such time as the same shall under applicable law cease to be valid, whereupon all monies or other property or proceeds constituting part of the Trust Estate shall be distributed in accordance with the terms of Article IV hereof, or (c) the election of the Owner Participant by notice to the Owner Trustee to revoke the trust created hereby; otherwise this Trust Agreement and the trusts created hereby shall continue in full force and effect in accordance with the terms hereof. Notwithstanding the foregoing, the provisions of Section 9(d) of the Participation Agreement shall apply hereto.

Section 11.02. The Owner Participant Has No Legal Title in Trust Estate. The Owner Participant does not have legal title to any part of the Trust Estate. No transfer, by operation of law or otherwise, of any right, title and interest of the Owner Participant in and to the Trust Estate hereunder shall operate to terminate this Trust Agreement or the trusts hereunder or entitle any successors or transferees of the Owner Participant to an accounting or to the transfer of legal title to any part of the Trust Estate.

Section 11.03. Assignment, Sale, etc., of Aircraft. Any assignment, sale, transfer or other conveyance of the Aircraft by the Owner Trustee made pursuant to the terms hereof or of the Lease or the Participation Agreement shall bind the Owner Participant and shall be effective to transfer or convey all right, title and interest of the Owner Trustee and the Owner Participant in and to the Aircraft. No purchaser or other grantee shall be required to inquire as to the authorization, necessity, expediency or regularity of such assignment, sale, transfer or conveyance or as to the application of any sale or other proceeds with respect thereto by the Owner Trustee.

Section 11.04. Trust Agreement for Benefit of Certain Parties Only. Except for the terms of Section 4.01, Article IX, Section 10.01 and Section 11.01 hereof and Section 16(c) of the Participation Agreement incorporated in Article VIII hereof, nothing herein, whether express or implied, shall be construed to give any person other than the Owner Trustee and the Owner Participant any legal or equitable right, remedy or claim under or in respect of this Trust Agreement; but this Trust Agreement shall be held to be for the sole and exclusive benefit of the Owner Trustee and the Owner Participant.

Section 11.05. Notices. Unless otherwise expressly specified or permitted by the terms hereof, all notices shall be in writing, mailed by certified mail, postage prepaid, and (i) if to the Owner Trustee, addressed to it at its office at Rodney Square North, Wilmington, Delaware 19890, Attention: Corporate Trust Administration (AA 1992 AF-1), (ii) if to the Indenture Trustee, addressed to it at its office at 600 Peachtree Street, N.E., Suite 900, Atlanta, Georgia 30308, Attention: Corporate Trust Department (AA 1992 AF-1), (iii) if to the Owner Participant, addressed to it at such address as it shall have furnished by notice to the Owner Trustee, or, until an address is so furnished, addressed to it at its address set forth in the Participation Agreement, or (iv) if to Lessee, addressed to it at its address set forth in the Lease, or to any of the above parties at any other address subsequently specified in writing by it to each of the other parties. Whenever any notice in writing is required to be given hereunder by the Owner Trustee or the Owner Participant, such notice shall be deemed given and such requirements satisfied if such notice is mailed by certified mail, postage prepaid, or is sent by telex (confirmed promptly by certified mail, postage prepaid), in each case addressed as provided above.

Section 11.06. Severability. Any provision hereof which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

For all purposes of this Trust Agreement and the Lease, the Owner Trustee shall not be deemed to have knowledge of a Lease Event of Default or an Indenture Event of Default or an event that, with the passage of time or the giving of notice or both, would constitute a Lease Event of Default or an Indenture Event of Default unless notified in writing thereof in the manner and at the address set forth in Section 11.05 or unless an officer in the Corporate Trust Administration of the Owner Trustee has actual knowledge thereof.

Section 5.02. Action Upon Instructions. Subject in all respects to the terms of Sections 5.01 and 5.03 and to the terms of the other Operative Documents, upon the written instructions at any time and from time to time of the Owner Participant, the Owner Trustee will take such of the following actions as may be specified in such instructions: (i) give such notice or direction or exercise such right, remedy or power hereunder or under any of the Operative Documents to which the Owner Trustee is a party, or in respect of all or any part of the Trust Estate, as shall be specified in such instructions; (ii) take such action to preserve or protect the Trust Estate (including the discharge of any liens or encumbrances) as may be specified in such instructions; (iii) approve as satisfactory to it all matters required by the terms of the Lease and the other Operative Documents to be satisfactory to the Owner Trustee, it being understood that without written instructions of the Owner Participant, the Owner Trustee shall not approve any such matter as satisfactory to it; and (iv) subject to the rights of Lessee under the Operative Documents, after the expiration or earlier termination of the Lease, convey all of the Owner Trustee's right, title and interest in and to the Aircraft for such amount, on such terms and to such purchaser or purchasers as shall be designated in such instructions, or lease the Aircraft on a net lease basis on such terms as shall be set forth in such instructions or deliver the Aircraft to the Owner Participant in accordance with such instructions. In the event that the Owner Trustee is unsure of the application of any provision of this Trust Agreement or any other agreement relating to the transactions contemplated hereby, the Owner Trustee

may request and rely upon instructions of the Owner Participant.

Section 5.03. Indemnification. The Owner Trustee shall not be required to take or refrain from taking any action under Section 5.01 or 5.02 (other than the giving of notices required of the Owner Trustee therein) unless the Owner Trustee shall have been indemnified by the Owner Participant, in manner and form satisfactory to the Owner Trustee, against any liability, cost or expense (including reasonable counsel fees and disbursements) which may be incurred in connection therewith; and, if the Owner Participant shall have directed the Owner Trustee to take or refrain from taking any such action, the Owner Participant agrees to furnish such indemnity as shall be required and, in addition (to the extent not otherwise paid pursuant to the Participation Agreement or the Lease), to pay the reasonable fees and charges of the Owner Trustee for the services performed or to be performed by it pursuant to such direction. The Owner Trustee shall not be required to take any action under Section 5.01 or 5.02 if the Owner Trustee shall reasonably determine, or shall have been advised by counsel, that such action is contrary to the terms of any of the Operative Documents to which the Owner Trustee is a party, or is otherwise contrary to law.

Section 5.04. No Duties Except as Specified in Trust Agreement or Instructions. The Owner Trustee shall not have any duty or obligation to manage, control, use, sell, dispose of or otherwise deal with the Aircraft or any other part of the Trust Estate, or otherwise to take or refrain from taking any action under, or in connection with any of the Operative Documents to which the Owner Trustee is a party, except as expressly required by the terms of any of the Operative Documents to which the Owner Trustee is a party, or (to the extent not inconsistent with the provisions of the Trust Indenture) as expressly provided by the terms hereof or in written instructions from the Owner Participant received pursuant to the terms of Section 5.01 or 5.02, and no implied duties or obligations shall be read into this Trust Agreement against the Owner Trustee. The Owner Trustee nevertheless agrees that it will, in its individual capacity and at its own cost and expense (but without any right of indemnity in respect of any such cost or expense under Section 7.01) promptly take such action as may be necessary duly to discharge and satisfy in full (i) all Lessor's Liens attributable to the

Owner Trustee in its individual capacity, (ii) any Liens (other than Lessor's Liens attributable to it in its individual capacity) created as a result of its breach of any of its obligations under this Trust Agreement (subject to the limitations on the liability of the Owner Trustee in its individual capacity set forth in Section 6.01) on any part of the Trust Estate, or on any properties of the Owner Trustee assigned, pledged or mortgaged as part of the Trust Estate, which arise from acts of the Owner Trustee in its individual capacity, except the lien created under the Trust Indenture, the rights of Lessee under the Lease and the rights of the Owner Participant hereunder, and (iii) any other liens or encumbrances attributable to the Owner Trustee in its individual capacity on any part of the Trust Estate which result from claims against the Owner Trustee in its individual capacity unrelated to the ownership of the Aircraft, the administration of the Trust Estate or the transactions contemplated by the Operative Documents.

Section 5.05. No Action Except Under Specified Documents or Instructions. The Owner Trustee shall have no power or authority to, and the Owner Trustee agrees that it will not, manage, control, use, sell, dispose of or otherwise deal with the Aircraft or any other part of the Trust Estate except (i) as expressly required by the terms of any of the Operative Documents to which the Owner Trustee is a party, (ii) as expressly provided by the terms hereof, or (iii) as expressly provided in written instructions from the Owner Participant pursuant to Section 5.01 or 5.02, but subject always to the provisions of, and the lien created by, the Trust Indenture.

## ARTICLE VI

### THE OWNER TRUSTEE

Section 6.01. Acceptance of Trusts and Duties. The Owner Trustee in its individual capacity accepts the trusts hereby created and agrees to perform the same but only upon the terms hereof applicable to it. The Owner Trustee in its individual capacity also agrees to receive and disburse all monies received by it constituting part of the Trust Estate upon the terms hereof. The Owner Trustee, in its individual capacity, shall not be answerable or accountable under any circumstances, except for (i) its own willful misconduct or gross negligence,

(ii) its performance of the terms of the last sentence of Section 5.04, (iii) its failure to use ordinary care in receiving or disbursing funds, (iv) liabilities that may result from the inaccuracy of any representation or warranty of the Owner Trustee in its individual capacity (or from the failure by the Owner Trustee in its individual capacity to perform any covenant made in its individual capacity) in Section 6.03, or in any of the Operative Documents to which the Owner Trustee is a party, and (v) taxes, fees or other charges on, based on or measured by any fees, commissions or other compensation received by the Owner Trustee as compensation for its services rendered as the Owner Trustee; provided, however, that the failure to act or perform in the absence of instructions after the Owner Trustee has requested instructions from the Owner Participant pursuant to the last sentence of Section 5.02 shall not constitute willful misconduct or gross negligence for purposes of clause (i) of this Section 6.01.

Section 6.02. Absence of Certain Duties. Except in accordance with written instructions furnished pursuant to Section 5.01, 5.02 and except as provided in, and without limiting the generality of, Section 5.04 and the last sentence of Section 9.01(b), the Owner Trustee shall have no duty (i) to see to any registration of the Aircraft or any recording or filing of the Lease, this Trust Agreement, the Trust Indenture or of any supplement to any thereof or to see to the maintenance of any such registration, rerecording or refiling, except that the Owner Trustee shall notify the Federal Aviation Administration of changes in its mailing address pursuant to 14 C.F.R. Section 47.45 and the Owner Trustee shall (x) take such other action as may be required of the Owner Trustee to maintain the registration of the Aircraft in the name of the Owner Trustee under the Federal Aviation Act or, to the extent the Aircraft is registered in a country other than the United States pursuant to Section 7 of the Lease, other applicable law and (y) to the extent that information for that purpose is supplied by Lessee pursuant to any of the Operative Documents, complete and timely submit any and all reports relating to the Aircraft which may from time to time be required by the Federal Aviation Administration or any government or governmental authority having jurisdiction over the Aircraft, (ii) to see to any insurance on the Aircraft or to effect or maintain any such insurance, whether or not Lessee shall be in default with respect thereto, other than to forward

to the Owner Participant copies of all reports and other information which the Owner Trustee receives from Lessee pursuant to Section 11 of the Lease, (iii) to see to the payment or discharge of any tax, assessment or other governmental charge or any lien or encumbrance of any kind owing with respect to or assessed or levied against any part of the Trust Estate except as provided by Section 9(c) of the Participation Agreement and Section 4.01 of the Trust Indenture, (iv) to confirm or verify any financial statements of Lessee or (v) to inspect the Aircraft or Lessee's books and records with respect to the Aircraft.

Section 6.03. No Representations or Warranties as to Certain Matters. THE OWNER TRUSTEE IN ITS INDIVIDUAL CAPACITY OR AS THE OWNER TRUSTEE DOES NOT MAKE AND SHALL NOT BE DEEMED TO HAVE MADE (a) ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, AS TO THE TITLE, AIRWORTHINESS, VALUE, CONDITION, WORKMANSHIP, DESIGN, OPERATION, MERCHANTABILITY OR FITNESS FOR USE FOR A PARTICULAR PURPOSE OF THE AIRCRAFT OR ANY ENGINE THEREOF, AS TO THE ABSENCE OF LATENT OR OTHER DEFECTS (WHETHER OR NOT DISCOVERABLE), AS TO THE ABSENCE OF ANY INFRINGEMENT OF ANY PATENT, TRADEMARK OR COPYRIGHT, AS TO THE ABSENCE OF OBLIGATIONS BASED ON STRICT LIABILITY IN TORT, OR ANY OTHER REPRESENTATION OR WARRANTY WITH RESPECT TO THE AIRCRAFT OR ANY ENGINE WHATSOEVER, except that the Owner Trustee in its individual capacity warrants that on the Delivery Date the Owner Trustee has received whatever title to the Aircraft was conveyed to it by Lessee and shall be in compliance with the last sentence of Section 5.04 hereof and that the Aircraft shall during the Term be free of Lessor's Liens attributable to it in its individual capacity, or (b) any representation or warranty as to the validity, legality or enforceability of this Trust Agreement or any other Operative Document to which the Owner Trustee is a party, or any other document or instrument, or as to the correctness of any statement contained in any thereof except to the extent that any such statement is expressly made herein or therein as a representation by the Owner Trustee in its individual capacity and except that the Owner Trustee in its individual capacity hereby represents and warrants that this Trust Agreement has been, and (assuming the due authorization, execution and delivery of this Trust Agreement by the Owner Participant) the Operative Documents to which the Owner Trustee is a party have been (or at the time of execution and delivery of any such instrument by the Owner

Trustee hereunder or pursuant to the terms of the Participation Agreement that such an instrument will be) duly executed and delivered by one of its officers who is or will be, as the case may be, duly authorized to execute and deliver such instruments on behalf of the Owner Trustee and that this Trust Agreement has been duly authorized, executed and delivered by the institution acting as the Owner Trustee and constitutes the legal, valid and binding obligation of such institution enforceable against it in accordance with its terms, except as such terms may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the rights of creditors generally and by general principles of equity.

Section 6.04. No Segregation of Monies Required; Investment Thereof. Monies received by the Owner Trustee hereunder need not be segregated in any manner except to the extent required by law, and may be deposited under such general conditions as may be prescribed by law, and shall be invested as provided in Section 4.02 hereof or Section 25 of the Lease.

Section 6.05. Reliance Upon Certificates, Counsel and Agents. The Owner Trustee shall incur no liability to anyone in acting in reliance upon any signature, instrument, notice, resolution, request, consent, order, certificate, report, opinion, bond or other document or paper reasonably believed by it to be genuine and reasonably believed by it to be signed by the proper party or parties. Unless other evidence in respect thereof is specifically prescribed herein, any request, direction, order or demand of the Owner Participant, Lessee or the Indenture Trustee mentioned herein or in any of the other Operative Documents to which the Owner Trustee is a party shall be sufficiently evidenced by written instruments signed by a person purporting to be an officer of the Owner Participant, Lessee or the Indenture Trustee, as the case may be. The Owner Trustee may accept a copy of a resolution of the Board of Directors of Lessee, the Owner Participant or the Indenture Trustee, as the case may be, certified by the Secretary or an Assistant Secretary of Lessee, the Owner Participant or the Indenture Trustee, as the case may be, as duly adopted and in full force and effect, as conclusive evidence that such resolution has been duly adopted by said Board and that the same is in full force and effect. As to any fact or matter the manner of ascertainment of which is not specifically described herein, the Owner Trustee may for all purposes

hereof rely on a certificate signed by an officer of Lessee or the Owner Participant or the Indenture Trustee, as the case may be, as to such fact or matter, and such certificate shall constitute full protection to the Owner Trustee for any action taken or omitted to be taken by it in good faith in reliance thereon.

Section 6.06. Not Acting in Individual Capacity. In acting hereunder, the Owner Trustee acts solely as trustee and not in its individual capacity except as otherwise expressly provided herein; and, except as may be otherwise expressly provided in this Trust Agreement, the Lease, the Participation Agreement or the Trust Indenture, all persons having any claim against the Owner Trustee by reason of the transactions contemplated hereby shall look only to the Trust Estate for payment or satisfaction thereof.

Section 6.07. Fees; Compensation. Except as provided in Section 4.01(b), 5.03, 6.08 or 7.01, the Owner Trustee agrees that it shall have no right against the Owner Participant or (subject to the provisions of the Trust Indenture) the Trust Estate for any fee as compensation for its services hereunder.

Section 6.08. Tax Returns. The Owner Trustee shall be responsible for the keeping of all appropriate books and records relating to the receipt and disbursement by it of all monies under this Trust Agreement or any agreement contemplated hereby. The Owner Participant shall be responsible for causing to be prepared and filed, at its expense, all income tax returns required to be filed by the Owner Participant. The Owner Trustee shall be responsible for causing to be prepared, at the request of the Owner Participant, all income tax returns required to be filed with respect to the trust created hereby and shall execute and file such returns. The Owner Participant, upon request, will furnish the Owner Trustee with all such information as may be reasonably required from the Owner Participant in connection with the preparation of such income tax returns.

## ARTICLE VII

INDEMNIFICATION OF THE OWNER TRUSTEE  
BY THE OWNER PARTICIPANT

Section 7.01. The Owner Participant to Indemnify the Owner Trustee. The Owner Participant hereby agrees, whether or not any of the transactions contemplated hereby shall be consummated, to assume liability for, and does hereby indemnify, protect, save and keep harmless the Owner Trustee in its individual capacity, and its successors, assigns, legal representatives, agents and servants, from and against any and all liabilities, obligations, losses, damages, penalties, taxes (excluding any taxes payable by the Owner Trustee in its individual capacity on or measured by any compensation received by the Owner Trustee in its individual capacity for its services hereunder), claims, actions or suits or reasonable costs, expenses or disbursements (including, without limitation, reasonable legal fees and expenses) of any kind and nature whatsoever which may be imposed on, incurred by or asserted against the Owner Trustee in its individual capacity (whether or not also indemnified against by Lessee under the Lease or under the Participation Agreement or also indemnified against by the Manufacturer or any other Person) in any way relating to or arising out of this Trust Agreement or any of the Operative Documents or the enforcement of any of the terms of any thereof, or in any way relating to or arising out of the manufacture, purchase, acceptance, rejection, ownership, delivery, lease, possession, use, operation, condition, sale, return or other disposition of the Aircraft or any Engine (including, without limitation, latent and other defects, whether or not discoverable, and any claim for patent, trademark or copyright infringement), or in any way relating to or arising out of the administration of the Trust Estate or the action or inaction of the Owner Trustee hereunder, except (a) in the case of willful misconduct or gross negligence on the part of the Owner Trustee either as trustee or in its individual capacity in the performance or nonperformance of its duties hereunder or (b) those resulting from the inaccuracy of any representation or warranty of the Owner Trustee in its individual capacity (or from the failure of the Owner Trustee in its individual capacity to perform any covenant) in Section 6.03, or in any of the Operative Documents, or (c) those arising or resulting from any of the matters described in the last sentence of Section 6.01, or (d) those resulting from

its failure to perform the terms of the last sentence of Section 5.04 hereof or from the failure to use ordinary care in the receipt and disbursement of funds. The indemnities contained in this Section 7.01 extend to the Owner Trustee only in its individual capacity and shall not be construed as indemnities of the Indenture Estate or the Trust Estate (except to the extent, if any, that the Owner Trustee has been reimbursed by Lessee pursuant to the Lease for amounts covered by the indemnities contained in this Section 7.01). The indemnities contained in this Section 7.01 shall survive the termination of this Trust Agreement. In addition, if necessary, the Owner Trustee shall be entitled to indemnification from the Trust Estate, subject however to the provisions of Section 4.01 hereof and the lien created under the Trust Indenture, for any liability, obligation, loss, damage, penalty, tax, claim, action, suit, cost, expense or disbursement indemnified against pursuant to this Section 7.01 to the extent not reimbursed by Lessee, the Owner Participant or others, but without releasing any of them from their respective agreements of reimbursement; and to secure the same the Owner Trustee shall have a lien on the Trust Estate, subject however to the provisions of Section 4.01 hereof and the lien created under the Trust Indenture, which lien of the Owner Trustee shall be prior to any interest therein of the Owner Participant.

#### ARTICLE VIII

##### TRANSFER OF THE OWNER PARTICIPANT'S INTEREST

Section 8.01. Transfer of Interest. All provisions of Section 16(c) of the Participation Agreement shall (with the same force and effect as if set forth in full, mutatis mutandis, in this Section 8.01) be applicable to any assignment, conveyance or other transfer by the Owner Participant of its right, title or interest in and to this Trust Agreement or any of the Operative Documents to which the Owner Trustee is a party or any proceeds therefrom.

## ARTICLE IX

## SUCCESSOR OWNER TRUSTEES; CO-TRUSTEES

Section 9.01. Resignation of the Owner Trustee; Appointment of Successor. (a) Resignation or Removal. The Owner Trustee or any successor Owner Trustee may resign at any time without cause by giving at least 60 days' prior written notice to the Owner Participant, the Indenture Trustee and Lessee, such resignation to be effective upon the acceptance of appointment by the successor Owner Trustee under Section 9.01(b). In addition, subject to Section 9(d) of the Participation Agreement, the Owner Participant may at any time remove the Owner Trustee without cause by a notice in writing delivered to the Owner Trustee, the Indenture Trustee and Lessee, such removal to be effective upon the acceptance of appointment by the successor Owner Trustee under Section 9.01(b). In the case of the resignation or removal of the Owner Trustee, subject to Section 9(d) of the Participation Agreement, the Owner Participant may appoint a successor Owner Trustee by an instrument in writing signed by the Owner Participant. If a successor Owner Trustee shall not have been appointed within 30 days after such notice of resignation or removal, the Owner Trustee, Lessee or the Indenture Trustee may apply to any court of competent jurisdiction to appoint a successor Owner Trustee to act until such time, if any, as a successor shall have been appointed as above provided. Any successor Owner Trustee so appointed by such court shall immediately and without further act be superseded by any successor Owner Trustee appointed as above provided within one year from the date of the appointment by such court.

(b) Execution and Delivery of Documents, etc. Any successor Owner Trustee, however appointed, shall execute and deliver to the predecessor Owner Trustee an instrument accepting such appointment, and thereupon such successor Owner Trustee, without further act, shall become vested with all the estates, properties, rights, powers, duties and trusts of the predecessor Owner Trustee in the trusts hereunder with like effect as if originally named the Owner Trustee herein; but nevertheless, upon the written request of such successor Owner Trustee, such predecessor Owner Trustee shall execute and deliver an instrument transferring to such successor Owner Trustee, upon the trusts herein expressed, all the estates, properties, rights, powers and trusts of such predecessor Owner Trust-

ee, and such predecessor Owner Trustee shall duly assign, transfer, deliver and pay over to such successor Owner Trustee all monies or other property then held by such predecessor Owner Trustee upon the trusts herein expressed. Upon the appointment of any successor Owner Trustee hereunder, the predecessor Owner Trustee will complete, execute and deliver to the successor Trustee such documents as are necessary to cause registration of the Aircraft included in the Trust Estate to be transferred upon the records of the Federal Aviation Administration, or other governmental authority having jurisdiction, into the name of the successor Owner Trustee.

(c) Qualification. Any successor Owner Trustee, however appointed, shall be a "citizen of the United States" within the meaning of Section 101(16) of the Federal Aviation Act, and shall also be a bank or trust company organized under the laws of the United States or any state thereof having a combined capital and surplus of at least \$100,000,000 (or having a combined capital and surplus of at least \$25,000,000 and the obligations of which are guaranteed by a corporation or a bank or trust company having a combined capital and surplus of at least \$100,000,000), if there be such an institution willing, able and legally qualified to perform the duties of the Owner Trustee hereunder upon reasonable and customary terms.

(d) Merger, etc. Any corporation into which the Owner Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Owner Trustee shall be a party, or any corporation to which substantially all the corporate trust business of the Owner Trustee may be transferred, shall, subject to the terms of Section 9.01(c), be the Owner Trustee hereunder without further act.

Section 9.02. Co-Trustees and Separate Trustees. If at any time or times it shall be necessary or prudent in order to conform to any applicable law of any jurisdiction in which all or any part of the Trust Estate is located, or the Owner Trustee shall be advised by counsel that it is so necessary or prudent in the interest of the Owner Participant or the Owner Trustee, or the Owner Trustee shall have been directed to do so by the Owner Participant, the Owner Trustee and the Owner Participant shall, subject to Section 9(d) of the Participation Agree-

ment, execute and deliver an agreement supplemental hereto and all other instruments and agreements necessary or proper to constitute another bank or trust company or one or more persons (any and all of which shall be a "citizen of the United States" as defined in Section 101(16) of the Federal Aviation Act) approved by the Owner Trustee, Lessee and the Owner Participant, either to act as co-trustee or co-trustees, jointly with the Owner Trustee, or to act as separate trustee or trustees hereunder (any such co-trustee or separate trustee being herein sometimes referred to as an "additional trustee"). In the event (i) the Owner Participant shall not have joined in the execution of such agreements supplemental hereto within ten days after the receipt of a written request from the Owner Trustee so to do, or (ii) a Lease Event of Default shall occur and be continuing, the Owner Trustee may act under the foregoing provisions of this Section 9.02 without the concurrence of the Owner Participant; and the Owner Participant hereby appoints the Owner Trustee its agent and attorney-in-fact to act for it under the foregoing provisions of this Section 9.02 in either of such contingencies.

Every additional trustee hereunder shall, to the extent permitted by law, be appointed and act, and the Owner Trustee and its successors shall act, subject to the following provisions and conditions:

(A) all powers, duties, obligations and rights conferred upon the Owner Trustee in respect of the custody, control and management of monies, the Aircraft or documents authorized to be delivered hereunder shall be exercised solely by the corporation designated as the Owner Trustee in the first paragraph of this Trust Agreement, or its successors as the Owner Trustee hereunder;

(B) all other rights, powers, duties and obligations conferred or imposed upon the Owner Trustee shall be conferred or imposed upon and exercised or performed by the corporation designated as the Owner Trustee in the first paragraph of this Trust Agreement or its successor as the Owner Trustee, and such additional trustee or trustees jointly, except to the extent that under any law of any jurisdiction in which any particular act or acts are to be performed (including the holding of title to the Trust Estate), the Owner Trustee shall be incompetent or unqualified

to perform such act or acts, in which event such rights, powers, duties and obligations shall be exercised and performed by such additional trustee or trustees;

(C) no power given to, or which it is provided hereby may be exercised by, any such additional trustee or trustees shall be exercised hereunder by such additional trustee or trustees, except jointly with, or with the consent in writing of, the corporation designated as the Owner Trustee in this Trust Agreement or its successor as the Owner Trustee, anything herein contained to the contrary notwithstanding;

(D) no trustee hereunder shall be personally liable by reason of any act or omission of any other trustee hereunder;

(E) subject to Section 9(d) of the Participation Agreement, the Owner Participant, at any time, by an instrument in writing may remove any such additional trustee. In the event that the Owner Participant shall not have joined in the execution of any such instrument within ten days after the receipt of a written request from the Owner Trustee so to do, the Owner Trustee shall have the power to remove any such additional trustee without the concurrence of the Owner Participant; and the Owner Participant hereby appoints the Owner Trustee its agent and attorney-in-fact to act for it in such connection in such contingency; and

(F) no appointing of, or action by, any additional trustee will relieve the Owner Trustee of any of its obligations under, or otherwise affect any of the terms of the Trust Indenture or affect the interests of the Indenture Trustee or the holders of the Certificates in the Trust Estate.

## ARTICLE X

SUPPLEMENTS AND AMENDMENTS TO TRUST AGREEMENT  
AND OTHER DOCUMENTS

## Section 10.01. Supplements and Amendments.

(a) Supplements and Amendments. At any time and from time to time, upon the written request of the Owner Participant, (i) the Owner Trustee, together with the Owner Participant, shall execute a supplement to this Trust Agreement for the purpose of adding provisions to, or changing or eliminating provisions of, this Trust Agreement (except Section 11.11) as specified in such request, and (ii) the Owner Trustee shall, subject to compliance with the applicable provisions of Article VIII of the Trust Indenture, enter into such written amendment of or supplement to any other Operative Document to which the Owner Trustee is a party as the Indenture Trustee and Lessee (and, in the case of the Purchase Agreement or the Purchase Agreement Assignment, the Manufacturer) may agree to and as may be specified in such request, or execute and deliver such written waiver or modification of or consent under the terms of any such Operative Document as Lessee and, unless the lien of the Trust Indenture has been discharged, the Indenture Trustee may agree to and as may be specified in such request; provided, however, that Lessee may consent to any change order with respect to or other amendment or modification of the Purchase Agreement without the consent or agreement of any other person to the extent provided in the Purchase Agreement Assignment. Notwithstanding the foregoing, except to the extent permitted by Section 9(d) of the Participation Agreement, no supplement to this Trust Agreement or waiver or modification to the terms hereof shall be permitted.

(b) Delivery of Amendments and Supplements to Certain Parties. Until the Trust Indenture shall have been discharged pursuant to Section 10.01 thereof, a signed copy of each amendment or supplement referred to in Section 10.01(a)(i) shall be delivered by the Owner Trustee to the Indenture Trustee without in any way affecting the Trust Indenture or the Certificates and without imposing any duty on the Indenture Trustee with respect to such amendment or supplement.

Section 10.02. Discretion as to Execution of Documents. If in the opinion of the Owner Trustee any document required to be executed pursuant to the terms of

Section 10.01 adversely affects any right, duty, immunity or indemnity in favor of the Owner Trustee hereunder or under any other Operative Document to which the Owner Trustee is a party, the Owner Trustee may in its discretion decline to execute such document.

Section 10.03. Absence of Requirements as to Form. It shall not be necessary for any written request furnished pursuant to Section 10.01 to specify the particular form of the proposed documents to be executed pursuant to such Section, but it shall be sufficient if such request shall indicate the substance thereof.

Section 10.04. Distribution of Documents. Promptly after the execution by the Owner Trustee of any document entered into pursuant to Section 10.01, the Owner Trustee shall mail, by certified mail, postage prepaid, a conformed copy thereof to the Owner Participant, but the failure of the Owner Trustee to mail such conformed copy shall not impair or affect the validity of such document.

Section 10.05. No Request Needed as to Lease Supplements. No written request pursuant to Section 10.01 shall be required to enable the Owner Trustee to enter into any Lease Supplement with Lessee pursuant to Section 3.01 or Section 3.04 or to enter into any Trust Agreement and Indenture Supplement with the Indenture Trustee pursuant to Section 3.01 or Section 3.04.

## ARTICLE XI

### MISCELLANEOUS

Section 11.01. Termination of Trust Agreement. This Trust Agreement and the trusts created hereby shall terminate and this Trust Agreement shall be of no further force or effect upon the earliest of (a) the later of (x) the final discharge of the Trust Indenture pursuant to Section 10.01 thereof and the sale or other final disposition by the Owner Trustee of all property constituting part of the Trust Estate and the final distribution by the Owner Trustee of all monies or other property or proceeds constituting part of the Trust Estate in accordance with Article IV hereof, provided that at such time Lessee shall have fully complied with all of the terms of the Participation Agreement and the Lease, and (y) the expiration or

termination of the Lease in accordance with its terms, (b) one hundred ten (110) years following the earliest execution of this Trust Agreement by any party hereto (or, without limiting the generality of the foregoing, if legislation shall become effective providing for the validity or permitting the effective grant of such rights, privileges and options for a period in gross, exceeding the period for which such rights, privileges and options are hereinabove stated to extend and be valid), then such rights, privileges or options shall not terminate as aforesaid but shall extend to and continue in effect, but only if such non-termination and extension shall then be valid under applicable law until such time as the same shall under applicable law cease to be valid, whereupon all monies or other property or proceeds constituting part of the Trust Estate shall be distributed in accordance with the terms of Article IV hereof, or (c) the election of the Owner Participant by notice to the Owner Trustee to revoke the trust created hereby; otherwise this Trust Agreement and the trusts created hereby shall continue in full force and effect in accordance with the terms hereof. Notwithstanding the foregoing, the provisions of Section 9(d) of the Participation Agreement shall apply hereto.

Section 11.02. The Owner Participant Has No Legal Title in Trust Estate. The Owner Participant does not have legal title to any part of the Trust Estate. No transfer, by operation of law or otherwise, of any right, title and interest of the Owner Participant in and to the Trust Estate hereunder shall operate to terminate this Trust Agreement or the trusts hereunder or entitle any successors or transferees of the Owner Participant to an accounting or to the transfer of legal title to any part of the Trust Estate.

Section 11.03. Assignment, Sale, etc., of Aircraft. Any assignment, sale, transfer or other conveyance of the Aircraft by the Owner Trustee made pursuant to the terms hereof or of the Lease or the Participation Agreement shall bind the Owner Participant and shall be effective to transfer or convey all right, title and interest of the Owner Trustee and the Owner Participant in and to the Aircraft. No purchaser or other grantee shall be required to inquire as to the authorization, necessity, expediency or regularity of such assignment, sale, transfer or conveyance or as to the application of any sale or other proceeds with respect thereto by the Owner Trustee.

Section 11.04. Trust Agreement for Benefit of Certain Parties Only. Except for the terms of Section 4.01, Article IX, Section 10.01 and Section 11.01 hereof and Section 16(c) of the Participation Agreement incorporated in Article VIII hereof, nothing herein, whether express or implied, shall be construed to give any person other than the Owner Trustee and the Owner Participant any legal or equitable right, remedy or claim under or in respect of this Trust Agreement; but this Trust Agreement shall be held to be for the sole and exclusive benefit of the Owner Trustee and the Owner Participant.

Section 11.05. Notices. Unless otherwise expressly specified or permitted by the terms hereof, all notices shall be in writing, mailed by certified mail, postage prepaid, and (i) if to the Owner Trustee, addressed to it at its office at Rodney Square North, Wilmington, Delaware 19890, Attention: Corporate Trust Administration (AA 1992 AF-2), (ii) if to the Indenture Trustee, addressed to it at its office at 600 Peachtree Street, N.E., Suite 900, Atlanta, Georgia 30308, Attention: Corporate Trust Department (AA 1992 AF-2), (iii) if to the Owner Participant, addressed to it at such address as it shall have furnished by notice to the Owner Trustee, or, until an address is so furnished, addressed to it at its address set forth in the Participation Agreement, or (iv) if to Lessee, addressed to it at its address set forth in the Lease, or to any of the above parties at any other address subsequently specified in writing by it to each of the other parties. Whenever any notice in writing is required to be given hereunder by the Owner Trustee or the Owner Participant, such notice shall be deemed given and such requirements satisfied if such notice is mailed by certified mail, postage prepaid, or is sent by telex (confirmed promptly by certified mail, postage prepaid), in each case addressed as provided above.

Section 11.06. Severability. Section 4.02. Method of Payments. The Owner Trustee shall make distributions or cause distributions to be made to (i) the Owner Participant pursuant to this Article IV by transferring by wire transfer in immediately available funds the amount to be distributed to such account or accounts of the Owner Participant as it may designate from time to time by written notice to the Owner

Trustee (and the Owner Trustee shall use reasonable efforts to cause such funds to be transferred by wire transfer on the same day as received, but in any case not later than the next succeeding Business Day), and (ii) the Indenture Trustee pursuant to this Article IV by paying the amount to be distributed to the Indenture Trustee in the manner specified in the Trust Indenture; provided, however, that the Owner Trustee shall invest overnight, for the benefit of the Owner Participant, in investments that would be permitted by Section 25 of the Lease (but only to the extent such investments are available and, if such investments are not available, then in such other investments available to the Owner Trustee which, after consultation with the Owner Participant, the Owner Participant shall direct) all funds not transferred by wire transfer on the same day as they were received. Notwithstanding the foregoing but subject always to the provisions of and lien created by the Trust Indenture, the Owner Trustee will, if so requested by the Owner Participant by written notice, pay any and all amounts payable by the Owner Trustee hereunder to the Owner Participant either (i) by crediting, or causing the Indenture Trustee to credit, such amount or amounts to an account or accounts maintained by the Owner Participant with the Owner Trustee in its individual capacity or with the Indenture Trustee, as the case may be, in immediately available funds, or (ii) by mailing, or causing the Indenture Trustee to mail, an official bank check or checks in such amount or amounts payable to the Owner Participant at such address as the Owner Participant shall have designated in writing to the Owner Trustee.

##### DUTIES OF THE OWNER TRUSTEE

Section 5.01. Notice of Event of Default. If the Owner Trustee shall have knowledge of a Lease Event of Default or an Indenture Event of Default (or an event that, with the passage of time or the giving of notice or both, would constitute a Lease Event of Default or an Indenture Event of Default), the Owner Trustee shall give to the Owner Participant and Lessee prompt telephonic or telex notice thereof followed by prompt confirmation thereof by certified mail, postage prepaid. Subject to the terms of Section 5.03, the Owner Trustee shall take such action or shall refrain from taking such action, not

inconsistent with the provisions of the Operative Documents, with respect to such Lease Event of Default or Indenture Event of Default or event as the Owner Trustee shall be directed in writing by the Owner Participant. For all purposes of this Trust Agreement and the Lease, the Owner Trustee shall not be deemed to have knowledge of a Lease Event of Default or an Indenture Event of Default or an event that, with the passage of time or the giving of notice or both, would constitute a Lease Event of Default or an Indenture Event of Default unless notified in writing thereof in the manner and at the address set forth in Section 11.05 or unless an officer in the Corporate Trust Administration of the Owner Trustee has actual knowledge thereof.

Section 5.02. Action Upon Instructions. Subject in all respects to the terms of Sections 5.01 and 5.03 and to the terms of the other Operative Documents, upon the written instructions at any time and from time to time of the Owner Participant, the Owner Trustee will take such of the following actions as may be specified in such instructions: (i) give such notice or direction or exercise such right, remedy or power hereunder or under any of the Operative Documents to which the Owner Trustee is a party, or in respect of all or any part of the Trust Estate, as shall be specified in such instructions; (ii) take such action to preserve or protect the Trust Estate (including the discharge of any liens or encumbrances) as may be specified in such instructions; (iii) approve as satisfactory to it all matters required by the terms of the Lease and the other Operative Documents to be satisfactory to the Owner Trustee, it being understood that without written instructions of the Owner Participant, the Owner Trustee shall not approve any such matter as satisfactory to it; and (iv) subject to the rights of Lessee under the Operative Documents, after the expiration or earlier termination of the Lease, convey all of the Owner Trustee's right, title and interest in and to the Aircraft for such amount, on such terms and to such purchaser or purchasers as shall be designated in such instructions, or lease the Aircraft on a net lease basis on such terms as shall be set forth in such instructions or deliver the Aircraft to the Owner Participant in accordance with such instructions. In the event that the Owner Trustee is unsure of the application of any provision of this Trust Agreement or any other agreement relating to the transactions contemplated hereby, the Owner Trustee

may request and rely upon instructions of the Owner Participant.

Section 5.03. Indemnification. The Owner Trustee shall not be required to take or refrain from taking any action under Section 5.01 or 5.02 (other than the giving of notices required of the Owner Trustee therein) unless the Owner Trustee shall have been indemnified by the Owner Participant, in manner and form satisfactory to the Owner Trustee, against any liability, cost or expense (including reasonable counsel fees and disbursements) which may be incurred in connection therewith; and, if the Owner Participant shall have directed the Owner Trustee to take or refrain from taking any such action, the Owner Participant agrees to furnish such indemnity as shall be required and, in addition (to the extent not otherwise paid pursuant to the Participation Agreement or the Lease), to pay the reasonable fees and charges of the Owner Trustee for the services performed or to be performed by it pursuant to such direction. The Owner Trustee shall not be required to take any action under Section 5.01 or 5.02 if the Owner Trustee shall reasonably determine, or shall have been advised by counsel, that such action is contrary to the terms of any of the Operative Documents to which the Owner Trustee is a party, or is otherwise contrary to law.

Section 5.04. No Duties Except as Specified in Trust Agreement or Instructions. The Owner Trustee shall not have any duty or obligation to manage, control, use, sell, dispose of or otherwise deal with the Aircraft or any other part of the Trust Estate, or otherwise to take or refrain from taking any action under, or in connection with any of the Operative Documents to which the Owner Trustee is a party, except as expressly required by the terms of any of the Operative Documents to which the Owner Trustee is a party, or (to the extent not inconsistent with the provisions of the Trust Indenture) as expressly provided by the terms hereof or in written instructions from the Owner Participant received pursuant to the terms of Section 5.01 or 5.02, and no implied duties or obligations shall be read into this Trust Agreement against the Owner Trustee. The Owner Trustee nevertheless agrees that it will, in its individual capacity and at its own cost and expense (but without any right of indemnity in respect of any such cost or expense under Section 7.01) promptly take such action as may be necessary duly to discharge and satisfy in full (i) all Lessor's Liens attributable to the

Owner Trustee in its individual capacity, (ii) any Liens (other than Lessor's Liens attributable to it in its individual capacity) created as a result of its breach of any of its obligations under this Trust Agreement (subject to the limitations on the liability of the Owner Trustee in its individual capacity set forth in Section 6.01) on any part of the Trust Estate, or on any properties of the Owner Trustee assigned, pledged or mortgaged as part of the Trust Estate, which arise from acts of the Owner Trustee in its individual capacity, except the lien created under the Trust Indenture, the rights of Lessee under the Lease and the rights of the Owner Participant hereunder, and (iii) any other liens or encumbrances attributable to the Owner Trustee in its individual capacity on any part of the Trust Estate which result from claims against the Owner Trustee in its individual capacity unrelated to the ownership of the Aircraft, the administration of the Trust Estate or the transactions contemplated by the Operative Documents.

Section 5.05. No Action Except Under Specified Documents or Instructions. The Owner Trustee shall have no power or authority to, and the Owner Trustee agrees that it will not, manage, control, use, sell, dispose of or otherwise deal with the Aircraft or any other part of the Trust Estate except (i) as expressly required by the terms of any of the Operative Documents to which the Owner Trustee is a party, (ii) as expressly provided by the terms hereof, or (iii) as expressly provided in written instructions from the Owner Participant pursuant to Section 5.01 or 5.02, but subject always to the provisions of, and the lien created by, the Trust Indenture.

## ARTICLE VI

### THE OWNER TRUSTEE

Section 6.01. Acceptance of Trusts and Duties. The Owner Trustee in its individual capacity accepts the trusts hereby created and agrees to perform the same but only upon the terms hereof applicable to it. The Owner Trustee in its individual capacity also agrees to receive and disburse all monies received by it constituting part of the Trust Estate upon the terms hereof. The Owner Trustee, in its individual capacity, shall not be answerable or accountable under any circumstances, except for (i) its own willful misconduct or gross negligence,

(ii) its performance of the terms of the last sentence of Section 5.04, (iii) its failure to use ordinary care in receiving or disbursing funds, (iv) liabilities that may result from the inaccuracy of any representation or warranty of the Owner Trustee in its individual capacity (or from the failure by the Owner Trustee in its individual capacity to perform any covenant made in its individual capacity) in Section 6.03, or in any of the Operative Documents to which the Owner Trustee is a party, and (v) taxes, fees or other charges on, based on or measured by any fees, commissions or other compensation received by the Owner Trustee as compensation for its services rendered as the Owner Trustee; provided, however, that the failure to act or perform in the absence of instructions after the Owner Trustee has requested instructions from the Owner Participant pursuant to the last sentence of Section 5.02 shall not constitute willful misconduct or gross negligence for purposes of clause (i) of this Section 6.01.

Section 6.02. Absence of Certain Duties. Except in accordance with written instructions furnished pursuant to Section 5.01, 5.02 and except as provided in, and without limiting the generality of, Section 5.04 and the last sentence of Section 9.01(b), the Owner Trustee shall have no duty (i) to see to any registration of the Aircraft or any recording or filing of the Lease, this Trust Agreement, the Trust Indenture or of any supplement to any thereof or to see to the maintenance of any such registration, rerecording or refiling, except that the Owner Trustee shall notify the Federal Aviation Administration of changes in its mailing address pursuant to 14 C.F.R. Section 47.45 and the Owner Trustee shall (x) take such other action as may be required of the Owner Trustee to maintain the registration of the Aircraft in the name of the Owner Trustee under the Federal Aviation Act or, to the extent the Aircraft is registered in a country other than the United States pursuant to Section 7 of the Lease, other applicable law and (y) to the extent that information for that purpose is supplied by Lessee pursuant to any of the Operative Documents, complete and timely submit any and all reports relating to the Aircraft which may from time to time be required by the Federal Aviation Administration or any government or governmental authority having jurisdiction, (ii) to see to any insurance on the Aircraft or to effect or maintain any such insurance, whether or not Lessee shall be in default with respect thereto, other than to forward to the Owner Par-

Participant copies of all reports and other information which the Owner Trustee receives from Lessee pursuant to Section 11 of the Lease, (iii) to see to the payment or discharge of any tax, assessment or other governmental charge or any lien or encumbrance of any kind owing with respect to or assessed or levied against any part of the Trust Estate except as provided by Section 9(c) of the Participation Agreement and Section 4.01 of the Trust Indenture, (iv) to confirm or verify any financial statements of Lessee or (v) to inspect the Aircraft or Lessee's books and records with respect to the Aircraft.

Section 6.03. No Representations or Warranties as to Certain Matters. THE OWNER TRUSTEE IN ITS INDIVIDUAL CAPACITY OR AS THE OWNER TRUSTEE DOES NOT MAKE AND SHALL NOT BE DEEMED TO HAVE MADE (a) ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, AS TO THE TITLE, AIRWORTHINESS, VALUE, CONDITION, WORKMANSHIP, DESIGN, OPERATION, MERCHANTABILITY OR FITNESS FOR USE FOR A PARTICULAR PURPOSE OF THE AIRCRAFT OR ANY ENGINE THEREOF, AS TO THE ABSENCE OF LATENT OR OTHER DEFECTS (WHETHER OR NOT DISCOVERABLE), AS TO THE ABSENCE OF ANY INFRINGEMENT OF ANY PATENT, TRADEMARK OR COPYRIGHT, AS TO THE ABSENCE OF OBLIGATIONS BASED ON STRICT LIABILITY IN TORT, OR ANY OTHER REPRESENTATION OR WARRANTY WITH RESPECT TO THE AIRCRAFT OR ANY ENGINE WHATSOEVER, except that the Owner Trustee in its individual capacity warrants that on the Delivery Date the Owner Trustee has received whatever title to the Aircraft was conveyed to it by Lessee and shall be in compliance with the last sentence of Section 5.04 hereof and that the Aircraft shall during the Term be free of Lessor's Liens attributable to it in its individual capacity, or (b) any representation or warranty as to the validity, legality or enforceability of this Trust Agreement or any other Operative Document to which the Owner Trustee is a party, or any other document or instrument, or as to the correctness of any statement contained in any thereof except to the extent that any such statement is expressly made herein or therein as a representation by the Owner Trustee in its individual capacity and except that the Owner Trustee in its individual capacity hereby represents and warrants that this Trust Agreement has been, and (assuming the due authorization, execution and delivery of this Trust Agreement by the Owner Participant) the Operative Documents to which the Owner Trustee is a party have been (or at the time of execution and delivery of any such instrument by the Owner Trustee hereunder or pursuant to the terms of the Partici-

pation Agreement that such an instrument will be) duly executed and delivered by one of its officers who is or will be, as the case may be, duly authorized to execute and deliver such instruments on behalf of the Owner Trustee and that this Trust Agreement has been duly authorized, executed and delivered by the institution acting as the Owner Trustee and constitutes the legal, valid and binding obligation of such institution enforceable against it in accordance with its terms, except as such terms may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the rights of creditors generally and by general principles of equity.

Section 6.04. No Segregation of Monies Required; Investment Thereof. Monies received by the Owner Trustee hereunder need not be segregated in any manner except to the extent required by law, and may be deposited under such general conditions as may be prescribed by law, and shall be invested as provided in Section 4.02 hereof or Section 25 of the Lease.

Section 6.05. Reliance Upon Certificates, Counsel and Agents. The Owner Trustee shall incur no liability to anyone in acting in reliance upon any signature, instrument, notice, resolution, request, consent, order, certificate, report, opinion, bond or other document or paper reasonably believed by it to be genuine and reasonably believed by it to be signed by the proper party or parties. Unless other evidence in respect thereof is specifically prescribed herein, any request, direction, order or demand of the Owner Participant, Lessee or the Indenture Trustee mentioned herein or in any of the other Operative Documents to which the Owner Trustee is a party shall be sufficiently evidenced by written instruments signed by a person purporting to be an officer of the Owner Participant, Lessee or the Indenture Trustee, as the case may be. The Owner Trustee may accept a copy of a resolution of the Board of Directors of Lessee or the Owner Participant, as the case may be, certified by the Secretary or an Assistant Secretary of Lessee, the Owner Participant or the Indenture Trustee, as the case may be, as duly adopted and in full force and effect, as conclusive evidence that such resolution has been duly adopted by said Board and that the same is in full force and effect. As to any fact or matter the manner of ascertainment of which is not specifically described herein, the Owner Trustee may for all purposes hereof rely on a certificate signed by an officer of Lessee or the Owner

Participant or the Indenture Trustee, as the case may be, as to such fact or matter, and such certificate shall constitute full protection to the Owner Trustee for any action taken or omitted to be taken by it in good faith in reliance thereon.

Section 6.06. Not Acting in Individual Capacity. In acting hereunder, the Owner Trustee acts solely as trustee and not in its individual capacity except as otherwise expressly provided herein; and, except as may be otherwise expressly provided in this Trust Agreement, the Lease, the Participation Agreement or the Trust Indenture, all persons having any claim against the Owner Trustee by reason of the transactions contemplated hereby shall look only to the Trust Estate for payment or satisfaction thereof.

Section 6.07. Fees; Compensation. Except as provided in Section 4.01(b), 5.03, 6.08 or 7.01, the Owner Trustee agrees that it shall have no right against the Owner Participant or (subject to the provisions of the Trust Indenture) the Trust Estate for any fee as compensation for its services hereunder.

Section 6.08. Tax Returns. The Owner Trustee shall be responsible for the keeping of all appropriate books and records relating to the receipt and disbursement by it of all monies under this Trust Agreement or any agreement contemplated hereby. The Owner Participant shall be responsible for causing to be prepared and filed, at its expense, all income tax returns required to be filed by the Owner Participant. The Owner Trustee shall be responsible for causing to be prepared, at the request of the Owner Participant, all income tax returns required to be filed with respect to the trust created hereby and shall execute and file such returns. The Owner Participant, upon request, will furnish the Owner Trustee with all such information as may be reasonably required from the Owner Participant in connection with the preparation of such income tax returns.

## ARTICLE VII

INDEMNIFICATION OF THE OWNER TRUSTEE  
BY THE OWNER PARTICIPANT

Section 7.01. The Owner Participant to Indemnify the Owner Trustee. The Owner Participant hereby agrees, whether or not any of the transactions contemplated hereby shall be consummated, to assume liability for, and does hereby indemnify, protect, save and keep harmless the Owner Trustee in its individual capacity, and its successors, assigns, legal representatives, agents and servants, from and against any and all liabilities, obligations, losses, damages, penalties, taxes (excluding any taxes payable by the Owner Trustee in its individual capacity on or measured by any compensation received by the Owner Trustee in its individual capacity for its services hereunder), claims, actions or suits or reasonable costs, expenses or disbursements (including, without limitation, reasonable legal fees and expenses) of any kind and nature whatsoever which may be imposed on, incurred by or asserted against the Owner Trustee in its individual capacity (whether or not also indemnified against by Lessee under the Lease or under the Participation Agreement or also indemnified against by the Manufacturer or any other Person) in any way relating to or arising out of this Trust Agreement or any of the Operative Documents or the enforcement of any of the terms of any thereof, or in any way relating to or arising out of the manufacture, purchase, acceptance, rejection, ownership, delivery, lease, possession, use, operation, condition, sale, return or other disposition of the Aircraft or any Engine (including, without limitation, latent and other defects, whether or not discoverable, and any claim for patent, trademark or copyright infringement), or in any way relating to or arising out of the administration of the Trust Estate or the action or inaction of the Owner Trustee hereunder, except (a) in the case of willful misconduct or gross negligence on the part of the Owner Trustee either as trustee or in its individual capacity in the performance or nonperformance of its duties hereunder or (b) those resulting from the inaccuracy of any representation or warranty of the Owner Trustee in its individual capacity (or from the failure of the Owner Trustee in its individual capacity to perform any covenant) in Section 6.03, or in any of the Operative Documents, or (c) those arising or resulting from any of the matters described in the last sentence of Section 6.01, or (d) those resulting from

its failure to perform the terms of the last sentence of Section 5.04 hereof or from the failure to use ordinary care in the receipt and disbursement of funds. The indemnities contained in this Section 7.01 extend to the Owner Trustee only in its individual capacity and shall not be construed as indemnities of the Indenture Estate or the Trust Estate (except to the extent, if any, that the Owner Trustee has been reimbursed by Lessee pursuant to the Lease for amounts covered by the indemnities contained in this Section 7.01). The indemnities contained in this Section 7.01 shall survive the termination of this Trust Agreement. In addition, if necessary, the Owner Trustee shall be entitled to indemnification from the Trust Estate, subject however to the provisions of Section 4.01 hereof and the lien created under the Trust Indenture, for any liability, obligation, loss, damage, penalty, tax, claim, action, suit, cost, expense or disbursement indemnified against pursuant to this Section 7.01 to the extent not reimbursed by Lessee, the Owner Participant or others, but without releasing any of them from their respective agreements of reimbursement; and to secure the same the Owner Trustee shall have a lien on the Trust Estate, subject however to the provisions of Section 4.01 hereof and the lien created under the Trust Indenture, which lien of the Owner Trustee shall be prior to any interest therein of the Owner Participant.

#### ARTICLE VIII

##### TRANSFER OF THE OWNER PARTICIPANT'S INTEREST

Section 8.01. Transfer of Interest. All provisions of Section 16(c) of the Participation Agreement shall (with the same force and effect as if set forth in full, mutatis mutandis, in this Section 8.01) be applicable to any assignment, conveyance or other transfer by the Owner Participant of its right, title or interest in and to this Trust Agreement or any of the Operative Documents to which the Owner Trustee is a party or any proceeds therefrom.

## ARTICLE IX

## SUCCESSOR OWNER TRUSTEES; CO-TRUSTEES

Section 9.01. Resignation of the Owner Trustee; Appointment of Successor. (a) Resignation or Removal. The Owner Trustee or any successor Owner Trustee may resign at any time without cause by giving at least 60 days' prior written notice to the Owner Participant, the Indenture Trustee and Lessee, such resignation to be effective upon the acceptance of appointment by the successor Owner Trustee under Section 9.01(b). In addition, subject to Section 9(d) of the Participation Agreement, the Owner Participant may at any time remove the Owner Trustee without cause by a notice in writing delivered to the Owner Trustee, the Indenture Trustee and Lessee, such removal to be effective upon the acceptance of appointment by the successor Owner Trustee under Section 9.01(b). In the case of the resignation or removal of the Owner Trustee, subject to Section 9(d) of the Participation Agreement, the Owner Participant may appoint a successor Owner Trustee by an instrument in writing signed by the Owner Participant. If a successor Owner Trustee shall not have been appointed within 30 days after such notice of resignation or removal, the Owner Trustee, Lessee or the Indenture Trustee may apply to any court of competent jurisdiction to appoint a successor Owner Trustee to act until such time, if any, as a successor shall have been appointed as above provided. Any successor Owner Trustee so appointed by such court shall immediately and without further act be superseded by any successor Owner Trustee appointed as above provided within one year from the date of the appointment by such court.

(b) Execution and Delivery of Documents, etc. Any successor Owner Trustee, however appointed, shall execute and deliver to the predecessor Owner Trustee an instrument accepting such appointment, and thereupon such successor Owner Trustee, without further act, shall become vested with all the estates, properties, rights, powers, duties and trusts of the predecessor Owner Trustee in the trusts hereunder with like effect as if originally named the Owner Trustee herein; but nevertheless, upon the written request of such successor Owner Trustee, such predecessor Owner Trustee shall execute and deliver an instrument transferring to such successor Owner Trustee, upon the trusts herein expressed, all the estates, properties, rights, powers and trusts of such predecessor Owner Trust-

ee, and such predecessor Owner Trustee shall duly assign, transfer, deliver and pay over to such successor Owner Trustee all monies or other property then held by such predecessor Owner Trustee upon the trusts herein expressed. Upon the appointment of any successor Owner Trustee hereunder, the predecessor Owner Trustee will complete, execute and deliver to the successor Trustee such documents as are necessary to cause registration of the Aircraft included in the Trust Estate to be transferred upon the records of the Federal Aviation Administration, or other governmental authority having jurisdiction, into the name of the successor Owner Trustee.

(c) Qualification. Any successor Owner Trustee, however appointed, shall be a "citizen of the United States" within the meaning of Section 101(16) of the Federal Aviation Act, and shall also be a bank or trust company organized under the laws of the United States or any state thereof having a combined capital and surplus of at least \$100,000,000 (or having a combined capital and surplus of at least \$25,000,000 and the obligations of which are guaranteed by a corporation or a bank or trust company having a combined capital and surplus of at least \$100,000,000), if there be such an institution willing, able and legally qualified to perform the duties of the Owner Trustee hereunder upon reasonable and customary terms.

(d) Merger, etc. Any corporation into which the Owner Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Owner Trustee shall be a party, or any corporation to which substantially all the corporate trust business of the Owner Trustee may be transferred, shall, subject to the terms of Section 9.01(c), be the Owner Trustee hereunder without further act.

Section 9.02. Co-Trustees and Separate Trustees. If at any time or times it shall be necessary or prudent in order to conform to any applicable law of any jurisdiction in which all or any part of the Trust Estate is located, or the Owner Trustee shall be advised by counsel that it is so necessary or prudent in the interest of the Owner Participant or the Owner Trustee, or the Owner Trustee shall have been directed to do so by the Owner Participant, the Owner Trustee and the Owner Participant shall, subject to Section 9(d) of the Participation Agree-

ment, execute and deliver an agreement supplemental hereto and all other instruments and agreements necessary or proper to constitute another bank or trust company or one or more persons (any and all of which shall be a "citizen of the United States" as defined in Section 101(16) of the Federal Aviation Act) approved by the Owner Trustee, Lessee and the Owner Participant, either to act as co-trustee or co-trustees, jointly with the Owner Trustee, or to act as separate trustee or trustees hereunder (any such co-trustee or separate trustee being herein sometimes referred to as an "additional trustee"). In the event (i) the Owner Participant shall not have joined in the execution of such agreements supplemental hereto within ten days after the receipt of a written request from the Owner Trustee so to do, or (ii) a Lease Event of Default shall occur and be continuing, the Owner Trustee may act under the foregoing provisions of this Section 9.02 without the concurrence of the Owner Participant; and the Owner Participant hereby appoints the Owner Trustee its agent and attorney-in-fact to act for it under the foregoing provisions of this Section 9.02 in either of such contingencies.

Every additional trustee hereunder shall, to the extent permitted by law, be appointed and act, and the Owner Trustee and its successors shall act, subject to the following provisions and conditions:

(A) all powers, duties, obligations and rights conferred upon the Owner Trustee in respect of the custody, control and management of monies, the Aircraft or documents authorized to be delivered hereunder shall be exercised solely by the corporation designated as the Owner Trustee in the first paragraph of this Trust Agreement, or its successors as the Owner Trustee hereunder;

(B) all other rights, powers, duties and obligations conferred or imposed upon the Owner Trustee shall be conferred or imposed upon and exercised or performed by the corporation designated as the Owner Trustee in the first paragraph of this Trust Agreement or its successor as the Owner Trustee, and such additional trustee or trustees jointly, except to the extent that under any law of any jurisdiction in which any particular act or acts are to be performed (including the holding of title to the Trust Estate), the Owner Trustee shall be incompetent or unqualified

to perform such act or acts, in which event such rights, powers, duties and obligations shall be exercised and performed by such additional trustee or trustees;

(C) no power given to, or which it is provided hereby may be exercised by, any such additional trustee or trustees shall be exercised hereunder by such additional trustee or trustees, except jointly with, or with the consent in writing of, the corporation designated as the Owner Trustee in this Trust Agreement or its successor as the Owner Trustee, anything herein contained to the contrary notwithstanding;

(D) no trustee hereunder shall be personally liable by reason of any act or omission of any other trustee hereunder;

(E) subject to Section 9(d) of the Participation Agreement, the Owner Participant, at any time, by an instrument in writing may remove any such additional trustee. In the event that the Owner Participant shall not have joined in the execution of any such instrument within ten days after the receipt of a written request from the Owner Trustee so to do, the Owner Trustee shall have the power to remove any such additional trustee without the concurrence of the Owner Participant; and the Owner Participant hereby appoints the Owner Trustee its agent and attorney-in-fact to act for it in such connection in such contingency; and

(F) no appointing of, or action by, any additional trustee will relieve the Owner Trustee of any of its obligations under, or otherwise affect any of the terms of the Trust Indenture or affect the interests of the Indenture Trustee or the holders of the Certificates in the Trust Estate.

## ARTICLE X

SUPPLEMENTS AND AMENDMENTS TO TRUST AGREEMENT  
AND OTHER DOCUMENTS

## Section 10.01. Supplements and Amendments.

(a) Supplements and Amendments. At any time and from time to time, upon the written request of the Owner Participant, (i) the Owner Trustee, together with the Owner Participant, shall execute a supplement to this Trust Agreement for the purpose of adding provisions to, or changing or eliminating provisions of, this Trust Agreement (except Section 11.11) as specified in such request, and (ii) the Owner Trustee shall, subject to compliance with the applicable provisions of Article VIII of the Trust Indenture, enter into such written amendment of or supplement to any other Operative Document to which the Owner Trustee is a party as the Indenture Trustee and Lessee (and, in the case of the Purchase Agreement or the Purchase Agreement Assignment, the Manufacturer) may agree to and as may be specified in such request, or execute and deliver such written waiver or modification of or consent under the terms of any such Operative Document as Lessee and, unless the lien of the Trust Indenture has been discharged, the Indenture Trustee may agree to and as may be specified in such request; provided, however, that Lessee may consent to any change order with respect to or other amendment or modification of the Purchase Agreement without the consent or agreement of any other person to the extent provided in the Purchase Agreement Assignment. Notwithstanding the foregoing, except to the extent permitted by Section 9(d) of the Participation Agreement, no supplement to this Trust Agreement or waiver or modification to the terms hereof shall be permitted.

(b) Delivery of Amendments and Supplements to Certain Parties. Until the Trust Indenture shall have been discharged pursuant to Section 10.01 thereof, a signed copy of each amendment or supplement referred to in Section 10.01(a)(i) shall be delivered by the Owner Trustee to the Indenture Trustee without in any way affecting the Trust Indenture or the Certificates and without imposing any duty on the Indenture Trustee with respect to such amendment or supplement.

Section 10.02. Discretion as to Execution of Documents. If in the opinion of the Owner Trustee any document required to be executed pursuant to the terms of

Section 10.01 adversely affects any right, duty, immunity or indemnity in favor of the Owner Trustee hereunder or under any other Operative Document to which the Owner Trustee is a party, the Owner Trustee may in its discretion decline to execute such document.

Section 10.03. Absence of Requirements as to Form. It shall not be necessary for any written request furnished pursuant to Section 10.01 to specify the particular form of the proposed documents to be executed pursuant to such Section, but it shall be sufficient if such request shall indicate the substance thereof.

Section 10.04. Distribution of Documents. Promptly after the execution by the Owner Trustee of any document entered into pursuant to Section 10.01, the Owner Trustee shall mail, by certified mail, postage prepaid, a conformed copy thereof to the Owner Participant, but the failure of the Owner Trustee to mail such conformed copy shall not impair or affect the validity of such document.

Section 10.05. No Request Needed as to Lease Supplements. No written request pursuant to Section 10.01 shall be required to enable the Owner Trustee to enter into any Lease Supplement with Lessee pursuant to Section 3.01 or Section 3.04 or to enter into any Trust Agreement and Indenture Supplement with the Indenture Trustee pursuant to Section 3.01 or Section 3.04.

## ARTICLE XI

### MISCELLANEOUS

Section 11.01. Termination of Trust Agreement. This Trust Agreement and the trusts created hereby shall terminate and this Trust Agreement shall be of no further force or effect upon the earliest of (a) the later of (x) the final discharge of the Trust Indenture pursuant to Section 10.01 thereof and the sale or other final disposition by the Owner Trustee of all property constituting part of the Trust Estate and the final distribution by the Owner Trustee of all monies or other property or proceeds constituting part of the Trust Estate in accordance with Article IV hereof, provided that at such time Lessee shall have fully complied with all of the terms of the Participation Agreement and the Lease, and (y) the expiration or

termination of the Lease in accordance with its terms, (b) one hundred ten (110) years following the earliest execution of this Trust Agreement by any party hereto (or, without limiting the generality of the foregoing, if legislation shall become effective providing for the validity or permitting the effective grant of such rights, privileges and options for a period in gross, exceeding the period for which such rights, privileges and options are hereinabove stated to extend and be valid), then such rights, privileges or options shall not terminate as aforesaid but shall extend to and continue in effect, but only if such non-termination and extension shall then be valid under applicable law until such time as the same shall under applicable law cease to be valid, whereupon all monies or other property or proceeds constituting part of the Trust Estate shall be distributed in accordance with the terms of Article IV hereof, or (c) the election of the Owner Participant by notice to the Owner Trustee to revoke the trust created hereby; otherwise this Trust Agreement and the trusts created hereby shall continue in full force and effect in accordance with the terms hereof. Notwithstanding the foregoing, the provisions of Section 9(d) of the Participation Agreement shall apply hereto.

For purposes of the preceding sentence, the term "Equity Portion" shall mean an amount equal to the excess, if any, of the amount calculated pursuant to clause (i) of such preceding sentence over the aggregate unpaid principal of, and the aggregate unpaid accrued interest on, the outstanding Certificates as of such Casualty Loss Determination Date. Anything contained herein or in the Participation Agreement to the contrary notwithstanding, Termination Value for the Aircraft (both before and after any adjustment pursuant to Section 3(e) or any deduction pursuant to Section 3(f)) will, under any circumstances and in any event, be an amount which, together with any other amounts required to be paid by Lessee hereunder in connection with such Event of Loss (other than Supplemental Rent payable in respect of the Break Amount, if any, and amounts other than principal or interest owing to the holders of Certificates under the Trust Indenture in connection with such Event of Loss), will be at least sufficient to pay in full as of the date of the payment thereof the aggregate unpaid principal of the outstanding Certificates together with all unpaid interest thereon accrued to the date on which such payment is paid in accordance with the terms hereof. The Termination Value Percentages set forth in Exhibit C to the Rent Schedule have been computed on the assumption that each Certificate will bear interest throughout the term at the Assumed Debt Rate for such Certificate. Section 2. Acceptance and Leasing of Aircraft. Lessor hereby agrees (subject to satisfaction or waiver of the conditions set forth in Section 4 of the Participation Agreement) to accept delivery of, and simultaneously to lease to Lessee hereunder, and Lessee hereby agrees (subject to satisfaction or waiver of the conditions set forth

in Section 11 of the Participation Agreement) to lease from Lessor hereunder, the Aircraft, as evidenced by the execution by Lessor and Lessee of a Lease Supplement covering the Aircraft. Lessor shall authorize one or more employees or agents of Lessee, designated by Lessee, as the authorized representative or representatives of Lessor to accept delivery of the Aircraft pursuant to the Participation Agreement. Lessee hereby agrees to deliver the Aircraft within the United States to Lessor, and Lessor hereby authorizes one or more employees or agents of Lessee, designated by Lessee, as the authorized representative or representatives of Lessor to ultimately deliver the Aircraft outside the United States within one year after the date of the acceptance of delivery of the Aircraft from Lessee under the Participation Agreement, as contemplated by Section 5(d) of the Tax Indemnity Agreement. Section 3. Term and Rent. (a) Term. Except as otherwise provided herein, the Term for the lease of the Aircraft hereunder shall commence on the Delivery Date and end on the Base Lease Expiration Date.

(b) Basic Rent. Lessee hereby agrees to pay Lessor Basic Rent for the Aircraft throughout the Term in consecutive semiannual installments payable on each Lease Period Date commencing on the Base Lease Commencement Date. Each such installment of Basic Rent in respect of the Aircraft shall be in an amount determined by multiplying Lessor's Cost by the Basic Rent percentage set forth in Exhibit A to the Rent Schedule for the applicable Lease Period Date.

Although the Basic Rent percentages set forth in Exhibit A to the Rent Schedule have been computed on the assumption that each Certificate will bear interest at the Assumed Debt Rate for such Certificate throughout the Term, Lessor and Lessee recognize that the actual rate of interest on each Certificate may be a rate from time to time which may be greater or less than the Assumed Debt Rate for such Certificate and that the related basis upon which interest on the Certificates will be computed will be as provided in the Trust Indenture. Accordingly, each installment of Basic Rent shall be increased or decreased,

as the case may be, by an amount (the "Rent Differential Amount") equal to, as of any Lease Period Date on which Basic Rent is payable, the difference between (i) the aggregate amount of interest actually due and payable on such Lease Period Date on the Certificates for the period from and including the Lease Period Date next preceding such Lease Period Date to but excluding such Lease Period Date, determined as provided in the Trust Indenture, and (ii) the aggregate amount of interest on the Certificates that would have been due and payable on such Lease Period Date if each Certificate had borne interest at the Assumed Debt Rate for such Certificate for the period from and including the Lease Period Date next preceding such Lease Period Date to but excluding such Lease Period Date. If, as of any Lease Period Date on which Basic Rent is payable, the amount determined in accordance with clause (i) of the immediately preceding sentence shall be greater than the amount determined in accordance with clause (ii) of such sentence, the amount of Basic Rent payable on such Lease Period Date shall be increased by the Rent Differential Amount. If, as of any Lease Period Date on which Basic Rent is payable, the amount determined in accordance with such clause (ii) shall be greater than the amount determined in accordance with such clause (i), the amount of Basic Rent due on such Lease Period Date shall be decreased by the Rent Differential Amount. The interest actually accruing with respect to the Certificates shall be as specified by the notification to be delivered by the Indenture Trustee to Lessor, Lessee and the Owner Participant as provided in Section 1(c) of the Participation Agreement.

Anything contained herein or in the Participation Agreement to the contrary notwithstanding, each installment of Basic Rent (both before and after any adjustment pursuant to Section 3(e), or any deduction pursuant to Section 3(f)), as well as the amount of any Prepaid Rent paid pursuant to Section 3(f), together with any payment made by the Owner Participant under Section 16(a) of the Participation Agreement, shall be, under any circumstances and in any event, in an amount at least equal to, as of the due date of such installment, or Base Lease Commencement Date, as the case may be, the amount of principal of and interest on the Certificates required to be paid by Lessor pursuant to the Trust Indenture on the due date of such installment of Basic Rent or on the Base Lease Commencement Date, as the case may be. Further, and anything contained herein or in the Participation Agree-

ment to the contrary notwithstanding, Termination Value and Stipulated Loss Value for the Aircraft (both before and after any adjustment pursuant to Section 3(e), or any deduction pursuant to Section 3(f)) will, under any circumstances and in any event, be an amount which, together with any other amounts (excluding Excepted Payments) then required to be paid by Lessee hereunder in connection therewith, will be at least equal to, as of the date of payment thereof, the aggregate unpaid principal of the outstanding Certificates, together with all unpaid interest thereon accrued to the date on which such amount is paid in accordance with the terms hereof.

Basic Rent accrues or is earned with respect to each Lease Period in accordance with Exhibit A-1 to the Rent Schedule.

(c) Supplemental Rent. Lessee also agrees to pay to Lessor, or to whomsoever shall be entitled thereto, any and all Supplemental Rent promptly as the same shall become due and owing, and in the event of any failure on the part of Lessee to pay any Supplemental Rent, Lessor shall have all rights, powers and remedies provided for herein or by law or in equity or otherwise as in the case of nonpayment of Basic Rent. In addition, Lessee will pay as Supplemental Rent (i) on demand, an amount equal to interest at the applicable Overdue Rate on any part of any installment of Basic Rent not paid when due for any period for which the same shall be overdue and on any payment of Supplemental Rent not paid when due or demanded, as the case may be, for the period until the same shall be paid, (ii) in the case of any prepayment of the Certificates pursuant to Section 2.12 or 2.14 of the Trust Indenture or purchase of the Certificates pursuant to Section 2.13 of the Trust Indenture, on the date the same is payable by Lessor under the Trust Indenture, an amount equal to the Break Amount, if any, payable with respect to the Certificates and (iii) any amounts payable by Lessor under Section 2.18 of the Trust Indenture; provided that notwithstanding anything to the contrary set forth in any Operative Document or any document or instrument relating thereto, Lessee shall have no responsibility or liability for any amounts payable to any Loan Participant in respect of the Break Amount, if any, payable with respect to the Certificates, as a result of (i) a prepayment of the Certificates or a purchase of the Certificates pursuant to Section 2.13 of the Trust Indenture as a result of an Indenture Default that does not also constitute an Event

of Default or (ii) an Indenture Default that does not also constitute an Event of Default. All Supplemental Rent to be paid pursuant to this Section 3(c) shall be payable in the type of funds and in the manner set forth in Section 3(d).

(d) Payment to Lessor. All Rent shall be paid by Lessee to Lessor at its office at Rodney Square North, Wilmington, Delaware 19890, Attention: Corporate Trust Administration (AA 1992 AF-1), in funds consisting of lawful currency of the United States of America which shall be immediately available at such office of Lessor not later than 1:00 p.m., New York City time, on the date of payment, provided that so long as the Trust Indenture shall not have been discharged pursuant to the terms thereof, Lessor hereby directs, and each of Lessor and Lessee agrees, that all Rent (excluding Excepted Property) or other sums payable to Lessor hereunder or pursuant hereto shall be paid directly to the Indenture Trustee at the times and in funds of the type specified in this Section 3(d) at the offices of the Indenture Trustee at 600 Peachtree Street, N.E., Suite 900, Atlanta, Georgia 30308, Attention: Corporate Trust Department (AA 1992 AF-1), or at such other location in the United States as the Indenture Trustee may otherwise direct. Whenever the date scheduled for any payment of Rent to be made hereunder shall not be a Business Day, then such payment need not be made on such scheduled date but may be made on the next succeeding Business Day with the same force and effect as if made on such scheduled date and (provided such payment is made on such next succeeding Business Day) no interest shall accrue on the amount of such payment from and after such scheduled date to the time of such payment on such next succeeding Business Day.

(e) Adjustments to Basic Rent, Stipulated Loss Value and Termination Value. In the event that (i) the Transaction Costs (as such term is defined in Section 18(a) of the Participation Agreement) are less or more than 1.0% of Lessor's Cost, or (ii) prior to the acceptance of the Aircraft on the Delivery Date: (A) there shall have occurred a Change in Tax Law and (B) after having been advised in writing by the Owner Participant of such Change in Tax Law and the proposed adjustment to the payments of Basic Rent resulting therefrom, Lessee shall have waived its right under Section 11 of the Participation Agreement to decline to proceed with the transaction, or (iii) a refunding or refinancing as contemplated by

Section 17 or Section 20 of the Participation Agreement occurs, or (iv) the Delivery Date is other than June 17, 1992, or (v) if the Certificates are not refunded or refinanced on or prior to the Base Lease Commencement Date, the Excess Payment Amount (after adjustment for any Excess Payment Differential Amount) is other than \$2,534,836.99, then, in each such case, all payments of Basic Rent, Excess Payment Amount and Stipulated Loss Values and Termination Values with respect to the Term will, subject always to the penultimate paragraph of Section 3(b), be adjusted (upwards or downwards, as the case may be) in accordance with the provisions of Section 18 or Section 20, as applicable, of the Participation Agreement to preserve the Owner Participant's Net Economic Return, or the Owner Participant's Revised Net Economic Return, as the case may be, and, to the greatest extent possible, to minimize the net present value of the payments of Basic Rent. In addition, in the event of a refunding or refinancing as contemplated by Section 17 or Section 20 of the Participation Agreement, the Special Purchase Price Percentage and the Special Purchase Option Date shall be recalculated in accordance with the provisions of Section 18 or Section 20, as applicable, of the Participation Agreement.

(f) Prepayments of Certain Rent Payments. To the extent, if any, that there shall not have been received by the Indenture Trustee at the office of Indenture Trustee referred to in Section 3(d) hereof, by 1:00 p.m., New York City time, on the Base Lease Commencement Date from Lessor, an amount equal to the Excess Payment Amount, Lessee shall advance to Lessor on the Base Lease Commencement Date an amount equal to the Excess Payment Amount not so paid (such amount being herein called "Prepaid Rent") provided that Lessee will also pay to the Indenture Trustee, on demand, as Supplemental Rent, to the extent permitted by applicable law, interest at the Overdue Rate on any Excess Payment Amount not paid by the Owner Participant when due for any period for which the same shall be overdue. Any Rent prepaid pursuant to this Section 3(f) shall be offset against installments of Basic Rent in the order in which they become due, subject to the penultimate sentence of this paragraph. Lessor agrees to reimburse Lessee in the manner and subject to the conditions provided in the following sentence for (x) the Prepaid Rent so paid by Lessee determined as of the date such payment was made, plus (y) the Supplemental Rent so paid by Lessee pursuant to this Section 3(f) plus (z) accrued interest on

the unreimbursed portion thereof at a rate per annum equal to the Overdue Rate plus three percent (3%) from the date such amount is paid by Lessee to but not including the date of each such reimbursement (such amounts to be reimbursed being herein called the "Reimbursement Amount"). So long as no Event of Default has occurred and is continuing, Lessee may with written notice to the Owner Participant and Indenture Trustee offset (without duplication) against each succeeding payment (other than as limited by the proviso to this sentence) due from Lessee to Lessor in respect of Basic Rent, Stipulated Loss Value, Termination Value or any other amount due hereunder to Lessor, until Lessee has been fully reimbursed for the Reimbursement Amount; provided, however, that in the case of any payment due from Lessee which is distributable under the terms of the Indenture, Lessee's right of offset shall be limited to amounts distributable to Lessor or the Owner Participant thereunder. No such offset or aggregate combined effect of separate offsets shall reduce the amount of any installments of Basic Rent to an amount insufficient, together with all other amounts payable simultaneously by Lessee, to pay in full the payments then required to be made on account of the principal of and interest on the Certificates then outstanding. Notwithstanding any provision of this Section 3(f) to the contrary, Lessee's obligation to advance an amount equal to the Excess Payment Amount shall terminate at such time as its obligation to pay Basic Rent terminates under this Lease.

Section 4. Lessor's Representations, Warranties and Covenants; Quiet Enjoyment. (a) Lessor's Representations, Warranties and Covenants. NONE OF LESSOR (IN ITS INDIVIDUAL CAPACITY OR AS OWNER TRUSTEE), THE OWNER PARTICIPANT, ANY LOAN PARTICIPANT, OR THE INDENTURE TRUSTEE MAKES OR SHALL BE DEEMED TO HAVE MADE ANY REPRESENTATION OR WARRANTY, AND LESSEE HEREBY WAIVES, RELEASES AND RENOUNCES ANY REPRESENTATION OR WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, AS TO THE TITLE, AIRWORTHINESS, VALUE, CONDITION, WORKMANSHIP, DESIGN, OPERATION, MERCHANTABILITY OR FITNESS FOR USE FOR A PARTICULAR PURPOSE OF THE AIRCRAFT OR ANY ENGINE OR ANY PART THEREOF, AS TO THE ABSENCE OF LATENT OR OTHER DEFECTS, WHETHER OR NOT DISCOVERABLE, AS TO THE ABSENCE OF ANY INFRINGEMENT OF ANY PATENT, TRADEMARK OR COPYRIGHT, OR AS TO THE ABSENCE OF OBLIGATIONS BASED ON STRICT LIABILITY IN TORT, WHETHER IN STRICT OR ABSOLUTE LIABILITY OR ARISING FROM THE NEGLIGENCE OF LESSOR, INDENTURE TRUSTEE, ANY LOAN PARTICIPANT, OR THE OWNER PARTICIPANT, ACTUAL OR IMPUTED, OR ANY OTHER REPRE-

SENTATION OR WARRANTY WHATSOEVER, EXPRESS OR IMPLIED, except that Lessor in its individual capacity represents and warrants that on the Delivery Date Lessor shall have received whatever rights, title and interests in, to and under the Aircraft were conveyed to it by Lessee and Lessor represents, warrants and covenants in its individual capacity that the Aircraft shall be free of Lessor's Liens attributable to it in its individual capacity. Lessor also represents and warrants in its individual capacity that it is, in its individual capacity, a "citizen of the United States" as defined in Section 101(16) of the Federal Aviation Act (without the use of a voting trust agreement or voting powers agreement).

(b) Quiet Enjoyment. Lessor covenants that, so long as no Event of Default shall have occurred and be continuing, it will not take any action contrary to Lessee's rights under this Lease, or otherwise in any way interfere with the quiet enjoyment of the use and possession of the Aircraft, the Airframe or any Engine by Lessee or any sublessee, assignee or transferee under any sublease, assignment or transfer then in effect and permitted by the terms of this Lease.

Section 5. Return of Aircraft. (a) Return of Airframe and Engines. Upon the termination of this Lease at the end of the Term, a Renewal Term or pursuant to Section 9 or Section 15, unless Lessee shall have exercised its option to purchase the Aircraft pursuant to Section 9(e), 20(b) or 20(c), Lessee will return the Aircraft by delivering the same, at its own expense, to any airport chosen by Lessee in the United States which is on Lessee's route system or, if Lessor has requested storage pursuant to Section 5(d), to the location determined in accordance with Section 5(d), fully equipped with two Engines (which may be Replacement Engines), or other General Electric CF6-80C2B6 engines (or engines of the same or another manufacturer of a comparable or an improved model and suitable for installation and use on the Airframe) owned by Lessee (and each such engine shall be of the same make, model and manufacture as the other Engine or engine installed on the Airframe), duly installed thereon. At the time of such return, (A) such Airframe and Engines or engines (i) shall be, if the Aircraft is then registered under the laws of the United States, duly certificated as an airworthy aircraft by the Federal Aviation Administration or, if the Aircraft is not then registered under the laws of the United States as

provided in the penultimate sentence of this Section 5(a), shall be duly certificated as an airworthy aircraft by the central civil aviation authority of the jurisdiction in which the Aircraft is then registered, and, in addition, if the Aircraft is not registrable in the United States because one of the conditions specified in the proviso to such sentence apply, shall be eligible for certification as an airworthy aircraft by the Federal Aviation Administration, (ii) shall be free and clear of all Liens (other than Lessor's Liens and Permitted Liens of the type described in clause (i) or (iii) of Section 6), (iii) shall be in as good operating condition as when delivered to Lessee hereunder, ordinary wear and tear excepted, or, in the case of any such engines owned by Lessee, shall have a value and utility at least equal to, and shall be in as good operating condition as required by the terms hereof with respect to, Engines constituting part of the Aircraft but not then installed on the Airframe and (iv) in the event that Lessee does not use a progressive overhaul program in which no out-of-service phase with respect to the Airframe exceeds 240 hours or a condition-monitored maintenance program with respect to such Engines or engines, and Lessee adopts a time-related overhaul program with respect to the Airframe or a scheduled shop visit or module change maintenance program with respect to such Engines or engines, or both, such Airframe shall have at least 1,500 hours of operation remaining to the next heavy maintenance visit and the aggregate number of hours of operation on all such Engines or engines remaining until the next scheduled shop visit or module change shall be at least 3,000 hours and (B) such Aircraft shall, except as otherwise provided herein, be clean and in a configuration suitable for commercial passenger service, and shall be in compliance with all mandatory environmental, noise, air pollution and other standards prescribed by the Federal government of the United States of America and applicable to the Aircraft and shall have all of Lessee's and any other Person's exterior markings removed or painted over with the areas thereof refinished to match adjacent areas. In the event that Lessee has adopted a time-related overhaul program with respect to the Airframe and does not meet the above conditions with respect thereto, Lessee shall pay Lessor a dollar amount computed by multiplying (i) 115% of Lessee's direct cost (during the preceding twelve months) of such heavy maintenance visit by (ii) a fraction of which (x) the numerator shall be the difference between 1,500 hours and the actual number of hours of operation remaining on the Airframe to the next heavy

maintenance visit and (y) the denominator shall be the aggregate number of hours allowable between heavy maintenance visits. In the event that Lessee has adopted a scheduled shop visit or module change program with respect to such Engines or engines and Lessee does not meet the above conditions with respect to such Engines or engines, Lessee shall pay Lessor a dollar amount computed by multiplying (i) the product of (x) 115% of Lessee's direct cost (during the preceding twelve months) of such scheduled shop visit or module change and (y) the number of Engines or engines returned by (ii) a fraction of which (A) the numerator shall be the difference between 3,000 hours and the actual aggregate number of hours of operation remaining to the next scheduled shop visit or module change for the Engines or engines on the Aircraft and (B) the denominator shall be the aggregate number of hours allowable between scheduled shop visits or module changes for such Engines or engines. At the time of such return, Lessee will, unless requested by Lessor at least 90 days prior to such time of return to retain the existing registration of the Aircraft, cause the Aircraft, if it is not then so registered, to be registered under the laws of the United States with the Federal Aviation Administration in the name of Lessor or its designee; provided that Lessee shall be relieved of its obligations under this sentence if (x) such registration is prohibited by reason of the failure of Lessor, the Owner Participant or Lessor's designee to be eligible on such date to own an aircraft registered with the Federal Aviation Administration or (y) such registration is otherwise prohibited by applicable law and such prohibition does not result from an act or failure to act on the part of Lessee or any sublessee. In the event the Federal Aviation Administration shall issue any directive which would require improvements to the Aircraft in order for the airworthiness certificate of the Aircraft to be maintained in good standing, and if such directive by its terms is not applicable to the Aircraft prior to the return thereof pursuant to this Section 5, Lessee shall nevertheless comply with such directive if, prior to such return, (x) Lessee commences compliance with such directive with respect to any other Boeing 767-300 aircraft affected by such directive and in use by Lessee and (y) subsequent to any such commencement, the Aircraft is subjected to a maintenance check of the type at which such modification is made, in accordance with Lessee's general maintenance program.

(b) Return of Engines. In the event that any engine not owned by Lessor shall be delivered with the Airframe as set forth in paragraph (a) of this Section 5, Lessee, concurrently with such delivery, will, at its own expense, furnish Lessor with a warranty (as to title) bill of sale in form and substance reasonably satisfactory to Lessor (which warranty shall except Lessor's Liens and Permitted Liens of the type described in clause (i) of Section 6), with respect to each such engine and with a written opinion of Lessee's counsel (which may be Lessee's General Counsel) to the effect that such bill of sale constitutes an effective instrument for the conveyance of title to such engine to Lessor, and thereupon Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all Lessor's right, title and interest in and to an Engine constituting part of the Aircraft but not installed on the Airframe at the time of the return of the Airframe.

(c) Fuel; Manuals. Upon the return of the Airframe pursuant to this Section 5, (i) Lessee shall have no obligation with respect to the amount of fuel or oil contained in the Airframe and all fuel or oil remaining on board the Airframe shall be the property of Lessor without charge and (ii) Lessee shall deliver or cause to be delivered to Lessor all logs, manuals and data, and inspection, modification and overhaul records required to be maintained with respect thereto under applicable rules and regulations of the Federal Aviation Administration and, if the Aircraft has been registered under the laws of a jurisdiction other than the United States, of the applicable foreign governmental authority, and the warranty bill of sale relating to the Aircraft received from the Manufacturer.

(d) Storage upon Return. Upon written request of Lessor received at least 30 days prior to the end of the Term, Lessee will provide Lessor with storage facilities free of charge except as provided below for the Aircraft for a period not exceeding 30 days at such location in the United States on Lessee's route system used by Lessee for the storage of surplus aircraft or engines available for sale as shall be designated by Lessee; provided that Lessor may request that the Aircraft be stored at any other location in the United States on Lessee's route system used by Lessee for such purpose, in which case Lessee may, in its sole discretion, provide such facilities for such period. Any storage facilities provided by Lessee

for the Aircraft pursuant to this Section 5(d) shall, in all cases, be at the cost to Lessor of insurance and Lessee's out-of-pocket costs in connection with providing such facilities (it being understood that such out-of-pocket costs shall not be deemed to include the cost of making the storage facilities available) and at the risk of Lessor. In the event Lessor, after a storage location is determined as provided in the first sentence of this Section 5(d), shall request Lessee to deliver the Aircraft to a second location, Lessee will, at Lessor's expense, fly the Aircraft within such 30-day period to a reasonable location selected by Lessor in the United States, for storage at the risk and expense of Lessor, upon receipt of evidence of insurance coverage (reasonably satisfactory to Lessee) as set forth in Section 11(a), provided that (i) Lessee shall not be required to store the Aircraft at any location used by Lessee for storage of surplus aircraft available for sale except as provided in the first sentence of this Section 5(d) and (ii) the delivery by Lessee of the Aircraft to the first location determined as provided in such sentence shall constitute delivery of the Aircraft as required by Section 5(a). Lessor, at its expense, may place such other insurance in such circumstances on the Aircraft as it may deem appropriate. Lessee shall, at Lessor's request, maintain insurance (if available) for the Aircraft during such period of storage and shall be reimbursed by Lessor for the cost thereof.

(e) Delayed Return. (i) In the event that the use of the Aircraft, Airframe or any Engine in the normal course of the business of air transportation is prohibited on the last day of the Term or the date the Aircraft is required to be redelivered pursuant to Section 9, Lessee shall, upon prompt notice of the reasons therefor to Lessor, not be required to return such Aircraft to Lessor but may retain custody and control of the Aircraft for a period not in excess of 180 days beyond the last day of the Term or such date in order to attempt in a diligent manner to remedy any condition prohibiting such use or (ii) in connection with any sublease of the Aircraft by Lessee permitted under the terms of this Lease, Lessee may at its option, upon written notice to Lessor given not less than 30 days prior to the last day of the Term or such date, extend this Lease for a period not in excess of 60 days beyond the last day of the Term in order to enable Lessee to bring the Aircraft to the condition required under this Section 5 on its return to Lessor; provided that in either case, Lessee shall pay to Lessor at monthly

intervals the daily equivalent of 50% of the average annual Basic Rent payable during the Term (excluding the Interim Period) pursuant to the terms hereof for each day of such period.

(f) Overhaul. Immediately prior to the return of the Airframe and Engines or engines at the end of the Term, Lessee, upon written request of Lessor received at least 30 days prior to the end of the Term, and subject to the availability of the appropriate facilities, will overhaul or cause to be overhauled such Airframe and Engines or engines. Such overhaul shall be done in the same manner and same care as used by Lessee with similar airframes and engines of its own, and Lessor shall reimburse Lessee for such overhaul by payment of an amount equal to 110% of Lessee's actual costs in connection with such overhaul. This provision is not intended and shall not be construed to diminish or modify Lessee's other obligations under this Section 5.

Section 6. Liens. Lessee will not directly or indirectly create, incur, assume or suffer to exist any Lien on or with respect to the Airframe or any Engine, title thereto or any interest therein or in this Lease except (i) the respective rights of Lessor and Lessee as herein provided, the Lien created under the Trust Indenture, the rights of Lessor under the Purchase Agreement Assignment and the rights of the Owner Participant, the Owner Trustee and the Indenture Trustee under the Trust Agreement, the Trust Indenture, and the Participation Agreement, (ii) the rights of others under agreements or arrangements to the extent expressly permitted by the terms of Sections 7(b) and 8(b), (iii) Lessor's Liens, Loan Participant Liens and Trustee's Liens, (iv) Liens for Taxes either not yet due or being contested in good faith (and for the payment of which adequate reserves have been provided) by appropriate proceedings so long as such proceedings do not involve any material danger of the sale, forfeiture or loss (or loss of use) of the Airframe or any Engine or interest therein, (v) materialmen's, mechanics', workmen's, repairmen's, employees' or other like Liens arising in the ordinary course of Lessee's business for amounts the payment of which is either not yet delinquent or is being contested in good faith (and for the payment of which adequate reserves have been provided) by appropriate proceedings so long as such proceedings do not involve any material danger of the sale, forfeiture or loss (or loss of use) of the Airframe or any

Engine or interest therein, (vi) Liens arising out of judgments or awards against Lessee with respect to which an appeal or proceeding for review is being prosecuted in good faith and with respect to which there shall have been secured a stay of execution pending such appeal or proceeding for review so long as such judgment or award does not and will not involve any material risk or danger of the sale, forfeiture or loss (or loss of use) of the Airframe or any Engine or any interest therein and (vii) salvage or similar rights of insurers under insurance policies maintained pursuant to Section 11. Lessee will promptly, at its own expense, take such action as may be necessary duly to discharge (by bonding or otherwise) any such Lien not excepted above if the same shall arise at any time.

Section 7. Registration, Maintenance and Operation;  
Possession; Insignia. (a) Registration, Maintenance and Operation. Lessee, at its own cost and expense, shall:

(i) forthwith upon the delivery thereof to Lessor on the Delivery Date cause the Aircraft to be duly registered, and at all times thereafter to remain duly registered, under the laws of the United States, in the name of Lessor, as owner, except (x) as otherwise required by the Federal Aviation Act, or (y) to the extent that such registration cannot be effected because of Lessor's or the Owner Participant's failure to comply with the citizenship or other eligibility requirements for registration of aircraft under such Act; provided that Lessor shall execute and deliver all such documents as Lessee shall reasonably request for the purpose of effecting and continuing such registration. Notwithstanding the preceding sentence, but subject always to the terms and conditions set forth in Section 9(m) and 9(n) of the Participation Agreement, Lessee may cause the Aircraft to be duly registered under the laws of any jurisdiction in which a sublessee pursuant to Section 7(b)(ix) could be principally based, in the name of Lessor or of any nominee of Lessor, or, if required by applicable law, in the name of Lessee or any other Person, and shall thereafter maintain such registration unless and until changed as provided herein and therein; and Lessor will cooperate with Lessee in effecting such foreign registration;

(ii) maintain, service, repair, overhaul and test the Aircraft in accordance with a maintenance program (as approved by the Federal Aviation Administration) for Boeing 767-300 series aircraft (or, at Lessee's option, (x) in the event that the Aircraft is re-registered in another jurisdiction pursuant to Section 7(a)(i), in accordance with an aircraft maintenance program approved by the central civil aviation authority of the jurisdiction of such registration or (y) in the event of any sublease to a foreign air carrier in accordance with Section 7(b)(ix), approved by the central civil aviation authority of one of the jurisdictions specified in clause (y) of such Section 7(b)(ix)) and in the same manner and with the same care used by Lessee with respect to comparable aircraft and engines owned or operated by Lessee and utilized in similar circumstances so as to keep the Aircraft in as good operating condition as when delivered to Lessee by the Manufacturer, ordinary wear and tear excepted, and in such condition as may be necessary to enable the airworthiness certification of the Aircraft to be maintained in good standing at all times (other than during temporary periods of storage in accordance with applicable regulations or during periods of grounding by applicable governmental authorities, except where such periods of grounding are the result of the failure by Lessee to maintain the Aircraft as otherwise required herein) under the Federal Aviation Act or, if the Aircraft is registered under the laws of any other jurisdiction, the laws of such jurisdiction and in compliance with all applicable manufacturer's alert service bulletins;

(iii) maintain, in the English language, all records, logs and other materials required by the appropriate authorities in the jurisdiction where the Aircraft is registered to be maintained in respect of the Aircraft; and

(iv) promptly furnish to Lessor such information as may be required to enable Lessor to file any reports, returns or statements required to be filed by Lessor with any governmental authority because of Lessor's or the Owner Participant's interest in the Aircraft.

Lessee agrees that the Aircraft will not be maintained, used or operated in violation of any law or any rule, regulation or order of any government or governmental authority having jurisdiction (domestic or foreign), or in violation of any airworthiness certificate, license or registration relating to the Aircraft issued by any such authority; provided that Lessee shall not be in default under this sentence if it is not possible for it to comply with the laws of a jurisdiction other than the United States (or other than any jurisdiction in which the Aircraft is then registered) because of a conflict with the applicable laws of the United States (or such jurisdiction in which the Aircraft is then registered). In the event that any such law, rule, regulation or order requires alteration of the Aircraft, Lessee will conform thereto or obtain conformance therewith at no expense to Lessor and will maintain the Aircraft in proper operating condition under such laws, rules, regulations and orders; provided, however, that Lessee may, in good faith, contest the validity or application of any such law, rule, regulation or order in any reasonable manner which does not materially adversely affect Lessor, the Aircraft, the Owner Participant or the lien of the Trust Indenture, provided that neither noncompliance with such law, rule, regulation or order nor such proceedings shall involve any danger of criminal liability to Lessor or the Owner Participant or (unless Lessee shall have provided security reasonably satisfactory to Lessor) any material danger of the sale, forfeiture or loss (or loss of use) of the Aircraft. Lessee also agrees not to operate or locate the Aircraft, or suffer the Aircraft to be operated or located, (i) in any area excluded from coverage by any insurance required by the terms of Section 11, except in the case of a requisition for use by any Government where Lessee obtains indemnity pursuant to Section 11 in lieu of such insurance from such Government against the risks and in the amounts required by Section 11 covering such area, or (ii) in any war zone or recognized or, in Lessee's judgment, threatened area of hostilities unless covered by war risk insurance in accordance with Section 11, but only so long as the same remains in effect while the Aircraft is so operated or located, or unless the Aircraft is operated or used under contract with any Government entered into pursuant to Section 11, under which contract such Government assumes liability for any damage, loss, (or loss of use) destruction or failure to return possession of the Aircraft at the end of the term of such con-

tract and for injury to persons and damage to property of others.

(b) Possession. Lessee will not, without the prior written consent of Lessor, sublease or otherwise in any manner deliver, transfer or relinquish possession of the Airframe or any Engine or install any Engine, or permit any Engine to be installed, on any airframe other than the Airframe; provided that, so long as no Event of Default (or, only so long as the Original Loan Participant shall be a holder of any Certificate, as to any sublease pursuant to the provisions of clause (ix) of this Section 7(b), an event that with the giving of notice of lapse of time or both would constitute an Event of Default under Section 14(a), (g), (h) or (i) hereof) shall have occurred and be continuing, and so long as the action to be taken shall not deprive the Indenture Trustee of the perfected lien of the Trust Indenture on the Airframe or (subject to subclause (B) of the "provided further" clause to subsection (i) of this Section 7(b)) any Engine, and in any event, so long as Lessee shall comply with the provisions of Section 11, Lessee may, without the prior consent of Lessor:

(i) subject the Airframe to normal interchange agreements or any Engine to normal interchange or pooling agreements or arrangements in each case customary in the airline industry and entered into by Lessee in the ordinary course of its business with any other United States air carrier as to which there is in force a certificate issued pursuant to Section 401 of the Federal Aviation Act or any successor provision that gives like authority or with any "foreign air carrier" (as such term is defined in such Act) as to which there is in force a permit issued pursuant to Section 402 of said Act (any such United States certificated air carrier and any such foreign air carrier being hereinafter called a "Permitted Air Carrier"); provided that no transfer of the registration of such Airframe shall be effected in connection therewith; and provided, further, that (A) no such agreement or arrangement contemplates or requires the transfer of title to the Airframe and (B) if Lessor's title to any such Engine shall be divested under any such agreement or arrangement, such divestiture shall be deemed to be an Event of Loss with respect to such Engine and Lessee shall comply with Section 10(b) in respect thereof;

(ii) deliver possession of the Airframe or any Engine to the manufacturer thereof for testing or other similar purposes or to any organization for service, repair, maintenance or overhaul work on the Airframe or such Engine or any part thereof or for alterations or modifications in or additions to the Airframe or such Engine to the extent required or permitted by the terms of Section 7(a) or 8(c);

(iii) transfer possession of the Airframe or any Engine to the United States of America or any instrumentality or agency thereof pursuant to a sublease, contract or other instrument, a copy of which shall be furnished to Lessor; provided that the term of such sublease (including, without limitation, any option of the sublessee to renew or extend) or the term of possession under such contract or other instrument shall not continue beyond the end of the Term or any Renewal Term then in effect;

(iv) transfer possession of the Airframe or any Engine to the United States of America or any instrumentality or agency thereof in accordance with applicable laws, rulings, regulations or orders (including, without limitation, the Civil Reserve Air Fleet Program authorized under 10 U.S.C. Section 9511 et seq. or any substantially similar program), provided that Lessee (x) notifies Lessor of such transfer of possession of the Airframe or any Engine to the United States or any agency or instrumentality thereof and (y) provides to Lessor the name and the address of the responsible Contracting Office Representative for the Military Airlift Command of the United States within 60 days thereof;

(v) install an Engine on an airframe owned by Lessee free and clear of all Liens, except (A) those of the type permitted under clauses (ii), (iii), (iv), (v), (vi) and (vii) of Section 6 and those which apply only to the engines (other than Engines), appliances, parts, instruments, appurtenances, accessories, furnishings and other equipment (other than Parts) installed on such airframe (but not to the airframe as an entirety) and (B) the rights of other Permitted Air Carriers under normal interchange agreements which are customary in the airline industry and do not contemplate, permit or require the

transfer of title to the airframe or engines installed thereon;

(vi) install an Engine on an airframe leased to Lessee or owned by Lessee subject to a conditional sale or other security agreement; provided that (A) such airframe is free and clear of all Liens except the rights of the parties to the lease or conditional sale or other security agreement covering such airframe and except Liens of the type permitted by clauses (A) and (B) of subparagraph (v) of this paragraph of Section 7(b) and (B) Lessee shall have obtained from the lessor or secured party of such airframe a written agreement (which may be the lease or conditional sale or other security agreement covering such airframe), in form and substance satisfactory to Lessor (it being understood that an agreement from such lessor or secured party substantially in the form of the final sentence of the penultimate paragraph of this Section 7(b) shall be deemed to be satisfactory to Lessor), whereby such lessor or secured party expressly agrees that neither it nor its successors or assigns will acquire or claim any right, title or interest in any Engine by reason of such Engine being installed on such airframe at any time while such Engine is subject to this Lease or to the lien of the Trust Indenture;

(vii) install an Engine on an airframe owned by Lessee, leased to Lessee or owned by Lessee subject to a conditional sale or other security agreement under circumstances where neither subparagraph (v) nor subparagraph (vi) of this Section 7(b) is applicable; provided that such installation shall be deemed an Event of Loss with respect to such Engine and Lessee shall comply with Section 10(b) in respect thereof, Lessor not intending hereby to waive any right or interest it may have to or in such Engine under applicable law until compliance by Lessee with such Section 10(b); and

(viii) sublease any Engine or the Airframe and Engines or engines then installed on the Airframe to any United States air carrier as to which there is in force a certificate issued pursuant to Section 401 of the Federal Aviation Act or successor provision that gives like authority; provided that the term of such sublease (including, without limitation, any

option of the sublessee to renew or extend) shall not continue beyond the end of the Term or any Renewal Term then in effect, unless Lessee shall have agreed to purchase the Aircraft or renew this Lease in accordance with the terms hereof at the end of the Term or such Renewal Term, as the case may be, to a date beyond the end of the term of such sublease (assuming that all options to renew or extend such sublease will be exercised); and

(ix) sublease any Engine or the Airframe and Engines or engines then installed on the Airframe to (A) any foreign air carrier that is principally based in and a domiciliary of a country (other than Cuba, El Salvador, Iran, Iraq, Lebanon and Libya) that is at the inception of the sublease a party to the Mortgage Convention, or (B) any foreign air carrier that is principally based in and a domiciliary of a country listed in Exhibit B hereto, or (C) any foreign air carrier not described in clause (A) or (B) above; provided that (w) in the case only of a sublease to a foreign air carrier under clause (C) above, Lessor and the Loan Participants receive at the time of such sublease an opinion of counsel to Lessee (which counsel shall be reasonably satisfactory to Lessor, the Owner Participant and the Loan Participants) to the effect that (a) the terms of the sublease and the Operative Documents are legal, valid, binding and enforceable in the country in which such foreign air carrier is principally based, to substantially the same extent as the Operative Documents are at that time enforceable in the United States, (b) it is not necessary for Lessor or the Owner Participant to qualify to do business in such country solely as a result of the proposed sublease, (c) there is no tort liability of the owner of an aircraft not in possession thereof (or of a lender providing funds for the purchase of an aircraft) under the laws of such country other than tort liability no more extensive or onerous than that which might have been imposed on such owner or lender under the laws of the United States or any state thereof (it being understood that, in the event such opinion cannot be given in a form satisfactory to Lessor, the Owner Participant and the Loan Participants, such opinion shall be waived if insurance reasonably satisfactory to Lessor, the Owner Participant and the Loan Participants is provided by Lessee to cover

the risk of such liability), (d) the laws of such country require fair compensation by the government of such country for the loss of use of the Aircraft in the event of the requisition by such government of the Aircraft (unless Lessee shall have agreed to provide insurance reasonably satisfactory to Lessor and the Owner Participant covering the risk of requisition of use of the Aircraft by the government of such jurisdiction so long as the Aircraft is subleased in such country), and (e) there exist no possessory rights in favor of such sublessee under the laws of such country which would, upon bankruptcy of or other default by Lessee or the sublessee, prevent the return of such Engine or the Airframe and such Engine or engine to Lessor in accordance with and when permitted by the terms of Sections 14 and 15(a) hereof upon the exercise by Lessor of its remedies under Section 15(a), (x) in the case only of a sublease to a foreign air carrier under clause (C) above, each of Lessor and the Owner Participant receives assurances reasonably satisfactory to it that the currency of such country is freely convertible into U.S. Dollars (unless Lessee shall have agreed to provide the requisition insurance described in subclause (d) of clause (w) above), (y) in the case of any sublease to a foreign air carrier, either the sublease, or an arrangement existing between Lessee, the sublessee and/or one or more third parties that provide maintenance services, provides that the Aircraft will be maintained, serviced, repaired, overhauled and tested in accordance with maintenance standards for Boeing 767-300 series aircraft approved by, or substantially similar to those approved or required by, the Federal Aviation Administration or the central civil aviation authority of any of Brazil, Canada, France, The Federal Republic of Germany, Italy, Japan, the Netherlands, Sweden, Switzerland or the United Kingdom and (z) in the case of any sublease to a foreign air carrier (other than a foreign air carrier principally based in Taiwan) the United States of America maintains diplomatic relations with the country in which such foreign air carrier is principally based at the time such sublease is entered into; and provided, further, that the term of any such sublease (including, without limitation, any option of the sublessee to renew or extend) shall not continue beyond the end of the Term or any Renewal Term then in effect, unless Lessee shall have agreed

to purchase the Aircraft or renew this Lease in accordance with the terms hereof at the end of the Term or such Renewal Term, as the case may be, to a date beyond the end of the term of such sublease (assuming that all options to renew or extend such sublease will be exercised);

provided that the rights of any transferee who receives possession by reason of a transfer permitted by this Section 7(b) (other than the transfer of an Engine which is deemed an Event of Loss) shall be subject and subordinate to, and any sublease permitted by this Section 7(b) shall be made expressly subject and subordinate to, all the terms of this Lease and of the Trust Indenture, including, without limitation, Lessor's rights to repossession pursuant to Section 15(a) hereof and to avoid such sublease upon such repossession and the Indenture Trustee's rights to possession pursuant to Section 4.04 of the Trust Indenture, and Lessee shall in all events remain primarily liable hereunder for the performance and observance of all of the terms and conditions of this Lease to the same extent as if such sublease or transfer had not occurred, and any such sublease shall include appropriate provisions for the maintenance (subject to clause (y) of the first proviso to Section 7(b)(ix)) and insurance of the Aircraft. No interchange agreement, pooling agreement, sublease or other relinquishment of possession of the Airframe or any Engine permitted by this Section 7(b) shall in any way discharge or diminish any of Lessee's obligations hereunder or under the other Operative Documents. With the prior written consent of Lessor, which consent shall not be unreasonably withheld, Lessee may sub-sublease the Airframe or Engines in connection with a transaction that involves such a sub-sublease commencing at the inception of the transaction. Lessee may not otherwise sub-sublease the Airframe or Engines. Lessee shall not sublease the Airframe or Engines to any sublessee that is the subject of a bankruptcy, insolvency or other similar proceeding at the inception of such sublease without the prior written consent of Lessor, which consent shall not be unreasonably withheld. Lessee shall, promptly upon entering into a sublease of the Airframe or Engines, notify Lessor, the Owner Participant and the Indenture Trustee of the identity of the sublessee and the term of such sublease and shall provide a copy of such sublease agreement to any of Lessor, the Owner Participant or the Indenture Trustee upon request therefrom (with economic and financial provisions and information deleted therefrom if Lessee shall

so choose), provided that, except to the extent required by applicable law, such parties shall keep confidential the identity of the sublessee and the existence and terms of such sublease. Lessor hereby agrees, for the benefit of the lessor or secured party of any airframe or engine leased to Lessee or owned by Lessee subject to a conditional sale or other security agreement that Lessor will not acquire or claim, as against such lessor or secured party, any right, title or interest in any engine or engines owned by the lessor under such lease or subject to a security interest in favor of the secured party under such conditional sale or other security agreement as the result of such engine or engines being installed on the Airframe at any time while such engine or engines are subject to such lease or conditional sale or other security agreement.

Lessor acknowledges that any "wet lease" or other similar arrangement under which Lessee maintains operational control of the Aircraft shall not constitute a delivery, transfer or relinquishment of possession for purposes of this Section 7(b).

(c) Insignia. Lessee agrees to affix as promptly as practicable after the Delivery Date and thereafter to maintain in the cockpit of the Airframe adjacent to the airworthiness certificate therein and (if not prevented by applicable law or regulations or by any governmental authority) on each Engine a nameplate bearing the inscription "WILMINGTON TRUST COMPANY, AS OWNER TRUSTEE, LESSOR", and, so long as the Airframe or such Engine shall constitute a part of the Indenture Estate, the inscription "NATIONSBANK OF GEORGIA, NATIONAL ASSOCIATION, AS INDENTURE TRUSTEE/MORTGAGEE" (such nameplate to be replaced, if necessary, with a nameplate reflecting the name of any successor Lessor or successor Indenture Trustee). Except as above provided, Lessee will not allow the name of any Person to be placed on the Airframe or on any Engine as a designation that might be interpreted as a claim of ownership; provided that nothing herein contained shall prohibit Lessee (or any sublessee) from placing its customary colors and insignia on the Airframe or any Engine.

Section 8. Replacement and Pooling of Parts; Alterations, Modifications and Additions. (a) Replacement of Parts. Lessee, at its own cost and expense, will promptly replace all Parts which may from time to time be incorporated or installed in or attached to the Airframe

or any Engine and which may from time to time become worn out, lost, stolen, destroyed, seized, confiscated, damaged beyond repair or rendered permanently unfit for use for any reason whatsoever, except as otherwise provided in Section 8(c). In addition, Lessee may, at its own cost and expense, remove in the ordinary course of maintenance, service, repair, overhaul or testing, any Parts, whether or not worn out, lost, stolen, destroyed, seized, confiscated, damaged beyond repair or rendered permanently unfit for use; provided that Lessee, except as otherwise provided in Section 8(c), will, at its own cost and expense, replace such Parts as promptly as possible. All replacement Parts shall be free and clear of all Liens (except for pooling arrangements to the extent permitted by Section 8(b) and Permitted Liens), and shall be in as good operating condition as, and shall have a value and utility at least equal to, the Parts replaced, assuming such replaced Parts were in the condition and repair required to be maintained by the terms hereof. Title to all Parts at any time removed from the Airframe or any Engine shall remain vested in Lessor no matter where located, until such time as such Parts shall be replaced by Parts which have been incorporated or installed in or attached to the Airframe or any Engine and which meet the requirements for replacement Parts specified above. Immediately upon any replacement Part becoming incorporated or installed in or attached to the Airframe or any Engine as above provided, without further act, (i) title to the replaced Part shall thereupon vest in Lessee, free and clear of all rights of Lessor, and such replaced Part shall no longer be deemed a Part hereunder, (ii) title to such replacement Part shall thereupon vest in Lessor, free and clear of all Liens (except for Permitted Liens) and (iii) such replacement Part shall become subject to this Lease and be deemed part of the Airframe or such Engine for all purposes to the same extent as the Parts originally incorporated or installed in or attached to the Airframe or such Engine.

(b) Pooling of Parts. Any Part removed from the Airframe or an Engine as provided in Section 8(a) may be subjected by Lessee to a normal pooling arrangement customary in the airline industry entered into in the ordinary course of Lessee's business with Permitted Air Carriers; provided that the Part replacing such removed Part shall be incorporated or installed in or attached to the Airframe or such Engine in accordance with Section 8(a) as promptly as practicable after the removal of such removed Part. In addition, any replacement Part

when incorporated or installed in or attached to the Airframe or an Engine in accordance with Section 8(a) may be owned by a Permitted Air Carrier subject to such a normal pooling arrangement; provided that Lessee, at its expense, as promptly thereafter as practicable, either (i) causes title to such replacement Part to vest in Lessor in accordance with Section 8(a) by Lessee acquiring title thereto for the benefit of, and transferring such title to, Lessor, free and clear of all Liens (other than Permitted Liens) or (ii) replaces such replacement Part by incorporating or installing in or attaching to the Airframe or such Engine a further replacement Part owned by Lessee free and clear of all Liens (other than Permitted Liens) and by causing title to such further replacement Part to vest in Lessor in accordance with Section 8(a).

(c) Alterations, Modifications and Additions. Lessee, at its own expense, will make such alterations and modifications in and additions to the Airframe and the Engines as may be required from time to time to meet the standards of the Federal Aviation Administration or other governmental authority having jurisdiction in any country in or over which the Aircraft is flown; provided, however, that Lessee may, in good faith, contest the validity or application of any such standard in any reasonable manner which does not adversely affect Lessor, the Aircraft, the Owner Participant or the lien of the Trust Indenture, provided that neither noncompliance with such standard nor such proceedings shall involve any danger of criminal liability to Lessor or the Owner Participant or (unless Lessee shall have provided security reasonably satisfactory to Lessor) any material danger of the sale, forfeiture or loss of the Aircraft. In addition, Lessee, at its own expense, may from time to time make or cause to be made such alterations and modifications in and additions to the Airframe or any Engine as Lessee may deem desirable in the proper conduct of its business, including, without limitation, removal of Parts which Lessee deems to be obsolete or no longer suitable or appropriate for use on the Airframe or such Engine (such Parts being referred to as "Obsolete Parts"); provided that no such alteration, modification, addition or removal shall diminish the value or utility of the Airframe or such Engine, or materially impair the condition or airworthiness thereof, below the value, utility, condition and airworthiness thereof immediately prior to such alteration, modification, addition or removal assuming the Airframe or such Engine was then of the value and utility and in the condi-

tion and airworthiness required to be maintained by the terms of this Lease, except that the value (but not the utility, condition or airworthiness) of the Aircraft may be reduced by the value of Obsolete Parts which shall have been removed, if the aggregate value of all such Obsolete Parts removed from the Aircraft and not replaced shall not exceed \$500,000. Title to all Parts incorporated or installed in or attached or added to the Airframe or any Engine as the result of such alteration, modification or addition shall, without further act, vest in Lessor. Notwithstanding the foregoing, Lessee may, at any time during the Term, remove any Part; provided that (i) such Part is in addition to, and not in replacement of or substitution for, any Part originally incorporated or installed in or attached to the Airframe or such Engine at the time of delivery thereof hereunder or any Part in replacement of, or substitution for, any such Part, (ii) such Part is not required to be incorporated or installed in or attached or added to such Airframe or Engine pursuant to the first sentence of this Section 8(c), and (iii) such Part can be removed from the Airframe or such Engine without diminishing or impairing the value, utility, condition or airworthiness required to be maintained by the terms of this Lease which the Airframe or such Engine would have had at such time had such removal not occurred. Upon the removal by Lessee of any Part as provided in the immediately preceding sentence or the removal of any Obsolete Part permitted by this Section 8(c), title thereto shall, without further act, vest in Lessee and such Part shall no longer be deemed part of the Airframe or the Engine from which it was removed. Title to any such Part not removed by Lessee prior to the return of the Airframe or any Engine to Lessor hereunder shall remain vested in Lessor.

Section 9. Voluntary Termination. (a) Right of Termination. So long as no Event of Default shall have occurred and be continuing, Lessee shall have the right at its option (i) to terminate this Lease at any time on or after the fifth anniversary of the Delivery Date, if in Lessee's good faith determination (evidenced by a certificate of a Responsible Officer of Lessee to such effect) the Aircraft is surplus to Lessee's requirements or economically obsolete to Lessee, and (ii) at any time on or after the eighth anniversary of the Delivery Date to terminate this Lease for any reason whatsoever, in each case by delivering to Lessor a written notice of termination specifying a proposed date of termination (the "Termina-

tion Date") which shall be a Business Day occurring not earlier than 90 days after the date of such notice, and, if the Termination Date is a Special Termination Date, whether or not Lessee is thereby electing to purchase the Aircraft on such Special Termination Date as provided in Section 9(e). The termination of this Lease shall, subject to the terms and conditions of this Section 9, be effective on (i) if Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to sell the Aircraft, as provided below, the date of sale of the Aircraft, if any, referred to in Section 9(b), (ii) if Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to retain the Aircraft as provided in Section 9(d), the date of termination referred to in Section 9(d), or (iii) if Lessee has elected to purchase the Aircraft as provided in Section 9(e), the date of purchase referred to in Section 9(e). Where Lessee has not elected to purchase the Aircraft as provided in Section 9(e), Lessor shall give Lessee irrevocable notice of its election to sell or retain the Aircraft no later than 30 days prior to the Termination Date. In the event Lessor shall fail to give notice pursuant to the immediately preceding sentence, notice of its election to sell the Aircraft shall be deemed to have been given as of such thirtieth day prior to the Termination Date. Unless Lessor shall have given to Lessee a timely notice of its election to retain the Aircraft as provided in Section 9(d), Lessee may withdraw the termination notice referred to above at any time on or prior to the date three Business Days prior to the Termination Date, whereupon this Lease shall continue in full force and effect. In the event Lessee withdraws, on or after the third Business Day prior to the Termination Date, a notice of termination given pursuant to this Section 9(a) or such notice is deemed withdrawn pursuant to the final sentence of Section 9(b), Lessee will reimburse Lessor and the Owner Participant for any reasonable out-of-pocket expenses incurred by it in connection with the proposed sale, except Lessee shall not be obligated to reimburse Lessor and the Owner Participant for any out-of-pocket expenses to the extent Lessor shall have failed to comply with its obligations under this Section 9. Lessee shall not be entitled to exercise its right of termination provided for in this Section 9(a) more than four times during the Term (not including for purposes of this sentence any exercise by Lessee of such right of termination immediately following a failure of

this Lease to be terminated by reason of Lessor's failure to comply with its obligations under this Section 9).

(b) Sale of Aircraft. If Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected or is deemed to have elected to sell the Aircraft pursuant to Section 9(a), Lessee will have the option of acting as non-exclusive agent for Lessor to obtain bids for the cash purchase on or prior to the Termination Date of the Aircraft. Lessor agrees to pay Lessee a commercially reasonable brokerage fee based on the then current industry practice in the event that Lessee locates the Person who purchases the Aircraft pursuant to this Section 9(b). If Lessee acts as such agent, no later than ten Business Days prior to the Termination Date, Lessee shall certify to Lessor in writing the amount and terms of each cash bid received by Lessee and the name and the address of the Person submitting each such bid. Lessor may (but need not) also, at its expense (which expense, including without limitation any broker's or finder's fees, shall be for the Owner Participant's own account), independently obtain cash bids for such purchase and, in the event Lessor receives any such bid, Lessor shall promptly, and in any event at least five Business Days prior to the Termination Date, certify to Lessee in writing the amount and terms of such bid and the name and address of the Person submitting such bid. Neither the Owner Participant, Lessee, nor any Affiliate of either may submit a bid for the Aircraft, directly or indirectly, in connection with such proposed sale. On the Termination Date (or such other date of sale as may be agreed to by Lessor and Lessee, which shall thereafter be deemed the Termination Date), (x) Lessee shall, subject to receipt (i) by Lessor (or, so long as the Trust Indenture shall not have been discharged, the Indenture Trustee) of the full purchase price thereof and all amounts owing to Lessor pursuant to the next sentence, and (ii) by the Persons entitled thereto of all unpaid Supplemental Rent due on or before the Termination Date, deliver the Aircraft at a location selected by Lessee to the Person who shall have submitted the highest cash bid net of any broker's or finder's fees (or such other purchaser acceptable to Lessor and Lessee), in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accordance with the terms of Section 5, and (y) Lessor shall simultaneously therewith

sell, without recourse or warranty (except as to Lessor's Liens), for cash all of Lessor's right, title and interest in and to the Aircraft to such highest net cash bidder (or other purchaser). The total selling price realized at such sale shall be retained by Lessor (or, so long as the Trust Indenture shall not have been discharged, distributed by the Indenture Trustee pursuant to the terms of the Trust Indenture) and, in addition, on the Termination Date, Lessee shall pay to Lessor or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d), an amount equal to (I) the sum of (1) the excess, if any, of (A) the Termination Value for the Aircraft as of the Termination Date, over (B) the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person), plus (2) all Supplemental Rent (including, without limitation, Break Amount, if any, on the Certificates) due and owing on the Termination Date, plus (3) (A) if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), or (B) if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, plus (4) all Basic Rent due and payable prior to the Termination Date and unpaid, less (II) any credit to which Lessee may be entitled as hereinafter in this Section 9(b) provided. Subject always to the provisions of the penultimate paragraph of Section 3(b), if the Termination Date with respect to which Termination Value is determined is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall be entitled to a credit against the amounts payable by it pursuant to this Section 9(b) in an amount equal to the lesser of (x) the Unearned Advance Basic Rent as of the Termination Date, and (y) the amount, if any, by which the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses

incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person) exceeds the Termination Value for the Aircraft as of the Termination Date; provided that, in the event that the amount calculated pursuant to this sentence to be credited exceeds the amounts payable by Lessee pursuant to this Section 9(b), the Owner Participant shall be obligated to rebate an amount equal to such excess to Lessee. If on or prior to the scheduled Termination Date no sale of the Aircraft shall have occurred and if Lessor shall not have elected to retain the Aircraft in accordance with Section 9(d) or Lessee shall not have elected to purchase the Aircraft in accordance with Section 9(e), Lessee's notice given pursuant to Section 9(a) shall be deemed to be withdrawn as of such scheduled Termination Date and this Lease shall continue in full force and effect.

(c) Certain Obligations upon Sale of Aircraft. Upon the sale of the Aircraft pursuant to and in accordance with the provisions of Section 9(b), Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Aircraft. Lessor shall be under no duty to solicit bids, to inquire into the efforts of Lessee to obtain bids or otherwise take any action in connection with the sale of the Aircraft under Section 9(b), other than to transfer to the purchaser of the Aircraft (or to such purchaser and to Lessee, as the case may be), without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft against receipt of the payments provided for herein, and to pay the amounts, if any, required to be paid by Lessor under Section 9(b) or this Section 9(c), and to request the Indenture Trustee upon the sale of the Aircraft pursuant to Section 9(b) to execute and deliver to such purchaser (or to such purchaser and to Lessee, as the case may be) an appropriate instrument releasing the Aircraft from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. Lessor agrees to notify promptly Lessee of the appointment by Lessor of any broker or finder (other than Lessee) in connection with the sale of the Aircraft pursuant to Section 9(b) and, subject to Section 9(b), to pay the fees or commissions of any such broker or finder employed by

Lessor in connection with the sale of the Aircraft pursuant to Section 9(b).

(d) Retention of Aircraft by Lessor. If Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to retain the Aircraft pursuant to Section 9(a), on the Termination Date specified in Lessee's termination notice, Lessor shall pay, or cause to be paid, to the Indenture Trustee funds of the type and in an amount equal to (1) the aggregate outstanding principal amount of the Certificates and all accrued interest thereon, plus (2) all other sums due and payable on such Termination Date under the Trust Indenture, the Participation Agreement or such Certificates. Subject to receipt by the Indenture Trustee of such funds, on the Termination Date, (i) Lessee (x) shall deliver the Aircraft to Lessor in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accordance with the terms of Section 5, and (y) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3(d), (A) all Supplemental Rent (including, without limitation, Break Amount, if any, on the Certificates), other than Termination Value, and, if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, and all Basic Rent due and payable prior to the Termination Date and unpaid, less (B) any credit to which Lessee may be entitled as hereinafter in this Section 9(d) provided, and (ii) Lessor (x) shall transfer or cause to be transferred to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Aircraft, and (y) Lessor shall request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Aircraft from the lien of the

Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. If the Termination Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall, subject always to the provisions of the penultimate paragraph of Section 3(b), be entitled to a credit against the amounts payable by it pursuant to this Section 9(d) in an amount equal to the Unearned Advance Basic Rent as of the Termination Date; provided that in the event that the Unearned Advance Basic Rent exceeds the amount payable by Lessee pursuant to this Section 9(d), the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee. If Lessor shall fail to perform any of its obligations pursuant to this Section 9(d) and as a result thereof this Lease shall not be terminated on a proposed Termination Date, Lessor shall thereafter no longer be entitled to exercise its election to retain the Aircraft and Lessee may at its option at any time thereafter submit a new termination notice pursuant to Section 9(a).

(e) Purchase of Aircraft by Lessee. In the event that Lessee shall have elected to purchase the Aircraft on a Special Termination Date pursuant to Section (a), on such Special Termination Date, Lessee shall purchase the Aircraft at a price (the "Special Termination Price") equal to the greater of (I) the Termination Value for the Aircraft, computed as of the Special Termination Date, and (II) the then fair market sales value of the Aircraft, as determined by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal. On such Special Termination Date, (x) Lessee (i) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3(d), all unpaid Supplemental Rent (including, without limitation, Break Amount, if any, on the Certificates), other than Termination Value, due and owing on such Special Termination Date, all Basic Rent due and payable prior to the Special Termination Date and unpaid and the Basic Rent installment due and payable on the Special Termination Date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule

as being payable in advance) and (ii) at its option shall either (A) pay to Lessor, in funds of the type specified in Section 3(d), the Special Termination Price, or (B) assume all of the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates (including, without limitation, any scheduled payment of principal of, Break Amount, if any, on, or accrued interest on, the Certificates due and payable on the Special Termination Date but, provided that the principal of the Certificates shall not have been accelerated pursuant to Section 4.04 of the Trust Indenture, only to the extent that the Basic Rent installment payable by Lessee pursuant to clause (i) above does not cover such scheduled payment of principal of or accrued interest on the Certificates but excluding any obligations or liabilities of the Owner Trustee in its individual capacity incurred on or prior to the Special Termination Date, which obligations and liabilities shall remain the sole responsibility of the Owner Trustee) in accordance with Section 2.16 of the Trust Indenture and simultaneously shall pay to Lessor, in funds of the type specified in Section 3(d), an amount equal to the excess, if any, of the Special Termination Price over an amount equal to the sum of the principal of, and any accrued and unpaid interest on, the outstanding Certificates on such Special Termination Date, after taking into account any payments of principal or interest made in respect of the outstanding Certificates on such Special Termination Date, and (y) Lessor will sell to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft and all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Aircraft and, if Lessee shall not have assumed the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates as provided for above, Lessor will request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge thereunder.

(f) Termination of Lease, Etc. Upon the sale or retention or purchase of the Aircraft, as the case may be, in compliance with the provisions of this Section 9, (i) the obligation of Lessee to pay Basic Rent under Sec-

tion 3(b) on any Lease Period Date occurring subsequent to the applicable Termination Value Determination Date, and (ii) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f), other than payments of Supplemental Rent to be made by Lessee (x) surviving pursuant to Section 7(d) of the Participation Agreement or Section 10 of the Tax Indemnity Agreement, (y) pursuant to clause (ii) of the second sentence of Section 3(c) of this Lease, or (z) in respect of liabilities and obligations of Lessee which have accrued under any Operative Document but not been paid or which are in dispute as of the date of such sale or retention) shall cease as of the Termination Date and, in each case, the Term shall end effective as of the Termination Date.

(g) Termination as to Engines. So long as no Event of Default shall have occurred and be continuing, Lessee shall have the right at its option at any time, on at least 60 days' prior written notice to Lessor and the Indenture Trustee, to terminate this Lease with respect to any Engine. In such event, and prior to the date of such termination, Lessee shall replace such Engine hereunder by complying with the terms of Section 10(b) to the same extent as if an Event of Loss had occurred with respect to such Engine.

Section 10. Loss, Destruction, Requisition, Etc. (a) Event of Loss with Respect to the Airframe. Upon the occurrence of an Event of Loss with respect to the Airframe, Lessee shall forthwith (and, in any event, within 30 days after such occurrence) give Lessor and the Indenture Trustee notice of such Event of Loss and of its election to perform one of the following options (it being agreed that, if Lessee shall not have given notice of such election within such 30 days after such occurrence, Lessee shall be deemed to have elected to perform the option set forth in the following clause (ii)):

(i) as promptly as practicable, and in any event on or before the Business Day next preceding the 121st day next following the date of occurrence of such Event of Loss, in replacement for the Airframe, Lessee shall convey or cause to be conveyed to Lessor title to a Replacement Airframe (together with the same number of Replacement Engines as the Engines, if any, installed on the Airframe at the time such Event of Loss occurred) to be leased to Lessee hereunder, such Replacement Airframe and Re-

placement Engines to be free and clear of all Liens (other than Permitted Liens), to have a value and utility at least equal to, and to be in as good operating condition as, the Airframe and Engines, if any, so replaced (assuming such Airframe and Engines were in the condition and repair required by the terms of this Lease); provided that, if Lessee shall not perform its obligation to effect such replacement under this clause (i) during the period of time provided herein, then Lessee shall pay on the fifteenth day next following the end of such period to Lessor, or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d) hereof, the amounts specified in clause (ii) below; or

(ii) on or before the earlier of 30 days following the date on which insurance proceeds are received with respect to such Event of Loss and the Business Day next preceding the 121st day next following the date of occurrence of such Event of Loss or on the date specified in the proviso to clause (i) above, if such proviso is applicable (the "Loss Payment Date"), Lessee shall pay to Lessor or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d), (A) the Stipulated Loss Value for the Aircraft, determined as of the Loss Payment Date, plus (B) all Supplemental Rent (including, without limitation, the Break Amount, if any, on the Certificates) due and owing by Lessee to Lessor, the Owner Participant, the Indenture Trustee and the Loan Participants, hereunder or under any of the Operative Documents on such Loss Payment Date, plus (C) if the Casualty Loss Determination Date with respect to the Stipulated Loss Value is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), plus (D) all Basic Rent due and payable prior to the Casualty Loss Determination Date and unpaid.

In the event of payment in full of the Stipulated Loss Value for the Aircraft and all amounts payable pursuant to this Section 10, (1) the obligation of Lessee to pay any Basic Rent under Section 3(b) on any Lease

Period Date occurring subsequent to the Casualty Loss Determination Date with respect to which Stipulated Loss Value is determined shall terminate, (2) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f), other than payments of Supplemental Rent to be made by Lessee (x) surviving pursuant to Section 10 of the Tax Indemnity Agreement or Section 7(d) of the Participation Agreement, or (y) in respect of liabilities and obligations of Lessee which have accrued under any of the Operative Documents but not been paid or which are in dispute as of the date of such payment) shall terminate, (3) the Term for the Aircraft shall end, (4) Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all Lessor's right, title and interest in and to the Airframe and Engines (if any) with respect to which such Event of Loss occurred, as well as all Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but not installed thereon when such Event of Loss occurred, and (5) Lessor will assign to or as directed by Lessee all claims of Lessor against third Persons relating to such Airframe and Engines arising from such Event of Loss. Upon such transfer, Lessor shall request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge thereof thereunder.

At the time of or prior to any replacement of the Airframe and such Engines, if any, Lessee, at its own expense, will (A) furnish Lessor with a warranty (as to title) bill of sale in form and substance reasonably satisfactory to Lessor (which warranty shall except Permitted Liens) with respect to the Replacement Airframe and Replacement Engines, if any, together with an assignment of any and all manufacturer's warranties applicable thereto (to the extent such warranties may be so assigned by Lessee) in a form substantially similar to the Form of Purchase Agreement Assignment attached as Exhibit III to the Participation Agreement, (B) cause a Lease Supplement substantially in the form of Exhibit A hereto, subjecting such Replacement Airframe and Replacement Engines, if any, to this Lease, and duly executed by Lessee, to be delivered to Lessor for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America

in which such Replacement Airframe and Replacement Engines, if any, are to be registered in accordance with Section 7(a), as the case may be, (C) so long as the Trust Indenture shall not have been satisfied and discharged, cause a Trust Agreement and Indenture Supplement substantially in the form of Exhibit A to the Trust Indenture and other requisite documents or instruments for such Replacement Airframe and Replacement Engines, if any, to be delivered to Lessor and to the Indenture Trustee for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America in which such Replacement Airframe and Replacement Engines, if any, are to be registered in accordance with Section 7(a), as the case may be, (D) so long as the Trust Indenture shall not have been satisfied and discharged, cause a financing statement or statements with respect to the Replacement Airframe and Replacement Engines, if any, and other requisite documents or instruments to be filed in such place or places as necessary in order to perfect the security interest therein created by or pursuant to the Trust Indenture, or, if necessary, pursuant to the applicable laws of the jurisdiction in which such Replacement Airframe and Replacement Engines, if any, are to be registered in accordance with Section 7(a), as the case may be, (E) furnish Lessor and the Indenture Trustee with an opinion of Lessee's counsel addressed to each (which may be Lessee's General Counsel), to the effect that the bill of sale referred to in clause (A) above constitutes an effective instrument for the conveyance of title to the Replacement Airframe and Replacement Engines, if any, to Lessor and to the further effect that upon such conveyance such substituted property will be leased hereunder and subjected to the lien of the Trust Indenture, (F) furnish Lessor with a certificate of an independent aircraft engineer or appraiser certifying that the Replacement Airframe and Replacement Engines, if any, have a value and utility at least equal to, and are in as good operating condition as, the Airframe and Engines, if any, so replaced assuming such Airframe and Engines were in the condition and repair required by the terms hereof immediately prior to the occurrence of such Event of Loss, (G) furnish Lessor and the Indenture Trustee with (i) such evidence of compliance with the insurance provisions of Section 11 with respect to such Replacement Airframe and Replacement Engines as Lessor may reasonably request and (ii) a certificate from a Responsible Officer of Lessee certifying that at the time of such replacement

there is no continuing Event of Default, and (H) furnish Lessor and the Indenture Trustee with a reasoned opinion of Lessee's counsel (which may be Lessee's General Counsel) addressed to each, to the effect that the Owner Trustee, as Lessor under the Lease, and the Indenture Trustee, as assignee of the Owner Trustee's rights under the Lease pursuant to the Indenture, should be entitled to the benefits of Title 11 U.S.C. Section 1110 with respect to the Replacement Airframe, provided that (i) such opinion need not be delivered to the extent that, by reason of a change in law or in judicial or other governmental interpretation thereof after the Delivery Date, the benefits of such Section 1110 were not available to the Owner Trustee or the Indenture Trustee with respect to the Aircraft immediately prior to such substitution and (ii) such opinion may contain qualifications and assumptions of the tenor contained in the opinion of Debevoise & Plimpton delivered pursuant to Section 4(J) of the Participation Agreement on the Delivery Date and (I) so long as the Original Loan Participant is the holder of any Certificate, take such other actions as the Original Loan Participant shall reasonably request in order that title to such Replacement Airframe and Replacement Engines, if any, is duly and properly vested in Lessor, leased hereunder and subjected to the lien of the Trust Indenture to the same extent as the Airframe, Engine or Engines replaced thereby. In the case of each Replacement Airframe and each Replacement Engine, if any, conveyed to Lessor under this Section 10, and each Replacement Engine conveyed to Lessor under this Section 10, promptly upon the registration of the Replacement Aircraft and the recordation of the Lease Supplement and the Trust Agreement and Indenture Supplement or other requisite documents or instruments covering such Replacement Airframe and Replacement Engines, if any, or such Replacement Engine pursuant to the Federal Aviation Act (or pursuant to the applicable laws of the jurisdiction in which such Replacement Airframe and Replacement Engines, if any, or such Replacement Engine, are to be registered in accordance with Section 7(a)), Lessee will cause to be delivered to Lessor and the Indenture Trustee an opinion of counsel to Lessee addressed to each and to the Certificate Holders as to the due registration of such Replacement Aircraft, the due recordation of such Lease Supplement and such Trust Agreement and Indenture Supplement or other requisite documents or instruments and the validity and perfection of the security interest in the Replacement Aircraft, Replacement Engines or Replacement Engine, as the case may

be, granted to the Indenture Trustee under the Trust Indenture.

For all purposes hereof, upon passage of title thereto to Lessor the Replacement Airframe and Replacement Engines, if any, shall be deemed part of the property leased hereunder, the Replacement Airframe shall be deemed an "Airframe" as defined herein, and each such Replacement Engine shall be deemed an "Engine" as defined herein. No such replacement of the Airframe or any Engines under the circumstances contemplated by the terms of this Section 10(a) shall result in any reduction of Basic Rent. Upon such passage of title, Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all Lessor's right, title and interest in and to the replaced Airframe and Engines (if any) installed thereon at the time such Event of Loss occurred, and upon such transfer, Lessor will request in writing that the Indenture Trustee execute and deliver to Lessee an appropriate instrument releasing such replaced Airframe and Engines (if any) installed thereon at the time such Event of Loss occurred from the lien of the Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Indenture.

(b) Event of Loss with Respect to an Engine. Upon the occurrence of an Event of Loss with respect to an Engine under circumstances in which there has not occurred an Event of Loss with respect to the Airframe, Lessee shall give Lessor prompt written notice thereof and shall, within 90 days after the occurrence of such Event of Loss, convey or cause to be conveyed to Lessor, as replacement for the Engine with respect to which such Event of Loss occurred, title to a Replacement Engine free and clear of all Liens (other than Permitted Liens) and having a value and utility at least equal to, and being in as good operating condition as, the Engine with respect to which such Event of Loss occurred, assuming such Engine was of the value and utility and in the condition and repair required by the terms hereof immediately prior to the occurrence of such Event of Loss. Prior to or at the time of any such conveyance, Lessee, at its own expense, will (i) furnish Lessor with a warranty (as to title) bill of sale in form and substance reasonably satisfactory to Lessor (which warranty shall except Permitted Liens) with respect to such Replacement Engine, (ii) cause a Lease Supplement substantially in the form of Exhibit A hereto, subjecting

such Replacement Engine to this Lease, and duly executed by Lessee, to be delivered to Lessor for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act, or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America in which the Aircraft is registered, (iii) so long as the Trust Indenture shall not have been satisfied and discharged, comply with the applicable provisions thereof and cause a Trust Agreement and Indenture Supplement substantially in the form of Exhibit A to the Trust Indenture or other requisite documents or instruments for such Replacement Engine to be delivered to Lessor and to the Indenture Trustee for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America in which the Aircraft is or is to be registered in accordance with Section 7(a), as the case may be, (iv) furnish Lessor and the Indenture Trustee with an opinion of Lessee's counsel addressed to each (which may be Lessee's General Counsel) to the effect that the bill of sale referred to in clause (i) above constitutes an effective instrument for the conveyance of title to such Replacement Engine to Lessor and to the further effect that upon such conveyance such substituted property will be leased hereunder and subjected to the lien of the Trust Indenture, (v) furnish Lessor with a certificate of an aircraft engineer or appraiser (who may be an employee of Lessee) certifying that such Replacement Engine has a value and utility at least equal to, and is in as good operating condition as, the Engine so replaced assuming such Engine was in the condition and repair required by the terms hereof immediately prior to the occurrence of such Event of Loss, (vi) so long as the Trust Indenture shall not have been satisfied and discharged, cause a financing statement or statements with respect to the Replacement Engine or other requisite documents or instruments to be filed in such place or places as necessary in order to perfect the security interest therein created by or pursuant to the Trust Indenture, or, if necessary, pursuant to the applicable laws of the jurisdiction in which the Aircraft is or is to be registered in accordance with Section 7(a), as the case may be, and (vii) furnish Lessor and the Indenture Trustee with such evidence of compliance with the insurance provisions of Section 11 with respect to such Replacement Engine as Lessor may reasonably request and (viii) so long as the Original Loan Participant is the holder of any Certificate, take such

other actions as the Original Loan Participant shall reasonably request in order that title to such Replacement Engine is duly and property vested in the Lessor, leased hereunder and subjected to the lien of the Indenture to the same extent as the Engine replaced thereby. Upon full compliance by Lessee with the terms of this paragraph (b), Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Engine with respect to which such Event of Loss occurred, and Lessor will assign to or as directed by Lessee all claims of Lessor against third Persons relating to such Engine arising from such Event of Loss. In addition, upon such transfer Lessor shall request in writing that the Indenture Trustee execute and deliver to Lessee an appropriate instrument releasing such Engine from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment (in respect solely of such Engine) from the assignment and pledge under the Trust Indenture. For all purposes hereof, each such Replacement Engine shall, after such conveyance, be deemed part of the property leased hereunder and shall be deemed an "Engine" as defined herein. No Event of Loss with respect to an Engine under the circumstances contemplated by the terms of this Section 10(b) shall result in any reduction in Basic Rent.

(c) Application of Payments from Governmental Authorities for Requisition of Title or Use. Any payments (other than insurance proceeds the application of which is provided for in Section 11) received at any time by Lessor or by Lessee from any governmental authority or other Person with respect to an Event of Loss resulting from the condemnation, confiscation, theft or seizure of, or requisition of title to or use of, the Airframe or any Engine, other than a requisition for use by any Government or by the government of the country of registry of the Aircraft not constituting an Event of Loss, will be applied as follows:

(i) if such payments are received with respect to the Airframe or the Airframe and the Engines or engines installed on the Airframe that has been or is being replaced by Lessee pursuant to Section 10(a), such payments shall be paid over to, or retained by, Lessor and upon completion of such replacement be paid over to, or retained by, Lessee;

(ii) if such payments are received with respect to the Airframe or the Airframe and the Engines or engines installed on the Airframe that has not been and will not be replaced pursuant to Section 10(a), such payments shall, after reimbursement of Lessor for costs and expenses, be applied in reduction of Lessee's obligation to pay the Stipulated Loss Value required to be paid by Lessee pursuant to Section 10(a), if not already paid by Lessee, or, if already paid by Lessee, shall be applied to reimburse Lessee for its payment of such Stipulated Loss Value, and the balance, if any, of such payments remaining thereafter shall be paid over to, and retained by, Lessee and Lessor, as their interests may appear; and

(iii) if such payments are received with respect to an Engine under circumstances contemplated by Section 10(b), so much of such payments remaining after reimbursement of Lessor for costs and expenses shall be paid over to, or retained by, Lessee; provided that Lessee shall have fully performed the terms of Section 10(b) with respect to the Event of Loss for which such payments are made.

(d) Requisition for Use by the Government of the Airframe and the Engines Installed Thereon. In the event of the requisition for use by any Government or by the government of the country of registry of the Aircraft (including for this purpose any agency or instrumentality thereof), including, without limitation, pursuant to the Civil Reserve Air Fleet Program referred to in Section 7(b)(iv), of the Airframe and the Engines or engines installed on the Airframe during the Term, Lessee shall promptly notify Lessor of such requisition and all of Lessee's obligations under this Lease with respect to the Aircraft shall continue to the same extent as if such requisition had not occurred. All payments received by Lessor or Lessee from such Government or government for the use of the Airframe and Engines or engines during the Term for the Aircraft shall be paid over to, or retained by, Lessee. In the case of any requisition for use by the government of the United States (or any agency or instrumentality thereof whose obligations bear the full faith and credit of such government) of the Airframe and Engines or engines installed on the Airframe that would extend beyond the end of the Term, Lessee at its option may, by written notice to Lessor given not more than 30 nor less than 10 days before the end of the Term, elect to

declare an Event of Loss with respect to the Airframe and Engines or engines. Subject to the final paragraph of this Section 10(d), such Event of Loss will be deemed to have occurred on the final day of the Term. If Lessee does not so elect to declare an Event of Loss and (1) such requisition fully terminates and (2) the Airframe and Engines or engines are returned to Lessee before the first anniversary of the end of the Term, Lessee shall be obligated to return the Airframe and the Engines or engines to Lessor pursuant to, and in all other respects to comply with the provisions of, Section 5 as soon as practicable after the Airframe and Engines or engines are returned to Lessee unless Lessee shall have exercised its option to purchase the Aircraft pursuant to Sections 9(e), 20(b) or 20(c). In addition, Lessee shall pay to Lessor at monthly intervals (until the earlier of (i) the return of the Aircraft to Lessor pursuant to Section 5 and (ii) the first anniversary of the end of the Term), an amount equal to the difference, if any, between (A) the daily equivalent of the lesser of (x) 50% of the average annual Basic Rent for the Aircraft payable during the Term (excluding for this purpose the Interim Period) and (y) the fair market rental value of the Aircraft for such period, and (B) the amounts received by Lessor from such government for the use of the Aircraft for such period. All payments received by Lessor or Lessee from such government for the use of such Airframe and Engines or engines during the first year after the end of the Term for the Aircraft shall be paid over to, or retained by, Lessor unless Lessee shall have exercised its option to purchase the Aircraft pursuant to Section 9(e), 20(b) or 20(c), in which event all such payments received after such purchase shall be paid over to, or retained by, Lessee.

If an Event of Loss to the Aircraft shall have occurred as a result of a requisition for use by the government of the United States of America (or any instrumentality or agency thereof whose obligations bear the full faith and credit of such government) that shall have extended more than one year beyond the end of the Term, or if Lessee shall have elected in accordance with the third sentence of this Section 10(d) to declare an Event of Loss as a result of any such requisition that would extend beyond the end of the Term, or if an Event of Loss to the Aircraft shall have occurred as a result of a requisition for use by any other Government or government that shall have extended beyond the end of the Term, Lessor (at the direction of the Owner Participant) at its

option may, by written notice to Lessee given not more than 20 days after receiving notice of any such Event of Loss or election, waive the occurrence of such Event of Loss. In the event that Lessor waives the occurrence of an Event of Loss, Lessee shall, no later than the later of (i) the date on which such Event of Default would have occurred and (ii) the tenth day after Lessee shall have received such notice from Lessor, transfer to Lessor all of Lessee's right, title and interest to the Airframe and any Engine subject to such requisition under the agreement or agreements relating to such requisition. Upon such transfer, (1) the obligation of Lessee to pay Basic Rent shall terminate, (2) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f), other than payments of Supplemental Rent to be made by Lessee (x) surviving pursuant to Section 10 of the Tax Indemnity Agreement or Section 7(d) of the Participation Agreement, (y) pursuant to clause (ii) of the second sentence of Section 3(c) hereof, or (z) in respect of liabilities and obligations of Lessee which have accrued under any of the Operative Documents but not been paid or which are in dispute as of the date of such transfer) shall terminate, (3) all other obligations of Lessee under the Lease, including, without limitation, any obligation to return the Aircraft in accordance with Section 5 thereof shall terminate and (4) the Term for the Aircraft shall end. In addition, in the event that any Engine shall not be subject to such requisition for use at the time of such transfer, Lessee shall return such Engine to Lessor in accordance with Section 5 hereof.

(e) Requisition for Use by the Government of an Engine. In the event of the requisition for use by any Government or by the government of the country of registry of the Aircraft (including for this purpose any agency or instrumentality thereof) of any Engine (but not the Airframe), Lessee will replace such Engine hereunder by complying with the terms of Section 10(b) to the same extent as if an Event of Loss had occurred with respect to such Engine, and any payments received by Lessor or Lessee from such Government or government with respect to such requisition shall be paid over to, or retained by, Lessee.

(f) Application of Payments During Existence of Event of Default. Any amount referred to in clause (i), (ii) or (iii) of Section 10(c), Section 10(d) or Section 10(e) which is payable to Lessee shall not be paid to Lessee, or if it has been previously paid directly to

Lessee, shall not be retained by Lessee, if at the time of such payment an Event of Default (or event that with lapse of time would constitute an Event of Default under Section 14(a), 14(g), 14(h) or 14(i)) shall have occurred and be continuing, but shall be paid to and held by the Lessor as security for the obligations of Lessee under this Lease and, subject to the Trust Indenture, applied against Lessee's payment obligations hereunder when and as they become due and payable, and at such time as there shall not be continuing any such Event of Default or event, such amount shall be paid to Lessee to the extent not applied in accordance with this sentence, provided that if any such amount has been so held by Lessor as security for more than 90 days during which period (i) Lessor shall not have been limited by operation of law or otherwise from exercising remedies hereunder or (ii) Lessor shall not have commenced to exercise any remedy available to it under Section 15, then such amount shall be paid to Lessee to the extent not applied as provided above.

Section 11. Insurance. (a) Airline Liability Insurance.

Subject to the rights of Lessee to establish and maintain self-insurance with respect to bodily injury and property damage liability insurance for aircraft and engines (including the Aircraft and Engines) in the manner and to the extent specified in the next sentence, Lessee will carry, or cause to be carried, at no expense to Lessor, the Indenture Trustee, any Loan Participant or the Owner Participant, airline liability insurance (including coverage for bodily injury, contractual liability, passenger legal liability and property damage liability (exclusive of manufacturer's product liability insurance)) with respect to the Aircraft (i) in amounts which are not less than the airline liability insurance applicable to similar aircraft and engines which comprise Lessee's fleet on which Lessee carries insurance, provided that such liability insurance shall not be less than the amount certified to Lessor on the Delivery Date, (ii) of the type usually carried by corporations engaged in the same or similar business, similarly situated with Lessee, and owning or operating similar aircraft and engines and covering risks of the kind customarily insured against by Lessee (including, without limitation, war risk and allied perils insurance), and (iii) which is maintained in effect with insurers of recognized responsibility. Lessee may self-insure, by way of deductible or premium adjustment provisions in insurance policies, the risks required to be

insured against pursuant to the preceding sentence, but in no case shall the self-insurance (including the self-insurance permitted by Section 11(b)) with respect to all of the aircraft and engines in Lessee's fleet (including, without limitation, the Aircraft) exceed for any 12-month policy year the lesser of (x) 50% of the largest replacement value of any single aircraft in Lessee's fleet or (y) 1-1/2% of the average aggregate insurable value (for the preceding year) of all aircraft (including, without limitation, the Aircraft) on which Lessee carries insurance; provided that, in the event that there shall have occurred a material adverse change in the financial condition of Lessee from such condition as is reflected in the consolidated financial statements of Lessee at December 31, 1982, then, upon not less than 30 days' written notice from Lessor to Lessee, Lessee will, until Lessee's financial condition is on an overall basis equivalent to its financial condition at December 31, 1982, reduce the self-insurance permitted hereunder to such reasonable amount as Lessor may require; provided, further, that a deductible per occurrence utilized to reduce handling that, in the case of the Aircraft, is not in excess of the amount customarily allowed as a deductible in the industry, shall be permitted in addition to the above-mentioned self-insurance. Any policies of insurance carried in accordance with this Section 11(a) and any policies taken out in substitution or replacement for any of such policies (A) shall name Lessor, as lessor of the Aircraft and in its individual capacity, the Indenture Trustee and each Participant as additional insureds as their respective Interests may appear (and, so long as the Owner Participant is a direct or indirect subsidiary of American Telephone and Telegraph Company, shall name AT&T Capital Corporation and American Telephone and Telegraph Company, and all Affiliates of each, as additional insureds), (B) shall provide that in respect of the respective Interests of Lessor, of the Indenture Trustee and of each Participant in such policies the insurance shall not be invalidated by any action or inaction of Lessee and shall insure Lessor's, the Indenture Trustee's and such Participant's (and, if applicable, the Owner Participant's Affiliates') Interests as they appear, regardless of any breach or violation of any warranty, declaration or condition contained in such policies by Lessee, (C) shall provide that, if such insurance is cancelled for any reason whatever, or any substantial change is made in the policy which affects the coverage certified hereunder to Lessor, the Indenture Trustee or any Participant (or, if applic-

able, Affiliates of the Owner Participant), or if such insurance is allowed to lapse for nonpayment of premium, such cancellation, change or lapse shall not be effective as to Lessor, the Indenture Trustee or such Participant (or, if applicable, any Affiliate of the Owner Participant) for 30 days (seven days, or such other period as is customarily obtainable in the industry, in the case of any war risk and allied perils coverage) after receipt by Lessor, by the Indenture Trustee or by such Participant, respectively, of written notice from such insurers of such cancellation, change or lapse, (D) shall provide that neither Lessor, the Indenture Trustee nor any Participant (or any Affiliate of the Owner Participant) shall have any obligation or liability for premiums, commissions, assessments or calls in connection with such insurance, (E) shall provide that the insurers shall waive (i) any rights of set-off, counterclaim or any other deduction, whether by attachment or otherwise, which they may have against Lessor, the Indenture Trustee or any Participant (or any Affiliate of the Owner Participant) and (ii) any rights of subrogation against Lessor, the Indenture Trustee or any Participant (or any Affiliate of the Owner Participant) to the extent that Lessee has waived its rights by its agreements to indemnify any such party pursuant to this Lease or the Participation Agreement; provided that the exercise by such insurers of rights of subrogation derived from the rights retained by Lessee shall not, in any way, delay payment of any claim that would otherwise be payable by such insurers but for the existence of rights of subrogation derived from rights retained by Lessee, (F) shall be primary without right of contribution from any other insurance which may be carried by Lessor, the Indenture Trustee or any Participant (or any Affiliate of the Owner Participant) with respect to its Interests as such in the Aircraft and (G) shall expressly provide that all of the provisions thereof, except the limits of liability, shall operate in the same manner as if there were a separate policy covering each insured. "Interests" as used in this Section 11(a) and Section 11(b) with respect to any Person means the interests of such Person in its capacity as Lessor, Owner Trustee (including in its individual capacity under the Participation Agreement), Indenture Trustee or Participant (or, if applicable, as Affiliates of the Owner Participant), as the case may be, in the leasing transaction contemplated by this Lease, the Participation Agreement and the Indenture. Lessee shall arrange for appropriate certification that the requirements of this Section 11(a) have been met

to be made to Lessor, the Indenture Trustee and the Owner Participant (and the Indenture Trustee may furnish such certificates to each Loan Participant) as soon as practicable by each insurer or its authorized representative with respect thereto, provided that all information contained therein shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone other than (i) their Affiliates and their officers, directors and employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, underwriters, lenders, rating agencies, insurance brokers and legal counsel, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's or the Indenture Trustee's rights, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and (vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates (or participations therein) or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in this Section 11(a) whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental authority. In the case of a sublease or contract with any Government in respect of the Aircraft or any Engine, or in the case of any requisition for use of the Aircraft or any Engine by any Government, a valid agreement, reasonably satisfactory to Lessor and the Owner Participant, to indemnify Lessee against any of the risks which Lessee is required hereunder to insure against by such Government shall be considered adequate insurance to the extent of the risks and in the amounts that are the subject of any such agreement to indemnify.

(b) Insurance Against Loss or Damage to Aircraft. Subject to the rights of Lessee to establish and maintain self-insurance with respect to loss or damage to aircraft (including the Aircraft) in the manner and to the extent specified in the next sentence, Lessee shall maintain, or cause to be maintained, in effect with insurers of recognized responsibility, at no expense to Lessor, the Indenture Trustee or any Participant, all-risk aircraft

hull insurance covering the Aircraft and all-risk coverage with respect to any Engines or Parts while removed from the Aircraft (including, without limitation, war risk and allied perils insurance if and to the extent the same is maintained by Lessee or other United States air carriers as to which there are in force certificates issued pursuant to Section 401 of the Federal Aviation Act (or any successor provision that gives like authority) and which are engaged in the same or similar business and are similarly situated with Lessee with respect to similar aircraft owned or operated by Lessee or by such United States air carriers, as the case may be, on the same routes) which is of the type and in substantially the amount usually carried by corporations engaged in the same or similar business and similarly situated with Lessee; provided that (i) such insurance (including the permitted self-insurance) shall at all times while the Aircraft is subject to this Lease be for an amount not less than the Stipulated Loss Value for the Aircraft from time to time and (ii) such insurance need not cover an Engine while attached to an airframe not owned, leased or operated by Lessee. Lessee may self-insure, by way of deductible or premium adjustment provisions in insurance policies, the risks required to be insured against pursuant to the preceding sentence, but in no case shall the self-insurance (including the self-insurance permitted by Section 11(a)) with respect to all of the aircraft and engines in Lessee's fleet (including, without limitation, the Aircraft) exceed for any 12-month policy year the lesser of (i) 50% of the largest replacement value of any single aircraft in Lessee's fleet or (ii) 1-1/2% of the average aggregate insurable value (for the preceding year) of all aircraft (including, without limitation, the Aircraft) on which Lessee carries insurance; provided that, in the event that there shall have occurred a material adverse change in the financial condition of Lessee from such condition as is reflected in the consolidated financial statements of Lessee at December 31, 1982, then, upon not less than 30 days' written notice from Lessor to Lessee, Lessee will, until Lessee's financial condition is on an overall basis equivalent to its financial condition at December 31, 1982, reduce the self-insurance permitted hereunder to such reasonable amount as Lessor may require; provided, further, that a deductible per occurrence utilized to reduce handling that, in the case of the Aircraft, is not in excess of the amount customarily allowed as a deductible in the industry, shall be permitted in addition to the above-mentioned self-insurance. Any

policies carried in accordance with this Section 11(b) and any policies taken out in substitution or replacement for any such policies (A) shall provide that any loss up to the amount of Stipulated Loss Value for any loss or damage constituting an Event of Loss with respect to the Aircraft, and any loss in excess of \$7,000,000, up to the amount of Stipulated Loss Value, for any loss or damage to the Aircraft (or Engines) not constituting an Event of Loss with respect to the Aircraft, shall be paid to the Indenture Trustee as long as the Trust Indenture shall not have been discharged pursuant to the terms and conditions thereof, and thereafter to Lessor, unless, in each case, the insurer shall have received notice that an Event of Default exists, in which case all insurance proceeds up to Stipulated Loss Value shall be payable to the Indenture Trustee or Lessor, as the case may be, (B) shall provide that in respect of the respective Interests of Lessor, of the Indenture Trustee and of each Participant in such policies the insurance shall not be invalidated by any action or inaction of Lessee and shall insure Lessor's, the Indenture Trustee's and such Participant's Interests, as they appear, regardless of any breach or violation of any warranty, declaration or condition contained in such policies by Lessee, (C) shall provide that, if such insurance is cancelled for any reason whatever, or any material change is made in the policy which affects the coverage certified hereunder to Lessor, the Indenture Trustee or any Participant, or if such insurance is allowed to lapse for nonpayment of premium, such cancellation, change or lapse shall not be effective as to Lessor, the Indenture Trustee or such Participant for 30 days (seven days, or such other period as may from time to time be customarily obtainable in the industry, in the case of any war risk and allied perils coverage) after receipt by Lessor, the Indenture Trustee or such Participant, respectively, of written notice from such insurers of such cancellation, change or lapse, (D) shall be primary without right of contribution from any other insurance which may be carried by Lessor, the Indenture Trustee or any Participant with respect to its Interests as such in the Aircraft and (E) shall provide that the insurers shall waive (i) any rights of set-off, counterclaim or any other deduction, whether by attachment or otherwise, which they may have against Lessor, the Indenture Trustee or any Participant and (ii) any rights of subrogation against Lessor, the Indenture Trustee and any Participant to the extent that Lessee has waived its rights by its agreements to indemnify any such party pursuant to this Lease or the Partici-

pation Agreement; provided that the exercise by such insurers of rights of subrogation derived from rights retained by Lessee shall not, in any way, delay payment of any claim that would otherwise be payable by such insurers but for the existence of rights of subrogation derived from rights retained by Lessee. Lessee shall arrange for appropriate certification that the requirements of this Section 11(b) have been met to be made promptly to Lessor, the Indenture Trustee and the Owner Participant (and the Indenture Trustee shall furnish such certification to each Loan Participant) by each insurer or its authorized representative with respect thereto, provided that all information contained therein shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone other than (i) their Affiliates and their officers, directors and employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, underwriters, lenders, rating agencies, insurance brokers and legal counsel, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's or the Indenture Trustee's rights, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and (vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates (or participations therein) or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in this Section 11(b) whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental authority. In the case of a sublease or contract with any Government in respect of the Aircraft or any Engine, or in the case of any requisition for use of the Aircraft or any Engine by any Government, a valid agreement, reasonably satisfactory to Lessor and the Owner Participant, to indemnify Lessee against any of the risks which Lessee is required hereunder to insure against by such Government in any amount up to the Stipulated Loss Value of the Aircraft from time to time shall be considered adequate insurance to the extent of the risks and in the amounts that are the subject of any such agreement to indemnify.

As between Lessor and Lessee it is agreed that all insurance payments received under policies required to be maintained by Lessee hereunder, exclusive of any payments received in excess of the Stipulated Loss Value for the Aircraft from such policies, as the result of the occurrence of an Event of Loss with respect to the Airframe or an Engine will be applied as follows:

(x) if such payments are received with respect to the Airframe or the Airframe and any Engines or engines installed on the Airframe that has been or is being replaced by Lessee as contemplated by Section 10(a), such payments shall be paid over to, or retained by, Lessor, and upon completion of such replacement be paid over to, or retained by, Lessee;

(y) if such payments are received with respect to the Airframe or the Airframe and any Engines or engines installed thereon that has not been and will not be replaced as contemplated by Section 10(a), so much of such payments remaining after reimbursement of Lessor for costs and expenses as shall not exceed the Stipulated Loss Value required to be paid by Lessee pursuant to Section 10(a) shall be applied in reduction of Lessee's obligation to pay such Stipulated Loss Value, if not already paid by Lessee, or, if already paid by Lessee, shall be applied to reimburse Lessee for its payment of such Stipulated Loss Value, and the balance, if any, of such payment remaining thereafter will be paid over to, or retained by, Lessee; and

(z) if such payments are received with respect to an Engine under the circumstances contemplated by Section 10(b), so much of such payments remaining after reimbursement of Lessor for costs and expenses shall be paid over to, or retained by, Lessee; provided that Lessee shall have fully performed the terms of Section 10(b) with respect to the Event of Loss for which such payments are made.

As between Lessor and Lessee the insurance payment for any loss or damage to the Aircraft in excess of the Stipulated Loss Value for the Aircraft shall be paid to Lessee.

As between Lessor and Lessee the insurance payments for any loss or damage to the Airframe or an Engine

not constituting an Event of Loss with respect to the Airframe or such Engine will be applied in payment (or to reimburse Lessee) for repairs or for replacement property in accordance with the terms of Sections 7 and 8, and any balance remaining after compliance with such Sections with respect to such loss shall be paid to Lessee. Any amount referred to in the preceding sentence or in clause (x), (y) or (z) of the second preceding paragraph which is payable to Lessee shall not be paid to Lessee or, if it has been previously paid directly to Lessee, shall not be retained by Lessee, if at the time of such payment an Event of Default (or event that with lapse of time would constitute an Event of Default under Section 14(a), 14(g), 14(h) or 14(i)) shall have occurred and be continuing, but shall be paid to and held by the Indenture Trustee, or if the Trust Indenture shall have been terminated pursuant to the terms thereof, Lessor, as security for the obligations of Lessee under this Lease, and may be applied against Lessee's payment obligations hereunder when and as they become due and payable, and at such time as there shall not be continuing any such Event of Default or event, such amount shall be paid to Lessee, to the extent not applied in accordance with this sentence, provided that if any such amount has been so held by Lessor as security for more than 90 days during which period (i) Lessor shall not have been limited by operation of law or otherwise from exercising remedies hereunder and (ii) Lessor shall not have exercised any remedy available to it under Section 15, then such amount shall be paid to Lessee.

(c) Reports, Etc. On or before the Delivery Date, and annually upon renewal of Lessee's insurance coverage, Lessee will furnish to Lessor, the Indenture Trustee and the Owner Participant (and the Indenture Trustee shall furnish to each Loan Participant) a report signed by a firm of independent aircraft insurance brokers appointed by Lessee, stating the opinion of such firm that the insurance then carried and maintained on the Aircraft complies with the terms hereof; provided that all information contained in such report shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone other than (i) their Affiliates and their officers, directors and employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, underwriters, lenders, rating agencies, insurance brokers and legal counsel, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such

other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's or the Indenture Trustee's rights, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and (vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates (or participations therein) or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in this Section 11(c) whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental authority. Lessee will cause such firm to advise Lessor, the Indenture Trustee and the Owner Participant, in writing promptly of any default in the payment of any premium and of any other act or omission on the part of Lessee of which such firm has knowledge and which might invalidate or render unenforceable, in whole or in part, any insurance on the Aircraft. Lessee will also cause such firm to advise Lessor, the Indenture Trustee and the Owner Participant, in writing as promptly as practicable after such firm acquires knowledge that an interruption or reduction of any insurance carried and maintained on the Aircraft pursuant to the provisions of this Section 11 will occur.

(d) Insurance for Own Account. Nothing in this Section 11 shall limit or prohibit the Owner Participant (either directly or in the name of the Owner Trustee) or Lessee from obtaining insurance for its own account with respect to the Airframe or any Engine and any proceeds payable thereunder shall be payable as provided in the insurance policy relating thereto, provided that (i) no such insurance may be obtained which would limit or otherwise adversely affect the coverage or amounts payable under insurance required to be maintained pursuant to this Section 11, it being understood that all salvage rights to the Airframe or such Engine shall remain with Lessee's insurers at all times, and (ii) the Owner Participant may obtain hull insurance on the Aircraft only to the extent the procurement of such insurance does not have an adverse effect on Lessee's ability or cost to obtain such insurance, except that the limitation in the foregoing clause (i) on the Owner Participant's right to obtain liability insurance shall not apply during any period in which Lessee is providing a Government indemnity in lieu

of the liability insurance required by Section 11(a) and the limitations in clauses (i) and (ii) on the Owner Participant's rights to obtain hull insurance shall not apply during any period in which Lessee is providing a Government indemnity in lieu of the hull insurance required by Section 11(b).

Section 12. Inspection. At all reasonable times during the Term, but upon at least 5 days' prior written notice to Lessee, Lessor, the Original Loan Participant or the Indenture Trustee or any of their respective authorized representatives may at their own expense and risk conduct a visual walk-around inspection of the Aircraft and any Engine (including a visual walk-around inspection of the Aircraft during any regularly scheduled heavy maintenance visit for the Aircraft conducted by Lessee during the Term) and may inspect the books and records of Lessee relating thereto; provided that (a) such representatives shall be fully insured to the reasonable satisfaction of Lessee by Lessor, the Original Loan Participant or the Indenture Trustee, as the case may be, with respect to any risks incurred in connection with any such inspection, (b) any such inspection shall be subject to the safety, security and workplace rules applicable at the location where such inspection is conducted and any applicable governmental rules or regulations and (c) in the case of an inspection during a maintenance visit, such inspection shall not in any respect interfere with the normal conduct of such maintenance visit or extend the time required for such maintenance visit. All information obtained in connection with any such inspection shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone (it being understood that each Loan Participant may disclose such information to any other Loan Participant or to any holder of a participation in such Loan Participant's Certificates) other than (i) their Affiliates and their officers, directors and employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, legal counsel, underwriters, lenders, rating agencies and authorized insurance brokers, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's or the Indenture Trustee's rights, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and

(vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates (or participations therein) or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in this Section 12 whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental authority or as may be necessary for the enforcement of this Lease by Lessor or the Indenture Trustee. Lessee will, upon the request of Lessor, the Original Loan Participant or the Indenture Trustee at any time, notify Lessor, the Original Loan Participant or the Indenture Trustee, as the case may be, of the time and location of the next scheduled heavy maintenance visit to be conducted by Lessee in respect of the Aircraft during the Term; provided that Lessee shall have the right in its sole discretion to reschedule, or change the location of, any maintenance visit of which it shall have notified Lessor, the Original Loan Participant or the Indenture Trustee pursuant to this sentence, Lessee hereby agreeing to use reasonable efforts to notify Lessor, the Original Loan Participant or the Indenture Trustee, as the case may be, of any such rescheduling or change. None of Lessor, the Indenture Trustee or any Participant shall have any duty to make any such inspection and shall not incur any liability or obligation by reason of not making any such inspection. No inspection pursuant to this Section 12 shall relieve Lessee of any of its obligations under this Lease. No inspection pursuant to this Section 12 shall interfere with the use, operation or maintenance of the Aircraft or the normal conduct of Lessee's business, and Lessee shall not be required to undertake or incur any additional liabilities in connection therewith.

Section 13. Assignment, Citizenship, Etc. Except as otherwise provided in Section 7(b) or in the case of any requisition for use by any Government referred to in Section 7(a), Lessee will not, without the prior written consent of Lessor, assign any of its rights hereunder, except as permitted by Section 13 of the Participation Agreement. Except as elsewhere herein provided or as expressly permitted by the provisions of the Participation Agreement, Lessor agrees that it will not assign or convey its right, title and interest in and to this Lease or the Aircraft; provided, however, that, in each case where so

provided or permitted, the transferee shall be domiciled in the United States, shall be a "citizen of the United States" within the meaning of Section 101(16) of the Federal Aviation Act and shall assume all of the obligations of Lessor under this Lease. To the extent required to entitle the Owner Trustee as Lessor under this Lease to the benefits of Section 1110 of the Bankruptcy Code, Lessee shall maintain in force a certificate issued pursuant to Section 401 of the Federal Aviation Act or any successor provision that gives like authority. The terms and provisions of this Lease shall be binding upon and inure to the benefit of Lessor and Lessee and their respective permitted successors and assigns.

Section 14. Events of Default. The following events shall constitute Events of Default (whether any such event shall be voluntary or involuntary or come about or be effected by operation of law or pursuant to or in compliance with any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body) and each such Event of Default shall be deemed to exist and continue so long as, but only as long as, it shall not have been remedied:

(a) Lessee shall fail to make any payment of Basic Rent, Stipulated Loss Value or Termination Value within 15 days after the same shall have become due or of any other amount of Supplemental Rent within 15 days after written notice of such failure by Lessor; or

(b) Lessee shall fail to carry and maintain insurance on or with respect to the Aircraft in accordance with the provisions of Section 11; provided that, in the case of insurance with respect to which cancellation, change or lapse for nonpayment of premium shall not be effective as to Lessor, the Indenture Trustee or any Participant (or, if applicable, any Affiliate of the Owner Participant) for 30 days (seven days, or such other period as may from time to time be customarily obtainable in the industry, in the case of any war risk and allied perils coverage) after receipt of notice by Lessor, the Indenture Trustee or any Participant of such cancellation, change or lapse, no such failure to carry and maintain insurance shall constitute an Event of Default hereunder until the earlier of (i) the date such failure shall have continued unremedied for a period

of 20 days (five days in the case of any war risk and allied perils coverage) after receipt by Lessor of the notice of cancellation, change or lapse referred to in Section 11(a)(C) or 11(b)(C), or (ii) such insurance not being in effect as to any of Lessor, the Indenture Trustee and any Participant (or, if applicable, any Affiliate of the Owner Participant); or

(c) Lessee shall operate the Aircraft at a time when public liability insurance required by Section 11(a) shall not be in effect; or

(d) Lessee shall fail to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder or under the Participation Agreement, any Lease Supplement, the Bills of Sale or the Purchase Agreement Assignment, and such failure shall continue unremedied for a period of 30 days after written notice thereof by Lessor; provided that, if such failure is capable of being remedied, so long as Lessee is diligently proceeding to remedy such failure (other than a failure to perform or observe the provisions of the penultimate sentence of Section 13), no such failure shall constitute an Event of Default hereunder for a period of up to 365 days; or

(e) any material representation or warranty made by Lessee in this Lease or in the Participation Agreement, any Lease Supplement, the Bills of Sale or the Purchase Agreement Assignment or in any document furnished by Lessee pursuant hereto or thereto (other than in the Tax Indemnity Agreement or any document furnished by Lessee pursuant thereto) shall prove to have been incorrect in any material respect at the time made, and such incorrectness shall continue to be material and unremedied for a period of 30 days after written notice thereof by Lessor; or

(f) Lessee shall consent to the appointment of a receiver, trustee or liquidator of itself or of a substantial part of its property, or Lessee shall admit in writing its inability to pay its debts generally as they come due, or shall make a general assignment for the benefit of creditors; or

(g) Lessee shall file a voluntary petition in bankruptcy or a voluntary petition or an answer seeking reorganization in a proceeding under any bankruptcy laws (as now or hereafter in effect) or an answer admitting the material allegations of a petition filed against Lessee in any such proceeding, or Lessee shall by voluntary petition or answer, consent to or seek relief under the provisions of any other now existing or future bankruptcy or other similar law providing for the reorganization or winding-up of corporations, or providing for an agreement, composition, extension or adjustment with its creditors; or

(h) an order, judgment or decree shall be entered by any court of competent jurisdiction appointing, without the consent of Lessee, a receiver, trustee or liquidator of Lessee or of any substantial part of its property, or sequestering any substantial part of the property of Lessee, and any such order, judgment, or decree of appointment or sequestration shall remain in force undismitted, unstayed or unvacated for a period of 90 days after the date of entry thereof; or

(i) a petition against Lessee in a proceeding under the Federal bankruptcy laws or other insolvency laws, as now or hereafter in effect, shall be filed and shall not be withdrawn or dismissed within 90 days thereafter, or, under the provisions of any law providing for reorganization or winding-up of corporations which may apply to Lessee, any court of competent jurisdiction shall assume jurisdiction, custody or control of Lessee or of any substantial part of its property and such jurisdiction, custody or control shall remain in force unrelinquished, unstayed or unterminated for a period of 90 days;

provided that, notwithstanding anything to the contrary contained in this Lease, any failure of Lessee to perform or observe any covenant, condition, or agreement herein shall not constitute an Event of Default if such failure is caused solely by reason of an event referred to in the definition of "Event of Loss" so long as Lessee is continuing to comply with the applicable terms of Section 10.

Section 15. Remedies. Upon the occurrence of any Event of Default and at any time thereafter so long as the same shall be continuing, Lessor may, at its option,

declare this Lease to be in default by a written notice to Lessee (provided that this Lease shall be deemed to have been declared in default without the necessity of such written notice upon the occurrence of any Event of Default described in paragraph (g), (h) or (i) of Section 14 hereof); and at any time thereafter, so long as Lessee shall not have remedied all outstanding Events of Default, Lessor may do one or more of the following with respect to all or any part of the Airframe and any Engines as Lessor in its sole discretion shall elect, to the extent permitted by, and subject to compliance with any mandatory requirements of, applicable law then in effect; provided that during any period when the Aircraft is subject to the Civil Reserve Air Fleet Program in accordance with the provisions of Section 7(b) and in the possession of the United States government or an instrumentality or agency thereof, Lessor shall not, on account of any Event of Default, be entitled to do any of the following in such manner as to limit Lessee's control under this Lease (or any sublessee's control under any sublease permitted by the terms of this Lease) of any Airframe or any Engines, unless at least 60 days' (or such lesser period as may then be applicable under the Military Airlift Command Program of the United States Government) prior written notice of default hereunder shall have been given by Lessor by registered or certified mail to Lessee (or any sublessee) with a copy addressed to the Contracting Office Representative for the Military Airlift Command of the United States Air Force under any contract with Lessee (or any sublessee) relating to the Aircraft:

(a) cause Lessee, upon the written demand of Lessor and at Lessee's expense, to return promptly, and Lessee shall return promptly, all or such part of the Airframe or any Engine as Lessor may so demand to Lessor or its order in the manner and condition required by, and otherwise in accordance with all the provisions of, Section 5, as if the Airframe or such Engine were being returned at the end of the Term, or Lessor, at its option, may enter upon the premises where all or any part of the Airframe or any Engine are located and take immediate possession of and remove the same (together with any engine which is not an Engine but which is installed on the Airframe, subject to all of the rights of the owner, lessor, lienor or secured party of such engine; provided that the Airframe with an engine (which is not an Engine) installed thereon may be flown or returned only to a

location within the continental United States, and such engine shall be held for the account of any such owner, lessor, lienor or secured party or, if owned by Lessee, may, at the option of Lessor, be exchanged with Lessee for an Engine in accordance with the provisions of Section 5(b)) by summary proceedings or otherwise, all without liability accruing to Lessor for or by reason of such entry or taking of possession or removal, whether for the restoration of damage to property caused by such taking or otherwise;

(b) sell all or any part of the Airframe and any Engine at public or private sale, whether or not Lessor shall at the time have possession thereof, as Lessor may determine, or otherwise dispose of, hold, use, operate, lease to others or keep idle all or any part of the Airframe or such Engine as Lessor, in its sole discretion, may determine, all free and clear of any rights of Lessee except as hereinafter set forth in this Section 15 and without any duty to account to Lessee with respect to such action or inaction or for any proceeds with respect thereto, except to the extent required by paragraph (d) below if Lessor elects to exercise its rights under such paragraph (d) in lieu of its rights under paragraph (c) below;

(c) whether or not Lessor shall have exercised, or shall thereafter at any time exercise, any of its rights under paragraph (a) or paragraph (b) above with respect to all or any part of the Airframe or any Engine, Lessor, by written notice to Lessee specifying a payment date (which date shall be deemed to be a "Termination Date" for purposes of computing Termination Value) which shall be not earlier than 30 days from the date of such notice, may demand that Lessee pay to Lessor, and Lessee shall pay Lessor, on the payment date specified in such notice, as liquidated damages for loss of a bargain and not as a penalty (in lieu of the Basic Rent due for Lease Periods commencing on or after the Lease Period Date next preceding the payment date specified in such notice), if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being

payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, less any credit to which Lessee shall be entitled as hereinafter in this Section 15(c) provided, plus whichever of the following amounts Lessor, in its sole discretion, shall specify in such notice (together with interest, if any, on such amount at the applicable Overdue Rate from the Termination Date to but excluding the date of actual payment): (i) an amount equal to the excess, if any, of the Termination Value for the Airframe or such Engine or part thereof, computed as of the payment date specified in such notice, over the aggregate fair market rental value (computed as hereafter provided in this Section 15) of the Airframe or such Engine or part thereof for the remainder of the Term, after discounting such aggregate fair market rental value semi-annually (effective on the Lease Period Dates) to present worth as of the payment date specified in such notice at the Assumed Debt Rate; or (ii) an amount equal to the excess, if any, of the Termination Value for the Airframe or such Engine or part thereof computed as of the payment date specified in such notice, over the fair market sales value (computed as hereafter provided in this Section 15) of the Airframe or such Engine or part thereof as of the payment date specified in such notice; provided that if the Termination Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall, if and so long as it shall have paid in full all Rent otherwise payable by it hereunder or pursuant hereto, be entitled to a credit against the amounts payable by it pursuant to this Section 15(c) in an amount equal to the lesser of the Unearned Advance Basic Rent as of the Termination Date and the amount, if any, by which such aggregate fair market rental value or such fair market sales value, as the case may be, exceeds such Termination Value; and provided, further, that in the event that the amount calculated pursuant to

this sentence to be credited exceeds the amount payable by Lessee pursuant to this Section 15(c) and any other amounts payable by Lessee hereunder as a result of the applicable Event of Default or the exercise of Lessor's remedies with respect thereto, the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee;

(d) in the event Lessor, pursuant to paragraph (b) above, shall have sold all or any part of the Airframe or any Engine, Lessor, in lieu of exercising its rights under paragraph (c) above with respect to the Airframe or such Engine or part thereof, may, if it shall so elect, demand that Lessee pay Lessor, and Lessee shall pay to Lessor, on the date of such sale (which date shall be deemed a "Termination Date" for purposes of computing Termination Value), as liquidated damages for loss of a bargain and not as a penalty (in lieu of the Basic Rent due for Lease Periods commencing on or after the Lease Period Date next preceding the date of such sale), if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, less any credit to which Lessee shall be entitled as hereinafter in this Section 15(d) provided, plus the amount of any deficiency between the net proceeds of such sale and the Termination Value for the Airframe or such Engine or part thereof, computed as of the date of such sale; provided that if the Termination Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall, if and so long as it shall have paid in full all Rent otherwise payable by it hereunder or pursuant hereto, be entitled to a credit

against the amounts payable by it pursuant to this Section 15(d) in an amount equal to the lesser of the Unearned Advance Basic Rent as of the Termination Date and the amount, if any, by which such net proceeds of such sale exceed such Termination Value; and provided, further, that in the event that the amount calculated pursuant to this sentence to be credited exceeds the amount payable by Lessee pursuant to this Section 15(d) and any other amounts payable by Lessee hereunder as a result of the applicable Event of Default or the exercise of Lessor's remedies with respect thereto, the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee; and

(e) Lessor may rescind this Lease as to the Airframe and any or all Engines, or may exercise any other right or remedy which may be available to it under applicable law or proceed by appropriate court action or actions, either at law or in equity, to enforce the terms or to recover damages for the breach hereof.

In addition, Lessee shall be liable, except as otherwise provided in paragraphs (c) and (d) above and without limiting the effect of the penultimate sentence of Section 3(c), without duplication of any amounts payable hereunder, for any and all unpaid Rent due hereunder before, after or during the exercise of any of the foregoing remedies and for all legal fees and other costs and expenses incurred by reason of the occurrence of any Event of Default or the exercise of Lessor's remedies with respect thereto, including all costs and expenses incurred in connection with the retaking or return of the Airframe or any Engine in accordance with the terms of Section 5 or in placing such Airframe or Engine in the condition and airworthiness required by such Section; provided that, if Lessee returns or surrenders possession of all or any part of the Airframe or any Engine in accordance with this Section 15 and Lessor does not within 365 days after the date of such return or surrender exercise its rights under paragraph (c) or (d) above with respect to such Airframe or Engine or part thereof, there shall be deducted from each payment of Basic Rent becoming due after the expiration of such 365-day period an amount equal to the quotient obtained by dividing the aggregate fair market rental value (computed as hereafter provided in this Section 15) of such Airframe or Engine or part thereof, for the re-

remainder of the Term after the expiration of such 365-day period (computed as of the date of such expiration), by the number of Basic Rent installments remaining with respect to the Aircraft after the expiration of such 365-day period to the end of the Term; and provided, further, that Lessor and Lessee agree that, notwithstanding anything to the contrary set forth in this Lease, the Trust Indenture, the Participation Agreement, the Tax Indemnity Agreement or any other document or instrument relating hereto or thereto, Lessee shall have no responsibility or liability for any amounts payable to any Loan Participant in respect of the Break Amount, if any, payable with respect to the Certificates as a result of (x) a purchase of the Certificates pursuant to Section 2.13 of the Trust Indenture as a result of an Indenture Default that does not also constitute an Event of Default or (y) an Indenture Default that does not also constitute an Event of Default. For purposes of paragraph (c) above and the preceding sentence, the "aggregate fair market rental value" or the "fair market sales value" of the Airframe or any Engine or any part thereof shall be as specified in an Independent Appraisal. At any sale of the Airframe or any Engine or part thereof pursuant to this Section 15, Lessor or any Participant may bid for and purchase such property. Except as otherwise expressly provided above, no remedy referred to in this Section 15 is intended to be exclusive, but each shall be cumulative and in addition to any other remedy referred to above or otherwise available to Lessor at law or in equity; and the exercise or beginning of exercise by Lessor of any one or more of such remedies shall not preclude the simultaneous or later exercise by Lessor of any or all of such other remedies. No express or implied waiver by Lessor of any Event of Default shall in any way be, or be construed to be, a waiver of any future or subsequent Event of Default.

Section 16. Single Transaction. Lessor and Lessee agree that the transactions contemplated by this Lease, the Participation Agreement, the Tax Indemnity Agreement, the other Operative Documents and the Rent Schedule are intended to and shall be construed to constitute one transaction. Lessee and Lessor hereby acknowledge that this Lease is a "lease" for purposes of Section 1110 of the Bankruptcy Code. So long as said Section 1110, or any successor or comparable provision affording protection to lessors of aircraft from the automatic stay under the Bankruptcy Code (then in effect) is in effect, Lessee hereby agrees that it will not, in

connection with any bankruptcy proceeding involving Lessee, take a position in the United States Bankruptcy Court that is inconsistent with Lessor's rights under said Section 1110 or said successor or comparable provision.

Section 17. Further Assurances; Financial Information.

Forthwith upon the execution and delivery of each Lease Supplement and Trust Agreement and Indenture Supplement, Lessee will cause such Lease Supplement and Trust Agreement and Indenture Supplement (and, in the case of the initial Lease Supplement and Trust Agreement and Indenture Supplement with respect to the Aircraft, this Lease, the Trust Indenture and the Trust Agreement) to be duly filed and recorded in accordance with the Federal Aviation Act. In addition, each of Lessor and Lessee will promptly and duly execute and deliver to the other party hereto such further documents and assurances and take such further action as such other party may from time to time reasonably request in order effectively to carry out the intent and purpose of this Lease, including, without limitation, if requested by Lessor, the execution and delivery of supplements or amendments hereto or, in the case of Lessor, to the Trust Indenture, in recordable form, subjecting to this Lease and, in the case of Lessor, to the Trust Indenture, any Replacement Airframe or Replacement Engine and the recording or filing of counterparts hereof or thereof, in accordance with the laws of such jurisdictions as Lessor may from time to time deem advisable; provided that this sentence is not intended to impose upon Lessee any additional liabilities not otherwise contemplated by this Lease and the Participation Agreement. Lessee also agrees to furnish Lessor, the Owner Participant and the Indenture Trustee (i) within 60 days after the end of each of the first three quarterly fiscal periods in each fiscal year of Lessee, a consolidated balance sheet of Lessee and its consolidated subsidiaries prepared by it as of the close of such period, together with the related consolidated statements of income and cash flows for such period, (ii) within 120 days after the close of each fiscal year of Lessee, a consolidated balance sheet of Lessee and its consolidated subsidiaries as of the close of such fiscal year, together with the related consolidated statements of income and cash flows for such fiscal year, as certified by independent public accountants, (iii) within 120 days after the close of each fiscal year of Lessee, a certificate of Lessee, signed by a Responsible Officer of Lessee and addressed to Lessor, the Indenture Trustee and the Owner Participant,

to the effect that the signer has reviewed the relevant terms of this Lease and the Participation Agreement and has made, or caused to be made under his supervision, a review of the transactions and condition of Lessee during the accounting period covered by the financial statements referred to in clause (ii) above, and that such review has not disclosed the existence during such accounting period, nor does the signer have knowledge of the existence as at the date of such certificate, of any condition or event which constitutes an Event of Default or which, after notice or lapse of time or both, would constitute an Event of Default, or, if any such condition or event existed or exists, specifying the nature and period of existence thereof and what action Lessee has taken or is taking or proposes to take with respect thereto, and (iv) from time to time such other non-confidential information as Lessor or the Indenture Trustee may reasonably request.

Section 18. Notices. All notices required under the terms and provisions of this Lease shall be in English and in writing, and any such notice may be given by United States mail, courier service, telegram, telex, cable or facsimile (confirmed by telephone or in writing in the case of notice by telegram, telex, cable or facsimile) or any other customary means of communication, and any such notice shall be effective when delivered (i) if to Lessee, to P.O. Box 619616, Dallas/Fort Worth International Airport, Texas 75261-9616, Attention: Treasurer, or at 4333 Amon Carter Boulevard, Fort Worth, Texas 76155, Attention: Treasurer, Telex: 4630158, Facsimile: (817) 967-4318, Telephone: (817) 963-1234 or to such other address as Lessee shall from time to time designate in writing to Lessor, (ii) if to Lessor, to Rodney Square North, Wilmington, Delaware 19890, Attention: Corporate Trust Administration (AA 1992 AF-1), Telex: 835437, Answerback: WILM TR, Facsimile: (302) 651-8464, Telephone: (302) 651-1000, or to such other address as Lessor shall from time to time designate in writing to Lessee, (iii) if to the Owner Participant or the Original Loan Participant, to their respective addresses set forth on the signature pages of the Participation Agreement, or to such other address as the Owner Participant or any Loan Participant shall from time to time designate in writing to Lessee and Lessor, and (iv) if to the Indenture Trustee, to 600 Peachtree Street, N.E., Suite 900, Atlanta, Georgia 30308, Attention: Corporate Trust Department (AA 1992 AF-1), Facsimile: (404) 607-6534, Telephone: (404) 607-4680, or such other address as the Indenture Trustee shall from

time to time designate in writing to Lessor and Lessee. Prior to the discharge of the lien of the Trust Indenture, Lessee shall furnish the Indenture Trustee directly with a copy of each report, notice, request, demand, certificate, financial statement or other instrument or document furnished to Lessor hereunder.

Section 19. No Setoff, Counterclaim, Etc. This Lease is a net lease and it is intended that Lessee shall pay all costs and expenses of every character whether seen or unforeseen, ordinary or extraordinary, or structural or nonstructural in connection with the use, operation, maintenance, repair and reconstruction of the Airframe and each Engine by Lessee, including the costs and expenses particularly set forth in this Lease. Lessee's obligation to pay all Rent payable hereunder shall, subject to Section 3(f) and the final sentence of Section 3(c), be absolute and unconditional and shall not be affected by any circumstances, including, without limitation, (i) any setoff, counterclaim, recoupment, defense or other right which Lessee may have against Lessor, any Participant, the Indenture Trustee or anyone else for any reason whatsoever, (ii) any defect in the title, airworthiness, condition, design, operation or fitness for use of, or any damage to or loss or destruction of, the Aircraft, or any interruption or cessation in or prohibition of the use or possession thereof by Lessee for any reason whatsoever, (iii) any insolvency, bankruptcy, reorganization or similar proceedings by or against Lessee or any other Person or (iv) any other circumstance, happening or event whatsoever, whether or not unforeseen or similar to any of the foregoing. If for any reason whatsoever this Lease shall be terminated in whole or in part by operation of law or otherwise, except as specifically provided herein, Lessee nonetheless agrees, subject to Section 3(f), to pay to Lessor an amount equal to each Basic Rent and Supplemental Rent payment under Section 3 at the time such payment would have become due and payable in accordance with the terms hereof had this Lease not been terminated in whole or in part. Lessee hereby waives, to the extent permitted by applicable law, any and all rights which it may now have or which at any time hereafter may be conferred upon it, by statute or otherwise, to terminate, cancel, quit or surrender this Lease except in accordance with the express terms hereof. Each payment of Rent made by Lessee shall be final as to Lessor and Lessee, and Lessee will not seek to recover all or any part of any such payment of Rent from Lessor or from the Indenture Trustee for any reason

whatsoever; provided that nothing in this sentence shall be construed to modify or limit in any way Lessee's rights under Section 3(f) and the penultimate sentence of Section 3(c) or its rights to rebate under Section 9(b), 9(d), 15(c) or 15(d).

Section 20. Renewal Options; Purchase Options. (a) Renewal Options. Lessee shall have the right to extend this Lease with respect to the Aircraft for up to five additional periods of one year each (each such period being hereinafter referred to as a "Renewal Term"), each commencing at the end of the Term or a Renewal Term. Such option to renew shall be exercised upon irrevocable written notice from Lessee to Lessor given not less than 120 days prior to the commencement of the first day of each Renewal Term and if no Event of Default shall have occurred and be continuing on such date, then this Lease shall be extended for the additional period of such Renewal Term on the same conditions provided for herein, and upon such extension, the word "Term" whenever used herein shall be deemed to refer, unless the context otherwise requires, to such Renewal Term; provided that the rental payable during such Renewal Term shall be at a rental rate equal to (i) in the case of the first Renewal Term the lesser of (x) the Renewal Term Rate and (y) the fair market rental value for the Aircraft determined within 90 days after such election by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal, and (ii) in the case of any Renewal Term thereafter, the fair market rental value of the Aircraft determined within 90 days after such election by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal; and provided, further, that the provisions of Section 9 shall not be applicable during any Renewal Term. The amounts which are payable during any such Renewal Term in respect of Termination Value as used in Section 15 and Stipulated Loss Value with respect to the Aircraft shall be determined on the basis of the fair market sales value of the Aircraft as of the commencement of such Renewal Term, amortized on a straight-line basis over such Renewal Term to the fair market sales value of the Aircraft as of the expiration of such Renewal Term, as such fair market sales value in each case is determined prior to the commencement of such Renewal Term by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, as determined by an Independent Appraisal.

(b) Special Purchase Option. On July 2, 2012, or, if such date is not a Business Day, on the next succeeding Business Day (the "Special Purchase Option Date"), Lessee shall have the right, at its option, to purchase the Aircraft. Such option to purchase the Aircraft shall be exercised irrevocably upon written notice from Lessee to Lessor given not less than 120 days prior to the Special Purchase Option Date. In the event that Lessee shall have so elected to purchase the Aircraft, on the Special Purchase Option Date, (x) Lessee shall pay the Basic Rent installment due on the Special Purchase Option Date (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), and at its option shall either (A) pay to Lessor, in funds of the type specified in Section 3(d), (1) an amount determined by multiplying Lessor's Cost for the Aircraft by the Special Purchase Price Percentage (the "Special Purchase Price"), plus (2) all Supplemental Rent (including, without limitation, the Break Amount, if any, on the Certificates) due and owing on such Special Purchase Option Date, plus (3) all Basic Rent due prior to and unpaid on such Special Purchase Option Date, or (B) assume all of the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates (including, without limitation, any scheduled payment of principal of or accrued interest on the Certificates due and payable on the Special Purchase Option Date but only to the extent that any Basic Rent installment payable by Lessee pursuant to clause (x) above or previously paid pursuant to this Lease does not cover such scheduled payment of principal or accrued interest on the Certificates and excluding any obligations or liabilities of the Owner Trustee in its individual capacity incurred on or prior to the Special Purchase Option Date, which obligations and liabilities shall remain the sole responsibility of the Owner Trustee in its individual capacity) in accordance with Section 2.16 of the Trust Indenture and simultaneously shall pay to Lessor, in funds of the type specified in Section 3(d), an amount equal to the excess, if any, of the Special Purchase Price over an amount equal to the sum of the principal of, and any accrued and unpaid interest on (except that such unpaid interest, for purposes of this Section 20(b), shall be deemed to have accrued at the Assumed Debt Rate), the outstanding Certificates on such Special Purchase Option Date, after taking into account any payments of principal or interest made in respect of

the outstanding Certificates on such Special Purchase Option Date, and (y) Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft and, if Lessee shall not have assumed the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates as provided for above, Lessor will request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the Lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge thereunder.

(c) Purchase Option. Lessee shall have the right, at its option, at the expiration of the Term or any Renewal Term, to elect to purchase the Aircraft at a price equal to the fair market sales value of the Aircraft, as determined as provided below. Such option to purchase shall be exercised irrevocably upon written notice from Lessee to Lessor given not less than 120 days prior to the last day of the Term or any Renewal Term, as the case may be. If Lessee shall have so elected to purchase the Aircraft, Lessor shall transfer without recourse or warranty (except as to Lessor's Liens) the Aircraft to Lessee, against payment by Lessee of the applicable purchase price and any other amounts due hereunder in immediately available funds. In order to enable Lessee to determine whether it wishes to exercise such election to purchase, the fair market sales value for the Aircraft shall, at Lessee's request made in sufficient time to permit such determination, be determined not less than 150 days prior to the end of the Term or any Renewal Term by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal.

Section 21. Successor Owner Trustee. Lessee agrees that, in the case of the appointment of any successor Owner Trustee pursuant to the terms of the Trust Agreement and Section 9(d) of the Participation Agreement, such successor Owner Trustee shall succeed to all the rights, powers and title of Lessor hereunder and shall be deemed to be Lessor of the Aircraft for all purposes without in any way altering the terms of this Lease or Lessee's obligations hereunder. Lessee further agrees that in the case of the appointment of any additional trustee to act as co-trustee or as a separate trustee pursuant to

the terms of the Trust Agreement and Section 9(d) of the Participation Agreement, such additional trustee shall acquire such rights, power and title of Lessor hereunder as are specified in the instruments appointing such additional trustee, without in any way altering the terms of this Lease or Lessee's obligations hereunder. One such appointment and designation of a successor or additional Owner Trustee shall not exhaust the right to appoint and designate further successor or additional Owner Trustees pursuant to the Trust Agreement and Section 9(d) of the Participation Agreement, but such right may be exercised repeatedly as long as this Lease shall be in effect.

Section 22. Security for Lessor's Obligation to Loan Participants. In order to secure the indebtedness evidenced by the Certificates, Lessor has agreed in the Trust Indenture, among other things, to assign to the Indenture Trustee this Lease and the Lease Supplements and to mortgage in favor of the Indenture Trustee all of Lessor's right, title and interest in and to the Aircraft, subject to the reservations and conditions therein set forth. Lessee hereby consents to such assignment and to the creation of such mortgage and security interest and acknowledges receipt of copies of the Trust Indenture and the Trust Agreement and Indenture Supplement, it being understood that such consent shall not affect any requirement or the absence of any requirement for any consent under any other circumstances. Until the lien of the Trust Indenture has been released, (a) Lessee shall make all payments of Rent and all other amounts payable hereunder (in each case, other than Excepted Property) to the Indenture Trustee as provided in Section 3(d) and the right of the Indenture Trustee to receive such payment shall, subject to Section 3(f), not, without limiting the provisions of Section 19 hereof, be subject to any defense, counterclaim, setoff or other right or claim of any kind which Lessee may be able to assert against Lessor (in its individual or trust capacity), the Indenture Trustee (in its individual or trust capacity), any Participant or any other Person in any action brought by any thereof on this Lease, (b) all rights of Lessor with respect to this Lease, the Aircraft, the Airframe or any Engine or any Part thereof, to the extent set forth in and subject in each case to the exceptions set forth in the Trust Indenture, shall be exercisable by the Indenture Trustee and (c) all documents, notices, certificates and opinions of counsel sent by Lessee to the Owner Trustee will also be sent to the Indenture Trustee. To the ex-

tent, if any, that this Lease Agreement constitutes chattel paper (as such term is defined in the Uniform Commercial Code as in effect in any applicable jurisdiction), no security interest in this Lease may be created through the transfer or possession of any counterpart hereof other than the original counterpart, which shall be identified as the counterpart containing the receipt therefor executed by the Indenture Trustee on the signature page thereof.

Section 23. Lessor's Right to Perform for Lessee. If Lessee fails to make any payment of Rent required to be made by it hereunder or fails to perform or comply with any of its agreements contained herein, Lessor may, on behalf of Lessee and upon prior notice to Lessee, itself make such payment or undertake such performance or compliance. The amount of any such payment and the amount of the reasonable expenses of Lessor incurred in connection with such payment, performance or compliance together with interest thereon, at the Overdue Rate, shall be deemed Supplemental Rent, payable by Lessee upon demand.

Section 24. Maintenance of Certain Engines. Notwithstanding anything to the contrary contained herein, an aircraft engine which is not an Engine, but which is installed on the Airframe, shall be maintained in accordance with Section 7(a).

Section 25. Investment of Security Funds; Miscellaneous. Any moneys required to be paid to or retained by Lessor which are not required to be paid to Lessee pursuant to Section 10(f) or 11(b) solely because an Event of Default hereunder (or event that with lapse of time would constitute an Event of Default under Section 14(a), 14(g), 14(h) or 14(i)) shall have occurred, or which are required to be paid to Lessee pursuant to Section 10(c) or 11(b) after completion of a replacement to be made pursuant to Section 10(a) shall, until paid to Lessee as provided in Section 10 or 11 or applied as provided herein or in the Trust Agreement and Trust Indenture, be invested in Permitted Investments by Lessor (unless the Trust Indenture shall not have been discharged, in which case, by the Indenture Trustee as provided in Section 3.07 of the Trust Indenture) from time to time as directed in writing by Lessee. There shall, so long as no Event of Default shall have occurred or be continuing, be promptly remitted to Lessee as a rebate of Rent any gain (including interest received) realized as the result of any such

investment (net of any fees, commissions and other expenses, if any, incurred in connection with such investment) and Lessee will promptly pay to Lessor or the Indenture Trustee, as the case may be, on demand, as Supplemental Rent the amount of any loss realized as the result of any such investment (together with any fees, commissions and other expenses, if any, incurred in connection with such investment), such amount to be disposed of in accordance with the terms of the Trust Agreement and the Trust Indenture.

Section 26. Concerning the Lessor. Wilmington Trust Company is entering into this Lease Agreement solely in its capacity as Owner Trustee under the Trust Agreement and not in its individual capacity (except as expressly stated herein) and in no case shall Wilmington Trust Company (or any entity acting as successor Owner Trustee under the Trust Agreement) be personally liable for or on account of any of the statements, representations, warranties, covenants or obligations stated to be those of Lessor hereunder; provided, however, that Wilmington Trust Company (or any such successor Owner Trustee) shall be personally liable hereunder for its own gross negligence or willful misconduct or for its breach of its covenants, representations and warranties contained herein, to the extent covenanted or made in its individual capacity.

Section 27. Sublessee's Performance and Rights. Any obligation imposed on Lessee in this Lease shall require only that Lessee perform or cause to be performed such obligation, even if stated herein as a direct obligation, and the performance of any such obligation by any permitted assignee, sublessee or transferee under an assignment, sublease or transfer agreement then in effect shall constitute performance by Lessee and to the extent of such performance discharge such obligation by Lessee. Except as otherwise expressly provided herein, any right granted to Lessee in this Lease shall grant Lessee the right to exercise such right or permit such right to be exercised by any such assignee, sublessee or transferee; provided that no such assignee, sublessee or transferee shall be permitted to exercise the self-insurance rights of Lessee set forth in Section 11. The inclusion of specific references to obligations or rights of any such assignee, sublessee or transferee in certain provisions of this Lease shall not in any way prevent or diminish the application of the provisions of the two sentences immediately preceding with respect to obligations or rights in

respect of which specific reference to any such assignee, sublessee or transferee has not been made in this Lease.

Section 28. Miscellaneous. Any provision of this Lease which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. This Lease may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered, subject to Section 22, shall be an original, but all such counterparts shall together constitute but one and the same instrument. To the extent permitted by applicable law, Lessee hereby waives any provision of law which renders any provision prohibited or unenforceable in any respect. Neither this Lease nor any of the terms hereof may be terminated, amended, supplemented, waived or modified orally, but only by an instrument in writing signed by the party against which the enforcement of the termination, amendment, supplement, waiver or modification is sought and no provision referring to the Owner Participant or requiring the consent or participation of or notice to the Owner Participant may be waived, modified, supplemented, terminated or amended without the express written consent of the Owner Participant. This Lease shall constitute an agreement of lease, and nothing herein shall be construed as conveying to Lessee any right, title or interest in the Aircraft except as a lessee only. To the extent consistent with the provisions of Title 11 U.S.C. Section 1110, or any analogous section of the Federal bankruptcy laws, as amended from time to time, it is hereby expressly agreed that, notwithstanding any other provisions of the Federal bankruptcy laws, as amended from time to time, the title of Lessor to the Aircraft and any right of Lessor to take possession of the Aircraft in compliance with the provisions of this Lease shall not be affected by the provisions of the Federal bankruptcy laws, as amended from time to time. The section and paragraph headings in this Lease and the table of contents are for convenience of reference only and shall not modify, define, expand or limit any of the terms or provisions hereof and all references herein to numbered sections, unless otherwise indicated, are to sections of this Lease.

THIS LEASE AGREEMENT HAS BEEN DELIVERED IN THE STATE OF NEW YORK AND SHALL IN ALL RESPECTS BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK, INCLUDING ALL MATTERS OF CONSTRUCTION, VALIDITY AND PERFORMANCE.

IN WITNESS WHEREOF, Lessor and Lessee have each caused this Lease Agreement to be duly executed as of the day and year first above written.

Exhibit A

Neither the Owner Participant, Lessee, nor any Affiliate of either may submit a bid for the Aircraft, directly or indirectly, in connection with such proposed sale. On the Termination Date (or such earlier date of sale as may be agreed to by Lessor and Lessee, which date shall thereafter be deemed the Termination Date), (x) Lessee shall, subject to receipt (i) by Lessor (or, so long as the Trust Indenture shall not have been discharged, the Indenture Trustee) of the full purchase price thereof and all amounts owing to Lessor pursuant to the next sentence and (ii) by the Persons entitled thereto of all unpaid Supplemental Rent due on or before the Termination Date, deliver the Aircraft at a location selected by Lessee to the Contract Purchaser (or such other purchaser acceptable to Lessor and Lessee), in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accor-

dance with the terms of Section 5, and (y) Lessor shall simultaneously therewith sell, without recourse or warranty (except as to Lessor's Liens), for cash all of Lessor's right, title and interest in and to the Aircraft to such Contract Purchaser (or other purchaser). The total selling price realized at such sale shall be retained by Lessor (or, so long as the Trust Indenture shall not have been discharged, distributed by the Indenture Trustee pursuant to the terms of the Trust Indenture) and, in addition, on the Termination Date, Lessee shall pay to Lessor or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d), an amount equal to (I) the sum of (1) the excess, if any, of (A) the Termination Value for the Aircraft as of the Termination Date, over (B) the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person), plus (2) that amount of interest that will accrue on the principal of all Outstanding Equipment Notes during the period from and including the Termination Date to but excluding the Redemption Date specified in Section 6.01 of the Trust Indenture, plus (3) all Supplemental Rent (including, without limitation, Make-Whole Amount, if any, and Swap Breakage Loss, if any, as the case may be, payable in connection with a redemption of any Equipment Notes resulting from a termination under this Section 9(b)) other than Termination Value, due and owing on the Termination Date, plus (4) (A) if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), or (B) if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, plus (5) all Basic Rent due and payable prior to the Termination Date and unpaid, less (II) any credit to which Lessee may be entitled as hereinafter in this Section 9(b) provided. Subject always to the provisions of the penultimate paragraph of Section 3(b), if the Termination Date with

respect to which Termination Value is determined is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall be entitled to a credit against the amounts payable by it pursuant to this Section 9(b) in an amount equal to the lesser of (x) the Unearned Advance Basic Rent as of the Termination Date, and (y) the amount, if any, by which the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person) exceeds the Termination Value for the Aircraft as of the Termination Date; provided that, in the event that the amount calculated pursuant to this sentence to be credited exceeds the amounts payable by Lessee pursuant to this Section 9(b), the Owner Participant shall be obligated to rebate an amount equal to such excess to Lessee. If on or prior to the scheduled Termination Date no sale of the Aircraft shall have occurred and if Lessor shall not have elected to retain the Aircraft in accordance with Section 9(d) or Lessee shall not have elected to purchase the Aircraft in accordance with Section 9(e), Lessee's notice given pursuant to Section 9(a) shall be deemed to be withdrawn as of such scheduled Termination Date and this Lease shall continue in full force and effect.

(c) Certain Obligations upon Sale of Aircraft. Upon the sale of the Aircraft pursuant to and in accordance with the provisions of Section 9(b), Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Airframe. Lessor shall be under no duty to solicit bids, to inquire into the efforts of Lessee to obtain bids or otherwise take any action in connection with the sale of the Aircraft under Section 9(b), other than to transfer to the purchaser of the Aircraft (or to such purchaser and to Lessee, as the case may be), without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft against receipt of the payments provided for herein, and to pay the amounts, if any, required to be paid by Lessor under Section 9(b) or

this Section 9(c), and to request the Loan Trustee upon the sale of the Aircraft pursuant to Section 9(b) to execute and deliver to such purchaser (or to such purchaser and to Lessee, as the case may be) an appropriate instrument releasing the Aircraft from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. Lessor agrees to notify promptly Lessee of the appointment by Lessor of any broker or finder (other than Lessee) in connection with the sale of the Aircraft pursuant to Section 9(b) and, subject to Section 9(b), to pay the fees or commissions of any such broker or finder employed by Lessor in connection with the sale of the Aircraft pursuant to Section 9(b).

(d) Retention of Aircraft by Lessor. If Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to retain the Aircraft pursuant to Section 9(a), on the Termination Date specified in Lessee's termination notice, Lessor shall pay, or cause to be paid, to the Loan Trustee in funds of the type specified in Section 3(d), an amount equal to (1) the aggregate outstanding principal amount of the Equipment Notes and all accrued interest thereon, plus (2) that amount of interest that will accrue on the principal of all Outstanding Equipment Notes during the period from and including the Termination Date to but excluding the Redemption Date specified in Section 6.01 of the Trust Indenture, plus (3) all other sums due and payable to the Loan Trustee on such Termination Date under the Trust Indenture, the Participation Agreement or such Equipment Notes. Subject to receipt by the Loan Trustee of such funds, on the Termination Date, (i) Lessee (x) shall deliver the Aircraft to Lessor in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accordance with the terms of Section 5, and (y) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3(d), all Supplemental Rent (including, without limitation, Make-Whole Amount, if any, and Swap Breakage Loss, if any, as the case may be payable in connection with a redemption of any Equipment Notes resulting from a termination under this Section 9(d)), other than Termination Value, due and owing on the

Termination Date, and, if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, and all Basic Rent due and payable prior to the Termination Date and unpaid, less (B) any credit to which Lessee may be entitled as hereinafter in this Section 9(d) provided, and (ii) Lessor (x) shall transfer or cause to be transferred to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Airframe, and (y) shall request the Loan Trustee to execute and deliver to Lessee an appropriate instrument releasing the Aircraft from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. If the Termination Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall, subject always to the provisions of the penultimate paragraph of Section 3(b), be entitled to a credit against the amounts payable by it pursuant to this Section 9(d) in an amount equal to the Unearned Advance Basic Rent as of the Termination Date; provided that in the event that the Unearned Advance Basic Rent exceeds the amount payable by Lessee pursuant to this Section 9(d), the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee. If Lessor shall fail to perform any of its obligations pursuant to this Section 9(d) and as a result thereof this Lease shall not be terminated on a proposed Termination Date, Lessor shall thereafter no longer be entitled to exercise its election to retain the Aircraft and Lessee may at its option at any time thereafter

submit a new termination notice pursuant to Section 9(a).

(e) Purchase of Aircraft by Lessee. In the event that Lessee shall have elected to purchase the Aircraft on a Special Termination Date pursuant to Section 9(a), on such Special Termination Date, Lessee shall purchase the Aircraft at a price (the "Special Termination Price") equal to the greater of (i) the Termination Value for the Aircraft, computed as of the Special Termination Date and (ii) the then fair market sales value of the Aircraft, as determined by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal. On such Special Termination Date, (x) Lessee (i) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3(d), all unpaid Supplemental Rent (including, without limitation, Make-Whole Amount, if any, and Swap Breakage Loss, if any, as the case may be, payable in connection with a redemption of any Equipment Notes resulting from a termination under this Section 9(e)), other than Termination Value, due and owing on such Special Termination Date, all Basic Rent due and payable prior to the Special Termination Date and unpaid and the Basic Rent installment due and payable on the Special Termination Date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) and (ii) at its option shall either (A) pay to Lessor, in funds of the type specified in Section 3(d), the Special Termination Price, or (B) assume all of the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Equipment Notes (including, without limitation, any scheduled payment of principal of or accrued interest on the Equipment Notes due and payable on the Special Termination Date but only to the extent that the Basic Rent installment payable by Lessee pursuant to clause (i) above does not cover such scheduled payment of principal of or accrued interest on the Equipment Notes but excluding any obligations or liabilities of the Owner Trustee in its individual capacity incurred on or prior to the Special Termination Date, which obligations and liabilities shall remain the sole responsibility of the Owner Trustee) in accordance with Section 7.03 of the Trust Indenture and simultaneously shall pay to Lessor, in funds of the

type specified in Section 3(d), an amount equal to the excess, if any, of the Special Termination Price over an amount equal to the sum of the principal of and any accrued and unpaid interest on the outstanding Equipment Notes on such Special Termination Date, after taking into account any payments of principal or interest made in respect of the outstanding Equipment Notes on such Special Termination Date, and (y) Lessor will sell to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft and all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Airframe and, if Lessee shall not have assumed the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Equipment Notes as provided for above, Lessor will request the Loan Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge thereunder.

(f) Termination of Lease, Etc. Upon the sale or retention or purchase of the Aircraft, as the case may be, in compliance with the provisions of this Section 9, (i) the obligation of Lessee to pay Basic Rent under Section 3(b) on any Lease Period Date occurring subsequent to the applicable Termination Value Determination Date, and (ii) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f), other than payments of Supplemental Rent to be made by Lessee (x) surviving pursuant to Section 7(d) of the Participation Agreement or Section 10 of the Tax Indemnity Agreement or (y) in respect of liabilities and obligations of Lessee which have accrued under any Operative Document but have not been paid or which are in dispute as of the date of such sale or retention) shall cease as of the Termination Date and, in each case, the Term shall end effective as of the Termination Date.

(g) Termination as to Engines. So long as no Event of Default shall have occurred and be continuing, Lessee shall have the right at its option at any time, on at least 60 days' prior written notice, to terminate this Lease with respect to any Engine. In such event, and prior to the date of such termination, Lessee shall

replace such Engine hereunder by complying with the terms of Section 10(b) to the same extent as if an Event of Loss had occurred with respect to such Engine."

As used herein, "Loss Payment Date" means the earliest of (x) 30 days following the date on which insurance proceeds are received with respect to such Event of Loss, (y) the Business Day next following the 121st day next following the date of occurrence of the Event of Loss, and (z) an earlier Business Day irrevocably specified by Lessee at least thirty days in advance by notice to Lessor and the Loan Trustee; provided, however, the Loss Payment Date shall be the date specified in the proviso to clause (i) above, if such proviso is applicable."

"Termination Value" for the Aircraft as of any date of determination means the amount determined by multiplying Lessor's Cost for the Aircraft by the Termination Value Percentage set forth in Exhibit C to the Rent Schedule opposite the Termination Value Determination Date next preceding such date of determination (or, if such date of determination is a Termination Value Determination Date, by the Termination Value Percentage set forth opposite such Termination Value Determination Date) as such percentage may be adjusted as provided below, provided that during any Renewal Term, "Termination Value" shall be determined as provided in Section 20. "Termination Value" for the Airframe or any Engine as of any date of determination means a portion of the Termination Value for the Aircraft, computed as of such date of determination, which bears the same ratio to such Termination Value for the Aircraft as the original cost (as reasonably determined by Lessor after consultation with Lessee and the Manufacturer) to Lessor of the Airframe or such Engine bears to Lessor's Cost for the Aircraft. Anything contained herein or in the Participation Agreement to the contrary notwithstanding, Termination Value for the Aircraft (both before and after any adjustment pursuant to Section 3(e) or any deduction pursuant to Section 3(f)) will, under any circumstances and in any event, be an amount which, together with any other amounts required to be paid by Lessee hereunder in connection with such Lease termination (other than Supplemental Rent payable in respect of the Break Amount, if any, and amounts other than principal or interest owing to the holders of Certificates under the Trust Indenture in connection with such Lease termination), will be at least sufficient to pay in full as of the date of the payment thereof the aggregate unpaid principal of the outstanding Certificates together with all unpaid interest thereon accrued to the date on which such payment is paid in accordance with the terms hereof. The Termination Value Percentages set forth in Exhibit C to the Rent Schedule have been computed on the assumption that each Certificate will bear interest throughout the term at the Assumed Debt Rate for such Certificate. To the extent that the aggregate amount of interest payable on the Certificates from and including the Lease Period Date next preceding a Termination Value Determination Date to but excluding such Termination Value Determination Date is greater or less than the amount included in calculating the Termination Value Percentage set forth in Exhibit C to the Rent Schedule with respect to such Termination Value Determination Date on account of such Assumed Debt Rate,

such percentage shall be increased or decreased to compensate for such differential.

"Termination Value Determination Date" means each of the dates specified in Exhibit C to the Rent Schedule which is the same as or immediately precedes the date with respect to which Termination Value is to be determined.

"Transaction Costs" has the meaning set forth in Section 18(a) of the Participation Agreement.

"Trust Agreement" means the Trust Agreement (AA 1992 AF-2), dated as of the date hereof, between the Owner Participant and Lessor (in its individual capacity only as expressly provided therein and otherwise as Owner Trustee), as originally executed or as modified, amended or supplemented pursuant to the applicable provisions thereof and in accordance with the other Operative Documents, including, without limitation, supplementation thereof by one or more Trust Agreement and Indenture Supplements entered into pursuant to the applicable provisions of such Trust Agreement and of the other Operative Documents.

"Trust Agreement and Indenture Supplement" means a supplement to the Trust Indenture and to the Trust Agreement, substantially in the form of Exhibit A to the Trust Indenture.

"Trust Estate" has the meaning specified in the Trust Agreement.

"Trust Indenture" or "Indenture" means the Trust Indenture and Security Agreement (AA 1992 AF-2), dated as of the date hereof, between Lessor (in its individual capacity only as expressly provided therein and otherwise as Owner Trustee) and the Indenture Trustee, as originally executed or as modified, amended or supplemented by one or more Trust Agreement and Indenture Supplements or indentures supplemental thereto entered into pursuant to the applicable provisions thereof.

"Trustee's Liens" has the meaning specified in Section 5.04 of the Trust Indenture.

"Unearned Advance Basic Rent" means, as of any date of determination, the amount determined by multiply-

ing the portion, if any, of the Basic Rent installment for the Lease Period in which such date of determination occurs designated in Exhibit A-1 to the Rent Schedule as having been payable in advance by a fraction, the numerator of which shall be the actual number of days in the period from and including such date of determination to but excluding the last day of such Lease Period, and the denominator of which shall be the actual number of days in such Lease Period.

Section 2. Acceptance and Leasing of Aircraft. Lessor hereby agrees (subject to satisfaction or waiver of the conditions set forth in Section 4 of the Participation Agreement) to accept delivery of, and simultaneously to lease to Lessee hereunder, and Lessee hereby agrees (subject to satisfaction or waiver of the conditions set forth in Section 11 of the Participation Agreement) to lease from Lessor hereunder, the Aircraft, as evidenced by the execution by Lessor and Lessee of a Lease Supplement covering the Aircraft. Lessor shall authorize one or more employees or agents of Lessee, designated by Lessee, as the authorized representative or representatives of Lessor to accept delivery of the Aircraft pursuant to the Participation Agreement. Lessee hereby agrees to deliver the Aircraft within the United States to Lessor, and Lessor hereby authorizes one or more employees or agents of Lessee, designated by Lessee, as the authorized representative or representatives of Lessor to ultimately deliver the Aircraft outside the United States within one year after the date of the acceptance of delivery of the Aircraft from Lessee under the Participation Agreement, as contemplated by Section 5(d) of the Tax Indemnity Agreement. Lessee hereby agrees that such acceptance of delivery by such authorized representative or representatives on behalf of Lessor shall, without further act, irrevocably constitute acceptance by Lessee of the Aircraft for all purposes of this Lease.

Section 3. Term and Rent. (a) Term. Except as otherwise provided herein, the Term for the lease of the Aircraft hereunder shall commence on the Delivery Date and end on the Base Lease Expiration Date.

(b) Basic Rent. Lessee hereby agrees to pay Lessor Basic Rent for the Aircraft throughout the Term in consecutive semiannual installments payable on each Lease Period Date commencing on the Base Lease Commencement Date. Each such installment of Basic Rent in respect of

the Aircraft shall be in an amount determined by multiplying Lessor's Cost by the Basic Rent percentage set forth in Exhibit A to the Rent Schedule for the applicable Lease Period Date.

Although the Basic Rent percentages set forth in Exhibit A to the Rent Schedule have been computed on the assumption that each Certificate will bear interest at the Assumed Debt Rate for such Certificate throughout the Term, Lessor and Lessee recognize that the actual rate of interest on each Certificate may be a rate from time to time which may be greater or less than the Assumed Debt Rate for such Certificate and that the related basis upon which interest on the Certificates will be computed will be as provided in the Trust Indenture. Accordingly, each installment of Basic Rent shall be increased or decreased, as the case may be, by an amount (the "Rent Differential Amount") equal to, as of any Lease Period Date on which Basic Rent is payable, the difference between (i) the aggregate amount of interest actually due and payable on such Lease Period Date on the Certificates for the period from and including the Lease Period Date next preceding such Lease Period Date to but excluding such Lease Period Date, determined as provided in the Trust Indenture, and (ii) the aggregate amount of interest on the Certificates that would have been due and payable on such Lease Period Date if each Certificate had borne interest at the Assumed Debt Rate for such Certificate for the period from and including the Lease Period Date next preceding such Lease Period Date to but excluding such Lease Period Date. If, as of any Lease Period Date on which Basic Rent is payable, the amount determined in accordance with clause (i) of the immediately preceding sentence shall be greater than the amount determined in accordance with clause (ii) of such sentence, the amount of Basic Rent payable on such Lease Period Date shall be increased by the Rent Differential Amount. If, as of any Lease Period Date on which Basic Rent is payable, the amount determined in accordance with such clause (ii) shall be greater than the amount determined in accordance with such clause (i), the amount of Basic Rent due on such Lease Period Date shall be decreased by the Rent Differential Amount. The interest actually accruing with respect to the Certificates shall be as specified by the notification to be delivered by the Indenture Trustee to Lessor, Lessee and the Owner Participant as provided in Section 1(c) of the Participation Agreement.

Anything contained herein or in the Participation Agreement to the contrary notwithstanding, each installment of Basic Rent (both before and after any adjustment pursuant to Section 3(e), or any deduction pursuant to Section 3(f)), as well as the amount of any Prepaid Rent paid pursuant to Section 3(f), together with any payment made by the Owner Participant under Section 16(a) of the Participation Agreement, shall be, under any circumstances and in any event, in an amount at least equal to, as of the due date of such installment, or Base Lease Commencement Date, as the case may be, the amount of principal of and interest on the Certificates required to be paid by Lessor pursuant to the Trust Indenture on the due date of such installment of Basic Rent or on the Base Lease Commencement Date, as the case may be. Further, and anything contained herein or in the Participation Agreement to the contrary notwithstanding, Termination Value and Stipulated Loss Value for the Aircraft (both before and after any adjustment pursuant to Section 3(e), or any deduction pursuant to Section 3(f)) will, under any circumstances and in any event, be an amount which, together with any other amounts (excluding Excepted Payments) then required to be paid by Lessee hereunder in connection therewith, will be at least equal to, as of the date of payment thereof, the aggregate unpaid principal of the outstanding Certificates, together with all unpaid interest thereon accrued to the date on which such amount is paid in accordance with the terms hereof.

Basic Rent accrues or is earned with respect to each Lease Period in accordance with Exhibit A-1 to the Rent Schedule.

(c) Supplemental Rent. Lessee also agrees to pay to Lessor, or to whomsoever shall be entitled thereto, any and all Supplemental Rent promptly as the same shall become due and owing, and in the event of any failure on the part of Lessee to pay any Supplemental Rent, Lessor shall have all rights, powers and remedies provided for herein or by law or in equity or otherwise as in the case of nonpayment of Basic Rent. In addition, Lessee will pay as Supplemental Rent (i) on demand, an amount equal to interest at the applicable Overdue Rate on any part of any installment of Basic Rent not paid when due for any period for which the same shall be overdue and on any payment of Supplemental Rent not paid when due or demanded, as the case may be, for the period until the same shall be paid, (ii) in the case of any prepayment of the Certificates

pursuant to Section 2.12 or 2.14 of the Trust Indenture or purchase of the Certificates pursuant to Section 2.13 of the Trust Indenture, on the date the same is payable by Lessor under the Trust Indenture, an amount equal to the Break Amount, if any, payable with respect to the Certificates and (iii) any amounts payable by Lessor under Section 2.04 or 2.18 of the Trust Indenture; provided that notwithstanding anything to the contrary set forth in any Operative Document or any document or instrument relating thereto, Lessee shall have no responsibility or liability for any amounts payable to any Loan Participant in respect of the Break Amount, if any, payable with respect to the Certificates, as a result of (i) a prepayment of the Certificates or a purchase of the Certificates pursuant to Section 2.13 of the Trust Indenture as a result of an Indenture Default that does not also constitute an Event of Default or (ii) an Indenture Default that does not also constitute an Event of Default. All Supplemental Rent to be paid pursuant to this Section 3(c) shall be payable in the type of funds and in the manner set forth in Section 3(d).

(d) Payment to Lessor. All Rent shall be paid by Lessee to Lessor at its office at Rodney Square North, Wilmington, Delaware 19890, Attention: Corporate Trust Administration (AA 1992 AF-2), in funds consisting of lawful currency of the United States of America which shall be immediately available at such office of Lessor not later than 1:00 p.m., New York City time, on the date of payment, provided that so long as the Trust Indenture shall not have been discharged pursuant to the terms thereof, Lessor hereby directs, and each of Lessor and Lessee agrees, that all Rent (excluding Excepted Property) or other sums payable to Lessor hereunder or pursuant hereto shall be paid directly to the Indenture Trustee at the times and in funds of the type specified in this Section 3(d) at the offices of the Indenture Trustee at 600 Peachtree Street, N.E., Suite 900, Atlanta, Georgia 30308, Attention: Corporate Trust Department (AA 1992 AF-2), or at such other location in the United States as the Indenture Trustee may otherwise direct. Whenever the date scheduled for any payment of Rent to be made hereunder shall not be a Business Day, then such payment need not be made on such scheduled date but may be made on the next succeeding Business Day with the same force and effect as if made on such scheduled date and (provided such payment is made on such next succeeding Business Day) no interest shall accrue on the amount of such payment from and after

such scheduled date to the time of such payment on such next succeeding Business Day; provided that, so long as the Original Loan Participant holds any Certificates, interest shall accrue during such period with respect to that portion of Rent, if any, attributable to such Certificates, and Lessee shall pay as Supplemental Rent an amount equal to such accrued interest at the time that such interest is due and payable under such Certificates.

(e) Adjustments to Basic Rent, Stipulated Loss Value and Termination Value. In the event that (i) the Transaction Costs (as such term is defined in Section 18(a) of the Participation Agreement) are less or more than 0.5% of Lessor's Cost, or (ii) prior to the acceptance of the Aircraft on the Delivery Date: (A) there shall have occurred a Change in Tax Law and (B) after having been advised in writing by the Owner Participant of such Change in Tax Law and the proposed adjustment to the payments of Basic Rent resulting therefrom, Lessee shall have waived its right under Section 11 of the Participation Agreement to decline to proceed with the transaction, or (iii) a refunding or refinancing as contemplated by Section 17 or Section 20 of the Participation Agreement occurs, or (iv) the Delivery Date is other than July 9, 1992, or (v) if the Certificates are not refunded or refinanced on or prior to the Base Lease Commencement Date, the Excess Payment Amount (after adjustment for any Excess Payment Differential Amount) is other than \$2,553,000.00 then, in each such case, all payments of Basic Rent, Excess Payment Amount and Stipulated Loss Values and Termination Values with respect to the Term will, subject always to the penultimate paragraph of Section 3(b), be adjusted (upwards or downwards, as the case may be) in accordance with the provisions of Section 18 or Section 20, as applicable, of the Participation Agreement to preserve the Owner Participant's Net Economic Return, or the Owner Participant's Revised Net Economic Return, as the case may be, and, to the greatest extent possible, to minimize the net present value of the payments of Basic Rent. In addition, in the event of a refunding or refinancing as contemplated by Section 17 or Section 20 of the Participation Agreement, the Special Purchase Price Percentage and the Special Purchase Option Date shall be recalculated in accordance with the provisions of Section 18 or Section 20, as applicable, of the Participation Agreement.

(f) Prepayments of Certain Rent Payments. To the extent, if any, that there shall not have been received by the Indenture Trustee at the office of Indenture Trustee referred to in Section 3(d) hereof, by 1:00 p.m., New York City time, on the Base Lease Commencement Date from Lessor, an amount equal to the Excess Payment Amount, Lessee shall advance to Lessor on the Base Lease Commencement Date an amount equal to the Excess Payment Amount not so paid (such amount being herein called "Prepaid Rent") provided that Lessee will also pay to the Indenture Trustee, on demand, as Supplemental Rent, to the extent permitted by applicable law, interest at the Overdue Rate on any Excess Payment Amount not paid by the Owner Participant when due for any period for which the same shall be overdue. Any Rent prepaid pursuant to this Section 3(f) shall be offset against installments of Basic Rent in the order in which they become due, subject to the penultimate sentence of this paragraph. Lessor agrees to reimburse Lessee in the manner and subject to the conditions provided in the following sentence for (x) the Prepaid Rent so paid by Lessee determined as of the date such payment was made, plus (y) the Supplemental Rent so paid by Lessee pursuant to this Section 3(f) plus (z) accrued interest on the unreimbursed portion thereof at a rate per annum equal to the Overdue Rate plus three percent (3%) from the date such amount is paid by Lessee to but not including the date of each such reimbursement (such amounts to be reimbursed being herein called the "Reimbursement Amount"). So long as no Event of Default has occurred and is continuing, Lessee may with written notice to the Owner Participant and Indenture Trustee offset (without duplication) against each succeeding payment (other than as limited by the proviso to this sentence) due from Lessee to Lessor in respect of Basic Rent, Stipulated Loss Value, Termination Value or any other amount due hereunder to Lessor, until Lessee has been fully reimbursed for the Reimbursement Amount; provided, however, that in the case of any payment due from Lessee which is distributable under the terms of the Indenture, Lessee's right of offset shall be limited to amounts distributable to Lessor or the Owner Participant thereunder. No such offset or aggregate combined effect of separate offsets shall reduce the amount of any installments of Basic Rent to an amount insufficient, together with all other amounts payable simultaneously by Lessee, to pay in full the payments then required to be made on account of the principal of and interest on the Certificates then outstanding. Notwithstanding any provision of this Section 3(f) to the contrary, Lessee's obli-

gation to advance an amount equal to the Excess Payment Amount shall terminate at such time as its obligation to pay Basic Rent terminates under this Lease.

Section 4. Lessor's Representations, Warranties and Covenants; Quiet Enjoyment. (a) Lessor's Representations, Warranties and Covenants. NONE OF LESSOR (IN ITS INDIVIDUAL CAPACITY OR AS OWNER TRUSTEE), THE OWNER PARTICIPANT, ANY LOAN PARTICIPANT, OR THE INDENTURE TRUSTEE MAKES OR SHALL BE DEEMED TO HAVE MADE ANY REPRESENTATION OR WARRANTY, AND LESSEE HEREBY WAIVES, RELEASES AND RENOUNCES ANY REPRESENTATION OR WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, AS TO THE TITLE, AIRWORTHINESS, VALUE, CONDITION, WORKMANSHIP, DESIGN, OPERATION, MERCHANTABILITY OR FITNESS FOR USE FOR A PARTICULAR PURPOSE OF THE AIRCRAFT OR ANY ENGINE OR ANY PART THEREOF, AS TO THE ABSENCE OF LATENT OR OTHER DEFECTS, WHETHER OR NOT DISCOVERABLE, AS TO THE ABSENCE OF ANY INFRINGEMENT OF ANY PATENT, TRADEMARK OR COPYRIGHT, OR AS TO THE ABSENCE OF OBLIGATIONS BASED ON STRICT LIABILITY IN TORT, WHETHER IN STRICT OR ABSOLUTE LIABILITY OR ARISING FROM THE NEGLIGENCE OF LESSOR, INDENTURE TRUSTEE, ANY LOAN PARTICIPANT, OR THE OWNER PARTICIPANT, ACTUAL OR IMPUTED, OR ANY OTHER REPRESENTATION OR WARRANTY WHATSOEVER, EXPRESS OR IMPLIED, except that Lessor in its individual capacity represents and warrants that on the Delivery Date Lessor shall have received whatever rights, title and interests in, to and under the Aircraft were conveyed to it by Lessee and Lessor represents, warrants and covenants in its individual capacity that the Aircraft shall be free of Lessor's Liens attributable to it in its individual capacity. Lessor also represents and warrants in its individual capacity that it is, in its individual capacity, a "citizen of the United States" as defined in Section 101(16) of the Federal Aviation Act (without the use of a voting trust agreement or voting powers agreement).

(b) Quiet Enjoyment. Lessor covenants that, so long as no Event of Default shall have occurred and be continuing, it will not take any action contrary to Lessee's rights under this Lease, or otherwise in any way interfere with the quiet enjoyment of the use and possession of the Aircraft, the Airframe or any Engine by Lessee or any sublessee, assignee or transferee under any sublease, assignment or transfer then in effect and permitted by the terms of this Lease.

Section 5. Return of Aircraft. (a) Return of Airframe and Engines. Upon the termination of this Lease at the end of the Term, a Renewal Term or pursuant to Section 9 or Section 15, unless Lessee shall have exercised its option to purchase the Aircraft pursuant to Section 9(e), 20(b) or 20(c), Lessee will return the Aircraft by delivering the same, at its own expense, to any airport chosen by Lessee in the United States which is on Lessee's route system or, if Lessor has requested storage pursuant to Section 5(d), to the location determined in accordance with Section 5(d), fully equipped with two Engines (which may be Replacement Engines), or other General Electric CF6-80C2B6 engines (or engines of the same or another manufacturer of a comparable or an improved model and suitable for installation and use on the Airframe) owned by Lessee (and each such engine shall be of the same make, model and manufacture as the other Engine or engine installed on the Airframe), duly installed thereon. At the time of such return, (A) such Airframe and Engines or engines (i) shall be, if the Aircraft is then registered under the laws of the United States, duly certificated as an airworthy aircraft by the Federal Aviation Administration or, if the Aircraft is not then registered under the laws of the United States as provided in the penultimate sentence of this Section 5(a), shall be duly certificated as an airworthy aircraft by the central civil aviation authority of the jurisdiction in which the Aircraft is then registered, and, in addition, if the Aircraft is not registrable in the United States because one of the conditions specified in the proviso to such sentence apply, shall be eligible for certification as an airworthy aircraft by the Federal Aviation Administration, (ii) shall be free and clear of all Liens (other than Lessor's Liens and Permitted Liens of the type described in clause (i) or (iii) of Section 6), (iii) shall be in as good operating condition as when delivered to Lessee hereunder, ordinary wear and tear excepted, or, in the case of any such engines owned by Lessee, shall have a value and utility at least equal to, and shall be in as good operating condition as required by the terms hereof with respect to, Engines constituting part of the Aircraft but not then installed on the Airframe and (iv) in the event that Lessee does not use a progressive overhaul program in which no out-of-service phase with respect to the Airframe exceeds 240 hours or a condition-monitored maintenance program with respect to such Engines or engines, and Lessee adopts a time-related overhaul program with respect to the Airframe or a scheduled shop visit or

module change maintenance program with respect to such Engines or engines, or both, such Airframe shall have at least 1,500 hours of operation remaining to the next heavy maintenance visit and the aggregate number of hours of operation on all such Engines or engines remaining until the next scheduled shop visit or module change shall be at least 3,000 hours and (B) such Aircraft shall, except as otherwise provided herein, be clean and in a configuration suitable for commercial passenger service, and shall be in compliance with all mandatory environmental, noise, air pollution and other standards prescribed by the Federal government of the United States of America and applicable to the Aircraft and shall have all of Lessee's and any other Person's exterior markings removed or painted over with the areas thereof refinished to match adjacent areas. In the event that Lessee has adopted a time-related overhaul program with respect to the Airframe and does not meet the above conditions with respect thereto, Lessee shall pay Lessor a dollar amount computed by multiplying (i) 115% of Lessee's direct cost (during the preceding twelve months) of such heavy maintenance visit by (ii) a fraction of which (x) the numerator shall be the difference between 1,500 hours and the actual number of hours of operation remaining on the Airframe to the next heavy maintenance visit and (y) the denominator shall be the aggregate number of hours allowable between heavy maintenance visits. In the event that Lessee has adopted a scheduled shop visit or module change program with respect to such Engines or engines and Lessee does not meet the above conditions with respect to such Engines or engines, Lessee shall pay Lessor a dollar amount computed by multiplying (i) the product of (x) 115% of Lessee's direct cost (during the preceding twelve months) of such scheduled shop visit or module change and (y) the number of Engines or engines returned by (ii) a fraction of which (A) the numerator shall be the difference between 3,000 hours and the actual aggregate number of hours of operation remaining to the next scheduled shop visit or module change for the Engines or engines on the Aircraft and (B) the denominator shall be the aggregate number of hours allowable between scheduled shop visits or module changes for such Engines or engines. At the time of such return, Lessee will, unless requested by Lessor at least 90 days prior to such time of return to retain the existing registration of the Aircraft, cause the Aircraft, if it is not then so registered, to be registered under the laws of the United States with the Federal Aviation Administration in the name of Lessor or its designee; provided that Lessee shall

be relieved of its obligations under this sentence if (x) such registration is prohibited by reason of the failure of Lessor, the Owner Participant or Lessor's designee to be eligible on such date to own an aircraft registered with the Federal Aviation Administration or (y) such registration is otherwise prohibited by applicable law and such prohibition does not result from an act or failure to act on the part of Lessee or any sublessee. In the event the Federal Aviation Administration shall issue any directive which would require improvements to the Aircraft in order for the airworthiness certificate of the Aircraft to be maintained in good standing, and if such directive by its terms is not applicable to the Aircraft prior to the return thereof pursuant to this Section 5, Lessee shall nevertheless comply with such directive if, prior to such return, (x) Lessee commences compliance with such directive with respect to any other Boeing 767-300 aircraft affected by such directive and in use by Lessee and (y) subsequent to any such commencement, the Aircraft is subjected to a maintenance check of the type at which such modification is made, in accordance with Lessee's general maintenance program.

(b) Return of Engines. In the event that any engine not owned by Lessor shall be delivered with the Airframe as set forth in paragraph (a) of this Section 5, Lessee, concurrently with such delivery, will, at its own expense, furnish Lessor with a warranty (as to title) bill of sale in form and substance reasonably satisfactory to Lessor (which warranty shall except Lessor's Liens and Permitted Liens of the type described in clause (i) of Section 6), with respect to each such engine and with a written opinion of Lessee's counsel (which may be Lessee's General Counsel) to the effect that such bill of sale constitutes an effective instrument for the conveyance of title to such engine to Lessor, and thereupon Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all Lessor's right, title and interest in and to an Engine constituting part of the Aircraft but not installed on the Airframe at the time of the return of the Airframe.

(c) Fuel; Manuals. Upon the return of the Airframe pursuant to this Section 5, (i) Lessee shall have no obligation with respect to the amount of fuel or oil contained in the Airframe and all fuel or oil remaining on board the Airframe shall be the property of Lessor without charge and (ii) Lessee shall deliver or cause to

be delivered to Lessor all logs, manuals and data, and inspection, modification and overhaul records required to be maintained with respect thereto under applicable rules and regulations of the Federal Aviation Administration and, if the Aircraft has been registered under the laws of a jurisdiction other than the United States, of the applicable foreign governmental authority, and the warranty bill of sale relating to the Aircraft received from the Manufacturer.

(d) Storage upon Return. Upon written request of Lessor received at least 30 days prior to the end of the Term, Lessee will provide Lessor with storage facilities free of charge except as provided below for the Aircraft for a period not exceeding 30 days at such location in the United States on Lessee's route system used by Lessee for the storage of surplus aircraft or engines available for sale as shall be designated by Lessee; provided that Lessor may request that the Aircraft be stored at any other location in the United States on Lessee's route system used by Lessee for such purpose, in which case Lessee may, in its sole discretion, provide such facilities for such period. Any storage facilities provided by Lessee for the Aircraft pursuant to this Section 5(d) shall, in all cases, be at the cost to Lessor of insurance and Lessee's out-of-pocket costs in connection with providing such facilities (it being understood that such out-of-pocket costs shall not be deemed to include the cost of making the storage facilities available) and at the risk of Lessor. In the event Lessor, after a storage location is determined as provided in the first sentence of this Section 5(d), shall request Lessee to deliver the Aircraft to a second location, Lessee will, at Lessor's expense, fly the Aircraft within such 30-day period to a reasonable location selected by Lessor in the United States, for storage at the risk and expense of Lessor, upon receipt of evidence of insurance coverage (reasonably satisfactory to Lessee) as set forth in Section 11(a), provided that (i) Lessee shall not be required to store the Aircraft at any location used by Lessee for storage of surplus aircraft available for sale except as provided in the first sentence of this Section 5(d) and (ii) the delivery by Lessee of the Aircraft to the first location determined as provided in such sentence shall constitute delivery of the Aircraft as required by Section 5(a). Lessor, at its expense, may place such other insurance in such circumstances on the Aircraft as it may deem appropriate. Lessee shall, at Lessor's request, maintain insurance (if

available) for the Aircraft during such period of storage and shall be reimbursed by Lessor for the cost thereof.

(e) Delayed Return. (i) In the event that the use of the Aircraft, Airframe or any Engine in the normal course of the business of air transportation is prohibited on the last day of the Term or the date the Aircraft is required to be redelivered pursuant to Section 9, Lessee shall, upon prompt notice of the reasons therefor to Lessor, not be required to return such Aircraft to Lessor but may retain custody and control of the Aircraft for a period not in excess of 180 days beyond the last day of the Term or such date in order to attempt in a diligent manner to remedy any condition prohibiting such use or (ii) in connection with any sublease of the Aircraft by Lessee permitted under the terms of this Lease, Lessee may at its option, upon written notice to Lessor given not less than 30 days prior to the last day of the Term or such date, extend this Lease for a period not in excess of 60 days beyond the last day of the Term in order to enable Lessee to bring the Aircraft to the condition required under this Section 5 on its return to Lessor; provided that in either case, Lessee shall pay to Lessor at monthly intervals the daily equivalent of 50% of the average annual Basic Rent payable during the Term (excluding the Interim Period) pursuant to the terms hereof for each day of such period.

(f) Overhaul. Immediately prior to the return of the Airframe and Engines or engines at the end of the Term, Lessee, upon written request of Lessor received at least 30 days prior to the end of the Term, and subject to the availability of the appropriate facilities, will overhaul or cause to be overhauled such Airframe and Engines or engines. Such overhaul shall be done in the same manner and same care as used by Lessee with similar airframes and engines of its own, and Lessor shall reimburse Lessee for such overhaul by payment of an amount equal to 110% of Lessee's actual costs in connection with such overhaul. This provision is not intended and shall not be construed to diminish or modify Lessee's other obligations under this Section 5.

Section 6. Liens. Lessee will not directly or indirectly create, incur, assume or suffer to exist any Lien on or with respect to the Airframe or any Engine, title thereto or any interest therein or in this Lease except (i) the respective rights of Lessor and Lessee as herein provided, the Lien created under the Trust Indenture, the rights of Lessor under the Purchase Agreement Assignment and the rights of the Owner Participant, the Owner Trustee and the Indenture Trustee under the Trust Agreement, the Trust Indenture, and the Participation Agreement, (ii) the rights of others under agreements or arrangements to the extent expressly permitted by the terms of Sections 7(b) and 8(b), (iii) Lessor's Liens, Loan Participant Liens and Trustee's Liens, (iv) Liens for Taxes either not yet due or being contested in good faith (and for the payment of which adequate reserves have been provided) by appropriate proceedings so long as such proceedings do not involve any material danger of the sale, forfeiture or loss (or loss of use) of the Airframe or any Engine or interest therein, (v) materialmen's, mechanics', workmen's, repairmen's, employees' or other like Liens arising in the ordinary course of Lessee's business for amounts the payment of which is either not yet delinquent or is being contested in good faith (and for the payment of which adequate reserves have been provided) by appropriate proceedings so long as such proceedings do not involve any material danger of the sale, forfeiture or loss (or loss of use) of the Airframe or any Engine or interest therein, (vi) Liens arising out of judgments or awards against Lessee with respect to which an appeal or proceeding for review is being prosecuted in good faith and with respect to which there shall have been secured a stay of execution pending such appeal or proceeding for review so long as such judgment or award does not and will not involve any material risk or danger of the sale, forfeiture or loss (or loss of use) of the Airframe or any Engine or any interest therein and (vii) salvage or similar rights of insurers under insurance policies maintained pursuant to Section 11. Lessee will promptly, at its own expense, take such action as may be necessary duly to discharge (by bonding or otherwise) any such Lien not excepted above if the same shall arise at any time.

Section 7. Registration, Maintenance and Operation;  
Possession; Insignia. (a) Registration, Maintenance and Operation. Lessee,  
at its own cost and expense, shall:

(i) forthwith upon the delivery thereof to Lessor on the Delivery Date cause the Aircraft to be duly registered, and at all times thereafter to remain duly registered, under the laws of the United States, in the name of Lessor, as owner, except (x) as otherwise required by the Federal Aviation Act, or (y) to the extent that such registration cannot be effected because of Lessor's or the Owner Participant's failure to comply with the citizenship or other eligibility requirements for registration of aircraft under such Act; provided that Lessor shall execute and deliver all such documents as Lessee shall reasonably request for the purpose of effecting and continuing such registration. Notwithstanding the preceding sentence, but subject always to the terms and conditions set forth in Section 9(m) and 9(n) of the Participation Agreement, Lessee may cause the Aircraft to be duly registered under the laws of any jurisdiction in which a sublessee pursuant to Section 7(b)(ix) could be principally based, in the name of Lessor or of any nominee of Lessor, or, if required by applicable law, in the name of Lessee or any other Person, and shall thereafter maintain such registration unless and until changed as provided herein and therein; and Lessor will cooperate with Lessee in effecting such foreign registration;

(ii) maintain, service, repair, overhaul and test the Aircraft in accordance with a maintenance program (as approved by the Federal Aviation Administration) for Boeing 767-300 series aircraft (or, at Lessee's option, (x) in the event that the Aircraft is re-registered in another jurisdiction pursuant to Section 7(a)(i), in accordance with an aircraft maintenance program approved by the central civil aviation authority of the jurisdiction of such registration or (y) in the event of any sublease to a foreign air carrier in accordance with Section 7(b)(ix), approved by the central civil aviation authority of one of the jurisdictions specified in clause (y) of such Section 7(b)(ix)) and in the same manner and with the same care used by Lessee with

respect to comparable aircraft and engines owned or operated by Lessee and utilized in similar circumstances so as to keep the Aircraft in as good operating condition as when delivered to Lessee by the Manufacturer, ordinary wear and tear excepted, and in such condition as may be necessary to enable the airworthiness certification of the Aircraft to be maintained in good standing at all times (other than during temporary periods of storage in accordance with applicable regulations or during periods of grounding by applicable governmental authorities, except where such periods of grounding are the result of the failure by Lessee to maintain the Aircraft as otherwise required herein) under the Federal Aviation Act or, if the Aircraft is registered under the laws of any other jurisdiction, the laws of such jurisdiction and in compliance with all applicable manufacturer's alert service bulletins;

(iii) maintain, in the English language, all records, logs and other materials required by the appropriate authorities in the jurisdiction where the Aircraft is registered to be maintained in respect of the Aircraft; and

(iv) promptly furnish to Lessor such information as may be required to enable Lessor to file any reports, returns or statements required to be filed by Lessor with any governmental authority because of Lessor's or the Owner Participant's interest in the Aircraft.

Lessee agrees that the Aircraft will not be maintained, used or operated in violation of any law or any rule, regulation or order of any government or governmental authority having jurisdiction (domestic or foreign), or in violation of any airworthiness certificate, license or registration relating to the Aircraft issued by any such authority; provided that Lessee shall not be in default under this sentence if it is not possible for it to comply with the laws of a jurisdiction other than the United States (or other than any jurisdiction in which the Aircraft is then registered) because of a conflict with the applicable laws of the United States (or such jurisdiction in which the Aircraft is then registered); provided further that, if the Aircraft shall have been registered in a jurisdiction other than the United States, Lessee shall take all reasonable steps to resolve such

conflict, including, if necessary, the removal of the Aircraft from such other jurisdiction or changing the country of registry of the Aircraft. In the event that any such law, rule, regulation or order requires alteration of the Aircraft, Lessee will conform thereto or obtain conformance therewith at no expense to Lessor and will maintain the Aircraft in proper operating condition under such laws, rules, regulations and orders; provided, however, that Lessee may, in good faith, contest the validity or application of any such law, rule, regulation or order in any reasonable manner which does not materially adversely affect Lessor, the Aircraft, the Owner Participant or the lien of the Trust Indenture, provided that neither noncompliance with such law, rule, regulation or order nor such proceedings shall involve any danger of criminal liability to Lessor or the Owner Participant or (unless Lessee shall have provided security reasonably satisfactory to Lessor) any material danger of the sale, forfeiture or loss (or loss of use) of the Aircraft. Lessee also agrees not to operate or locate the Aircraft, or suffer the Aircraft to be operated or located, (i) in any area excluded from coverage by any insurance required by the terms of Section 11, except in the case of a requisition for use by any Government where Lessee obtains indemnity pursuant to Section 11 in lieu of such insurance from such Government against the risks and in the amounts required by Section 11 covering such area, or (ii) in any war zone or recognized or, in Lessee's judgment, threatened area of hostilities unless covered by war risk insurance in accordance with Section 11, but only so long as the same remains in effect while the Aircraft is so operated or located, or unless the Aircraft is operated or used under contract with any Government entered into pursuant to Section 11, under which contract such Government assumes liability for any damage, loss, (or loss of use) destruction or failure to return possession of the Aircraft at the end of the term of such contract and for injury to persons and damage to property of others.

(b) Possession. Lessee will not, without the prior written consent of Lessor, sublease or otherwise in any manner deliver, transfer or relinquish possession of the Airframe or any Engine or install any Engine, or permit any Engine to be installed, on any airframe other than the Airframe; provided that, so long as no Event of Default (or, only so long as the Original Loan Participant shall be a holder of any Certificate, as to any sublease

pursuant to the provisions of clause (ix) of this Section 7(b), an event that with the giving of notice of lapse of time or both would constitute an Event of Default under Section 14(a), (g), (h) or (i) hereof) shall have occurred and be continuing, and so long as the action to be taken shall not deprive the Indenture Trustee of the perfected lien of the Trust Indenture on the Airframe or (subject to subclause (B) of the "provided further" clause to subsection (i) of this Section 7(b)) any Engine, and in any event, so long as Lessee shall comply with the provisions of Section 11, Lessee may, without the prior consent of Lessor:

(i) subject the Airframe to normal interchange agreements or any Engine to normal interchange or pooling agreements or arrangements in each case customary in the airline industry and entered into by Lessee in the ordinary course of its business with any other United States air carrier as to which there is in force a certificate issued pursuant to Section 401 of the Federal Aviation Act or any successor provision that gives like authority or with any "foreign air carrier" (as such term is defined in such Act) as to which there is in force a permit issued pursuant to Section 402 of said Act (any such United States certificated air carrier and any such foreign air carrier being hereinafter called a "Permitted Air Carrier"); provided that no transfer of the registration of such Airframe shall be effected in connection therewith; and provided, further, that (A) no such agreement or arrangement contemplates or requires the transfer of title to the Airframe and (B) if Lessor's title to any such Engine shall be divested under any such agreement or arrangement, such divestiture shall be deemed to be an Event of Loss with respect to such Engine and Lessee shall comply with Section 10(b) in respect thereof;

(ii) deliver possession of the Airframe or any Engine to the manufacturer thereof for testing or other similar purposes or to any organization for service, repair, maintenance or overhaul work on the Airframe or such Engine or any part thereof or for alterations or modifications in or additions to the Airframe or such Engine to the extent required or permitted by the terms of Section 7(a) or 8(c);

(iii) transfer possession of the Airframe or any Engine to the United States of America or any instrumentality or agency thereof pursuant to a sublease, contract or other instrument, a copy of which shall be furnished to Lessor; provided that the term of such sublease (including, without limitation, any option of the sublessee to renew or extend) or the term of possession under such contract or other instrument shall not continue beyond the end of the Term or any Renewal Term then in effect;

(iv) transfer possession of the Airframe or any Engine to the United States of America or any instrumentality or agency thereof in accordance with applicable laws, rulings, regulations or orders (including, without limitation, the Civil Reserve Air Fleet Program authorized under 10 U.S.C. Section 9511 et seq. or any substantially similar program), provided that Lessee (x) notifies Lessor of such transfer of possession of the Airframe or any Engine to the United States or any agency or instrumentality thereof and (y) provides to Lessor the name and the address of the responsible Contracting Office Representative for the Military Airlift Command of the United States within 60 days thereof;

(v) install an Engine on an airframe owned by Lessee free and clear of all Liens, except (A) those of the type permitted under clauses (ii), (iii), (iv), (v), (vi) and (vii) of Section 6 and those which apply only to the engines (other than Engines), appliances, parts, instruments, appurtenances, accessories, furnishings and other equipment (other than Parts) installed on such airframe (but not to the airframe as an entirety) and (B) the rights of other Permitted Air Carriers under normal interchange agreements which are customary in the airline industry and do not contemplate, permit or require the transfer of title to the airframe or engines installed thereon;

(vi) install an Engine on an airframe leased to Lessee or owned by Lessee subject to a conditional sale or other security agreement; provided that (A) such airframe is free and clear of all Liens except the rights of the parties to the lease or conditional sale or other security agreement covering such airframe and except Liens of the type permitted by

clauses (A) and (B) of subparagraph (v) of this paragraph of Section 7(b) and (B) Lessee shall have obtained from the lessor or secured party of such airframe a written agreement (which may be the lease or conditional sale or other security agreement covering such airframe), in form and substance satisfactory to Lessor (it being understood that an agreement from such lessor or secured party substantially in the form of the final sentence of the penultimate paragraph of this Section 7(b) shall be deemed to be satisfactory to Lessor), whereby such lessor or secured party expressly agrees that neither it nor its successors or assigns will acquire or claim any right, title or interest in any Engine by reason of such Engine being installed on such airframe at any time while such Engine is subject to this Lease or to the lien of the Trust Indenture;

(vii) install an Engine on an airframe owned by Lessee, leased to Lessee or owned by Lessee subject to a conditional sale or other security agreement under circumstances where neither subparagraph (v) nor subparagraph (vi) of this Section 7(b) is applicable; provided that such installation shall be deemed an Event of Loss with respect to such Engine and Lessee shall comply with Section 10(b) in respect thereof, Lessor not intending hereby to waive any right or interest it may have to or in such Engine under applicable law until compliance by Lessee with such Section 10(b); and

(viii) sublease any Engine or the Airframe and Engines or engines then installed on the Airframe to any United States air carrier as to which there is in force a certificate issued pursuant to Section 401 of the Federal Aviation Act or successor provision that gives like authority; provided that the term of such sublease (including, without limitation, any option of the sublessee to renew or extend) shall not continue beyond the end of the Term or any Renewal Term then in effect, unless Lessee shall have agreed to purchase the Aircraft or renew this Lease in accordance with the terms hereof at the end of the Term or such Renewal Term, as the case may be, to a date beyond the end of the term of such sublease (assuming that all options to renew or extend such sublease will be exercised); and

(ix) sublease any Engine or the Airframe and Engines or engines then installed on the Airframe to (A) any foreign air carrier that is principally based in and a domiciliary of a country (other than Cuba, El Salvador, Iran, Iraq, Lebanon and Libya) that is at the inception of the sublease a party to the Mortgage Convention, or (B) any foreign air carrier that is principally based in and a domiciliary of a country listed in Exhibit B hereto, or (C) any foreign air carrier not described in clause (A) or (B) above; provided that (w) in the case only of a sublease to a foreign air carrier under clause (C) above, Lessor and the Loan Participants receive at the time of such sublease an opinion of counsel to Lessee (which counsel shall be reasonably satisfactory to Lessor, the Owner Participant and the Loan Participants) to the effect that (a) the terms of the sublease and the Operative Documents are legal, valid, binding and enforceable in the country in which such foreign air carrier is principally based, to substantially the same extent as the Operative Documents are at that time enforceable in the United States, (b) it is not necessary for Lessor or the Owner Participant to qualify to do business in such country solely as a result of the proposed sublease, (c) there is no tort liability of the owner of an aircraft not in possession thereof (or of a lender providing funds for the purchase of an aircraft) under the laws of such country other than tort liability no more extensive or onerous than that which might have been imposed on such owner or lender under the laws of the United States or any state thereof (it being understood that, in the event such opinion cannot be given in a form satisfactory to Lessor, the Owner Participant and the Loan Participants, such opinion shall be waived if insurance reasonably satisfactory to Lessor, the Owner Participant and the Loan Participants is provided by Lessee to cover the risk of such liability), (d) the laws of such country require fair compensation by the government of such country for the loss of use of the Aircraft in the event of the requisition by such government of the Aircraft (unless Lessee shall have agreed to provide insurance reasonably satisfactory to Lessor, the Indenture Trustee and the Owner Participant covering the risk of requisition of use of the Aircraft by the government of such jurisdiction so long as the Aircraft is subleased in such country), and

(e) there exist no possessory rights in favor of such sublessee under the laws of such country which would, upon bankruptcy of or other default by Lessee or the sublessee, prevent the return of such Engine or the Airframe and such Engine or engine to Lessor in accordance with and when permitted by the terms of Sections 14 and 15(a) hereof upon the exercise by Lessor of its remedies under Section 15(a), (x) in the case only of a sublease to a foreign air carrier under clause (C) above, each of Lessor and the Owner Participant receives assurances reasonably satisfactory to it that the currency of such country is freely convertible into U.S. Dollars (unless the Lessee shall have made arrangements reasonably satisfactory to the Lessor and the Owner Participant that all payments to be made by or on behalf of the Lessee under the Operative Documents and by the sublessee under the relevant sublease will be paid in U.S. Dollars), (y) in the case of any sublease to a foreign air carrier, either the sublease, or an arrangement existing between Lessee, the sublessee and/or one or more third parties that provide maintenance services, provides that the Aircraft will be maintained, serviced, repaired, overhauled and tested in accordance with maintenance standards for Boeing 767-300 series aircraft approved by, or substantially similar to those approved or required by, the Federal Aviation Administration or the central civil aviation authority of any of Brazil, Canada, France, The Federal Republic of Germany, Italy, Japan, the Netherlands, Sweden, Switzerland or the United Kingdom and (z) in the case of any sublease to a foreign air carrier (other than a foreign air carrier principally based in Taiwan) the United States of America maintains normal diplomatic relations with the country in which such foreign air carrier is principally based at the time such sublease is entered into; and provided, further, that the term of any such sublease (including, without limitation, any option of the sublessee to renew or extend) shall not continue beyond the end of the Term or any Renewal Term then in effect, unless Lessee shall have agreed to purchase the Aircraft or renew this Lease in accordance with the terms hereof at the end of the Term or such Renewal Term, as the case may be, to a date beyond the end of the term of such sublease (assuming that all options to renew or extend such sublease will be exercised);

provided that the rights of any transferee who receives possession by reason of a transfer permitted by this Section 7(b) (other than the transfer of an Engine which is deemed an Event of Loss) shall be subject and subordinate to, and any sublease permitted by this Section 7(b) shall be made expressly subject and subordinate to, all the terms of this Lease and of the Trust Indenture, including, without limitation, Lessor's rights to repossession pursuant to Section 15(a) hereof and to avoid such sublease upon such repossession and the Indenture Trustee's rights to possession pursuant to Section 4.04 of the Trust Indenture, and Lessee shall in all events remain primarily liable hereunder for the performance and observance of all of the terms and conditions of this Lease to the same extent as if such sublease or transfer had not occurred, and any such sublease shall include appropriate provisions for the maintenance (subject to clause (y) of the first proviso to Section 7(b)(ix)) and insurance of the Aircraft. No interchange agreement, pooling agreement, sublease or other relinquishment of possession of the Airframe or any Engine permitted by this Section 7(b) shall in any way discharge or diminish any of Lessee's obligations hereunder or under the other Operative Documents. With the prior written consent of Lessor, which consent shall not be unreasonably withheld, Lessee may sub-sublease the Airframe or Engines in connection with a transaction that involves such a sub-sublease commencing at the inception of the transaction. Lessee may not otherwise sub-sublease the Airframe or Engines. Lessee shall not sublease the Airframe or Engines to any sublessee that is the subject of a bankruptcy, insolvency or other similar proceeding at the inception of such sublease without the prior written consent of Lessor, which consent shall not be unreasonably withheld. Lessee shall, promptly upon entering into a sublease of the Airframe or Engines, notify Lessor, the Owner Participant and the Indenture Trustee of the identity of the sublessee and the term of such sublease and shall provide a copy of such sublease agreement to any of Lessor, the Owner Participant or the Indenture Trustee upon request therefrom (with economic and financial provisions and information deleted therefrom if Lessee shall so choose), provided that, except to the extent required by applicable law, such parties shall keep confidential the identity of the sublessee and the existence and terms of such sublease. Lessor hereby agrees, for the benefit of the lessor or secured party of any airframe or engine leased to Lessee or owned by Lessee subject to a conditional sale or other security agreement that Lessor will

not acquire or claim, as against such lessor or secured party, any right, title or interest in any engine or engines owned by the lessor under such lease or subject to a security interest in favor of the secured party under such conditional sale or other security agreement as the result of such engine or engines being installed on the Airframe at any time while such engine or engines are subject to such lease or conditional sale or other security agreement.

Lessor acknowledges that any "wet lease" or other similar arrangement under which Lessee maintains operational control of the Aircraft shall not constitute a delivery, transfer or relinquishment of possession for purposes of this Section 7(b).

(c) Insignia. Lessee agrees to affix as promptly as practicable after the Delivery Date and thereafter to maintain in the cockpit of the Airframe adjacent to the airworthiness certificate therein and (if not prevented by applicable law or regulations or by any governmental authority) on each Engine a nameplate bearing the inscription "WILMINGTON TRUST COMPANY, AS OWNER TRUSTEE, LESSOR", and, so long as the Airframe or such Engine shall constitute a part of the Indenture Estate, the inscription "NATIONSBANK OF GEORGIA, NATIONAL ASSOCIATION, AS INDENTURE TRUSTEE/MORTGAGEE" (such nameplate to be replaced, if necessary, with a nameplate reflecting the name of any successor Lessor or successor Indenture Trustee). Except as above provided, Lessee will not allow the name of any Person to be placed on the Airframe or on any Engine as a designation that might be interpreted as a claim of ownership; provided that nothing herein contained shall prohibit Lessee (or any sublessee) from placing its customary colors and insignia on the Airframe or any Engine.

Section 8. Replacement and Pooling of Parts; Alterations, Modifications and Additions. (a) Replacement of Parts. Lessee, at its own cost and expense, will promptly replace all Parts which may from time to time be incorporated or installed in or attached to the Airframe or any Engine and which may from time to time become worn out, lost, stolen, destroyed, seized, confiscated, damaged beyond repair or rendered permanently unfit for use for any reason whatsoever, except as otherwise provided in Section 8(c). In addition, Lessee may, at its own cost and expense, remove in the ordinary course of maintenance, service, repair, overhaul or testing, any Parts, whether

or not worn out, lost, stolen, destroyed, seized, confiscated, damaged beyond repair or rendered permanently unfit for use; provided that Lessee, except as otherwise provided in Section 8(c), will, at its own cost and expense, replace such Parts as promptly as possible. All replacement Parts shall be free and clear of all Liens (except for pooling arrangements to the extent permitted by Section 8(b) and Permitted Liens), and shall be in as good operating condition as, and shall have a value and utility at least equal to, the Parts replaced, assuming such replaced Parts were in the condition and repair required to be maintained by the terms hereof. Title to all Parts at any time removed from the Airframe or any Engine shall remain vested in Lessor no matter where located, until such time as such Parts shall be replaced by Parts which have been incorporated or installed in or attached to the Airframe or any Engine and which meet the requirements for replacement Parts specified above. Immediately upon any replacement Part becoming incorporated or installed in or attached to the Airframe or any Engine as above provided, without further act, (i) title to the replaced Part shall thereupon vest in Lessee, free and clear of all rights of Lessor, and such replaced Part shall no longer be deemed a Part hereunder, (ii) title to such replacement Part shall thereupon vest in Lessor, free and clear of all Liens (except for Permitted Liens) and (iii) such replacement Part shall become subject to this Lease and be deemed part of the Airframe or such Engine for all purposes to the same extent as the Parts originally incorporated or installed in or attached to the Airframe or such Engine.

(b) Pooling of Parts. Any Part removed from the Airframe or an Engine as provided in Section 8(a) may be subjected by Lessee to a normal pooling arrangement customary in the airline industry entered into in the ordinary course of Lessee's business with Permitted Air Carriers; provided that the Part replacing such removed Part shall be incorporated or installed in or attached to the Airframe or such Engine in accordance with Section 8(a) as promptly as practicable after the removal of such removed Part. In addition, any replacement Part when incorporated or installed in or attached to the Airframe or an Engine in accordance with Section 8(a) may be owned by a Permitted Air Carrier subject to such a normal pooling arrangement; provided that Lessee, at its expense, as promptly thereafter as practicable, either (i) causes title to such replacement Part to vest in Lessor in accordance with Section 8(a) by Lessee acquiring

title thereto for the benefit of, and transferring such title to, Lessor, free and clear of all Liens (other than Permitted Liens) or (ii) replaces such replacement Part by incorporating or installing in or attaching to the Airframe or such Engine a further replacement Part owned by Lessee free and clear of all Liens (other than Permitted Liens) and by causing title to such further replacement Part to vest in Lessor in accordance with Section 8(a).

(c) Alterations, Modifications and Additions. Lessee, at its own expense, will make such alterations and modifications in and additions to the Airframe and the Engines as may be required from time to time to meet the standards of the Federal Aviation Administration or other governmental authority having jurisdiction in any country in or over which the Aircraft is flown; provided, however, that Lessee may, in good faith, contest the validity or application of any such standard in any reasonable manner which does not adversely affect Lessor, the Aircraft, the Owner Participant or the lien of the Trust Indenture, provided that neither noncompliance with such standard nor such proceedings shall involve any danger of criminal liability to Lessor or the Owner Participant or (unless Lessee shall have provided security reasonably satisfactory to Lessor) any material danger of the sale, forfeiture or loss of the Aircraft. In addition, Lessee, at its own expense, may from time to time make or cause to be made such alterations and modifications in and additions to the Airframe or any Engine as Lessee may deem desirable in the proper conduct of its business, including, without limitation, removal of Parts which Lessee deems to be obsolete or no longer suitable or appropriate for use on the Airframe or such Engine (such Parts being referred to as "Obsolete Parts"); provided that no such alteration, modification, addition or removal shall diminish the value or utility of the Airframe or such Engine, or materially impair the condition or airworthiness thereof, below the value, utility, condition and airworthiness thereof immediately prior to such alteration, modification, addition or removal assuming the Airframe or such Engine was then of the value and utility and in the condition and airworthiness required to be maintained by the terms of this Lease, except that the value (but not the utility, condition or airworthiness) of the Aircraft may be reduced by the value of Obsolete Parts which shall have been removed, if the aggregate value of all such Obsolete Parts removed from the Aircraft and not replaced shall not exceed \$500,000. Title to all Parts incorporated or

installed in or attached or added to the Airframe or any Engine as the result of such alteration, modification or addition shall, without further act, vest in Lessor. Notwithstanding the foregoing, Lessee may, at any time during the Term, remove any Part; provided that (i) such Part is in addition to, and not in replacement of or substitution for, any Part originally incorporated or installed in or attached to the Airframe or such Engine at the time of delivery thereof hereunder or any Part in replacement of, or substitution for, any such Part, (ii) such Part is not required to be incorporated or installed in or attached or added to such Airframe or Engine pursuant to the first sentence of this Section 8(c), and (iii) such Part can be removed from the Airframe or such Engine without diminishing or impairing the value, utility, condition or airworthiness required to be maintained by the terms of this Lease which the Airframe or such Engine would have had at such time had such removal not occurred. Upon the removal by Lessee of any Part as provided in the immediately preceding sentence or the removal of any Obsolete Part permitted by this Section 8(c), title thereto shall, without further act, vest in Lessee and such Part shall no longer be deemed part of the Airframe or the Engine from which it was removed. Title to any such Part not removed by Lessee prior to the return of the Airframe or any Engine to Lessor hereunder shall remain vested in Lessor.

Section 9. Voluntary Termination. (a) Right of Termination. So long as no Event of Default shall have occurred and be continuing, Lessee shall have the right at its option (i) to terminate this Lease at any time on or after the fifth anniversary of the Delivery Date, if in Lessee's good faith determination (evidenced by a certificate of a Responsible Officer of Lessee to such effect) the Aircraft is surplus to Lessee's requirements or economically obsolete to Lessee, and (ii) at any time on or after the eighth anniversary of the Delivery Date to terminate this Lease for any reason whatsoever, in each case by delivering to Lessor a written notice of termination specifying a proposed date of termination (the "Termination Date") which shall be a Business Day occurring not earlier than 90 days after the date of such notice, and, if the Termination Date is a Special Termination Date, whether or not Lessee is thereby electing to purchase the Aircraft on such Special Termination Date as provided in Section 9(e). The termination of this Lease shall, subject to the terms and conditions of this Section 9, be

effective on (i) if Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to sell the Aircraft, as provided below, the date of sale of the Aircraft, if any, referred to in Section 9(b), (ii) if Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to retain the Aircraft as provided in Section 9(d), the date of termination referred to in Section 9(d), or (iii) if Lessee has elected to purchase the Aircraft as provided in Section 9(e), the date of purchase referred to in Section 9(e). Where Lessee has not elected to purchase the Aircraft as provided in Section 9(e), Lessor shall give Lessee irrevocable notice of its election to sell or retain the Aircraft no later than 30 days prior to the Termination Date. In the event Lessor shall fail to give notice pursuant to the immediately preceding sentence, notice of its election to sell the Aircraft shall be deemed to have been given as of such thirtieth day prior to the Termination Date. Unless Lessor shall have given to Lessee a timely notice of its election to retain the Aircraft as provided in Section 9(d), Lessee may withdraw the termination notice referred to above at any time on or prior to the date three Business Days prior to the Termination Date, whereupon this Lease shall continue in full force and effect. In the event Lessee withdraws, after the third Business Day prior to the Termination Date, a notice of termination given pursuant to this Section 9(a) or such notice is deemed withdrawn pursuant to the final sentence of Section 9(b), Lessee will reimburse Lessor, each Loan Participant and the Owner Participant for any reasonable out-of-pocket expenses (including any Break Amount incurred in anticipation of such termination) incurred by it in connection with the proposed sale, except Lessee shall not be obligated to reimburse Lessor and the Owner Participant for any out-of-pocket expenses to the extent Lessor shall have failed to comply with its obligations under this Section 9. Lessee shall not be entitled to exercise its right of termination provided for in this Section 9(a) more than four times during the Term (not including for purposes of this sentence any exercise by Lessee of such right of termination immediately following a failure of this Lease to be terminated by reason of Lessor's failure to comply with its obligations under this Section 9).

(b) Sale of Aircraft. If Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected or is deemed to have

elected to sell the Aircraft pursuant to Section 9(a), Lessee will have the option of acting as non-exclusive agent for Lessor to obtain bids for the cash purchase on or prior to the Termination Date of the Aircraft. Lessor agrees to pay Lessee a commercially reasonable brokerage fee based on the then current industry practice in the event that Lessee locates the Person who purchases the Aircraft pursuant to this Section 9(b). If Lessee acts as such agent, no later than ten Business Days prior to the Termination Date, Lessee shall certify to Lessor in writing the amount and terms of each cash bid received by Lessee and the name and the address of the Person submitting each such bid. Lessor may (but need not) also, at its expense (which expense, including without limitation any broker's or finder's fees, shall be for the Owner Participant's own account), independently obtain cash bids for such purchase and, in the event Lessor receives any such bid, Lessor shall promptly, and in any event at least five Business Days prior to the Termination Date, certify to Lessee in writing the amount and terms of such bid and the name and address of the Person submitting such bid. Neither the Owner Participant, Lessee, nor any Affiliate of either may submit a bid for the Aircraft, directly or indirectly, in connection with such proposed sale. On the Termination Date (or such other date of sale as may be agreed to by Lessor and Lessee, which shall thereafter be deemed the Termination Date), (x) Lessee shall, subject to receipt (i) by Lessor (or, so long as the Trust Indenture shall not have been discharged, the Indenture Trustee) of the full purchase price thereof and all amounts owing to Lessor pursuant to the next sentence, and (ii) by the Persons entitled thereto of all unpaid Supplemental Rent due on or before the Termination Date, deliver the Aircraft at a location selected by Lessee to the Person who shall have submitted the highest cash bid net of any broker's or finder's fees (or such other purchaser acceptable to Lessor and Lessee), in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accordance with the terms of Section 5, and (y) Lessor shall simultaneously therewith sell, without recourse or warranty (except as to Lessor's Liens), for cash all of Lessor's right, title and interest in and to the Aircraft to such highest net cash bidder (or other purchaser). The total selling price realized at such sale shall be retained by Lessor (or, so long as the Trust Indenture shall not have been discharged, distri-

buted by the Indenture Trustee pursuant to the terms of the Trust Indenture) and, in addition, on the Termination Date, Lessee shall pay to Lessor or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d), an amount equal to (I) the sum of (1) the excess, if any, of (A) the Termination Value for the Aircraft as of the Termination Date, over (B) the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person), plus (2) all Supplemental Rent (including, without limitation, Break Amount, if any, on the Certificates) due and owing on the Termination Date, plus (3) (A) if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), or (B) if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, plus (4) all Basic Rent due and payable prior to the Termination Date and unpaid, less (II) any credit to which Lessee may be entitled as hereinafter in this Section 9(b) provided. Subject always to the provisions of the penultimate paragraph of Section 3(b), if the Termination Date with respect to which Termination Value is determined is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall be entitled to a credit against the amounts payable by it pursuant to this Section 9(b) in an amount equal to the lesser of (x) the Unearned Advance Basic Rent as of the Termination Date, and (y) the amount, if any, by which the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person) exceeds the Termination Value for the Aircraft as of the Termination Date; provided that, in the event that the amount calculated pursuant to this sentence to be credited exceeds the amounts payable by Lessee pursuant to this

Section 9(b), the Owner Participant shall be obligated to rebate an amount equal to such excess to Lessee. If on or prior to the scheduled Termination Date no sale of the Aircraft shall have occurred and if Lessor shall not have elected to retain the Aircraft in accordance with Section 9(d) or Lessee shall not have elected to purchase the Aircraft in accordance with Section 9(e), Lessee's notice given pursuant to Section 9(a) shall be deemed to be withdrawn as of such scheduled Termination Date and this Lease shall continue in full force and effect.

(c) Certain Obligations upon Sale of Aircraft. Upon the sale of the Aircraft pursuant to and in accordance with the provisions of Section 9(b), Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Aircraft. Lessor shall be under no duty to solicit bids, to inquire into the efforts of Lessee to obtain bids or otherwise take any action in connection with the sale of the Aircraft under Section 9(b), other than to transfer to the purchaser of the Aircraft (or to such purchaser and to Lessee, as the case may be), without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft against receipt of the payments provided for herein, and to pay the amounts, if any, required to be paid by Lessor under Section 9(b) or this Section 9(c), and to request the Indenture Trustee upon the sale of the Aircraft pursuant to Section 9(b) to execute and deliver to such purchaser (or to such purchaser and to Lessee, as the case may be) an appropriate instrument releasing the Aircraft from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. Lessor agrees to notify promptly Lessee of the appointment by Lessor of any broker or finder (other than Lessee) in connection with the sale of the Aircraft pursuant to Section 9(b) and, subject to Section 9(b), to pay the fees or commissions of any such broker or finder employed by Lessor in connection with the sale of the Aircraft pursuant to Section 9(b).

(d) Retention of Aircraft by Lessor. If Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to retain the Aircraft pursuant to Section 9(a), on the Termination Date

specified in Lessee's termination notice, Lessor shall pay, or cause to be paid, to the Indenture Trustee funds of the type and in an amount equal to (1) the aggregate outstanding principal amount of the Certificates and all accrued interest thereon, plus (2) all other sums due and payable on such Termination Date under the Trust Indenture, the Participation Agreement or such Certificates. Subject to receipt by the Indenture Trustee of such funds, on the Termination Date, (i) Lessee (x) shall deliver the Aircraft to Lessor in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accordance with the terms of Section 5, and (y) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3(d), (A) all Supplemental Rent (including, without limitation, Break Amount, if any, on the Certificates), other than Termination Value, and, if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, and all Basic Rent due and payable prior to the Termination Date and unpaid, less (B) any credit to which Lessee may be entitled as hereinafter in this Section 9(d) provided, and (ii) Lessor (x) shall transfer or cause to be transferred to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Aircraft, and (y) Lessor shall request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Aircraft from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. If the Termination Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent

Schedule as having been payable in advance, Lessee shall, subject always to the provisions of the penultimate paragraph of Section 3(b), be entitled to a credit against the amounts payable by it pursuant to this Section 9(d) in an amount equal to the Unearned Advance Basic Rent as of the Termination Date; provided that in the event that the Unearned Advance Basic Rent exceeds the amount payable by Lessee pursuant to this Section 9(d), the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee. If Lessor shall fail to perform any of its obligations pursuant to this Section 9(d) and as a result thereof this Lease shall not be terminated on a proposed Termination Date, Lessor shall thereafter no longer be entitled to exercise its election to retain the Aircraft and Lessee may at its option at any time thereafter submit a new termination notice pursuant to Section 9(a).

(e) Purchase of Aircraft by Lessee. In the event that Lessee shall have elected to purchase the Aircraft on a Special Termination Date pursuant to Section 9(a), on such Special Termination Date, Lessee shall purchase the Aircraft at a price (the "Special Termination Price") equal to the greater of (I) the Termination Value for the Aircraft, computed as of the Special Termination Date, and (II) the then fair market sales value of the Aircraft, as determined by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal. On such Special Termination Date, (x) Lessee (i) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3(d), all unpaid Supplemental Rent (including, without limitation, Break Amount, if any, on the Certificates), other than Termination Value, due and owing on such Special Termination Date, all Basic Rent due and payable prior to the Special Termination Date and unpaid and the Basic Rent installment due and payable on the Special Termination Date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) and (ii) at its option shall either (A) pay to Lessor, in funds of the type specified in Section 3(d), the Special Termination Price, or (B) assume all of the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates (including, without limitation, any scheduled payment of principal of, Break Amount, if any, on, or

accrued interest on, the Certificates due and payable on the Special Termination Date but, provided that the principal of the Certificates shall not have been accelerated pursuant to Section 4.04 of the Trust Indenture, only to the extent that the Basic Rent installment payable by Lessee pursuant to clause (i) above does not cover such scheduled payment of principal of or accrued interest on the Certificates but excluding any obligations or liabilities of the Owner Trustee in its individual capacity incurred on or prior to the Special Termination Date, which obligations and liabilities shall remain the sole responsibility of the Owner Trustee) in accordance with Section 2.16 of the Trust Indenture and simultaneously shall pay to Lessor, in funds of the type specified in Section 3(d), an amount equal to the excess, if any, of the Special Termination Price over an amount equal to the sum of the principal of, and any accrued and unpaid interest on, the outstanding Certificates on such Special Termination Date, after taking into account any payments of principal or interest made in respect of the outstanding Certificates on such Special Termination Date, and (y) Lessor will sell to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft and all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Aircraft and, if Lessee shall not have assumed the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates as provided for above, Lessor will request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge thereunder.

(f) Termination of Lease, Etc. Upon the sale or retention or purchase of the Aircraft, as the case may be, in compliance with the provisions of this Section 9, (i) the obligation of Lessee to pay Basic Rent under Section 3(b) on any Lease Period Date occurring subsequent to the applicable Termination Value Determination Date, and (ii) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f), other than payments of Supplemental Rent to be made by Lessee (x) surviving pursuant to Section 7(d) of the Participation Agreement or Section 10 of the Tax Indemnity Agreement, (y) pursuant to clause

(ii) of the second sentence of Section 3(c) of this Lease, or (z) in respect of liabilities and obligations of Lessee which have accrued under any Operative Document but not been paid or which are in dispute as of the date of such sale or retention) shall cease as of the Termination Date and, in each case, the Term shall end effective as of the Termination Date.

(g) Termination as to Engines. So long as no Event of Default shall have occurred and be continuing, Lessee shall have the right at its option at any time, on at least 60 days' prior written notice to Lessor and the Indenture Trustee, to terminate this Lease with respect to any Engine. In such event, and prior to the date of such termination, Lessee shall replace such Engine hereunder by complying with the terms of Section 10(b) to the same extent as if an Event of Loss had occurred with respect to such Engine.

Section 10. Loss, Destruction, Requisition, Etc. (a) Event of Loss with Respect to the Airframe. Upon the occurrence of an Event of Loss with respect to the Airframe, Lessee shall forthwith (and, in any event, within 30 days after such occurrence) give Lessor and the Indenture Trustee notice of such Event of Loss and of its election to perform one of the following options (it being agreed that, if Lessee shall not have given notice of such election within such 30 days after such occurrence, Lessee shall be deemed to have elected to perform the option set forth in the following clause (ii)):

(i) as promptly as practicable, and in any event on or before the Business Day next preceding the 121st day next following the date of occurrence of such Event of Loss, in replacement for the Airframe, Lessee shall convey or cause to be conveyed to Lessor title to a Replacement Airframe (together with the same number of Replacement Engines as the Engines, if any, installed on the Airframe at the time such Event of Loss occurred) to be leased to Lessee hereunder, such Replacement Airframe and Replacement Engines to be free and clear of all Liens (other than Permitted Liens), to have a value and utility at least equal to, and to be in as good operating condition as, the Airframe and Engines, if any, so replaced (assuming such Airframe and Engines were in the condition and repair required by the terms of this Lease); provided that, if Lessee shall not per-

form its obligation to effect such replacement under this clause (i) during the period of time provided herein, then Lessee shall pay on the fifteenth day next following the end of such period to Lessor, or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d) hereof, the amounts specified in clause (ii) below; or

(ii) on or before the earlier of 30 days following the date on which insurance proceeds are received with respect to such Event of Loss and the Business Day next preceding the 121st day next following the date of occurrence of such Event of Loss or on the date specified in the proviso to clause (i) above, if such proviso is applicable (the "Loss Payment Date"), Lessee shall pay to Lessor or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d), (A) the Stipulated Loss Value for the Aircraft, determined as of the Loss Payment Date, plus (B) all Supplemental Rent (including, without limitation, the Break Amount, if any, on the Certificates) due and owing by Lessee to Lessor, the Owner Participant, the Indenture Trustee and the Loan Participants, hereunder or under any of the Operative Documents on such Loss Payment Date, plus (C) if the Casualty Loss Determination Date with respect to the Stipulated Loss Value is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), plus (D) all Basic Rent due and payable prior to the Casualty Loss Determination Date and unpaid.

In the event of payment in full of the Stipulated Loss Value for the Aircraft and all amounts payable pursuant to this Section 10, (1) the obligation of Lessee to pay any Basic Rent under Section 3(b) on any Lease Period Date occurring subsequent to the Casualty Loss Determination Date with respect to which Stipulated Loss Value is determined shall terminate, (2) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f), other than payments of Supplemental Rent to be made by Lessee (x) surviving pursuant to Section 10 of the Tax Indemnity Agreement or Section 7(d) of the Participation

Agreement, or (y) in respect of liabilities and obligations of Lessee which have accrued under any of the Operative Documents but not been paid or which are in dispute as of the date of such payment) shall terminate, (3) the Term for the Aircraft shall end, (4) Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all Lessor's right, title and interest in and to the Airframe and Engines (if any) with respect to which such Event of Loss occurred, as well as all Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but not installed thereon when such Event of Loss occurred, and (5) Lessor will assign to or as directed by Lessee all claims of Lessor against third Persons relating to such Airframe and Engines arising from such Event of Loss. Upon such transfer, Lessor shall request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge thereof thereunder.

At the time of or prior to any replacement of the Airframe and such Engines, if any, Lessee, at its own expense, will (A) furnish Lessor with a warranty (as to title) bill of sale in form and substance reasonably satisfactory to Lessor (which warranty shall except Permitted Liens) with respect to the Replacement Airframe and Replacement Engines, if any, together with an assignment of any and all manufacturer's warranties applicable thereto (to the extent such warranties may be so assigned by Lessee) in a form substantially similar to the Form of Purchase Agreement Assignment attached as Exhibit III to the Participation Agreement, (B) cause a Lease Supplement substantially in the form of Exhibit A hereto, subjecting such Replacement Airframe and Replacement Engines, if any, to this Lease, and duly executed by Lessee, to be delivered to Lessor for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America in which such Replacement Airframe and Replacement Engines, if any, are to be registered in accordance with Section 7(a), as the case may be, (C) so long as the Trust Indenture shall not have been satisfied and discharged, cause a Trust Agreement and Indenture Supplement substantially in the form of Exhibit A to the Trust Indenture and other requisite documents or instruments for

such Replacement Airframe and Replacement Engines, if any, to be delivered to Lessor and to the Indenture Trustee for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America in which such Replacement Airframe and Replacement Engines, if any, are to be registered in accordance with Section 7(a), as the case may be, (D) so long as the Trust Indenture shall not have been satisfied and discharged, cause a financing statement or statements with respect to the Replacement Airframe and Replacement Engines, if any, and other requisite documents or instruments to be filed in such place or places as necessary in order to perfect the security interest therein created by or pursuant to the Trust Indenture, or, if necessary, pursuant to the applicable laws of the jurisdiction in which such Replacement Airframe and Replacement Engines, if any, are to be registered in accordance with Section 7(a), as the case may be, (E) furnish Lessor, the Indenture Trustee and each Loan Participant with an opinion of Lessee's counsel addressed to each (which may be Lessee's General Counsel), to the effect that the bill of sale referred to in clause (A) above constitutes an effective instrument for the conveyance of title to the Replacement Airframe and Replacement Engines, if any, to Lessor and to the further effect that upon such conveyance such substituted property will be leased hereunder and subjected to the lien of the Trust Indenture, (F) furnish Lessor and the Indenture Trustee with a certificate of an independent aircraft engineer or appraiser certifying that the Replacement Airframe and Replacement Engines, if any, have a value and utility at least equal to, and are in as good operating condition as, the Airframe and Engines, if any, so replaced assuming such Airframe and Engines were in the condition and repair required by the terms hereof immediately prior to the occurrence of such Event of Loss, (G) furnish Lessor and the Indenture Trustee with (i) such evidence of compliance with the insurance provisions of Section 11 with respect to such Replacement Airframe and Replacement Engines as Lessor or the Indenture Trustee may reasonably request and (ii) a certificate from a Responsible Officer of Lessee certifying that at the time of such replacement there is no continuing Event of Default, and (H) furnish Lessor, each Loan Participant and the Indenture Trustee with an opinion of Lessee's counsel (which may be Lessee's General Counsel) addressed to each, to the effect that the Owner Trustee, as Lessor under the Lease, and the Indenture Trustee, as assignee of

the Owner Trustee's rights under the Lease pursuant to the Indenture, would be entitled to the benefits of Title 11 U.S.C. Section 1110 with respect to the Replacement Airframe, provided that (i) such opinion need not be delivered to the extent that, by reason of a change in law or in judicial or other governmental interpretation thereof after the Delivery Date, the benefits of such Section 1110 were not available to the Owner Trustee or the Indenture Trustee with respect to the Aircraft immediately prior to such substitution and (ii) such opinion may contain qualifications and assumptions of the tenor contained in the opinion of Debevoise & Plimpton delivered pursuant to Section 4(J) of the Participation Agreement on the Delivery Date and (I) so long as the Original Loan Participant is the holder of any Certificate, take such other actions as the Original Loan Participant shall reasonably request in order that title to such Replacement Airframe and Replacement Engines, if any, is duly and properly vested in Lessor, leased hereunder and subjected to the lien of the Trust Indenture to the same extent as the Airframe, Engine or Engines replaced thereby. In the case of each Replacement Airframe and each Replacement Engine, if any, conveyed to Lessor under this Section 10(a), promptly upon the registration of the Replacement Aircraft and the recordation of the Lease Supplement and the Trust Agreement and Indenture Supplement or other requisite documents or instruments covering such Replacement Airframe and Replacement Engines, if any, pursuant to the Federal Aviation Act (or pursuant to the applicable laws of the jurisdiction in which such Replacement Airframe and Replacement Engines, if any, are to be registered in accordance with Section 7(a)), Lessee will cause to be delivered to Lessor, the Indenture Trustee and each Loan Participant an opinion of counsel to Lessee addressed to each as to the due registration of such Replacement Aircraft, the due recordation of such Lease Supplement and such Trust Agreement and Indenture Supplement or other requisite documents or instruments and the validity and perfection of the security interest in the Replacement Aircraft, Replacement Engines or Replacement Engine, as the case may be, granted to the Indenture Trustee under the Trust Indenture.

For all purposes hereof, upon passage of title thereto to Lessor the Replacement Airframe and Replacement Engines, if any, shall be deemed part of the property leased hereunder, the Replacement Airframe shall be deemed an "Airframe" as defined herein, and each such Replacement

Engine shall be deemed an "Engine" as defined herein. No such replacement of the Airframe or any Engines under the circumstances contemplated by the terms of this Section 10(a) shall result in any reduction of Basic Rent. Upon such passage of title, Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all Lessor's right, title and interest in and to the replaced Airframe and Engines (if any) installed thereon at the time such Event of Loss occurred, and upon such transfer, Lessor will request in writing that the Indenture Trustee execute and deliver to Lessee an appropriate instrument releasing such replaced Airframe and Engines (if any) installed thereon at the time such Event of Loss occurred from the lien of the Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Indenture.

(b) Event of Loss with Respect to an Engine. Upon the occurrence of an Event of Loss with respect to an Engine under circumstances in which there has not occurred an Event of Loss with respect to the Airframe, Lessee shall give Lessor prompt written notice thereof and shall, within 90 days after the occurrence of such Event of Loss, convey or cause to be conveyed to Lessor, as replacement for the Engine with respect to which such Event of Loss occurred, title to a Replacement Engine free and clear of all Liens (other than Permitted Liens) and having a value and utility at least equal to, and being in as good operating condition as, the Engine with respect to which such Event of Loss occurred, assuming such Engine was of the value and utility and in the condition and repair required by the terms hereof immediately prior to the occurrence of such Event of Loss. Prior to or at the time of any such conveyance, Lessee, at its own expense, will (i) furnish Lessor with a warranty (as to title) bill of sale in form and substance reasonably satisfactory to Lessor (which warranty shall except Permitted Liens) with respect to such Replacement Engine, (ii) cause a Lease Supplement substantially in the form of Exhibit A hereto, subjecting such Replacement Engine to this Lease, and duly executed by Lessee, to be delivered to Lessor for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act, or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America in which the Aircraft is registered, (iii) so long as the Trust Indenture shall not have been satisfied and discharged, comply with the applicable

provisions thereof and cause a Trust Agreement and Indenture Supplement substantially in the form of Exhibit A to the Trust Indenture or other requisite documents or instruments for such Replacement Engine to be delivered to Lessor and to the Indenture Trustee for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America in which the Aircraft is or is to be registered in accordance with Section 7(a), as the case may be, (iv) furnish Lessor, the Indenture Trustee and each Loan Participant with an opinion of Lessee's counsel addressed to each (which may be Lessee's General Counsel) to the effect that the bill of sale referred to in clause (i) above constitutes an effective instrument for the conveyance of title to such Replacement Engine to Lessor and to the further effect that upon such conveyance such substituted property will be leased hereunder and subjected to the lien of the Trust Indenture, (v) furnish Lessor and the Indenture Trustee with a certificate of an aircraft engineer or appraiser (who may be an employee of Lessee) certifying that such Replacement Engine has a value and utility at least equal to, and is in as good operating condition as, the Engine so replaced assuming such Engine was in the condition and repair required by the terms hereof immediately prior to the occurrence of such Event of Loss, (vi) so long as the Trust Indenture shall not have been satisfied and discharged, cause a financing statement or statements with respect to the Replacement Engine or other requisite documents or instruments to be filed in such place or places as necessary in order to perfect the security interest therein created by or pursuant to the Trust Indenture, or, if necessary, pursuant to the applicable laws of the jurisdiction in which the Aircraft is or is to be registered in accordance with Section 7(a), as the case may be, (vii) furnish Lessor and the Indenture Trustee with such evidence of compliance with the insurance provisions of Section 11 with respect to such Replacement Engine as Lessor or the Indenture Trustee may reasonably request and (viii) so long as the Original Loan Participant is the holder of any Certificate, take such other actions as the Original Loan Participant shall reasonably request in order that title to such Replacement Engine is duly and property vested in the Lessor, leased hereunder and subjected to the lien of the Indenture to the same extent as the Engine replaced thereby. In the case of any Replacement Engine conveyed

to Lessor under this Section 10(b), promptly upon the recordation of the Lease Supplement and the Trust Agreement and Indenture Supplement or other requisite documents or instruments covering such Replacement Engine pursuant to the Federal Aviation Act (or pursuant to the applicable laws of the jurisdiction in which the Aircraft is registered in accordance with Section 7(a)), Lessee will cause to be delivered to Lessor, the Owner Participant, each Loan Participant and the Indenture Trustee an opinion of counsel to Lessee addressed to each as to the due recordation of such Lease Supplement and such Trust Agreement and Indenture Supplement or other requisite documents or instruments and the validity and perfection of the security interest in such Replacement Engine granted to the Indenture Trustee under the Trust Indenture. Upon full compliance by Lessee with the terms of this paragraph (b), Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Engine with respect to which such Event of Loss occurred, and Lessor will assign to or as directed by Lessee all claims of Lessor against third Persons relating to such Engine arising from such Event of Loss. In addition, upon such transfer Lessor shall request in writing that the Indenture Trustee execute and deliver to Lessee an appropriate instrument releasing such Engine from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment (in respect solely of such Engine) from the assignment and pledge under the Trust Indenture. For all purposes hereof, each such Replacement Engine shall, after such conveyance, be deemed part of the property leased hereunder and shall be deemed an "Engine" as defined herein. No Event of Loss with respect to an Engine under the circumstances contemplated by the terms of this Section 10(b) shall result in any reduction in Basic Rent.

(c) Application of Payments from Governmental Authorities for Requisition of Title or Use. Any payments (other than insurance proceeds the application of which is provided for in Section 11) received at any time by Lessor or by Lessee from any governmental authority or other Person with respect to an Event of Loss resulting from the condemnation, confiscation, theft or seizure of, or requisition of title to or use of, the Airframe or any Engine, other than a requisition for use by any Government or by the government of the country of registry of the

Aircraft not constituting an Event of Loss, will be applied as follows:

(i) if such payments are received with respect to the Airframe or the Airframe and the Engines or engines installed on the Airframe that has been or is being replaced by Lessee pursuant to Section 10(a), such payments shall be paid over to, or retained by, Lessor and upon completion of such replacement be paid over to, or retained by, Lessee; provided that Lessee shall have fully performed the terms of Section 10(a) with respect to the Event of Loss for which such payments are made;

(ii) if such payments are received with respect to the Airframe or the Airframe and the Engines or engines installed on the Airframe that has not been and will not be replaced pursuant to Section 10(a), such payments shall, after reimbursement of Lessor for costs and expenses, be applied in reduction of Lessee's obligation to pay the Stipulated Loss Value required to be paid by Lessee pursuant to Section 10(a), if not already paid by Lessee, or, if already paid by Lessee, shall be applied to reimburse Lessee for its payment of such Stipulated Loss Value, and the balance, if any, of such payments remaining thereafter shall be paid over to, and retained by, Lessee and Lessor, as their interests may appear; and

(iii) if such payments are received with respect to an Engine under circumstances contemplated by Section 10(b), so much of such payments remaining after reimbursement of Lessor for costs and expenses shall be paid over to, or retained by, Lessee; provided that Lessee shall have fully performed the terms of Section 10(b) with respect to the Event of Loss for which such payments are made.

(d) Requisition for Use by the Government of the Airframe and the Engines Installed Thereon. In the event of the requisition for use by any Government or by the government of the country of registry of the Aircraft (including for this purpose any agency or instrumentality thereof), including, without limitation, pursuant to the Civil Reserve Air Fleet Program referred to in Section 7(b)(iv), of the Airframe and the Engines or engines installed on the Airframe during the Term, Lessee shall promptly notify Lessor of such requisition and all of Les-

see's obligations under this Lease with respect to the Aircraft shall continue to the same extent as if such requisition had not occurred. All payments received by Lessor or Lessee from such Government or government for the use of the Airframe and Engines or engines during the Term for the Aircraft shall be paid over to, or retained by, Lessee. In the case of any requisition for use by the government of the United States (or any agency or instrumentality thereof whose obligations bear the full faith and credit of such government) of the Airframe and Engines or engines installed on the Airframe that would extend beyond the end of the Term, Lessee at its option may, by written notice to Lessor given not more than 30 nor less than 10 days before the end of the Term, elect to declare an Event of Loss with respect to the Airframe and Engines or engines. Subject to the final paragraph of this Section 10(d), such Event of Loss will be deemed to have occurred on the final day of the Term. If Lessee does not so elect to declare an Event of Loss and (1) such requisition fully terminates and (2) the Airframe and Engines or engines are returned to Lessee before the first anniversary of the end of the Term, Lessee shall be obligated to return the Airframe and the Engines or engines to Lessor pursuant to, and in all other respects to comply with the provisions of, Section 5 as soon as practicable after the Airframe and Engines or engines are returned to Lessee unless Lessee shall have exercised its option to purchase the Aircraft pursuant to Sections 9(e), 20(b) or 20(c). In addition, Lessee shall pay to Lessor at monthly intervals (until the earlier of (i) the return of the Aircraft to Lessor pursuant to Section 5 and (ii) the first anniversary of the end of the Term), an amount equal to the difference, if any, between (A) the daily equivalent of the lesser of (x) 50% of the average annual Basic Rent for the Aircraft payable during the Term (excluding for this purpose the Interim Period) and (y) the fair market rental value of the Aircraft for such period, and (B) the amounts received by Lessor from such government for the use of the Aircraft for such period. All payments received by Lessor or Lessee from such government for the use of such Airframe and Engines or engines during the first year after the end of the Term for the Aircraft shall be paid over to, or retained by, Lessor unless Lessee shall have exercised its option to purchase the Aircraft pursuant to Section 9(e), 20(b) or 20(c), in which event all such payments received after such purchase shall be paid over to, or retained by, Lessee.

If an Event of Loss to the Aircraft shall have occurred as a result of a requisition for use by the government of the United States of America (or any instrumentality or agency thereof whose obligations bear the full faith and credit of such government) that shall have extended more than one year beyond the end of the Term, or if Lessee shall have elected in accordance with the third sentence of this Section 10(d) to declare an Event of Loss as a result of any such requisition that would extend beyond the end of the Term, or if an Event of Loss to the Aircraft shall have occurred as a result of a requisition for use by any other Government or government that shall have extended beyond the end of the Term, Lessor (at the direction of the Owner Participant) at its option may, by written notice to Lessee given not more than 20 days after receiving notice of any such Event of Loss or election, waive the occurrence of such Event of Loss. In the event that Lessor waives the occurrence of an Event of Loss, Lessee shall, no later than the later of (i) the date on which such Event of Default would have occurred and (ii) the tenth day after Lessee shall have received such notice from Lessor, transfer to Lessor all of Lessee's right, title and interest to the Airframe and any Engine subject to such requisition under the agreement or agreements relating to such requisition. Upon such transfer, (1) the obligation of Lessee to pay Basic Rent shall terminate, (2) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f), other than payments of Supplemental Rent to be made by Lessee (x) surviving pursuant to Section 10 of the Tax Indemnity Agreement or Section 7(d) of the Participation Agreement, (y) pursuant to clause (ii) of the second sentence of Section 3(c) hereof, or (z) in respect of liabilities and obligations of Lessee which have accrued under any of the Operative Documents but not been paid or which are in dispute as of the date of such transfer) shall terminate, (3) all other obligations of Lessee under the Lease, including, without limitation, any obligation to return the Aircraft in accordance with Section 5 thereof shall terminate and (4) the Term for the Aircraft shall end. In addition, in the event that any Engine shall not be subject to such requisition for use at the time of such transfer, Lessee shall return such Engine to Lessor in accordance with Section 5 hereof.

(e) Requisition for Use by the Government of an Engine. In the event of the requisition for use by any Government or by the government of the country of registry

of the Aircraft (including for this purpose any agency or instrumentality thereof) of any Engine (but not the Airframe), Lessee will replace such Engine hereunder by complying with the terms of Section 10(b) to the same extent as if an Event of Loss had occurred with respect to such Engine, and any payments received by Lessor or Lessee from such Government or government with respect to such requisition shall be paid over to, or retained by, Lessee.

(f) Application of Payments During Existence of Event of Default. Any amount referred to in clause (i), (ii) or (iii) of Section 10(c), Section 10(d) or Section 10(e) which is payable to Lessee shall not be paid to Lessee, or if it has been previously paid directly to Lessee, shall not be retained by Lessee, if at the time of such payment an Event of Default (or event that with lapse of time would constitute an Event of Default under Section 14(a), 14(g), 14(h) or 14(i)) shall have occurred and be continuing, but shall be paid to and held by the Lessor as security for the obligations of Lessee under this Lease and, subject to the Trust Indenture, applied against Lessee's payment obligations hereunder when and as they become due and payable, and at such time as there shall not be continuing any such Event of Default or event, such amount shall be paid to Lessee to the extent not applied in accordance with this sentence, provided that if any such amount has been so held by Lessor as security for more than 90 days during which period (i) Lessor shall not have been limited by operation of law or otherwise from exercising remedies hereunder or (ii) Lessor shall not have commenced to exercise any remedy available to it under Section 15, then such amount shall be paid to Lessee to the extent not applied as provided above.

Section 11. Insurance. (a) Airline Liability Insurance. Subject to the rights of Lessee to establish and maintain self-insurance with respect to bodily injury and property damage liability insurance for aircraft and engines (including the Aircraft and Engines) in the manner and to the extent specified in the next sentence, Lessee will carry, or cause to be carried, at no expense to Lessor, the Indenture Trustee, any Loan Participant or the Owner Participant, airline liability insurance (including coverage for bodily injury, contractual liability, passenger legal liability and property damage liability (exclusive of manufacturer's product liability insurance)) with respect to the Aircraft (i) in amounts which are not

less than the airline liability insurance applicable to similar aircraft and engines which comprise Lessee's fleet on which Lessee carries insurance, provided that such liability insurance shall not be less than the amount certified to Lessor and the Indenture Trustee on the Delivery Date, (ii) of the type usually carried by corporations engaged in the same or similar business, similarly situated with Lessee, and owning or operating similar aircraft and engines and covering risks of the kind customarily insured against by Lessee (including, without limitation, war risk and allied perils insurance), and (iii) which is maintained in effect with insurers of recognized responsibility. Lessee may self-insure, by way of deductible or premium adjustment provisions in insurance policies, the risks required to be insured against pursuant to the preceding sentence, but in no case shall the self-insurance (including the self-insurance permitted by Section 11(b)) with respect to all of the aircraft and engines in Lessee's fleet (including, without limitation, the Aircraft) exceed for any 12-month policy year the lesser of (x) 50% of the largest replacement value of any single aircraft in Lessee's fleet or (y) 1-1/2% of the average aggregate insurable value (for the preceding year) of all aircraft (including, without limitation, the Aircraft) on which Lessee carries insurance; provided that, in the event that there shall have occurred a material adverse change in the financial condition of Lessee from such condition as is reflected in the consolidated financial statements of Lessee at December 31, 1982, then, upon not less than 30 days' written notice from Lessor to Lessee, Lessee will, until Lessee's financial condition is on an overall basis equivalent to its financial condition at December 31, 1982, reduce the self-insurance permitted hereunder to such reasonable amount as Lessor may require; provided, further, that a deductible per occurrence utilized to reduce handling that, in the case of the Aircraft, is not in excess of the amount customarily allowed as a deductible in the industry, shall be permitted in addition to the above-mentioned self-insurance. Any policies of insurance carried in accordance with this Section 11(a) and any policies taken out in substitution or replacement for any of such policies (A) shall name Lessor, as lessor of the Aircraft and in its individual capacity, the Indenture Trustee and each Participant as additional insureds as their respective Interests may appear (and, so long as the Owner Participant is a direct or indirect subsidiary of American Telephone and Telegraph Company, shall name AT&T Capital Corporation and American Telephone and Tele-

graph Company, and all Affiliates of each, as additional insureds), (B) shall provide that in respect of the respective Interests of Lessor, of the Indenture Trustee and of each Participant in such policies the insurance shall not be invalidated by any action or inaction of Lessee and shall insure Lessor's, the Indenture Trustee's and such Participant's (and, if applicable, the Owner Participant's Affiliates') Interests as they appear, regardless of any breach or violation of any warranty, declaration or condition contained in such policies by Lessee, (C) shall provide that, if such insurance is cancelled for any reason whatever, or any substantial change is made in the policy which affects the coverage certified hereunder to Lessor, the Indenture Trustee or any Participant (or, if applicable, Affiliates of the Owner Participant), or if such insurance is allowed to lapse for nonpayment of premium, such cancellation, change or lapse shall not be effective as to Lessor, the Indenture Trustee or such Participant (or, if applicable, any Affiliate of the Owner Participant) for 30 days (seven days, or such other period as is customarily obtainable in the industry, in the case of any war risk and allied perils coverage) after receipt by Lessor, by the Indenture Trustee or by such Participant, respectively, of written notice from such insurers of such cancellation, change or lapse, (D) shall provide that neither Lessor, the Indenture Trustee nor any Participant (or any Affiliate of the Owner Participant) shall have any obligation or liability for premiums, commissions, assessments or calls in connection with such insurance, (E) shall provide that the insurers shall waive (i) any rights of set-off, counterclaim or any other deduction, whether by attachment or otherwise, which they may have against Lessor, the Indenture Trustee or any Participant (or any Affiliate of the Owner Participant) and (ii) any rights of subrogation against Lessor, the Indenture Trustee or any Participant (or any Affiliate of the Owner Participant) to the extent that Lessee has waived its rights by its agreements to indemnify any such party pursuant to this Lease or the Participation Agreement; provided that the exercise by such insurers of rights of subrogation derived from the rights retained by Lessee shall not, in any way, delay payment of any claim that would otherwise be payable by such insurers but for the existence of rights of subrogation derived from rights retained by Lessee, (F) shall be primary without right of contribution from any other insurance which may be carried by Lessor, the Indenture Trustee or any Participant (or any Affiliate of the Owner Participant) with respect to

its Interests as such in the Aircraft and (G) shall expressly provide that all of the provisions thereof, except the limits of liability, shall operate in the same manner as if there were a separate policy covering each insured. "Interests" as used in this Section 11(a) and Section 11(b) with respect to any Person means the interests of such Person in its capacity as Lessor, Owner Trustee (including in its individual capacity under the Participation Agreement), Indenture Trustee or Participant (or, if applicable, as Affiliates of the Owner Participant), as the case may be, in the leasing transaction contemplated by this Lease, the Participation Agreement and the Indenture. Lessee shall arrange for appropriate certification that the requirements of this Section 11(a) have been met to be made to Lessor, the Indenture Trustee, the Original Loan Participant and the Owner Participant (and the Indenture Trustee may furnish such certificates to each Loan Participant) as soon as practicable by each insurer or its authorized representative with respect thereto, provided that all information contained therein shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone other than (i) their Affiliates and their officers, directors and employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, underwriters, lenders, rating agencies, insurance brokers and legal counsel, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's, the Indenture Trustee's or any Loan Participant's rights hereunder, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and (vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates (or participations therein) or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in this Section 11(a) whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental authority. In the case of a sublease or contract with any Government in respect of the Aircraft or any Engine, or in the case of any requisition for use of the Aircraft or any Engine by any Government, a valid agreement, reasonably

satisfactory to Lessor and the Owner Participant, to indemnify Lessee against any of the risks which Lessee is required hereunder to insure against by such Government shall be considered adequate insurance to the extent of the risks and in the amounts that are the subject of any such agreement to indemnify.

(b) Insurance Against Loss or Damage to Aircraft. Subject to the rights of Lessee to establish and maintain self-insurance with respect to loss or damage to aircraft (including the Aircraft) in the manner and to the extent specified in the next sentence, Lessee shall maintain, or cause to be maintained, in effect with insurers of recognized responsibility, at no expense to Lessor, the Indenture Trustee or any Participant, all-risk aircraft hull insurance covering the Aircraft and all-risk coverage with respect to any Engines or Parts while removed from the Aircraft (including, without limitation, war risk and allied perils insurance if and to the extent the same is maintained by Lessee or other United States air carriers as to which there are in force certificates issued pursuant to Section 401 of the Federal Aviation Act (or any successor provision that gives like authority) and which are engaged in the same or similar business and are similarly situated with Lessee with respect to similar aircraft owned or operated by Lessee or by such United States air carriers, as the case may be, on the same routes) which is of the type and in substantially the amount usually carried by corporations engaged in the same or similar business and similarly situated with Lessee; provided that (i) such insurance (including the permitted self-insurance) shall at all times while the Aircraft is subject to this Lease be for an amount not less than the Stipulated Loss Value for the Aircraft from time to time and (ii) such insurance need not cover an Engine while attached to an airframe not owned, leased or operated by Lessee. Lessee may self-insure, by way of deductible or premium adjustment provisions in insurance policies, the risks required to be insured against pursuant to the preceding sentence, but in no case shall the self-insurance (including the self-insurance permitted by Section 11(a)) with respect to all of the aircraft and engines in Lessee's fleet (including, without limitation, the Aircraft) exceed for any 12-month policy year the lesser of (i) 50% of the largest replacement value of any single aircraft in Lessee's fleet or (ii) 1-1/2% of the average aggregate insurable value (for the preceding year) of all aircraft (including, without limitation, the Air-

craft) on which Lessee carries insurance; provided that, in the event that there shall have occurred a material adverse change in the financial condition of Lessee from such condition as is reflected in the consolidated financial statements of Lessee at December 31, 1982, then, upon not less than 30 days' written notice from Lessor to Lessee, Lessee will, until Lessee's financial condition is on an overall basis equivalent to its financial condition at December 31, 1982, reduce the self-insurance permitted hereunder to such reasonable amount as Lessor may require; provided, further, that a deductible per occurrence utilized to reduce handling that, in the case of the Aircraft, is not in excess of the amount customarily allowed as a deductible in the industry, shall be permitted in addition to the above-mentioned self-insurance. Any policies carried in accordance with this Section 11(b) and any policies taken out in substitution or replacement for any such policies (A) shall provide that any loss up to the amount of Stipulated Loss Value for any loss or damage constituting an Event of Loss with respect to the Aircraft, and any loss in excess of \$7,000,000, up to the amount of Stipulated Loss Value, for any loss or damage to the Aircraft (or Engines) not constituting an Event of Loss with respect to the Aircraft, shall be paid to the Indenture Trustee as long as the Trust Indenture shall not have been discharged pursuant to the terms and conditions thereof, and thereafter to Lessor, unless, in each case, the insurer shall have received notice that an Event of Default exists, in which case all insurance proceeds up to Stipulated Loss Value shall be payable to the Indenture Trustee or Lessor, as the case may be, (B) shall provide that in respect of the respective Interests of Lessor, of the Indenture Trustee and of each Participant in such policies the insurance shall not be invalidated by any action or inaction of Lessee and shall insure Lessor's, the Indenture Trustee's and such Participant's Interests, as they appear, regardless of any breach or violation of any warranty, declaration or condition contained in such policies by Lessee, (C) shall provide that, if such insurance is cancelled for any reason whatever, or any material change is made in the policy which affects the coverage certified hereunder to Lessor, the Indenture Trustee or any Participant, or if such insurance is allowed to lapse for nonpayment of premium, such cancellation, change or lapse shall not be effective as to Lessor, the Indenture Trustee or such Participant for 30 days (seven days, or such other period as may from time to time be customarily obtainable in the industry, in the case of any war

risk and allied perils coverage) after receipt by Lessor, the Indenture Trustee or such Participant, respectively, of written notice from such insurers of such cancellation, change or lapse, (D) shall be primary without right of contribution from any other insurance which may be carried by Lessor, the Indenture Trustee or any Participant with respect to its Interests as such in the Aircraft and (E) shall provide that the insurers shall waive (i) any rights of set-off, counterclaim or any other deduction, whether by attachment or otherwise, which they may have against Lessor, the Indenture Trustee or any Participant and (ii) any rights of subrogation against Lessor, the Indenture Trustee and any Participant to the extent that Lessee has waived its rights by its agreements to indemnify any such party pursuant to this Lease or the Participation Agreement; provided that the exercise by such insurers of rights of subrogation derived from rights retained by Lessee shall not, in any way, delay payment of any claim that would otherwise be payable by such insurers but for the existence of rights of subrogation derived from rights retained by Lessee. Lessee shall arrange for appropriate certification that the requirements of this Section 11(b) have been met to be made promptly to Lessor, the Indenture Trustee, the Original Loan Participant and the Owner Participant (and the Indenture Trustee shall furnish such certification to each Loan Participant) by each insurer or its authorized representative with respect thereto, provided that all information contained therein shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone other than (i) their Affiliates and their officers, directors and employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, underwriters, lenders, rating agencies, insurance brokers and legal counsel, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's or the Indenture Trustee's rights hereunder, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and (vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates (or participations therein) or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in

this Section 11(b) whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental authority. In the case of a sublease or contract with any Government in respect of the Aircraft or any Engine, or in the case of any requisition for use of the Aircraft or any Engine by any Government, a valid agreement, reasonably satisfactory to Lessor and the Owner Participant, to indemnify Lessee against any of the risks which Lessee is required hereunder to insure against by such Government in any amount up to the Stipulated Loss Value of the Aircraft from time to time shall be considered adequate insurance to the extent of the risks and in the amounts that are the subject of any such agreement to indemnify.

As between Lessor and Lessee it is agreed that all insurance payments received under policies required to be maintained by Lessee hereunder, exclusive of any payments received in excess of the Stipulated Loss Value for the Aircraft from such policies, as the result of the occurrence of an Event of Loss with respect to the Airframe or an Engine will be applied as follows:

(x) if such payments are received with respect to the Airframe or the Airframe and any Engines or engines installed on the Airframe that has been or is being replaced by Lessee as contemplated by Section 10(a), such payments shall be paid over to, or retained by, Lessor, and upon completion of such replacement be paid over to, or retained by, Lessee; provided that Lessee shall have fully performed the terms of Section 10(a) with respect to the Event of Loss for which such payments are made;

(y) if such payments are received with respect to the Airframe or the Airframe and any Engines or engines installed thereon that has not been and will not be replaced as contemplated by Section 10(a), so much of such payments remaining after reimbursement of Lessor for costs and expenses as shall not exceed the Stipulated Loss Value required to be paid by Lessee pursuant to Section 10(a) shall be applied in reduction of Lessee's obligation to pay such Stipulated Loss Value, if not already paid by Lessee, or, if already paid by Lessee, shall be applied to reimburse Lessee for its payment of such Stipulated Loss

Value, and the balance, if any, of such payment remaining thereafter will be paid over to, or retained by, Lessee; and

(z) if such payments are received with respect to an Engine under the circumstances contemplated by Section 10(b), so much of such payments remaining after reimbursement of Lessor for costs and expenses shall be paid over to, or retained by, Lessee; provided that Lessee shall have fully performed the terms of Section 10(b) with respect to the Event of Loss for which such payments are made.

As between Lessor and Lessee the insurance payment for any loss or damage to the Aircraft in excess of the Stipulated Loss Value for the Aircraft shall be paid to Lessee.

As between Lessor and Lessee the insurance payments for any loss or damage to the Airframe or an Engine not constituting an Event of Loss with respect to the Airframe or such Engine will be applied in payment (or to reimburse Lessee) for repairs or for replacement property in accordance with the terms of Sections 7 and 8, and any balance remaining after compliance with such Sections with respect to such loss shall be paid to Lessee. Any amount referred to in the preceding sentence or in clause (x), (y) or (z) of the second preceding paragraph which is payable to Lessee shall not be paid to Lessee or, if it has been previously paid directly to Lessee, shall not be retained by Lessee, if at the time of such payment an Event of Default (or event that with lapse of time would constitute an Event of Default under Section 14(a), 14(g), 14(h) or 14(i)) shall have occurred and be continuing, but shall be paid to and held by the Indenture Trustee, or if the Trust Indenture shall have been terminated pursuant to the terms thereof, Lessor, as security for the obligations of Lessee under this Lease, and may be applied against Lessee's payment obligations hereunder when and as they become due and payable, and at such time as there shall not be continuing any such Event of Default or event, such amount shall be paid to Lessee, to the extent not applied in accordance with this sentence, provided that if any such amount has been so held by Lessor as security for more than 180 days during which period (i) Lessor shall not have been limited by operation of law or otherwise from exercising remedies hereunder and (ii) Lessor shall

not have exercised any remedy available to it under Section 15, then such amount shall be paid to Lessee.

(c) Reports, Etc. On or before the Delivery Date, and annually upon renewal of Lessee's insurance coverage, Lessee will furnish to Lessor, the Indenture Trustee, the Original Loan Participant and the Owner Participant (and the Indenture Trustee shall furnish to each Loan Participant) a report signed by a firm of independent aircraft insurance brokers appointed by Lessee, stating the opinion of such firm that the insurance then carried and maintained on the Aircraft complies with the terms hereof; provided that all information contained in such report shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone other than (i) their Affiliates and their officers, directors and employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, underwriters, lenders, rating agencies, insurance brokers and legal counsel, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's or the Indenture Trustee's rights hereunder, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and (vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates (or participations therein) or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in this Section 11(c) whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental authority. Lessee will cause such firm to advise Lessor, the Indenture Trustee, the Original Loan Participant and the Owner Participant, in writing promptly of any default in the payment of any premium and of any other act or omission on the part of Lessee of which such firm has knowledge and which might invalidate or render unenforceable, in whole or in part, any insurance on the Aircraft. Lessee will also cause such firm to advise Lessor, the Indenture Trustee, the Original Loan Participant and the Owner Participant, in writing as promptly as practicable after such firm acquires knowledge that an interruption or

reduction of any insurance carried and maintained on the Aircraft pursuant to the provisions of this Section 11 will occur.

(d) Insurance for Own Account. Nothing in this Section 11 shall limit or prohibit the Owner Participant (either directly or in the name of the Owner Trustee) or Lessee from obtaining insurance for its own account with respect to the Airframe or any Engine and any proceeds payable thereunder shall be payable as provided in the insurance policy relating thereto, provided that (i) no such insurance may be obtained which would limit or otherwise adversely affect the coverage or amounts payable under insurance required to be maintained pursuant to this Section 11, it being understood that all salvage rights to the Airframe or such Engine shall remain with Lessee's insurers at all times, and (ii) the Owner Participant may obtain hull insurance on the Aircraft only to the extent the procurement of such insurance does not have an adverse effect on Lessee's ability or cost to obtain such insurance, except that the limitation in the foregoing clause (i) on the Owner Participant's right to obtain liability insurance shall not apply during any period in which Lessee is providing a Government indemnity in lieu of the liability insurance required by Section 11(a) and the limitations in clauses (i) and (ii) on the Owner Participant's rights to obtain hull insurance shall not apply during any period in which Lessee is providing a Government indemnity in lieu of the hull insurance required by Section 11(b).

Section 12. Inspection. At all reasonable times during the Term, but upon at least 5 days' prior written notice to Lessee, Lessor, the Original Loan Participant or the Indenture Trustee or any of their respective authorized representatives may at their own expense and risk conduct a visual walk-around inspection of the Aircraft and any Engine (including a visual walk-around inspection of the Aircraft during any regularly scheduled heavy maintenance visit for the Aircraft conducted by Lessee during the Term) and may inspect the books and records of Lessee relating thereto; provided that (a) such representatives shall be fully insured to the reasonable satisfaction of Lessee by Lessor, the Original Loan Participant or the Indenture Trustee, as the case may be, with respect to any risks incurred in connection with any such inspection, (b) any such inspection shall be subject to the safety, security and workplace rules applicable at

the location where such inspection is conducted and any applicable governmental rules or regulations and (c) in the case of an inspection during a maintenance visit, such inspection shall not in any respect interfere with the normal conduct of such maintenance visit or extend the time required for such maintenance visit. All information obtained in connection with any such inspection shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone (it being understood that each Loan Participant may disclose such information to any other Loan Participant or to any holder of a participation in such Loan Participant's Certificates) other than (i) their Affiliates and their officers, directors and employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, legal counsel, underwriters, lenders, rating agencies and authorized insurance brokers, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's or the Indenture Trustee's rights hereunder, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and (vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates (or participations therein) or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in this Section 12 whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental authority or as may be necessary for the enforcement of this Lease by Lessor or the Indenture Trustee. Lessee will, upon the request of Lessor, the Original Loan Participant or the Indenture Trustee at any time, notify Lessor, the Original Loan Participant or the Indenture Trustee, as the case may be, of the time and location of the next scheduled heavy maintenance visit to be conducted by Lessee in respect of the Aircraft during the Term; provided that Lessee shall have the right in its sole discretion to reschedule, or change the location of, any maintenance visit of which it shall have notified Lessor, the Original Loan Participant or the Indenture Trustee pursuant to this sentence, Lessee hereby agreeing to use reasonable efforts to notify Lessor, the Original Loan

Participant or the Indenture Trustee, as the case may be, of any such rescheduling or change. None of Lessor, the Indenture Trustee or any Participant shall have any duty to make any such inspection and shall not incur any liability or obligation by reason of not making any such inspection. No inspection pursuant to this Section 12 shall relieve Lessee of any of its obligations under this Lease. No inspection pursuant to this Section 12 shall interfere with the use, operation or maintenance of the Aircraft or the normal conduct of Lessee's business, and Lessee shall not be required to undertake or incur any additional liabilities in connection therewith.

Section 13. Assignment, Citizenship, Etc. Except as otherwise provided in Section 7(b) or in the case of any requisition for use by any Government referred to in Section 7(a), Lessee will not, without the prior written consent of Lessor, assign any of its rights hereunder, except as permitted by Section 13 of the Participation Agreement. Except as elsewhere herein provided or as expressly permitted by the provisions of the Participation Agreement, Lessor agrees that it will not assign or convey its right, title and interest in and to this Lease or the Aircraft; provided, however, that, in each case where so provided or permitted, the transferee shall be domiciled in the United States, shall be a "citizen of the United States" within the meaning of Section 101(16) of the Federal Aviation Act and shall assume all of the obligations of Lessor under this Lease. To the extent required to entitle the Owner Trustee as Lessor under this Lease to the benefits of Section 1110 of the Bankruptcy Code, Lessee shall maintain in force a certificate issued pursuant to Section 401 of the Federal Aviation Act or any successor provision that gives like authority. The terms and provisions of this Lease shall be binding upon and inure to the benefit of Lessor and Lessee and their respective permitted successors and assigns.

Section 14. Events of Default. The following events shall constitute Events of Default (whether any such event shall be voluntary or involuntary or come about or be effected by operation of law or pursuant to or in compliance with any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body) and each such Event of Default shall be deemed to exist and continue so long as, but only as long as, it shall not have been remedied:

(a) Lessee shall fail to make any payment of Basic Rent, Break Amount, Stipulated Loss Value or Termination Value within 15 days after the same shall have become due or of any other amount of Supplemental Rent within 15 days after written notice of such failure by Lessor or the Indenture Trustee; or

(b) Lessee shall fail to carry and maintain insurance on or with respect to the Aircraft in accordance with the provisions of Section 11; provided that, in the case of insurance with respect to which cancellation, change or lapse for nonpayment of premium shall not be effective as to Lessor, the Indenture Trustee or any Participant (or, if applicable, any Affiliate of the Owner Participant) for 30 days (seven days, or such other period as may from time to time be customarily obtainable in the industry, in the case of any war risk and allied perils coverage) after receipt of notice by Lessor, the Indenture Trustee or any Participant of such cancellation, change or lapse, no such failure to carry and maintain insurance shall constitute an Event of Default hereunder until the earlier of (i) the date such failure shall have continued unremedied for a period of 20 days (five days in the case of any war risk and allied perils coverage) after receipt by Lessor of the notice of cancellation, change or lapse referred to in Section 11(a)(C) or 11(b)(C), or (ii) such insurance not being in effect as to any of Lessor, the Indenture Trustee and any Participant (or, if applicable, any Affiliate of the Owner Participant); or

(c) Lessee shall operate the Aircraft at a time when public liability insurance required by Section 11(a) shall not be in effect; or

(d) Lessee shall fail to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder or under the Participation Agreement, any Lease Supplement, the Bills of Sale or the Purchase Agreement Assignment, and such failure shall continue unremedied for a period of 30 days after written notice thereof by Lessor or the Indenture Trustee; provided that, if such failure is capable of being remedied, so long as Lessee is diligently proceeding to remedy such failure (other than a failure to perform or observe the

provisions of the penultimate sentence of Section 13), no such failure shall constitute an Event of Default hereunder for a period of up to 270 days; or

(e) any material representation or warranty made by Lessee in this Lease or in the Participation Agreement, any Lease Supplement, the Bills of Sale or the Purchase Agreement Assignment or in any document furnished by Lessee pursuant hereto or thereto (other than in the Tax Indemnity Agreement or any document furnished by Lessee pursuant thereto) shall prove to have been incorrect in any material respect at the time made, and such incorrectness shall continue to be material and unremedied for a period of 30 days after written notice thereof by Lessor or the Indenture Trustee; or

(f) Lessee shall consent to the appointment of a receiver, trustee or liquidator of itself or of a substantial part of its property, or Lessee shall admit in writing its inability to pay its debts generally as they come due, or shall make a general assignment for the benefit of creditors; or

(g) Lessee shall file a voluntary petition in bankruptcy or a voluntary petition or an answer seeking reorganization in a proceeding under any bankruptcy laws (as now or hereafter in effect) or an answer admitting the material allegations of a petition filed against Lessee in any such proceeding, or Lessee shall by voluntary petition or answer, consent to or seek relief under the provisions of any other now existing or future bankruptcy or other similar law providing for the reorganization or winding-up of corporations, or providing for an agreement, composition, extension or adjustment with its creditors; or

(h) an order, judgment or decree shall be entered by any court of competent jurisdiction appointing, without the consent of Lessee, a receiver, trustee or liquidator of Lessee or of any substantial part of its property, or sequestering any substantial part of the property of Lessee, and any such order, judgment, or decree of appointment or sequestration shall remain in force undischarged, unstayed or unvacated for a period of 90 days after the date of entry thereof; or

(i) a petition against Lessee in a proceeding under the Federal bankruptcy laws or other insolvency laws, as now or hereafter in effect, shall be filed and shall not be withdrawn or dismissed within 90 days thereafter, or, under the provisions of any law providing for reorganization or winding-up of corporations which may apply to Lessee, any court of competent jurisdiction shall assume jurisdiction, custody or control of Lessee or of any substantial part of its property and such jurisdiction, custody or control shall remain in force unrelinquished, unstayed or unterminated for a period of 90 days;

provided that, notwithstanding anything to the contrary contained in this Lease, any failure of Lessee to perform or observe any covenant, condition, or agreement herein shall not constitute an Event of Default if such failure is caused solely by reason of an event referred to in the definition of "Event of Loss" so long as Lessee is continuing to comply with the applicable terms of Section 10.

Section 15. Remedies. Upon the occurrence of any Event of Default and at any time thereafter so long as the same shall be continuing, Lessor may, at its option, declare this Lease to be in default by a written notice to Lessee (provided that this Lease shall be deemed to have been declared in default without the necessity of such written notice upon the occurrence of any Event of Default described in paragraph (g), (h) or (i) of Section 14 hereof); and at any time thereafter, so long as Lessee shall not have remedied all outstanding Events of Default, Lessor may do one or more of the following with respect to all or any part of the Airframe and any Engines as Lessor in its sole discretion shall elect, to the extent permitted by, and subject to compliance with any mandatory requirements of, applicable law then in effect; provided that during any period when the Aircraft is subject to the Civil Reserve Air Fleet Program in accordance with the provisions of Section 7(b) and in the possession of the United States government or an instrumentality or agency thereof, Lessor shall not, on account of any Event of Default, be entitled to do any of the following in such manner as to limit Lessee's control under this Lease (or any sublessee's control under any sublease permitted by the terms of this Lease) of any Airframe or any Engines, unless at least 60 days' (or such lesser period as may then be applicable under the Military Airlift Command Program

of the United States Government) prior written notice of default hereunder shall have been given by Lessor by registered or certified mail to Lessee (or any sublessee) with a copy addressed to the Contracting Office Representative for the Military Airlift Command of the United States Air Force under any contract with Lessee (or any sublessee) relating to the Aircraft:

(a) cause Lessee, upon the written demand of Lessor and at Lessee's expense, to return promptly, and Lessee shall return promptly, all or such part of the Airframe or any Engine as Lessor may so demand to Lessor or its order in the manner and condition required by, and otherwise in accordance with all the provisions of, Section 5, as if the Airframe or such Engine were being returned at the end of the Term, or Lessor, at its option, may enter upon the premises where all or any part of the Airframe or any Engine are located and take immediate possession of and remove the same (together with any engine which is not an Engine but which is installed on the Airframe, subject to all of the rights of the owner, lessor, lienor or secured party of such engine; provided that the Airframe with an engine (which is not an Engine) installed thereon may be flown or returned only to a location within the continental United States, and such engine shall be held for the account of any such owner, lessor, lienor or secured party or, if owned by Lessee, may, at the option of Lessor, be exchanged with Lessee for an Engine in accordance with the provisions of Section 5(b)) by summary proceedings or otherwise, all without liability accruing to Lessor for or by reason of such entry or taking of possession or removal, whether for the restoration of damage to property caused by such taking or otherwise;

(b) sell all or any part of the Airframe and any Engine at public or private sale, whether or not Lessor shall at the time have possession thereof, as Lessor may determine, or otherwise dispose of, hold, use, operate, lease to others or keep idle all or any part of the Airframe or such Engine as Lessor, in its sole discretion, may determine, all free and clear of any rights of Lessee except as hereinafter set forth in this Section 15 and without any duty to account to Lessee with respect to such action or inaction or for any proceeds with respect thereto, except to the extent required by paragraph (d) below if Lessor

elects to exercise its rights under such paragraph (d) in lieu of its rights under paragraph (c) below;

(c) whether or not Lessor shall have exercised, or shall thereafter at any time exercise, any of its rights under paragraph (a) or paragraph (b) above with respect to all or any part of the Airframe or any Engine, Lessor, by written notice to Lessee specifying a payment date (which date shall be deemed to be a "Termination Date" for purposes of computing Termination Value) which shall be not earlier than 30 days from the date of such notice, may demand that Lessee pay to Lessor, and Lessee shall pay Lessor, on the payment date specified in such notice, as liquidated damages for loss of a bargain and not as a penalty (in lieu of the Basic Rent due for Lease Periods commencing on or after the Lease Period Date next preceding the payment date specified in such notice), if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, less any credit to which Lessee shall be entitled as hereinafter in this Section 15(c) provided, plus whichever of the following amounts Lessor, in its sole discretion, shall specify in such notice (together with interest, if any, on such amount at the applicable Overdue Rate from the Termination Date to but excluding the date of actual payment): (i) an amount equal to the excess, if any, of the Termination Value for the Airframe or such Engine or part thereof, computed as of the payment date specified in such notice, over the aggregate fair market rental value (computed as hereafter provided in this Section 15) of the Airframe or such Engine or part thereof for the remainder of the Term, after discounting such aggregate fair market rental value semi-annually (effective on the Lease Period Dates)

to present worth as of the payment date specified in such notice at the Assumed Debt Rate; or (ii) an amount equal to the excess, if any, of the Termination Value for the Airframe or such Engine or part thereof computed as of the payment date specified in such notice, over the fair market sales value (computed as hereafter provided in this Section 15) of the Airframe or such Engine or part thereof as of the payment date specified in such notice; provided that if the Termination Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall, if and so long as it shall have paid in full all Rent otherwise payable by it hereunder or pursuant hereto, be entitled to a credit against the amounts payable by it pursuant to this Section 15(c) in an amount equal to the lesser of the Unearned Advance Basic Rent as of the Termination Date and the amount, if any, by which such aggregate fair market rental value or such fair market sales value, as the case may be, exceeds such Termination Value; and provided, further, that in the event that the amount calculated pursuant to this sentence to be credited exceeds the amount payable by Lessee pursuant to this Section 15(c) and any other amounts payable by Lessee hereunder as a result of the applicable Event of Default or the exercise of Lessor's remedies with respect thereto, the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee;

(d) in the event Lessor, pursuant to paragraph (b) above, shall have sold all or any part of the Airframe or any Engine, Lessor, in lieu of exercising its rights under paragraph (c) above with respect to the Airframe or such Engine or part thereof, may, if it shall so elect, demand that Lessee pay Lessor, and Lessee shall pay to Lessor, on the date of such sale (which date shall be deemed a "Termination Date" for purposes of computing Termination Value), as liquidated damages for loss of a bargain and not as a penalty (in lieu of the Basic Rent due for Lease Periods commencing on or after the Lease Period Date next preceding the date of such sale), if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date

pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, less any credit to which Lessee shall be entitled as hereinafter in this Section 15(d) provided, plus the amount of any deficiency between the net proceeds of such sale and the Termination Value for the Airframe or such Engine or part thereof, computed as of the date of such sale; provided that if the Termination Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall, if and so long as it shall have paid in full all Rent otherwise payable by it hereunder or pursuant hereto, be entitled to a credit against the amounts payable by it pursuant to this Section 15(d) in an amount equal to the lesser of the Unearned Advance Basic Rent as of the Termination Date and the amount, if any, by which such net proceeds of such sale exceed such Termination Value; and provided, further, that in the event that the amount calculated pursuant to this sentence to be credited exceeds the amount payable by Lessee pursuant to this Section 15(d) and any other amounts payable by Lessee hereunder as a result of the applicable Event of Default or the exercise of Lessor's remedies with respect thereto, the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee; and

(e) Lessor may rescind this Lease as to the Airframe and any or all Engines, or may exercise any other right or remedy which may be available to it under applicable law or proceed by appropriate court action or actions, either at law or in equity, to enforce the terms or to recover damages for the breach hereof.

In addition, Lessee shall be liable, except as otherwise provided in paragraphs (c) and (d) above and without limiting the effect of the penultimate sentence of Section 3(c), without duplication of any amounts payable hereunder, for any and all unpaid Rent due hereunder before, after or during the exercise of any of the foregoing remedies and for all legal fees and other costs and expenses incurred by reason of the occurrence of any Event of Default or the exercise of Lessor's remedies with respect thereto, including all costs and expenses incurred in connection with the retaking or return of the Airframe or any Engine in accordance with the terms of Section 5 or in placing such Airframe or Engine in the condition and airworthiness required by such Section; provided that, if Lessee returns or surrenders possession of all or any part of the Airframe or any Engine in accordance with this Section 15 and Lessor does not within 365 days after the date of such return or surrender exercise its rights under paragraph (c) or (d) above with respect to such Airframe or Engine or part thereof, there shall be deducted from each payment of Basic Rent becoming due after the expiration of such 365-day period an amount equal to the quotient obtained by dividing the aggregate fair market rental value (computed as hereafter provided in this Section 15) of such Airframe or Engine or part thereof, for the remainder of the Term after the expiration of such 365-day period (computed as of the date of such expiration), by the number of Basic Rent installments remaining with respect to the Aircraft after the expiration of such 365-day period to the end of the Term; and provided, further, that Lessor and Lessee agree that, notwithstanding anything to the contrary set forth in this Lease, the Trust Indenture, the Participation Agreement, the Tax Indemnity Agreement or any other document or instrument relating hereto or thereto, Lessee shall have no responsibility or liability for any amounts payable to any Loan Participant in respect of the Break Amount, if any, payable with respect to the Certificates as a result of (x) a purchase of the Certificates pursuant to Section 2.13 of the Trust Indenture as a result of an Indenture Default that does not also constitute an Event of Default or (y) an Indenture Default that does not also constitute an Event of Default. For purposes of paragraph (c) above and the preceding sentence, the "aggregate fair market rental value" or the "fair market sales value" of the Airframe or any Engine or any part thereof shall be as specified in an Independent Appraisal. At any sale of the Airframe or any Engine or part thereof pursuant to this Section 15, Lessor

or any Participant may bid for and purchase such property. Except as otherwise expressly provided above, no remedy referred to in this Section 15 is intended to be exclusive, but each shall be cumulative and in addition to any other remedy referred to above or otherwise available to Lessor at law or in equity; and the exercise or beginning of exercise by Lessor of any one or more of such remedies shall not preclude the simultaneous or later exercise by Lessor of any or all of such other remedies. No express or implied waiver by Lessor of any Event of Default shall in any way be, or be construed to be, a waiver of any future or subsequent Event of Default.

Section 16. Single Transaction. Lessor and Lessee agree that the transactions contemplated by this Lease, the Participation Agreement, the Tax Indemnity Agreement, the other Operative Documents and the Rent Schedule are intended to and shall be construed to constitute one transaction. Lessee and Lessor hereby acknowledge that this Lease is a "lease" for purposes of Section 1110 of the Bankruptcy Code. So long as said Section 1110, or any successor or comparable provision affording protection to lessors of aircraft from the automatic stay under the Bankruptcy Code (then in effect) is in effect, Lessee hereby agrees that it will not, in connection with any bankruptcy proceeding involving Lessee, take a position in the United States Bankruptcy Court that is inconsistent with Lessor's rights under said Section 1110 or said successor or comparable provision.

Section 17. Further Assurances; Financial Information. Forthwith upon the execution and delivery of each Lease Supplement and Trust Agreement and Indenture Supplement, Lessee will cause such Lease Supplement and Trust Agreement and Indenture Supplement (and, in the case of the initial Lease Supplement and Trust Agreement and Indenture Supplement with respect to the Aircraft, this Lease, the Trust Indenture and the Trust Agreement) to be duly filed and recorded in accordance with the Federal Aviation Act or the applicable government of registry of the Aircraft if the Aircraft has been registered in another jurisdiction pursuant to Section 7(a). In addition, each of Lessor and Lessee will promptly and duly execute and deliver to the other party hereto such further documents and assurances and take such further action as such other party may from time to time reasonably request in order effectively to carry out the intent and purpose of this Lease, including, without limitation, if requested

by Lessor, the execution and delivery of supplements or amendments hereto or, in the case of Lessor, to the Trust Indenture, in recordable form, subjecting to this Lease and, in the case of Lessor, to the Trust Indenture, any Replacement Airframe or Replacement Engine and the recording or filing of counterparts hereof or thereof, in accordance with the laws of such jurisdictions as Lessor may from time to time deem advisable; provided that this sentence is not intended to impose upon Lessee any additional liabilities not otherwise contemplated by this Lease and the Participation Agreement. Lessee also agrees to furnish Lessor, the Owner Participant, the Original Loan Participant and the Indenture Trustee (i) within 60 days after the end of each of the first three quarterly fiscal periods in each fiscal year of Lessee, a consolidated balance sheet of Lessee and its consolidated subsidiaries prepared by it as of the close of such period, together with the related consolidated statements of income and cash flows for such period, (ii) within 120 days after the close of each fiscal year of Lessee, a consolidated balance sheet of Lessee and its consolidated subsidiaries as of the close of such fiscal year, together with the related consolidated statements of income and cash flows for such fiscal year, as certified by independent public accountants, (iii) within 120 days after the close of each fiscal year of Lessee, a certificate of Lessee, signed by a Responsible Officer of Lessee and addressed to Lessor, the Indenture Trustee, the Original Loan Participant and the Owner Participant, to the effect that the signer has reviewed the relevant terms of this Lease and the Participation Agreement and has made, or caused to be made under his supervision, a review of the transactions and condition of Lessee during the accounting period covered by the financial statements referred to in clause (ii) above, and that such review has not disclosed the existence during such accounting period, nor does the signer have knowledge of the existence as at the date of such certificate, of any condition or event which constitutes an Event of Default or which, after notice or lapse of time or both, would constitute an Event of Default, or, if any such condition or event existed or exists, specifying the nature and period of existence thereof and what action Lessee has taken or is taking or proposes to take with respect thereto, and (iv) from time to time such other non-confidential information as Lessor or the Indenture Trustee may reasonably request.

Section 18. Notices. All notices required under the terms and provisions of this Lease shall be in English and in writing, and any such notice may be given by United States mail, courier service, telegram, telex, cable or facsimile (confirmed by telephone or in writing in the case of notice by telegram, telex, cable or facsimile) or any other customary means of communication, and any such notice shall be effective when delivered (i) if to Lessee, to P.O. Box 619616, Dallas/Fort Worth International Airport, Texas 75261-9616, Attention: Treasurer, or at 4333 Amon Carter Boulevard, Fort Worth, Texas 76155, Attention: Treasurer, Telex: 4630158, Facsimile: (817) 967-4318, Telephone: (817) 963-1234 or to such other address as Lessee shall from time to time designate in writing to Lessor, (ii) if to Lessor, to Rodney Square North, Wilmington, Delaware 19890, Attention: Corporate Trust Administration (AA 1992 AF-2), Telex: 835437, Answerback: WILM TR, Facsimile: (302) 651-8464, Telephone: (302) 651-1000, or to such other address as Lessor shall from time to time designate in writing to Lessee, (iii) if to the Owner Participant or the Original Loan Participant, to their respective addresses set forth on the signature pages of the Participation Agreement, or to such other address as the Owner Participant or any Loan Participant shall from time to time designate in writing to Lessee and Lessor, and (iv) if to the Indenture Trustee, to 600 Peachtree Street, N.E., Suite 900, Atlanta, Georgia 30308, Attention: Corporate Trust Department (AA 1992 AF-2), Facsimile: (404) 607-6534, Telephone: (404) 607-4680, or such other address as the Indenture Trustee shall from time to time designate in writing to Lessor and Lessee. Prior to the discharge of the lien of the Trust Indenture, Lessee shall furnish the Indenture Trustee directly with a copy of each report, notice, request, demand, certificate, financial statement or other instrument or document furnished to Lessor hereunder.

Section 19. No Setoff, Counterclaim, Etc. This Lease is a net lease and it is intended that Lessee shall pay all costs and expenses of every character whether seen or unforeseen, ordinary or extraordinary, or structural or nonstructural in connection with the use, operation, maintenance, repair and reconstruction of the Airframe and each Engine by Lessee, including the costs and expenses particularly set forth in this Lease. Lessee's obligation to pay all Rent payable hereunder shall, subject to Section 3(f) and the penultimate sentence of Section 3(c), be

absolute and unconditional and shall not be affected by any circumstances, including, without limitation, (i) any setoff, counterclaim, recoupment, defense or other right which Lessee may have against Lessor, any Participant, the Indenture Trustee or anyone else for any reason whatsoever, (ii) any defect in the title, airworthiness, condition, design, operation or fitness for use of, or any damage to or loss or destruction of, the Aircraft, or any interruption or cessation in or prohibition of the use or possession thereof by Lessee for any reason whatsoever, (iii) any insolvency, bankruptcy, reorganization or similar proceedings by or against Lessee or any other Person or (iv) any other circumstance, happening or event whatsoever, whether or not unforeseen or similar to any of the foregoing. If for any reason whatsoever this Lease shall be terminated in whole or in part by operation of law or otherwise, except as specifically provided herein, Lessee nonetheless agrees, subject to Section 3(f), to pay to Lessor an amount equal to each Basic Rent and Supplemental Rent payment under Section 3 at the time such payment would have become due and payable in accordance with the terms hereof had this Lease not been terminated in whole or in part. Lessee hereby waives, to the extent permitted by applicable law, any and all rights which it may now have or which at any time hereafter may be conferred upon it, by statute or otherwise, to terminate, cancel, quit or surrender this Lease except in accordance with the express terms hereof. Each payment of Rent made by Lessee shall be final as to Lessor and Lessee, and Lessee will not seek to recover all or any part of any such payment of Rent from Lessor or from the Indenture Trustee for any reason whatsoever; provided that nothing in this sentence shall be construed to modify or limit in any way Lessee's rights under Section 3(f) and the penultimate sentence of Section 3(c) or its rights to rebate under Section 9(b), 9(d), 15(c) or 15(d).

Section 20. Renewal Options; Purchase Options. (a) Renewal Options. Lessee shall have the right to extend this Lease with respect to the Aircraft for up to five additional periods of one year each (each such period being hereinafter referred to as a "Renewal Term"), each commencing at the end of the Term or a Renewal Term. Such option to renew shall be exercised upon irrevocable written notice from Lessee to Lessor given not less than 120 days prior to the commencement of the first day of each Renewal Term and if no Event of Default shall have occurred and be continuing on such date, then this Lease

shall be extended for the additional period of such Renewal Term on the same conditions provided for herein, and upon such extension, the word "Term" whenever used herein shall be deemed to refer, unless the context otherwise requires, to such Renewal Term; provided that the rental payable during such Renewal Term shall be at a rental rate equal to (i) in the case of the first Renewal Term the lesser of (x) the Renewal Term Rate and (y) the fair market rental value for the Aircraft determined within 90 days after such election by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal, and (ii) in the case of any Renewal Term thereafter, the fair market rental value of the Aircraft determined within 90 days after such election by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal; and provided, further, that the provisions of Section 9 shall not be applicable during any Renewal Term. The amounts which are payable during any such Renewal Term in respect of Termination Value as used in Section 15 and Stipulated Loss Value with respect to the Aircraft shall be determined on the basis of the fair market sales value of the Aircraft as of the commencement of such Renewal Term, amortized on a straight-line basis over such Renewal Term to the fair market sales value of the Aircraft as of the expiration of such Renewal Term, as such fair market sales value in each case is determined prior to the commencement of such Renewal Term by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, as determined by an Independent Appraisal.

(b) Special Purchase Option. On [July 9, 2012], or, if such date is not a Business Day, on the next succeeding Business Day (the "Special Purchase Option Date"), Lessee shall have the right, at its option, to purchase the Aircraft. Such option to purchase the Aircraft shall be exercised irrevocably upon written notice from Lessee to Lessor given not less than 120 days prior to the Special Purchase Option Date. In the event that Lessee shall have so elected to purchase the Aircraft, on the Special Purchase Option Date, (x) Lessee shall pay the Basic Rent installment due on the Special Purchase Option Date (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), and at its option shall either (A) pay to Lessor, in funds of the type specified in Section 3(d), (1) an amount determined by multiplying

Lessor's Cost for the Aircraft by the Special Purchase Price Percentage (the "Special Purchase Price"), plus (2) all Supplemental Rent (including, without limitation, the Break Amount, if any, on the Certificates) due and owing on such Special Purchase Option Date, plus (3) all Basic Rent due prior to and unpaid on such Special Purchase Option Date, or (B) assume all of the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates (including, without limitation, any scheduled payment of principal of or accrued interest on the Certificates due and payable on the Special Purchase Option Date but only to the extent that any Basic Rent installment payable by Lessee pursuant to clause (x) above or previously paid pursuant to this Lease does not cover such scheduled payment of principal or accrued interest on the Certificates and excluding any obligations or liabilities of the Owner Trustee in its individual capacity incurred on or prior to the Special Purchase Option Date, which obligations and liabilities shall remain the sole responsibility of the Owner Trustee in its individual capacity) in accordance with Section 2.16 of the Trust Indenture and simultaneously shall pay to Lessor, in funds of the type specified in Section 3(d), an amount equal to the excess, if any, of the Special Purchase Price over an amount equal to the sum of the principal of, and any accrued and unpaid interest on (except that such unpaid interest, for purposes of this Section 20(b), shall be deemed to have accrued at the Assumed Debt Rate), the outstanding Certificates on such Special Purchase Option Date, after taking into account any payments of principal or interest made in respect of the outstanding Certificates on such Special Purchase Option Date, and (y) Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft and, if Lessee shall not have assumed the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates as provided for above, Lessor will request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the Lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge thereunder.

(c) Purchase Option. Lessee shall have the right, at its option, at the expiration of the Term or any Renewal Term, to elect to purchase the Aircraft at a price equal to the fair market sales value of the Aircraft, as determined as provided below. Such option to purchase shall be exercised irrevocably upon written notice from Lessee to Lessor given not less than 120 days prior to the last day of the Term or any Renewal Term, as the case may be. If Lessee shall have so elected to purchase the Aircraft, Lessor shall transfer without recourse or warranty (except as to Lessor's Liens) the Aircraft to Lessee, against payment by Lessee of the applicable purchase price and any other amounts due hereunder in immediately available funds. In order to enable Lessee to determine whether it wishes to exercise such election to purchase, the fair market sales value for the Aircraft shall, at Lessee's request made in sufficient time to permit such determination, be determined not less than 150 days prior to the end of the Term or any Renewal Term by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal.

Section 21. Successor Owner Trustee. Lessee agrees that, in the case of the appointment of any successor Owner Trustee pursuant to the terms of the Trust Agreement and Section 9(d) of the Participation Agreement, such successor Owner Trustee shall succeed to all the rights, powers and title of Lessor hereunder and shall be deemed to be Lessor of the Aircraft for all purposes without in any way altering the terms of this Lease or Lessee's obligations hereunder. Lessee further agrees that in the case of the appointment of any additional trustee to act as co-trustee or as a separate trustee pursuant to the terms of the Trust Agreement and Section 9(d) of the Participation Agreement, such additional trustee shall acquire such rights, power and title of Lessor hereunder as are specified in the instruments appointing such additional trustee, without in any way altering the terms of this Lease or Lessee's obligations hereunder. One such appointment and designation of a successor or additional Owner Trustee shall not exhaust the right to appoint and designate further successor or additional Owner Trustees pursuant to the Trust Agreement and Section 9(d) of the Participation Agreement, but such right may be exercised repeatedly as long as this Lease shall be in effect.

## Section 22. Security for Lessor's Obligation to Loan

Participants. In order to secure the indebtedness evidenced by the Certificates, Lessor has agreed in the Trust Indenture, among other things, to assign to the Indenture Trustee this Lease and the Lease Supplements and to mortgage in favor of the Indenture Trustee all of Lessor's right, title and interest in and to the Aircraft, subject to the reservations and conditions therein set forth. Lessee hereby consents to such assignment and to the creation of such mortgage and security interest and acknowledges receipt of copies of the Trust Indenture and the Trust Agreement and Indenture Supplement, it being understood that such consent shall not affect any requirement or the absence of any requirement for any consent under any other circumstances. Until the lien of the Trust Indenture has been released, (a) Lessee shall make all payments of Rent and all other amounts payable hereunder (in each case, other than Excepted Property) to the Indenture Trustee as provided in Section 3(d) and the right of the Indenture Trustee to receive such payment shall, subject to Section 3(f), not, without limiting the provisions of Section 19 hereof, be subject to any defense, counterclaim, setoff or other right or claim of any kind which Lessee may be able to assert against Lessor (in its individual or trust capacity), the Indenture Trustee (in its individual or trust capacity), any Participant or any other Person in any action brought by any thereof on this Lease, (b) all rights of Lessor with respect to this Lease, the Aircraft, the Airframe or any Engine or any Part thereof, to the extent set forth in and subject in each case to the exceptions set forth in the Trust Indenture, shall be exercisable by the Indenture Trustee and (c) all documents, notices, certificates and opinions of counsel sent by Lessee to the Owner Trustee will also be sent to the Indenture Trustee. To the extent, if any, that this Lease Agreement constitutes chattel paper (as such term is defined in the Uniform Commercial Code as in effect in any applicable jurisdiction), no security interest in this Lease may be created through the transfer or possession of any counterpart hereof other than the original counterpart, which shall be identified as the counterpart containing the receipt therefor executed by the Indenture Trustee on the signature page thereof.

Section 23. Lessor's Right to Perform for Lessee. If Lessee fails to make any payment of Rent required to be made by it hereunder or fails to perform or comply with any of its agreements contained herein, Lessor may, on behalf of Lessee and upon prior notice to Lessee, itself make such payment or undertake such performance or compliance. The amount of any such payment and the amount of the reasonable expenses of Lessor incurred in connection with such payment, performance or compliance together with interest thereon, at the Overdue Rate, shall be deemed Supplemental Rent, payable by Lessee upon demand.

Section 24. Maintenance of Certain Engines. Notwithstanding anything to the contrary contained herein, an aircraft engine which is not an Engine, but which is installed on the Airframe, shall be maintained in accordance with Section 7(a).

Section 25. Investment of Security Funds; Miscellaneous. Any moneys required to be paid to or retained by Lessor which are not required to be paid to Lessee pursuant to Section 10(f) or 11(b) solely because an Event of Default hereunder (or event that with lapse of time would constitute an Event of Default under Section 14(a), 14(g), 14(h) or 14(i)) shall have occurred, or which are required to be paid to Lessee pursuant to Section 10(c) or 11(b) after completion of a replacement to be made pursuant to Section 10(a) shall, until paid to Lessee as provided in Section 10 or 11 or applied as provided herein or in the Trust Agreement and Trust Indenture, be invested in Permitted Investments by Lessor (unless the Trust Indenture shall not have been discharged, in which case, by the Indenture Trustee as provided in Section 3.07 of the Trust Indenture) from time to time as directed in writing by Lessee. There shall, so long as no Event of Default shall have occurred or be continuing, be promptly remitted to Lessee as a rebate of Rent any gain (including interest received) realized as the result of any such investment (net of any fees, commissions and other expenses, if any, incurred in connection with such investment) and Lessee will promptly pay to Lessor or the Indenture Trustee, as the case may be, on demand, as Supplemental Rent the amount of any loss realized as the result of any such investment (together with any fees, commissions and other expenses, if any, incurred in connection with such investment), such amount to be disposed of in accordance with the terms of the Trust Agreement and the Trust Indenture.

Section 26. Concerning the Lessor. Wilmington Trust Company is entering into this Lease Agreement solely in its capacity as Owner Trustee under the Trust Agreement and not in its individual capacity (except as expressly stated herein) and in no case shall Wilmington Trust Company (or any entity acting as successor Owner Trustee under the Trust Agreement) be personally liable for or on account of any of the statements, representations, warranties, covenants or obligations stated to be those of Lessor hereunder; provided, however, that Wilmington Trust Company (or any such successor Owner Trustee) shall be personally liable hereunder for its own gross negligence or willful misconduct or for its breach of its covenants, representations and warranties contained herein, to the extent covenanted or made in its individual capacity.

Section 27. Sublessee's Performance and Rights. Any obligation imposed on Lessee in this Lease shall require only that Lessee perform or cause to be performed such obligation, even if stated herein as a direct obligation, and the performance of any such obligation by any permitted assignee, sublessee or transferee under an assignment, sublease or transfer agreement then in effect shall constitute performance by Lessee and to the extent of such performance discharge such obligation by Lessee. Except as otherwise expressly provided herein, any right granted to Lessee in this Lease shall grant Lessee the right to exercise such right or permit such right to be exercised by any such assignee, sublessee or transferee; provided that no such assignee, sublessee or transferee shall be permitted to exercise the self-insurance rights of Lessee set forth in Section 11. The inclusion of specific references to obligations or rights of any such assignee, sublessee or transferee in certain provisions of this Lease shall not in any way prevent or diminish the application of the provisions of the two sentences immediately preceding with respect to obligations or rights in respect of which specific reference to any such assignee, sublessee or transferee has not been made in this Lease.

Section 28. Miscellaneous. Any provision of this Lease which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such

provision in any other jurisdiction. This Lease may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered, subject to Section 22, shall be an original, but all such counterparts shall together constitute but one and the same instrument. To the extent permitted by applicable law, Lessee hereby waives any provision of law which renders any provision prohibited or unenforceable in any respect. Neither this Lease nor any of the terms hereof may be terminated, amended, supplemented, waived or modified orally, but only by an instrument in writing signed by the party against which the enforcement of the termination, amendment, supplement, waiver or modification is sought and no provision referring to the Owner Participant or requiring the consent or participation of or notice to the Owner Participant may be waived, modified, supplemented, terminated or amended without the express written consent of the Owner Participant. This Lease shall constitute an agreement of lease, and nothing herein shall be construed as conveying to Lessee any right, title or interest in the Aircraft except as a lessee only. To the extent consistent with the provisions of Title 11 U.S.C. Section 1110, or any analogous section of the Federal bankruptcy laws, as amended from time to time, it is hereby expressly agreed that, notwithstanding any other provisions of the Federal bankruptcy laws, as amended from time to time, the title of Lessor to the Aircraft and any right of Lessor to take possession of the Aircraft in compliance with the provisions of this Lease shall not be affected by the provisions of the Federal bankruptcy laws, as amended from time to time. The section and paragraph headings in this Lease and the table of contents are for convenience of reference only and shall not modify, define, expand or limit any of the terms or provisions hereof and all references herein to numbered sections, unless otherwise indicated, are to sections of this Lease.

THIS LEASE AGREEMENT HAS BEEN DELIVERED IN THE STATE OF NEW YORK AND SHALL IN ALL RESPECTS BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK, INCLUDING ALL MATTERS OF CONSTRUCTION, VALIDITY AND PERFORMANCE.

IN WITNESS WHEREOF, Lessor and Lessee have each caused this Lease Agreement to be duly executed as of the day and year first above written.

Section 5. Amendment to Section 9 of the Lease. Section 9 of the Lease is amended in its entirety to read as follows:

"Section 9. Voluntary Termination. (a) Right of Termination. So long as no Event of Default shall have occurred and be continuing, Lessee shall have the right at its option (i) to terminate this Lease at any time on or after the fifth anniversary of the Delivery Date, if in Lessee's good faith determination (evidenced by a certificate of a Responsible Officer of Lessee to such effect) the Aircraft is surplus to Lessee's requirements or economically obsolete to Lessee, and (ii) at any time on or after the eighth anniversary of the Delivery Date to terminate this Lease for any reason

whatsoever, in each case by delivering to Lessor a written notice of termination specifying a proposed date of termination (the "Termination Date") which shall be a Business Day occurring not earlier than 90 days after the date of such notice, and, if the Termination Date is a Special Termination Date, whether or not Lessee is thereby electing to purchase the Aircraft on such Special Termination Date as provided in Section 9(e). The termination of this Lease shall, subject to the terms and conditions set forth in this Section 9, be effective on (i) if Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to sell the Aircraft, as provided below, the date of sale of the Aircraft, if any, referred to in Section 9(b), (ii) if Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to retain the Aircraft as provided in Section 9(d), the date of termination referred to in Section 9(d), or (iii) if Lessee has elected to purchase the Aircraft as provided in Section 9(e), the date of purchase referred to in Section 9(e). Where Lessee has not elected to purchase the Aircraft as provided for in Section 9(e), Lessor shall give Lessee irrevocable notice of its election to sell or retain the Aircraft no later than 45 days after Lessor receives the notice from Lessee referred to in the first sentence of this Section 9(a). In the event Lessor shall fail to give notice pursuant to the immediately preceding sentence, notice of its election to sell the Aircraft shall be deemed to have been given as of such forty-fifth day. Unless Lessor shall have given to Lessee a timely notice of its election to retain the Aircraft as provided in Section 9(d), Lessee (1) shall withdraw such termination notice on the Termination Contract Date if the Person who shall have submitted the highest cash bid notified by Lessee to Lessor or by Lessor or the Owner Participant to Lessee pursuant to Section 9(b) prior to the Termination Contract Date (or, with the consent of Lessor, another person who shall have submitted a bid for the purchase of the Aircraft, acceptable to Lessor and Lessee) shall not have entered into a binding contract of sale on or prior to such Termination Contract Date reasonably acceptable to the Owner Participant providing for the sale by Lessor without recourse or warranty (except as to Lessor's Liens) for cash of the Airframe and the Engines installed thereon to such Person (the Contract Purchase") (Lessor hereby agreeing, subject to Les-

essor's right to retain the Aircraft, promptly to execute and deliver any such contract of sale in the form thereof furnished by Lessee for execution and delivery and Lessee hereby agreeing to consult with the Owner Participant regarding the terms of such contract of sale and to submit the execution form thereof to the Owner Participant a reasonable period of time prior to the Termination Contract Date) and (2) may withdraw the termination notice referred to above at any time on or prior to the third Business Day prior to the Termination Contract Date, whereupon this Lease shall continue in full force and effect. In the event Lessee withdraws, on or after the third Business Day prior to the Termination Contract Date, a notice of termination given pursuant to this Section 9(a) or such notice is deemed withdrawn pursuant to the final sentence of Section 9(b), Lessee will reimburse Lessor and the Owner Participant for any reasonable out-of-pocket expenses incurred by them in connection with the proposed sale, except Lessee shall not be obligated to reimburse Lessor or the Owner Participant for any out-of-pocket expenses to the extent Lessor shall have failed to comply with its obligations under this Section 9. Lessee shall not be entitled to exercise its right of termination provided for in this Section 9(a) more than four times during the Term (not including for purposes of this sentence any exercise by Lessee of such right of termination immediately following a failure of this Lease to be terminated by reason of Lessor's failure to comply with its obligations under this Section 9).

(b) Sale of Aircraft. If Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected or is deemed to have elected to sell the Aircraft pursuant to Section 9(a), Lessee will have the option of acting as non-exclusive agent for Lessor to obtain bids for the cash purchase on or prior to the Termination Date of the Aircraft. Lessor agrees to pay Lessee a commercially reasonable brokerage fee based on the then current industry practice in the event that Lessee locates the Person who purchases the Aircraft pursuant to this Section 9(b). If Lessee acts as such agent, no later than ten Business Days prior to the Termination Contract Date, Lessee shall certify to Lessor in writing the amount and terms of each cash bid received by Lessee and the name and the address of the Person submitting each such bid. Lessor may (but need not), also, at its expense (which expense, including

without limitation any broker's or finder's fees, shall be for the Owner Participant's own account), independently obtain cash bids for such purchase and, in the event Lessor receives any such bid, Lessor shall promptly, and in any event at least five Business Days prior to the Termination Contract Date certify to Lessee in writing the amount and terms of such bid and the name and address of the Person submitting such bid. Neither the Owner Participant, Lessee, nor any Affiliate of either may submit a bid for the Aircraft, directly or indirectly, in connection with such proposed sale. On the Termination Date (or such earlier date of sale as may be agreed to by Lessor and Lessee, which date shall thereafter be deemed the Termination Date), x) Lessee shall, subject to receipt (i) by Lessor (or, so long as the Trust Indenture shall not have been discharged, the Indenture Trustee) of the full purchase price thereof and all amounts owing to Lessor pursuant to the next sentence and ii) by the Persons entitled thereto of all unpaid Supplemental Rent due on or before the Termination Date, deliver the Aircraft at a location selected by Lessee to the Contract Purchaser (or such other purchaser acceptable to Lessor and Lessee), in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accordance with the terms of Section 5, and y) Lessor shall simultaneously therewith sell, without recourse or warranty (except as to Lessor's Liens), for cash all of Lessor's right, title and interest in and to the Aircraft to such Contract Purchaser (or other purchaser). The total selling price realized at such sale shall be retained by Lessor (or, so long as the Trust Indenture shall not have been discharged, distributed by the Indenture Trustee pursuant to the terms of the Trust Indenture) and, in addition, on the Termination Date, Lessee shall pay to Lessor or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d), an amount equal to (I) the sum of (1) the excess, if any, of (A) the Termination Value for the Aircraft as of the Termination Date, over (B) the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person), plus 2) that amount of interest that will accrue on the principal of all Outstanding Equip-

ment Notes during the period from and including the Termination Date to but excluding the Redemption Date specified in Section 6.01 of the Trust Indenture, plus (3) all Supplemental Rent (including, without limitation, Make-Whole Amount, if any, and Swap Breakage Loss, if any, as the case may be, payable in connection with a redemption of any Equipment Notes resulting from a termination under this Section 9(b)) other than Termination Value, due and owing on the Termination Date, plus 4) (A) if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), or (B) if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, plus (5) all Basic Rent due and payable prior to the Termination Date and unpaid, less (II) any credit to which Lessee may be entitled as hereinafter in this Section 9(b) provided. Subject always to the provisions of the penultimate paragraph of Section 3(b), if the Termination Date with respect to which Termination Value is determined is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall be entitled to a credit against the amounts payable by it pursuant to this Section 9(b) in an amount equal to the lesser of x) the Unearned Advance Basic Rent as of the Termination Date, and (y) the amount, if any, by which the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person) exceeds the Termination Value for the Aircraft as of the Termination Date; provided that, in the event that the amount calculated pursuant to this sentence to be credited exceeds the amounts payable by Lessee pursuant to this Section 9(b), the Owner Participant shall be obligated to rebate an amount equal to such excess to Lessee. If on or prior to the scheduled Termination

Date no sale of the Aircraft shall have occurred and if Lessor shall not have elected to retain the Aircraft in accordance with Section 9(d) or Lessee shall not have elected to purchase the Aircraft in accordance with Section 9(e), Lessee's notice given pursuant to Section 9(a) shall be deemed to be withdrawn as of such scheduled Termination Date and this Lease shall continue in full force and effect.

(c) Certain Obligations upon Sale of Aircraft. Upon the sale of the Aircraft pursuant to and in accordance with the provisions of Section 9(b), Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Airframe. Lessor shall be under no duty to solicit bids, to inquire into the efforts of Lessee to obtain bids or otherwise take any action in connection with the sale of the Aircraft under Section 9(b), other than to transfer to the purchaser of the Aircraft (or to such purchaser and to Lessee, as the case may be), without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft against receipt of the payments provided for herein, and to pay the amounts, if any, required to be paid by Lessor under Section 9(b) or this Section 9(c), and to request the Loan Trustee upon the sale of the Aircraft pursuant to Section 9(b) to execute and deliver to such purchaser (or to such purchaser and to Lessee, as the case may be) an appropriate instrument releasing the Aircraft from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. Lessor agrees to notify promptly Lessee of the appointment by Lessor of any broker or finder (other than Lessee) in connection with the sale of the Aircraft pursuant to Section 9(b) and, subject to Section 9(b), to pay the fees or commissions of any such broker or finder employed by Lessor in connection with the sale of the Aircraft pursuant to Section 9(b).

(d) Retention of Aircraft by Lessor. If Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to retain the Aircraft pursuant to Section 9(a), on the Termination Date specified in Lessee's termination notice, Lessor shall

pay, or cause to be paid, to the Loan Trustee in funds of the type specified in Section 3(d), an amount equal to (1) the aggregate outstanding principal amount of the Equipment Notes and all accrued interest thereon, plus (2) that amount of interest that will accrue on the principal of all Outstanding Equipment Notes during the period from and including the Termination Date to but excluding the Redemption Date specified in Section 6.01 of the Trust Indenture, plus (3) all other sums due and payable to the Loan Trustee on such Termination Date under the Trust Indenture, the Participation Agreement or such Equipment Notes. Subject to receipt by the Loan Trustee of such funds, on the Termination Date, (i) Lessee (x) shall deliver the Aircraft to Lessor in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accordance with the terms of Section 5, and (y) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3(d), all Supplemental Rent (including, without limitation, Make-Whole Amount, if any, and Swap Breakage Loss, if any, as the case may be payable in connection with a redemption of any Equipment Notes resulting from a termination under this Section 9(d)), other than Termination Value, due and owing on the Termination Date, and, if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, and all Basic Rent due and payable prior to the Termination Date and unpaid, less (B) any credit to which Lessee may be entitled as hereinafter in this Section 9(d) provided, and (ii) Lessor (x) shall transfer or cause to be transferred to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed

on the Airframe, and (y) shall request the Loan Trustee to execute and deliver to Lessee an appropriate instrument releasing the Aircraft from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. If the Termination Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall, subject always to the provisions of the penultimate paragraph of Section 3(b), be entitled to a credit against the amounts payable by it pursuant to this Section 9(d) in an amount equal to the Unearned Advance Basic Rent as of the Termination Date; provided that in the event that the Unearned Advance Basic Rent exceeds the amount payable by Lessee pursuant to this Section 9(d), the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee. If Lessor shall fail to perform any of its obligations pursuant to this Section 9(d) and as a result thereof this Lease shall not be terminated on a proposed Termination Date, Lessor shall thereafter no longer be entitled to exercise its election to retain the Aircraft and Lessee may at its option at any time thereafter submit a new termination notice pursuant to Section 9(a).

(e) Purchase of Aircraft by Lessee. In the event that Lessee shall have elected to purchase the Aircraft on a Special Termination Date pursuant to Section 9(a), on such Special Termination Date, Lessee shall purchase the Aircraft at a price (the "Special Termination Price") equal to the greater of i) the Termination Value for the Aircraft, computed as of the Special Termination Date and (ii) the then fair market sales value of the Aircraft, as determined by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal. On such Special Termination Date, x) Lessee (i) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3(d), all unpaid Supplemental Rent (including, without limitation, Make-Whole Amount, if any, and Swap Breakage Loss, if any, as the case may be, payable in connection with a redemption of any Equipment Notes resulting from a termination under this Section 9(e)), other than Termination Value, due and

owing on such Special Termination Date, all Basic Rent due and payable prior to the Special Termination Date and unpaid and the Basic Rent installment due and payable on the Special Termination Date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) and ii) at its option shall either A) pay to Lessor, in funds of the type specified in Section 3(d), the Special Termination Price, or (B) assume all of the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Equipment Notes (including, without limitation, any scheduled payment of principal of or accrued interest on the Equipment Notes due and payable on the Special Termination Date but only to the extent that the Basic Rent installment payable by Lessee pursuant to clause (i) above does not cover such scheduled payment of principal of or accrued interest on the Equipment Notes but excluding any obligations or liabilities of the Owner Trustee in its individual capacity incurred on or prior to the Special Termination Date, which obligations and liabilities shall remain the sole responsibility of the Owner Trustee) in accordance with Section 7.03 of the Trust Indenture and simultaneously shall pay to Lessor, in funds of the type specified in Section 3(d), an amount equal to the excess, if any, of the Special Termination Price over an amount equal to the sum of the principal of and any accrued and unpaid interest on the outstanding Equipment Notes on such Special Termination Date, after taking into account any payments of principal or interest made in respect of the outstanding Equipment Notes on such Special Termination Date, and y) Lessor will sell to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft and all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Airframe and, if Lessee shall not have assumed the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Equipment Notes as provided for above, Lessor will request the Loan Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the lien of the Trust Indenture and releasing the Purchase

Agreement and the Purchase Agreement Assignment from the assignment and pledge thereunder.

(f) Termination of Lease, Etc. Upon the sale or retention or purchase of the Aircraft, as the case may be, in compliance with the provisions of this Section 9, i) the obligation of Lessee to pay Basic Rent under Section 3(b) on any Lease Period Date occurring subsequent to the applicable Termination Value Determination Date, and (ii) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f), other than payments of Supplemental Rent to be made by Lessee (x) surviving pursuant to Section 7(d) of the Participation Agreement or Section 10 of the Tax Indemnity Agreement or y) in respect of liabilities and obligations of Lessee which have accrued under any Operative Document but have not been paid or which are in dispute as of the date of such sale or retention) shall cease as of the Termination Date and, in each case, the Term shall end effective as of the Termination Date.

(g) Termination as to Engines. So long as no Event of Default shall have occurred and be continuing, Lessee shall have the right at its option at any time, on at least 60 days' prior written notice, to terminate this Lease with respect to any Engine. In such event, and prior to the date of such termination, Lessee shall replace such Engine hereunder by complying with the terms of Section 10(b) to the same extent as if an Event of Loss had occurred with respect to such Engine."

As used herein, "Loss Payment Date" means the earliest of x) 30 days following the date on which insurance proceeds are received with respect to such Event of Loss, (y) the Business Day next following the 121st day next following the date of occurrence of the Event of Loss, and z) an earlier Business Day irrevocably specified by Lessee at least thirty days in advance by notice to Lessor and the Loan Trustee; provided, however, the Loss Payment Date shall be the date specified in the proviso to clause (i) above, if such proviso is applicable."

For purposes of the preceding sentence, the term "Equity Portion" shall mean an amount equal to the excess, if any, of the amount calculated pursuant to clause (i) of such preceding sentence over the aggregate unpaid principal of, and the aggregate unpaid accrued interest on, the outstanding Certificates as of such Casualty Loss Determination Date. The Stipulated Loss Value Percentages set forth in Exhibit B to the Rent Schedule have been computed on the assumption that each Certificate will bear interest throughout the term at the Assumed Debt Rate for such Certificate. To the extent that the aggregate amount of interest payable on the Certificates from and including the Lease Period Date next preceding a Casualty Loss Determination Date to but excluding such Casualty Loss Determination Date is greater or less than the amount included in calculating the Stipulated Loss Value Percentage set forth in Exhibit B to the Rent Schedule with respect to such Casualty Loss Determination Date on account of such Assumed Debt Rate, such percentage shall be increased or decreased to compensate for such differential.

"Termination Value" for the Airframe or any Engine as of any date of determination means a portion of the Termination Value for the Aircraft, computed as of such date of determination, which bears the same ratio to such Termination Value for the Aircraft as the original cost (as reasonably determined by Lessor after consultation with Lessee and the Manufacturer) to Lessor of the Airframe or such Engine bears to Lessor's Cost for the Aircraft. The Termination Value Percentages set forth in Exhibit C to the Rent Schedule have been computed on the assumption that each Certificate will bear interest throughout the term at the Assumed Debt Rate for such Certificate. To the extent that the aggregate amount of interest payable on the Certificates from and including the Lease Period Date next preceding a Termination Value Determination Date to but excluding such Termination Value Determination Date is greater or less

than the amount included in calculating the Termination Value Percentage set forth in Exhibit C to the Rent Schedule with respect to such Termination Value Determination Date on account of such Assumed Debt Rate, such percentage shall be increased or decreased to compensate for such differential.

Section 2. Acceptance and Leasing of Aircraft. Lessor hereby agrees (subject to satisfaction or waiver of the conditions set forth in Section 4 of the Participation Agreement) to accept delivery of, and simultaneously to lease to Lessee hereunder, and Lessee hereby agrees (subject to satisfaction or waiver of the conditions set forth in Section 11 of the Participation Agreement) to lease from Lessor hereunder, the Aircraft, as evidenced by the execution by Lessor and Lessee of a Lease Supplement covering the Aircraft. Lessor shall authorize one or more employees or agents of Lessee, designated by Lessee, as the authorized representative or representatives of Lessor to accept delivery of the Aircraft pursuant to the Participation Agreement. Lessee hereby agrees to deliver the Aircraft within the United States to Lessor, and Lessor hereby authorizes one or more employees or agents of Lessee, designated by Lessee, as the authorized representative or representatives of Lessor to ultimately deliver the Aircraft outside the United States within one year after the date of the acceptance of delivery of the Aircraft from Lessee under the Participation Agreement, as contemplated by Section 5(d) of the Tax Indemnity Agreement. Lessee hereby agrees that such acceptance of delivery by such authorized representative or representatives on behalf of Lessor shall, without further act, irrevocably constitute acceptance by Lessee of the Aircraft for all purposes of this Lease.

Section 3. Term and Rent. (a) Term. Except as otherwise provided herein, the Term for the lease of the Aircraft hereunder shall commence on the Delivery Date and end on the Base Lease Expiration Date.

(b) Basic Rent. Lessee hereby agrees to pay Lessor Basic Rent for the Aircraft throughout the Term in consecutive semiannual installments payable on each Lease Period Date commencing on the Base Lease Commencement Date. Each such installment of Basic Rent in respect of the Aircraft shall be in an amount determined by multiplying Lessor's Cost by the Basic Rent percentage set forth in Exhibit A to the Rent Schedule for the applicable Lease Period Date.

Although the Basic Rent percentages set forth in Exhibit A to the Rent Schedule have been computed on the assumption that each Certificate will bear interest at the Assumed Debt Rate for such Certificate throughout the Term, Lessor and Lessee recognize that the actual rate of interest on each Certificate may be a rate from time to time which may be greater or less than the Assumed Debt Rate for such Certificate and that the related basis upon which interest on the Certificates will be computed will be as provided in the Trust Indenture. Accordingly, each installment of Basic Rent shall be increased or decreased, as the case may be, by an amount (the "Rent Differential Amount") equal to, as of any Lease Period Date on which Basic Rent is payable, the difference between (i) the aggregate amount of interest actually due and payable on such Lease Period Date on the Certificates for the period from and including the Lease Period Date next preceding such Lease Period Date to but excluding such Lease Period Date, determined as provided in the Trust Indenture, and (ii) the aggregate amount of interest on the Certificates that would have been due and payable on such Lease Period Date if each Certificate had borne interest at the Assumed Debt Rate for such Certificate for the period from and including the Lease Period Date next preceding such Lease Period Date to but excluding such Lease Period Date. If, as of any Lease Period Date on which Basic Rent is payable, the amount determined in accordance with clause (i) of the immediately preceding sentence shall be greater than the amount determined in accordance with clause (ii) of such sentence, the amount of Basic Rent payable on such Lease Period Date shall be increased by the Rent Differential Amount. If, as of any Lease Period Date on which Basic Rent is payable, the amount determined in accordance with such clause (ii) shall be greater than the amount determined in accordance with such clause (i), the amount of Basic Rent due on such Lease Period Date shall be decreased by the Rent Differential Amount. The interest actually accruing with respect to the Certificates shall

be as specified by the notification to be delivered by the Indenture Trustee to Lessor, Lessee and the Owner Participant as provided in Section 1(c) of the Participation Agreement.

Anything contained herein or in the Participation Agreement to the contrary notwithstanding, each installment of Basic Rent (both before and after any adjustment pursuant to Section 3(e), or any deduction pursuant to Section 3(f)), as well as the amount of any Prepaid Rent paid pursuant to Section 3(f), together with any payment made by the Owner Participant under Section 16(a) of the Participation Agreement, shall be, under any circumstances and in any event, in an amount at least equal to, as of the due date of such installment, or Base Lease Commencement Date, as the case may be, the amount of principal of and interest on the Certificates required to be paid by Lessor pursuant to the Trust Indenture on the due date of such installment of Basic Rent or on the Base Lease Commencement Date, as the case may be. Further, and anything contained herein or in the Participation Agreement to the contrary notwithstanding, Termination Value and Stipulated Loss Value for the Aircraft (both before and after any adjustment pursuant to Section 3(e), or any deduction pursuant to Section 3(f)) will, under any circumstances and in any event, be an amount which, together with any other amounts (excluding Excepted Payments) then required to be paid by Lessee hereunder in connection therewith, will be at least equal to, as of the date of payment thereof, the aggregate unpaid principal of the outstanding Certificates, together with all unpaid interest thereon accrued to the date on which such amount is paid in accordance with the terms hereof.

Basic Rent accrues or is earned with respect to each Lease Period in accordance with Exhibit A-1 to the Rent Schedule.

(c) Supplemental Rent. Lessee also agrees to pay to Lessor, or to whomsoever shall be entitled thereto, any and all Supplemental Rent promptly as the same shall become due and owing, and in the event of any failure on the part of Lessee to pay any Supplemental Rent, Lessor shall have all rights, powers and remedies provided for herein or by law or in equity or otherwise as in the case of nonpayment of Basic Rent. In addition, Lessee will pay as Supplemental Rent (i) on demand, an amount equal to interest at the applicable Overdue Rate on any part of any

installment of Basic Rent not paid when due for any period for which the same shall be overdue and on any payment of Supplemental Rent not paid when due or demanded, as the case may be, for the period until the same shall be paid, (ii) in the case of any prepayment of the Certificates pursuant to Section 2.12, 2.14 or Article IV of the Trust Indenture or purchase of the Certificates pursuant to Section 2.13 of the Trust Indenture, on the date the same is payable by Lessor under the Trust Indenture, an amount equal to the Break Amount, if any, payable with respect to the Certificates and (iii) any amounts payable by Lessor under Section 2.18 of the Trust Indenture; provided that notwithstanding anything to the contrary set forth in any Operative Document or any document or instrument relating thereto, Lessee shall have no responsibility or liability for any amounts payable to any Loan Participant in respect of the Break Amount, if any, payable with respect to the Certificates, as a result of (i) a prepayment of the Certificates or a purchase of the Certificates pursuant to Section 2.13 of the Trust Indenture as a result of an Indenture Default that does not also constitute an Event of Default or (ii) an Indenture Default that does not also constitute an Event of Default. All Supplemental Rent to be paid pursuant to this Section 3(c) shall be payable in the type of funds and in the manner set forth in Section 3(d).

(d) Payment to Lessor. All Rent shall be paid by Lessee to Lessor at its office at Rodney Square North, Wilmington, Delaware 19890, Attention: Corporate Trust Administration (AA 1992 AF-3), in funds consisting of lawful currency of the United States of America which shall be immediately available at such office of Lessor not later than 1:00 p.m., New York City time, on the date of payment, provided that so long as the Trust Indenture shall not have been discharged pursuant to the terms thereof, Lessor hereby directs, and each of Lessor and Lessee agrees, that all Rent (excluding Excepted Property) or other sums payable to Lessor hereunder or pursuant hereto shall be paid directly to the Indenture Trustee at the times and in funds of the type specified in this Section 3(d) at the offices of the Indenture Trustee at 600 Peachtree Street, N.E., Suite 900, Atlanta, Georgia 30308, Attention: Corporate Trust Department (AA 1992 AF-3), or at such other location in the United States as the Indenture Trustee may otherwise direct. Whenever the date scheduled for any payment of Rent to be made hereunder shall not be a Business Day, then such payment need not be

made on such scheduled date but may be made on the next succeeding Business Day with the same force and effect as if made on such scheduled date and (provided such payment is made on such next succeeding Business Day) no interest shall accrue on the amount of such payment from and after such scheduled date to the time of such payment on such next succeeding Business Day.

(e) Adjustments to Basic Rent, Stipulated Loss Value and Termination Value. In the event that (i) the Transaction Costs (as such term is defined in Section 18(a) of the Participation Agreement) are less or more than 0.5% of Lessor's Cost, or (ii) prior to the acceptance of the Aircraft on the Delivery Date: (A) there shall have occurred a Change in Tax Law and (B) after having been advised in writing by the Owner Participant of such Change in Tax Law and the proposed adjustment to the payments of Basic Rent resulting therefrom, Lessee shall have waived its right under Section 11 of the Participation Agreement to decline to proceed with the transaction, or (iii) a refunding or refinancing as contemplated by Section 17 or Section 20 of the Participation Agreement occurs, or (iv) the Delivery Date is other than August 11, 1992, or (v) if the Certificates are not refunded or refinanced on or prior to the Base Lease Commencement Date, the Excess Payment Amount (after adjustment for any Excess Payment Differential Amount) is other than \$2,415,000.00, then, in each such case, all payments of Basic Rent, Excess Payment Amount and Stipulated Loss Values and Termination Values with respect to the Term will, subject always to the penultimate paragraph of Section 3(b), be adjusted (upwards or downwards, as the case may be) in accordance with the provisions of Section 18 or Section 20, as applicable, of the Participation Agreement to preserve the Owner Participant's Net Economic Return, or the Owner Participant's Revised Net Economic Return, as the case may be, and, to the greatest extent possible, to minimize the net present value of the payments of Basic Rent. In addition, in the event of a refunding or refinancing as contemplated by Section 17 or Section 20 of the Participation Agreement, the Special Purchase Price Percentage and the Special Purchase Option Date shall be recalculated in accordance with the provisions of Section 18 or Section 20, as applicable, of the Participation Agreement.

(f) Prepayments of Certain Rent Payments. To the extent, if any, that there shall not have been re-

ceived by the Indenture Trustee at the office of Indenture Trustee referred to in Section 3(d) hereof, by 1:00 p.m., New York City time, on the Base Lease Commencement Date from Lessor, an amount equal to the Excess Payment Amount, Lessee shall advance to Lessor on the Base Lease Commencement Date an amount equal to the Excess Payment Amount not so paid (such amount being herein called "Prepaid Rent") provided that Lessee will also pay to the Indenture Trustee, on demand, as Supplemental Rent, to the extent permitted by applicable law, interest at the Overdue Rate on any Excess Payment Amount not paid by the Owner Participant when due for any period for which the same shall be overdue. Any Rent prepaid pursuant to this Section 3(f) shall be offset against installments of Basic Rent in the order in which they become due, subject to the penultimate sentence of this paragraph. Lessor agrees to reimburse Lessee in the manner and subject to the conditions provided in the following sentence for (x) the Prepaid Rent so paid by Lessee determined as of the date such payment was made, plus (y) the Supplemental Rent so paid by Lessee pursuant to this Section 3(f) plus (z) accrued interest on the unreimbursed portion thereof at a rate per annum equal to the Overdue Rate plus three percent (3%) from the date such amount is paid by Lessee to but not including the date of each such reimbursement (such amounts to be reimbursed being herein called the "Reimbursement Amount"). So long as no Event of Default has occurred and is continuing, Lessee may with written notice to the Owner Participant and Indenture Trustee offset (without duplication) against each succeeding payment (other than as limited by the proviso to this sentence) due from Lessee to Lessor in respect of Basic Rent, Stipulated Loss Value, Termination Value or any other amount due hereunder to Lessor, until Lessee has been fully reimbursed for the Reimbursement Amount; provided, however, that in the case of any payment due from Lessee which is distributable under the terms of the Indenture, Lessee's right of offset shall be limited to amounts distributable to Lessor or the Owner Participant thereunder. No such offset or aggregate combined effect of separate offsets shall reduce the amount of any installments of Basic Rent to an amount insufficient, together with all other amounts payable simultaneously by Lessee, to pay in full the payments then required to be made on account of the principal of and interest on the Certificates then outstanding. Notwithstanding any provision of this Section 3(f) to the contrary, Lessee's obligation to advance an amount equal to the Excess Payment

Amount shall terminate at such time as its obligation to pay Basic Rent terminates under this Lease.

Section 4. Lessor's Representations, Warranties and Covenants; Quiet Enjoyment. (a) Lessor's Representations, Warranties and Covenants. NONE OF LESSOR (IN ITS INDIVIDUAL CAPACITY OR AS OWNER TRUSTEE), THE OWNER PARTICIPANT, ANY LOAN PARTICIPANT, OR THE INDENTURE TRUSTEE MAKES OR SHALL BE DEEMED TO HAVE MADE ANY REPRESENTATION OR WARRANTY, AND LESSEE HEREBY WAIVES, RELEASES AND RENOUNCES ANY REPRESENTATION OR WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, AS TO THE TITLE, AIRWORTHINESS, VALUE, CONDITION, WORKMANSHIP, DESIGN, OPERATION, MERCHANTABILITY OR FITNESS FOR USE FOR A PARTICULAR PURPOSE OF THE AIRCRAFT OR ANY ENGINE OR ANY PART THEREOF, AS TO THE ABSENCE OF LATENT OR OTHER DEFECTS, WHETHER OR NOT DISCOVERABLE, AS TO THE ABSENCE OF ANY INFRINGEMENT OF ANY PATENT, TRADEMARK OR COPYRIGHT, OR AS TO THE ABSENCE OF OBLIGATIONS BASED ON STRICT LIABILITY IN TORT, WHETHER IN STRICT OR ABSOLUTE LIABILITY OR ARISING FROM THE NEGLIGENCE OF LESSOR, INDENTURE TRUSTEE, ANY LOAN PARTICIPANT, OR THE OWNER PARTICIPANT, ACTUAL OR IMPUTED OR ANY OTHER REPRESENTATION OR WARRANTY WHATSOEVER, EXPRESS OR IMPLIED, except that Lessor in its individual capacity represents and warrants that on the Delivery Date Lessor shall have received whatever rights, title and interests in, to and under the Aircraft were conveyed to it by Lessee and Lessor represents, warrants and covenants in its individual capacity that the Aircraft shall be free of Lessor's Liens attributable to it in its individual capacity. Lessor also represents and warrants in its individual capacity that it is, in its individual capacity, a "citizen of the United States" as defined in Section 101(16) of the Federal Aviation Act.

(b) Quiet Enjoyment. Lessor covenants that, so long as no Event of Default shall have occurred and be continuing, it will not take any action contrary to Lessee's rights under this Lease, or otherwise in any way interfere with the quiet enjoyment of the use and possession of the Aircraft, the Airframe or any Engine by Lessee or any sublessee, assignee or transferee under any sublease, assignment or transfer then in effect and permitted by the terms of this Lease.

Section 5. Return of Aircraft. (a) Return of Airframe and Engines. Upon the termination of this Lease at the end of the Term, a Renewal Term or pursuant to

Section 9 or Section 15, unless Lessee shall have exercised its option to purchase the Aircraft pursuant to Section 9(e), 20(b) or 20(c), Lessee will return the Aircraft by delivering the same, at its own expense, to any airport chosen by Lessee in the United States which is on Lessee's route system or, if Lessor has requested storage pursuant to Section 5(d), to the location determined in accordance with Section 5(d), fully equipped with two Engines (which may be Replacement Engines), or other General Electric CF6-80C2B6 engines (or engines of the same or another manufacturer of a comparable or an improved model and suitable for installation and use on the Airframe) owned by Lessee (and each such engine shall be of the same make, model and manufacture as the other Engine or engine installed on the Airframe), duly installed thereon. At the time of such return, (A) such Airframe and Engines or engines (i) shall be, if the Aircraft is then registered under the laws of the United States, duly certificated as an airworthy aircraft by the Federal Aviation Administration or, if the Aircraft is not then registered under the laws of the United States as provided in the penultimate sentence of this Section 5(a), shall be duly certificated as an airworthy aircraft by the central civil aviation authority of the jurisdiction in which the Aircraft is then registered, and, in addition, if the Aircraft is not registrable in the United States because one of the conditions specified in the proviso to such sentence apply, shall be eligible for certification as an airworthy aircraft by the Federal Aviation Administration, (ii) shall be free and clear of all Liens (other than Lessor's Liens and Permitted Liens of the type described in clause (i) or (iii) of Section 6), (iii) shall be in as good operating condition as when delivered to Lessee hereunder, ordinary wear and tear excepted, or, in the case of any such engines owned by Lessee, shall have a value and utility at least equal to, and shall be in as good operating condition as required by the terms hereof with respect to, Engines constituting part of the Aircraft but not then installed on the Airframe and (iv) in the event that Lessee does not use a progressive overhaul program in which no out-of-service phase with respect to the Airframe exceeds 240 hours or a condition-monitored maintenance program with respect to such Engines or engines, and Lessee adopts a time-related overhaul program with respect to the Airframe or a scheduled shop visit or module change maintenance program with respect to such Engines or engines, or both, such Airframe shall have at least 1,500 hours of operation remaining to the next heavy

maintenance visit and the aggregate number of hours of operation on all such Engines or engines remaining until the next scheduled shop visit or module change shall be at least 3,000 hours and (B) such Aircraft shall, except as otherwise provided herein, be clean and in a configuration suitable for commercial passenger service, and shall be in compliance with all mandatory environmental, noise, air pollution and other standards prescribed by the Federal government of the United States of America and applicable to the Aircraft and shall have all of Lessee's and any other Person's exterior markings removed or painted over with the areas thereof refinished to match adjacent areas. In the event that Lessee has adopted a time-related overhaul program with respect to the Airframe and does not meet the above conditions with respect thereto, Lessee shall pay Lessor a dollar amount computed by multiplying (i) 115% of Lessee's direct cost (during the preceding twelve months) of such heavy maintenance visit by (ii) a fraction of which (x) the numerator shall be the difference between 1,500 hours and the actual number of hours of operation remaining on the Airframe to the next heavy maintenance visit and (y) the denominator shall be the aggregate number of hours allowable between heavy maintenance visits. In the event that Lessee has adopted a scheduled shop visit or module change program with respect to such Engines or engines and Lessee does not meet the above conditions with respect to such Engines or engines, Lessee shall pay Lessor a dollar amount computed by multiplying (i) the product of (x) 115% of Lessee's direct cost (during the preceding twelve months) of such scheduled shop visit or module change and (y) the number of Engines or engines returned by (ii) a fraction of which (A) the numerator shall be the difference between 3,000 hours and the actual aggregate number of hours of operation remaining to the next scheduled shop visit or module change for the Engines or engines on the Aircraft and (B) the denominator shall be the aggregate number of hours allowable between scheduled shop visits or module changes for such Engines or engines. At the time of such return, Lessee will, unless requested by Lessor at least 90 days prior to such time of return to retain the existing registration of the Aircraft, cause the Aircraft, if it is not then so registered, to be registered under the laws of the United States with the Federal Aviation Administration in the name of Lessor or its designee; provided that Lessee shall be relieved of its obligations under this sentence if (x) such registration is prohibited by reason of the failure of Lessor, the Owner Participant or Lessor's designee

to be eligible on such date to own an aircraft registered with the Federal Aviation Administration or (y) such registration is otherwise prohibited by applicable law and such prohibition does not result from an act or failure to act on the part of Lessee or any sublessee. In the event the Federal Aviation Administration shall issue any directive which would require improvements to the Aircraft in order for the airworthiness certificate of the Aircraft to be maintained in good standing, and if such directive by its terms is not applicable to the Aircraft prior to the return thereof pursuant to this Section 5, Lessee shall nevertheless comply with such directive if, prior to such return, (x) Lessee commences compliance with such directive with respect to any other Boeing 767-300 aircraft affected by such directive and in use by Lessee and (y) subsequent to any such commencement, the Aircraft is subjected to a maintenance check of the type at which such modification is made, in accordance with Lessee's general maintenance program.

(b) Return of Engines. In the event that any engine not owned by Lessor shall be delivered with the Airframe as set forth in paragraph (a) of this Section 5, Lessee, concurrently with such delivery, will, at its own expense, furnish Lessor with a warranty (as to title) bill of sale in form and substance reasonably satisfactory to Lessor (which warranty shall except Lessor's Liens and Permitted Liens of the type described in clause (i) of Section 6), with respect to each such engine and with a written opinion of Lessee's counsel (which may be Lessee's General Counsel) to the effect that such bill of sale constitutes an effective instrument for the conveyance of title to such engine to Lessor, and thereupon Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all Lessor's right, title and interest in and to an Engine constituting part of the Aircraft but not installed on the Airframe at the time of the return of the Airframe.

(c) Fuel; Manuals. Upon the return of the Airframe pursuant to this Section 5, (i) Lessee shall have no obligation with respect to the amount of fuel or oil contained in the Airframe and all fuel or oil remaining on board the Airframe shall be the property of Lessor without charge and (ii) Lessee shall deliver or cause to be delivered to Lessor all logs, manuals and data, and inspection, modification and overhaul records required to be maintained with respect thereto under applicable rules

and regulations of the Federal Aviation Administration and, if the Aircraft has been registered under the laws of a jurisdiction other than the United States, of the applicable foreign governmental authority, and the warranty bill of sale relating to the Aircraft received from the Manufacturer.

(d) Storage upon Return. Upon written request of Lessor received at least 30 days prior to the end of the Term, Lessee will provide Lessor with storage facilities free of charge except as provided below for the Aircraft for a period not exceeding 30 days at such location in the United States on Lessee's route system used by Lessee for the storage of surplus aircraft or engines available for sale as shall be designated by Lessee; provided that Lessor may request that the Aircraft be stored at any other location in the United States on Lessee's route system used by Lessee for such purpose, in which case Lessee may, in its sole discretion, provide such facilities for such period. Any storage facilities provided by Lessee for the Aircraft pursuant to this Section 5(d) shall, in all cases, be at the cost to Lessor of insurance and Lessee's out-of-pocket costs in connection with providing such facilities (it being understood that such out-of-pocket costs shall not be deemed to include the cost of making the storage facilities available) and at the risk of Lessor. In the event Lessor, after a storage location is determined as provided in the first sentence of this Section 5(d), shall request Lessee to deliver the Aircraft to a second location, Lessee will, at Lessor's expense, fly the Aircraft within such 30-day period to a reasonable location selected by Lessor in the United States, for storage at the risk and expense of Lessor, upon receipt of evidence of insurance coverage (reasonably satisfactory to Lessee) as set forth in Section 11(a), provided that (i) Lessee shall not be required to store the Aircraft at any location used by Lessee for storage of surplus aircraft available for sale except as provided in the first sentence of this Section 5(d) and (ii) the delivery by Lessee of the Aircraft to the first location determined as provided in such sentence shall constitute delivery of the Aircraft as required by Section 5(a). Lessor, at its expense, may place such other insurance in such circumstances on the Aircraft as it may deem appropriate. Lessee shall, at Lessor's request, maintain insurance (if available) for the Aircraft during such period of storage and shall be reimbursed by Lessor for the cost thereof.

(e) Delayed Return. (i) In the event that the use of the Aircraft, Airframe or any Engine in the normal course of the business of air transportation is prohibited on the last day of the Term or the date the Aircraft is required to be redelivered pursuant to Section 9, Lessee shall, upon prompt notice of the reasons therefor to Lessor, not be required to return such Aircraft to Lessor but may retain custody and control of the Aircraft for a period not in excess of 180 days beyond the last day of the Term or such date in order to attempt in a diligent manner to remedy any condition prohibiting such use or (ii) in connection with any sublease of the Aircraft by Lessee permitted under the terms of this Lease, Lessee may at its option, upon written notice to Lessor given not less than 30 days prior to the last day of the Term or such date, extend this Lease for a period not in excess of 60 days beyond the last day of the Term in order to enable Lessee to bring the Aircraft to the condition required under this Section 5 on its return to Lessor; provided that in either case, Lessee shall pay to Lessor at monthly intervals the daily equivalent of 50% of the average annual Basic Rent payable during the Term (excluding the Interim Period) pursuant to the terms hereof for each day of such period.

(f) Overhaul. Immediately prior to the return of the Airframe and Engines or engines at the end of the Term, Lessee, upon written request of Lessor received at least 30 days prior to the end of the Term, and subject to the availability of the appropriate facilities, will overhaul or cause to be overhauled such Airframe and Engines or engines. Such overhaul shall be done in the same manner and same care as used by Lessee with similar airframes and engines of its own, and Lessor shall reimburse Lessee for such overhaul by payment of an amount equal to 110% of Lessee's actual costs in connection with such overhaul. This provision is not intended and shall not be construed to diminish or modify Lessee's other obligations under this Section 5.

Section 6. Liens. Lessee will not directly or indirectly create, incur, assume or suffer to exist any Lien on or with respect to the Airframe or any Engine, title thereto or any interest therein or in this Lease except (i) the respective rights of Lessor and Lessee as herein provided, the Lien created under the Trust Indenture, the rights of Lessor under the Purchase Agreement Assignment and the rights of the Owner Participant, the

Owner Trustee and the Indenture Trustee under the Trust Agreement, the Trust Indenture, and the Participation Agreement, (ii) the rights of others under agreements or arrangements to the extent expressly permitted by the terms of Sections 7(b) and 8(b), (iii) Lessor's Liens, Loan Participant Liens and Trustee's Liens, (iv) Liens for Taxes either not yet due or being contested in good faith (and for the payment of which adequate reserves have been provided) by appropriate proceedings so long as such proceedings do not involve any material danger of the sale, forfeiture or loss of the Airframe or any Engine or interest therein, (v) materialmen's, mechanics', workmen's, repairmen's, employees' or other like Liens arising in the ordinary course of Lessee's business for amounts the payment of which is either not yet delinquent or is being contested in good faith (and for the payment of which adequate reserves have been provided) by appropriate proceedings so long as such proceedings do not involve any material danger of the sale, forfeiture or loss of the Airframe or any Engine or interest therein, (vi) Liens arising out of judgments or awards against Lessee with respect to which an appeal or proceeding for review is being prosecuted in good faith and with respect to which there shall have been secured a stay of execution pending such appeal or proceeding for review so long as such judgment or award does not and will not involve any material danger of the sale, forfeiture or loss of the Airframe or any Engine or any interest therein and (vii) salvage or similar rights of insurers under insurance policies maintained pursuant to Section 11. Lessee will promptly, at its own expense, take such action as may be necessary duly to discharge (by bonding or otherwise) any such Lien not excepted above if the same shall arise at any time.

Section 7. Registration, Maintenance and Operation;  
Possession; Insignia. (a) Registration, Maintenance and Operation. Lessee, at its own cost and expense, shall:

(i) forthwith upon the delivery thereof to Lessor on the Delivery Date cause the Aircraft to be duly registered, and at all times thereafter to remain duly registered, under the laws of the United States, in the name of Lessor, as owner, except (x) as otherwise required by the Federal Aviation Act, or (y) to the extent that such registration cannot be effected because of Lessor's or the Owner

Participant's failure to comply with the citizenship or other eligibility requirements for registration of aircraft under such Act; provided that Lessor shall execute and deliver all such documents as Lessee shall reasonably request for the purpose of effecting and continuing such registration. Notwithstanding the preceding sentence, but subject always to the terms and conditions set forth in Section 9(m) and 9(n) of the Participation Agreement, Lessee may cause the Aircraft to be duly registered under the laws of any jurisdiction in which a sublessee pursuant to Section 7(b)(ix) could be principally based, in the name of Lessor or of any nominee of Lessor, or, if required by applicable law, in the name of Lessee or any other Person, and shall thereafter maintain such registration unless and until changed as provided herein and therein; and Lessor will cooperate with Lessee in effecting such foreign registration;

(ii) maintain, service, repair, overhaul and test the Aircraft in accordance with a maintenance program (as approved by the Federal Aviation Administration) for Boeing 767-300 series aircraft (or, at Lessee's option, (x) in the event that the Aircraft is re-registered in another jurisdiction pursuant to Section 7(a)(i), in accordance with an aircraft maintenance program approved by the central civil aviation authority of the jurisdiction of such registration or (y) in the event of any sublease to a foreign air carrier in accordance with Section 7(b)(ix), approved by the central civil aviation authority of one of the jurisdictions specified in clause (y) of such Section 7(b)(ix)) and in the same manner and with the same care used by Lessee with respect to comparable aircraft and engines owned or operated by Lessee and utilized in similar circumstances so as to keep the Aircraft in as good operating condition as when delivered to Lessee by the Manufacturer, ordinary wear and tear excepted, and in such condition as may be necessary to enable the airworthiness certification of the Aircraft to be maintained in good standing at all times (other than during temporary periods of storage in accordance with applicable regulations or during periods of grounding by applicable governmental authorities, except where such periods of grounding are the result of the failure by Lessee to maintain the Aircraft as

otherwise required herein) under the Federal Aviation Act or, if the Aircraft is registered under the laws of any other jurisdiction, the laws of such jurisdiction and in compliance with all applicable manufacturer's alert service bulletins;

(iii) maintain, in the English language, all records, logs and other materials required by the appropriate authorities in the jurisdiction where the Aircraft is registered to be maintained in respect of the Aircraft; and

(iv) promptly furnish to Lessor such information as may be required to enable Lessor to file any reports, returns or statements required to be filed by Lessor with any governmental authority because of Lessor's or the Owner Participant's interest in the Aircraft.

Lessee agrees that the Aircraft will not be maintained, used or operated in violation of any law or any rule, regulation or order of any government or governmental authority having jurisdiction (domestic or foreign), or in violation of any airworthiness certificate, license or registration relating to the Aircraft issued by any such authority; provided that Lessee shall not be in default under this sentence if it is not possible for it to comply with the laws of a jurisdiction other than the United States (or other than any jurisdiction in which the Aircraft is then registered) because of a conflict with the applicable laws of the United States (or such jurisdiction in which the Aircraft is then registered). In the event that any such law, rule, regulation or order requires alteration of the Aircraft, Lessee will conform thereto or obtain conformance therewith at no expense to Lessor and will maintain the Aircraft in proper operating condition under such laws, rules, regulations and orders; provided, however, that Lessee may, in good faith, contest the validity or application of any such law, rule, regulation or order in any reasonable manner which does not materially adversely affect Lessor, the Aircraft, the Owner Participant or the lien of the Trust Indenture, provided that neither noncompliance with such law, rule, regulation or order nor such proceedings shall involve any danger of criminal liability to Lessor or the Owner Participant or (unless Lessee shall have provided security reasonably satisfactory to Lessor) any material danger of the sale, forfeiture or loss (or loss of use) of the

Aircraft. Lessee also agrees not to operate or locate the Aircraft, or suffer the Aircraft to be operated or located, (i) in any area excluded from coverage by any insurance required by the terms of Section 11, except in the case of a requisition for use by any Government where Lessee obtains indemnity pursuant to Section 11 in lieu of such insurance from such Government against the risks and in the amounts required by Section 11 covering such area, or (ii) in any war zone or recognized or, in Lessee's judgment, threatened area of hostilities unless covered by war risk insurance in accordance with Section 11, but only so long as the same remains in effect while the Aircraft is so operated or located, or unless the Aircraft is operated or used under contract with any Government entered into pursuant to Section 11, under which contract such Government assumes liability for any damage, loss, destruction or failure to return possession of the Aircraft at the end of the term of such contract or for injury to persons or damage to property of others.

(b) Possession. Lessee will not, without the prior written consent of Lessor, sublease or otherwise in any manner deliver, transfer or relinquish possession of the Airframe or any Engine or install any Engine, or permit any Engine to be installed, on any airframe other than the Airframe; provided that, so long as no Event of Default shall have occurred and be continuing, and so long as the action to be taken shall not deprive the Indenture Trustee of the perfected lien of the Trust Indenture on the Airframe or (subject to subclause (B) of the "provided further" clause to subsection (i) of this Section 7(b)) any Engine, and in any event, so long as Lessee shall comply with the provisions of Section 11, Lessee may, without the prior consent of Lessor:

(i) subject the Airframe to normal interchange agreements or any Engine to normal interchange or pooling agreements or arrangements in each case customary in the airline industry and entered into by Lessee in the ordinary course of its business with any other United States air carrier as to which there is in force a certificate issued pursuant to Section 401 of the Federal Aviation Act or any successor provision that gives like authority or with any "foreign air carrier" (as such term is defined in such Act) as to which there is in force a permit issued pursuant to Section 402 of said Act (any such United States certificated air carrier and any such foreign

air carrier being hereinafter called a "Permitted Air Carrier"); provided that no transfer of the registration of such Airframe shall be effected in connection therewith; and provided, further, that (A) no such agreement or arrangement contemplates or requires the transfer of title to the Airframe and (B) if Lessor's title to any such Engine shall be divested under any such agreement or arrangement, such divestiture shall be deemed to be an Event of Loss with respect to such Engine and Lessee shall comply with Section 10(b) in respect thereof;

(ii) deliver possession of the Airframe or any Engine to the manufacturer thereof for testing or other similar purposes or to any organization for service, repair, maintenance or overhaul work on the Airframe or such Engine or any part thereof or for alterations or modifications in or additions to the Airframe or such Engine to the extent required or permitted by the terms of Section 7(a) or 8(c);

(iii) transfer possession of the Airframe or any Engine to the United States of America or any instrumentality or agency thereof pursuant to a sublease, contract or other instrument, a copy of which shall be furnished to Lessor; provided that the term of such sublease (including, without limitation, any option of the sublessee to renew or extend) or the term of possession under such contract or other instrument shall not continue beyond the end of the Term or any Renewal Term then in effect;

(iv) transfer possession of the Airframe or any Engine to the United States of America or any instrumentality or agency thereof in accordance with applicable laws, rulings, regulations or orders (including, without limitation, the Civil Reserve Air Fleet Program authorized under 10 U.S.C. Section 9511 et seq. or any substantially similar program), provided that Lessee (x) notifies Lessor of such transfer of possession of the Airframe or any Engine to the United States or any agency or instrumentality thereof and (y) provides to Lessor the name and the address of the responsible Contracting Office Representative for the Military Airlift Command of the United States within 60 days thereof;

(v) install an Engine on an airframe owned by Lessee free and clear of all Liens, except (A) those of the type permitted under clauses (ii), (iii), (iv), (v), (vi) and (vii) of Section 6 and those which apply only to the engines (other than Engines), appliances, parts, instruments, appurtenances, accessories, furnishings and other equipment (other than Parts) installed on such airframe (but not to the airframe as an entirety) and (B) the rights of other Permitted Air Carriers under normal interchange agreements which are customary in the airline industry and do not contemplate, permit or require the transfer of title to the airframe or engines installed thereon;

(vi) install an Engine on an airframe leased to Lessee or owned by Lessee subject to a conditional sale or other security agreement; provided that (A) such airframe is free and clear of all Liens except the rights of the parties to the lease or conditional sale or other security agreement covering such airframe and except Liens of the type permitted by clauses (A) and (B) of subparagraph (v) of this paragraph of Section 7(b) and (B) Lessee shall have obtained from the lessor or secured party of such airframe a written agreement (which may be the lease or conditional sale or other security agreement covering such airframe), in form and substance satisfactory to Lessor (it being understood that an agreement from such lessor or secured party substantially in the form of the final sentence of the penultimate paragraph of this Section 7(b) shall be deemed to be satisfactory to Lessor), whereby such lessor or secured party expressly agrees that neither it nor its successors or assigns will acquire or claim any right, title or interest in any Engine by reason of such Engine being installed on such airframe at any time while such Engine is subject to this Lease or to the lien of the Trust Indenture;

(vii) install an Engine on an airframe owned by Lessee, leased to Lessee or owned by Lessee subject to a conditional sale or other security agreement under circumstances where neither subparagraph (v) nor subparagraph (vi) of this Section 7(b) is applicable; provided that such installation shall be deemed an Event of Loss with respect to such Engine and Lessee shall comply with Section 10(b) in respect

thereof, Lessor not intending hereby to waive any right or interest it may have to or in such Engine under applicable law until compliance by Lessee with such Section 10(b); and

(viii) sublease any Engine or the Airframe and Engines or engines then installed on the Airframe to any United States air carrier as to which there is in force a certificate issued pursuant to Section 401 of the Federal Aviation Act or successor provision that gives like authority; provided that the term of such sublease (including, without limitation, any option of the sublessee to renew or extend) shall not continue beyond the end of the Term or any Renewal Term then in effect, unless Lessee shall have agreed to purchase the Aircraft or renew this Lease in accordance with the terms hereof at the end of the Term or such Renewal Term, as the case may be, to a date beyond the end of the term of such sublease (assuming that all options to renew or extend such sublease will be exercised); and

(ix) sublease any Engine or the Airframe and Engines or engines then installed on the Airframe to (A) any foreign air carrier that is principally based in and a domiciliary of a country (other than Cuba, El Salvador, Iran, Iraq, Lebanon and Libya) that is at the inception of the sublease a party to the Mortgage Convention, or (B) any foreign air carrier that is principally based in and a domiciliary of a country listed in Exhibit B hereto, or (C) any foreign air carrier not described in clause (A) or (B) above; provided that (w) in the case only of a sublease to a foreign air carrier under clause (C) above, Lessor receives at the time of such sublease an opinion of counsel to Lessee (which counsel shall be reasonably satisfactory to Lessor and the Owner Participant) to the effect that (a) the terms of the sublease and the Operative Documents are legal, valid, binding and enforceable in the country in which such foreign air carrier is principally based, to substantially the same extent as the Operative Documents are at that time enforceable in the United States, (b) it is not necessary for Lessor or the Owner Participant to qualify to do business in such country solely as a result of the proposed sublease, (c) there is no tort liability of the owner of an aircraft not in possession thereof under the laws of

such country other than tort liability no more extensive or onerous than that which might have been imposed on such owner under the laws of the United States or any state thereof (it being understood that, in the event such opinion cannot be given in a form satisfactory to Lessor and the Owner Participant, such opinion shall be waived if insurance reasonably satisfactory to Lessor and the Owner Participant is provided by Lessee to cover the risk of such liability), (d) the laws of such country require fair compensation by the government of such country for the loss of use of the Aircraft in the event of the requisition by such government of the Aircraft (unless Lessee shall have agreed to provide insurance reasonably satisfactory to Lessor and the Owner Participant covering the risk of requisition of use of the Aircraft by the government of such jurisdiction so long as the Aircraft is subleased in such country), and (e) there exist no possessory rights in favor of such sublessee under the laws of such country which would, upon bankruptcy of or other default by Lessee or the sublessee, prevent the return of such Engine or the Airframe and such Engine or engine to Lessor in accordance with and when permitted by the terms of Sections 14 and 15(a) hereof upon the exercise by Lessor of its remedies under Section 15(a), (x) in the case only of a sublease to a foreign air carrier under clause (C) above, each of Lessor and the Owner Participant receives assurances reasonably satisfactory to it that the currency of such country is freely convertible into U.S. Dollars (unless Lessee shall have agreed to provide the requisition insurance described in subclause (d) of clause (w) above), (y) in the case of any sublease to a foreign air carrier, either the sublease, or an arrangement existing between Lessee, the sublessee and/or one or more third parties that provide maintenance services, provides that the Aircraft will be maintained, serviced, repaired, overhauled and tested in accordance with maintenance standards for Boeing 767-300 series aircraft approved by, or substantially similar to those approved or required by, the Federal Aviation Administration or the central civil aviation authority of any of Brazil, Canada, France, The Federal Republic of Germany, Italy, Japan, the Netherlands, Sweden, Switzerland or the United Kingdom and (z) in the case of any sublease to a foreign air carrier (other than a foreign air carrier prin-

principally based in Taiwan) the United States of America maintains diplomatic relations with the country in which such foreign air carrier is principally based at the time such sublease is entered into; and provided, further, that the term of any such sublease (including, without limitation, any option of the sublessee to renew or extend) shall not continue beyond the end of the Term or any Renewal Term then in effect, unless Lessee shall have agreed to purchase the Aircraft or renew this Lease in accordance with the terms hereof at the end of the Term or such Renewal Term, as the case may be, to a date beyond the end of the term of such sublease (assuming that all options to renew or extend such sublease will be exercised);

provided that the rights of any transferee who receives possession by reason of a transfer permitted by this Section 7(b) (other than the transfer of an Engine which is deemed an Event of Loss) shall be subject and subordinate to, and any sublease permitted by this Section 7(b) shall be made expressly subject and subordinate to, all the terms of this Lease and of the Trust Indenture, including, without limitation, Lessor's rights to repossession pursuant to Section 15(a) hereof and to avoid such sublease upon such repossession and the Indenture Trustee's rights to possession pursuant to Section 4.04 of the Trust Indenture, and Lessee shall in all events remain primarily liable hereunder for the performance and observance of all of the terms and conditions of this Lease to the same extent as if such sublease or transfer had not occurred, and any such sublease shall include appropriate provisions for the maintenance (subject to clause (y) of the first proviso to Section 7(b)(ix)) and insurance of the Aircraft. No interchange agreement, pooling agreement, sublease or other relinquishment of possession of the Airframe or any Engine permitted by this Section 7(b) shall in any way discharge or diminish any of Lessee's obligations hereunder or under the other Operative Documents. With the prior written

consent of Lessor, which consent shall not be unreasonably withheld, Lessee may sub-lease the Airframe or Engines in connection with a transaction that involves such a sub-lease commencing at the inception of the transaction. Lessee may not otherwise sub-lease the Airframe or Engines. Lessee shall not sublease the Airframe or Engines to any sublessee that is the subject of a bankruptcy, insolvency or other similar proceeding at the inception of such sublease without the prior written consent of Lessor, which consent shall not be unreasonably withheld. Lessee shall, promptly upon entering into a sublease of the Airframe or Engines, notify Lessor, the Owner Participant and the Indenture Trustee of the identity of the sublessee and the term of such sublease and shall provide a copy of such sublease agreement to any of Lessor, the Owner Participant or the Indenture Trustee upon request therefrom (with economic and financial provisions and information deleted therefrom if Lessee shall so choose), provided that, except to the extent required by applicable law, such parties shall keep confidential the identity of the sublessee and the existence and terms of such sublease. Lessor hereby agrees, for the benefit of the lessor or secured party of any airframe or engine leased to Lessee or owned by Lessee subject to a conditional sale or other security agreement that Lessor will not acquire or claim, as against such lessor or secured party, any right, title or interest in any engine or engines owned by the lessor under such lease or subject to a security interest in favor of the secured party under such conditional sale or other security agreement as the result of such engine or engines being installed on the Airframe at any time while such engine or engines are subject to such lease or conditional sale or other security agreement.

Lessor acknowledges that any "wet lease" or other similar arrangement under which Lessee maintains operational control of the Aircraft shall not constitute a delivery, transfer or relinquishment of possession for purposes of this Section 7(b).

(c) Insignia. Lessee agrees to affix as promptly as practicable after the Delivery Date and thereafter to maintain in the cockpit of the Airframe adjacent to the airworthiness certificate therein and (if not prevented by applicable law or regulations or by any governmental authority) on each Engine a nameplate bearing the inscription "WILMINGTON TRUST COMPANY, AS OWNER TRUSTEE, LESSOR", and, so long as the Airframe or such Engine shall constitute a part of the Indenture Estate, the inscription "NATIONSBANK OF GEORGIA, NATIONAL ASSOCIATION, AS INDENTURE TRUSTEE/MORTGAGEE" (such nameplate to be replaced, if necessary, with a nameplate reflecting the name of any successor Lessor or successor Indenture Trustee). Except as above provided, Lessee will not allow the name of any Person to be placed on the Airframe or on any Engine as a designation that might be interpreted as a claim of owner-

ship; provided that nothing herein contained shall prohibit Lessee (or any sublessee) from placing its customary colors and insignia on the Airframe or any Engine.

Section 8. Replacement and Pooling of Parts; Alterations, Modifications and Additions. (a) Replacement of Parts. Lessee, at its own cost and expense, will promptly replace all Parts which may from time to time be incorporated or installed in or attached to the Airframe or any Engine and which may from time to time become worn out, lost, stolen, destroyed, seized, confiscated, damaged beyond repair or rendered permanently unfit for use for any reason whatsoever, except as otherwise provided in Section 8(c). In addition, Lessee may, at its own cost and expense, remove in the ordinary course of maintenance, service, repair, overhaul or testing, any Parts, whether or not worn out, lost, stolen, destroyed, seized, confiscated, damaged beyond repair or rendered permanently unfit for use; provided that Lessee, except as otherwise provided in Section 8(c), will, at its own cost and expense, replace such Parts as promptly as possible. All replacement Parts shall be free and clear of all Liens (except for pooling arrangements to the extent permitted by Section 8(b) and Permitted Liens), and shall be in as good operating condition as, and shall have a value and utility at least equal to, the Parts replaced, assuming such replaced Parts were in the condition and repair required to be maintained by the terms hereof. Title to all Parts at any time removed from the Airframe or any Engine shall remain vested in Lessor no matter where located, until such time as such Parts shall be replaced by Parts which have been incorporated or installed in or attached to the Airframe or any Engine and which meet the requirements for replacement Parts specified above. Immediately upon any replacement Part becoming incorporated or installed in or attached to the Airframe or any Engine as above provided, without further act, (i) title to the replaced Part shall thereupon vest in Lessee, free and clear of all rights of Lessor, and such replaced Part shall no longer be deemed a Part hereunder, (ii) title to such replacement Part shall thereupon vest in Lessor, free and clear of all Liens (except for Permitted Liens) and (iii) such replacement Part shall become subject to this Lease and be deemed part of the Airframe or such Engine for all purposes to the same extent as the Parts originally incorporated or installed in or attached to the Airframe or such Engine.

(b) Pooling of Parts. Any Part removed from the Airframe or an Engine as provided in Section 8(a) may be subjected by Lessee to a normal pooling arrangement customary in the airline industry entered into in the ordinary course of Lessee's business with Permitted Air Carriers; provided that the Part replacing such removed Part shall be incorporated or installed in or attached to the Airframe or such Engine in accordance with Section 8(a) as promptly as practicable after the removal of such removed Part. In addition, any replacement Part when incorporated or installed in or attached to the Airframe or an Engine in accordance with Section 8(a) may be owned by a Permitted Air Carrier subject to such a normal pooling arrangement; provided that Lessee, at its expense, as promptly thereafter as practicable, either (i) causes title to such replacement Part to vest in Lessor in accordance with Section 8(a) by Lessee acquiring title thereto for the benefit of, and transferring such title to, Lessor, free and clear of all Liens (other than Permitted Liens) or (ii) replaces such replacement Part by incorporating or installing in or attaching to the Airframe or such Engine a further replacement Part owned by Lessee free and clear of all Liens (other than Permitted Liens) and by causing title to such further replacement Part to vest in Lessor in accordance with Section 8(a).

(c) Alterations, Modifications and Additions. Lessee, at its own expense, will make such alterations and modifications in and additions to the Airframe and the Engines as may be required from time to time to meet the standards of the Federal Aviation Administration or other governmental authority having jurisdiction in any country in or over which the Aircraft is flown; provided, however, that Lessee may, in good faith, contest the validity or application of any such standard in any reasonable manner which does not adversely affect Lessor, the Aircraft, the Owner Participant or the lien of the Trust Indenture, provided that neither noncompliance with such standard nor such proceedings shall involve any danger of criminal liability to Lessor or the Owner Participant or (unless Lessee shall have provided security reasonably satisfactory to Lessor) any material danger of the sale, forfeiture or loss of the Aircraft. In addition, Lessee, at its own expense, may from time to time make or cause to be made such alterations and modifications in and additions to the Airframe or any Engine as Lessee may deem desirable in the proper conduct of its business, including, without limitation, removal of Parts which Lessee deems to be obsolete

or no longer suitable or appropriate for use on the Airframe or such Engine (such Parts being referred to as "Obsolete Parts"); provided that no such alteration, modification, addition or removal shall diminish the value or utility of the Airframe or such Engine, or materially impair the condition or airworthiness thereof, below the value, utility, condition and airworthiness thereof immediately prior to such alteration, modification, addition or removal assuming the Airframe or such Engine was then of the value and utility and in the condition and airworthiness required to be maintained by the terms of this Lease, except that the value (but not the utility, condition or airworthiness) of the Aircraft may be reduced by the value of Obsolete Parts which shall have been removed, if the aggregate value of all such Obsolete Parts removed from the Aircraft and not replaced shall not exceed \$500,000. Title to all Parts incorporated or installed in or attached or added to the Airframe or any Engine as the result of such alteration, modification or addition shall, without further act, vest in Lessor. Notwithstanding the foregoing, Lessee may, at any time during the Term, remove any Part; provided that (i) such Part is in addition to, and not in replacement of or substitution for, any Part originally incorporated or installed in or attached to the Airframe or such Engine at the time of delivery thereof hereunder or any Part in replacement of, or substitution for, any such Part, (ii) such Part is not required to be incorporated or installed in or attached or added to such Airframe or Engine pursuant to the first sentence of this Section 8(c), and (iii) such Part can be removed from the Airframe or such Engine without diminishing or impairing the value, utility, condition or airworthiness required to be maintained by the terms of this Lease which the Airframe or such Engine would have had at such time had such removal not occurred. Upon the removal by Lessee of any Part as provided in the immediately preceding sentence or the removal of any Obsolete Part permitted by this Section 8(c), title thereto shall, without further act, vest in Lessee and such Part shall no longer be deemed part of the Airframe or the Engine from which it was removed. Title to any such Part not removed by Lessee prior to the return of the Airframe or any Engine to Lessor hereunder shall remain vested in Lessor.

Section 9. Voluntary Termination. (a) Right of Termination.

So long as no Event of Default shall have occurred and be continuing, Lessee shall have the right at its option (i) to terminate this Lease at any time on or

after the fifth anniversary of the Delivery Date, if in Lessee's good faith determination (evidenced by a certificate of a Responsible Officer of Lessee to such effect) the Aircraft is surplus to Lessee's requirements or economically obsolete to Lessee, and (ii) at any time on or after the eighth anniversary of the Delivery Date to terminate this Lease for any reason whatsoever, in each case by delivering to Lessor a written notice of termination specifying a proposed date of termination (the "Termination Date") which shall be a Business Day occurring not earlier than 90 days after the date of such notice, and, if the Termination Date is a Special Termination Date, whether or not Lessee is thereby electing to purchase the Aircraft on such Special Termination Date as provided in Section 9(e). The termination of this Lease shall, subject to the terms and conditions of this Section 9, be effective on (i) if Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to sell the Aircraft, as provided below, the date of sale of the Aircraft, if any, referred to in Section 9(b), (ii) if Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to retain the Aircraft as provided in Section 9(d), the date of termination referred to in Section 9(d), or (iii) if Lessee has elected to purchase the Aircraft as provided in Section 9(e), the date of purchase referred to in Section 9(e). Where Lessee has not elected to purchase the Aircraft as provided in Section 9(e), Lessor shall give Lessee irrevocable notice of its election to sell or retain the Aircraft no later than 30 days prior to the Termination Date. In the event Lessor shall fail to give notice pursuant to the immediately preceding sentence, notice of its election to sell the Aircraft shall be deemed to have been given as of such thirtieth day prior to the Termination Date. Unless Lessor shall have given to Lessee a timely notice of its election to retain the Aircraft as provided in Section 9(d), Lessee may withdraw the termination notice referred to above at any time on or prior to the date three Business Days prior to the Termination Date, whereupon this Lease shall continue in full force and effect. In the event Lessee withdraws, on or after the third Business Day prior to the Termination Date, a notice of termination given pursuant to this Section 9(a) or such notice is deemed withdrawn pursuant to the final sentence of Section 9(b), Lessee will reimburse Lessor and the Owner Participant for any reasonable out-of-pocket expenses incurred by it in connection with the proposed sale, except Lessee shall not be

obligated to reimburse Lessor and the Owner Participant for any out-of-pocket expenses to the extent Lessor shall have failed to comply with its obligations under this Section 9. Lessee shall not be entitled to exercise its right of termination provided for in this Section 9(a) more than four times during the Term (not including for purposes of this sentence any exercise by Lessee of such right of termination immediately following a failure of this Lease to be terminated by reason of Lessor's failure to comply with its obligations under this Section 9).

(b) Sale of Aircraft. If Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected or is deemed to have elected to sell the Aircraft pursuant to Section 9(a), Lessee will have the option of acting as non-exclusive agent for Lessor to obtain bids for the cash purchase on or prior to the Termination Date of the Aircraft. Lessor agrees to pay Lessee a commercially reasonable brokerage fee based on the then current industry practice in the event that Lessee locates the Person who purchases the Aircraft pursuant to this Section 9(b). If Lessee acts as such agent, no later than ten Business Days prior to the Termination Date, Lessee shall certify to Lessor in writing the amount and terms of each cash bid received by Lessee and the name and the address of the Person submitting each such bid. Lessor may (but need not) also, at its expense (which expense, including without limitation any broker's or finder's fees, shall be for the Owner Participant's own account), independently obtain cash bids for such purchase and, in the event Lessor receives any such bid, Lessor shall promptly, and in any event at least five Business Days prior to the Termination Date, certify to Lessee in writing the amount and terms of such bid and the name and address of the Person submitting such bid. Neither the Owner Participant, Lessee, nor any Affiliate of either may submit a bid for the Aircraft, directly or indirectly, in connection with such proposed sale. On the Termination Date (or such other date of sale as may be agreed to by Lessor and Lessee, which shall thereafter be deemed the Termination Date), (x) Lessee shall, subject to receipt (i) by Lessor (or, so long as the Trust Indenture shall not have been discharged, the Indenture Trustee) of the full purchase price thereof and all amounts owing to Lessor pursuant to the next sentence, and (ii) by the Persons entitled thereto of all unpaid Supplemental Rent due on or before the Termination Date, deliver the Aircraft at a location selected by Lessee to the Person who

shall have submitted the highest cash bid net of any broker's or finder's fees (or such other purchaser acceptable to Lessor and Lessee), in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accordance with the terms of Section 5, and (y) Lessor shall simultaneously therewith sell, without recourse or warranty (except as to Lessor's Liens), for cash all of Lessor's right, title and interest in and to the Aircraft to such highest net cash bidder (or other purchaser). The total selling price realized at such sale shall be retained by Lessor (or, so long as the Trust Indenture shall not have been discharged, distributed by the Indenture Trustee pursuant to the terms of the Trust Indenture) and, in addition, on the Termination Date, Lessee shall pay to Lessor or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d), an amount equal to (I) the sum of (1) the excess, if any, of (A) the Termination Value for the Aircraft as of the Termination Date, over (B) the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person), plus (2) all Supplemental Rent (including, without limitation, Break Amount, if any, on the Certificates) due and owing on the Termination Date, plus (3) (A) if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), or (B) if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, plus (4) all Basic Rent due and payable prior to the Termination Date and unpaid, less (II) any credit to which Lessee may be entitled as hereinafter provided in this Section 9(b). Subject always to the provisions of the penultimate paragraph of Section 3(b), if the Termination Date with respect to which Termination Value is determined is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period

Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall be entitled to a credit against the amounts payable by it pursuant to this Section 9(b) in an amount equal to the lesser of (x) the Unearned Advance Basic Rent as of the Termination Date, and (y) the amount, if any, by which the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person) exceeds the Termination Value for the Aircraft as of the Termination Date; provided that, in the event that the amount calculated pursuant to this sentence to be credited exceeds the amounts payable by Lessee pursuant to this Section 9(b), the Owner Participant shall be obligated to rebate an amount equal to such excess to Lessee. If on or prior to the scheduled Termination Date no sale of the Aircraft shall have occurred and if Lessor shall not have elected to retain the Aircraft in accordance with Section 9(d) or Lessee shall not have elected to purchase the Aircraft in accordance with Section 9(e), Lessee's notice given pursuant to Section 9(a) shall be deemed to be withdrawn as of such scheduled Termination Date and this Lease shall continue in full force and effect.

(c) Certain Obligations upon Sale of Aircraft. Upon the sale of the Aircraft pursuant to and in accordance with the provisions of Section 9(b), Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Aircraft. Lessor shall be under no duty to solicit bids, to inquire into the efforts of Lessee to obtain bids or otherwise take any action in connection with the sale of the Aircraft under Section 9(b), other than to transfer to the purchaser of the Aircraft (or to such purchaser and to Lessee, as the case may be), without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft against receipt of the payments provided for herein, and to pay the amounts, if any, required to be paid by Lessor under Section 9(b) or this Section 9(c), and to request the Indenture Trustee upon the sale of the Aircraft pursuant to Section 9(b) to execute and deliver to such purchaser (or to such purchaser and to Lessee, as the case may be) an appropriate instrument releasing the Aircraft from the lien of the Trust Indenture and releasing the Purchase

Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. Lessor agrees to notify promptly Lessee of the appointment by Lessor of any broker or finder (other than Lessee) in connection with the sale of the Aircraft pursuant to Section 9(b) and, subject to Section 9(b), to pay the fees or commissions of any such broker or finder employed by Lessor in connection with the sale of the Aircraft pursuant to Section 9(b).

(d) Retention of Aircraft by Lessor. If Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to retain the Aircraft pursuant to Section 9(a), on the Termination Date specified in Lessee's termination notice, Lessor shall pay, or cause to be paid, to the Indenture Trustee funds of the type and in an amount equal to (1) the aggregate outstanding principal amount of the Certificates and all accrued interest thereon, plus (2) all other sums due and payable on such Termination Date under the Trust Indenture, the Participation Agreement or such Certificates including the Break Amount and Increased Costs, if any. Subject to receipt by the Indenture Trustee of such funds, on the Termination Date, (i) Lessee (x) shall deliver the Aircraft to Lessor in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accordance with the terms of Section 5, and (y) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3(d), (A) all Supplemental Rent (including, without limitation, Break Amount, if any, on the Certificates), other than Termination Value, and, if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, and all Basic Rent due and payable prior to the Termination Date and unpaid, less (B) any credit to which Lessee may be entitled as hereinafter in this Sec-

tion 9(d) provided, and (ii) Lessor (x) shall transfer or cause to be transferred to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Aircraft, and (y) shall request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Aircraft from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. If the Termination Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall, subject always to the provisions of the penultimate paragraph of Section 3(b), be entitled to a credit against the amounts payable by it pursuant to this Section 9(d) in an amount equal to the Unearned Advance Basic Rent as of the Termination Date; provided that in the event that the Unearned Advance Basic Rent exceeds the amount payable by Lessee pursuant to this Section 9(d), the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee. If Lessor shall fail to perform any of its obligations pursuant to this Section 9(d) and as a result thereof this Lease shall not be terminated on a proposed Termination Date, Lessor shall thereafter no longer be entitled to exercise its election to retain the Aircraft and Lessee may at its option at any time thereafter submit a new termination notice pursuant to Section 9(a).

(e) Purchase of Aircraft by Lessee. In the event that Lessee shall have elected to purchase the Aircraft on a Special Termination Date pursuant to Section 9(a), on such Special Termination Date, Lessee shall purchase the Aircraft at a price (the "Special Termination Price") equal to the greater of (I) the Termination Value for the Aircraft, computed as of the Special Termination Date, and (II) the then fair market sales value of the Aircraft, as determined by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal. On such Special Termination Date, (x) Lessee (i) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3 (d), all unpaid Supplemental Rent (including, without limitation, Break Amount, if any, on the Certifi-

cates), other than Termination Value, due and owing on such Special Termination Date, all Basic Rent due and payable prior to the Special Termination Date and unpaid and the Basic Rent installment due and payable on the Special Termination Date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) and (ii) at its option shall either (A) pay to Lessor, in funds of the type specified in Section 3(d), the Special Termination Price, or (B) assume all of the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates (including, without limitation, any scheduled payment of principal of, Break Amount, if any, on, or accrued interest on, the Certificates due and payable on the Special Termination Date but only to the extent that the Basic Rent installment payable by Lessee pursuant to clause (i) above does not cover such scheduled payment of principal of or accrued interest on the Certificates but excluding any obligations or liabilities of the Owner Trustee in its individual capacity incurred on or prior to the Special Termination Date, which obligations and liabilities shall remain the sole responsibility of the Owner Trustee) in accordance with Section 2.16 of the Trust Indenture and simultaneously shall pay to Lessor, in funds of the type specified in Section 3(d), an amount equal to the excess, if any, of the Special Termination Price over an amount equal to the sum of the principal of, and any accrued and unpaid interest on, the outstanding Certificates on such Special Termination Date, after taking into account any payments of principal or interest made in respect of the outstanding Certificates on such Special Termination Date, and (y) Lessor will sell to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft and all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Aircraft and, if Lessee shall not have assumed the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates as provided for above, Lessor will request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge thereunder.

(f) Termination of Lease, Etc. Upon the sale or retention or purchase of the Aircraft, as the case may be, in compliance with the provisions of this Section 9, (i) the obligation of Lessee to pay Basic Rent under Section 3(b) on any Lease Period Date occurring subsequent to the applicable Termination Value Determination Date, and (ii) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f)), other than payments of Supplemental Rent to be made by Lessee (x) surviving pursuant to Section 7(d) of the Participation Agreement or Section 10 of the Tax Indemnity Agreement, or (y) in respect of liabilities and obligations of Lessee which have accrued under any Operative Document but not been paid or which are in dispute as of the date of such sale or retention) shall cease as of the Termination Date and, in each case, the Term shall end effective as of the Termination Date.

(g) Termination as to Engines. So long as no Event of Default shall have occurred and be continuing, Lessee shall have the right at its option at any time, on at least 60 days' prior written notice to Lessor, to terminate this Lease with respect to any Engine. In such event, and prior to the date of such termination, Lessee shall replace such Engine hereunder by complying with the terms of Section 10(b) to the same extent as if an Event of Loss had occurred with respect to such Engine.

Section 10. Loss, Destruction, Requisition, Etc. (a) Event of Loss with Respect to the Airframe. Upon the occurrence of an Event of Loss with respect to the Airframe, Lessee shall forthwith (and, in any event, within 30 days after such occurrence) give Lessor notice of such Event of Loss and of its election to perform one of the following options (it being agreed that, if Lessee shall not have given notice of such election within such 30 days after such occurrence, Lessee shall be deemed to have elected to perform the option set forth in the following clause (ii)):

(i) as promptly as practicable, and in any event on or before the Business Day next preceding the 121st day next following the date of occurrence of such Event of Loss, in replacement for the Airframe, Lessee shall convey or cause to be conveyed to Lessor title to a Replacement Airframe (together with the same number of Replacement Engines as the Engines, if any, installed on the Airframe at the

time such Event of Loss occurred) to be leased to Lessee hereunder, such Replacement Airframe and Replacement Engines to be free and clear of all Liens (other than Permitted Liens), to have a value and utility at least equal to, and to be in as good operating condition as, the Airframe and Engines, if any, so replaced (assuming such Airframe and Engines were in the condition and repair required by the terms of this Lease); provided that, if Lessee shall not perform its obligation to effect such replacement under this clause (i) during the period of time provided herein, then Lessee shall pay on the fifteenth day next following the end of such period to Lessor, or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d) hereof, the amounts specified in clause (ii) below; or

(ii) on or before the earlier of 30 days following the date on which insurance proceeds are received with respect to such Event of Loss and the Business Day next preceding the 121st day next following the date of occurrence of such Event of Loss or on the date specified in the proviso to clause (i) above, if such proviso is applicable (the "Loss Payment Date"), Lessee shall pay to Lessor or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d), (A) the Stipulated Loss Value for the Aircraft, determined as of the Loss Payment Date, plus (B) all Supplemental Rent (including, without limitation, the Break Amount, if any, on the Certificates) due and owing on such Loss Payment Date, plus (C) if the Casualty Loss Determination Date with respect to the Stipulated Loss Value is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), plus (D) all Basic Rent due and payable prior to the Casualty Loss Determination Date and unpaid.

In the event of payment in full of the Stipulated Loss Value for the Aircraft and all amounts payable pursuant to this Section 10, (1) the obligation of Lessee to pay any Basic Rent under Section 3(b) on any Lease

Period Date occurring subsequent to the Casualty Loss Determination Date with respect to which Stipulated Loss Value is determined shall terminate, (2) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f), other than payments of Supplemental Rent to be made by Lessee (x) surviving pursuant to Section 10 of the Tax Indemnity Agreement or Section 7(d) of the Participation Agreement, or (y) in respect of liabilities and obligations of Lessee which have accrued under any of the Operative Documents but not been paid or which are in dispute as of the date of such payment) shall terminate, (3) the Term for the Aircraft shall end, (4) Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all Lessor's right, title and interest in and to the Airframe and Engines (if any) with respect to which such Event of Loss occurred, as well as all Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but not installed thereon when such Event of Loss occurred, and (5) Lessor will assign to or as directed by Lessee all claims of Lessor against third Persons relating to such Airframe and Engines arising from such Event of Loss. Upon such transfer, Lessor shall request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge thereof thereunder.

At the time of or prior to any replacement of the Airframe and such Engines, if any, Lessee, at its own expense, will (A) furnish Lessor with a warranty (as to title) bill of sale in form and substance reasonably satisfactory to Lessor (which warranty shall except Permitted Liens) with respect to the Replacement Airframe and Replacement Engines, if any, together with an assignment of any and all manufacturer's warranties applicable thereto (to the extent such warranties may be so assigned by Lessee) in a form substantially similar to the Form of Purchase Agreement Assignment attached as Exhibit III to the Participation Agreement, (B) cause a Lease Supplement substantially in the form of Exhibit A hereto, subjecting such Replacement Airframe and Replacement Engines, if any, to this Lease, and duly executed by Lessee, to be delivered to Lessor for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America

in which such Replacement Airframe and Replacement Engines, if any, are to be registered in accordance with Section 7(a), as the case may be, (C) so long as the Trust Indenture shall not have been satisfied and discharged, cause a Trust Agreement and Indenture Supplement substantially in the form of Exhibit A to the Trust Indenture or other requisite documents or instruments for such Replacement Airframe and Replacement Engines, if any, to be delivered to Lessor and to the Indenture Trustee for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America in which such Replacement Airframe and Replacement Engines, if any, are to be registered in accordance with Section 7(a), as the case may be, (D) so long as the Trust Indenture shall not have been satisfied and discharged, cause a financing statement or statements with respect to the Replacement Airframe and Replacement Engines, if any, or other requisite documents or instruments to be filed in such place or places as necessary in order to perfect the security interest therein created by or pursuant to the Trust Indenture, or, if necessary, pursuant to the applicable laws of the jurisdiction in which such Replacement Airframe and Replacement Engines, if any, are to be registered in accordance with Section 7(a), as the case may be, (E) furnish Lessor and the Indenture Trustee with an opinion of Lessee's counsel addressed to each (which may be Lessee's General Counsel), to the effect that the bill of sale referred to in clause (A) above constitutes an effective instrument for the conveyance of title to the Replacement Airframe and Replacement Engines, if any, to Lessor and to the further effect that upon such conveyance such substituted property will be leased hereunder and subjected to the lien of the Trust Indenture, (F) furnish Lessor with a certificate of an independent aircraft engineer or appraiser certifying that the Replacement Airframe and Replacement Engines, if any, have a value and utility at least equal to, and are in as good operating condition as, the Airframe and Engines, if any, so replaced assuming such Airframe and Engines were in the condition and repair required by the terms hereof immediately prior to the occurrence of such Event of Loss, (G) furnish Lessor and the Indenture Trustee with (i) such evidence of compliance with the insurance provisions of Section 11 with respect to such Replacement Airframe and Replacement Engines as Lessor may reasonably request and (ii) a certificate from a Responsible Officer of Lessee certifying that at the time of such replacement

there is no continuing Event of Default, and (H) furnish Lessor and the Indenture Trustee with an opinion of Lessee's counsel (which may be Lessee's General Counsel) addressed to each, to the effect that the Owner Trustee, as Lessor under the Lease, and the Indenture Trustee, as assignee of the Owner Trustee's rights under the Lease pursuant to the Indenture, should be entitled to the benefits of Title 11 U.S.C. Section 1110 with respect to the Replacement Airframe, provided that (i) such opinion need not be delivered to the extent that, by reason of a change in law or in judicial or other governmental interpretation thereof, the benefits of such Section 1110 were not available to the Owner Trustee or the Indenture Trustee with respect to the Aircraft immediately prior to such substitution and (ii) such opinion may contain qualifications and assumptions of the tenor contained in the opinion of Debevoise & Plimpton delivered pursuant to Section 4(J) of the Participation Agreement on the Delivery Date. In the case of each Replacement Airframe and each Replacement Engine, if any, conveyed to Lessor under this Section 10, and each Replacement Engine conveyed to Lessor under this Section 10, promptly upon the registration of the Replacement Aircraft and the recordation of the Lease Supplement and the Trust Agreement and Indenture Supplement or other requisite documents or instruments covering such Replacement Airframe and Replacement Engines, if any, or such Replacement Engine pursuant to the Federal Aviation Act (or pursuant to the applicable laws of the jurisdiction in which such Replacement Airframe and Replacement Engines, if any, or such Replacement Engine, are to be registered in accordance with Section 7(a)), Lessee will cause to be delivered to Lessor and the Indenture Trustee an opinion of counsel to Lessee addressed to each as to the due registration of such Replacement Aircraft, the due recordation of such Lease Supplement and such Trust Agreement and Indenture Supplement or other requisite documents or instruments and the validity and perfection of the security interest in the Replacement Aircraft, Replacement Engines or Replacement Engine, as the case may be, granted to the Indenture Trustee under the Trust Indenture.

For all purposes hereof, upon passage of title thereto to Lessor the Replacement Airframe and Replacement Engines, if any, shall be deemed part of the property leased hereunder, the Replacement Airframe shall be deemed an "Airframe" as defined herein, and each such Replacement Engine shall be deemed an "Engine" as defined herein. No

such replacement of the Airframe or any Engines under the circumstances contemplated by the terms of this Section 10(a) shall result in any reduction of Basic Rent. Upon such passage of title, Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all Lessor's right, title and interest in and to the replaced Airframe and Engines (if any) installed thereon at the time such Event of Loss occurred, and upon such transfer, Lessor will request in writing that the Indenture Trustee execute and deliver to Lessee an appropriate instrument releasing such replaced Airframe and Engines (if any) installed thereon at the time such Event of Loss occurred from the lien of the Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Indenture.

(b) Event of Loss with Respect to an Engine. Upon the occurrence of an Event of Loss with respect to an Engine under circumstances in which there has not occurred an Event of Loss with respect to the Airframe, Lessee shall give Lessor prompt written notice thereof and shall, within 90 days after the occurrence of such Event of Loss, convey or cause to be conveyed to Lessor, as replacement for the Engine with respect to which such Event of Loss occurred, title to a Replacement Engine free and clear of all Liens (other than Permitted Liens) and having a value and utility at least equal to, and being in as good operating condition as, the Engine with respect to which such Event of Loss occurred, assuming such Engine was of the value and utility and in the condition and repair required by the terms hereof immediately prior to the occurrence of such Event of Loss. Prior to or at the time of any such conveyance, Lessee, at its own expense, will (i) furnish Lessor with a warranty (as to title) bill of sale in form and substance reasonably satisfactory to Lessor (which warranty shall except Permitted Liens) with respect to such Replacement Engine, (ii) cause a Lease Supplement substantially in the form of Exhibit A hereto, subjecting such Replacement Engine to this Lease, and duly executed by Lessee, to be delivered to Lessor for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act, or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America in which the Aircraft is registered, (iii) so long as the Trust Indenture shall not have been satisfied and discharged, comply with the applicable provisions thereof and cause a Trust Agreement and Inden-

ture Supplement substantially in the form of Exhibit A to the Trust Indenture or other requisite documents or instruments for such Replacement Engine to be delivered to Lessor and to the Indenture Trustee for execution and, upon such execution, to be filed for recordation pursuant to the Federal Aviation Act or, if necessary, pursuant to the applicable laws of such jurisdiction other than the United States of America in which the Aircraft is or is to be registered in accordance with Section 7(a), as the case may be, (iv) furnish Lessor and the Indenture Trustee with an opinion of Lessee's counsel addressed to each (which may be Lessee's General Counsel) to the effect that the bill of sale referred to in clause (i) above constitutes an effective instrument for the conveyance of title to such Replacement Engine to Lessor and to the further effect that upon such conveyance such substituted property will be leased hereunder and subjected to the lien of the Trust Indenture, (v) furnish Lessor with a certificate of an aircraft engineer or appraiser (who may be an employee of Lessee) certifying that such Replacement Engine has a value and utility at least equal to, and is in as good operating condition as, the Engine so replaced assuming such Engine was in the condition and repair required by the terms hereof immediately prior to the occurrence of such Event of Loss, (vi) so long as the Trust Indenture shall not have been satisfied and discharged, cause a financing statement or statements with respect to the Replacement Engine or other requisite documents or instruments to be filed in such place or places as necessary in order to perfect the security interest therein created by or pursuant to the Trust Indenture, or, if necessary, pursuant to the applicable laws of the jurisdiction in which the Aircraft is or is to be registered in accordance with Section 7(a), as the case may be, and (vii) furnish Lessor and the Indenture Trustee with such evidence of compliance with the insurance provisions of Section 11 with respect to such Replacement Engine as Lessor may reasonably request. Upon full compliance by Lessee with the terms of this paragraph (b), Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Engine with respect to which such Event of Loss occurred, and Lessor will assign to or as directed by Lessee all claims of Lessor against third Persons relating to such Engine arising from such Event of Loss. In addition, upon such transfer Lessor shall request in writing that the Indenture Trustee execute and deliver to Lessee an appropriate instrument releasing such Engine from the

lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment (in respect solely of such Engine) from the assignment and pledge under the Trust Indenture. For all purposes hereof, each such Replacement Engine shall, after such conveyance, be deemed part of the property leased hereunder and shall be deemed an "Engine" as defined herein. No Event of Loss with respect to an Engine under the circumstances contemplated by the terms of this Section 10(b) shall result in any reduction in Basic Rent.

(c) Application of Payments from Governmental Authorities for Requisition of Title or Use. Any payments (other than insurance proceeds the application of which is provided for in Section 11) received at any time by Lessor or by Lessee from any governmental authority or other Person with respect to an Event of Loss resulting from the condemnation, confiscation, theft or seizure of, or requisition of title to or use of, the Airframe or any Engine, other than a requisition for use by any Government or by the government of the country of registry of the Aircraft not constituting an Event of Loss, will be applied as follows:

(i) if such payments are received with respect to the Airframe or the Airframe and the Engines or engines installed on the Airframe that has been or is being replaced by Lessee pursuant to Section 10(a), such payments shall be paid over to, or retained by, Lessor and upon completion of such replacement be paid over to, or retained by, Lessee;

(ii) if such payments are received with respect to the Airframe or the Airframe and the Engines or engines installed on the Airframe that has not been and will not be replaced pursuant to Section 10(a), such payments shall, after reimbursement of Lessor for costs and expenses, be applied in reduction of Lessee's obligation to pay the Stipulated Loss Value required to be paid by Lessee pursuant to Section 10(a), if not already paid by Lessee, or, if already paid by Lessee, shall be applied to reimburse Lessee for its payment of such Stipulated Loss Value, and the balance, if any, of such payments remaining thereafter shall be paid over to, and retained by, Lessee and Lessor, as their interests may appear; and

(iii) if such payments are received with respect to an Engine under circumstances contemplated by Section 10(b), so much of such payments remaining after reimbursement of Lessor for costs and expenses shall be paid over to, or retained by, Lessee; provided that Lessee shall have fully performed the terms of Section 10(b) with respect to the Event of Loss for which such payments are made.

(d) Requisition for Use by the Government of the Airframe and the Engines Installed Thereon. In the event of the requisition for use by any Government or by the government of the country of registry of the Aircraft (including for this purpose any agency or instrumentality thereof), including, without limitation, pursuant to the Civil Reserve Air Fleet Program referred to in Section 7(b)(iv), of the Airframe and the Engines or engines installed on the Airframe during the Term, Lessee shall promptly notify Lessor of such requisition and all of Lessee's obligations under this Lease with respect to the Aircraft shall continue to the same extent as if such requisition had not occurred. All payments received by Lessor or Lessee from such Government or government for the use of the Airframe and Engines or engines during the Term for the Aircraft shall be paid over to, or retained by, Lessee. In the case of any requisition for use by the government of the United States (or any agency or instrumentality thereof whose obligations bear the full faith and credit of such government) of the Airframe and Engines or engines installed on the Airframe that would extend beyond the end of the Term, Lessee at its option may, by written notice to Lessor given not more than 30 nor less than 10 days before the end of the Term, elect to declare an Event of Loss with respect to the Airframe and Engines or engines. Subject to the final paragraph of this Section 10(d), such Event of Loss will be deemed to have occurred on the final day of the Term. If Lessee does not so elect to declare an Event of Loss and (1) such requisition fully terminates and (2) the Airframe and Engines or engines are returned to Lessee before the first anniversary of the end of the Term, Lessee shall be obligated to return the Airframe and the Engines or engines to Lessor pursuant to, and in all other respects to comply with the provisions of, Section 5 as soon as practicable after the Airframe and Engines or engines are returned to Lessee unless Lessee shall have exercised its option to purchase the Aircraft pursuant to Sections 9(e), 20(b) or 20(c). In addition, Lessee shall pay to Lessor at monthly

intervals (until the earlier of (i) the return of the Aircraft to Lessor pursuant to Section 5 and (ii) the first anniversary of the end of the Term), an amount equal to the difference, if any, between (A) the daily equivalent of the lesser of (x) 50% of the average annual Basic Rent for the Aircraft payable during the Term (excluding for this purpose the Interim Period) and (y) the fair market rental value of the Aircraft for such period, and (B) the amounts received by Lessor from such government for the use of the Aircraft for such period. All payments received by Lessor or Lessee from such government for the use of such Airframe and Engines or engines during the first year after the end of the Term for the Aircraft shall be paid over to, or retained by, Lessor unless Lessee shall have exercised its option to purchase the Aircraft pursuant to Section 9(e), 20(b) or 20(c), in which event all such payments received after such purchase shall be paid over to, or retained by, Lessee.

If an Event of Loss to the Aircraft shall have occurred as a result of a requisition for use by the government of the United States of America (or any instrumentality or agency thereof whose obligations bear the full faith and credit of such government) that shall have extended more than one year beyond the end of the Term, or if Lessee shall have elected in accordance with the third sentence of this Section 10(d) to declare an Event of Loss as a result of any such requisition that would extend beyond the end of the Term, or if an Event of Loss to the Aircraft shall have occurred as a result of a requisition for use by any other Government or government that shall have extended beyond the end of the Term, Lessor (at the direction of the Owner Participant) at its option may, by written notice to Lessee given not more than 20 days after receiving notice of any such Event of Loss or election, waive the occurrence of such Event of Loss. In the event that Lessor waives the occurrence of an Event of Loss, Lessee shall, no later than the later of (i) the date on which such Event of Default would have occurred and (ii) the tenth day after Lessee shall have received such notice from Lessor, transfer to Lessor all of Lessee's right, title and interest to the Airframe and any Engine subject to such requisition under the agreement or agreements relating to such requisition. Upon such transfer, (1) the obligation of Lessee to pay Basic Rent shall terminate, (2) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f), other than payments of Supplemental Rent to be made by Lessee (x) sur-

viving pursuant to Section 10 of the Tax Indemnity Agreement or Section 7(d) of the Participation Agreement, (y) pursuant to clause (ii) of the second sentence of Section 3(c) hereof, or (z) in respect of liabilities and obligations of Lessee which have accrued under any of the Operative Documents but not been paid or which are in dispute as of the date of such transfer) shall terminate, (3) all other obligations of Lessee under the Lease, including, without limitation, any obligation to return the Aircraft in accordance with Section 5 thereof shall terminate and (4) the Term for the Aircraft shall end. In addition, in the event that any Engine shall not be subject to such requisition for use at the time of such transfer, Lessee shall return such Engine to Lessor in accordance with Section 5 hereof.

(e) Requisition for Use by the Government of an Engine. In the event of the requisition for use by any Government or by the government of the country of registry of the Aircraft (including for this purpose any agency or instrumentality thereof) of any Engine (but not the Airframe), Lessee will replace such Engine hereunder by complying with the terms of Section 10(b) to the same extent as if an Event of Loss had occurred with respect to such Engine, and any payments received by Lessor or Lessee from such Government or government with respect to such requisition shall be paid over to, or retained by, Lessee.

(f) Application of Payments During Existence of Event of Default. Any amount referred to in clause (i), (ii) or (iii) of Section 10(c), Section 10(d) or Section 10(e) which is payable to Lessee shall not be paid to Lessee, or if it has been previously paid directly to Lessee, shall not be retained by Lessee, if at the time of such payment an Event of Default (or event that with lapse of time would constitute an Event of Default under Section 14(a), 14(g), 14(h) or 14(i)) shall have occurred and be continuing, but shall be paid to and held by the Lessor as security for the obligations of Lessee under this Lease and, subject to the Trust Indenture, applied against Lessee's payment obligations hereunder when and as they become due and payable, and at such time as there shall not be continuing any such Event of Default or event, such amount shall be paid to Lessee to the extent not applied in accordance with this sentence, provided that if any such amount has been so held by Lessor as security for more than 90 days after an Event of Default shall have occurred and during which period (i) Lessor

shall not have been limited by operation of law or otherwise from exercising remedies hereunder or (ii) Lessor shall not have commenced to exercise any remedy available to it under Section 15, then such amount shall be paid to Lessee to the extent not applied as provided above.

Section 11. Insurance. (a) Airline Liability Insurance.

Subject to the rights of Lessee to establish and maintain self-insurance with respect to bodily injury and property damage liability insurance for aircraft and engines (including the Aircraft and Engines) in the manner and to the extent specified in the next sentence, Lessee will carry, or cause to be carried, at no expense to Lessor, the Indenture Trustee or the Owner Participant, airline liability insurance (including coverage for bodily injury, contractual liability, passenger legal liability and property damage liability (exclusive of manufacturer's product liability insurance)) with respect to the Aircraft (i) in amounts which are not less than the airline liability insurance applicable to similar aircraft and engines which comprise Lessee's fleet on which Lessee carries insurance, provided that such liability insurance shall not be less than the amount certified to Lessor on the Delivery Date, (ii) of the type usually carried by corporations engaged in the same or similar business, similarly situated with Lessee, and owning or operating similar aircraft and engines and covering risks of the kind customarily insured against by Lessee (including, without limitation, war risk and allied perils insurance), and (iii) which is maintained in effect with insurers of recognized responsibility. Lessee may self-insure, by way of deductible or premium adjustment provisions in insurance policies, the risks required to be insured against pursuant to the preceding sentence, but in no case shall the self-insurance (including the self-insurance permitted by Section 11(b)) with respect to all of the aircraft and engines in Lessee's fleet (including, without limitation, the Aircraft) exceed for any 12-month policy year the lesser of (x) 50% of the largest replacement value of any single aircraft in Lessee's fleet or (y) 1-1/2% of the average aggregate insurable value (for the preceding year) of all aircraft (including, without limitation, the Aircraft) on which Lessee carries insurance; provided that, in the event that there shall have occurred a material adverse change in the financial condition of Lessee from such condition as is reflected in the consolidated financial statements of Lessee at December 31, 1982, then, upon not less than 30 days' written notice from Lessor to Les-

see, Lessee will, until Lessee's financial condition is on an overall basis equivalent to its financial condition at December 31, 1982, reduce the self-insurance permitted hereunder to such reasonable amount as Lessor may require; provided, further, that a deductible per occurrence utilized to reduce handling that, in the case of the Aircraft, is not in excess of the amount customarily allowed as a deductible in the industry, shall be permitted in addition to the above-mentioned self-insurance. Any policies of insurance carried in accordance with this Section 11(a) and any policies taken out in substitution or replacement for any of such policies (A) shall name Lessor, as lessor of the Aircraft and in its individual capacity, the Indenture Trustee and each Participant as additional insured as their respective Interests (as defined below) may appear (and, so long as the Owner Participant is a direct or indirect subsidiary of American Telephone and Telegraph Company, shall name AT&T Capital Corporation and American Telephone and Telegraph Company, and all Affiliates of each, as additional insured), (B) shall provide that in respect of the respective Interests of Lessor, of the Indenture Trustee and of each Participant in such policies the insurance shall not be invalidated by any action or inaction of Lessee and shall insure Lessor's, the Indenture Trustee's and such Participant's (and, if applicable, the Owner Participant's Affiliates') Interests as they appear, regardless of any breach or violation of any warranty, declaration or condition contained in such policies by Lessee, (C) shall provide that, if such insurance is cancelled for any reason whatever, or any substantial change is made in the policy which affects the coverage certified hereunder to Lessor, the Indenture Trustee or any Participant (or, if applicable, Affiliates of the Owner Participant), or if such insurance is allowed to lapse for nonpayment of premium, such cancellation, change or lapse shall not be effective as to Lessor, the Indenture Trustee or such Participant (or, if applicable, any Affiliate of the Owner Participant) for 30 days (seven days, or such other period as is customarily obtainable in the industry, in the case of any war risk and allied perils coverage) after receipt by Lessor, by the Indenture Trustee or by such Participant, respectively, of written notice from such insurers of such cancellation, change or lapse, (D) shall provide that neither Lessor, the Indenture Trustee nor any Participant (or any Affiliate of the Owner Participant) shall have any obligation or liability for premiums, commissions, assessments or calls in connection with such insurance, (E) shall provide that the

insurers shall waive (i) any rights of set-off, counterclaim or any other deduction, whether by attachment or otherwise, which they may have against Lessor, the Indenture Trustee or any Participant (or any Affiliate of the Owner Participant) and (ii) any rights of subrogation against Lessor, the Indenture Trustee or any Participant (or any Affiliate of the Owner Participant) to the extent that Lessee has waived its rights by its agreements to indemnify any such party pursuant to this Lease or the Participation Agreement; provided that the exercise by such insurers of rights of subrogation derived from the rights retained by Lessee shall not, in any way, delay payment of any claim that would otherwise be payable by such insurers but for the existence of rights of subrogation derived from rights retained by Lessee, (F) shall be primary without right of contribution from any other insurance which may be carried by Lessor, the Indenture Trustee or any Participant (or any Affiliate of the Owner Participant) with respect to its Interests as such in the Aircraft and (G) shall expressly provide that all of the provisions thereof, except the limits of liability, shall operate in the same manner as if there were a separate policy covering each insured. "Interests" as used in this Section 11(a) and Section 11(b) with respect to any Person means the interests of such Person in its capacity as Lessor, Owner Trustee (including in its individual capacity under the Participation Agreement), Indenture Trustee or Participant (or, if applicable, as Affiliates of the Owner Participant), as the case may be, in the leasing transaction contemplated by this Lease, the Participation Agreement and the Indenture. Lessee shall arrange for appropriate certification that the requirements of this Section 11(a) have been met to be made to Lessor, the Indenture Trustee and the Owner Participant (and the Indenture Trustee may furnish such certificates to each Loan Participant) as soon as practicable by each insurer or its authorized representative with respect thereto, provided that all information contained therein shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone other than (i) their Affiliates and their officers, directors and employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, underwriters, lenders, rating agencies, insurance brokers and legal counsel, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's or

the Indenture Trustee's rights under any Operative Document, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and (vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in this Section 11(a) whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental authority. In the case of a sublease or contract with any Government in respect of the Aircraft or any Engine, or in the case of any requisition for use of the Aircraft or any Engine by any Government, a valid agreement, reasonably satisfactory to Lessor and the Owner Participant, to indemnify Lessee against any of the risks which Lessee is required hereunder to insure against by such Government shall be considered adequate insurance to the extent of the risks and in the amounts that are the subject of any such agreement to indemnify.

(b) Insurance Against Loss or Damage to Aircraft. Subject to the rights of Lessee to establish and maintain self-insurance with respect to loss or damage to aircraft (including the Aircraft) in the manner and to the extent specified in the next sentence, Lessee shall maintain, or cause to be maintained, in effect with insurers of recognized responsibility, at no expense to Lessor, the Indenture Trustee or any Participant, all-risk aircraft hull insurance covering the Aircraft and all-risk coverage with respect to any Engines or Parts while removed from the Aircraft (including, without limitation, war risk and allied perils insurance if and to the extent the same is maintained by Lessee or other United States air carriers as to which there are in force certificates issued pursuant to Section 401 of the Federal Aviation Act (or any successor provision that gives like authority) and which are engaged in the same or similar business and are similarly situated with Lessee with respect to similar aircraft owned or operated by Lessee or by such United States air carriers, as the case may be, on the same routes) which is of the type and in substantially the amount usually carried by corporations engaged in the same or similar business and similarly situated with Lessee; provided that (i) such insurance (including the permitted

self-insurance) shall at all times while the Aircraft is subject to this Lease be for an amount not less than the Stipulated Loss Value for the Aircraft from time to time and (ii) such insurance need not cover an Engine while attached to an airframe not owned, leased or operated by Lessee. Lessee may self-insure, by way of deductible or premium adjustment provisions in insurance policies, the risks required to be insured against pursuant to the preceding sentence, but in no case shall the self-insurance (including the self-insurance permitted by Section 11(a)) with respect to all of the aircraft and engines in Lessee's fleet (including, without limitation, the Aircraft) exceed for any 12-month policy year the lesser of (i) 50% of the largest replacement value of any single aircraft in Lessee's fleet or (ii) 1-1/2% of the average aggregate insurable value (for the preceding year) of all aircraft (including, without limitation, the Aircraft) on which Lessee carries insurance; provided that, in the event that there shall have occurred a material adverse change in the financial condition of Lessee from such condition as is reflected in the consolidated financial statements of Lessee at December 31, 1982, then, upon not less than 30 days' written notice from Lessor to Lessee, Lessee will, until Lessee's financial condition is on an overall basis equivalent to its financial condition at December 31, 1982, reduce the self-insurance permitted hereunder to such reasonable amount as Lessor may require; provided, further, that a deductible per occurrence utilized to reduce handling that, in the case of the Aircraft, is not in excess of the amount customarily allowed as a deductible in the industry, shall be permitted in addition to the above-mentioned self-insurance. Any policies carried in accordance with this Section 11(b) and any policies taken out in substitution or replacement for any such policies (A) shall provide that any loss up to the amount of Stipulated Loss Value for any loss or damage constituting an Event of Loss with respect to the Aircraft, and any loss in excess of \$7,000,000, up to the amount of Stipulated Loss Value, for any loss or damage to the Aircraft (or Engines) not constituting an Event of Loss with respect to the Aircraft, shall be paid to the Indenture Trustee as long as the Trust Indenture shall not have been discharged pursuant to the terms and conditions thereof, and thereafter to Lessor, unless, in each case, the insurer shall have received notice that an Event of Default exists, in which case all insurance proceeds up to Stipulated Loss Value shall be payable to the Indenture Trustee or Lessor, as the case may be, (B) shall provide

that in respect of the respective Interests of Lessor, of the Indenture Trustee and of each Participant in such policies the insurance shall not be invalidated by any action or inaction of Lessee and shall insure Lessor's, the Indenture Trustee's and such Participant's Interests, as they appear, regardless of any breach or violation of any warranty, declaration or condition contained in such policies by Lessee, (C) shall provide that, if such insurance is cancelled for any reason whatever, or any material change is made in the policy which affects the coverage certified hereunder to Lessor, the Indenture Trustee or any Participant, or if such insurance is allowed to lapse for nonpayment of premium, such cancellation, change or lapse shall not be effective as to Lessor, the Indenture Trustee or such Participant for 30 days (seven days, or such other period as may from time to time be customarily obtainable in the industry, in the case of any war risk and allied perils coverage) after receipt by Lessor, the Indenture Trustee or such Participant, respectively, of written notice from such insurers of such cancellation, change or lapse, (D) shall be primary without right of contribution from any other insurance which may be carried by Lessor, the Indenture Trustee or any Participant with respect to its Interests as such in the Aircraft and (E) shall provide that the insurers shall waive (i) any rights of set-off, counterclaim or any other deduction, whether by attachment or otherwise, which they may have against Lessor, the Indenture Trustee or any Participant and (ii) any rights of subrogation against Lessor, the Indenture Trustee and any Participant to the extent that Lessee has waived its rights by its agreements to indemnify any such party pursuant to this Lease or the Participation Agreement; provided that the exercise by such insurers of rights of subrogation derived from rights retained by Lessee shall not, in any way, delay payment of any claim that would otherwise be payable by such insurers but for the existence of rights of subrogation derived from rights retained by Lessee. Lessee shall arrange for appropriate certification that the requirements of this Section 11(b) have been met to be made promptly to Lessor, the Indenture Trustee and the Owner Participant (and the Indenture Trustee shall furnish such certification to each Loan Participant) by each insurer or its authorized representative with respect thereto, provided that all information contained therein shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone other than (i) their Affiliates and their officers, directors and

employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, underwriters, lenders, rating agencies, insurance brokers and legal counsel, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's or the Indenture Trustee's rights under any Operative Document, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and (vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in this Section 11(b) whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental authority. In the case of a sublease or contract with any Government in respect of the Aircraft or any Engine, or in the case of any requisition for use of the Aircraft or any Engine by any Government, a valid agreement, reasonably satisfactory to Lessor and the Owner Participant, to indemnify Lessee against any of the risks which Lessee is required hereunder to insure against by such Government in any amount up to the Stipulated Loss Value of the Aircraft from time to time shall be considered adequate insurance to the extent of the risks and in the amounts that are the subject of any such agreement to indemnify.

As between Lessor and Lessee it is agreed that all insurance payments received under policies required to be maintained by Lessee hereunder, exclusive of any payments received in excess of the Stipulated Loss Value for the Aircraft from such policies, as the result of the occurrence of an Event of Loss with respect to the Airframe or an Engine will be applied as follows:

(x) if such payments are received with respect to the Airframe or the Airframe and any Engines or engines installed on the Airframe that has been or is being replaced by Lessee as contemplated by Section 10(a), such payments shall be paid over to, or retained by, Lessor, and upon completion of such replacement be paid over to, or retained by, Lessee;

(y) if such payments are received with respect to the Airframe or the Airframe and any Engines or engines installed thereon that has not been and will not be replaced as contemplated by Section 10(a), so much of such payments remaining after reimbursement of Lessor for costs and expenses as shall not exceed the Stipulated Loss Value required to be paid by Lessee pursuant to Section 10(a) shall be applied in reduction of Lessee's obligation to pay such Stipulated Loss Value, if not already paid by Lessee, or, if already paid by Lessee, shall be applied to reimburse Lessee for its payment of such Stipulated Loss Value, and the balance, if any, of such payment remaining thereafter will be paid over to, or retained by, Lessee; and

(z) if such payments are received with respect to an Engine under the circumstances contemplated by Section 10(b), so much of such payments remaining after reimbursement of Lessor for costs and expenses shall be paid over to, or retained by, Lessee; provided that Lessee shall have fully performed the terms of Section 10(b) with respect to the Event of Loss for which such payments are made.

As between Lessor and Lessee the insurance payment for any loss or damage to the Aircraft in excess of the Stipulated Loss Value for the Aircraft shall be paid to Lessee.

As between Lessor and Lessee the insurance payments for any loss or damage to the Airframe or an Engine not constituting an Event of Loss with respect to the Airframe or such Engine will be applied in payment (or to reimburse Lessee) for repairs or for replacement property in accordance with the terms of Sections 7 and 8, and any balance remaining after compliance with such Sections with respect to such loss shall be paid to Lessee. Any amount referred to in the preceding sentence or in clause (x), (y) or (z) of the second preceding paragraph which is payable to Lessee shall not be paid to Lessee or, if it has been previously paid directly to Lessee, shall not be retained by Lessee, if at the time of such payment an Event of Default (or event that with lapse of time would constitute an Event of Default under Section 14(a), 14(g), 14(h) or 14(i)) shall have occurred and be continuing, but shall be paid to and held by the Indenture Trustee, or if the Trust Indenture shall have been terminated pursuant to

the terms thereof, Lessor, as security for the obligations of Lessee under this Lease, and may be applied against Lessee's payment obligations hereunder when and as they become due and payable, and at such time as there shall not be continuing any such Event of Default or event, such amount shall be paid to Lessee, to the extent not applied in accordance with this sentence, provided that if any such amount has been so held by Lessor as security for more than 90 days after an Event of Default shall have occurred and during which period (i) Lessor shall not have been limited by operation of law or otherwise from exercising remedies hereunder and (ii) Lessor shall not have exercised any remedy available to it under Section 15, then such amount shall be paid to Lessee.

(c) Reports, Etc. On or before the Delivery Date, and annually upon renewal of Lessee's insurance coverage, Lessee will furnish to Lessor, the Indenture Trustee and the Owner Participant (and the Indenture Trustee shall furnish to each Loan Participant) a report signed by a firm of independent aircraft insurance brokers appointed by Lessee, stating the opinion of such firm that the insurance then carried and maintained on the Aircraft complies with the terms hereof; provided that all information contained in such report shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone other than (i) their Affiliates and their officers, directors and employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, underwriters, lenders, rating agencies, insurance brokers and legal counsel, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's or the Indenture Trustee's rights under any Operative Document, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and (vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in this Section 11(c) whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental

authority. Lessee will cause such firm to advise Lessor, the Indenture Trustee and the Owner Participant, in writing promptly of any default in the payment of any premium and of any other act or omission on the part of Lessee of which such firm has knowledge and which might invalidate or render unenforceable, in whole or in part, any insurance on the Aircraft. Lessee will also cause such firm to advise Lessor, the Indenture Trustee and the Owner Participant, in writing as promptly as practicable after such firm acquires knowledge that an interruption or reduction of any insurance carried and maintained on the Aircraft pursuant to the provisions of this Section 11 will occur.

(d) Insurance for Own Account. Nothing in this Section 11 shall limit or prohibit the Owner Participant (either directly or in the name of the Owner Trustee) or Lessee from obtaining insurance for its own account with respect to the Airframe or any Engine and any proceeds payable thereunder shall be payable as provided in the insurance policy relating thereto, provided that (i) no such insurance may be obtained which would limit or otherwise adversely affect the coverage or amounts payable under insurance required to be maintained pursuant to this Section 11, it being understood that all salvage rights to the Airframe or such Engine shall remain with Lessee's insurers at all times, and (ii) the Owner Participant may obtain hull insurance on the Aircraft only to the extent the procurement of such insurance does not have an adverse effect on Lessee's ability or cost to obtain such insurance, except that the limitation in the foregoing clause (i) on the Owner Participant's right to obtain liability insurance shall not apply during any period in which Lessee is providing a Government indemnity in lieu of the liability insurance required by Section 11(a) and the limitations in clauses (i) and (ii) on the Owner Participant's rights to obtain hull insurance shall not apply during any period in which Lessee is providing a Government indemnity in lieu of the hull insurance required by Section 11(b).

Section 12. Inspection. At all reasonable times during the Term, but upon at least 5 days' prior written notice to Lessee, Lessor or the Indenture Trustee or any of their respective authorized representatives may at their own expense and risk conduct a visual walk-around inspection of the Aircraft and any Engine (including a visual walk-around inspection of the Aircraft during any regularly scheduled heavy maintenance visit for the Air-

craft conducted by Lessee during the Term) and may inspect the books and records of Lessee relating thereto; provided that (a) such representatives shall be fully insured to the reasonable satisfaction of Lessee by Lessor or the Indenture Trustee, as the case may be, with respect to any risks incurred in connection with any such inspection, (b) any such inspection shall be subject to the safety, security and workplace rules applicable at the location where such inspection is conducted and any applicable governmental rules or regulations and (c) in the case of an inspection during a maintenance visit, such inspection shall not in any respect interfere with the normal conduct of such maintenance visit or extend the time required for such maintenance visit. All information obtained in connection with any such inspection shall be held confidential by Lessor, the Indenture Trustee and each Participant and shall not be furnished or disclosed by them to anyone other than (i) their Affiliates and their officers, directors and employees and those of their Affiliates, (ii) their bank examiners, auditors, accountants, agents, legal counsel, underwriters, lenders, rating agencies and authorized insurance brokers, (iii) as required by applicable law, governmental regulation or judicial process, (iv) to such other Persons as may be reasonably necessary to enforce Lessor's, the Owner Participant's or the Indenture Trustee's rights, (v) to the extent such information is made public by Lessee (including by filings with the Federal Aviation Administration or the Securities and Exchange Commission) and (vi) any Person with whom any Participant is in good faith conducting negotiations relating to the possible transfer and sale of such Participant's Certificates or interest in the Aircraft, as the case may be, if such Person shall have entered into an agreement similar to that contained in this Section 12 whereby such Person agrees to hold such information confidential, and except as may be required by an order of any court or administrative agency or by any statute, rule, regulation or order of any governmental authority or as may be necessary for the enforcement of this Lease by Lessor. Lessee will, upon the request of Lessor or the Indenture Trustee at any time, notify Lessor or the Indenture Trustee, as the case may be, of the time and location of the next scheduled heavy maintenance visit to be conducted by Lessee in respect of the Aircraft during the Term; provided that Lessee shall have the right in its sole discretion to reschedule, or change the location of, any maintenance visit of which it shall have notified Lessor or the Indenture Trustee pursuant to this sentence,

Lessee hereby agreeing to use reasonable efforts to notify Lessor or the Indenture Trustee, as the case may be, of any such rescheduling or change. None of Lessor, the Indenture Trustee or any Participant shall have any duty to make any such inspection and shall not incur any liability or obligation by reason of not making any such inspection. No inspection pursuant to this Section 12 shall relieve Lessee of any of its obligations under this Lease. No inspection pursuant to this Section 12 shall interfere with the use, operation or maintenance of the Aircraft or the normal conduct of Lessee's business, and Lessee shall not be required to undertake or incur any additional liabilities in connection therewith.

Section 13. Assignment, Citizenship, Etc. Except as otherwise provided in Section 7(b) or in the case of any requisition for use by any Government referred to in Section 7(a), Lessee will not, without the prior written consent of Lessor, assign any of its rights hereunder, except as permitted by Section 13 of the Participation Agreement. Except as elsewhere herein provided or as expressly permitted by the provisions of the Participation Agreement, Lessor agrees that it will not assign or convey its right, title and interest in and to this Lease or the Aircraft; provided, however, that, in each case where so provided or permitted, the transferee shall be domiciled in the United States, shall be a "citizen of the United States" within the meaning of Section 101(16) of the Federal Aviation Act and shall assume all of the obligations of Lessor under this Lease. To the extent required to entitle the Owner Trustee as Lessor under this Lease to the benefits of Section 1110 of the Bankruptcy Code, Lessee shall maintain in force a certificate issued pursuant to Section 401 of the Federal Aviation Act or any successor provision that gives like authority. The terms and provisions of this Lease shall be binding upon and inure to the benefit of Lessor and Lessee and their respective permitted successors and assigns.

Section 14. Events of Default. The following events shall constitute Events of Default (whether any such event shall be voluntary or involuntary or come about or be effected by operation of law or pursuant to or in compliance with any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body) and each such Event of Default shall be deemed to exist and continue so long as, but only as long as, it shall not have been remedied:

(a) Lessee shall fail to make any payment of Basic Rent, Stipulated Loss Value or Termination Value within 15 days after the same shall have become due or of any other amount of Supplemental Rent within 15 days after written notice of such failure by Lessor; or

(b) Lessee shall fail to carry and maintain insurance on or with respect to the Aircraft in accordance with the provisions of Section 11; provided that, in the case of insurance with respect to which cancellation, change or lapse for nonpayment of premium shall not be effective as to Lessor, the Indenture Trustee or the Owner Participant (or, if applicable, any Affiliate of the Owner Participant) for 30 days (seven days, or such other period as may from time to time be customarily obtainable in the industry, in the case of any war risk and allied perils coverage) after receipt of notice by Lessor, the Indenture Trustee or the Owner Participant of such cancellation, change or lapse, no such failure to carry and maintain insurance shall constitute an Event of Default hereunder until the earlier of (i) the date such failure shall have continued unremedied for a period of 20 days (five days in the case of any war risk and allied perils coverage) after receipt by Lessor of the notice of cancellation, change or lapse referred to in Section 11(a)(C) or 11(b)(C), or (ii) such insurance not being in effect as to any of Lessor, the Indenture Trustee and the Owner Participant (or, if applicable, any Affiliate of the Owner Participant); or

(c) Lessee shall operate the Aircraft at a time when public liability insurance required by Section 11(a) shall not be in effect; or

(d) Lessee shall fail to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder or under the Participation Agreement, any Lease Supplement, the Bills of Sale or the Purchase Agreement Assignment, and such failure shall continue unremedied for a period of 30 days after written notice thereof by Lessor; provided that, if such failure is capable of being remedied, so long as Lessee is diligently proceeding to remedy such failure (other than a failure

to perform or observe the provisions of the penultimate sentence of Section 13), no such failure shall constitute an Event of Default hereunder for a period of up to 365 days; or

(e) any material representation or warranty made by Lessee in this Lease or in the Participation Agreement, any Lease Supplement, the Bills of Sale or the Purchase Agreement Assignment or in any document furnished by Lessee pursuant hereto or thereto (other than in the Tax Indemnity Agreement or any document furnished by Lessee pursuant thereto) shall prove to have been incorrect in any material respect at the time made, and such incorrectness shall continue to be material and unremedied for a period of 30 days after written notice thereof by Lessor; or

(f) Lessee shall consent to the appointment of a receiver, trustee or liquidator of itself or of a substantial part of its property, or Lessee shall admit in writing its inability to pay its debts generally as they come due, or shall make a general assignment for the benefit of creditors; or

(g) Lessee shall file a voluntary petition in bankruptcy or a voluntary petition or an answer seeking reorganization in a proceeding under any bankruptcy laws (as now or hereafter in effect) or an answer admitting the material allegations of a petition filed against Lessee in any such proceeding, or Lessee shall by voluntary petition or answer, consent to or seek relief under the provisions of any other now existing or future bankruptcy or other similar law providing for the reorganization or winding-up of corporations, or providing for an agreement, composition, extension or adjustment with its creditors; or

(h) an order, judgment or decree shall be entered by any court of competent jurisdiction appointing, without the consent of Lessee, a receiver, trustee or liquidator of Lessee or of any substantial part of its property, or sequestering any substantial part of the property of Lessee, and any such order, judgment, or decree of appointment or sequestration shall remain in force undismitted, unstayed or unvacated for a period of 90 days after the date of entry thereof; or

(i) a petition against Lessee in a proceeding under the Federal bankruptcy laws or other insolvency laws, as now or hereafter in effect, shall be filed and shall not be withdrawn or dismissed within 90 days thereafter, or, under the provisions of any law providing for reorganization or winding-up of corporations which may apply to Lessee, any court of competent jurisdiction shall assume jurisdiction, custody or control of Lessee or of any substantial part of its property and such jurisdiction, custody or control shall remain in force unrelinquished, unstayed or unterminated for a period of 90 days;

provided that, notwithstanding anything to the contrary contained in this Lease, any failure of Lessee to perform or observe any covenant, condition, or agreement herein shall not constitute an Event of Default if such failure is caused solely by reason of an event referred to in the definition of "Event of Loss" so long as Lessee is continuing to comply with the applicable terms of Section 10.

Section 15. Remedies. Upon the occurrence of any Event of Default and at any time thereafter so long as the same shall be continuing, Lessor may, at its option, declare this Lease to be in default by a written notice to Lessee (provided that this Lease shall be deemed to have been declared in default without the necessity of such written notice upon the occurrence of any Event of Default described in paragraph (g), (h) or (i) of Section 14 hereof); and at any time thereafter, so long as Lessee shall not have remedied all outstanding Events of Default, Lessor may do one or more of the following with respect to all or any part of the Airframe and any Engines as Lessor in its sole discretion shall elect, to the extent permitted by, and subject to compliance with any mandatory requirements of, applicable law then in effect; provided that during any period when the Aircraft is subject to the Civil Reserve Air Fleet Program in accordance with the provisions of Section 7(b) and in the possession of the United States government or an instrumentality or agency thereof, Lessor shall not, on account of any Event of Default, be entitled to do any of the following in such manner as to limit Lessee's control under this Lease (or any sublessee's control under any sublease permitted by the terms of this Lease) of any Airframe or any Engines, unless at least 60 days' (or such lesser period as may then be applicable under the Military Airlift Command Program of the United States Government) prior written notice of

default hereunder shall have been given by Lessor by registered or certified mail to Lessee (or any sublessee) with a copy addressed to the Contracting Office Representative for the Military Airlift Command of the United States Air Force under any contract with Lessee (or any sublessee) relating to the Aircraft:

(a) cause Lessee, upon the written demand of Lessor and at Lessee's expense, to return promptly, and Lessee shall return promptly, all or such part of the Airframe or any Engine as Lessor may so demand to Lessor or its order in the manner and condition required by, and otherwise in accordance with all the provisions of, Section 5, as if the Airframe or such Engine were being returned at the end of the Term, or Lessor, at its option, may enter upon the premises where all or any part of the Airframe or any Engine are located and take immediate possession of and remove the same (together with any engine which is not an Engine but which is installed on the Airframe, subject to all of the rights of the owner, lessor, lienor or secured party of such engine; provided that the Airframe with an engine (which is not an Engine) installed thereon may be flown or returned only to a location within the continental United States, and such engine shall be held for the account of any such owner, lessor, lienor or secured party or, if owned by Lessee, may, at the option of Lessor, be exchanged with Lessee for an Engine in accordance with the provisions of Section 5(b)) by summary proceedings or otherwise, all without liability accruing to Lessor for or by reason of such entry or taking of possession or removal, whether for the restoration of damage to property caused by such taking or otherwise;

(b) sell all or any part of the Airframe and any Engine at public or private sale, whether or not Lessor shall at the time have possession thereof, as Lessor may determine, or otherwise dispose of, hold, use, operate, lease to others or keep idle all or any part of the Airframe or such Engine as Lessor, in its sole discretion, may determine, all free and clear of any rights of Lessee except as hereinafter set forth in this Section 15 and without any duty to account to Lessee with respect to such action or inaction or for any proceeds with respect thereto, except to the extent required by paragraph (d) below if Lessor elects to exercise its rights under such para-

graph (d) in lieu of its rights under paragraph (c) below;

(c) whether or not Lessor shall have exercised, or shall thereafter at any time exercise, any of its rights under paragraph (a) or paragraph (b) above with respect to all or any part of the Airframe or any Engine, Lessor, by written notice to Lessee specifying a payment date (which date shall be deemed to be a "Termination Date" for purposes of computing Termination Value) which shall be not earlier than 30 days from the date of such notice, may demand that Lessee pay to Lessor, and Lessee shall pay Lessor, on the payment date specified in such notice, as liquidated damages for loss of a bargain and not as a penalty (in lieu of the Basic Rent due for Lease Periods commencing on or after the Lease Period Date next preceding the payment date specified in such notice), if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, less any credit to which Lessee shall be entitled as hereinafter in this Section 15(c) provided, plus whichever of the following amounts Lessor, in its sole discretion, shall specify in such notice (together with interest, if any, on such amount at the applicable Overdue Rate from the Termination Date to but excluding the date of actual payment): (i) an amount equal to the excess, if any, of the Termination Value for the Airframe or such Engine or part thereof, computed as of the payment date specified in such notice, over the aggregate fair market rental value (computed as hereafter provided in this Section 15) of the Airframe or such Engine or part thereof for the remainder of the Term, after discounting such aggregate fair market rental value semi-annually (effective on the Lease Period Dates) to present worth as of the payment date specified in

such notice at the Assumed Debt Rate; or (ii) an amount equal to the excess, if any, of the Termination Value for the Airframe or such Engine or part thereof computed as of the payment date specified in such notice, over the fair market sales value (computed as hereafter provided in this Section 15) of the Airframe or such Engine or part thereof as of the payment date specified in such notice; provided that if the Termination Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall, if and so long as it shall have paid in full all Rent otherwise payable by it hereunder or pursuant hereto, be entitled to a credit against the amounts payable by it pursuant to this Section 15(c) in an amount equal to the lesser of the Unearned Advance Basic Rent as of the Termination Date and the amount, if any, by which such aggregate fair market rental value or such fair market sales value, as the case may be, exceeds such Termination Value; and provided, further, that in the event that the amount calculated pursuant to this sentence to be credited exceeds the amount payable by Lessee pursuant to this Section 15(c) and any other amounts payable by Lessee hereunder as a result of the applicable Event of Default or the exercise of Lessor's remedies with respect thereto, the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee;

(d) in the event Lessor, pursuant to paragraph (b) above, shall have sold all or any part of the Airframe or any Engine, Lessor, in lieu of exercising its rights under paragraph (c) above with respect to the Airframe or such Engine or part thereof, may, if it shall so elect, demand that Lessee pay Lessor, and Lessee shall pay to Lessor, on the date of such sale (which date shall be deemed a "Termination Date" for purposes of computing Termination Value), as liquidated damages for loss of a bargain and not as a penalty (in lieu of the Basic Rent due for Lease Periods commencing on or after the Lease Period Date next preceding the date of such sale), if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and

agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, less any credit to which Lessee shall be entitled as hereinafter in this Section 15(d) provided, plus the amount of any deficiency between the net proceeds of such sale and the Termination Value for the Airframe or such Engine or part thereof, computed as of the date of such sale; provided that if the Termination Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall, if and so long as it shall have paid in full all Rent otherwise payable by it hereunder or pursuant hereto, be entitled to a credit against the amounts payable by it pursuant to this Section 15(d) in an amount equal to the lesser of the Unearned Advance Basic Rent as of the Termination Date and the amount, if any, by which such net proceeds of such sale exceed such Termination Value; and provided, further, that in the event that the amount calculated pursuant to this sentence to be credited exceeds the amount payable by Lessee pursuant to this Section 15(d) and any other amounts payable by Lessee hereunder as a result of the applicable Event of Default or the exercise of Lessor's remedies with respect thereto, the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee; and

(e) Lessor may rescind this Lease as to the Airframe and any or all Engines, or may exercise any other right or remedy which may be available to it under applicable law or proceed by appropriate court action to enforce the terms or to recover damages for the breach hereof.

In addition, Lessee shall be liable, except as otherwise provided in paragraphs (c) and (d) above and

without limiting the effect of the penultimate sentence of Section 3(c), without duplication of any amounts payable hereunder, for any and all unpaid Rent due hereunder before, after or during the exercise of any of the foregoing remedies and for all legal fees and other costs and expenses incurred by reason of the occurrence of any Event of Default or the exercise of Lessor's remedies with respect thereto, including all costs and expenses incurred in connection with the retaking or return of the Airframe or any Engine in accordance with the terms of Section 5 or in placing such Airframe or Engine in the condition and airworthiness required by such Section; provided that, if Lessee returns or surrenders possession of all or any part of the Airframe or any Engine in accordance with this Section 15 and Lessor does not within 365 days after the date of such return or surrender exercise its rights under paragraph (c) or (d) above with respect to such Airframe or Engine or part thereof, there shall be deducted from each payment of Basic Rent becoming due after the expiration of such 365-day period an amount equal to the quotient obtained by dividing the aggregate fair market rental value (computed as hereafter provided in this Section 15) of such Airframe or Engine or part thereof, for the remainder of the Term after the expiration of such 365-day period (computed as of the date of such expiration), by the number of Basic Rent installments remaining with respect to the Aircraft after the expiration of such 365-day period to the end of the Term; and provided, further, that Lessor and Lessee agree that, notwithstanding anything to the contrary set forth in this Lease, the Trust Indenture, the Participation Agreement, the Tax Indemnity Agreement or any other document or instrument relating hereto or thereto, Lessee shall have no responsibility or liability for any amounts payable to any Loan Participant in respect of the Break Amount, if any, payable with respect to the Certificates as a result of (x) a purchase of the Certificates pursuant to Section 2.13 of the Trust Indenture as a result of an Indenture Default that does not also constitute an Event of Default or (y) an Indenture Default that does not also constitute an Event of Default. For purposes of paragraph (c) above and the preceding sentence, the "aggregate fair market rental value" or the "fair market sales value" of the Airframe or any Engine or any part thereof shall be as specified in an Independent Appraisal. At any sale of the Airframe or any Engine or part thereof pursuant to this Section 15, Lessor or the Owner Participant may bid for and purchase such property. Except as otherwise expressly provided above,

no remedy referred to in this Section 15 is intended to be exclusive, but each shall be cumulative and in addition to any other remedy referred to above or otherwise available to Lessor at law or in equity; and the exercise or beginning of exercise by Lessor of any one or more of such remedies shall not preclude the simultaneous or later exercise by Lessor of any or all of such other remedies. No express or implied waiver by Lessor of any Event of Default shall in any way be, or be construed to be, a waiver of any future or subsequent Event of Default.

Section 16. Single Transaction. Lessor and Lessee agree that the transactions contemplated by this Lease, the Participation Agreement, the Tax Indemnity Agreement, the other Operative Documents and the Rent Schedule are intended to and shall be construed to constitute one transaction. Lessee and Lessor hereby acknowledge that this Lease is a "lease" for purposes of Section 1110 of the Bankruptcy Code. So long as said Section 1110, or any successor or compatible provision affording protection to lessors of aircraft from the automatic stay under the Bankruptcy Code (then in effect) is in effect, to the extent permitted by applicable law, Lessee hereby agrees that it will not, in connection with any bankruptcy proceeding involving Lessee, take a position in the United States Bankruptcy Court that is inconsistent with Lessor's rights (or the rights of the Indenture Trustee, as assignee of Lessor) under said Section 1110 or said successor or comparable provision.

Section 17. Further Assurances; Financial Information. Forthwith upon the execution and delivery of each Lease Supplement and Trust Agreement and Indenture Supplement, Lessee will cause such Lease Supplement and Trust Agreement and Indenture Supplement (and, in the case of the initial Lease Supplement and Trust Agreement and Indenture Supplement with respect to the Aircraft, this Lease, the Trust Indenture and the Trust Agreement) to be duly filed and recorded in accordance with the Federal Aviation Act. In addition, each of Lessor and Lessee will promptly and duly execute and deliver to the other party hereto such further documents and assurances and take such further action as such other party may from time to time reasonably request in order effectively to carry out the intent and purpose of this Lease, including, without limitation, if requested by Lessor, the execution and delivery of supplements or amendments hereto or, in the case of Lessor, to the Trust Indenture, in recordable form, sub-

jecting to this Lease and, in the case of Lessor, to the Trust Indenture, any Replacement Airframe or Replacement Engine and the recording or filing of counterparts hereof or thereof, in accordance with the laws of such jurisdictions as Lessor may from time to time deem advisable; provided that this sentence is not intended to impose upon Lessee any additional liabilities not otherwise contemplated by this Lease and the Participation Agreement. Lessee also agrees to furnish Lessor, the Owner Participant and the Indenture Trustee (i) within 60 days after the end of each of the first three quarterly fiscal periods in each fiscal year of Lessee, a consolidated balance sheet of Lessee and its consolidated subsidiaries prepared by it as of the close of such period, together with the related consolidated statements of income and cash flows for such period, (ii) within 120 days after the close of each fiscal year of Lessee, a consolidated balance sheet of Lessee and its consolidated subsidiaries as of the close of such fiscal year, together with the related consolidated statements of income and cash flows for such fiscal year, as certified by independent public accountants, (iii) within 120 days after the close of each fiscal year of Lessee, a certificate of Lessee, signed by a Responsible Officer of Lessee and addressed to Lessor, the Indenture Trustee and the Owner Participant, to the effect that the signer has reviewed the relevant terms of this Lease and the Participation Agreement and has made, or caused to be made under his supervision, a review of the transactions and condition of Lessee during the accounting period covered by the financial statements referred to in clause (ii) above, and that such review has not disclosed the existence during such accounting period, nor does the signer have knowledge of the existence as at the date of such certificate, of any condition or event which constitutes an Event of Default or which, after notice or lapse of time or both, would constitute an Event of Default, or, if any such condition or event existed or exists, specifying the nature and period of existence thereof and what action Lessee has taken or is taking or proposes to take with respect thereto, and (iv) from time to time such other non-confidential information as Lessor may reasonably request.

Section 18. Notices. All notices required under the terms and provisions of this Lease shall be in English and in writing, and any such notice may be given by United States mail, courier service, telegram, telex, cable or facsimile (confirmed by telephone or in writing

in the case of notice by telegram, telex, cable or facsimile) or any other customary means of communication, and any such notice shall be effective when delivered (i) if to Lessee, to P.O. Box 619616, Dallas/Fort Worth International Airport, Texas 75261-9616, Attention: Treasurer, or at 4333 Amon Carter Boulevard, Fort Worth, Texas 76155, Attention: Treasurer, Telex: 4630158, Facsimile: (817) 967-4318, Telephone: (817) 963-1234 or to such other address as Lessee shall from time to time designate in writing to Lessor, (ii) if to Lessor, to Rodney Square North, Wilmington, Delaware 19890, Attention: Corporate Trust Administration (AA 1992 AF-3), Telex: 835437, Answerback: WILM TR, Facsimile: (302) 651-8464, Telephone: (302) 651-1000, or to such other address as Lessor shall from time to time designate in writing to Lessee, (iii) if to the Owner Participant or the Original Loan Participant, to their respective addresses set forth on the signature pages of the Participation Agreement, or to such other address as the Owner Participant or any Loan Participant shall from time to time designate in writing to Lessee and Lessor, and (iv) if to the Indenture Trustee, to 600 Peachtree Street, N.E., Suite 900, Atlanta, Georgia 30308, Attention: Corporate Trust Department (AA 1992 AF-3), Facsimile: (404) 607-6534, Telephone: (404) 607-4680, or such other address as the Indenture Trustee shall from time to time designate in writing to Lessor and Lessee. Prior to the discharge of the lien of the Trust Indenture, Lessee shall furnish the Indenture Trustee directly with a copy of each report, notice, request, demand, certificate, financial statement or other instrument or document furnished to Lessor hereunder.

Section 19. No Setoff, Counterclaim, Etc. This Lease is a net lease and it is intended that Lessee shall pay all costs and expenses of every character whether seen or unforeseen, ordinary or extraordinary, or structural or nonstructural in connection with the use, operation, maintenance, repair and reconstruction of the Airframe and each Engine by Lessee, including the costs and expenses particularly set forth in this Lease. Lessee's obligation to pay all Rent payable hereunder shall, subject to Section 3(f) and the proviso to the penultimate sentence of Section 3(c), be absolute and unconditional and shall not be affected by any circumstances, including, without limitation, (i) any setoff, counterclaim, recoupment, defense or other right which Lessee may have against Lessor, any Participant, the Indenture Trustee or anyone else for any reason whatsoever, (ii) any defect in the

title, airworthiness, condition, design, operation or fitness for use of, or any damage to or loss or destruction of, the Aircraft, or any interruption or cessation in or prohibition of the use or possession thereof by Lessee for any reason whatsoever, (iii) any insolvency, bankruptcy, reorganization or similar proceedings by or against Lessee or any other Person or (iv) any other circumstance, happening or event whatsoever, whether or not unforeseen or similar to any of the foregoing. If for any reason whatsoever this Lease shall be terminated in whole or in part by operation of law or otherwise, except as specifically provided herein, Lessee nonetheless agrees, subject to Section 3(f), to pay to Lessor an amount equal to each Basic Rent and Supplemental Rent payment under Section 3 at the time such payment would have become due and payable in accordance with the terms hereof had this Lease not been terminated in whole or in part. Lessee hereby waives, to the extent permitted by applicable law, any and all rights which it may now have or which at any time hereafter may be conferred upon it, by statute or otherwise, to terminate, cancel, quit or surrender this Lease except in accordance with the express terms hereof. Each payment of Rent made by Lessee shall be final as to Lessor and Lessee, and Lessee will not seek to recover all or any part of any such payment of Rent from Lessor or from the Indenture Trustee for any reason whatsoever; provided that nothing in this sentence shall be construed to modify or limit in any way Lessee's rights under Section 3(f) and the penultimate sentence of Section 3(c) or its rights to rebate under Section 9(b), 9(d), 15(c) or 15(d).

Section 20. Renewal Options; Purchase Options. (a) Renewal Options. Lessee shall have the right to extend this Lease with respect to the Aircraft for up to five additional periods of one year each (each such period being hereinafter referred to as a "Renewal Term"), each commencing at the end of the Term or a Renewal Term. Such option to renew shall be exercised upon irrevocable written notice from Lessee to Lessor given not less than 120 days prior to the commencement of the first day of each Renewal Term and if no Event of Default shall have occurred and be continuing on such date, then this Lease shall be extended for the additional period of such Renewal Term on the same conditions provided for herein, and upon such extension, the word "Term" whenever used herein shall be deemed to refer, unless the context otherwise requires, to such Renewal Term; provided that the rental payable during such Renewal Term shall be at a rental rate

equal to (i) in the case of the first Renewal Term the lesser of (x) the Renewal Term Rate and (y) the fair market rental value for the Aircraft determined within 90 days after such election by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal, and (ii) in the case of any Renewal Term thereafter, the fair market rental value of the Aircraft determined within 90 days after such election by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal; and provided, further, that the provisions of Section 9 shall not be applicable during any Renewal Term. The amounts which are payable during any such Renewal Term in respect of Termination Value as used in Section 15 and Stipulated Loss Value with respect to the Aircraft shall be determined on the basis of the fair market sales value of the Aircraft as of the commencement of such Renewal Term, amortized on a straight-line basis over such Renewal Term to the fair market sales value of the Aircraft as of the expiration of such Renewal Term, as such fair market sales value in each case is determined prior to the commencement of such Renewal Term by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, as determined by an Independent Appraisal.

(b) Special Purchase Option. On August 11, 2012, or, if such date is not a Business Day, on the next succeeding Business Day (the "Special Purchase Option Date"), Lessee shall have the right, at its option, to purchase the Aircraft. Such option to purchase the Aircraft shall be exercised irrevocably upon written notice from Lessee to Lessor given not less than 120 days prior to the Special Purchase Option Date. In the event that Lessee shall have so elected to purchase the Aircraft, on the Special Purchase Option Date, (x) Lessee shall pay the Basic Rent installment due on the Special Purchase Option Date (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), and at its option shall either (A) pay to Lessor, in funds of the type specified in Section 3(d), (1) an amount determined by multiplying Lessor's Cost for the Aircraft by the Special Purchase Price Percentage (the "Special Purchase Price"), plus (2) all Supplemental Rent (including, without limitation, the Break Amount, if any, on the Certificates) due and owing on such Special Purchase Option Date, plus (3) all Basic Rent due prior to and unpaid on such Special Pur-

chase Option Date, or (B) assume all of the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates (including, without limitation, any scheduled payment of principal of or accrued interest on the Certificates due and payable on the Special Purchase Option Date but only to the extent that any Basic Rent installment payable by Lessee pursuant to clause (x) above or previously paid pursuant to this Lease does not cover such scheduled payment of principal or accrued interest on the Certificates and excluding any obligations or liabilities of the Owner Trustee in its individual capacity incurred on or prior to the Special Purchase Option Date, which obligations and liabilities shall remain the sole responsibility of the Owner Trustee in its individual capacity) in accordance with Section 2.16 of the Trust Indenture and simultaneously shall pay to Lessor, in funds of the type specified in Section 3(d), an amount equal to the excess, if any, of the Special Purchase Price over an amount equal to the sum of the principal of, and any accrued and unpaid interest on (except that such unpaid interest, for purposes of this Section 20(b), shall be deemed to have accrued at the Assumed Debt Rate), the outstanding Certificates on such Special Purchase Option Date, after taking into account any payments of principal or interest made in respect of the outstanding Certificates on such Special Purchase Option Date, and (y) Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft and, if Lessee shall not have assumed the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Certificates as provided for above, Lessor will request the Indenture Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the Lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge thereunder.

(c) Purchase Option. Lessee shall have the right, at its option, at the expiration of the Term or any Renewal Term, to elect to purchase the Aircraft at a price equal to the fair market sales value of the Aircraft, as determined as provided below. Such option to purchase shall be exercised irrevocably upon written notice from Lessee to Lessor given not less than 120 days prior to the last day of the Term or any Renewal Term, as

the case may be. If Lessee shall have so elected to purchase the Aircraft, Lessor shall transfer without recourse or warranty (except as to Lessor's Liens) the Aircraft to Lessee, against payment by Lessee of the applicable purchase price and any other amounts due hereunder in immediately available funds. In order to enable Lessee to determine whether it wishes to exercise such election to purchase, the fair market sales value for the Aircraft shall, at Lessee's request made in sufficient time to permit such determination, be determined not less than 150 days prior to the end of the Term or any Renewal Term by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal.

Section 21. Successor Owner Trustee. Lessee agrees that, in the case of the appointment of any successor Owner Trustee pursuant to the terms of the Trust Agreement and Section 9(d) of the Participation Agreement, such successor Owner Trustee shall succeed to all the rights, powers and title of Lessor hereunder and shall be deemed to be Lessor of the Aircraft for all purposes without in any way altering the terms of this Lease or Lessee's obligations hereunder. Lessee further agrees that in the case of the appointment of any additional trustee to act as co-trustee or as a separate trustee pursuant to the terms of the Trust Agreement and Section 9(d) of the Participation Agreement, such additional trustee shall acquire such rights, power and title of Lessor hereunder as are specified in the instruments appointing such additional trustee, without in any way altering the terms of this Lease or Lessee's obligations hereunder. One such appointment and designation of a successor or additional Owner Trustee shall not exhaust the right to appoint and designate further successor or additional Owner Trustees pursuant to the Trust Agreement and Section 9(d) of the Participation Agreement, but such right may be exercised repeatedly as long as this Lease shall be in effect.

Section 22. Security for Lessor's Obligation to Loan Participants. In order to secure the indebtedness evidenced by the Certificates, Lessor has agreed in the Trust Indenture, among other things, to assign to the Indenture Trustee this Lease and the Lease Supplements and to mortgage in favor of the Indenture Trustee all of Lessor's right, title and interest in and to the Aircraft, subject to the reservations and conditions therein set forth. Lessee hereby consents to such assignment and to the creation of such mortgage and security interest and

acknowledges receipt of copies of the Trust Indenture and the Trust Agreement and Indenture Supplement, it being understood that such consent shall not affect any requirement or the absence of any requirement for any consent under any other circumstances. To the extent, if any, that this Lease Agreement constitutes chattel paper (as such term is defined in the Uniform Commercial Code as in effect in any applicable jurisdiction), no security interest in this Lease may be created through the transfer or possession of any counterpart hereof other than the original counterpart, which shall be identified as the counterpart containing the receipt therefor executed by the Indenture Trustee on the signature page thereof.

Section 23. Lessor's Right to Perform for Lessee. If Lessee fails to make any payment of Rent required to be made by it hereunder or fails to perform or comply with any of its agreements contained herein, Lessor may, on behalf of Lessee and upon prior notice to Lessee, itself make such payment or undertake such performance or compliance. The amount of any such payment and the amount of the reasonable expenses of Lessor incurred in connection with such payment, performance or compliance together with interest thereon, at the Overdue Rate, shall be deemed Supplemental Rent, payable by Lessee upon demand.

Section 24. Maintenance of Certain Engines. Notwithstanding anything to the contrary contained herein, an aircraft engine which is not an Engine, but which is installed on the Airframe, shall be maintained in accordance with Section 7(a).

Section 25. Investment of Security Funds; Miscellaneous. Any moneys required to be paid to or retained by Lessor which are not required to be paid to Lessee pursuant to Section 10(f) or 11(b) solely because an Event of Default hereunder (or event that with lapse of time would constitute an Event of Default under Section 14(a), 14(g), 14(h) or 14(i)) shall have occurred, or which are required to be paid to Lessee pursuant to Section 10(c) or 11(b) after completion of a replacement to be made pursuant to Section 10(a) shall, until paid to Lessee as provided in Section 10 or 11 or applied as provided herein or in the Trust Agreement and Trust Indenture, be invested in Permitted Investments by Lessor (unless the Trust Indenture shall not have been discharged, in which case, by the Indenture Trustee as provided in Section 3.07 of the Trust Indenture) from time to time as directed in

writing by Lessee. There shall, so long as no Event of Default shall have occurred or be continuing, be promptly remitted to Lessee as a rebate of Rent any gain (including interest received) realized as the result of any such investment (net of any fees, commissions and other expenses, if any, incurred in connection with such investment) and Lessee will promptly pay to Lessor or the Indenture Trustee, as the case may be, on demand, as Supplemental Rent the amount of any loss realized as the result of any such investment (together with any fees, commissions and other expenses, if any, incurred in connection with such investment), such amount to be disposed of in accordance with the terms of the Trust Agreement and the Trust Indenture.

Section 26. Concerning the Lessor. Wilmington Trust Company is entering into this Lease Agreement solely in its capacity as Owner Trustee under the Trust Agreement and not in its individual capacity (except as expressly stated herein) and in no case shall Wilmington Trust Company (or any entity acting as successor Owner Trustee under the Trust Agreement) be personally liable for or on account of any of the statements, representations, warranties, covenants or obligations stated to be those of Lessor hereunder; provided, however, that Wilmington Trust Company (or any such successor Owner Trustee) shall be personally liable hereunder for its own gross negligence or willful misconduct or for its breach of its covenants, representations and warranties contained herein, to the extent covenanted or made in its individual capacity.

Section 27. Sublessee's Performance and Rights. Any obligation imposed on Lessee in this Lease shall require only that Lessee perform or cause to be performed such obligation, even if stated herein as a direct obligation, and the performance of any such obligation by any permitted assignee, sublessee or transferee under an assignment, sublease or transfer agreement then in effect shall constitute performance by Lessee and to the extent of such performance discharge such obligation by Lessee. Except as otherwise expressly provided herein, any right granted to Lessee in this Lease shall grant Lessee the right to exercise such right or permit such right to be exercised by any such assignee, sublessee or transferee; provided that no such assignee, sublessee or transferee shall be permitted to exercise the self-insurance rights of Lessee set forth in Section 11. The inclusion of specific references to obligations or rights of any such as-

signee, sublessee or transferee in certain provisions of this Lease shall not in any way prevent or diminish the application of the provisions of the two sentences immediately preceding with respect to obligations or rights in respect of which specific reference to any such assignee, sublessee or transferee has not been made in this Lease.

Section 28. Miscellaneous. Any provision of this Lease which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. This Lease may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered, subject to Section 22, shall be an original, but all such counterparts shall together constitute but one and the same instrument. To the extent permitted by applicable law, Lessee hereby waives any provision of law which renders any provision prohibited or unenforceable in any respect. Neither this Lease nor any of the terms hereof may be terminated, amended, supplemented, waived or modified orally, but only by an instrument in writing signed by the party against which the enforcement of the termination, amendment, supplement, waiver or modification is sought and no provision referring to the Owner Participant or requiring the consent or participation of or notice to the Owner Participant may be waived, modified, supplemented, terminated or amended without the express written consent of the Owner Participant. This Lease shall constitute an agreement of lease, and nothing herein shall be construed as conveying to Lessee any right, title or interest in the Aircraft except as a lessee only. To the extent consistent with the provisions of Title 11 U.S.C. Section 1110, or any analogous section of the Federal bankruptcy laws, as amended from time to time, it is hereby expressly agreed that, notwithstanding any other provisions of the Federal bankruptcy laws, as amended from time to time, the title of Lessor to the Aircraft and any right of Lessor to take possession of the Aircraft in compliance with the provisions of this Lease shall not be affected by the provisions of the Federal bankruptcy laws, as amended from time to time. The section and paragraph headings in this Lease and the table of contents are for convenience of reference only and shall not modify, define, expand or limit any of the terms or provisions hereof and all refer-

ences herein to numbered sections, unless otherwise indicated, are to sections of this Lease.

THIS LEASE AGREEMENT HAS BEEN DELIVERED IN THE STATE OF NEW YORK AND SHALL IN ALL RESPECTS BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK, INCLUDING ALL MATTERS OF CONSTRUCTION, VALIDITY AND PERFORMANCE.

IN WITNESS WHEREOF, Lessor and Lessee have each caused this Lease Agreement to be duly executed as of the day and year first above written.

on such Special Termination Date as provided in Section 9(e). The termination of this Lease shall, subject to the terms and conditions set forth in this Section 9, be effective on (i) if Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to sell the Aircraft, as provided below, the date of sale of the Aircraft, if any, referred to in Section 9(b), (ii) if Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to retain the Aircraft as provided in Section 9(d), the date of termination referred to in Section 9(d), or (iii) if Lessee has elected to purchase the Aircraft as provided in Section 9(e), the date of purchase referred to in Section 9(e). Where Lessee has not elected to purchase the Aircraft as provided for in Section 9(e), Lessor shall give Lessee irrevocable notice of its election to sell or retain the Aircraft no later than 45 days after Lessor receives the notice from Lessee referred to in the first sentence of this Section 9(a). In the event Lessor shall fail to give notice pursuant to the immediately preceding sentence, notice of its election to sell the Aircraft shall be deemed to have been given as of such forty-fifth day. Unless Lessor shall have given to Lessee a timely notice of its election to retain the Aircraft as provided in Section 9(d), Lessee (1) shall withdraw such termination notice on the Termination Contract Date if the Person who shall have submitted the highest cash bid notified by Lessee to Lessor or by Lessor or the Owner Participant to Lessee pursuant to Section 9(b) prior to the Termination Contract Date (or, with the consent of Lessor, another person who shall have submitted a bid for the purchase of the Aircraft, acceptable to Lessor and Lessee) shall not have entered into a binding contract of sale on or prior to such Termination Contract Date reasonably acceptable to the Owner Participant providing for the sale by Lessor without recourse or warranty (except as to Lessor's Liens) for cash of the Airframe and the Engines installed thereon to such Person (the "Contract Purchaser") (Lessor hereby agreeing, subject to Lessor's right to retain the Aircraft, promptly to execute and deliver any such contract of sale in the form thereof furnished by Lessee for execution and delivery and Lessee hereby agreeing to consult with the Owner Participant regarding the terms of such contract of sale and to submit the execution form thereof to the Owner Participant a reasonable period of time prior to

the Termination Contract Date) and (2) may withdraw the termination notice referred to above at any time on or prior to the third Business Day prior to the Termination Contract Date, whereupon this Lease shall continue in full force and effect. In the event Lessee withdraws, on or after the third Business Day prior to the Termination Contract Date, a notice of termination given pursuant to this Section 9(a) or such notice is deemed withdrawn pursuant to the final sentence of Section 9(b), Lessee will reimburse Lessor and the Owner Participant for any reasonable out-of-pocket expenses incurred by them in connection with the proposed sale, except Lessee shall not be obligated to reimburse Lessor or the Owner Participant for any out-of-pocket expenses to the extent Lessor shall have failed to comply with its obligations under this Section 9. Lessee shall not be entitled to exercise its right of termination provided for in this Section 9(a) more than four times during the Term (not including for purposes of this sentence any exercise by Lessee of such right of termination immediately following a failure of this Lease to be terminated by reason of Lessor's failure to comply with its obligations under this Section 9).

(b) Sale of Aircraft. If Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected or is deemed to have elected to sell the Aircraft pursuant to Section 9(a), Lessee will have the option of acting as non-exclusive agent for Lessor to obtain bids for the cash purchase on or prior to the Termination Date of the Aircraft. Lessor agrees to pay Lessee a commercially reasonable brokerage fee based on the then current industry practice in the event that Lessee locates the Person who purchases the Aircraft pursuant to this Section 9(b). If Lessee acts as such agent, no later than ten Business Days prior to the Termination Contract Date, Lessee shall certify to Lessor in writing the amount and terms of each cash bid received by Lessee and the name and the address of the Person submitting each such bid. Lessor may (but need not), also, at its expense (which expense, including without limitation any broker's or finder's fees, shall be for the Owner Participant's own account), independently obtain cash bids for such purchase and, in the event Lessor receives any such bid, Lessor shall promptly, and in any event at least five Business Days prior to the Termination Contract Date certify to Lessee in writing the amount and terms of such bid and the name

and address of the Person submitting such bid. Neither the Owner Participant, Lessee, nor any Affiliate of either may submit a bid for the Aircraft, directly or indirectly, in connection with such proposed sale. On the Termination Date (or such earlier date of sale as may be agreed to by Lessor and Lessee, which date shall thereafter be deemed the Termination Date), (x) Lessee shall, subject to receipt (i) by Lessor (or, so long as the Trust Indenture shall not have been discharged, the Indenture Trustee) of the full purchase price thereof and all amounts owing to Lessor pursuant to the next sentence and (ii) by the Persons entitled thereto of all unpaid Supplemental Rent due on or before the Termination Date, deliver the Aircraft at a location selected by Lessee to the Contract Purchaser (or such other purchaser acceptable to Lessor and Lessee), in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accordance with the terms of Section 5, and (y) Lessor shall simultaneously therewith sell, without recourse or warranty (except as to Lessor's Liens), for cash all of Lessor's right, title and interest in and to the Aircraft to such Contract Purchaser (or other purchaser). The total selling price realized at such sale shall be retained by Lessor (or, so long as the Trust Indenture shall not have been discharged, distributed by the Indenture Trustee pursuant to the terms of the Trust Indenture) and, in addition, on the Termination Date, Lessee shall pay to Lessor or, in the case of Supplemental Rent, to the Persons entitled thereto, in funds of the type specified in Section 3(d), an amount equal to (I) the sum of (1) the excess, if any, of (A) the Termination Value for the Aircraft as of the Termination Date, over (B) the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person), plus (2) that amount of interest that will accrue on the principal of all Outstanding Equipment Notes during the period from and including the Termination Date to but excluding the Redemption Date specified in Section 6.01 of the Trust Indenture, plus (3) all Supplemental Rent (including, without limitation, Make-Whole Amount, if any, and Swap Breakage Loss, if any, as the case may be, payable in connection with a redemption of any Equipment Notes resulting from

a termination under this Section 9(b)) other than Termination Value, due and owing on the Termination Date, plus (4) (A) if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance), or (B) if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, plus (5) all Basic Rent due and payable prior to the Termination Date and unpaid, less (II) any credit to which Lessee may be entitled as hereinafter in this Section 9(b) provided. Subject always to the provisions of the penultimate paragraph of Section 3(b), if the Termination Date with respect to which Termination Value is determined is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall be entitled to a credit against the amounts payable by it pursuant to this Section 9(b) in an amount equal to the lesser of (x) the Unearned Advance Basic Rent as of the Termination Date, and (y) the amount, if any, by which the proceeds of the sale of the Aircraft after deducting the reasonable out-of-pocket expenses incurred by Lessor and the Owner Participant (including any brokerage fee paid to Lessee or any other Person) exceeds the Termination Value for the Aircraft as of the Termination Date; provided that, in the event that the amount calculated pursuant to this sentence to be credited exceeds the amounts payable by Lessee pursuant to this Section 9(b), the Owner Participant shall be obligated to rebate an amount equal to such excess to Lessee. If on or prior to the scheduled Termination Date no sale of the Aircraft shall have occurred and if Lessor shall not have elected to retain the Aircraft in accordance with Section 9(d) or Lessee shall not have elected to purchase the Aircraft in accordance with Section 9(e), Lessee's notice given pursuant to Section 9(a) shall be deemed to be withdrawn as of such

scheduled Termination Date and this Lease shall continue in full force and effect.

(c) Certain Obligations upon Sale of Aircraft. Upon the sale of the Aircraft pursuant to and in accordance with the provisions of Section 9(b), Lessor will transfer to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Airframe. Lessor shall be under no duty to solicit bids, to inquire into the efforts of Lessee to obtain bids or otherwise take any action in connection with the sale of the Aircraft under Section 9(b), other than to transfer to the purchaser of the Aircraft (or to such purchaser and to Lessee, as the case may be), without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft against receipt of the payments provided for herein, and to pay the amounts, if any, required to be paid by Lessor under Section 9(b) or this Section 9(c), and to request the Loan Trustee upon the sale of the Aircraft pursuant to Section 9(b) to execute and deliver to such purchaser (or to such purchaser and to Lessee, as the case may be) an appropriate instrument releasing the Aircraft from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. Lessor agrees to notify promptly Lessee of the appointment by Lessor of any broker or finder (other than Lessee) in connection with the sale of the Aircraft pursuant to Section 9(b) and, subject to Section 9(b), to pay the fees or commissions of any such broker or finder employed by Lessor in connection with the sale of the Aircraft pursuant to Section 9(b).

(d) Retention of Aircraft by Lessor. If Lessee has not elected to purchase the Aircraft as provided in Section 9(e) and Lessor has elected to retain the Aircraft pursuant to Section 9(a), on the Termination Date specified in Lessee's termination notice, Lessor shall pay, or cause to be paid, to the Loan Trustee in funds of the type specified in Section 3(d), an amount equal to (1) the aggregate outstanding principal amount of the Equipment Notes and all accrued interest thereon, plus (2) that amount of interest that will accrue on the principal of all Outstanding Equipment Notes during

the period from and including the Termination Date to but excluding the Redemption Date specified in Section 6.01 of the Trust Indenture, plus (3) all other sums due and payable to the Loan Trustee on such Termination Date under the Trust Indenture, the Participation Agreement or such Equipment Notes. Subject to receipt by the Loan Trustee of such funds, on the Termination Date, (i) Lessee (x) shall deliver the Aircraft to Lessor in the same manner as if delivery were made to Lessor at the end of the Term pursuant to Section 5, and shall duly transfer to Lessor title to any engines installed on the Airframe but not owned by Lessor, all in accordance with the terms of Section 5, and (y) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3(d), all Supplemental Rent (including, without limitation, Make-Whole Amount, if any, and Swap Breakage Loss, if any, as the case may be payable in connection with a redemption of any Equipment Notes resulting from a termination under this Section 9(d)), other than Termination Value, due and owing on the Termination Date, and, if the Termination Date is a Lease Period Date, the Basic Rent installment due and payable on that date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) or, if the Termination Date is not a Lease Period Date and if Basic Rent is payable in arrears during the Lease Period commencing on the Lease Period Date next preceding the Termination Date, an amount equal to the Accrued Arrears Basic Rent for the period from and including such Lease Period Date to but excluding the Termination Date, and all Basic Rent due and payable prior to the Termination Date and unpaid, less (B) any credit to which Lessee may be entitled as hereinafter in this Section 9(d) provided, and (ii) Lessor (x) shall transfer or cause to be transferred to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Airframe, and (y) shall request the Loan Trustee to execute and deliver to Lessee an appropriate instrument releasing the Aircraft from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge under the Trust Indenture. If the Termination

Date is not a Lease Period Date and if any portion of the Basic Rent installment paid in respect of the Lease Period commencing on the Lease Period Date next preceding the Termination Date is designated in Exhibit A-1 to the Rent Schedule as having been payable in advance, Lessee shall, subject always to the provisions of the penultimate paragraph of Section 3(b), be entitled to a credit against the amounts payable by it pursuant to this Section 9(d) in an amount equal to the Unearned Advance Basic Rent as of the Termination Date; provided that in the event that the Unearned Advance Basic Rent exceeds the amount payable by Lessee pursuant to this Section 9(d), the Owner Participant will be obligated to rebate an amount equal to such excess to Lessee. If Lessor shall fail to perform any of its obligations pursuant to this Section 9(d) and as a result thereof this Lease shall not be terminated on a proposed Termination Date, Lessor shall thereafter no longer be entitled to exercise its election to retain the Aircraft and Lessee may at its option at any time thereafter submit a new termination notice pursuant to Section 9(a).

(e) Purchase of Aircraft by Lessee. In the event that Lessee shall have elected to purchase the Aircraft on a Special Termination Date pursuant to Section 9(a), on such Special Termination Date, Lessee shall purchase the Aircraft at a price (the "Special Termination Price") equal to the greater of (i) the Termination Value for the Aircraft, computed as of the Special Termination Date and (ii) the then fair market sales value of the Aircraft, as determined by mutual agreement of Lessor and Lessee or, if they shall be unable to agree, by an Independent Appraisal. On such Special Termination Date, (x) Lessee (i) shall pay to Lessor or to the Persons entitled thereto, in funds of the type specified in Section 3(d), all unpaid Supplemental Rent (including, without limitation, Make-Whole Amount, if any, and Swap Breakage Loss, if any, as the case may be, payable in connection with a redemption of any Equipment Notes resulting from a termination under this Section 9(e)), other than Termination Value, due and owing on such Special Termination Date, all Basic Rent due and payable prior to the Special Termination Date and unpaid and the Basic Rent installment due and payable on the Special Termination Date pursuant to Section 3(b) (it being understood and agreed that Lessee shall not be required to pay the portion, if any, of

such Basic Rent installment designated in Exhibit A-1 to the Rent Schedule as being payable in advance) and (ii) at its option shall either (A) pay to Lessor, in funds of the type specified in Section 3(d), the Special Termination Price, or (B) assume all of the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Equipment Notes (including, without limitation, any scheduled payment of principal of or accrued interest on the Equipment Notes due and payable on the Special Termination Date but only to the extent that the Basic Rent installment payable by Lessee pursuant to clause (i) above does not cover such scheduled payment of principal of or accrued interest on the Equipment Notes but excluding any obligations or liabilities of the Owner Trustee in its individual capacity incurred on or prior to the Special Termination Date, which obligations and liabilities shall remain the sole responsibility of the Owner Trustee) in accordance with Section 7.03 of the Trust Indenture and simultaneously shall pay to Lessor, in funds of the type specified in Section 3(d), an amount equal to the excess, if any, of the Special Termination Price over an amount equal to the sum of the principal of and any accrued and unpaid interest on the outstanding Equipment Notes on such Special Termination Date, after taking into account any payments of principal or interest made in respect of the outstanding Equipment Notes on such Special Termination Date, and (y) Lessor will sell to Lessee, without recourse or warranty (except as to Lessor's Liens), all of Lessor's right, title and interest in and to the Aircraft and all of Lessor's right, title and interest in and to any Engines constituting part of the Aircraft but which are not then installed on the Airframe and, if Lessee shall not have assumed the rights and obligations of the Owner Trustee under the Trust Indenture in respect of the Equipment Notes as provided for above, Lessor will request the Loan Trustee to execute and deliver to Lessee an appropriate instrument releasing the Airframe and Engines with respect to which title is transferred from the lien of the Trust Indenture and releasing the Purchase Agreement and the Purchase Agreement Assignment from the assignment and pledge thereunder.

(f) Termination of Lease, Etc. Upon the sale or retention or purchase of the Aircraft, as the case may be, in compliance with the provisions of this Section 9, (i) the obligation of Lessee to pay Basic Rent

under Section 3(b) on any Lease Period Date occurring subsequent to the applicable Termination Value Determination Date, and (ii) the obligation of Lessee to pay Supplemental Rent (subject to Section 3(f), other than payments of Supplemental Rent to be made by Lessee (x) surviving pursuant to Section 7(d) of the Participation Agreement or Section 10 of the Tax Indemnity Agreement or (y) in respect of liabilities and obligations of Lessee which have accrued under any Operative Document but have not been paid or which are in dispute as of the date of such sale or retention) shall cease as of the Termination Date and, in each case, the Term shall end effective as of the Termination Date.

(g) Termination as to Engines. So long as no Event of Default shall have occurred and be continuing, Lessee shall have the right at its option at any time, on at least 60 days' prior written notice, to terminate this Lease with respect to any Engine. In such event, and prior to the date of such termination, Lessee shall replace such Engine hereunder by complying with the terms of Section 10(b) to the same extent as if an Event of Loss had occurred with respect to such Engine."

(a) Except as provided in paragraph (c) below, and subject to paragraph (b) below, and without duplication of any amounts payable under Section 9(a) of the Participation Agreement, all of the initial out-of-pocket costs, fees and expenses incurred by the Indenture Trustee, the Owner Trustee, the Initial Bank Lender, the Owner Participant, the Pass Through Trustee, the Loan Trustee and the Original Loan Participant (in each case, to the extent set forth below) in connection with the transactions contemplated by this Agreement, the other Operative Documents, the Pass Through Trust Supplements, and the Underwriting Agreement shall be paid promptly by the Owner Participant including, without limitation,

(1) the reasonable fees, expenses and disbursements allocable to the Equipment Notes issued under the Indenture of (A) Bingham, Dana & Gould, special counsel for the Pass Through Trustee and the Loan Trustee, (B) Potter Anderson & Corroon, special counsel for the

Owner Trustee, (C) Crowe & Dunlevy, P.C., special counsel in Oklahoma City, Oklahoma, (D) Shearman & Sterling, special counsel for the Underwriters of the Pass Through Certificates in an amount separately agreed, (E) Debevoise & Plimpton, special counsel for the Lessee in an amount separately agreed and (F) Vedder, Price, Kaufman, Kammholz & Day, special counsel to the Original Loan Participant;

(2) the reasonable fees, expenses and disbursements of Sidley & Austin, special counsel for the Owner Participant;

(3) the reasonable fees, expenses and disbursements of Coudert Brothers, special counsel for the Initial Bank Lender; and

(4) all other reasonable expenses incurred in connection with such actions and transactions, including, without limitation, the fees, expenses and/or commissions payable to each of the Underwriters in connection with the offering and sale of the Pass Through Certificates, the commitment fee payable to the Initial Bank Lender in the amount separately agreed, printing and document production or reproduction expenses and its proportionate share of all fees, taxes and other charges payable in connection with the offering and sale of the Pass Through Certificates and with the recording or filing of any instruments and financing statements required to be recorded or filed in connection with the transactions contemplated by this Section 12, in each case allocable to the Equipment Notes issued under the Indenture;

provided that the aggregate amount of the costs, fees and expenses payable by the Owner Participant pursuant to this Section 12, together with the costs, fees and expenses payable by the Owner Participant pursuant to Section 12 of the Refunding Agreements (AA 1995 PTC Series AB) and (AA 1995 PTC Series AC) (the "Other Refunding Agreements"), each dated as of the date hereof, shall not be in excess of 1% of the aggregate principal amount of the equipment notes issued on the Refunding Date pursuant to the Indenture and the Other Indentures. To the extent, if any, that the costs, fees and expenses referred to in this Section 12 and Section 12 of the Other Refunding Agreements shall be in excess of 1% of the aggregate principal amount of the equipment notes issued on the Refunding Date pursuant to the Indenture and

the Other Indentures, such costs, fees and expenses shall be paid by the Lessee.

Notwithstanding the foregoing, the Lessee shall pay, in those amounts separately agreed, the fees, expenses and disbursements of Debevoise & Plimpton, special counsel for the Lessee, and the fees and expenses of Babcock & Brown, the Lessee's financial advisor.

(b) The Owner Participant prior to the payment thereof will send copies of any invoices received by it with respect to any of the foregoing fees, expenses and disbursements constituting transaction costs to the Lessee for the Lessee's review and approval, such approval not to be unreasonably withheld or delayed.

(c) In the event that the transactions contemplated by this Section 12 and the agreements referred to herein are not consummated, the Lessee shall, except as provided in the Underwriting Agreement with regard to fees and expenses of the Underwriters, bear and pay all costs, expenses and fees referred to in this Section 12; provided that: (i) if the transaction fails to be consummated as a result of the failure of the Owner Participant to act in good faith in consummating the transactions, or otherwise comply with the terms hereof, the Owner Participant shall bear and pay its own fees, costs and expenses (including, without limitation, the fees and expenses of its special counsel), and the Lessee shall pay all other reasonable fees, costs and expenses as aforesaid; and (ii) if the transaction fails to be consummated as a result of the failure of the Initial Bank Lender to act in good faith in consummating the transactions, or otherwise comply with the terms hereof, the Initial Bank Lender shall bear and pay its own fees, costs and expenses (including, without limitation, the fees and expenses of its special counsel), and the Lessee shall pay all other reasonable fees, costs and expenses as aforesaid.

SECTION 13. TERMS OF SWAP TRANSACTION. (a) Subject to Section 2(c), the terms of the interest rate swap transaction to be entered into by the Initial Bank Lender are described in Exhibit N hereto, as such Exhibit N may be modified to reflect any changes in dates and the actual Fixed Rate applicable to such swap transaction as determined pursuant to Section 2 of this Refunding Agreement. Such Exhibit N shall constitute a part hereof as if the terms thereof were set forth herein in full.

(b) Each Bank Lender agrees that, upon notice from the Owner Trustee or the Lessee or upon otherwise learning of the possibility of the occurrence of (i) any of the events described in Section 6.01 of the Indenture or (ii) an acceleration or a redemption (or purchase in lieu of redemption) of the Bank Equipment Notes, such Bank Lender (or, if the Initial Bank Lender is the sole counterparty to the Actual Swap, the Initial Bank Lender) shall promptly (A) to the extent permitted by applicable law, notify the Lessee and the Owner Trustee of such possibility and (B) thereafter provide the Lessee and the Owner Trustee with a non-binding good faith estimate of the Break Funding Amount.

(c) In the event any of the Bank Equipment Notes are redeemed (or purchased in lieu of redemption) pursuant to Section 6.01 of the Indenture, the Owner Trustee hereby directs each Bank Lender, and each Bank Lender hereby agrees, to pay directly to the Lessee an amount equal to any Swap Breakage Gain. In the event any of the Bank Equipment Notes are accelerated or redeemed (or purchased in lieu of redemption) as a result of an Indenture Event of Default that also constitutes a Lease Event of Default that has occurred and is continuing, the Owner Trustee hereby directs each Bank Lender that is a swap counterparty to the Actual Swap, and each such Bank Lender hereby agrees, to pay directly to the Lessee an amount equal to any Swap Breakage Gain; provided that no Bank Lender shall be required to make any such payment to the Lessee pursuant to this sentence unless the Bank Equipment Notes held by such Bank Lender that are subject to such acceleration or redemption (or purchase in lieu of redemption) shall have been paid in full. Notwithstanding the foregoing, in the event any of the Bank Equipment Notes are accelerated or redeemed (or purchased in lieu of redemption) as a result of an Indenture Event of Default that does not also constitute a Lease Event of Default, the Owner Trustee hereby directs each Bank Lender that is a swap counterparty to the Actual Swap, and each such Bank Lender hereby agrees, to pay directly to the Owner Trustee for distribution pursuant to the Trust Agreement, an amount equal to any Swap Breakage Gain; provided that no Bank Lender shall be required to make any such payment to the Owner Trustee pursuant to this sentence unless the Bank Equipment Notes held by such Bank Lender that are subject to such acceleration or redemption (or purchase in lieu of redemption) shall have been paid in full.

SECTION 14. ADDITIONAL COSTS. (a) (i) Additional Costs.  
If a Regulatory Change with respect to the

Initial Bank Lender or any Permitted Transferee shall (A) impose on such Bank Lender any reserve, special deposit or any similar requirement with respect to the loan evidenced by its Bank Equipment Notes or any capital adequacy requirement requiring the maintenance by such Bank Lender of additional capital with respect to the loan evidenced by its Bank Equipment Notes, or (B) change the basis of taxation in the jurisdictions in which such Bank Lender has either its principal office or the lending office through which it is participating in the Bank Equipment Notes (for such Bank Lender, its "Lending Office") of any amounts payable to such Bank Lender under the Indenture (other than any change with respect to (1) Taxes based on or imposed on or with respect to or measured by the capital, receipts or franchises of such Bank Lender or the overall net or gross income of such Bank Lender or such Lending Office, or (2) Taxes imposed on such Bank Lender or such Lending Office in lieu of or as a direct substitute for any Tax described in the preceding clause (1)) and as a result of any of the foregoing there shall be any material increase in the actual cost to such Bank Lender of making, funding or maintaining the loan evidenced by its Bank Equipment Notes or any material reduction in the amount receivable by such Bank Lender in respect thereof, in either case where such event does not arise from the gross negligence or willful misconduct of such Bank Lender, from its breach of any of its representations, warranties or covenants contained in any Operative Document or from its failure to comply with any such Regulatory Change (any such increase or reduction being referred to herein as an "Additional Cost"), then, upon demand made by such Bank Lender to the Owner Trustee, with a copy thereof to the Lessee, following the applicable Regulatory Change, the Owner Trustee shall pay directly to such Bank Lender from time to time, commencing within 15 days of the presentation by such Bank Lender of the certificate specified in the final sentence of the first paragraph of Section 14(a)(ii) hereof, an amount equal to the Additional Costs accruing from the date of delivery of such certificate. Notwithstanding any of the foregoing, the Owner Trustee's obligation to pay Additional Costs shall be limited to making such payments when and to the extent the Owner Trustee receives a corresponding payment of Supplemental Rent from the Lessee.

(ii) Notices, Mitigation and Determinations. Each Bank Lender will notify the Owner Trustee and the Lessee of any event occurring after the date of this Agreement (or, if later, after the date on which such Bank Lender purchased its Bank Equipment Notes) that will entitle such

Bank Lender to compensation under Section 14(a)(i) hereof or Section 7(c) of the Participation Agreement as promptly as practicable, but, in the case of Section 14(a)(i) hereof, in any event within 30 days after the enactment date of the relevant Regulatory Change. As a condition to a Bank Lender's receiving compensation pursuant to this Section 14(a)(i) or Section 7(c) of the Participation Agreement, each such Bank Lender shall use its best efforts to avoid the need for, or to reduce the amount of, such compensation, and such Bank Lender shall take all reasonable steps to so avoid the need for, or reduce the amount of, such compensation, including, without limitation, designating a different Lending Office of such Bank Lender (other than a Lending Office that would render such Bank Lender no longer a Treaty Lender or an Exempt Lender, as the case may be), for the Bank Equipment Notes; provided that such Bank Lender shall not be obligated to take any steps that will, in its reasonable opinion, impose any material loss, cost, expense or liability upon such Bank Lender. The affected Bank Lender shall furnish to the Owner Trustee and the Lessee (A) in the case of Section 14(a)(i) hereof, an opinion of counsel describing the Regulatory Change giving rise to the need for the payment of such compensation pursuant to Section 14(a)(i) hereof and (B) an Officer's Certificate describing in reasonable detail the facts giving rise to such Bank Lender's right to the payment of such compensation pursuant to, and the basis in reasonable detail of computing such compensation under, as applicable, this Section 14(a) or Section 7(c) of the Participation Agreement, including, without limitation, a description of the steps taken by such Bank Lender to avoid or mitigate the amount of any such compensation referred to in this Section 14(a) or Section 7(c) of the Participation Agreement and certifying that such Bank Lender has complied with its obligations under this Section 14(a) or Section 7(c) of the Participation Agreement.

Notwithstanding the foregoing provisions of this Section 14(a), in no event shall the Owner Trustee be required to make payments under this Section 14(a) in respect of any Regulatory Change proposed by any applicable governmental authority (including any branch of a legislature), central bank or comparable agency and pending as of the date of this Refunding Agreement or, in the case of any Bank Lender that is an Assignee pursuant to Section 10(e) hereof, pending as of the date of the transfer. In addition, the Owner Trustee shall not be required to make payments under this Section 14(a) to any Bank Lender if such Bank Lender's claim hereunder arises through circumstances peculiar to

such Bank Lender and which do not affect commercial banking institutions in the same jurisdiction generally. No Bank Lender shall seek payment with respect to Additional Costs hereunder if such Bank Lender is not also seeking payment for similar increased costs in other similarly situated transactions.

(b) Certain Transfers of Bank Equipment Notes. If any Bank Lender requests compensation for any amounts pursuant to Section 14(a) hereof or Section 7(c) of the Participation Agreement, the Owner Trustee shall, but only at the express direction of the Lessee (which direction the Lessee may, in its sole discretion, elect to give), require that such Bank Lender transfer its Bank Equipment Notes and all of its rights and obligations as a "Bank Lender" under its Bank Equipment Notes, this Agreement, the Participation Agreement and the Indenture to any Person or Persons (such Person or Persons being herein referred to as the "Replacement Lender(s)") identified by the Owner Trustee (as so directed by the Lessee) in a notice (the "Replacement Notice") to such Bank Lender specifying the date on which such transfer is requested to occur, the name(s) of the Replacement Lender(s) to which its interest in the Bank Equipment Notes is to be transferred and the portion thereof to be transferred to each, which notice shall be given not less than 15 Business Days prior to the date on which such transfer is to occur. Promptly after its receipt of any such notice from the Owner Trustee, unless such notice indicates that the Replacement Lender(s) do not desire an assignment of the Actual Swap, if any, or Swap Participation, if any, to which the affected Bank Lender is at such time a party, (x) if such affected Bank Lender is party to an Actual Swap, such affected Bank Lender shall ascertain whether its Swap Counterparty, if any, shall agree to an assignment of its Actual Swap by such Bank Lender to the proposed Replacement Lender(s) to the extent of their proposed respective interest in the Bank Equipment Notes and (y) if such affected Bank Lender is a party to a Swap Participation, such affected Bank Lender shall ascertain whether the Initial Bank Lender shall agree to extend the Swap Participation to the proposed Replacement Lender(s) to the extent of their proposed respective interest in the Bank Equipment Notes (the Initial Bank Lender hereby agreeing to take all commercially reasonable steps to accommodate such request). The affected Bank Lender shall promptly notify the Owner Trustee and the Lessee as to whether its Swap Counterparty shall accept such assignment to the Replacement Lender(s), or as to whether the Initial Bank Lender shall extend a Swap Participation to the Replacement Lender(s). On the date of the requested

relevant transfer, (x) the affected Bank Lender shall sell, assign and transfer to the Replacement Lender(s), and the Replacement Lender(s) shall acquire and assume from the affected Bank Lender, all of the rights and obligations of the affected Bank Lender as a "Bank Lender" under the Bank Equipment Notes, this Agreement, the Participation Agreement and the Indenture (and, if the affected Bank Lender has an Actual Swap or Swap Participation being assigned to such Replacement Lender, under such Actual Swap or Swap Participation) by executing and delivering an agreement in form and substance reasonably satisfactory to the Lessee to be bound by the terms of the Operative Documents and containing such amendments to the representations, warranties and agreements to be made by such Replacement Lender and the indemnities in favor of such Replacement Lender as the Lessee may agree (for purposes of this Section 14(b), collectively, the "Transferred Interest"), (y) the Lessee and/or the Replacement Lender(s) shall pay to the affected Bank Lender an amount equal to all principal, interest and other amounts then owing under this Agreement and the Indenture in respect of the Transferred Interest (and, unless the affected Bank Lender has an Actual Swap or Swap Participation being assigned to the Replacement Lender(s), plus an amount equal to any Swap Breakage Losses, or minus an amount equal to any Swap Breakage Gains, that would be payable by or to such Bank Lender if such Bank Lender's Bank Equipment Notes were being redeemed in full), and (z) the Lessee and/or the Replacement Lender(s) shall pay to the affected Bank Lender an amount equal to all reasonable costs or expenses incurred by such Bank Lender in connection with such transfer, whereupon the Replacement Lender(s) shall each become a "Bank Lender" for all purposes of this Agreement having, except as aforesaid, all the rights and obligations under this Agreement, the Indenture and the other Operative Documents of each "Bank Lender" holding their share of the Transferred Interest, and the obligations of the affected Bank Lender in respect of the Transferred Interest shall terminate. In the event the affected Bank Lender is a party to a Swap Participation and such Swap Participation is not being assigned to the Replacement Lender(s), the Initial Bank Lender agrees to terminate the Swap Transaction to the extent of such Swap Participation.

SECTION 15. PREFUNDING. (a) To enable the Original Loan Certificates to be redeemed on the Refunding Date in accordance with the terms of this Agreement and the Original Indenture, the Initial Bank Lender shall pay by no later than 2:00 P.M. on the Business Day next preceding the Refunding Date (the "Funding Date"), an amount equal to the

aggregate purchase price of the Bank Equipment Notes to be issued to it on the Refunding Date, to State Street Bank and Trust Company of Connecticut, National Association's account at State Street Bank and Trust Company, Boston, Massachusetts, ABA # 011-000-028, Account # 9900-3147, Attention: Lisa Guymont, Re: American Airlines AA 1995 PTC Series AA (the "Account"), the funds so paid by the Initial Bank Lender (the "Deposit") to be (x) held by State Street Bank and Trust Company of Connecticut, National Association ("State Street") in trust for the benefit of the Initial Bank Lender and (y) invested by State Street pursuant to Section 15(c) hereof; provided that, if the Refunding Date is delayed for any reason and the Lessee shall have given telephonic notice to the Initial Bank Lender no later than the close of business on the fourth Business Day next preceding the originally scheduled Funding Date, the Initial Bank Lender shall not make the payment provided for in this Section 15(a) on the originally scheduled Funding Date, the Funding Date may be postponed to such later date (such date to be not later than July 31, 1995) as the Lessee shall designate in writing to the Initial Bank Lender, which later date shall be at least four Business Days following the date on which the Lessee delivers written notice designating the delayed Funding Date, and the payment by the Initial Bank Lender provided for in this Section 15(a) shall be made on such delayed Funding Date.

(b) The Lessee shall pay interest to the Initial Bank Lender on the amount of its Deposit for the period from and including the Funding Date to but excluding the earlier of (i) the Refunding Date or (ii) the date such Deposit is returned to the Initial Bank Lender. Such interest shall accrue on the amount of the Deposit at a rate per annum equal to 80 basis points plus the Initial Bank Lender's overnight cost of funds (or, if higher, 80 basis points plus the floating rate base then applicable to the Initial Bank Lender as floating rate payor under any then-applicable Swap), as certified by the Initial Bank Lender to the Lessee. Accrued interest on the Deposit shall be due and payable to the Initial Bank Lender on the earlier of the dates specified in clauses (i) and (ii) of the preceding sentence.

(c) The Deposit will be invested and reinvested in Permitted Investments (as defined below) by State Street at the sole direction, for the account and at the risk of the Lessee and any earnings on the investment of such Deposit will, on the Refunding Date or on the date such Deposit is returned to the Initial Bank Lender and following payment

by the Lessee to such Initial Bank Lender pursuant to clause (b) above, be paid over to the Lessee. Any directions of the Lessee to State Street hereunder may be given via telephone or facsimile. Funds paid by the Initial Bank Lender into the Account (exclusive of any earnings that are to be paid to the Lessee pursuant to the first sentence of this paragraph) will, at the direction of such Initial Bank Lender or its representative to State Street (i) be applied by State Street as provided in Section 1 hereof or (ii) if the refunding does not occur on any scheduled Refunding Date (or any postponed Refunding Date) and the Lessee has not given timely notice to the Initial Bank Lender of a postponed Funding Date in accordance with Section 15(a) above, be returned on (or, if instructed by the Lessee in writing, prior to) the Refunding Date (or such postponed Refunding Date) to the Initial Bank Lender. The Lessee shall reimburse the Account on demand of State Street or the Initial Bank Lender for any loss, cost or expense incurred as a result of any investment by State Street in accordance with the terms hereof.

(d) "Permitted Investments" means any investment in (i) direct obligations of the United States or any agency thereof, or obligations guaranteed by the United States or any agency thereof, (ii) commercial paper rated at least A-1 by Standard & Poor's Corporation or P-2 by Moody's Investors Service, Inc., (iii) time deposits with, including certificates of deposit issued by, any bank or trust company the senior debt securities of which, or if the bank or trust company is owned by a holding company the senior debt securities of such holding company, are rated at least A- by Standard & Poor's Ratings Group, a division of McGraw-Hill, Inc., or A3 by Moody's Investors Service, Inc., (iv) repurchase agreements with respect to securities described in clause (i) above entered into with an office of a bank or trust company meeting the criteria specified in clause (iii) above or (v) investments in money market programs of investment companies registered under the Investment Company Act of 1940, as amended, provided that such money market programs invested only in instruments of the types described above in clauses (i) through (iii).

(e) The duties of State Street under this Section 15 are limited to those specifically set forth in this Section 15. State Street shall hold the funds in the Account in trust for the Initial Bank Lender and shall give such funds the same degree of care it gives other similar property held in such a capacity. State Street shall have no responsibility to determine the authenticity or validity

of any notice, instruction, request or other document delivered to it and shall be protected in acting or refraining from acting upon any written notice, instruction or request furnished to it hereunder and believed by it to be genuine and purporting to have been given by the proper party or parties. State Street's only duties and responsibilities hereunder shall be to hold and dispose of the funds in the Account in accordance with the terms of this Agreement. Without limiting the generality of the foregoing, State Street shall have no responsibility for any loss allocable to the Account from any investment made by State Street in accordance with this Section 15. Upon making payment of the Account in the manner provided in this Agreement, State Street shall have no further liability hereunder for such paid amount so delivered.

SECTION 16. MISCELLANEOUS. (a) Except as otherwise provided for herein, the representations, warranties and agreements herein of the Lessee, the Owner Trustee, the Indenture Trustee, the Loan Trustee, the Owner Participant, the Original Loan Participant, the Initial Bank Lender, the Bank Lenders and the Pass Through Trustee, and the Lessee's, the Owner Trustee's, the Loan Trustee's, the Owner Participant's, the Initial Bank Lender's, the Bank Lenders' and the Pass Through Trustee's obligations under any and all thereof, shall survive the expiration or other termination of this Agreement and the other agreements referred to herein.

(b) Neither the Owner Participant nor the Pass Through Trustee shall have any obligation or duty to the Lessee with respect to the transactions contemplated hereby except those obligations or duties expressly set forth herein, in the Participation Agreement, or, in the case of the Owner Participant, in the Tax Indemnity Agreement, or, in the case of the Pass Through Trustee, in the Pass Through Trust Documents.

(c) The parties hereto agree that all Operative Documents hitherto designated "(AA 1992 AF-1)" are hereby redesignated "(AA 1995 PTC Series AA)".

(d) Neither the Pass Through Certificates nor any Equipment Note shall be registered on any securities exchange without the consent of the Lessee.

(e) This Agreement may be executed in any number of counterparts (and each of the parties hereto shall not be required to execute the same counterpart). Each counterpart of this Agreement including a signature page executed by

each of the parties hereto shall be an original counterpart of this Agreement, but all of such counterparts together shall constitute one instrument. Neither this Agreement nor any of the terms hereof may be terminated, amended, supplemented, waived or modified orally, but only by an instrument in writing signed by the party against which the enforcement of the termination, amendment, supplement, waiver or modification is sought or (in the case of such enforcement against the Bank Lenders) by the holders of a majority in principal amount of Outstanding Bank Equipment Notes; and no such termination, amendment, supplement, waiver or modification shall be effective unless a signed copy thereof shall have been delivered to the Loan Trustee. The index preceding this Agreement and the headings of the various Sections of this Agreement are for convenience of reference only and shall not modify, define, expand or limit any of the terms or provisions hereof. The terms of this Agreement shall be binding upon, and shall inure to the benefit of, the Lessee and, subject to the terms of the Participation Agreement, its successors and permitted assigns, the Original Loan Participants, the Initial Bank Lender and, subject to the terms of Sections 10(e) and 14, its permitted successors and assigns as Bank Lenders hereunder and under the Indenture, the Pass Through Trustee and its successors as Pass Through Trustee (and any additional trustee appointed) under any of the Pass Through Trust Documents, the Loan Trustee and its successors as Loan Trustee (and any additional Loan Trustee appointed) under the Indenture, the Indenture Trustee, the Owner Trustee and its successors as Owner Trustee under the Trust Agreement, and the Owner Participant and, subject to the provisions of the Participation Agreement, its successors and permitted assigns. No purchaser or holder of any Equipment Notes shall be deemed to be a successor or assign of any of the Original Loan Participants. THIS AGREEMENT SHALL IN ALL RESPECTS BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, INCLUDING ALL MATTERS OF CONSTRUCTION, VALIDITY AND PERFORMANCE. THIS AGREEMENT IS BEING DELIVERED IN THE STATE OF NEW YORK.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their respective officers thereunto duly authorized as of the day and year first above written.

GUARANTEE  
(AA 1995 PTC Series \_\_\_)

GUARANTEE, dated as of \_\_\_\_\_, 1995 by State Street Bank and Trust Company, a Massachusetts corporation (the "GUARANTOR") to and for the benefit of each person listed on Schedule I hereto (collectively, together with their successors and permitted assigns, the "BENEFICIARIES" and, individually, a "BENEFICIARY").

WITNESSETH:

WHEREAS, State Street Bank and Trust Company of Connecticut, National Association, a wholly-owned subsidiary of the Guarantor (the "SUBSIDIARY") wishes to act as trustee pursuant to the agreements listed on Schedule II hereto (as amended, modified or supplemented from time to time, the "AGREEMENTS").

WHEREAS, the Beneficiaries are willing to have the Subsidiary act in such capacity under the Agreements provided that the Guarantor executes and delivers this Guarantee;

WHEREAS, the Guarantor has determined that the execution and delivery by it of this Guarantee is necessary in order to conduct, promote and attain the business of the Subsidiary and the Guarantor;

NOW, THEREFORE, the Guarantor hereby agrees with and for the benefit of the Beneficiaries as follows:

1. GUARANTEE.

(a) The Guarantor hereby unconditionally and irrevocably guarantees to each of the Beneficiaries the prompt and complete payment by the Subsidiary when due of, and the faithful performance of, and compliance with, all payment obligations of the Subsidiary under the Agreements and each other document referred to therein to which the Subsidiary is a party or by which the Subsidiary is bound (collectively, the "RELEVANT DOCUMENTS"), in accordance with the terms thereof and the timely performance of and compliance with all other obligations of the Subsidiary thereunder (such payment and other obligations, the "OBLIGATIONS"). In no event, however, shall the agreement contained herein be construed to constitute a guarantee of any amount due with respect to acts or events occurring after such time, if any, that the Subsidiary ceases to be a party to the Relevant Documents.

(b) Until such time as all of the Obligations have been paid and performed in full, no payment or payments made by the Subsidiary, the Guarantor, any other guarantor or any other person or received or collected by any Beneficiary from the Subsidiary, the Guarantor, any other guarantor or any other person by virtue of any action or proceeding or any set-off or appropriation or application at any time or from time to time in reduction of or in payment of the Obligations shall be deemed to modify, reduce, release or otherwise affect the liability of the Guarantor hereunder except as to the Beneficiary receiving such payment and solely by and to the extent of the net amount thereof actually received and retained by such Beneficiary, and subject in each case to the other provisions of this Guarantee (including but not limited to Paragraph 3 hereof). In no event shall any such payment or payments be deemed to modify, reduce, release or otherwise affect the liability of the Guarantor hereunder for the payment and performance in full of all of the Obligations.

(c) If for any reason any Obligations to be performed or observed by the Subsidiary shall not be observed or performed, or if any amount payable by the Subsidiary referred to in Section 1(a) hereof shall not be paid when due and payable, the Guarantor shall promptly perform or observe or cause to be performed or observed each such Obligation or undertaking and shall forthwith pay such amount at the place and to the person or entity entitled thereto pursuant to the Relevant Documents.

2. Amendments etc., with respect to the Obligations: Waiver of Rights. The Guarantor shall remain obligated hereunder notwithstanding that, without any reservation of rights against the Guarantor and without notice to or further assent by the Guarantor, any demand for payment or performance of any of the Obligations made by any Beneficiary may be rescinded by such party and any of the Obligations continued, and the Obligations, or the liability of any other party upon or for any right of offset with respect thereto, may, from time to time, in whole or in part, be renewed, extended, amended, modified, accelerated, compromised, waived, surrendered or released by any Beneficiary and any Relevant Document and/or any collateral security document or other guarantee or document in connection therewith, may be amended, modified, supplemented or terminated, in whole or in part, as the parties thereto may deem advisable from time to time, and any right, title or interest in or to any Relevant Documents, or the Aircraft (as defined in the Agreement), or any collateral security, guarantee or right of offset at any time held by any Beneficiary for the payment or performance of the Obligations may be sold, exchanged, waived, surrendered, released, transferred or otherwise disposed of. Without limiting the foregoing, the Guarantor unconditionally waives, to the fullest extent permitted by law, (a) notices of the creation of any Obligation under the Relevant Documents or any notice of or proof of reliance by any of the Beneficiaries upon this Guarantee or acceptance of this Guarantee (the Obligations shall conclusively be deemed to have been created, contracted, incurred or renewed, extended, amended or waived in reliance upon this Guarantee and all dealings between the Subsidiary or the Guarantor and any Beneficiary shall be conclusively presumed to have been had or consummated in reliance upon this Guarantee), (b) all notices that may be required by statute, rule of law or

otherwise, now or hereafter in effect, to preserve intact any rights of any of the Beneficiaries against the Guarantor, including, without limitation, any demand, presentment and protest, proof of notice of nonpayment under any Relevant Document, and notice of default or any failure on the part of the Subsidiary to perform or comply with any Obligation, (c) any right to the enforcement, assertion or exercise by any of the Beneficiaries of any right, power, privilege or remedy conferred herein or in any Relevant Document or otherwise, (d) any requirement of promptness or diligence on the part of any of the Beneficiaries, (e) any notice of the sale, exchange, waiver, surrender, release, transfer or other disposition of any right, title or interest in or to any Relevant Document, or the Aircraft (as defined in the Agreement), or any collateral security, guarantee or right of offset at any time held by any Beneficiary for the payment or performance of the Obligations, or (f) any other circumstance whatsoever that might otherwise constitute a legal or equitable discharge, release or defense of a guarantor or surety, or that might otherwise limit recourse against the Guarantor.

3. Guarantee Absolute and Unconditional. The Guarantor understands and agrees that this Guarantee shall be construed as a primary obligation of the Guarantor and is a present, continuing, absolute and unconditional guarantee of payment and performance (and not merely of collection) without regard to any defense, set-off or counterclaim (other than a defense of payment or performance in full) that may at any time be available to or be asserted by the Subsidiary against any Beneficiary. When pursuing its rights and remedies hereunder against the Guarantor, any Beneficiary may, but shall be under no obligation to, pursue such rights and remedies as it may have against the Subsidiary or any other person or entity or against any collateral security or guarantee for the Obligations or any right of offset with respect thereto, and any failure by any Beneficiary to pursue such other rights or remedies or to collect any payments from the Subsidiary or any such other person or entity or to realize upon any such collateral security or guarantee or to exercise any such right of offset, or any release of the Subsidiary or any such other person or entity or any such such collateral security, guarantee or right of offset, shall not relieve the Guarantor of any liability hereunder, and shall not impair or affect the right and remedies, whether express, implied or available as a matter of law, of any Beneficiary against the Guarantor. This Guarantee shall continue to be effective, or be reinstated, as the case may be, if at any time payment, in whole or in part, of any of the sums due to any of the Beneficiaries pursuant to the terms of any Relevant Document is rescinded or must otherwise be restored or returned upon the bankruptcy, insolvency, reorganization, arrangement, adjustment, composition, dissolution, liquidation, or the like, of the Subsidiary or the Guarantor, or upon or as a result of, the appointment of a custodian, receiver, trustee or other officer with similar powers with respect to the Subsidiary or the Guarantor or any substantial part of their respective property, or otherwise, all as though such payment had not been made notwithstanding any termination of this Guarantee or any other Relevant Document. This Guarantee shall remain in full force and effect and be binding in accordance with and to the extent of its terms upon the Guarantor and the successors and assigns thereof, and shall inure to the benefit of the Beneficiaries, and their respective successors, transferees and assigns, until all of the Obligations and the obligations of the Guarantor under this Agreement shall have been satisfied by payment and performance in full.

4. Representations and Warranties. The Guarantor hereby represents and warrants that:

(a) the Guarantor is a corporation duly organized, validly existing and in good standing under the laws of the jurisdiction of its incorporation;

(b) the Guarantor has all requisite power and authority and the legal right to execute and deliver, and to perform its obligations under, this Guarantee, and has taken all necessary corporate action to authorize its execution, delivery and performance of this Guarantee;

(c) this Guarantee constitutes a legal, valid and binding obligation of the Guarantor enforceable in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally;

(d) the execution, delivery and acceptance of this Guarantee, and the performance by the Guarantor of its obligations hereunder, do not and will not violate or result in a breach of or default under (or any event that with notice or the passage of time, or both, would constitute such a violation, breach or default) the respective certificate of incorporation, by-laws or other corporate organizational documents of the Guarantor or the Subsidiary, any Relevant Document or other agreement, instrument or contractual obligation to which the Guarantor or the subsidiary is party or by which either of them or any of their respective properties are bound, or any law, statute, rule, regulation, judgment, order or decree applicable to the Guarantor or the Subsidiary;

(e) no consent or authorization of, filing with, or other act by or in respect of, any arbitrator or governmental authority and no consent of any other entity or person (including, without limitation, any stockholder or creditor of the Guarantor) is required in connection with the execution, delivery, performance, validity or enforceability of this Guarantee;

(f) the Guarantor is a bank with a combined capital and surplus of at least \$500,000,000, as determined in accordance with generally accepted accounting principles; and

(g) the Guarantor owns all of the capital stock of the Subsidiary.

5. Indemnity. The Guarantor hereby agrees to pay all reasonable costs and expenses (including, without limitation, counsel fees) of all parties to the Relevant Documents incurred in connection with this Guarantee and the transactions contemplated hereby, including without limitation the execution, delivery and performance of this

Guarantee. The Guarantor agrees that American Airlines, Inc. ("American") shall not, in connection with this Guarantee and the transactions contemplated hereby, suffer or incur any loss, cost, expense or liability that American would not have suffered or incurred had such transactions not occurred, including without limitation any obligation to indemnify any other party to the Relevant Documents for any loss, cost or expense (including, without limitation, counsel fees) arising in connection with this Guarantee and the transactions contemplated hereby. The Guarantor further agrees to indemnify and hold harmless American from and against any loss, cost, action, suit, damage, expense or other liability arising out of or in connection with this Guarantee and the transactionc contemplated hereby.

6 Miscellaneous. None of the terms or provisions of this Guarantee may be waived, amended or supplemented or otherwise modified except by a written instrument executed by the Guarantor and the Beneficiaries. This Guarantee shall be binding upon the successors and assigns of the Guarantor and shall inure to the benefit of the Beneficiaries and their respective successors and assigns. THIS GUARANTEE SHALL BE GOVERNED BY AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH THE LAW OF THE COMMONWEALTH OF MASSACHUSETTS. All notices, requests and demands to or upon the Guarantor or any Beneficiary to be effective shall be in writing or by telecopy and, unless otherwise expressly provided herein, shall be deemed to have been duly given or made when delivered by hand, or, in the case of mail, three days after deposit in the postal system, first class postage pre-paid, or, in the case of telecopy notice, when sent, addressed to (a) in the case of the Guarantor, 225 Franklin Street, Boston, MA 02110; Telecopy No. (617) 654-4266, and (b) in the case of any Beneficiary, the address provided for such party in or pursuant to the Relevant Documents or at such other address as such person may provide to the Guarantor in writing.

IN WITNESS WHEREOF, the undersigned has caused this Guarantee to be duly executed and delivered by its duly authorized officer as of the day and the year first above written.

In so acting, we have examined or participated in the preparation of the Refunding Agreement, the Original Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Original Trust Agreement, the Trust Agreement Amendment, the Original Indenture, the Amended and Restated Indenture, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment and the form of the Pass Through Certificates being issued today, and we have examined and relied upon the representations and warranties as to factual matters contained therein or made pursuant thereto and upon the originals, or copies certified or otherwise identified to our satisfaction, of such records, documents and other instruments as in our judgment are necessary or appropriate to enable us to render the opinion expressed below.

Based on the foregoing, we are of the following opinion:

1. The Lessee is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware and has the corporate power and authority to carry on its business as presently conducted and has, or had on the respective dates of execution thereof, the corporate power and authority to enter into its obligations under the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment and has the corporate power and authority to perform its obligations under the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment.

the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, and the performance by the Lessee of the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, have been duly authorized by all necessary corporate action on the part of the Lessee, and do not require any approval of stockholders of the Lessee or approval or consent of any trustee or holders of any indebtedness or obligations of the Lessee known to us, and neither the execution and delivery of any thereof by the Lessee nor the consummation by the Lessee of the transactions contemplated thereby nor compliance by the Lessee with any of the terms and provisions thereof contravene any law, governmental rule or regulation, judgment or order known to us to be applicable to or binding on the Lessee, or contravene or result in any breach of, or constitute any default under, or result in the creation of any Lien (other than as permitted by the Lease or the Indenture) upon any property of the Lessee under, the Certificate of Incorporation or By-Laws of the Lessee or any indenture, mortgage, chattel mortgage, deed of trust, conditional sales contract, bank loan or credit agreement or other agreement or instrument known to us to which the Lessee is a party or by which the Lessee or its properties may be bound or affected.

3. Except as referred to in Section 9(c) of the Refunding Agreement and except for (i) action that may be required to register the issuance and sale of the Pass Through Certificates under the Securities Act of 1933, as amended (the "Securities Act"), which action has been duly accomplished upon the Lessee's Registration Statement on Form S-3 (Registration No. 33-42998), as amended by certain post-effective amendments thereto, having become effective under the Securities Act, pursuant to orders of the Securities and Exchange Commission, to the best of our knowledge no stop order suspending the effectiveness of the Registration Statement having been issued and no proceedings for that purpose having been instituted or threatened, (ii) qualification of the Pass Through Trust Agreement under the Trust Indenture Act of 1939, which

qualification has been duly obtained pursuant to an order of the Securities and Exchange Commission, (iii) filings or other actions that may be required under the securities or Blue Sky laws of the various states, and iv) the filings referred to in paragraphs 5 and 6 below, neither the execution and delivery by the Lessee of the Refunding Agreement, the Original Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, nor the consummation by the Lessee of any of the transactions contemplated by the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment requires the consent or approval of, the giving of notice to, the registration with, or the taking of any other action in respect of, the Department of Transportation, the Federal Aviation Administration, the Securities and Exchange Commission or any other Federal or New York State governmental authority.

4. Each of the Refunding Agreement, the Original Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment has been duly executed and delivered by the Lessee, and each of the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment constitutes the legal, valid and binding obligation of the Lessee enforceable against the Lessee in accordance with its terms, except i) as may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and by general principles of equity and ii) in the case of the Lease, as limited by applicable laws which may affect the remedies provided in the Lease, which laws, however, do not

in our opinion make the remedies provided in the Lease inadequate for the practical realization of the rights and benefits provided thereby.

5. Except for (i) the registration of the Aircraft with the Federal Aviation Administration and (ii) the filing for recordation of (x) the Manufacturer's FAA Bill of Sale, the Manufacturer's Subsidiary's FAA Bill of Sale and the FAA Bill of Sale, y) the Original Lease (with the Lease Supplement covering the Aircraft, the Original Indenture, and the Trust Agreement and Indenture Supplement covering the Aircraft attached), and (z) the Lease Amendment, the Amended and Restated Indenture and the Instrument of Resignation, in accordance with the Federal Aviation Act, (A) with respect to such portion of the Aircraft as is covered by the recording system established by the Federal Aviation Administration pursuant to Section 44107 of Title 49 of the United States Code, and assuming that at the time of each such filing no other unrecorded documents relating to the Aircraft have been filed pursuant to such Act but have not been shown on indices of filed but unrecorded documents made available to special Oklahoma City counsel, no further filing or recording of any document is necessary or advisable under the laws of the State of New York or the Federal laws of the United States of America in order to perfect the Owner Trustee's interest in the Aircraft as against the Lessee and any third parties in any applicable jurisdiction within the United States; and B) with respect to such portion, if any, of the Aircraft as may not be covered by such recording system, no further filing or recording of any document (including any financing statement) is necessary or advisable under Article 9 of the Uniform Commercial Code as in effect in any state in order to perfect the Owner Trustee's interest therein as against the Lessee and any third parties in any such state, except for the filing of a Uniform Commercial Code financing statement in the State of Texas, which filing has been duly effected, the filing of an assignment and amendment relating to such financing statement, and the filing of continuation statements with respect thereto required to be filed at periodic intervals under the Uniform Commercial Code of the State of Texas.

6. The Lease Amendment, the Amended and Restated Indenture and the Instrument of Resignation are in due form for recording and, subject to i) the registration of the Aircraft with the Federal Aviation Administration, and ii) the due and timely filing for recordation of (w) the Manufacturer's FAA Bill of Sale, the Manufacturer's Subsidiary's FAA Bill of Sale and the FAA Bill of Sale, (x) the Original Lease (with the Lease Supplement covering the Aircraft, the Original Indenture and the Trust Agreement and Indenture Supplement covering the Aircraft attached), (y) the Original Indenture (with such Trust Agreement and Indenture Supplement and the Original Trust Agreement attached) and z) the Lease Amendment, the Amended and Restated Indenture and the Instrument of Resignation, in accordance with the Federal Aviation Act, and assuming that at the time of each such filing no other unrecorded documents relating to the Aircraft have been filed pursuant to such Act but have not been shown on indices of filed but unrecorded documents made available to special Oklahoma City counsel, the Indenture, as supplemented, creates a security interest in the Owner Trustee's interest in the Aircraft, and, except for such filing or recordation, no further filing or recording of any such instrument or any other instrument is necessary or advisable to establish and perfect such security interest and the assignment for security purposes of the Lease and the Lease Supplement covering the Aircraft to the Loan Trustee in any applicable jurisdiction within the United States of America, except for the filing of Uniform Commercial Code financing statements within the States of Delaware and Texas, which filings have been duly effected, the filing of assignments and amendments to Uniform Commercial Code financing statements previously filed in the States of Delaware and Texas, and the filing of continuation statements with respect to all such financing statements required to be filed at periodic intervals under the Uniform Commercial Code of the States of Delaware and Texas.

7. The Owner Trustee, as Lessor under the Lease, and the Loan Trustee, as assignee of the Owner Trustee's rights under the Lease pursuant to the Indenture, would be entitled to the benefits of Section 1110 of the Bankruptcy Code (11 U.S.C.A. Section 1110) with respect

to the Aircraft initially delivered under the Lease and subjected to the Lease and the Indenture.

In rendering the foregoing opinions, we have relied upon the respective opinions, dated today and delivered to you, of (i) Crowe & Dunlevy, P.C., special Oklahoma City counsel, as to matters of Federal aviation law and (ii) Potter, Anderson & Corroon, special counsel for the Owner Trustee, as to matters of Delaware law, and we have made no investigation of law or fact as to the matters stated in such opinions. We have made the same assumptions as set forth in such opinions (except as to the due authorization, execution and delivery by the Lessee of the Refunding Agreement, the Original Participation Agreement, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment), and our opinion is subject to the same limitations as are therein set forth. With respect to the judgments or orders referred to in paragraph 2 and insofar as the foregoing opinion relates to Federal aviation laws, the Department of Transportation or the Federal Aviation Administration and as to all matters of Texas law, we have relied upon the opinion, dated today and delivered to you, of Anne H. McNamara, Esq., Senior Vice President and General Counsel of the Lessee, and in our opinion you and we are justified in relying on such opinion. We have also assumed that the Refunding Agreement and the Participation Agreement and the transactions contemplated thereby are not within the prohibitions of Section 406 of the Employee Retirement Income Security Act of 1974, as amended.

Our opinion is limited to the laws of the State of New York, the corporate law of the State of Delaware and the Federal laws of the United States of America, except that we express no opinion with respect to the securities laws of any state, including the State of New York.

This opinion is being furnished by us solely for your benefit in connection with the transactions contemplated by the Refunding Agreement. This opinion may not be relied upon or used for any other purpose.

Very truly yours,

American Airlines, Inc.  
(AA 1995 PTC Series AA)

Ladies and Gentlemen:

I am Senior Vice President and General Counsel of American Airlines, Inc., a Delaware corporation (the "Lessee"), and as such I am delivering this opinion in connection with the transactions contemplated by the Refunding Agreement (AA 1995 PTC Series AA), dated as of \_\_\_\_\_, 1995 (the "Refunding Agreement"), among the Lessee, Wilmington Trust Company, as Owner Trustee (the "Owner Trustee"), State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee (the "Loan Trustee"), State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, AT&T Credit Holdings, Inc. (formerly known as AT&T Credit Corporation), as Owner Participant, Trust Company Bank, as Original Loan Participant, The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender, and NationsBank of Georgia, National Association, as Indenture Trustee. Capitalized terms used herein without definition are used as defined in the Refunding Agreement.

In so acting, I have examined the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Original Trust Agreement, the Trust Agreement Amendment, the Original Indenture, the Amended and Restated Indenture, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Instrument of Resignation, the Pass Through Trust Documents, the Purchase Agreement Assignment and the Pass Through Certificates and have examined and relied upon the representations and warranties as to factual matters contained therein or made pursuant thereto and upon the originals, or copies certified or otherwise identified to my satisfaction, of such records, documents and other instruments as in my judgment are necessary

or appropriate to enable me to render the opinion expressed below.

Based on the foregoing, I am of the following opinion:

1. The Lessee holds an air carrier operating certificate issued by the Secretary of Transportation pursuant to Chapter 447 of Title 49 of the United States Code pursuant to which the Lessee is authorized to operate Boeing 767-323ER aircraft, the Lessee is a "citizen of the United States" as defined in Section 40102 of Title 49 of the United States Code, and the Lessee's chief executive office (as such term is defined in Article 9 of the Uniform Commercial Code in effect in the State of Texas) is located in Fort Worth, Texas.

2. The execution and delivery by the Lessee of the Refunding Agreement, the Original Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Lease Amendment, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, and the performance by the Lessee of the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment have been duly authorized by all necessary corporate action on the part of the Lessee, and do not require any approval of stockholders of the Lessee or approval or consent of, any trustees or holders of any indebtedness or obligations of the Lessee known to me; and neither the execution and delivery of any thereof by the Lessee nor the consummation or performance by the Lessee of the transactions contemplated by the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment nor the compliance by the Lessee with any of the terms and provisions thereof will contravene any law, governmental rule, regulation, judgment or order known to me to be applicable to, or binding on, the Lessee or for the Certificate of Incorporation or By Laws of the Lessee

contravene or result in any breach of, or constitute any default under, or result in the creation of any Lien (other than as permitted under the Lease or the Indenture) upon any property of the Lessee under, any indenture, mortgage, chattel mortgage, deed of trust, conditional sales contract, bank loan, credit agreement, contract or other agreement known to me to which the Lessee is a party or by which any of its properties may be bound or affected.

3. Except as referred to in Section 9(c) of the Refunding Agreement and the filings referred to in paragraphs 3, 5 and 6 of the opinion, dated today and delivered to you, of Debevoise & Plimpton, neither the execution and delivery by the Lessee of the Refunding Agreement, the Lease Amendment, the Amended and Restated Rent Schedule, the Tax Indemnity Agreement Amendment, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, nor the consummation by the Lessee of the transactions contemplated by the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment requires the consent or approval of, the giving of notice to, the registration with, or the taking of any other action in respect of, the Department of Transportation, the Federal Aviation Administration or any governmental authority of the State of Texas.

4. No filing or recording of any document in the State of Texas is necessary or advisable in order to perfect the Owner Trustee's title to and interest in the Aircraft as against the Lessee and any third party in the State of Texas, except for the filing of a Uniform Commercial Code financing statement in the State of Texas which filing has been duly effected, and the filing of an assignment and amendment relating thereto in the State of Texas, which assignment and amendment [have] been positioned for filing promptly upon closing, and the filing of continuation statements with respect thereto required to be filed at periodic intervals under the Uniform Commercial Code of the State of Texas. No filing or recording of any document in the State of Texas is necessary or advisable to

establish and perfect the security interest in the Aircraft that the Indenture, as supplemented, by its terms purports to create and the assignment for security purposes of the Lease to the Loan Trustee in accordance with the terms of the Indenture, except for the filing of the financing statement and assignment and amendment relating thereto referred to in the first sentence of this paragraph, and continuation statements relating thereto.

5. There are no pending or, to the best of my knowledge, threatened actions or proceedings before any court or administrative agency or arbitrator that would materially adversely affect the ability of the Lessee to perform its obligations under the Refunding Agreement, the Participation Agreement, the Lease, the Amended and Restated Rent Schedule, the Tax Indemnity Agreement, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment.

In rendering the foregoing opinion, I have relied upon the opinion, dated today and delivered to you, of Crowe & Dunlevy, P.C., special Oklahoma City counsel. In so relying, I have made the same assumptions, and my opinion is subject to the same limitations, as are therein set forth. I have also assumed that the Refunding Agreement, the Participation Agreement and the transactions contemplated thereby are not within the prohibitions of Section 406 of the Employee Retirement Income Security Act of 1974, as amended.

I am delivering this opinion to you pursuant to the Refunding Agreement, and no persons other than you and Debevoise & Plimpton are entitled to rely on this opinion.

With your permission, my opinion is limited to the laws of the State of Texas and the Federal laws of the United States of America, except that I express no opinion with respect to the securities laws of any jurisdiction or any other laws.

We have also examined originals or copies of such other documents, such corporate records, certificates and other statements of governmental officials and corporate officers and other representatives of the corporations or entities referred to herein and such other instruments as we have deemed necessary or appropriate for the purposes of this opinion. Moreover, as to certain facts material to the opinions expressed herein, we have relied upon the representations and warranties contained in the instruments referred to above.

Based upon the foregoing and upon an examination of such questions of law as we have considered necessary or appropriate, and subject to the assumptions, exceptions and qualifications set forth below, we advise you that, in our opinion:

1. The Trust Company is a Delaware banking corporation, duly organized and validly existing in good standing under the laws of the State of Delaware and has the corporate, banking and trust powers to enter into and perform its obligations under the Trust Agreement, and the Owner Trustee has the authority under the Trust Agreement to execute, deliver and perform its obligations under the Operative Documents and to issue, execute, deliver and perform its obligations under the Equipment Notes.

2. The Trust Company is a "citizen of the United States" within the meaning of Section 40102(a)(15) of Title 49 of the United States Code.

3. Each Operative Document has been duly authorized, executed and delivered by the Trust Company or by the Owner Trustee, as the case may be, and constitutes the legal, valid and binding obligation of the Trust Company or the Owner Trustee, as the case may be, enforceable against the Trust Company or the Owner Trustee, as the case may be, in accordance with its respective terms. The Trust Agreement constitutes a legal, valid and binding obligation of the Owner Participant enforceable against the Owner Participant in

accordance with its terms. The Equipment Notes have been duly authorized, issued, executed and delivered by the Owner Trustee, pursuant to authorization contained in the Trust Agreement, and constitute the legal, valid and binding obligations of the Owner Trustee enforceable against the Owner Trustee in accordance with their terms and the terms of the Indenture; and the Equipment Notes are entitled to the benefits and security afforded by the Indenture in accordance with its terms and the terms of the Indenture.

4. Neither the execution and delivery by the Trust Company or the Owner Trustee, as the case may be, of the Operative Documents, nor the issuance, execution and delivery by the Owner Trustee of the Equipment Notes, nor the fulfillment of or compliance by the Trust Company or the Owner Trustee, as the case may be, with the respective provisions thereof, conflicts with, or results in a breach of the terms, conditions or provisions of, or constitutes a default under, or results in a violation of, the charter or by-laws of the Trust Company, any law of the State of Delaware or any federal law of the United States of America governing the banking or trust powers of the Trust Company or, to the best of our knowledge, any agreement, indenture, instrument, order, judgment or decree to which the Trust Company, the Owner Trustee or any of their respective properties is subject.

5. No consent, approval or other action by or any notice to or filing with any court or administrative or governmental body is required under the laws of the State of Delaware or the federal laws of the United States of America governing the banking or trust powers of the Trust Company in connection with the authorization, execution and delivery by the Trust Company or the Owner Trustee of the Operative Documents, the authorization, issuance, execution and delivery by the Owner Trustee of the Equipment Notes, or the fulfillment of or compliance by the Trust Company or the Owner Trustee with the respective terms and provisions thereof.

6. The Trust Agreement creates for the benefit of the Owner Participant the rights and interests in the Trust Estate which the Trust Agreement by its terms purports to create, and such interest is subject and subordinate to the security interests created by the Indenture to the extent provided in the Indenture.

7. There are no taxes, fees or other charges ("Taxes") payable to the State of Delaware or to any political subdivision thereof in connection with the execution and delivery of the Operative Documents or the Pass Through Trust Documents. None of the transactions contemplated by the Operative Documents or the Pass Through Trust Documents nor any of the Owner Participant, the Lessee, the Owner Trustee (individually or as Owner Trustee), the Trust Estate, the trust created by the Trust Agreement, any holder of an Equipment Note, any original Loan Participants, the Loan Trustee (in its individual capacity or as trustee), the Indenture Estate (such term being used in this opinion letter as defined in the Indenture), the Indenture Trustee (in its individual capacity or as Indenture Trustee), the trust created by the Indenture, any Pass Through Trustee (in its individual capacity or as trustee), any trust created by any Pass Through Trust Document or any holder of a Pass Through Certificate (or their Affiliates, successors, officers, directors, agents, servants or assigns) will be subject to any Tax under the laws of the State of Delaware or any political subdivision thereof (other than Taxes imposed on the fees received by the Owner Trustee for acting as trustee under the Trust Agreement) which would not have been imposed if the trust created by the Trust Agreement had not been created pursuant to the laws of the State of Delaware and the Trust Company had not (a) been incorporated under the laws of, (b) had its principal place of business in, (c) performed (individually or as Owner Trustee) its duties under the Operative Documents in, and (d) engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Pass Through Trust Documents in, the State of Delaware. There are no Taxes under the laws of the State of Delaware or any political subdivision thereof upon or with respect to (i) the construction, mortgaging, financing, refinancing, purchase, acquisition, acceptance, rejection, delivery, nondelivery, transport, location, ownership, control, insurance, registration, reregistration, deregistration, assembly, possession, repossession, operation, use, condition, maintenance, repair, sale, return, abandonment, replacement, preparation, installation, storage, redelivery, manufacture, leasing, subleasing, modification, rebuilding, importation, transfer of title, transfer of registration, exportation or other application or disposition of the Aircraft, any Engine or any Part or any interest in any thereof (ii) payments of Rent or the receipts, income or earnings arising therefrom or received with respect to the Aircraft, any Engine or any Part or any interest therein or payable pursuant to the Lease, (iii)

any amount paid or payable pursuant to any Operative Document or any Pass Through Trust Document, (iv) the Aircraft, any Engine or any Part or any interest therein or the applicability of the Lease to the Aircraft, any Engine or any Part or any interest therein, (v) any or all of the Operative Documents, the Pass Through Trust Documents, the Equipment Notes or any interest in any or all thereof, or the offering, assumption, registration, reregistration, issuance, acquisition, modification, reissuance, refunding or refinancing of any or all thereof, and any other documents contemplated hereby or thereby and amendments and supplements hereto and thereto, (vi) any change in the Owner Trustee or the situs of the Trust Estate made pursuant to Section 9(d) of the Participation Agreement, (vii) the property, or the income or other proceeds received with respect to the property, held by the Loan Trustee under the Indenture, (viii) the payment of the principal of or interest or premium on, or other amounts payable with respect to, any or all of the Loan Certificates, the Equipment Notes or the Pass Through Certificates, whether as originally issued or pursuant to any refinancing, refunding, assumption, modification or reissuance or any other obligation evidencing any loan in replacement of the loan evidenced by any or all of the Equipment Notes or the Pass Through Certificates, or (ix) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents or the Pass Through Trust Documents, which would not have been imposed if the trust created by the Trust Agreement had not been created pursuant to the laws of the State of Delaware and the Trust Company had not (w) been incorporated under the laws of, (x) had its principal place of business in, (y) performed (individually or as Owner Trustee) its duties under the Operative Documents in, and (z) engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Pass Through Trust Documents in, the State of Delaware.

8. The Owner Trustee has received from the Lessee such title to the Aircraft as was conveyed to it by the Lessee, subject to the rights of the Owner Trustee and the Lessee under the Lease and the security interest created pursuant to the Indenture and the Trust Supplement; and, to our knowledge, there exist no Liens affecting the interest of the Owner Trustee in the Aircraft resulting from acts of the Owner Trustee, except Liens permitted by the Participation Agreement, the Trust Agreement, the Indenture, the Trust Supplement, the

Lease, and the Lease Supplement or created by the Trust Agreement, the Indenture or the Trust Supplement.

9. All the properties which are part of the Indenture Estate (including all right, title and interest of the Owner Trustee pledged and mortgaged by it pursuant to the Indenture) have been pledged and mortgaged with the Loan Trustee as part of the Indenture Estate, and the beneficial interest of the Owner Participant under the Trust Agreement in and to such properties is subject, to the extent provided in the Indenture, to the lien of the Indenture in favor of the holders from time to time of the Equipment Notes.

10. To the extent that the Uniform Commercial Code of the State of Delaware (the "UCC") is applicable, except for the Loan Trustee's taking of possession of all monies, instruments and securities constituting part of the Indenture Estate, no action, including the filing or recording of any document, is necessary (i) to create in the State of Delaware the security interest in the Indenture Estate (including the grant and assignment unto the Loan Trustee of the security interest in all estate, right, title and interest of the Owner Trustee in, to and under the Lease, the Lease Supplement, the Purchase Agreement (to the extent assigned by the Purchase Agreement Assignment) and the Purchase Agreement Assignment) which the Indenture by its terms purports to create in favor of the Loan Trustee, and (ii) to perfect in the State of Delaware such security interest, except for the filing of a UCC financing statement in the State of Delaware, which filing has been duly effected, and the filing of continuation statements with respect thereto required to be filed at periodic intervals under the UCC.

11. To the best of our knowledge, there are no proceedings pending or threatened against or affecting the Trust Company or the Owner Trustee in any court or before any governmental authority, agency or arbitration board or tribunal which, if adversely determined, individually or in the aggregate, would materially and adversely affect the right, power and authority of the Trust Company or the Owner Trustee to enter into or perform its obligations under the instruments referred to in paragraph 1 above.

The foregoing opinions are subject to the following assumptions, exceptions and qualifications:

A. The foregoing opinions are limited to the laws of the State of Delaware and the federal laws of the United States of America governing the banking and trust powers of the Trust Company. In addition, we express no opinion with respect to (i) federal securities laws, including the Securities Act of 1933, as amended, and the Trust Indenture Act of 1939, as amended, (ii) the Federal Aviation Act of 1958, as amended (except with respect to the opinion set forth in paragraph 2 above concerning the citizenship of the Trust Company), (iii) the Federal Communications Act of 1934, as amended, or (iv) state securities or blue sky laws. Insofar as the foregoing opinions relate to the validity and enforceability in Delaware of the Equipment Notes and the Operative Documents expressed to be governed by laws other than the laws of the State of Delaware, we have assumed that the Equipment Notes and such Operative Documents constitute legal, valid, binding and enforceable documents or instruments under such laws (as to which we express no opinion).

B. The foregoing opinions regarding the enforceability of any document or instrument are subject to (i) applicable bankruptcy, insolvency, moratorium, reorganization, receivership, fraudulent conveyance and similar laws affecting the rights and remedies of creditors generally, and (ii) general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

C. We have assumed the due authorization, execution and delivery by each of the parties thereto, other than the Trust Company and the Owner Trustee, of the Operative Documents to which each is a party and that each of such parties has the full power, authority and legal right to execute and deliver each such document.

D. The opinion set forth in paragraph 2 above concerning the citizenship of the Trust Company is based upon an affidavit of the Trust Company, made by its Vice President, the facts set forth in which we have not independently verified.

E. We have assumed that all signatures (other than those of the Trust Company and the Owner Trustee) on documents and instruments submitted to us as originals are authentic, and that all documents and instruments submitted to

us as copies conform with the originals, which facts we have not independently verified.

F. We do not purport to be experts in respect of, or express any opinion concerning, aviation law or other laws, rules or regulations applicable to the particular nature of the equipment owned by the Owner Trustee.

G. We have assumed that the Participation Agreement, the Refunding Agreement and the transactions contemplated thereby are not within the prohibitions of Section 406 of the Employee Retirement Income Security Act of 1974.

H. We have assumed the due authentication of the Equipment Notes by the Loan Trustee.

I. No opinion is expressed as to the nature of the title to any part of the Trust Estate or the priority of any mortgage or security interest.

J. This opinion is rendered solely for your benefit and may not be furnished or quoted to or relied upon by any other person or entity for any purpose without our prior written consent, except that the law firms of Debevoise & Plimpton and Shearman & Sterling may rely on this opinion in connection with the rendering of their opinions dated the date hereof in connection with the financing described herein.

RE: AMERICAN AIRLINES, INC.  
REFUNDING AGREEMENT (AA 1995 PTC SERIES AA)

Ladies and Gentlemen:

We are acting as special counsel to State Street Bank and Trust Company of Connecticut, National Association, individually ("SSB"), and as Loan Trustee (the "LOAN TRUSTEE") under the Trust Indenture and Security Agreement (AA 1995 AF-1), dated as of June 15, 1992 between Wilmington Trust Company, as Owner Trustee (the "OWNER TRUSTEE") and the Loan Trustee, as successor to NationsBank of Georgia, National Association, and State Street Bank and Trust Company (the "PARENT GUARANTOR") in connection with the transactions contemplated by (i) that certain Refunding Agreement (AA 1995 PTC Series AA) dated as of June 1, 1995 (the "REFUNDING AGREEMENT"), among SSB, as Loan Trustee; American Airlines, Inc., as Lessee; AT&T Credit Holdings, Inc. (formerly known as AT&T Credit Corporation), as Owner Participant; the Owner Trustee; SSB, as Pass Through Trustee; Trust Company Bank, as Original Loan Participant; The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender; and NationsBank of Georgia, National Association, as Indenture Trustee, and (ii) the Guarantee (AA 1995 PTC Series AA) dated as of June 1, 1995 (the "GUARANTEE") from the Parent Guarantor to the Beneficiaries named therein. This opinion is delivered to you pursuant to Section 3(m) and Section 4(a) of the Refunding Agreement. Except as otherwise defined herein, terms used herein shall have the meanings set forth in the Refunding Agreement.

Our representation of SSB, the Loan Trustee and the Parent Guarantor has been as special counsel for the purposes stated above. As to all matters of fact (including factual conclusions and characterizations and descriptions of purpose, intention or other state of mind), we have relied entirely upon (i) the representations of the parties set forth in the Operative Documents and (ii) certificates delivered to us by the management of SSB

and the Parent Guarantor, and have assumed, without independent inquiry, the accuracy of those representations and certificates.

We have examined the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Participation Agreement, and the Guarantee, Certificates of the Comptroller of the Currency and the Massachusetts Commissioner of Banks relating to SSB and the Parent Guarantor, respectively, and originals, or copies certified or otherwise identified to our satisfaction, of such other records, documents, certificates, or other Instruments as we have deemed necessary or advisable for the purposes of this opinion.

We have assumed the genuineness of all signatures (other than those on behalf of SSB, the Loan Trustee and the Parent Guarantor), the conformity to the originals of all documents reviewed by us as copies, the authenticity and completeness of all original documents reviewed by us in original or copy form and the legal competence of each individual executing any document (other than on behalf SSB, the Loan Trustee and the Parent Guarantor).

When an opinion set forth below is given to the best of our knowledge, or to our knowledge, or with reference to matters of which we are aware or which are known to us, or with another similar qualification, the relevant knowledge or awareness is limited to the actual knowledge or awareness of the individual lawyer in the firm that signed this opinion, the individual lawyers in the firm who have participated directly in the specific transactions to which this opinion relates or in the preparation of this opinion and the partner of the firm responsible for SSB corporate trust matters, and without any special or additional investigation undertaken for the purposes of this opinion.

Each opinion set forth below relating to the enforceability of any agreement or instrument against SSB, the Loan Trustee, or the Parent Guarantor, as applicable, is subject to the following general qualifications:

(i) as to any agreement to which SSB, or the Loan Trustee, as applicable, is a party, we assume that such agreement is the legal, valid and binding obligation of each other party thereto (other than SSB and the Loan Trustee, as the case may be);

(ii) the enforceability of any obligation of SSB, the Loan Trustee, and the Parent Guarantor may be limited by bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium, marshaling and other similar laws and rules of law affecting the enforcement generally of creditors'

rights and remedies (including such as may deny giving effect to waivers of debtors' or guarantors' rights); and

(iii) the enforcement of any rights and availability of any specific or equitable relief may in all cases be subject to an implied duty of good faith and to general principles of equity (regardless of whether such enforceability or such relief is considered in a proceeding at law or in equity).

Subject to the limitation set forth below, we have made such examination of law as we have deemed necessary for the purposes of this opinion. The opinions expressed in paragraphs 1 through 9 below are limited solely to the internal substantive laws of the State of Connecticut and the federal laws of the United States of America, and the opinions expressed in paragraphs 10, 12, 13, 14 and 15 below are limited solely to the internal substantive laws of The Commonwealth of Massachusetts and the federal laws of the United States of America. The opinion expressed in paragraph 11 below is limited solely to the internal substantive laws of the State of Connecticut and the internal substantive laws of The Commonwealth of Massachusetts. No opinion is expressed herein as to the application or effect of federal securities laws or as to the securities or so-called "Blue Sky" laws of any state or other jurisdiction. In addition, other than our opinion expressed in paragraph 1 below with respect to the citizenship of SSB, no opinion is expressed as to matters governed by Title 49 of the United States Code, or by any other law, statute, rule or regulation of the United States relating to the acquisition, ownership, registration, use, operation, maintenance, repair, replacement or sale of or the nature of the Aircraft, Airframe or Engines.

With your permission, with respect to paragraphs 1 through 5 below in connection with our opinion relating to the legality, validity and binding effect of the documents there referred to, to the extent that the laws of the State of Connecticut do not govern such documents, we have assumed that the laws of the jurisdictions whose laws govern such documents are not materially different from the internal substantive laws of the State of Connecticut.

This opinion is rendered solely for the benefit of those institutions listed on Schedule A hereto and their successors and assigns in connection with the transactions contemplated by the Refunding Agreement and may not be used or relied upon by any other person or for any other purpose.

Based on and subject to the foregoing, we are of the opinion that:

1. SSB is a national banking association duly organized and validly existing in good standing with the Comptroller of the Currency under the laws of the United States of America, is a "citizen of the United States" within the meaning of Section 40102(a)(15) of Title 49 of the United States Code, and has the corporate power and authority to execute and deliver, individually or as Loan Trustee, as the case may be, the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, and to authenticate the Equipment Notes, and to carry out, individually or as Loan Trustee, as the case may be, the terms of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation;

2. each of the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation have been duly authorized, executed and delivered by SSB, individually or as Loan Trustee, as the case may be, and, assuming the due authorization, execution and delivery by the other parties thereto and that value has been given, each of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation constitutes the legal, valid and binding obligation of SSB, individually or as Loan Trustee, as the case may be, enforceable against it in such capacities in accordance with its terms;

3. the Equipment Notes issued on the date hereof have been duly and validly authenticated by SSB, as Loan Trustee, pursuant to the terms and provisions of, and in accordance with the requirements of, the Indenture;

4. the execution and delivery by SSB, individually or as Loan Trustee, as the case may be, of the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, and the performance of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, and the authentication by the Loan Trustee of the Equipment Notes issued today, have been duly authorized by all necessary corporate action on the part of SSB, individually or as Loan Trustee, as the case may be, and do not and did not require any approval of the stockholders of SSB, and such execution, delivery and performance were not and are not in violation of SSB's Articles of Association or By-laws, or of any indenture, mortgage, credit agreement, license or other

agreement or instrument, in each case known to us, to which SSB, individually or as Loan Trustee, as the case may be, is a party or by which it in either capacity is bound, or of any judgment or order known to us or of any federal law, rule or regulation relating to its banking or trust powers or any Connecticut law, rule or regulation applicable to SSB in either capacity;

5. neither the execution, delivery or performance by SSB, individually or as Loan Trustee, as the case may be, of the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, nor the performance of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation nor the authentication by the Loan Trustee of the Equipment Notes issued today nor the consummation of any of the transactions by SSB, individually or as Loan Trustee, as the case may be, contemplated thereby required or requires the consent or approval of, the giving of notice to, or the registration with, or the taking of any other action with respect to any governmental authority or agency under any existing federal or Connecticut law governing the banking, fiduciary or trust powers of SSB;

6. there are no taxes (including, without limitation, net or gross income, tangible or intangible property, net worth, capital, franchise or doing business taxes), fees or other governmental charges ("Taxes") payable under the laws of the State of Connecticut or any political subdivision thereof with respect to the authorization, execution and delivery by SSB, in its individual capacity or as Loan Trustee, as the case may be, or by the Lessee, of the Operative Documents or the Instrument of Resignation to which SSB in either capacity or the Lessee is a party or in connection with the authorization, execution, issuance, authentication or delivery of any or all of the Equipment Notes pursuant to the Indenture. Neither SSB, in its individual capacity or as Loan Trustee, as the case may be, the Owner Participant, the Owner Trustee (in its individual capacity or as Owner Trustee), the trust created by the Trust Agreement, the Trust Estate, the Indenture Trustee (in its individual capacity, or as Indenture Trustee), the Original Loan Participant, the Indenture Estate, any holder of any Equipment Note, the Lessee, the Pass Through Trustee, any trust created by any Pass Through Trust Document, any holder of any Pass Through Certificate, any person acquiring an interest in any Pass Through Certificate, the trust created by the Indenture, nor any entity created by the Indenture (nor their officers, directors, agents, servants, affiliates, successors or assigns) will be subject to any Taxes under the laws of the State of Connecticut or any political subdivision thereof (other than Taxes imposed on

the fees received by SSB for acting as Loan Trustee or as Pass Through Trustee) that would not have been imposed if SSB had not had its principal place of business in, had not performed, either in its individual capacity or as Loan Trustee, as the case may be, any or all of its administrative duties under the Operative Documents or the Instrument of Resignation in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Instrument of Resignation in, the State of Connecticut. There are no applicable Taxes under the laws of the State of Connecticut or any political subdivision thereof upon or with respect to (a) the Aircraft, the Airframe, any Engine or any Part or any interest in any thereof or the applicability of the Lease to the Aircraft, any Engine or any Part or any interest in any thereof; (b) the purchase, acceptance, rejection, delivery, nondelivery, transport, location, insurance, registration, assembly, maintenance, abandonment, storage, modification, transfer of title, acquisition, ownership, delivery, lease, sublease, financing, refinancing, mortgaging, presence, condition, replacement, substitution, pooling, assignment, alteration, exportation, repossession, control, deregistration, possession, use, operation, construction, manufacture, repair, sale, return, transfer or other application or disposition of the Aircraft, the Airframe, any Engine or any Part or any interest therein; (c) payments of Rent or the receipts, income or earnings arising therefrom or received with respect to the Aircraft, any Engine or any Part or any interest in any thereof or payable pursuant to the Lease; (d) any amount paid or payable pursuant to any Operative Document, the Instrument of Resignation or any Pass Through Trust Document (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or Pass Through Trustee); (e) any or all of the Operative Documents, the Instrument of Resignation, any or all of the Pass Through Trust Documents, the Underwriting Agreement, any or all of the Equipment Notes or the Pass Through Certificates or any interest therein or the offering, registration, reregistration, issuance, acquisition, modification, recording, filing, assumption, reissuance, redemption, refinancing or refunding thereof, or any other documents contemplated thereby and amendments, waivers, consents and supplements thereto; (f) the payment of the principal of, or interest or premium on (including Swap, Break or Make-Whole Amount, if any), or other amounts payable with respect to, any or all of the Equipment Notes, whether as originally issued or pursuant to any refinancing, refunding, redemption, assumption, modification or reissuance or any other obligation evidencing any loan in replacement of the loan evidenced by any or all the Equipment Notes; (g) any change in the Owner Trustee made pursuant to Article IX of the Trust Agreement or the situs of the Trust Estate made pursuant to Section 9 of the Participation Agreement; (h) the property, or the income, earnings, receipts, or other proceeds received with respect to the property, held by SSB, as Loan Trustee, under the

Indenture or (i) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents, the Instrument of Resignation or the Pass Through Trust Documents, which would not have been imposed if SSB had not had its principal place of business in, and not performed, either in its individual capacity or as Loan Trustee, as the case may be, any or all of its administrative duties under the Operative Documents or the Instrument of Resignation in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Instrument of Resignation in, the State of Connecticut;

7. to the best of our knowledge there are no proceedings pending or threatened against or affecting SSB, either in its individual capacity or as Loan Trustee, as the case may be, in any court or before any governmental authority, agency or arbitration board or tribunal which, if adversely determined, individually or in the aggregate, would materially and adversely affect the Indenture Estate or would question the right, power and authority of SSB in either capacity to enter into or perform its obligations under the instruments referred to in paragraph 1 above;

8. insofar as the laws of the State of Connecticut pertains thereto, the Indenture creates for the benefit of the holders of the Equipment Notes the rights and interests in the Indenture Estate which the Indenture by its terms purports to create;

9. to the best of our knowledge, there exist no liens affecting the title of the Owner Trustee to the Trust Estate or any part thereof resulting from the acts of the Loan Trustee and not related to the interest of the Loan Trustee in the Trust Estate except liens permitted by the Operative Documents;

10. the Parent Guarantor is a Massachusetts trust company, duly organized, validly existing and in good standing with the Commissioner of Banks of the Commonwealth of Massachusetts under the laws of the Commonwealth of Massachusetts;

11. all of the shares of the outstanding capital stock of SSB are owned of record by the Parent Guarantor;

12. the Parent Guarantor has full corporate power and authority and legal right to enter into and perform its obligations under the Guarantee, and the Guarantee has been duly authorized, executed and delivered by duly authorized officers of the Parent Guarantor and is the legal, valid and

binding obligation of the Parent Guarantor enforceable against the Parent Guarantor in accordance with its terms;

13. the execution and delivery of the Guarantee and compliance by the Parent Guarantor with all of the provisions thereof do not and will not (i) contravene any law or, (ii) contravene any order known to us of any court or governmental authority or agency applicable to or binding on the Parent Guarantor or (iii) contravene the provisions of its charter documents or by-laws or the provisions of any indenture, mortgage, contract or other agreement, in each case known to us, to which it is a party or by which it or its properties may be bound or affected;

14. neither the execution nor the delivery of the Guarantee by the Parent Guarantor nor the performance by the Parent Guarantor of the Guarantee requires the consent, approval or authorization of, the giving of notice to, the recording or filing, registration or qualification with, or the taking of any other action in respect of any Massachusetts governmental authority on the part of the Parent Guarantor;

Re: American Airlines, Inc.  
(AA 1995 PTC Series)

Ladies and Gentlemen:

We have acted as special counsel to AT&T Credit Holdings, Inc., a Delaware corporation (the "Owner Participant"), in connection with the transactions contemplated by the Refunding Agreement dated as of \_\_\_\_\_, 1995 (the "Refunding Agreement"), among American Airlines, Inc., as Lessee, Wilmington Trust Company, as Owner Trustee, State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, NationsBank of Georgia, National Association, as Indenture Trustee, Trust Company Bank, as Original Loan Participant, State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee, The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender, and the Owner Participant. This opinion is given pursuant to Sections 3(n) and 4(a) of the Refunding Agreement. Unless otherwise defined herein, all capitalized terms used herein shall have the meaning ascribed to them in the Refunding Agreement.

In that connection, we have examined executed counterparts of the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Trust Agreement, the Trust Agreement Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Original Tax Indemnity Agreement and the Tax Indemnity Agreement Amendment (collectively, the "Agreements"). We have further examined and relied upon the accuracy of original, certified, conformed, photographic or telecopied copies of such records, agreements, certificates and other documents as we have deemed necessary or appropriate to enable us to render the opinions expressed herein. In all such examinations, we have assumed the genuineness of signatures on original documents and the conformity to such original documents of all copies submitted to us as certified, conformed, photographic or telecopied copies, and, as to certificates and telegraphic and telephonic

confirmations given by public officials, we have assumed the same to have been properly given and to be accurate.

In rendering the opinions set forth below, we have assumed the due authorization, execution and delivery of the Agreements by each party other than the Owner Participant.

Based upon the foregoing, we are of the opinion that:

1. The Participation Agreement, the Trust Agreement, the Refunding Agreement, the Amended and Restated Rent Schedule and the Tax Indemnity Agreement constitute valid and binding obligations of the Owner Participant, enforceable against the Owner Participant in accordance with their respective terms, except as enforcement thereof may be limited by bankruptcy, insolvency, moratorium, reorganization or other similar laws affecting enforcement of creditors' rights generally and except as enforcement thereof is subject to general principles of equity (regardless of whether enforcement is considered in a proceeding in equity or at law).

2. Neither the execution and delivery of the Participation Agreement, the Trust Agreement, the Refunding Agreement, the Amended and Restated Rent Schedule or the Tax Indemnity Agreement by the Owner Participant nor the consummation by the Owner Participant of any of the transactions therein contemplated, or the fulfillment of, or compliance with, the terms and provisions of any thereof, (A) requires the consent or approval of, the giving of notice to, the registration with, or taking of any other action with respect to, any governmental authority or agency of the State of New York or the federal government of the United States of America or (B) contravenes any law, governmental rule or regulation of the State of New York or the federal government of the United States of America.

In rendering the foregoing opinions, we have, with your consent, relied upon the opinion of even date herewith of Louis B. Fontana, Esq., [Assistant Secretary] of the Owner Participant, as to the matters set forth therein.

The foregoing opinions are subject, however, to the qualification that we express no opinion as to (i) matters relating to the title to or sufficiency or description of any property or collateral described in the Participation Agreement or the Trust Agreement or the perfection or relative priority of any lien or security interest created with respect to such property or collateral thereunder or (ii) the enforceability of any indemnification provisions of the Agreements insofar as they

might require indemnification of an indemnified party as to any loss, cost or expense arising out of any violation by any party of statutory duties, general principles of equity or public policy. In addition, we express no opinion as to matters governed by (i) any tax laws, (ii) the Federal Aviation Act of 1958, as amended, or any other laws, statutes, rules or regulations of the United States of America relating to the acquisition, ownership, registration, leasing, use or sale of the Aircraft, the Airframe or the Engines, (iii) any securities laws or (iv) the Employee Retirement Income Security Act of 1974.

We are licensed to practice law in the State of New York, and we express no opinions herein as to the laws of any state or jurisdiction other than the laws of the State of New York, the federal laws of the United States of America and the General Corporation Law of the State of Delaware.

This opinion is furnished by us at your request, and we agree that you may rely on the opinions expressed herein. No other person or entity shall be entitled to rely on the opinions expressed herein without our express written consent.

Re: American Airlines, Inc. (AA 1995 PTC Series)

Gentlemen:

I am \_\_\_\_\_ of AT&T Credit Holdings, Inc., a Delaware corporation (the "Owner Participant"), and have acted as counsel to the Owner Participant in connection with the transactions contemplated by that certain Refunding Agreement dated as of \_\_\_\_\_, 1995 (the "Refunding Agreement") by and among American Airlines, Inc., as Lessee, Wilmington Trust Company, as Owner Trustee, NationsBank of Georgia, National Association, as Indenture Trustee, State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee, Trust Company Bank, as Original Loan Participant, State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, the Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender, and the Owner Participant.

Except as otherwise noted herein, all capitalized terms used herein shall have the respective defined meanings set forth in the Refunding Agreement.

In connection with my opinion herein, I have examined executed counterparts of the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Trust Agreement, the Trust Agreement Amendment, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Rent Schedule and the Amended and Restated Rent Schedule (collectively, the "Agreements"). I have relied upon the representations and warranties contained in each such document and upon originals or copies, certified or otherwise identified to my satisfaction, of such other documents as I have deemed relevant to the rendering of this opinion. As to all matters of fact covered by such documents, I have relied, without independent investigation or verification, on such documents. In such examination I have assumed the genuineness of all signatures (other than that of the Owner Participant) and the authenticity of all documents submitted to me as originals and the conformity with the originals of all documents submitted to me as copies.

In rendering the opinions set forth below, I have assumed the due authorization, execution and delivery of the Agreements by each of the parties thereto other than the Owner Participant. In rendering the opinions set forth below I have also assumed (i) the registration of the Aircraft with the FAA in the name of the Owner Trustee effected on \_\_\_\_\_, 1992 is in full force and effect, (ii) the due filing and recordation under the Federal Aviation Act of 1958, as amended, of the Trust Indenture, as amended by the Amended and Restated Trust Indenture and Security Agreement, and other documents described in the opinion of Crowe & Dunlevy of even date herewith addressed to you, (iii) the absence at the time of such recording of any Liens in or upon such Aircraft, except for Liens created pursuant to the Operative Documents, and (iv) the filing of the Uniform Commercial Code financing statements and amendments thereto in the appropriate jurisdictions.

Based upon and subject to the foregoing, it is my opinion that:

1. The Owner Participant is a duly incorporated and validly existing corporation in good standing under the laws of the State of Delaware and has the requisite corporate power and authority to execute, deliver and perform its obligations under the Agreements.
2. The Agreements have been duly authorized, executed and delivered by the Owner Participant.
3. Neither the execution of and delivery by the Owner Participant of the Agreements nor the consummation by the Owner Participant of any of the transactions contemplated thereby, nor the fulfillment of or compliance with the terms and provisions of any of the Agreements that are required to be fulfilled or complied with by the Owner Participant (a) requires the consent or approval of, the giving of notice to, or the registration with, or the taking of any other action with respect to, any governmental authority or agency of the Federal government of the United States; or (b) violates any law, governmental rule or regulation of the Federal Government of the United States or any governmental authority or agency thereof; or (c) results in the breach of any of the terms, conditions or provisions of the Certificate of Incorporation or By-Laws of the Owner Participant; or (d) to the best of my knowledge without independent inquiry, is in violation of any judgment or order applicable to the Owner Participant or any material provision of any indenture, mortgage, contract or other agreement to which the Owner Participant is a party or by which the Owner Participant is bound.

4. There are no actions, suits or proceedings pending or, to the best of my knowledge without independent investigation, threatened against or affecting the Owner Participant in any court or before any administrative agency or arbitrator, which, if adversely determined, would materially and adversely affect the ability of the Owner Participant to perform its obligations under the Agreements.

I am a member of the Bar of the State of Illinois, and I do not express herein any opinion as to any matters governed by any law other than the corporate laws of the State of Delaware and the Federal law of the United States. No opinion is expressed herein as to matters governed by (i) any Federal or state securities laws, (ii) any Federal or state tax laws, or (iii) the Federal Aviation Act of 1958, as amended, or by any other laws, statutes, rules or regulations relating to the acquisition, ownership, registration, leasing, use or sale of the Aircraft, the Airframe or the Engines.

This opinion is furnished by me at the request of the Owner Participant for your sole benefit, and I agree that you may rely on the opinions expressed herein. No other person or entity shall be entitled to rely on this opinion without my express written consent. This opinion shall not be published or reproduced in any manner or distributed or circulated to any person or entity without my express written consent. This opinion is limited to the matters stated herein, and no opinion is implied or may be inferred beyond the matters expressly stated herein.

American Airlines, Inc. (AA 1995 PTC Series)

Ladies and Gentlemen:

Pursuant to Section 3(o) of the Refunding Agreement dated as of this date (the "Refunding Agreement") among American Airlines, Inc. as Lessee (the "Lessee"), AT&T Credit Holdings, Inc., (formerly known as AT&T Credit Corporation), as Owner Participant (the "Owner Participant"), Wilmington Trust Company as Owner Trustee (the "Owner Trustee"), State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, \_\_\_\_\_ as Loan Participant (the "Loan Participant"), NationsBank of Georgia, National Association, as Indenture Trustee (the "Indenture Trustee"), The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender and State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee (the "Loan Trustee"), this opinion is rendered with respect to matters arising under that portion of Title 49 of the United States Code (the "Code"), relating to the recordation of the instruments hereinafter described and the registration of the \_\_\_\_\_ aircraft with manufacturer's serial number \_\_\_\_\_ and United States nationality and registration marks \_\_\_\_\_ (the "Aircraft") pursuant to the Code. This letter confirms that we filed the following described instruments with the Federal Aviation Administration (the "FAA") today in accordance with the provisions of the Code, at the respective times noted below:

- (a) First Amendment to Trust Agreement (AA 1992 AF-\_\_\_\_) (Redesignated AA 1995 PTC Series \_\_\_\_ ) dated as of this date (the "Trust Agreement Amendment") between the Owner Trustee and the Owner Participant, which amended the Trust Agreement (AA 1992 AF-\_\_\_\_) dated as of \_\_\_\_\_, 1992, was filed at : .M., C.D.T.;
- (b) Instrument of Resignation, Appointment and Acceptance dated as of this date (the "Instrument of Resignation") among the Lessee, the Owner Trustee, the Loan Trustee as assignee, the Indenture Trustee as assignor and the Loan Participant, which assigned the Trust Indenture and Security Agreement (AA 1992 AF-\_\_\_\_) dated as of \_\_\_\_\_, 1992, between the Owner Trustee and the Indenture Trustee, as supplemented by Trust Agreement and Indenture Supplement No. 1 (AA 1992 AF-\_\_\_\_) dated \_\_\_\_\_, 1992 (the "Original Indenture") and the Indenture Trustee's interest in the Lease Agreement (AA 1992 AF-\_\_\_\_) dated as of \_\_\_\_\_, 1992, as supplemented by Lease Supplement No. 1 dated \_\_\_\_\_, 1992 (the "Lease") covering the Aircraft and the two \_\_\_\_\_ model \_\_\_\_\_ aircraft engines with manufacturer's serial numbers \_\_\_\_\_ and \_\_\_\_\_ (the "Engines"), was filed at : .M., C.D.T.;
- (c) Amended and Restated Trust Indenture and Security Agreement (AA 1995 PTC Series \_\_\_\_ ) dated as of this date (the "Indenture") between the Owner Trustee and the Loan Trustee, which amended and restated the Original Indenture covering the Aircraft and the Engines, was filed at : .M., C.D.T.; and
- (d) First Amendment to Lease Agreement (AA 1992 AF-\_\_\_\_) (Redesignated AA 1995 PTC Series \_\_\_\_ ) dated as of this date (the "Lease Amendment") between the Owner Trustee as lessor and the Lessee, which amended the Lease covering the Aircraft and the Engines, was filed at : .M., C.D.T.

Based upon our examination of the above described instruments and of such records of the FAA as we deemed necessary to render this opinion and as were made available to us by the FAA, it is our opinion that:

- (a) the Trust Agreement Amendment was duly filed with the FAA pursuant to and in accordance with the provisions of Sections 44102 and 44103 of the Code;
- (b) the Instrument of Resignation, the Indenture and the Lease Amendment are in due form for recordation by and have been duly filed for recordation with the FAA pursuant to and in accordance with the provisions of Section 44107 of the Code;
- (c) the AC Form 8050 2 Aircraft Bill of Sale conveying title to the Aircraft to the Owner Trustee was duly recorded by the FAA on \_\_\_\_\_, pursuant to and in accordance with the provisions of Section 44107 of the Code and has been assigned FAA Conveyance No. \_\_\_\_\_, the Lease (to which was attached the Original Indenture) was duly recorded by the FAA on the same date pursuant to and in accordance with the provisions of Section 44107 of the Code and has been assigned FAA Conveyance No. \_\_\_\_\_ and the Original Indenture was duly recorded by the FAA on the same date pursuant to and in accordance with the provisions of Section 44107 of the Code and has been assigned FAA Conveyance No. \_\_\_\_\_ ;
- (d) the Aircraft is duly registered in the name of the Owner Trustee pursuant to and in accordance with the provisions of Sections 44102 and 44103 of the Code;
- (e) the Owner Trustee is the owner of legal title to the Aircraft, and the Aircraft and the Engines are free and clear of all Liens (as such term is defined in the Lease), except those created by the Original Indenture, as assigned by the Instrument of Resignation and amended and restated by the Indenture, and the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment;

- (f) the rights of the Owner Trustee and the Lessee under the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment, with respect to the Aircraft and the Engines are perfected;
- (g) the Original Indenture, as assigned by the Instrument of Resignation and amended and restated by the Indenture, constitutes a duly and validly perfected first priority mortgage of the Aircraft and the Engines and a duly perfected collateral assignment of all of the right, title and interest of the Owner Trustee in, to and under the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment (insofar as such collateral assignment affects an interest covered by the recording system established by the FAA pursuant to Section 44107 of the Code), subject only to the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment;
- (h) none of the Original Indenture, the Lease, the Instrument of Resignation, the Indenture or the Lease Amendment is required to be filed or recorded in any other place within the United States in order to perfect the mortgage of the Aircraft and the Engines or the collateral assignment to the Loan Trustee of the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment (insofar as such collateral assignment affects an interest covered by the recording system established by the FAA pursuant to Section 44107 of the Code), under the applicable laws of any jurisdiction within the United States;
- (i) no other registration of the Aircraft and no filings other than the filings with the FAA which have been effected as described above are necessary to perfect in any jurisdiction within the United States the Owner Trustee's title to and interest in the Aircraft, the rights of the parties under the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment, or the Loan Trustee's security interest created by the Original Indenture, as assigned by the Instrument of Resignation and amended and

restated by the Indenture, in and to the Aircraft and the Engines and the collateral assignment of all of the Owner Trustee's right, title and interest in, to and under the Lease, as amended by the Lease Amendment (insofar as such assignment affects an interest covered by the recording system established by the FAA pursuant to Section 44107 of the Code); and

- (j) no authorization, approval, consent, license or order of, or registration or filing with, or the giving of notice to, the FAA Aircraft Registry is required for the valid authorization, delivery or performance of the Original Indenture, the Instrument of Resignation, the Indenture, the Lease and the Lease Amendment, except for such filings as have been effected.

No opinion is herein expressed as to: (i) laws other than the federal laws of the United States; (ii) the validity or enforceability under local law of the Original Indenture, as assigned by the Instrument of Resignation and amended and restated by the Indenture; and (iii) the recognition of the perfection of the mortgage and collateral assignment created by the Original Indenture, as assigned by the Instrument of Resignation and amended and restated by the Indenture, as against third parties in any legal proceedings outside the United States. Since our examination was limited to records maintained by the FAA Aircraft Registry, our opinion does not cover liens which are perfected without the filing of notice thereof with the FAA, such as federal tax liens, liens arising under Section 1368(a) of Title 29 of the United States Code and possessory artisans' liens, and was subject to the accuracy of FAA personnel in the filing, indexing and recording of instruments filed with the FAA and in the search for encumbrance cross-reference index cards for the Engines.

In rendering this opinion, we have relied upon the opinion of the Assistant Chief Counsel for the Aeronautical Center dated \_\_\_\_\_, 1992 (a copy of which is attached hereto) and upon the past practice of the FAA which is consistent with said opinion. Said opinion is satisfactory as to form and scope and the addressees and their counsel or special counsel are justified in relying thereon.

Although this opinion is not addressed to the General Counsel for the Lessee, special counsel for the Lessee, special counsel for the Owner Trustee or special counsel for the Owner Participant, they may rely upon it as though addressed to them.

Very truly yours,

ROBIN D. JENSON

RE: AMERICAN AIRLINES, INC.  
REFUNDING AGREEMENT (AA 1995 PTC SERIES AA)

Ladies and Gentlemen:

We are acting special as counsel to State Street Bank and Trust Company of Connecticut, National Association, individually ("SSB"), and as Pass Through Trustee (the "PASS THROUGH TRUSTEE") under the Pass Through Trust Agreement, Amended and Restated as of February 1, 1992, between American Airlines, Inc. and the Pass Through Trustee, and State Street Bank and Trust Company (the "PARENT GUARANTOR") in connection with the transactions contemplated by (i) that certain Refunding Agreement (AA 1995 PTC Series AA) dated as of June \_\_, 1995 (the "REFUNDING AGREEMENT"), among SSB, as Pass Through Trustee; American Airlines, Inc., as Lessee; AT&T Credit Holdings, Inc. (formerly known as AT&T Credit Corporation), as Owner Participant; Wilmington Trust Company, as Owner Trustee; SSB, as Loan Trustee; Trust Company Bank, as Original Loan Participant; The Mitsubishi Trust Banking Corporation, New York Branch, as Initial Bank Lender; and NationsBank of Georgia, National Association, as Indenture Trustee, and (ii) the Guarantee (Pass Through Trustee) dated as of June \_\_, 1995 (the "GUARANTEE") from the Parent Guarantor to the Beneficiaries named therein. This opinion is delivered to you pursuant to Section 4(b)(ii) of the Refunding Agreement. Except as otherwise defined herein, terms used herein shall have the meanings set forth in the Refunding Agreement or in the Pass Through Trust Supplements or the Lease (as such terms are defined in the Refunding Agreement).

Our representation of SSB, the Pass Through Trustee and the Parent Guarantor has been as special counsel for the purposes stated above. As to all matters of fact (including factual conclusions and characterizations and descriptions of purpose, intention or other state of mind), we have relied entirely upon (i) the representations of the parties set forth in the Operative Documents and (ii) certificates delivered to us by the management of SSB

and the Parent Guarantor, and have assumed, without independent inquiry, the accuracy of those representations and certificates.

We have examined the Refunding Agreement, the Participation Agreement, the Guarantee, the Pass Through Certificates and the Pass Through Trust Documents, Certificates of the Comptroller of the Currency and the Massachusetts Commissioner of Banks relating to SSB and the Parent Guarantor, respectively, and originals, or copies certified or otherwise identified to our satisfaction, of other such records, documents, certificates, or other instruments as we have deemed necessary or advisable for the purposes of this opinion.

We have assumed the genuineness of all signatures (other than those on behalf of SSB, the Pass Through Trustee and the Parent Guarantor), the conformity to the originals of all documents reviewed by us as copies, the authenticity and completeness of all original documents reviewed by us in original or copy form and the legal competence of each individual executing any document (other than on behalf of SSB, the Pass Through Trustee and the Parent Guarantor).

When an opinion set forth below is given to the best of our knowledge, or to our knowledge, or with reference to matters of which we are aware or which are known to us, or with another similar qualification, the relevant knowledge or awareness is limited to the actual knowledge or awareness of the individual lawyer in the firm that signed this opinion, the individual lawyers in the firm who have participated directly in the specific transactions to which this opinion relates or in the preparation of this opinion and the partner of the firm responsible for SSB corporate trust matters, and without any special or additional investigation undertaken for the purposes of this opinion.

Each opinion set forth below relating to the enforceability of any agreement or instrument against SSB, the Pass Through Trustee, or the Parent Guarantor, as applicable, is subject to the following general qualifications:

(i) as to any agreement to which SSB, or the Pass Through Trustee, as applicable, is a party, we assume that such agreement is the legal, valid and binding obligation of each other party (other than SSB and the Pass Through Trustee, as the case may be) thereto;

(ii) the enforceability of any obligation of SSB, the Pass Through Trustee, and the Parent Guarantor may be limited by bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium, marshalling

and other similar laws and rules of law affecting the enforcement generally of creditors' rights and remedies (including such as may deny giving effect to waivers of debtors' or guarantors' rights); and

(iii) the enforcement of any rights and the availability of any specific or equitable relief of any kind may in all cases be subject to an implied duty of good faith and to general principles of equity (regardless of whether such enforceability or relief is considered in a proceeding at law or in equity).

Subject to the limitation set forth below, we have made such examination of law as we have deemed necessary for the purposes of this opinion. The opinions expressed in paragraphs 1 through 7 below are limited solely to the internal substantive laws of the State of Connecticut and the federal laws of the United States of America, and the opinions expressed in paragraphs 8, 10, 11, 12 and 13 below are limited solely to the laws of The Commonwealth of Massachusetts and the federal laws of the United States of America. The opinion expressed in paragraph 9 below is limited solely to the internal substantive laws of the State of Connecticut and the internal substantive laws of The Commonwealth of Massachusetts. No opinion is expressed herein as to the application or effect of federal securities laws or as to the securities or so-called "Blue Sky" laws of any state or other jurisdiction. In addition, other than our opinion expressed in paragraph 1 below with respect to the citizenship of SSB, no opinion is expressed as to matters governed by Title 49 of the United States Code, or by any other law, statute, rule or regulation of the United States relating to the acquisition, ownership, registration, use, operation, maintenance, repair, replacement or sale of or the nature of the Aircraft, Airframe or Engines.

With your permission, with respect to paragraphs 1 through 5 below in connection with our opinion relating to the legality, validity and binding effect of the documents there referred to, to the extent that the laws of the State of Connecticut do not govern such documents, we have assumed that the laws of the jurisdictions whose laws govern such documents are not materially different from the internal substantive laws of the State of Connecticut.

In rendering the opinions set forth below in paragraphs 6 and 13 as to certain Connecticut and Massachusetts tax matters, respectively, we have assumed that, for federal income tax purposes, the trusts created by the Pass Through Trust Supplements are not classified as associations taxable as corporations and that the trusts created by the Pass Through Trust Supplements are grantor trusts under subpart E, Part I of Subchapter J of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, as amended.

This opinion is rendered solely for the benefit of those institutions listed on Schedule A hereto and their successors and assigns in connection with the transactions contemplated by the Refunding Agreement and may not be used or relied upon by any other person or for any other purpose.

Based on and subject to the foregoing, we are of the opinion that:

1. SSB is a national banking association duly organized and validly existing in good standing with the Comptroller of the Currency under the laws of the United States of America, is a "citizen of the United States" within the meaning of Section 40102(a)(15) of Title 49 of the United States Code, and has the corporate power and authority to execute, deliver and carry out, individually or as Pass Through Trustee, as the case may be, the terms of the Refunding Agreement, the Participation Agreement and each of the Pass Through Trust Documents;
2. each of the Refunding Agreement and the Pass Through Trust Documents has been duly authorized, executed and delivered by SSB, individually or as Pass Through Trustee, as the case may be, and, assuming the due authorization, execution and delivery by the other parties thereto and that value has been given, the Refunding Agreement, the Participation Agreement, the Pass Through Certificates and the Pass Through Trust Documents constitute the legal, valid and binding obligations of SSB, individually or as Pass Through Trustee, as the case may be, enforceable against it in such capacities in accordance with their respective terms;
3. the Pass Through Certificates issued on the date hereof have been duly authorized and duly and validly executed, authenticated, issued and delivered by SSB, as Pass Through Trustee, pursuant to the terms and provisions of, and in accordance with the requirements of, each of the Pass Through Trust Documents, as supplemented, and the holders thereof are entitled to the benefits of the Pass Through Trust Agreement, as supplemented, pursuant to which the Pass Through Certificates held by such holder were issued;
4. the execution, delivery and performance by SSB, individually or as Pass Through Trustee, as the case may be, of the Refunding Agreement and each of the Pass Through Trust Documents, the performance by it of the Participation Agreement, and the purchase by the Pass Through Trustee of the Pass Through Equipment Notes pursuant to the Refunding Agreement and the issuance of the Pass Through Certificates pursuant to the Pass Through Trust Documents have been duly authorized by all necessary corporate action on the part of SSB, individually or as Pass Through Trustee,

as the case may be, and do not and did not require any approval of the stockholders of SSB, and such execution, delivery, performance and other actions were not and are not in violation of SSB's Articles of Association or By-laws or of any indenture, mortgage, credit agreement, license or other agreement or instrument, in each case known to us, to which SSB, individually or as Pass Through Trustee, as the case may be, is a party or by which it in either capacity is bound, or of any judgment or order known to us or of any federal law, rule or regulation relating to its banking or trust powers or any Connecticut law, rule or regulation applicable to SSB in either capacity;

5. neither the execution, delivery or performance by SSB, individually or as Pass Through Trustee, as the case may be, of the Refunding Agreement, the Pass Through Certificates and the Pass Through Trust Documents, nor the performance by it of the Participation Agreement, nor the consummation of any of the transactions by SSB, individually or as Pass Through Trustee, as the case may be, contemplated thereby nor the purchase by the Pass Through Trustee of the Pass Through Equipment Notes pursuant to the Refunding Agreement or the issuance of the Pass Through Certificates pursuant to the Pass Through Trust Documents required or requires the consent or approval of, the giving of notice to, or the registration with, or the taking of any other action with respect to, any governmental authority or agency under any existing federal or Connecticut law governing the banking, fiduciary or trust powers of SSB;

6. there are no taxes (including, without limitation, net or gross income, tangible or intangible property, net worth, capital, franchise or doing business taxes), fees or other governmental charges ("Taxes") payable under the laws of the State of Connecticut or any political subdivision thereof with respect to the authorization, execution and delivery by SSB, in its individual capacity or as Pass Through Trustee, as the case may be, or by the Lessee, of the Pass. Through Trust Documents., the Participation Agreement or the Refunding Agreement or in connection with the authorization, execution, issuance, authentication or delivery of any or all of the Pass Through Certificates pursuant to the Pass Through Trust Documents. Neither SSB, in its individual capacity or as Pass Through Trustee, as the case may be, the trusts created by the Pass Through Trust Documents, any of the Trust Property nor the Loan Trustee in its capacity as trustee, will be subject to any Taxes under the laws of the State of Connecticut or any political subdivision thereof (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or as Pass Through Trustee). Holders of Pass Through Certificates or persons acquiring an interest in Pass Through Certificates who are not residents of or otherwise subject to tax in

Connecticut will not be subject to any Taxes under the laws of the State of Connecticut or any political subdivision thereof as a result of purchasing, holding, owning (including receiving payments with respect to) or selling a Pass Through Certificate. No applicable Taxes are imposed under the laws of the State of Connecticut or any political subdivision thereof upon or with respect to (a) the offering, registration, registration, issuance, acquisition, modification, assumption, reissuance, refinancing or refunding of Pass Through Certificates or any other documents contemplated thereby and amendments and supplements thereto, (b) the payment of the principal of, or interest or premium on (including Swap, Break or Make-Whole Amount, if any), or other amounts payable with respect to, any or all of the Pass Through Certificates, (c) the property, or the income, earnings, receipts, or other proceeds received with respect to the property, held by the Pass Through Trustee under the Pass Through Trust Documents or (d) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents or the Pass Through Trust Documents, which would not have been imposed if SSB had not had its principal place of business in, and not performed, either in its individual capacity or as Pass Through Trustee, as the case may be, any or all of its administrative duties under the Pass Through Trust Documents in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Pass Through Trust Documents in, the State of Connecticut;

7. to the best of our knowledge, there are no proceedings pending or threatened against or affecting SSB, either in its individual capacity or as Pass Through Trustee, as the case may be, in any court or before any governmental authority, agency or arbitration board or tribunal which, if adversely determined, individually or in the aggregate, would materially and adversely affect the trusts created by the Pass Through Trust Documents or would question the right, power and authority of SSB in either capacity to enter into or perform its obligations under the instruments referred to in paragraphs 1 and 3 above;

8. the Parent Guarantor is a Massachusetts trust company, duly organized, validly existing and in good standing with the Commissioner of Banks of the Commonwealth of Massachusetts under the laws of the Commonwealth of Massachusetts;

9. all of the shares of the outstanding capital stock of SSB are owned of record by the Parent Guarantor;

10. the Parent Guarantor has full corporate power and authority and legal right to enter into and perform its obligations under the Guarantee,

and the Guarantee has been duly authorized, executed and delivered by duly authorized officers of the Parent Guarantor and is the legal, valid and binding obligation of the Parent Guarantor enforceable against the Parent Guarantor in accordance with its terms;

11. the execution and delivery of the Guarantee and compliance by the Parent Guarantor with all of the provisions thereof do not and will not (i) contravene any law or, (ii) contravene any order known to us of any court or governmental authority or agency applicable to or binding on the Parent Guarantor or (iii) contravene the provisions of its charter documents or by-laws or the provisions of any indenture, mortgage, contract or other agreement, in each case known to us, to which it is a party or by which it or its properties may be bound or affected;

12. neither the execution nor the delivery of the Guarantee by the Parent Guarantor nor the performance by the Parent Guarantor of the Guarantee requires the consent, approval or authorization of, the giving of notice to, the recording or filing, registration or qualification with, or the taking of any other action in respect of any Massachusetts governmental authority on the part of the Parent Guarantor.

13. there are no taxes (including, without limitation, net or gross income, tangible or intangible property, net worth, capital, franchise or doing business taxes), fees or other governmental charges ("Taxes") payable under the laws of the Commonwealth of Massachusetts or any political subdivision thereof with respect to the authorization, execution and delivery by SSB, in its individual capacity or as Pass Through Trustee, as the case may be, or by the Lessee, of the Pass Through Trust Documents, the Participation Agreement or the Refunding Agreement or in connection with the authorization, execution, issuance, authentication or delivery of any or all of the Pass Through Certificates pursuant to the Pass Through Trust Documents. Neither SSB, in its individual capacity or as Pass Through Trustee, as the case may be, the trusts created by the Pass Through Trust Documents, any of the Trust Property nor the Loan Trustee in its capacity as trustee, will be subject to any Taxes under the laws of the Commonwealth of Massachusetts or any political subdivision thereof (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or as Pass Through Trustee). Holders of Pass Through Certificates or persons acquiring an interest in Pass Through Certificates who are not residents of or otherwise subject to tax in Massachusetts will not be subject to any Taxes under the laws of the Commonwealth of Massachusetts or any political subdivision thereof as a result of purchasing, holding, owning (including receiving payments with respect to) or selling a Pass Through Certificate. No

applicable Taxes are imposed under the laws of the Commonwealth of Massachusetts or any political subdivision thereof upon or with respect to (a) the offering, registration, reregistration, issuance, acquisition, modification, assumption, reissuance, refinancing or refunding of Pass Through Certificates or any other documents contemplated thereby and amendments and supplements thereto, (b) the payment of the principal of, or interest or premium on, or other amounts payable with respect to, any or all of the Pass Through Certificates, (c) the property, or the income, earnings, receipts, or other proceeds received with respect to the property, held by the Pass Through Trustee under the Pass Through Trust Documents or (d) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents or the Pass Through Trust Documents, which would not have been imposed if SSB had not performed, either in its individual capacity or as Pass Through Trustee, as the case may be, any or all of its administrative duties under the Pass Through Trust Documents in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Pass Through Trust Documents in, the Commonwealth of Massachusetts.

This opinion is rendered to you at the request of SSB, as Pass Through Trustee, and the Parent Guarantor, pursuant to the Refunding Agreement and SSB, as Pass Through Trustee, and the Parent Guarantor have consented to the opinions expressed herein. We have discussed with SSB, as Pass Through Trustee, and the Parent Guarantor the consequences of their request for and consent to the rendering of the opinions expressed herein.

Very truly yours,

(k) The Loan Trustee, and by its acceptance of an Equipment Note, each holder thereof (and each Pass Through Trustee, so long as the relevant Pass Through Trust Supplement is in effect), hereby waives to the fullest extent permitted by law the benefit of the provisions of Section 1111(b) of Title 11 of the United States Code to the extent such provisions give recourse against the Owner Trustee (in its individual capacity) and the Owner Participant on account of any amount payable as principal of, Swap Breakage Loss, if any, Make-Whole Amount, if any, and interest on the Equipment Notes. If (i) all or any part of the Trust Estate becomes the property of, or the Owner Participant becomes, a debtor subject to the reorganization provisions of the Bankruptcy Reform Act

For purposes of this Section 9(k), "Excess Payment" means the amount by which such payment exceeds the amount which would have been received by such Holder, such Pass Through Trustee or the Loan Trustee if the Owner Trustee (in its individual capacity) or the Owner Participant had not become subject to the recourse liability referred to in clause (ii) above. Nothing contained in this Section 9(k) shall prevent any holder of an Equipment Note, any Pass Through Trustee or the Loan Trustee from enforcing any personal recourse obligation (and retaining the proceeds thereof) of the Owner Trustee (in its individual capacity) or the Owner Participant under the Refunding Agreement, this Participation Agreement or the Trust Indenture (and any exhibits or annexes thereto).

(g) Section 9(m) of the Participation Agreement is amended by deleting it in its entirety and substituting therefor the following:

"(m) Each of the Owner Participant and the Owner Trustee hereby agrees, for the benefit of the Lessee, to cooperate with the Lessee in effecting any foreign registration of the Aircraft pursuant to Section 7(a)(i) of the Lease; provided that prior to any such change in the country of

registry of the Aircraft (other than a change in country of registry that results in the registration of the Aircraft under the laws of the United States of America), the Owner Participant, the Owner Trustee and the Bank Lenders shall have received from counsel to the Lessee reasonably satisfactory to the Owner Participant, the Owner Trustee and Bank Lenders holding a majority in principal amount of the Outstanding Bank Equipment Notes an opinion to the effect that (i) the terms of any relevant sublease and the Lease are legal, valid, binding and enforceable in such country to substantially the same extent as such documents are at the time enforceable in the United States, (ii) there is no statutory, regulatory or case law in such country imposing tort liability on the owner of an aircraft not in possession thereof, or on a lender providing funds for the purchase of an aircraft, under the laws of such country other than tort liability no more extensive or onerous than that which might have been imposed on such an owner or lender under the laws of the United States or any state thereof (it being understood that, in the event such opinion cannot be given in a form satisfactory to the Owner Participant and Bank Lenders holding a majority in principal amount of the Outstanding Bank Equipment Notes, such opinion shall be waived if insurance reasonably satisfactory to the Owner Participant and Bank Lenders holding a majority in principal amount of the Outstanding Bank Equipment Notes is provided by the Lessee to cover the risk of such liability), (iii) such re-registration will not result in the imposition by such country of any Taxes on the Owner Trustee, the Owner Participant or any Bank Lender for which the Lessee is not required to indemnify the Owner Participant, the Owner Trustee or any Bank Lender, as the case may be (provided that in lieu of the opinion referred to in this clause (iii) the Lessee may indemnify the Owner Participant, the Owner Trustee or the Bank Lenders, as the case may be, for any Taxes imposed by such country in connection with or relating to the transactions contemplated by the Operative Documents which would not have been imposed but for such re-registration); (iv) there exist no possessory rights in favor of the Lessee or any sublessee under the laws of such country

which would, upon bankruptcy of or other default by the Lessee or any sublessee, prevent the return of the Aircraft to the Owner Trustee in accordance with and when permitted by the terms of Sections 14 and 15(a) of the Lease upon the exercise by the Owner Trustee of its remedies under Section 15(a) of the Lease; (v) it is not necessary for the Owner Participant or the Owner Trustee to qualify to do business in such jurisdiction solely as a result of the proposed re-registration; (vi) the laws of such country require fair compensation by the government of such country for the loss of use of the Aircraft in the event of the requisition by such government of the Aircraft (unless the Lessee shall have provided contemporaneously with such re-registration insurance reasonably satisfactory to the Lessor, the Owner Participant and Bank Lenders holding a majority in principal amount of the Outstanding Bank Equipment Notes covering the risk of requisition of use of the Aircraft by the government of such country so long as the Aircraft is registered under the laws of such country); (vii) the Lessee shall have paid or made provision for the payment of all expenses of the Owner Participant, the Owner Trustee and the Bank Lenders in connection with such change in registration; and (viii) solely in the case of the Bank Lenders, after giving effect to such change in registration, the Lien on the Aircraft and the other property included in the Indenture Estate shall continue as a valid and duly perfected lien and that all filing, recording or other action necessary to perfect and protect the Lien of the Indenture has been accomplished (or if such opinion cannot be given at the time by which the Bank Lenders have been requested to consent to a change in registration, (I) the opinion shall detail what filing, recording or other action is necessary and (II) the Bank Lenders shall have received a certificate from the Lessee that all possible preparations to accomplish such filing, recording and other action shall have been done, and such filing, recording and other action shall be accomplished and a supplemental opinion to that effect shall be delivered to the Bank Lenders on or prior to the effective date of such change in registration); and provided, further, that (x) the Owner Trustee, the Owner Participant and the Bank Lend-

(a) The Initial Bank Lender represents, warrants and covenants as of the Refunding Date that for all purposes of the Operative Documents, it has entered into an interest rate swap transaction (as the same may be assigned, in whole or in part, to any other Bank Lender as provided below, the "Swap Transaction") under a form of confirmation with a swap counterparty satisfactory to the Lessee (the "Swap Counterparty") governed by an ISDA Master Agreement (the "Swap Agreement") in the standard form thereof (the "Form") published in 1992 by, and incorporating by reference therein the definitions and provisions contained in the 1991 ISDA Definitions (the "Definitions") of, the International Swap Dealers Association, Inc. and having the economic terms set forth below in this Exhibit N. The Initial Bank Lender agrees that, in the event of any transfer of any Bank Equipment Notes to a Permitted Transferee pursuant to Section 10(e) of the Refunding Agreement, the Initial Bank Lender shall either (x) assign or cause to be assigned the portion of the Swap Transaction allocable to such Permitted Transferee's Bank Equipment Notes to such Permitted Transferee and shall obtain the consent of the Swap Counterparty to such assignment, it being agreed that no transfer, in whole or in part, of any such Bank Equipment Note to such Permitted Transferee shall be permitted under the Operative Documents unless such Permitted Transferee, prior to or concurrently with such transfer, shall enter into a confirmation with the Swap Counterparty conforming to the Swap Transaction in respect of such Permitted Transferee's Bank Equipment Notes or (y) extend, pursuant to arrangements reasonably satisfactory to the Lessee, the benefits of a pro rata share of the Swap Transaction with the Swap Counterparty to such Permitted Transferee as contemplated by the definition of "Swap Participation" set forth in the Refunding Agreement. The parties agree that, notwithstanding anything herein or in any Operative Document to the contrary, in the event that a Break Funding Amount is required to be calculated pursuant to this Exhibit N, notwithstanding any transfer from time to time of all or part of the Bank Equipment Notes issued on the Refunding Date, any such Break Funding Amount shall be calculated solely by reference to the economic terms set forth in this Exhibit N, and in no event shall the aggregate of such Break Funding Amounts for all Bank Lenders be calculated with respect to a Notional Amount (as such term is used in this Exhibit N) at the time greater than the outstanding aggregate principal amount of all of the Bank Equipment

Notes subject to acceleration or being redeemed or purchased at such time. Each Bank Lender agrees that, except as provided below, it will not amend or terminate or permit to be terminated through its own action or inaction the Swap Transaction in respect of its Bank Equipment Notes in a manner that would have an adverse effect on the rights or interests of the Lessee without the prior written consent of the Lessee (such consent not to be unreasonably withheld).

(b) The Initial Bank Lender agrees, and each other Bank Lender, by becoming such, shall be deemed to have agreed, that the "Swap Breakage Gain" or "Swap Breakage Loss", with respect to any Bank Lender whose Bank Equipment Notes are redeemed (or purchased in lieu of redemption) or accelerated in circumstances under which Swap Breakage Loss or Swap Breakage Gain is incurred or received, as the case may be, by such Bank Lender, shall be determined as follows: such Bank Lender (or, in the case of a Swap Participation, the Initial Bank Lender acting on behalf of such Bank Lender) will use its best efforts to cause the Swap Counterparty to advise the Lessee and the Owner Trustee of the Market Quotation determined by such Swap Counterparty (such Swap Counterparty being the party making the determination of the Market Quotation for purposes of the definition of Market Quotation in the Swap Agreement) in connection with the termination of that portion of the Swap Transaction allocable to that portion of such Bank Lender's Secured Equipment Certificates then being so redeemed or so accelerated. If such Market Quotation is a negative number, the absolute value of the amount thereof shall be the Swap Breakage Gain attributable to such Bank Lender for all purposes of the Operative Documents; if such Market Quotation is a positive number, the amount thereof shall be the Swap Breakage Loss attributable to such Bank Lender for all purposes of the Operative Documents. Each Bank Lender acknowledges that the Lessee shall have the right to designate two of the Reference Market-makers to be used by the Swap Counterparty (such Reference Market-makers to be reasonably acceptable to the Swap Counterparty) in connection with the Swap Counterparty's determination of the Market Quotation for settlement of the Swap Transaction and agrees to use its best efforts to cause the Swap Counterparty to cooperate with the Lessee with respect to the provisions of this Exhibit N and to provide in a timely fashion such information as the Lessee may reasonably request to facilitate the quotation by such Reference Market-makers designated by the Lessee.

(c) The following terms are applicable to the Swap Transaction insofar as it is attributable to each Bank Lender:

1. Such Bank Lender shall be a Fixed Rate Payer;
2. The Notional Amount of that portion of the Swap Transaction attributable to such Bank Lender shall be an amortizing amount equal to the aggregate principal amount of such Bank Lender's Bank Equipment Notes (assuming each installment of principal of the Bank Equipment Notes required to be paid pursuant thereto is paid when due);
3. The Effective Date shall be the Refunding Date;
4. The Termination Date shall be January 2, 2011, as may be adjusted in accordance with the Modified Following Business Day convention;
5. The Payment Dates for the Floating Amount and the Fixed Amount shall be each Lease Period Date and, commencing on the first Lease Period Date to occur after the Refunding Date, and ending on the Termination Date, as may be adjusted in accordance with the Modified Following Business Day convention;
6. The Floating Rate Option shall be 6-month USD-LIBOR-BBA plus the Spread which shall be 80 basis points for calculation periods of six months, except for (i) the initial period commencing on the Effective Date and ending on the first Lease Period Date to occur after the Refunding Date and (ii) the final period commencing on the Lease Period Date immediately preceding the Termination Date and ending on the Termination Date;
7. The Fixed Rate Day Count Fraction shall be 30/360 (without any adjustment for Fixed Rate Period End Dates);
8. The Floating Rate Day Count Fraction shall be Actual/360;

9. The Fixed Rate shall be 7.53%;
10. In the event of a redemption (or purchase in lieu of redemption) of any of the Bank Equipment Notes held by such Bank Lender or an acceleration of such Secured Equipment Certificates upon an Indenture Event of Default, the portion of the Swap Transaction allocable to such Holder shall be subject to termination. In the event of a transfer of such Bank Lender's Bank Equipment Notes pursuant to Section 14(b) of the Refunding Agreement, the portion of the Swap Transaction allocable to such Bank Lender shall be subject to full termination in the event that the Replacement Bank Lender(s) does not either assume its proportionate share of the Swap Transaction or assume or enter into a Swap Participation as provided in such Section 14(b);
11. Business Days shall be New York, New York, London, England, the city and state in which the principal corporate trust office of the Owner Trustee is located (currently Wilmington, Delaware), the city and state in which the principal corporate trust office of the Loan Trustee is located (currently Boston, Massachusetts) and the city and state in which the Loan Trustee disburses funds (currently Boston, Massachusetts).

SECTION 2. EQUIPMENT NOTES. (a) The aggregate principal amount of the Equipment Notes shall be \$54,660,452.69. Set forth on Schedule II hereto are indicative principal amounts and amortization schedules for the Pass Through Equipment Notes and the Bank Equipment Notes, calculated assuming that the Pass Through Equipment Notes will bear interest at the rate of 8.60% per annum, and the Bank Equipment Notes will bear interest at the rate of 7.53% per annum. The parties acknowledge that the principal amounts and amortization schedules of the Pass Through Equipment Notes and the Bank Equipment Notes are subject to change prior to the Refunding Date, and that the final principal amounts and amortization schedules of the Pass Through Equipment Notes and the Bank Equipment Notes will be determined, subject to the terms of this Refunding Agreement, based upon the actual interest rates to be borne by the Pass Through Equipment Notes and the Bank Equipment Notes and the resulting recalculation of the figures on the Exhibits to the Amended and Restated Rent Schedule contemplated by Section 6 hereof.

(b) Subject to the terms hereof, the Pass Through Equipment Notes will bear interest at the rate, mature on the date, and be payable as to principal in the amounts, to be specified in the Underwriting Agreement.

(c) In addition to the conditions precedent to the obligations of the Initial Bank Lender set forth in Section 3, the obligations of the Initial Bank Lender to purchase the Bank Equipment Notes as contemplated hereby shall be subject to the additional condition precedent that, notwithstanding the recalculations referred to in Section 2(a), the Bank Equipment Notes shall have the following terms: (i) the sum of (A) the aggregate principal amount of the Bank Equipment Notes plus (B) the aggregate principal amount of the bank equipment notes to be issued pursuant to the Amended and Restated Trust Indentures and Security Agreements (AA 1995 PTC Series AA) and (AA 1995 PTC Series AC) (the "Other Indentures"), each dated as of June 15, 1995, shall not exceed \$115,000,000; (ii) the final maturity date of the Bank Equipment Notes shall not extend beyond January 2, 2011; (iii) the weighted average life to maturity of the Bank Equipment Notes from the Refunding Date (calculated in accordance with standard financial practice) shall not exceed 11 years; (iv) the actual principal amount, amortization schedule and fixed interest rate borne by the Bank Equipment Notes shall be irrevocably set on the date on which the Initial Bank Lender enters into the Swap; and (v) the fixed interest rate to be borne by the Bank Equip-

For purposes of this Section 2, the term "Swap" shall refer to a Swap Transaction having the terms and characteristics described in Exhibit N (or such other terms and characteristics as shall be approved by the Lessee) to be entered into by the Initial Bank Lender prior to the Refunding Date pursuant to which the Initial Bank Lender will receive floating rate payments, calculated and payable as contemplated by such Exhibit N, equal to 6 month USD-LIBOR-BBA plus a spread of 80 basis points. The Initial Bank Lender agrees to enter into the Swap, based on a notional principal amount specified by the Lessee (subject to clauses (i), (ii) and (iii) of the proviso to the second preceding sentence), on a date to be designated by the Lessee not less than four Business Days prior to the Refunding Date. In the event that the terms of the Swap actually entered into by the Initial Bank Lender vary, with the Lessee's approval as provided above, from those described in Exhibit N, Exhibit N shall be modified to reflect such different terms, and Exhibit N, as so modified, shall thereupon constitute Exhibit N to this Refunding Agreement for all purposes of this Refunding Agreement and the other Operative Documents.

(d) The Equipment Notes shall be payable as to principal in accordance with the terms of the Indenture, and the Equipment Notes of each maturity shall provide for a fixed rate of interest per annum and shall contain the terms and provisions provided for the Equipment Notes of such maturity in the Indenture. The Owner Trustee shall execute, and the Loan Trustee shall authenticate and deliver to the Initial Bank Lender and the Pass Through Trustee for each Grantor Trust, a principal amount of Equipment Notes of the maturity and interest rate and in the principal amounts, all as determined in accordance with the provisions of this Refunding Agreement. SECTION 14. ADDITIONAL COSTS. (a) (i) Additional Costs.

If a Regulatory Change with respect to the Initial Bank Lender or any Permitted Transferee shall (A) impose on such Bank Lender any reserve, special deposit or any similar requirement with respect to the loan evidenced by its Bank Equipment Notes or any capital adequacy requirement requiring the maintenance by such Bank Lender of additional capital with respect to the loan evidenced by its

Bank Equipment Notes, or (B) change the basis of taxation in the jurisdictions in which such Bank Lender has either its principal office or the lending office through which it is participating in the Bank Equipment Notes (for such Bank Lender, its "Lending Office") of any amounts payable to such Bank Lender under the Indenture (other than any change with respect to (1) Taxes based on or imposed on or with respect to or measured by the capital, receipts or franchises of such Bank Lender or the overall net or gross income of such Bank Lender or such Lending Office, or (2) Taxes imposed on such Bank Lender or such Lending Office in lieu of or as a direct substitute for any Tax described in the preceding clause (1)) and as a result of any of the foregoing there shall be any material increase in the actual cost to such Bank Lender of making, funding or maintaining the loan evidenced by its Bank Equipment Notes or any material reduction in the amount receivable by such Bank Lender in respect thereof, in either case where such event does not arise from the gross negligence or willful misconduct of such Bank Lender, from its breach of any of its representations, warranties or covenants contained in any Operative Document or from its failure to comply with any such Regulatory Change (any such increase or reduction being referred to herein as an "Additional Cost"), then, upon demand made by such Bank Lender to the Owner Trustee, with a copy thereof to the Lessee, following the applicable Regulatory Change, the Owner Trustee shall pay directly to such Bank Lender from time to time, commencing within 15 days of the presentation by such Bank Lender of the certificate specified in the final sentence of the first paragraph of Section 14(a)(ii) hereof, an amount equal to the Additional Costs accruing from the date of delivery of such certificate. Notwithstanding any of the foregoing, the Owner Trustee's obligation to pay Additional Costs shall be limited to making such payments when and to the extent the Owner Trustee receives a corresponding payment of Supplemental Rent from the Lessee.

(ii) Notices, Mitigation and Determinations. Each Bank Lender will notify the Owner Trustee and the Lessee of any event occurring after the date of this Agreement (or, if later, after the date on which such Bank Lender purchased its Bank Equipment Notes) that will entitle such Bank Lender to compensation under Section 14(a)(i) hereof or Section 7(c) of the Participation Agreement as promptly as practicable, but, in the case of Section 14(a)(i) hereof, in any event within 30 days after the enactment date of the relevant Regulatory Change. As a condition to a Bank Lender's receiving compensation pursuant to this Section

14(a)(i) or Section 7(c) of the Participation Agreement, each such Bank Lender shall use its best efforts to avoid the need for, or to reduce the amount of, such compensation, and such Bank Lender shall take all reasonable steps to so avoid the need for, or reduce the amount of, such compensation, including, without limitation, designating a different Lending Office of such Bank Lender (other than a Lending Office that would render such Bank Lender no longer a Treaty Lender or an Exempt Lender, as the case may be), for the Bank Equipment Notes; provided that such Bank Lender shall not be obligated to take any steps that will, in its reasonable opinion, impose any material loss, cost, expense or liability upon such Bank Lender. The affected Bank Lender shall furnish to the Owner Trustee and the Lessee (A) in the case of Section 14(a)(i) hereof, an opinion of counsel describing the Regulatory Change giving rise to the need for the payment of such compensation pursuant to Section 14(a)(i) hereof and (B) an Officer's Certificate describing in reasonable detail the facts giving rise to such Bank Lender's right to the payment of such compensation pursuant to, and the basis in reasonable detail of computing such compensation under, as applicable, this Section 14(a) or Section 7(c) of the Participation Agreement, including, without limitation, a description of the steps taken by such Bank Lender to avoid or mitigate the amount of any such compensation referred to in this Section 14(a) or Section 7(c) of the Participation Agreement and certifying that such Bank Lender has complied with its obligations under this Section 14(a) or Section 7(c) of the Participation Agreement.

Notwithstanding the foregoing provisions of this Section 14(a), in no event shall the Owner Trustee be required to make payments under this Section 14(a) in respect of any Regulatory Change proposed by any applicable governmental authority (including any branch of a legislature), central bank or comparable agency and pending as of the date of this Refunding Agreement or, in the case of any Bank Lender that is an Assignee pursuant to Section 10(e) hereof, pending as of the date of the transfer. In addition, the Owner Trustee shall not be required to make payments under this Section 14(a) to any Bank Lender if such Bank Lender's claim hereunder arises through circumstances peculiar to such Bank Lender and which do not affect commercial banking institutions in the same jurisdiction generally. No Bank Lender shall seek payment with respect to Additional Costs hereunder if such Bank Lender is not also seeking payment for similar increased costs in other similarly situated transactions.

(b) Certain Transfers of Bank Equipment Notes. If any Bank Lender requests compensation for any amounts pursuant to Section 14(a) hereof or Section 7(c) of the Participation Agreement, the Owner Trustee shall, but only at the express direction of the Lessee (which direction the Lessee may, in its sole discretion, elect to give), require that such Bank Lender transfer its Bank Equipment Notes and all of its rights and obligations as a "Bank Lender" under its Bank Equipment Notes, this Agreement, the Participation Agreement and the Indenture to any Person or Persons (such Person or Persons being herein referred to as the "Replacement Lender(s)") identified by the Owner Trustee (as so directed by the Lessee) in a notice (the "Replacement Notice") to such Bank Lender specifying the date on which such transfer is requested to occur, the name(s) of the Replacement Lender(s) to which its interest in the Bank Equipment Notes is to be transferred and the portion thereof to be transferred to each, which notice shall be given not less than 15 Business Days prior to the date on which such transfer is to occur. Promptly after its receipt of any such notice from the Owner Trustee, unless such notice indicates that the Replacement Lender(s) do not desire an assignment of the Actual Swap, if any, or Swap Participation, if any, to which the affected Bank Lender is at such time a party, (x) if such affected Bank Lender is party to an Actual Swap, such affected Bank Lender shall ascertain whether its Swap Counterparty, if any, shall agree to an assignment of its Actual Swap by such Bank Lender to the proposed Replacement Lender(s) to the extent of their proposed respective interest in the Bank Equipment Notes and (y) if such affected Bank Lender is a party to a Swap Participation, such affected Bank Lender shall ascertain whether the Initial Bank Lender shall agree to extend the Swap Participation to the proposed Replacement Lender(s) to the extent of their proposed respective interest in the Bank Equipment Notes (the Initial Bank Lender hereby agreeing to take all commercially reasonable steps to accommodate such request). The affected Bank Lender shall promptly notify the Owner Trustee and the Lessee as to whether its Swap Counterparty shall accept such assignment to the Replacement Lender(s), or as to whether the Initial Bank Lender shall extend a Swap Participation to the Replacement Lender(s). On the date of the requested relevant transfer, (x) the affected Bank Lender shall sell, assign and transfer to the Replacement Lender(s), and the Replacement Lender(s) shall acquire and assume from the affected Bank Lender, all of the rights and obligations of the affected Bank Lender as a "Bank Lender" under the Bank Equipment Notes, this Agreement, the Participation Agreement and the Indenture (and, if the affected Bank Lender has an

Actual Swap or Swap Participation being assigned to such Replacement Lender, under such Actual Swap or Swap Participation) by executing and delivering an agreement in form and substance reasonably satisfactory to the Lessee to be bound by the terms of the Operative Documents and containing such amendments to the representations, warranties and agreements to be made by such Replacement Lender and the indemnities in favor of such Replacement Lender as the Lessee may agree (for purposes of this Section 14(b), collectively, the "Transferred Interest"), (y) the Lessee and/or the Replacement Lender(s) shall pay to the affected Bank Lender an amount equal to all principal, interest and other amounts then owing under this Agreement and the Indenture in respect of the Transferred Interest (and, unless the affected Bank Lender has an Actual Swap or Swap Participation being assigned to the Replacement Lender(s), plus an amount equal to any Swap Breakage Losses, or minus an amount equal to any Swap Breakage Gains, that would be payable by or to such Bank Lender if such Bank Lender's Bank Equipment Notes were being redeemed in full), and (z) the Lessee and/or the Replacement Lender(s) shall pay to the affected Bank Lender an amount equal to all reasonable costs or expenses incurred by such Bank Lender in connection with such transfer, whereupon the Replacement Lender(s) shall each become a "Bank Lender" for all purposes of this Agreement having, except as aforesaid, all the rights and obligations under this Agreement, the Indenture and the other Operative Documents of each "Bank Lender" holding their share of the Transferred Interest, and the obligations of the affected Bank Lender in respect of the Transferred Interest shall terminate. In the event the affected Bank Lender is a party to a Swap Participation and such Swap Participation is not being assigned to the Replacement Lender(s), the Initial Bank Lender agrees to terminate the Swap Transaction to the extent of such Swap Participation.

SECTION 15. PREFUNDING. (a) To enable the Original Loan Certificates to be redeemed on the Refunding Date in accordance with the terms of this Agreement and the Original Indenture, the Initial Bank Lender shall pay by no later than 2:00 P.M. on the Business Day next preceding the Refunding Date (the "Funding Date"), an amount equal to the aggregate purchase price of the Bank Equipment Notes to be issued to it on the Refunding Date, to State Street Bank and Trust Company of Connecticut, National Association's account at State Street Bank and Trust Company, Boston, Massachusetts, ABA # 011-000-028, Account # 9900-3147, Attention: Lisa Guymont, Re: American Airlines AA 1995 PTC Series AB (the "Account"), the funds so paid by the Initial

Bank Lender (the "Deposit") to be (x) held by State Street Bank and Trust Company of Connecticut, National Association ("State Street") in trust for the benefit of the Initial Bank Lender and (y) invested by State Street pursuant to Section 15(c) hereof; provided that, if the Refunding Date is delayed for any reason and the Lessee shall have given telephonic notice to the Initial Bank Lender no later than the close of business on the fourth Business Day next preceding the originally scheduled Funding Date, the Initial Bank Lender shall not make the payment provided for in this Section 15(a) on the originally scheduled Funding Date, the Funding Date may be postponed to such later date (such date to be not later than July 31, 1995) as the Lessee shall designate in writing to the Initial Bank Lender, which later date shall be at least four Business Days following the date on which the Lessee delivers written notice designating the delayed Funding Date, and the payment by the Initial Bank Lender provided for in this Section 15(a) shall be made on such delayed Funding Date.

(b) The Lessee shall pay interest to the Initial Bank Lender on the amount of its Deposit for the period from and including the Funding Date to but excluding the earlier of (i) the Refunding Date or (ii) the date such Deposit is returned to the Initial Bank Lender. Such interest shall accrue on the amount of the Deposit at a rate per annum equal to 80 basis points plus the Initial Bank Lender's overnight cost of funds (or, if higher, 80 basis points plus the floating rate base then applicable to the Initial Bank Lender as floating rate payor under any then-applicable Swap), as certified by the Initial Bank Lender to the Lessee. Accrued interest on the Deposit shall be due and payable to the Initial Bank Lender on the earlier of the dates specified in clauses (i) and (ii) of the preceding sentence.

(c) The Deposit will be invested and reinvested in Permitted Investments (as defined below) by State Street at the sole direction, for the account and at the risk of the Lessee and any earnings on the investment of such Deposit will, on the Refunding Date or on the date such Deposit is returned to the Initial Bank Lender and following payment by the Lessee to such Initial Bank Lender pursuant to clause (b) above, be paid over to the Lessee. Any directions of the Lessee to State Street hereunder may be given via telephone or facsimile. Funds paid by the Initial Bank Lender into the Account (exclusive of any earnings that are to be paid to the Lessee pursuant to the first sentence of this paragraph) will, at the direction of such Initial

Bank Lender or its representative to State Street (i) be applied by State Street as provided in Section 1 hereof or (ii) if the refunding does not occur on any scheduled Refunding Date (or any postponed Refunding Date) and the Lessee has not given timely notice to the Initial Bank Lender of a postponed Funding Date in accordance with Section 15(a) above, be returned on (or, if instructed by the Lessee in writing, prior to) the Refunding Date (or such postponed Refunding Date) to the Initial Bank Lender. The Lessee shall reimburse the Account on demand of State Street or the Initial Bank Lender for any loss, cost or expense incurred as a result of any investment by State Street in accordance with the terms hereof.

(d) "Permitted Investments" means any investment in (i) direct obligations of the United States or any agency thereof, or obligations guaranteed by the United States or any agency thereof, (ii) commercial paper rated at least A-1 by Standard & Poor's Corporation or P-2 by Moody's Investors Service, Inc., (iii) time deposits with, including certificates of deposit issued by, any bank or trust company the senior debt securities of which, or if the bank or trust company is owned by a holding company the senior debt securities of such holding company, are rated at least A- by Standard & Poor's Ratings Group, a division of McGraw-Hill, Inc. or A3 by Moody's Investors Service, Inc., (iv) repurchase agreements with respect to securities described in clause (i) above entered into with an office of a bank or trust company meeting the criteria specified in clause (iii) above or (v) investments in money market programs of investment companies registered under the Investment Company Act of 1940, as amended, provided that such money market programs invested only in instruments of the types described above in clauses (i) through (iii).

(e) The duties of State Street under this Section 15 are limited to those specifically set forth in this Section 15. State Street shall hold the funds in the Account in trust for the Initial Bank Lender and shall give such funds the same degree of care it gives other similar property held in such a capacity. State Street shall have no responsibility to determine the authenticity or validity of any notice, instruction, request or other document delivered to it and shall be protected in acting or refraining from acting upon any written notice, instruction or request furnished to it hereunder and believed by it to be genuine and purporting to have been given by the proper party or parties. State Street's only duties and responsibilities

hereunder shall be to hold and dispose of the funds in the Account in accordance with the terms of this Agreement. Without limiting the generality of the foregoing, State Street shall have no responsibility for any loss allocable to the Account from any investment made by State Street in accordance with this Section 15. Upon making payment of the Account in the manner provided in this Agreement, State Street shall have no further liability hereunder for such paid amount so delivered.

SECTION 16. MISCELLANEOUS. (a) Except as otherwise provided for herein, the representations, warranties and agreements herein of the Lessee, the Owner Trustee, the Indenture Trustee, the Loan Trustee, the Owner Participant, the Original Loan Participant, the Initial Bank Lender, the Bank Lenders and the Pass Through Trustee, and the Lessee's, the Owner Trustee's, the Loan Trustee's, the Owner Participant's, the Initial Bank Lender's, the Bank Lenders' and the Pass Through Trustee's obligations under any and all thereof, shall survive the expiration or other termination of this Agreement and the other agreements referred to herein.

(b) Neither the Owner Participant nor the Pass Through Trustee shall have any obligation or duty to the Lessee with respect to the transactions contemplated hereby except those obligations or duties expressly set forth herein, in the Participation Agreement, or, in the case of the Owner Participant, in the Tax Indemnity Agreement, or, in the case of the Pass Through Trustee, in the Pass Through Trust Documents.

(c) The parties hereto agree that all Operative Documents hitherto designated "(AA 1992 AF-2)" are hereby redesignated "(AA 1995 PTC Series AB)".

(d) Neither the Pass Through Certificates nor any Equipment Note shall be registered on any securities exchange without the consent of the Lessee.

(e) This Agreement may be executed in any number of counterparts (and each of the parties hereto shall not be required to execute the same counterpart). Each counterpart of this Agreement including a signature page executed by each of the parties hereto shall be an original counterpart of this Agreement, but all of such counterparts together shall constitute one instrument. Neither this Agreement nor any of the terms hereof may be terminated, amended, supplemented, waived or modified orally, but only by an instrument in writing signed by the party against which the enforcement

of the termination, amendment, supplement, waiver or modification is sought or (in the case of such enforcement against the Bank Lenders) by the holders of a majority in principal amount of Outstanding Bank Equipment Notes; and no such termination, amendment, supplement, waiver or modification shall be effective unless a signed copy thereof shall have been delivered to the Loan Trustee. The index preceding this Agreement and the headings of the various Sections of this Agreement are for convenience of reference only and shall not modify, define, expand or limit any of the terms or provisions hereof. The terms of this Agreement shall be binding upon, and shall inure to the benefit of, the Lessee and, subject to the terms of the Participation Agreement, its successors and permitted assigns, the Original Loan Participants, the Initial Bank Lender and, subject to the terms of Sections 10(e) and 14, its permitted successors and assigns as Bank Lenders hereunder and under the Indenture, the Pass Through Trustee and its successors as Pass Through Trustee (and any additional trustee appointed) under any of the Pass Through Trust Documents, the Loan Trustee and its successors as Loan Trustee (and any additional Loan Trustee appointed) under the Indenture, the Indenture Trustee, the Owner Trustee and its successors as Owner Trustee under the Trust Agreement, and the Owner Participant and, subject to the provisions of the Participation Agreement, its successors and permitted assigns. No purchaser or holder of any Equipment Notes shall be deemed to be a successor or assign of any of the Original Loan Participants. THIS AGREEMENT SHALL IN ALL RESPECTS BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, INCLUDING ALL MATTERS OF CONSTRUCTION, VALIDITY AND PERFORMANCE. THIS AGREEMENT IS BEING DELIVERED IN THE STATE OF NEW YORK.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their respective officers thereunto duly authorized as of the day and year first above written.

GUARANTEE  
(AA 1995 PTC Series \_\_\_)

GUARANTEE, dated as of \_\_\_\_\_, 1995 by State Street Bank and Trust Company, a Massachusetts corporation (the "GUARANTOR") to and for the benefit of each person listed on Schedule I hereto (collectively, together with their successors and permitted assigns, the "BENEFICIARIES" and, individually, a "BENEFICIARY").

WITNESSETH:

WHEREAS, State Street Bank and Trust Company of Connecticut, National Association, a wholly-owned subsidiary of the Guarantor (the "SUBSIDIARY") wishes to act as trustee pursuant to the agreements listed on Schedule II hereto (as amended, modified or supplemented from time to time, the "AGREEMENTS").

WHEREAS, the Beneficiaries are willing to have the Subsidiary act in such capacity under the Agreements provided that the Guarantor executes and delivers this Guarantee;

WHEREAS, the Guarantor has determined that the execution and delivery by it of this Guarantee is necessary in order to conduct, promote and attain the business of the Subsidiary and the Guarantor;

NOW, THEREFORE, the Guarantor hereby agrees with and for the benefit of the Beneficiaries as follows:

1. GUARANTEE.

(a) The Guarantor hereby unconditionally and irrevocably guarantees to each of the Beneficiaries the prompt and complete payment by the Subsidiary when due of, and the faithful performance of, and compliance with, all payment obligations of the Subsidiary under the Agreements and each other document referred to therein to which the Subsidiary is a party or by which the Subsidiary is bound (collectively, the "RELEVANT DOCUMENTS"), in accordance with the terms thereof and the timely performance of and compliance with all other obligations of the Subsidiary thereunder (such payment and other obligations, the "OBLIGATIONS"). In no event, however, shall the agreement contained herein be construed to constitute a guarantee of any amount due with respect to acts or events occurring after such time, if any, that the Subsidiary ceases to be a party to the Relevant Documents.

(b) Until such time as all of the Obligations have been paid and performed in full, no payment or payments made by the Subsidiary, the Guarantor, any other guarantor or any other person or received or collected by any Beneficiary from the Subsidiary, the Guarantor, any other guarantor or any other person by virtue of any action or proceeding or any set-off or appropriation or application at any time or from time to time in reduction of or in payment of the Obligations shall be deemed to modify, reduce, release or otherwise affect the liability of the Guarantor hereunder except as to the Beneficiary receiving such payment and solely by and to the extent of the net amount thereof actually received and retained by such Beneficiary, and subject in each case to the other provisions of this Guarantee (including but not limited to Paragraph 3 hereof). In no event shall any such payment or payments be deemed to modify, reduce, release or otherwise affect the liability of the Guarantor hereunder for the payment and performance in full of all of the Obligations.

(c) If for any reason any Obligations to be performed or observed by the Subsidiary shall not be observed or performed, or if any amount payable by the Subsidiary referred to in Section 1(a) hereof shall not be paid when due and payable, the Guarantor shall promptly perform or observe or cause to be performed or observed each such Obligation or undertaking and shall forthwith pay such amount at the place and to the person or entity entitled thereto pursuant to the Relevant Documents.

2. Amendments etc., with respect to the Obligations: Waiver of Rights. The Guarantor shall remain obligated hereunder notwithstanding that, without any reservation of rights against the Guarantor and without notice to or further assent by the Guarantor, any demand for payment or performance of any of the Obligations made by any Beneficiary may be rescinded by such party and any of the Obligations continued, and the Obligations, or the liability of any other party upon or for any right of offset with respect thereto, may, from time to time, in whole or in part, be renewed, extended, amended, modified, accelerated, compromised, waived, surrendered or released by any Beneficiary and any Relevant Document and/or any collateral security document or other guarantee or document in connection therewith, may be amended, modified, supplemented or terminated, in whole or in part, as the parties thereto may deem advisable from time to time, and any right, title or interest in or to any Relevant Documents, or the Aircraft (as defined in the Agreement), or any collateral security, guarantee or right of offset at any time held by any Beneficiary for the payment or performance of the Obligations may be sold, exchanged, waived, surrendered, released, transferred or otherwise disposed of. Without limiting the foregoing, the Guarantor unconditionally waives, to the fullest extent permitted by law, (a) notices of the creation of any Obligation under the Relevant Documents or any notice of or proof of reliance by any of the Beneficiaries upon this Guarantee or acceptance of this Guarantee (the Obligations shall conclusively be deemed to have been created, contracted, incurred or renewed, extended, amended or waived in reliance upon this Guarantee and all dealings between the Subsidiary or the Guarantor and any Beneficiary shall be conclusively presumed to have been had or consummated in reliance upon this Guarantee), (b) all notices that may be required by statute, rule of law or

otherwise, now or hereafter in effect, to preserve intact any rights of any of the Beneficiaries against the Guarantor, including, without limitation, any demand, presentment and protest, proof of notice of nonpayment under any Relevant Document, and notice of default or any failure on the part of the Subsidiary to perform or comply with any Obligation, (c) any right to the enforcement, assertion or exercise by any of the Beneficiaries of any right, power, privilege or remedy conferred herein or in any Relevant Document or otherwise, (d) any requirement of promptness or diligence on the part of any of the Beneficiaries, (e) any notice of the sale, exchange, waiver, surrender, release, transfer or other disposition of any right, title or interest in or to any Relevant Document, or the Aircraft (as defined in the Agreement), or any collateral security, guarantee or right of offset at any time held by any Beneficiary for the payment or performance of the Obligations, or (f) any other circumstance whatsoever that might otherwise constitute a legal or equitable discharge, release or defense of a guarantor or surety, or that might otherwise limit recourse against the Guarantor.

3. Guarantee Absolute and Unconditional. The Guarantor understands and agrees that this Guarantee shall be construed as a primary obligation of the Guarantor and is a present, continuing, absolute and unconditional guarantee of payment and performance (and not merely of collection) without regard to any defense, set-off or counterclaim (other than a defense of payment or performance in full) that may at any time be available to or be asserted by the Subsidiary against any Beneficiary. When pursuing its rights and remedies hereunder against the Guarantor, any Beneficiary may, but shall be under no obligation to, pursue such rights and remedies as it may have against the Subsidiary or any other person or entity or against any collateral security or guarantee for the Obligations or any right of offset with respect thereto, and any failure by any Beneficiary to pursue such other rights or remedies or to collect any payments from the Subsidiary or any such other person or entity or to realize upon any such collateral security or guarantee or to exercise any such right of offset, or any release of the Subsidiary or any such other person or entity or any such collateral security, guarantee or right of offset, shall not relieve the Guarantor of any liability hereunder, and shall not impair or affect the right and remedies, whether express, implied or available as a matter of law, of any Beneficiary against the Guarantor. This Guarantee shall continue to be effective, or be reinstated, as the case may be, if at any time payment, in whole or in part, of any of the sums due to any of the Beneficiaries pursuant to the terms of any Relevant Document is rescinded or must otherwise be restored or returned upon the bankruptcy, insolvency, reorganization, arrangement, adjustment, composition, dissolution, liquidation, or the like, of the Subsidiary or the Guarantor, or upon or as a result of, the appointment of a custodian, receiver, trustee or other officer with similar powers with respect to the Subsidiary or the Guarantor or any substantial part of their respective property, or otherwise, all as though such payment had not been made notwithstanding any termination of this Guarantee or any other Relevant Document. This Guarantee shall remain in full force and effect and be binding in accordance with and to the extent of its terms upon the Guarantor and the successors and assigns thereof, and shall inure to the benefit of the Beneficiaries, and their respective successors, transferees and assigns, until all of the Obligations and the obligations of the Guarantor under this Agreement shall have been satisfied by payment and performance in full.

4. Representations and Warranties. The Guarantor hereby represents and warrants that:

(a) the Guarantor is a corporation duly organized, validly existing and in good standing under the laws of the jurisdiction of its incorporation;

(b) the Guarantor has all requisite power and authority and the legal right to execute and deliver, and to perform its obligations under, this Guarantee, and has taken all necessary corporate action to authorize its execution, delivery and performance of this Guarantee;

(c) this Guarantee constitutes a legal, valid and binding obligation of the Guarantor enforceable in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally;

(d) the execution, delivery and acceptance of this Guarantee, and the performance by the Guarantor of its obligations hereunder, do not and will not violate or result in a breach of or default under (or any event that with notice or the passage of time, or both, would constitute such a violation, breach or default) the respective certificate of incorporation, by-laws or other corporate organizational documents of the Guarantor or the Subsidiary, any Relevant Document or other agreement, instrument or contractual obligation to which the Guarantor or the subsidiary is party or by which either of them or any of their respective properties are bound, or any law, statute, rule, regulation, judgment, order or decree applicable to the Guarantor or the Subsidiary;

(e) no consent or authorization of, filing with, or other act by or in respect of, any arbitrator or governmental authority and no consent of any other entity or person (including, without limitation, any stockholder or creditor of the Guarantor) is required in connection with the execution, delivery, performance, validity or enforceability of this Guarantee;

(f) the Guarantor is a bank with a combined capital and surplus of at least \$500,000,000, as determined in accordance with generally accepted accounting principles; and

(g) the Guarantor owns all of the capital stock of the Subsidiary.

5. Indemnity. The Guarantor hereby agrees to pay all reasonable costs and expenses (including, without limitation, counsel fees) of all parties to the Relevant Documents incurred in connection with this Guarantee and the transactions contemplated hereby, including without limitation the execution, delivery and performance of this

Guarantee. The Guarantor agrees that American Airlines, Inc. ("American") shall not, in connection with this Guarantee and the transactions contemplated hereby, suffer or incur any loss, cost, expense or liability that American would not have suffered or incurred had such transactions not occurred, including without limitation any obligation to indemnify any other party to the Relevant Documents for any loss, cost or expense (including, without limitation, counsel fees) arising in connection with this Guarantee and the transactions contemplated hereby. The Guarantor further agrees to indemnify and hold harmless American from and against any loss, cost, action, suit, damage, expense or other liability arising out of or in connection with this Guarantee and the transactionc contemplated hereby.

6 Miscellaneous. None of the terms or provisions of this Guarantee may be waived, amended or supplemented or otherwise modified except by a written instrument executed by the Guarantor and the Beneficiaries. This Guarantee shall be binding upon the successors and assigns of the Guarantor and shall inure to the benefit of the Beneficiaries and their respective successors and assigns. THIS GUARANTEE SHALL BE GOVERNED BY AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH THE LAW OF THE COMMONWEALTH OF MASSACHUSETTS. In so acting, we have examined or participated in the preparation of the Refunding Agreement, the Original Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Original Trust Agreement, the Trust Agreement Amendment, the Original Indenture, the Amended and Restated Indenture, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment and the form of the Pass Through Certificates being issued today, and we have examined and relied upon the representations and warranties as to factual matters contained therein or made pursuant thereto and upon the originals, or copies certified or otherwise identified to our satisfaction, of such records, documents and other instruments as in our judgment are necessary or appropriate to enable us to render the opinion expressed below.

Based on the foregoing, we are of the following opinion:

1. The Lessee is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware and has the corporate power and authority to carry on its business as presently conducted and has, or had on the respective dates of execution thereof, the corporate power and authority to enter into its obligations under the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment and has the corporate power and authority to perform its obligations under the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment.

the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, and the performance by the Lessee of the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, have been duly authorized by all necessary corporate action on the part of the Lessee, and do not require any approval of stockholders of the Lessee or approval or consent of any trustee or holders of any indebtedness or obligations of the Lessee known to us, and neither the execution and delivery of any thereof by the Lessee nor the consummation by the Lessee of the transactions contemplated thereby nor compliance by the Lessee with any of the terms and provisions thereof contravene any law, governmental rule or regulation, judgment or order known to us to be applicable to or binding on the Lessee, or contravene or result in any breach of, or constitute any default under, or result in the creation of any Lien (other than as permitted by the Lease or the Indenture) upon any property of the Lessee under, the Certificate of Incorporation or By-Laws of the Lessee or any indenture, mortgage, chattel mortgage, deed of trust, conditional sales contract, bank loan or credit agreement or other agreement or instrument known to us to which the Lessee is a party or by which the Lessee or its properties may be bound or affected.

3. Except as referred to in Section 9(c) of the Refunding Agreement and except for (i) action that may be required to register the issuance and sale of the Pass Through Certificates under the Securities Act of 1933, as amended (the "Securities Act"), which action has been duly accomplished upon the Lessee's Registration Statement on Form S-3 (Registration No. 33-42998), as amended by certain post-effective amendments thereto, having become effective under the Securities Act, pursuant to orders of the Securities and Exchange Commission, to the best of our knowledge no stop order suspending the effectiveness of the Registration Statement having been issued and no proceedings for that purpose having been instituted or threatened, (ii) qualification of the Pass Through Trust Agreement under the Trust Indenture Act of 1939, which

qualification has been duly obtained pursuant to an order of the Securities and Exchange Commission, (iii) filings or other actions that may be required under the securities or Blue Sky laws of the various states, and iv) the filings referred to in paragraphs 5 and 6 below, neither the execution and delivery by the Lessee of the Refunding Agreement, the Original Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, nor the consummation by the Lessee of any of the transactions contemplated by the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment requires the consent or approval of, the giving of notice to, the registration with, or the taking of any other action in respect of, the Department of Transportation, the Federal Aviation Administration, the Securities and Exchange Commission or any other Federal or New York State governmental authority.

4. Each of the Refunding Agreement, the Original Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment has been duly executed and delivered by the Lessee, and each of the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment constitutes the legal, valid and binding obligation of the Lessee enforceable against the Lessee in accordance with its terms, except i) as may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and by general principles of equity and ii) in the case of the Lease, as limited by applicable laws which may affect the remedies provided in the Lease, which laws, however, do not

in our opinion make the remedies provided in the Lease inadequate for the practical realization of the rights and benefits provided thereby.

5. Except for (i) the registration of the Aircraft with the Federal Aviation Administration and (ii) the filing for recordation of (x) the Manufacturer's FAA Bill of Sale, the Manufacturer's Subsidiary's FAA Bill of Sale and the FAA Bill of Sale, y) the Original Lease (with the Lease Supplement covering the Aircraft, the Original Indenture, and the Trust Agreement and Indenture Supplement covering the Aircraft attached), and (z) the Lease Amendment, the Amended and Restated Indenture and the Instrument of Resignation, in accordance with the Federal Aviation Act, (A) with respect to such portion of the Aircraft as is covered by the recording system established by the Federal Aviation Administration pursuant to Section 44107 of Title 49 of the United States Code, and assuming that at the time of each such filing no other unrecorded documents relating to the Aircraft have been filed pursuant to such Act but have not been shown on indices of filed but unrecorded documents made available to special Oklahoma City counsel, no further filing or recording of any document is necessary or advisable under the laws of the State of New York or the Federal laws of the United States of America in order to perfect the Owner Trustee's interest in the Aircraft as against the Lessee and any third parties in any applicable jurisdiction within the United States; and B) with respect to such portion, if any, of the Aircraft as may not be covered by such recording system, no further filing or recording of any document (including any financing statement) is necessary or advisable under Article 9 of the Uniform Commercial Code as in effect in any state in order to perfect the Owner Trustee's interest therein as against the Lessee and any third parties in any such state, except for the filing of a Uniform Commercial Code financing statement in the State of Texas, which filing has been duly effected, the filing of an assignment and amendment relating to such financing statement, and the filing of continuation statements with respect thereto required to be filed at periodic intervals under the Uniform Commercial Code of the State of Texas.

6. The Lease Amendment, the Amended and Restated Indenture and the Instrument of Resignation are in due form for recording and, subject to i) the registration of the Aircraft with the Federal Aviation Administration, and ii) the due and timely filing for recordation of (w) the Manufacturer's FAA Bill of Sale, the Manufacturer's Subsidiary's FAA Bill of Sale and the FAA Bill of Sale, (x) the Original Lease (with the Lease Supplement covering the Aircraft, the Original Indenture and the Trust Agreement and Indenture Supplement covering the Aircraft attached), (y) the Original Indenture (with such Trust Agreement and Indenture Supplement and the Original Trust Agreement attached) and z) the Lease Amendment, the Amended and Restated Indenture and the Instrument of Resignation, in accordance with the Federal Aviation Act, and assuming that at the time of each such filing no other unrecorded documents relating to the Aircraft have been filed pursuant to such Act but have not been shown on indices of filed but unrecorded documents made available to special Oklahoma City counsel, the Indenture, as supplemented, creates a security interest in the Owner Trustee's interest in the Aircraft, and, except for such filing or recordation, no further filing or recording of any such instrument or any other instrument is necessary or advisable to establish and perfect such security interest and the assignment for security purposes of the Lease and the Lease Supplement covering the Aircraft to the Loan Trustee in any applicable jurisdiction within the United States of America, except for the filing of Uniform Commercial Code financing statements within the States of Delaware and Texas, which filings have been duly effected, the filing of assignments and amendments to Uniform Commercial Code financing statements previously filed in the States of Delaware and Texas, and the filing of continuation statements with respect to all such financing statements required to be filed at periodic intervals under the Uniform Commercial Code of the States of Delaware and Texas.

7. The Owner Trustee, as Lessor under the Lease, and the Loan Trustee, as assignee of the Owner Trustee's rights under the Lease pursuant to the Indenture, would be entitled to the benefits of Section 1110 of the Bankruptcy Code (11 U.S.C.A. Section 1110) with respect

to the Aircraft initially delivered under the Lease and subjected to the Lease and the Indenture.

In rendering the foregoing opinions, we have relied upon the respective opinions, dated today and delivered to you, of (i) Crowe & Dunlevy, P.C., special Oklahoma City counsel, as to matters of Federal aviation law and (ii) Potter, Anderson & Corroon, special counsel for the Owner Trustee, as to matters of Delaware law, and we have made no investigation of law or fact as to the matters stated in such opinions. We have made the same assumptions as set forth in such opinions (except as to the due authorization, execution and delivery by the Lessee of the Refunding Agreement, the Original Participation Agreement, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment), and our opinion is subject to the same limitations as are therein set forth. With respect to the judgments or orders referred to in paragraph 2 and insofar as the foregoing opinion relates to Federal aviation laws, the Department of Transportation or the Federal Aviation Administration and as to all matters of Texas law, we have relied upon the opinion, dated today and delivered to you, of Anne H. McNamara, Esq., Senior Vice President and General Counsel of the Lessee, and in our opinion you and we are justified in relying on such opinion. We have also assumed that the Refunding Agreement and the Participation Agreement and the transactions contemplated thereby are not within the prohibitions of Section 406 of the Employee Retirement Income Security Act of 1974, as amended.

Our opinion is limited to the laws of the State of New York, the corporate law of the State of Delaware and the Federal laws of the United States of America, except that we express no opinion with respect to the securities laws of any state, including the State of New York.

This opinion is being furnished by us solely for your benefit in connection with the transactions contemplated by the Refunding Agreement. This opinion may not be relied upon or used for any other purpose.

Very truly yours,

American Airlines, Inc.  
(AA 1995 PTC Series AB)

Ladies and Gentlemen:

I am Senior Vice President and General Counsel of American Airlines, Inc., a Delaware corporation (the "Lessee"), and as such I am delivering this opinion in connection with the transactions contemplated by the Refunding Agreement (AA 1995 PTC Series AB), dated as of \_\_\_\_\_, 1995 (the "Refunding Agreement"), among the Lessee, Wilmington Trust Company, as Owner Trustee (the "Owner Trustee"), State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee (the "Loan Trustee"), State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, AT&T Credit Holdings, Inc. (formerly known as AT&T Credit Corporation), as Owner Participant, ABN AMRO Bank N.V., Houston Agency, as Original Loan Participant, The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender, and NationsBank of Georgia, National Association, as Indenture Trustee. Capitalized terms used herein without definition are used as defined in the Refunding Agreement.

In so acting, I have examined the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Original Trust Agreement, the Trust Agreement Amendment, the Original Indenture, the Amended and Restated Indenture, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Instrument of Resignation, the Pass Through Trust Documents, the Purchase Agreement Assignment and the Pass Through Certificates and have examined and relied upon the representations and warranties as to factual matters contained therein or made pursuant thereto and upon the originals, or copies certified or otherwise identified to my satisfaction, of such records, documents and other instruments as in my judgment are necessary

or appropriate to enable me to render the opinion expressed below.

Based on the foregoing, I am of the following opinion:

1. The Lessee holds an air carrier operating certificate issued by the Secretary of Transportation pursuant to Chapter 447 of Title 49 of the United States Code pursuant to which the Lessee is authorized to operate Boeing 767-323ER aircraft, the Lessee is a "citizen of the United States" as defined in Section 40102 of Title 49 of the United States Code, and the Lessee's chief executive office (as such term is defined in Article 9 of the Uniform Commercial Code in effect in the State of Texas) is located in Fort Worth, Texas.

2. The execution and delivery by the Lessee of the Refunding Agreement, the Original Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Lease Amendment, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, and the performance by the Lessee of the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment have been duly authorized by all necessary corporate action on the part of the Lessee, and do not require any approval of stockholders of the Lessee or approval or consent of, any trustees or holders of any indebtedness or obligations of the Lessee known to me; and neither the execution and delivery of any thereof by the Lessee nor the consummation or performance by the Lessee of the transactions contemplated by the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment nor the compliance by the Lessee with any of the terms and provisions thereof will contravene any law, governmental rule, regulation, judgment or order known to me to be applicable to, or binding on, the Lessee or for the Certificate of Incorporation or By Laws of the Lessee

contravene or result in any breach of, or constitute any default under, or result in the creation of any Lien (other than as permitted under the Lease or the Indenture) upon any property of the Lessee under, any indenture, mortgage, chattel mortgage, deed of trust, conditional sales contract, bank loan, credit agreement, contract or other agreement known to me to which the Lessee is a party or by which any of its properties may be bound or affected.

3. Except as referred to in Section 9(c) of the Refunding Agreement and the filings referred to in paragraphs 3, 5 and 6 of the opinion, dated today and delivered to you, of Debevoise & Plimpton, neither the execution and delivery by the Lessee of the Refunding Agreement, the Lease Amendment, the Amended and Restated Rent Schedule, the Tax Indemnity Agreement Amendment, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, nor the consummation by the Lessee of the transactions contemplated by the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment requires the consent or approval of, the giving of notice to, the registration with, or the taking of any other action in respect of, the Department of Transportation, the Federal Aviation Administration or any governmental authority of the State of Texas.

4. No filing or recording of any document in the State of Texas is necessary or advisable in order to perfect the Owner Trustee's title to and interest in the Aircraft as against the Lessee and any third party in the State of Texas, except for the filing of a Uniform Commercial Code financing statement in the State of Texas which filing has been duly effected, and the filing of an assignment and amendment relating thereto in the State of Texas, which assignment and amendment [have] been positioned for filing promptly upon closing, and the filing of continuation statements with respect thereto required to be filed at periodic intervals under the Uniform Commercial Code of the State of Texas. No filing or recording of any document in the State of Texas is necessary or advisable to

establish and perfect the security interest in the Aircraft that the Indenture, as supplemented, by its terms purports to create and the assignment for security purposes of the Lease to the Loan Trustee in accordance with the terms of the Indenture, except for the filing of the financing statement and assignment and amendment relating thereto referred to in the first sentence of this paragraph, and continuation statements relating thereto.

5. There are no pending or, to the best of my knowledge, threatened actions or proceedings before any court or administrative agency or arbitrator that would materially adversely affect the ability of the Lessee to perform its obligations under the Refunding Agreement, the Participation Agreement, the Lease, the Amended and Restated Rent Schedule, the Tax Indemnity Agreement, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment.

In rendering the foregoing opinion, I have relied upon the opinion, dated today and delivered to you, of Crowe & Dunlevy, P.C., special Oklahoma City counsel. In so relying, I have made the same assumptions, and my opinion is subject to the same limitations, as are therein set forth. I have also assumed that the Refunding Agreement, the Participation Agreement and the transactions contemplated thereby are not within the prohibitions of Section 406 of the Employee Retirement Income Security Act of 1974, as amended.

I am delivering this opinion to you pursuant to the Refunding Agreement, and no persons other than you and Debevoise & Plimpton are entitled to rely on this opinion.

With your permission, my opinion is limited to the laws of the State of Texas and the Federal laws of the United States of America, except that I express no opinion with respect to the securities laws of any jurisdiction or any other laws.

Re: American Airlines, Inc.  
(AA \_\_\_ PTC Series \_\_\_)

Ladies and Gentlemen:

We have acted as counsel to Wilmington Trust Company, a Delaware banking corporation (the "Trust Company"), in connection with the Trust Agreement (AA 1992 AF- \_\_\_), dated as of \_\_\_\_\_, 1992 (the "Original Trust Agreement"), by and between the Trust Company and AT&T Credit Holdings, Inc. (formerly known as AT&T Credit Corporation), a Delaware corporation (the "Owner Participant"), as amended by the First Amendment to Trust Agreement (AA 1992 AF-\_\_\_) (Redesignated AA 1995 PTC Series \_\_\_), dated as of the date hereof by and between the Trust Company and the Owner Participant (the "Trust Agreement Amendment"; the Original Trust Agreement as amended by the Trust Agreement Amendment being herein called the "Trust Agreement"). Pursuant to the Refunding Agreement (AA 1995 PTC Series \_\_\_), dated as of the date hereof (the "Refunding Agreement"), by and among American Airlines, Inc., as Lessee (the "Lessee"), NationsBank of Georgia, National Association (formerly known as C&S/Sovran Trust Company (Georgia), National Association), as Indenture Trustee (the "Indenture Trustee"), Swiss Bank Corporation, New York Branch and Westland/Utrecht Hypotheekbank, N.V., as Original Loan Participants (the "Original Loan Participant"), the Owner Participant, State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee (the "Pass Through Trustee"), State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee (the "Loan Trustee"), The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender, and the Trust Company, not in its

individual capacity except as specifically set forth therein, but solely as Owner Trustee (the "Owner Trustee") under the Trust Agreement, long-term financing is being provided in connection with one Boeing 767-323 aircraft bearing U.S. Registration No. \_\_\_\_ (the "Aircraft"). This opinion is furnished upon the request of the Owner Trustee pursuant to Sections 3(1) and 4(a) of the Refunding Agreement. Capitalized terms used herein and not otherwise defined are used as defined in or by reference in the Refunding Agreement, except that reference herein to any instrument shall mean such instrument as in effect on the date hereof after giving effect to the transactions contemplated by the Refunding Agreement.

We have examined executed counterparts or copies otherwise identified to our satisfaction of the following documents:

- (a) The Original Trust Agreement;
- (b) The Trust Agreement Amendment;
- (c) The Original Participation Agreement and the amendments thereto effective on the date hereof (the "Participation Agreement");
- (d) The Refunding Agreement;
- (e) The Original Lease;
- (f) The Lease Amendment;
- (g) The Lease Supplement No. 1 dated the Delivery Date covering the Aircraft (the "Lease Supplement");
- (h) The Indenture;
- (i) The Trust Agreement and Indenture Supplement No. 1 dated the Delivery Date covering the Aircraft (the "Trust Supplement");
- (j) The Purchase Agreement Assignment;
- (k) The Instrument of Resignation;
- (l) The Amended and Restated Rent Schedule; and

- (m) The Equipment Notes being issued on the date hereof (the "Equipment Notes").

The documents identified in paragraphs (a) through (l) above are collectively referred to herein as the "Operative Documents."

We have also examined originals or copies of such other documents, such corporate records, certificates and other statements of governmental officials and corporate officers and other representatives of the corporations or entities referred to herein and such other instruments as we have deemed necessary or appropriate for the purposes of this opinion. Moreover, as to certain facts material to the opinions expressed herein, we have relied upon the representations and warranties contained in the instruments referred to above.

Based upon the foregoing and upon an examination of such questions of law as we have considered necessary or appropriate, and subject to the assumptions, exceptions and qualifications set forth below, we advise you that, in our opinion:

1. The Trust Company is a Delaware banking corporation, duly organized and validly existing in good standing under the laws of the State of Delaware and has the corporate, banking and trust powers to enter into and perform its obligations under the Trust Agreement, and the Owner Trustee has the authority under the Trust Agreement to execute, deliver and perform its obligations under the Operative Documents and to issue, execute, deliver and perform its obligations under the Equipment Notes.

2. The Trust Company is a "citizen of the United States" within the meaning of Section 40102(a)(15) of Title 49 of the United States Code.

3. Each Operative Document has been duly authorized, executed and delivered by the Trust Company or by the Owner Trustee, as the case may be, and constitutes the legal, valid and binding obligation of the Trust Company or the Owner Trustee, as the case may be, enforceable against the Trust Company or the Owner Trustee, as the case may be, in accordance with its respective terms. The Trust Agreement constitutes a legal, valid and binding obligation of the Owner Participant enforceable against the Owner Participant in

accordance with its terms. The Equipment Notes have been duly authorized, issued, executed and delivered by the Owner Trustee, pursuant to authorization contained in the Trust Agreement, and constitute the legal, valid and binding obligations of the Owner Trustee enforceable against the Owner Trustee in accordance with their terms and the terms of the Indenture; and the Equipment Notes are entitled to the benefits and security afforded by the Indenture in accordance with its terms and the terms of the Indenture.

4. Neither the execution and delivery by the Trust Company or the Owner Trustee, as the case may be, of the Operative Documents, nor the issuance, execution and delivery by the Owner Trustee of the Equipment Notes, nor the fulfillment of or compliance by the Trust Company or the Owner Trustee, as the case may be, with the respective provisions thereof, conflicts with, or results in a breach of the terms, conditions or provisions of, or constitutes a default under, or results in a violation of, the charter or by-laws of the Trust Company, any law of the State of Delaware or any federal law of the United States of America governing the banking or trust powers of the Trust Company or, to the best of our knowledge, any agreement, indenture, instrument, order, judgment or decree to which the Trust Company, the Owner Trustee or any of their respective properties is subject.

5. No consent, approval or other action by or any notice to or filing with any court or administrative or governmental body is required under the laws of the State of Delaware or the federal laws of the United States of America governing the banking or trust powers of the Trust Company in connection with the authorization, execution and delivery by the Trust Company or the Owner Trustee of the Operative Documents, the authorization, issuance, execution and delivery by the Owner Trustee of the Equipment Notes, or the fulfillment of or compliance by the Trust Company or the Owner Trustee with the respective terms and provisions thereof.

6. The Trust Agreement creates for the benefit of the Owner Participant the rights and interests in the Trust Estate which the Trust Agreement by its terms purports to create, and such interest is subject and subordinate to the security interests created by the Indenture to the extent provided in the Indenture.

7. There are no taxes, fees or other charges ("Taxes") payable to the State of Delaware or to any political subdivision thereof in connection with the execution and delivery of the Operative Documents or the Pass Through Trust Documents. None of the transactions contemplated by the Operative Documents or the Pass Through Trust Documents nor any of the Owner Participant, the Lessee, the Owner Trustee (individually or as Owner Trustee), the Trust Estate, the trust created by the Trust Agreement, any holder of an Equipment Note, any original Loan Participants, the Loan Trustee (in its individual capacity or as trustee), the Indenture Estate (such term being used in this opinion letter as defined in the Indenture), the Indenture Trustee (in its individual capacity or as Indenture Trustee), the trust created by the Indenture, any Pass Through Trustee (in its individual capacity or as trustee), any trust created by any Pass Through Trust Document or any holder of a Pass Through Certificate (or their Affiliates, successors, officers, directors, agents, servants or assigns) will be subject to any Tax under the laws of the State of Delaware or any political subdivision thereof (other than Taxes imposed on the fees received by the Owner Trustee for acting as trustee under the Trust Agreement) which would not have been imposed if the trust created by the Trust Agreement had not been created pursuant to the laws of the State of Delaware and the Trust Company had not (a) been incorporated under the laws of, (b) had its principal place of business in, (c) performed (individually or as Owner Trustee) its duties under the Operative Documents in, and (d) engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Pass Through Trust Documents in, the State of Delaware. There are no Taxes under the laws of the State of Delaware or any political subdivision thereof upon or with respect to (i) the construction, mortgaging, financing, refinancing, purchase, acquisition, acceptance, rejection, delivery, nondelivery, transport, location, ownership, control, insurance, registration, reregistration, deregistration, assembly, possession, repossession, operation, use, condition, maintenance, repair, sale, return, abandonment, replacement, preparation, installation, storage, redelivery, manufacture, leasing, subleasing, modification, rebuilding, importation, transfer of title, transfer of registration, exportation or other application or disposition of the Aircraft, any Engine or any Part or any interest in any thereof, (ii) payments of Rent or the receipts, income or earnings arising therefrom or received with respect to the Aircraft, any Engine or any Part or any interest therein or payable pursuant to the Lease, (iii)

any amount paid or payable pursuant to any Operative Document or any Pass Through Trust Document, (iv) the Aircraft, any Engine or any Part or any interest therein or the applicability of the Lease to the Aircraft, any Engine or any Part or any interest therein, (v) any or all of the Operative Documents, the Pass Through Trust Documents, the Equipment Notes or any interest in any or all thereof, or the offering, assumption, registration, reregistration, issuance, acquisition, modification, reissuance, refunding or refinancing of any or all thereof, and any other documents contemplated hereby or thereby and amendments and supplements hereto and thereto, (vi) any change in the Owner Trustee or the situs of the Trust Estate made pursuant to Section 9(d) of the Participation Agreement, (vii) the property, or the income or other proceeds received with respect to the property, held by the Loan Trustee under the Indenture, (viii) the payment of the principal of or interest or premium on, or other amounts payable with respect to, any or all of the Loan Certificates, the Equipment Notes or the Pass Through Certificates, whether as originally issued or pursuant to any refinancing, refunding, assumption, modification or reissuance or any other obligation evidencing any loan in replacement of the loan evidenced by any or all of the Equipment Notes or the Pass Through Certificates, or (ix) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents or the Pass Through Trust Documents, which would not have been imposed if the trust created by the Trust Agreement had not been created pursuant to the laws of the State of Delaware and the Trust Company had not (w) been incorporated under the laws of, (x) had its principal place of business in, (y) performed (individually or as Owner Trustee) its duties under the Operative Documents in, and (z) engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Pass Through Trust Documents in, the State of Delaware.

8. The Owner Trustee has received from the Lessee such title to the Aircraft as was conveyed to it by the Lessee, subject to the rights of the Owner Trustee and the Lessee under the Lease and the security interest created pursuant to the Indenture and the Trust Supplement; and, to our knowledge, there exist no Liens affecting the interest of the Owner Trustee in the Aircraft resulting from acts of the Owner Trustee, except Liens permitted by the Participation Agreement, the Trust Agreement, the Indenture, the Trust Supplement, the

Lease, and the Lease Supplement or created by the Trust Agreement, the Indenture or the Trust Supplement.

9. All the properties which are part of the Indenture Estate (including all right, title and interest of the Owner Trustee pledged and mortgaged by it pursuant to the Indenture) have been pledged and mortgaged with the Loan Trustee as part of the Indenture Estate, and the beneficial interest of the Owner Participant under the Trust Agreement in and to such properties is subject, to the extent provided in the Indenture, to the lien of the Indenture in favor of the holders from time to time of the Equipment Notes.

10. To the extent that the Uniform Commercial Code of the State of Delaware (the "UCC") is applicable, except for the Loan Trustee's taking of possession of all monies, instruments and securities constituting part of the Indenture Estate, no action, including the filing or recording of any document, is necessary (i) to create in the State of Delaware the security interest in the Indenture Estate (including the grant and assignment unto the Loan Trustee of the security interest in all estate, right, title and interest of the Owner Trustee in, to and under the Lease, the Lease Supplement, the Purchase Agreement (to the extent assigned by the Purchase Agreement Assignment) and the Purchase Agreement Assignment) which the Indenture by its terms purports to create in favor of the Loan Trustee, and (ii) to perfect in the State of Delaware such security interest, except for the filing of a UCC financing statement in the State of Delaware, which filing has been duly effected, and the filing of continuation statements with respect thereto required to be filed at periodic intervals under the UCC.

11. To the best of our knowledge, there are no proceedings pending or threatened against or affecting the Trust Company or the Owner Trustee in any court or before any governmental authority, agency or arbitration board or tribunal which, if adversely determined, individually or in the aggregate, would materially and adversely affect the right, power and authority of the Trust Company or the Owner Trustee to enter into or perform its obligations under the instruments referred to in paragraph 1 above.

The foregoing opinions are subject to the following assumptions, exceptions and qualifications:

A. The foregoing opinions are limited to the laws of the State of Delaware and the federal laws of the United States of America governing the banking and trust powers of the Trust Company. In addition, we express no opinion with respect to (i) federal securities laws, including the Securities Act of 1933, as amended, and the Trust Indenture Act of 1939, as amended, (ii) the Federal Aviation Act of 1958, as amended (except with respect to the opinion set forth in paragraph 2 above concerning the citizenship of the Trust Company), (iii) the Federal Communications Act of 1934, as amended, or (iv) state securities or blue sky laws. Insofar as the foregoing opinions relate to the validity and enforceability in Delaware of the Equipment Notes and the Operative Documents expressed to be governed by laws other than the laws of the State of Delaware, we have assumed that the Equipment Notes and such Operative Documents constitute legal, valid, binding and enforceable documents or instruments under such laws (as to which we express no opinion).

B. The foregoing opinions regarding the enforceability of any document or instrument are subject to (i) applicable bankruptcy, insolvency, moratorium, reorganization, receivership, fraudulent conveyance and similar laws affecting the rights and remedies of creditors generally, and (ii) general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

C. We have assumed the due authorization, execution and delivery by each of the parties thereto, other than the Trust Company and the Owner Trustee, of the Operative Documents to which each is a party and that each of such parties has the full power, authority and legal right to execute and deliver each such document.

D. The opinion set forth in paragraph 2 above concerning the citizenship of the Trust Company is based upon an affidavit of the Trust Company, made by its Vice President, the facts set forth in which we have not independently verified.

E. We have assumed that all signatures (other than those of the Trust Company and the Owner Trustee) on documents and instruments submitted to us as originals are authentic, and that all documents and instruments submitted to

us as copies conform with the originals, which facts we have not independently verified.

F. We do not purport to be experts in respect of, or express any opinion concerning, aviation law or other laws, rules or regulations applicable to the particular nature of the equipment owned by the Owner Trustee.

G. We have assumed that the Participation Agreement, the Refunding Agreement and the transactions contemplated thereby are not within the prohibitions of Section 406 of the Employee Retirement Income Security Act of 1974.

H. We have assumed the due authentication of the Equipment Notes by the Loan Trustee.

I. No opinion is expressed as to the nature of the title to any part of the Trust Estate or the priority of any mortgage or security interest.

J. This opinion is rendered solely for your benefit and may not be furnished or quoted to or relied upon by any other person or entity for any purpose without our prior written consent, except that the law firms of Debevoise & Plimpton and Shearman & Sterling may rely on this opinion in connection with the rendering of their opinions dated the date hereof in connection with the financing described herein.

RE: AMERICAN AIRLINES, INC.  
REFUNDING AGREEMENT (AA 1995 PTC SERIES AB)

Ladies and Gentlemen:

We are acting as special counsel to State Street Bank and Trust Company of Connecticut, National Association, individually ("SSB"), and as Loan Trustee (the "LOAN TRUSTEE") under the Trust Indenture and Security Agreement (AA 1995 AF-2), dated as of July 1, 1992 between Wilmington Trust Company, as Owner Trustee (the "OWNER TRUSTEE") and the Loan Trustee, as successor to Nationsbank of Georgia, National Association, and State Street Bank and Trust Company (the "PARENT GUARANTOR") in connection with the transactions contemplated by (i) that certain Refunding Agreement (AA 1995 PTC Series AB) dated as of June 1, 1995 (the "REFUNDING AGREEMENT"), among SSB, as Loan Trustee; American Airlines, Inc., as Lessee; AT&T Credit Holdings, Inc. (formerly known as AT&T Credit Corporation), as Owner Participant; the Owner Trustee; SSB, as Pass Through Trustee; ABN AMRO BANK N.V., Houston Agency, as Original Loan Participant; The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender; and NationsBank of Georgia, National Association, as Indenture Trustee, and (ii) the Guarantee (AA 1995 PTC Series AB) dated as of June 1, 1995 (the "GUARANTEE") from the Parent Guarantor to the Beneficiaries named therein. This opinion is delivered to you pursuant to Section 3(m) and Section 4(a) of the Refunding Agreement. Except as otherwise defined herein, terms used herein shall have the meanings set forth in the Refunding Agreement.

Our representation of SSB, the Loan Trustee and the Parent Guarantor has been as special counsel for the purposes stated above. As to all matters of fact (including factual conclusions and characterizations and descriptions of purpose, intention or other state of mind), we have relied entirely upon (i) the representations of the parties set forth in the Operative Documents and (ii) certificates delivered to us by the management of SSB

and the Parent Guarantor, and have assumed, without independent inquiry, the accuracy of those representations and certificates.

We have examined the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Participation Agreement, and the Guarantee, Certificates of the Comptroller of the Currency and the Massachusetts Commissioner of Banks relating to SSB and the Parent Guarantor, respectively, and originals, or copies certified or otherwise identified to our satisfaction, of such other records, documents, certificates, or other instruments as we have deemed necessary or advisable for the purposes of this opinion.

We have assumed the genuineness of all signatures (other than those on behalf of SSB, the Loan Trustee and the Parent Guarantor), the conformity to the originals of all documents reviewed by us as copies, the authenticity and completeness of all original documents reviewed by us in original or copy form and the legal competence of each individual executing any document (other than on behalf SSB, the Loan Trustee and the Parent Guarantor).

When an opinion set forth below is given to the best of our knowledge, or to our knowledge, or with reference to matters of which we are aware or which are known to us, or with another similar qualification, the relevant knowledge or awareness is limited to the actual knowledge or awareness of the individual lawyer in the firm that signed this opinion, the individual lawyers in the firm who have participated directly in the specific transactions to which this opinion relates or in the preparation of this opinion and the partner of the firm responsible for SSB corporate trust matters, and without any special or additional investigation undertaken for the purposes of this opinion.

Each opinion set forth below relating to the enforceability of any agreement or instrument against SSB, the Loan Trustee, or the Parent Guarantor, as applicable, is subject to the following general qualifications:

(i) as to any agreement to which SSB, or the Loan Trustee, as applicable, is a party, we assume that such agreement is the legal, valid and binding obligation of each other party thereto (other than SSB and the Loan Trustee, as the case may be);

(ii) the enforceability of any obligation of SSB, the Loan Trustee, and the Parent Guarantor may be limited by bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium, marshaling and other similar laws and rules of law affecting the enforcement generally of creditors'

rights and remedies (including such as may deny giving effect to waivers of debtors' or guarantors' rights); and

(iii) the enforcement of any rights and availability of any specific or equitable relief may in all cases be subject to an implied duty of good faith and to general principles of equity (regardless of whether such enforceability or such relief is considered in a proceeding at law or in equity).

Subject to the limitation set forth below, we have made such examination of law as we have deemed necessary for the purposes of this opinion. The opinions expressed in paragraphs 1 through 9 below are limited solely to the internal substantive laws of the State of Connecticut and the federal laws of the United States of America, and the opinions expressed in paragraphs 10, 12, 13, 14 and 15 below are limited solely to the internal substantive laws of The Commonwealth of Massachusetts and the federal laws of the United States of America. The opinion expressed in paragraph 11 below is limited solely to the internal substantive laws of the State of Connecticut and the internal substantive laws of The Commonwealth of Massachusetts. No opinion is expressed herein as to the application or effect of federal securities laws or as to the securities or so-called "Blue Sky" laws of any state or other jurisdiction. In addition, other than our opinion expressed in paragraph 1 below with respect to the citizenship of SSB, no opinion is expressed as to matters governed by Title 49 of the United States Code, or by any other law, statute, rule or regulation of the United States relating to the acquisition, ownership, registration, use, operation, maintenance, repair, replacement or sale of or the nature of the Aircraft, Airframe or Engines.

With your permission, with respect to paragraphs 1 through 5 below in connection with our opinion relating to the legality, validity and binding effect of the documents there referred to, to the extent that the laws of the State of Connecticut do not govern such documents, we have assumed that the laws of the jurisdictions whose laws govern such documents are not materially different from the internal substantive laws of the State of Connecticut.

This opinion is rendered solely for the benefit of those institutions listed on Schedule A hereto and their successors and assigns in connection with the transactions contemplated by the Refunding Agreement and may not be used or relied upon by any other person or for any other purpose.

Based on and subject to the foregoing, we are of the opinion that:

1. SSB is a national banking association duly organized and validly existing in good standing with the Comptroller of the Currency under the laws of the United States of America, is a "citizen of the United States" within the meaning of Section 40102(a)(15) of Title 49 of the United States Code, and has the corporate power and authority to execute and deliver, individually or as Loan Trustee, as the case may be, the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, and to authenticate the Equipment Notes, and to carry out, individually or as Loan Trustee, as the case may be, the terms of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation;

2. each of the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation have been duly authorized, executed and delivered by SSB, individually or as Loan Trustee, as the case may be, and, assuming the due authorization, execution and delivery by the other parties thereto and that value has been given, each of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation constitutes the legal, valid and binding obligation of SSB, individually or as Loan Trustee, as the case may be, enforceable against it in such capacities in accordance with its terms;

3. the Equipment Notes issued on the date hereof have been duly and validly authenticated by SSB, as Loan Trustee, pursuant to the terms and provisions of, and in accordance with the requirements of, the Indenture;

4. the execution and delivery by SSB, individually or as Loan Trustee, as the case may be, of the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, and the performance of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, and the authentication by the Loan Trustee of the Equipment Notes issued today, have been duly authorized by all necessary corporate action on the part of SSB, individually or as Loan Trustee, as the case may be, and do not and did not require any approval of the stockholders of SSB, and such execution, delivery and performance were not and are not in violation of SSB's Articles of Association or By-laws, or of any indenture, mortgage, credit agreement, license or other

agreement or instrument, in each case known to us, to which SSB, individually or as Loan Trustee, as the case may be, is a party or by which it in either capacity is bound, or of any judgment or order known to us or of any federal law, rule or regulation relating to its banking or trust powers or any Connecticut law, rule or regulation applicable to SSB in either capacity;

5. neither the execution, delivery or performance by SSB, individually or as Loan Trustee, as the case may be, of the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, nor the performance of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation nor the authentication by the Loan Trustee of the Equipment Notes issued today nor the consummation of any of the transactions by SSB, individually or as Loan Trustee, as the case may be, contemplated thereby required or requires the consent or approval of, the giving of notice to, or the registration with, or the taking of any other action with respect to any governmental authority or agency under any existing federal or Connecticut law governing the banking, fiduciary or trust powers of SSB;

6. there are no taxes (including, without limitation, net or gross income, tangible or intangible property, net worth, capital, franchise or doing business taxes), fees or other governmental charges ("Taxes") payable under the laws of the State of Connecticut or any political subdivision thereof with respect to the authorization, execution and delivery by SSB, in its individual capacity or as Loan Trustee, as the case may be, or by the Lessee, of the Operative Documents or the Instrument of Resignation to which SSB in either capacity or the Lessee is a party or in connection with the authorization, execution, issuance, authentication or delivery of any or all of the Equipment Notes pursuant to the Indenture. Neither SSB, in its individual capacity or as Loan Trustee, as the case may be, the Owner Participant, the Owner Trustee (in its individual capacity or as Owner Trustee), the trust created by the Trust Agreement, the Trust Estate, the Indenture Trustee (in its individual capacity, or as Indenture Trustee), the Original Loan Participant, the Indenture Estate, any holder of any Equipment Note, the Lessee, the Pass Through Trustee, any trust created by any Pass Through Trust Document, any holder of any Pass Through Certificate, any person acquiring an interest in any Pass Through Certificate, the trust created by the Indenture, nor any entity created by the Indenture (nor their officers, directors, agents, servants, affiliates, successors or assigns) will be subject to any Taxes under the laws of the State of Connecticut or any political subdivision thereof (other than Taxes imposed on

the fees received by SSB for acting as Loan Trustee or as Pass Through Trustee) that would not have been imposed if SSB had not had its principal place of business in, had not performed, either in its individual capacity or as Loan Trustee, as the case may be, any or all of its administrative duties under the Operative Documents or the Instrument of Resignation in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Instrument of Resignation in, the State of Connecticut. There are no applicable Taxes under the laws of the State of Connecticut or any political subdivision thereof upon or with respect to (a) the Aircraft, the Airframe, any Engine or any Part or any interest in any thereof or the applicability of the Lease to the Aircraft, any Engine or any Part or any interest in any thereof; (b) the purchase, acceptance, rejection, delivery, nondelivery, transport, location, insurance, registration, assembly, maintenance, abandonment, storage, modification, transfer of title, acquisition, ownership, delivery, lease, sublease, financing, refinancing, mortgaging, presence, condition, replacement, substitution, pooling, assignment, alteration, exportation, repossession, control, deregistration, possession, use, operation, construction, manufacture, repair, sale, return, transfer or other application or disposition of the Aircraft, the Airframe, any Engine or any Part or any interest therein; (c) payments of Rent or the receipts, income or earnings arising therefrom or received with respect to the Aircraft, any Engine or any Part or any interest in any thereof or payable pursuant to the Lease; (d) any amount paid or payable pursuant to any Operative Document, the Instrument of Resignation or any Pass Through Trust Document (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or Pass Through Trustee); (e) any or all of the Operative Documents, the Instrument of Resignation, any or all of the Pass Through Trust Documents, the Underwriting Agreement, any or all of the Equipment Notes or the Pass Through Certificates or any interest therein or the offering, registration, reregistration, issuance, acquisition, modification, recording, filing, assumption, reissuance, redemption, refinancing or refunding thereof, or any other documents contemplated thereby and amendments, waivers, consents and supplements thereto; (f) the payment of the principal of, or interest or premium on (including Swap, Break or Make-Whole Amount, if any), or other amounts payable with respect to, any or all of the Equipment Notes, whether as originally issued or pursuant to any refinancing, refunding, redemption, assumption, modification or reissuance or any other obligation evidencing any loan in replacement of the loan evidenced by any or all the Equipment Notes; (g) any change in the Owner Trustee made pursuant to Article IX of the Trust Agreement or the situs of the Trust Estate made pursuant to Section 9 of the Participation Agreement; (h) the property, or the income, earnings, receipts, or other proceeds received with respect to the property, held by SSB, as Loan Trustee, under the

Indenture or (i) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents, the Instrument of Resignation or the Pass Through Trust Documents, which would not have been imposed if SSB had not had its principal place of business in, and not performed, either in its individual capacity or as Loan Trustee, as the case may be, any or all of its administrative duties under the Operative Documents or the Instrument of Resignation in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Instrument of Resignation in, the State of Connecticut;

7. to the best of our knowledge there are no proceedings pending or threatened against or affecting SSB, either in its individual capacity or as Loan Trustee, as the case may be, in any court or before any governmental authority, agency or arbitration board or tribunal which, if adversely determined, individually or in the aggregate, would materially and adversely affect the Indenture Estate or would question the right, power and authority of SSB in either capacity to enter into or perform its obligations under the instruments referred to in paragraph 1 above;

8. insofar as the laws of the State of Connecticut pertains thereto, the Indenture creates for the benefit of the holders of the Equipment Notes the rights and interests in the Indenture Estate which the Indenture by its terms purports to create;

9. to the best of our knowledge, there exist no liens affecting the title of the Owner Trustee to the Trust Estate or any part thereof resulting from the acts of the Loan Trustee and not related to the interest of the Loan Trustee in the Trust Estate except liens permitted by the Operative Documents;

10. the Parent Guarantor is a Massachusetts trust company, duly organized, validly existing and in good standing with the Commissioner of Banks of the Commonwealth of Massachusetts under the laws of the Commonwealth of Massachusetts;

11. all of the shares of the outstanding capital stock of SSB are owned of record by the Parent Guarantor;

12. the Parent Guarantor has full corporate power and authority and legal right to enter into and perform its obligations under the Guarantee, and the Guarantee has been duly authorized, executed and delivered by duly authorized officers of the Parent Guarantor and is the legal, valid and

binding obligation of the Parent Guarantor enforceable against the Parent Guarantor in accordance with its terms;

13. the execution and delivery of the Guarantee and compliance by the Parent Guarantor with all of the provisions thereof do not and will not (i) contravene any law or, (ii) contravene any order known to us of any court or governmental authority or agency applicable to or binding on the Parent Guarantor or (iii) contravene the provisions of its charter documents or by-laws or the provisions of any indenture, mortgage, contract or other agreement, in each case known to us, to which it is a party or by which it or its properties may be bound or affected;

14. neither the execution nor the delivery of the Guarantee by the Parent Guarantor nor the performance by the Parent Guarantor of the Guarantee requires the consent, approval or authorization of, the giving of notice to, the recording or filing, registration or qualification with, or the taking of any other action in respect of any Massachusetts governmental authority on the part of the Parent Guarantor;

15. there are no taxes (including, without limitation, net or gross income, tangible or intangible property, net worth, capital, franchise or doing business taxes), fees or other governmental charges ("Taxes") payable under the laws of the Commonwealth of Massachusetts or any political subdivision thereof with respect to the authorization, execution and delivery by SSB, in its individual capacity or as Loan Trustee, as the case may be, or by the Lessee, of the Operative Documents or the Instrument of Resignation to which SSB in either capacity or the Lessee is a party or in connection with the authorization, execution, issuance, authentication or delivery of any or all of the Equipment Notes pursuant to the Indenture. Neither SSB, in its individual capacity or as Loan Trustee, as the case may be, the Owner Participant, the Owner Trustee (in its individual capacity or as Owner Trustee), the trusts created by the Trust Agreement, the Trust Estate, the Indenture Trustee (in its individual capacity, or as Indenture Trustee), the Original Loan Participants, the Indenture Estate, any holder of any Equipment Note, the Lessee, the Pass Through Trustee, any trust created by any Pass Through Trust Document, any holder of any Pass Through Certificate, any person acquiring an interest in any Pass Through Certificate, the trust created by the Indenture, nor any entity created by the Indenture (nor their officers, directors, agents, servants, affiliates, successors or assigns) will be subject to any Taxes under the laws of the Commonwealth of Massachusetts or any political subdivision thereof (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or as Pass Through Trustee) that would not have been imposed if SSB had not performed, either

in its individual capacity or as Loan Trustee, as the case may be, any or all of its administrative duties under the Operative Documents or the Instrument of Resignation in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Instrument of Resignation in, the Commonwealth of Massachusetts. There are no applicable Taxes under the laws of the Commonwealth of Massachusetts or any political subdivision thereof upon or with respect to (a) the Aircraft, the Airframe, any Engine or any Part or any interest in any thereof or the applicability of the Lease to the Aircraft, any Engine or any Part or any interest in any thereof; (b) the purchase, acceptance, rejection, delivery, nondelivery, transport, location, insurance, registration, assembly, maintenance, abandonment, storage, modification, transfer of title, acquisition, ownership, delivery, lease, sublease, financing, refinancing, mortgaging, presence, condition, replacement, substitution, pooling, assignment, alteration, exportation, repossession, control, deregistration, possession, use, operation, construction, manufacture, repair, sale, return, transfer or other application or disposition of the Aircraft, the Airframe, any Engine or any Part or any interest therein; (c) payments of Rent or the receipts, income or earnings arising therefrom or received with respect to the Aircraft, any Engine or any Part or any interest in any thereof or payable pursuant to the Lease; (d) any amount paid or payable pursuant to any Operative Document, the Instrument of Resignation or any Pass Through Trust Document (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or Pass Through Trustee); (e) any or all of the Operative Documents, the Instrument of Resignation, any or all of the Pass Through Trust Documents, the Underwriting Agreement, any or all of the Equipment Notes or the Pass Through Certificates or any interest therein or the offering, registration, reregistration, issuance, acquisition, modification, recording, filing, assumption, reissuance, redemption, refinancing or refunding thereof, or any other documents contemplated thereby and amendments, waivers, consents and supplements thereto; (f) the payment of the principal of, or interest or premium on (including Swap, Break or Make-Whole Amount, if any), or other amounts payable with respect to, any or all of the Equipment Notes, whether as originally issued or pursuant to any refinancing, refunding, redemption, assumption, modification or reissuance or any other obligation evidencing any loan in replacement of the loan evidenced by any or all the Equipment Notes; (g) any change in the Owner Trustee made pursuant to Article IX of the Trust Agreement or the situs of the Trust Estate made pursuant to Section 9 of the Participation Agreement; (h) the property, or the income, earnings, receipts, or other proceeds received with respect to the property, held by SSB, as Loan Trustee, under the Indenture or (i) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents, the Instrument of

Resignation or the Pass Through Trust Documents, which would not have been imposed if SSB had not performed, either in its individual capacity or as Loan Trustee, as the case may be, any or all of its administrative duties under the Operative Documents or the Instrument of Resignation in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Instrument of Resignation in, the Commonwealth of Massachusetts.

Re: American Airlines, Inc.  
(AB 1995 PTC Series)

Ladies and Gentlemen:

We have acted as special counsel to AT&T Credit Holdings, Inc., a Delaware corporation (the "Owner Participant"), in connection with the transactions contemplated by the Refunding Agreement dated as of \_\_\_\_\_, 1995 (the "Refunding Agreement"), among American Airlines, Inc., as Lessee, Wilmington Trust Company, as Owner Trustee, State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, NationsBank of Georgia, National Association, as Indenture Trustee, ABN AMRO Bank N.V., Houston Agency, as Original Loan Participant, State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee, The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender, and the Owner Participant. This opinion is given pursuant to Sections 3(n) and 4(a) of the Refunding Agreement. Unless otherwise defined herein, all capitalized terms used herein shall have the meaning ascribed to them in the Refunding Agreement.

In that connection, we have examined executed counterparts of the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Trust Agreement, the Trust Agreement Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Original Tax Indemnity Agreement and the Tax Indemnity Agreement Amendment (collectively, the "Agreements"). We have further examined and relied upon the accuracy of original, certified, conformed, photographic or telecopied copies of such records, agreements, certificates and other documents as we have deemed necessary or appropriate to enable us to render the opinions expressed herein. In all such examinations, we have assumed the genuineness of signatures on original documents and the conformity to such original documents of all copies submitted to us as certified, conformed, photographic or telecopied copies, and, as to certificates and telegraphic and telephonic

confirmations given by public officials, we have assumed the same to have been properly given and to be accurate.

In rendering the opinions set forth below, we have assumed the due authorization, execution and delivery of the Agreements by each party other than the Owner Participant.

Based upon the foregoing, we are of the opinion that:

1. The Participation Agreement, the Trust Agreement, the Refunding Agreement, the Amended and Restated Rent Schedule and the Tax Indemnity Agreement constitute valid and binding obligations of the Owner Participant, enforceable against the Owner Participant in accordance with their respective terms, except as enforcement thereof may be limited by bankruptcy, insolvency, moratorium, reorganization or other similar laws affecting enforcement of creditors' rights generally and except as enforcement thereof is subject to general principles of equity (regardless of whether enforcement is considered in a proceeding in equity or at law).

2. Neither the execution and delivery of the Participation Agreement, the Trust Agreement, the Refunding Agreement, the Amended and Restated Rent Schedule or the Tax Indemnity Agreement by the Owner Participant nor the consummation by the Owner Participant of any of the transactions therein contemplated, or the fulfillment of, or compliance with, the terms and provisions of any thereof, (A) requires the consent or approval of, the giving of notice to, the registration with, or taking of any other action with respect to, any governmental authority or agency of the State of New York or the federal government of the United States of America or (B) contravenes any law, governmental rule or regulation of the State of New York or the federal government of the United States of America.

In rendering the foregoing opinions, we have, with your consent, relied upon the opinion of even date herewith of Louis B. Fontana, Esq., [Assistant Secretary] of the Owner Participant, as to the matters set forth therein.

The foregoing opinions are subject, however, to the qualification that we express no opinion as to (i) matters relating to the title to or sufficiency or description of any property or collateral described in the Participation Agreement or the Trust Agreement or the perfection or relative priority of any lien or security interest created with respect to such property or collateral thereunder or (ii) the enforceability of any indemnification provisions of the Agreements insofar as they

might require indemnification of an indemnified party as to any loss, cost or expense arising out of any violation by any party of statutory duties, general principles of equity or public policy. In addition, we express no opinion as to matters governed by (i) any tax laws, (ii) the Federal Aviation Act of 1958, as amended, or any other laws, statutes, rules or regulations of the United States of America relating to the acquisition, ownership, registration, leasing, use or sale of the Aircraft, the Airframe or the Engines, (iii) any securities laws or (iv) the Employee Retirement Income Security Act of 1974.

We are licensed to practice law in the State of New York, and we express no opinions herein as to the laws of any state or jurisdiction other than the laws of the State of New York, the federal laws of the United States of America and the General Corporation Law of the State of Delaware.

This opinion is furnished by us at your request, and we agree that you may rely on the opinions expressed herein. No other person or entity shall be entitled to rely on the opinions expressed herein without our express written consent.

Re: American Airlines, Inc. (AB 1995 PTC Series)

Gentlemen:

I am \_\_\_\_\_ of AT&T Credit Holdings, Inc., a Delaware corporation (the "Owner Participant"), and have acted as counsel to the Owner Participant in connection with the transactions contemplated by that certain Refunding Agreement dated as of \_\_\_\_\_, 1995 (the "Refunding Agreement") by and among American Airlines, Inc., as Lessee, Wilmington Trust Company, as Owner Trustee, NationsBank of Georgia, National Association, as Indenture Trustee, State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee, ABN AMRO Bank N.V., Houston Agency, as Original Loan Participant, State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, the Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender, and the Owner Participant.

Except as otherwise noted herein, all capitalized terms used herein shall have the respective defined meanings set forth in the Refunding Agreement.

In connection with my opinion herein, I have examined executed counterparts of the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Trust Agreement, the Trust Agreement Amendment, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Rent Schedule and the Amended and Restated Rent Schedule (collectively, the "Agreements"). I have relied upon the representations and warranties contained in each such document and upon originals or copies, certified or otherwise identified to my satisfaction, of such other documents as I have deemed relevant to the rendering of this opinion. As to all matters of fact covered by such documents, I have relied, without independent investigation or verification, on such documents. In such examination I have assumed the genuineness of all signatures (other than that of the Owner Participant) and the authenticity of all documents submitted to me as originals and the conformity with the originals of all documents submitted to me as copies.

In rendering the opinions set forth below, I have assumed the due authorization, execution and delivery of the Agreements by each of the parties thereto other than the Owner Participant. In rendering the opinions set forth below I have also assumed (i) the registration of the Aircraft with the FAA in the name of the Owner Trustee effected on \_\_\_\_\_, 1992 is in full force and effect, (ii) the due filing and recordation under the Federal Aviation Act of 1958, as amended, of the Trust Indenture, as amended by the Amended and Restated Trust Indenture and Security Agreement, and other documents described in the opinion of Crowe & Dunlevy of even date herewith addressed to you, (iii) the absence at the time of such recording of any Liens in or upon such Aircraft, except for Liens created pursuant to the Operative Documents, and (iv) the filing of the Uniform Commercial Code financing statements and amendments thereto in the appropriate jurisdictions.

Based upon and subject to the foregoing, it is my opinion that:

1. The Owner Participant is a duly incorporated and validly existing corporation in good standing under the laws of the State of Delaware and has the requisite corporate power and authority to execute, deliver and perform its obligations under the Agreements.
2. The Agreements have been duly authorized, executed and delivered by the Owner Participant.
3. Neither the execution of and delivery by the Owner Participant of the Agreements nor the consummation by the Owner Participant of any of the transactions contemplated thereby, nor the fulfillment of or compliance with the terms and provisions of any of the Agreements that are required to be fulfilled or complied with by the Owner Participant (a) requires the consent or approval of, the giving of notice to, or the registration with, or the taking of any other action with respect to, any governmental authority or agency of the Federal government of the United States; or (b) violates any law, governmental rule or regulation of the Federal Government of the United States or any governmental authority or agency thereof; or (c) results in the breach of any of the terms, conditions or provisions of the Certificate of Incorporation or By-Laws of the Owner Participant; or (d) to the best of my knowledge without independent inquiry, is in violation of any judgment or order applicable to the Owner Participant or any material provision of any indenture, mortgage, contract or other agreement to which the Owner Participant is a party or by which the Owner Participant is bound.

4. There are no actions, suits or proceedings pending or, to the best of my knowledge without independent investigation, threatened against or affecting the Owner Participant in any court or before any administrative agency or arbitrator, which, if adversely determined, would materially and adversely affect the ability of the Owner Participant to perform its obligations under the Agreements.

I am a member of the Bar of the State of Illinois, and I do not express herein any opinion as to any matters governed by any law other than the corporate laws of the State of Delaware and the Federal law of the United States. No opinion is expressed herein as to matters governed by (i) any Federal or state securities laws, (ii) any Federal or state tax laws, or (iii) the Federal Aviation Act of 1958, as amended, or by any other laws, statutes, rules or regulations relating to the acquisition, ownership, registration, leasing, use or sale of the Aircraft, the Airframe or the Engines.

This opinion is furnished by me at the request of the Owner Participant for your sole benefit, and I agree that you may rely on the opinions expressed herein. No other person or entity shall be entitled to rely on this opinion without my express written consent. This opinion shall not be published or reproduced in any manner or distributed or circulated to any person or entity without my express written consent. This opinion is limited to the matters stated herein, and no opinion is implied or may be inferred beyond the matters expressly stated herein.

American Airlines, Inc. (AA 1995 PTC Series \_\_\_\_)

Ladies and Gentlemen:

Pursuant to Section 3(o) of the Refunding Agreement dated as of this date (the "Refunding Agreement") among American Airlines, Inc. as Lessee (the "Lessee"), AT&T Credit Holdings, Inc., (formerly known as AT&T Credit Corporation), as Owner Participant (the "Owner Participant"), Wilmington Trust Company as Owner Trustee (the "Owner Trustee"), State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, \_\_\_\_\_ as Loan Participant (the "Loan Participant"), NationsBank of Georgia, National Association, as Indenture Trustee (the "Indenture Trustee"), The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender and State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee (the "Loan Trustee"), this opinion is rendered with respect to matters arising under that portion of Title 49 of the United States Code (the "Code"), relating to the recordation of the instruments hereinafter described and the registration of the \_\_\_\_\_ aircraft with manufacturer's serial number \_\_\_\_\_ and United States nationality and registration marks \_\_\_\_\_ (the "Aircraft") pursuant to the Code. This letter confirms that we filed the following described instruments with the Federal Aviation Administration (the "FAA") today in accordance with the provisions of the Code, at the respective times noted below:

- (a) First Amendment to Trust Agreement (AA 1992 AF-\_\_\_\_) (Redesignated AA 1995 PTC Series \_\_\_\_ ) dated as of this date (the "Trust Agreement Amendment") between the Owner Trustee and the Owner Participant, which amended the Trust Agreement (AA 1992 AF-\_\_\_\_) dated as of \_\_\_\_\_, 1992, was filed at : .M., C.D.T.;
- (b) Instrument of Resignation, Appointment and Acceptance dated as of this date (the "Instrument of Resignation") among the Lessee, the Owner Trustee, the Loan Trustee as assignee, the Indenture Trustee as assignor and the Loan Participant, which assigned the Trust Indenture and Security Agreement (AA 1992 AF-\_\_\_\_) dated as of \_\_\_\_\_, 1992, between the Owner Trustee and the Indenture Trustee, as supplemented by Trust Agreement and Indenture Supplement No. 1 (AA 1992 AF-\_\_\_\_) dated \_\_\_\_\_, 1992 (the "Original Indenture") and the Indenture Trustee's interest in the Lease Agreement (AA 1992 AF-\_\_\_\_) dated as of \_\_\_\_\_, 1992, as supplemented by Lease Supplement No. 1 dated \_\_\_\_\_, 1992 (the "Lease") covering the Aircraft and the two \_\_\_\_\_ model \_\_\_\_\_ aircraft engines with manufacturer's serial numbers \_\_\_\_\_ and \_\_\_\_\_ (the "Engines"), was filed at : .M., C.D.T.;
- (c) Amended and Restated Trust Indenture and Security Agreement (AA 1995 PTC Series \_\_\_\_ ) dated as of this date (the "Indenture") between the Owner Trustee and the Loan Trustee, which amended and restated the Original Indenture covering the Aircraft and the Engines, was filed at : .M., C.D.T.; and
- (d) First Amendment to Lease Agreement (AA 1992 AF-\_\_\_\_) (Redesignated AA 1995 PTC Series \_\_\_\_ ) dated as of this date (the "Lease Amendment") between the Owner Trustee as lessor and the Lessee, which amended the Lease covering the Aircraft and the Engines, was filed at : .M., C.D.T.

Based upon our examination of the above described instruments and of such records of the FAA as we deemed necessary to render this opinion and as were made available to us by the FAA, it is our opinion that:

- (a) the Trust Agreement Amendment was duly filed with the FAA pursuant to and in accordance with the provisions of Sections 44102 and 44103 of the Code;
- (b) the Instrument of Resignation, the Indenture and the Lease Amendment are in due form for recordation by and have been duly filed for recordation with the FAA pursuant to and in accordance with the provisions of Section 44107 of the Code;
- (c) the AC Form 8050 2 Aircraft Bill of Sale conveying title to the Aircraft to the Owner Trustee was duly recorded by the FAA on \_\_\_\_\_, pursuant to and in accordance with the provisions of Section 44107 of the Code and has been assigned FAA Conveyance No. \_\_\_\_\_, the Lease (to which was attached the Original Indenture) was duly recorded by the FAA on the same date pursuant to and in accordance with the provisions of Section 44107 of the Code and has been assigned FAA Conveyance No. \_\_\_\_\_ and the Original Indenture was duly recorded by the FAA on the same date pursuant to and in accordance with the provisions of Section 44107 of the Code and has been assigned FAA Conveyance No. \_\_\_\_\_ ;
- (d) the Aircraft is duly registered in the name of the Owner Trustee pursuant to and in accordance with the provisions of Sections 44102 and 44103 of the Code;
- (e) the Owner Trustee is the owner of legal title to the Aircraft, and the Aircraft and the Engines are free and clear of all Liens (as such term is defined in the Lease), except those created by the Original Indenture, as assigned by the Instrument of Resignation and amended and restated by the Indenture, and the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment;

- (f) the rights of the Owner Trustee and the Lessee under the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment, with respect to the Aircraft and the Engines are perfected;
- (g) the Original Indenture, as assigned by the Instrument of Resignation and amended and restated by the Indenture, constitutes a duly and validly perfected first priority mortgage of the Aircraft and the Engines and a duly perfected collateral assignment of all of the right, title and interest of the Owner Trustee in, to and under the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment (insofar as such collateral assignment affects an interest covered by the recording system established by the FAA pursuant to Section 44107 of the Code), subject only to the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment;
- (h) none of the Original Indenture, the Lease, the Instrument of Resignation, the Indenture or the Lease Amendment is required to be filed or recorded in any other place within the United States in order to perfect the mortgage of the Aircraft and the Engines or the collateral assignment to the Loan Trustee of the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment (insofar as such collateral assignment affects an interest covered by the recording system established by the FAA pursuant to Section 44107 of the Code), under the applicable laws of any jurisdiction within the United States;
- (i) no other registration of the Aircraft and no filings other than the filings with the FAA which have been effected as described above are necessary to perfect in any jurisdiction within the United States the Owner Trustee's title to and interest in the Aircraft, the rights of the parties under the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment, or the Loan Trustee's security interest created by the Original Indenture, as assigned by the Instrument of Resignation and amended and

restated by the Indenture, in and to the Aircraft and the Engines and the collateral assignment of all of the Owner Trustee's right, title and interest in, to and under the Lease, as amended by the Lease Amendment (insofar as such assignment affects an interest covered by the recording system established by the FAA pursuant to Section 44107 of the Code); and

- (j) no authorization, approval, consent, license or order of, or registration or filing with, or the giving of notice to, the FAA Aircraft Registry is required for the valid authorization, delivery or performance of the Original Indenture, the Instrument of Resignation, the Indenture, the Lease and the Lease Amendment, except for such filings as have been effected.

No opinion is herein expressed as to: (i) laws other than the federal laws of the United States; (ii) the validity or enforceability under local law of the Original Indenture, as assigned by the Instrument of Resignation and amended and restated by the Indenture; and (iii) the recognition of the perfection of the mortgage and collateral assignment created by the Original Indenture, as assigned by the Instrument of Resignation and amended and restated by the Indenture, as against third parties in any legal proceedings outside the United States. Since our examination was limited to records maintained by the FAA Aircraft Registry, our opinion does not cover liens which are perfected without the filing of notice thereof with the FAA, such as federal tax liens, liens arising under Section 1368(a) of Title 29 of the United States Code and possessory artisans' liens, and was subject to the accuracy of FAA personnel in the filing, indexing and recording of instruments filed with the FAA and in the search for encumbrance cross-reference index cards for the Engines.

In rendering this opinion, we have relied upon the opinion of the Assistant Chief Counsel for the Aeronautical Center dated \_\_\_\_\_, 1992 (a copy of which is attached hereto) and upon the past practice of the FAA which is consistent with said opinion. Said opinion is satisfactory as to form and scope and the addressees and their counsel or special counsel are justified in relying thereon.

Although this opinion is not addressed to the General Counsel for the Lessee, special counsel for the Lessee, special counsel for the Owner Trustee or special counsel for the Owner Participant, they may rely upon it as though addressed to them.

Very truly yours,

ROBIN D. JENSON

RE: AMERICAN AIRLINES, INC.  
REFUNDING AGREEMENT (AA 1995 PTC SERIES AB)

Ladies and Gentlemen:

We are acting special as counsel to State Street Bank and Trust Company of Connecticut, National Association, individually ("SSB"), and as Pass Through Trustee (the "PASS THROUGH TRUSTEE") under the Pass Through Trust Agreement, Amended and Restated as of February 1, 1992, between American Airlines, Inc. and the Pass Through Trustee, and State Street Bank and Trust Company (the "PARENT GUARANTOR") in connection with the transactions contemplated by (i) that certain Refunding Agreement (AA 1995 PTC Series AB) dated as of June \_\_, 1995 (the "REFUNDING AGREEMENT"), among SSB, as Pass Through Trustee; American Airlines, Inc., as Lessee; AT&T Credit Holdings, Inc. (formerly known as AT&T Credit Corporation), as Owner Participant; Wilmington Trust Company, as Owner Trustee; SSB, as Loan Trustee; ABN AMRO BANK N.V., Houston Agency, as Original Loan Participant; The Mitsubishi Trust Banking Corporation, New York Branch, as Initial Bank Lender; and NationsBank of Georgia, National Association, as Indenture Trustee, and (ii) the Guarantee (Pass Through Trustee) dated as of June \_\_, 1995 (the "GUARANTEE") from the Parent Guarantor to the Beneficiaries named therein. This opinion is delivered to you pursuant to Section 4(b)(ii) of the Refunding Agreement. Except as otherwise defined herein, terms used herein shall have the meanings set forth in the Refunding Agreement or in the Pass Through Trust Supplements or the Lease (as such terms are defined in the Refunding Agreement).

Our representation of SSB, the Pass Through Trustee and the Parent Guarantor has been as special counsel for the purposes stated above. As to all matters of fact (including factual conclusions and characterizations and descriptions of purpose, intention or other state of mind), we have relied entirely upon (i) the representations of the parties set forth in the Operative Documents and (ii) certificates delivered to us by the management of SSB

and the Parent Guarantor, and have assumed, without independent inquiry, the accuracy of those representations and certificates.

We have examined the Refunding Agreement, the Participation Agreement, the Guarantee, the Pass Through Certificates and the Pass Through Trust Documents, Certificates of the Comptroller of the Currency and the Massachusetts Commissioner of Banks relating to SSB and the Parent Guarantor, respectively, and originals, or copies certified or otherwise identified to our satisfaction, of other such records, documents, certificates, or other instruments as we have deemed necessary or advisable for the purposes of this opinion.

We have assumed the genuineness of all signatures (other than those on behalf of SSB, the Pass Through Trustee and the Parent Guarantor), the conformity to the originals of all documents reviewed by us as copies, the authenticity and completeness of all original documents reviewed by us in original or copy form and the legal competence of each individual executing any document (other than on behalf of SSB, the Pass Through Trustee and the Parent Guarantor).

When an opinion set forth below is given to the best of our knowledge, or to our knowledge, or with reference to matters of which we are aware or which are known to us, or with another similar qualification, the relevant knowledge or awareness is limited to the actual knowledge or awareness of the individual lawyer in the firm that signed this opinion, the individual lawyers in the firm who have participated directly in the specific transactions to which this opinion relates or in the preparation of this opinion and the partner of the firm responsible for SSB corporate trust matters, and without any special or additional investigation undertaken for the purposes of this opinion.

Each opinion set forth below relating to the enforceability of any agreement or instrument against SSB, the Pass Through Trustee, or the Parent Guarantor, as applicable, is subject to the following general qualifications:

(i) as to any agreement to which SSB, or the Pass Through Trustee, as applicable, is a party, we assume that such agreement is the legal, valid and binding obligation of each other party (other than SSB and the Pass Through Trustee, as the case may be) thereto;

(ii) the enforceability of any obligation of SSB, the Pass Through Trustee, and the Parent Guarantor may be limited by bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium, marshalling

and other similar laws and rules of law affecting the enforcement generally of creditors' rights and remedies (including such as may deny giving effect to waivers of debtors' or guarantors' rights); and

(iii) the enforcement of any rights and the availability of any specific or equitable relief of any kind may in all cases be subject to an implied duty of good faith and to general principles of equity (regardless of whether such enforceability or relief is considered in a proceeding at law or in equity).

Subject to the limitation set forth below, we have made such examination of law as we have deemed necessary for the purposes of this opinion. The opinions expressed in paragraphs 1 through 7 below are limited solely to the internal substantive laws of the State of Connecticut and the federal laws of the United States of America, and the opinions expressed in paragraphs 8, 10, 11, 12 and 13 below are limited solely to the laws of The Commonwealth of Massachusetts and the federal laws of the United States of America. The opinion expressed in paragraph 9 below is limited solely to the internal substantive laws of the State of Connecticut and the internal substantive laws of The Commonwealth of Massachusetts. No opinion is expressed herein as to the application or effect of federal securities laws or as to the securities or so-called "Blue Sky" laws of any state or other jurisdiction. In addition, other than our opinion expressed in paragraph 1 below with respect to the citizenship of SSB, no opinion is expressed as to matters governed by Title 49 of the United States Code, or by any other law, statute, rule or regulation of the United States relating to the acquisition, ownership, registration, use, operation, maintenance, repair, replacement or sale of or the nature of the Aircraft, Airframe or Engines.

With your permission, with respect to paragraphs 1 through 5 below in connection with our opinion relating to the legality, validity and binding effect of the documents there referred to, to the extent that the laws of the State of Connecticut do not govern such documents, we have assumed that the laws of the jurisdictions whose laws govern such documents are not materially different from the internal substantive laws of the State of Connecticut.

In rendering the opinions set forth below in paragraphs 6 and 13 as to certain Connecticut and Massachusetts tax matters, respectively, we have assumed that, for federal income tax purposes, the trusts created by the Pass Through Trust Supplements are not classified as associations taxable as corporations and that the trusts created by the Pass Through Trust Supplements are grantor trusts under subpart E, Part I of Subchapter J of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, as amended.

This opinion is rendered solely for the benefit of those institutions listed on Schedule A hereto and their successors and assigns in connection with the transactions contemplated by the Refunding Agreement and may not be used or relied upon by any other person or for any other purpose.

Based on and subject to the foregoing, we are of the opinion that:

1. SSB is a national banking association duly organized and validly existing in good standing with the Comptroller of the Currency under the laws of the United States of America, is a "citizen of the United States" within the meaning of Section 40102(a)(15) of Title 49 of the United States Code, and has the corporate power and authority to execute, deliver and carry out, individually or as Pass Through Trustee, as the case may be, the terms of the Refunding Agreement, the Participation Agreement and each of the Pass Through Trust Documents;
2. each of the Refunding Agreement and the Pass Through Trust Documents has been duly authorized, executed and delivered by SSB, individually or as Pass Through Trustee, as the case may be, and, assuming the due authorization, execution and delivery by the other parties thereto and that value has been given, the Refunding Agreement, the Participation Agreement, the Pass Through Certificates and the Pass Through Trust Documents constitute the legal, valid and binding obligations of SSB, individually or as Pass Through Trustee, as the case may be, enforceable against it in such capacities in accordance with their respective terms;
3. the Pass Through Certificates issued on the date hereof have been duly authorized and duly and validly executed, authenticated, issued and delivered by SSB, as Pass Through Trustee, pursuant to the terms and provisions of, and in accordance with the requirements of, each of the Pass Through Trust Documents, as supplemented, and the holders thereof are entitled to the benefits of the Pass Through Trust Agreement, as supplemented, pursuant to which the Pass Through Certificates held by such holder were issued;
4. the execution, delivery and performance by SSB, individually or as Pass Through Trustee, as the case may be, of the Refunding Agreement and each of the Pass Through Trust Documents, the performance by it of the Participation Agreement, and the purchase by the Pass Through Trustee of the Pass Through Equipment Notes pursuant to the Refunding Agreement and the issuance of the Pass Through Certificates pursuant to the Pass Through Trust Documents, have been duly authorized by all necessary corporate action on the part of SSB, individually or as Pass Through Trustee,

as the case may be, and do not and did not require any approval of the stockholders of SSB, and such execution, delivery, performance and other actions were not and are not in violation of SSB's Articles of Association or By-laws or of any indenture, mortgage, credit agreement, license or other agreement or instrument, in each case known to us, to which SSB, individually or as Pass Through Trustee, as the case may be, is a party or by which it in either capacity is bound, or of any judgment or order known to us or of any federal law, rule or regulation relating to its banking or trust powers or any Connecticut law, rule or regulation applicable to SSB in either capacity;

5. neither the execution, delivery or performance by SSB, individually or as Pass Through Trustee, as the case may be, of the Refunding Agreement, the Pass Through Certificates and the Pass Through Trust Documents, nor the performance by it of the Participation Agreement, nor the consummation of any of the transactions by SSB, individually or as Pass Through Trustee, as the case may be, contemplated thereby nor the purchase by the Pass Through Trustee of the Pass Through Equipment Notes pursuant to the Refunding Agreement or the issuance of the Pass Through Certificates pursuant to the Pass Through Trust Documents required or requires the consent or approval of, the giving of notice to, or the registration with, or the taking of any other action with respect to, any governmental authority or agency under any existing federal or Connecticut law governing the banking, fiduciary or trust powers of SSB;

6. there are no taxes (including, without limitation, net or gross income, tangible or intangible property, net worth, capital, franchise or doing business taxes), fees or other governmental charges ("Taxes") payable under the laws of the State of Connecticut or any political subdivision thereof with respect to the authorization, execution and delivery by SSB, in its individual capacity or as Pass Through Trustee, as the case may be, or by the Lessee, of the Pass Through Trust Documents, the Participation Agreement or the Refunding Agreement or in connection with the authorization, execution, issuance, authentication or delivery of any or all of the Pass Through Certificates pursuant to the Pass Through Trust Documents. Neither SSB, in its individual capacity or as Pass Through Trustee, as the case may be, the trusts created by the Pass Through Trust Documents, any of the Trust Property nor the Loan Trustee in its capacity as trustee, will be subject to any Taxes under the laws of the State of Connecticut or any political subdivision thereof (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or as Pass Through Trustee). Holders of Pass Through Certificates or persons acquiring an interest in Pass Through Certificates who are not residents of or otherwise subject to tax in

Connecticut will not be subject to any Taxes under the laws of the State of Connecticut or any political subdivision thereof as a result of purchasing, holding, owning (including receiving payments with respect to) or selling a Pass Through Certificate. No applicable Taxes are imposed under the laws of the State of Connecticut or any political subdivision thereof upon or with respect to (a) the offering, registration, reregistration, issuance, acquisition, modification, assumption, reissuance, refinancing or refunding of Pass Through Certificates or any other documents contemplated thereby and amendments and supplements thereto, (b) the payment of the principal of, or interest or premium on (including Swap, Break or Make-Whole Amount, if any), or other amounts payable with respect to, any or all of the Pass Through Certificates, (c) the property, or the income, earnings, receipts, or other proceeds received with respect to the property, held by the Pass Through Trustee under the Pass Through Trust Documents or (d) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents or the Pass Through Trust Documents, which would not have been imposed if SSB had not had its principal place of business in, and not performed, either in its individual capacity or as Pass Through Trustee, as the case may be, any or all of its administrative duties under the Pass Through Trust Documents in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Pass Through Trust Documents in, the State of Connecticut;

7. to the best of our knowledge, there are no proceedings pending or threatened against or affecting SSB, either in its individual capacity or as Pass Through Trustee, as the case may be, in any court or before any governmental authority, agency or arbitration board or tribunal which, if adversely determined, individually or in the aggregate, would materially and adversely affect the trusts created by the Pass Through Trust Documents or would question the right, power and authority of SSB in either capacity to enter into or perform its obligations under the instruments referred to in paragraphs 1 and 3 above;

8. the Parent Guarantor is a Massachusetts trust company, duly organized, validly existing and in good standing with the Commissioner of Banks of the Commonwealth of Massachusetts under the laws of the Commonwealth of Massachusetts;

9. all of the shares of the outstanding capital stock of SSB are owned of record by the Parent Guarantor;

10. the Parent Guarantor has full corporate power and authority and legal right to enter into and perform its obligations under the Guarantee,

and the Guarantee has been duly authorized, executed and delivered by duly authorized officers of the Parent Guarantor and is the legal, valid and binding obligation of the Parent Guarantor enforceable against the Parent Guarantor in accordance with its terms;

11. the execution and delivery of the Guarantee and compliance by the Parent Guarantor with all of the provisions thereof do not and will not (i) contravene any law or, (ii) contravene any order known to us of any court or governmental authority or agency applicable to or binding on the Parent Guarantor or (iii) contravene the provisions of its charter documents or by-laws or the provisions of any indenture, mortgage, contract or other agreement, in each case known to us, to which it is a party or by which it or its properties may be bound or affected;

Owner Participant or the Owner Trustee to qualify to do business in such jurisdiction solely as a result of the proposed re-registration; (vi) the laws of such country require fair compensation by the government of such country for the loss of use of the Aircraft in the event of the requisition by such government of the Aircraft (unless the Lessee shall have provided contemporaneously with such re-registration insurance reasonably satisfactory to the Lessor, the Owner Participant and Bank Lenders holding a majority in principal amount of the Outstanding Bank Equipment Notes covering the risk of requisition of use of the Aircraft by the government of such country so long as the Aircraft is registered under the laws of such country); (vii) the Lessee shall have paid or made provision for the payment of all expenses of the Owner Participant, the Owner Trustee and the Bank Lenders in connection with such change in registration; and (viii) solely in the case of the Bank Lenders, after giving effect to such change in registration, the Lien on the Aircraft and the other property included in the Indenture Estate shall continue as a valid and duly perfected lien and that all filing, recording or other action necessary to perfect and protect the Lien of the Indenture has been accomplished (or if such opinion cannot be given at the time by which the Bank Lenders have been requested to consent to a change in registration, (I) the opinion shall detail what filing, recording or other action is necessary and (II) the Bank Lenders shall have received a certificate from the Lessee that all possible preparations to accomplish such filing, recording and other action shall have been done, and such filing, recording and other action shall be accomplished and a supplemental opinion to that effect shall be delivered to the Bank Lenders on or prior to the effective date of such change in registration); and provided, further, that (x) the Owner Trustee, the Owner Participant and the Bank Lenders shall have received prior to or contemporaneously with such re-registration (1) a certificate of insurance signed by an independent insurance broker to the effect that the Aircraft is and after such re-registration will continue to be insured in such country in accordance with the requirements of Section 11 of the Lease, (2) a

certificate signed by a duly authorized officer of the Lessee stating that no Event of Default exists as of the date of such certificate and no Event of Default will occur or exist upon or resulting from such re-registration, (3) evidence and assurances reasonably satisfactory to the Owner Trustee, the Owner Participant and Bank Lenders holding a majority in principal amount of the Outstanding Bank Equipment Notes, that the aircraft and engine maintenance standards under the laws of such country of re-registration are substantially similar to those required by the central civil aviation authority of any of the United States, the United Kingdom, the Federal Republic of Germany, France, Canada or Japan, and (4) in the case of the Owner Participant only, assurances reasonably satisfactory to it that the currency of such country is freely convertible into U.S. Dollars (unless the Lessee shall have made arrangements reasonably satisfactory to the Owner Participant that all payments to be made by or on behalf of the Lessee under the Operative Documents and by any sublessee under the relevant sublease will be paid in U.S. Dollars) and (y) the Lessee shall not cause the Aircraft to be registered pursuant to Section 7(a)(i) of the Lease under the laws of any foreign jurisdiction without the prior written consent of the Owner Participant if (1) the civil aviation laws of such foreign jurisdiction impose unusual requirements on registrants of civil aircraft, and (2) the Owner Participant would be required to comply with such unusual requirements upon the registration of the Aircraft in such foreign jurisdiction, and the Owner Participant's compliance therewith would result in a material burden on the Owner Participant's business activities."

Promptly on receipt of such request, the Owner Participant will negotiate promptly in good faith to conclude an agreement with the Lessee

as to the terms of such refunding or refinancing operation and upon such agreement:

(i) the Lessee, the Owner Participant, the Loan Trustee, the Owner Trustee, and any other appropriate parties will enter into a financing or loan agreement (which may involve an underwriting agreement in connection with a public offering; provided, however, that in the case of a refunding or refinancing involving a public offering of debt securities, the Lessee shall have the right to purchase such debt securities and apply such debt securities as a credit against its obligations to pay Rent to the extent permitted by the Tax Indemnity Agreement) providing for (x) the issuance and sale by the Owner Trustee or such other party as may be appropriate to such institution or institutions on the date specified in such agreement (for the purposes of this Section 17, the "Refinancing Date") of United States dollar-denominated debt securities in an aggregate principal amount equal to the sum of the principal amount of the Equipment Notes to be redeemed, on the Refinancing Date, and, subject to clause (w) of Section 17(a)(ii), all interest accrued thereon to the Refinancing Date and (y) the application of the proceeds of the sale of such debt securities to the redemption of all such Equipment Notes on the Refinancing Date;

(ii) the Lessee and the Owner Trustee will amend the Lease such that (w) if the Refinancing Date is not a Lease Period Date, the Lessee shall on the Refinancing Date prepay that portion of the next succeeding installment of Basic Rent as shall equal the aggregate interest accrued on the Equipment Notes then being redeemed on the Refinancing Date in the event that such interest is not financed through the issuance of debt securities on the Refinancing Date, (x) Basic Rent payable in respect of the period from and after the Refinancing Date shall be recalculated to preserve the Owner Participant's Revised Net Economic Return, (y) amounts payable in respect of Stipulated Loss Value and Termination Value from and after the Refinancing Date shall be appropriately recalculated to preserve the Owner Participant's Revised Net Economic Return, and (z) the Special Purchase

(iii) the Owner Trustee will enter into an agreement to provide for the securing thereunder of the debt securities issued by the Owner Trustee pursuant to clause (a) of this Section 17 in like manner as the Equipment Notes issuable under the Trust Indenture and/or will enter into such amendments and supplements to the Trust Indenture as may be necessary to effect such refunding or refinancing, provided that no such amendment or supplement will materially increase the liabilities of or impair the rights of the Owner Participant under the Operative Documents without the consent of the Owner Participant; and

the refunding or refinancing (other than the consequence that the refinanced loan constitutes "qualified nonrecourse indebtedness" within the meaning of Temporary Regulations Section 1.861-10T(b) for the purpose of the computation of the FSC Benefits (as defined in the Tax Indemnity Agreement)), then the Owner Trustee and the Owner Participant shall be required to effect such refunding or refinancing only if the Lessee shall have agreed to indemnify the Owner Participant against such identified adverse tax consequences in a manner reasonably satisfactory to the Owner Participant; provided, however, the parties agree that in the absence of a change in applicable laws, regulations, revenue rulings, revenue procedures or judicial precedents enacted, adopted or decided after the Delivery Date, a refinancing or refunding will not be deemed for this purpose to result in a risk of the Owner Participant not being considered the owner of the Aircraft, Airframe, any Engine or any Part for Federal or other income tax purposes, (y) no such refinancing or refunding shall require an increase in the amount of the Owner Participant's investment in the beneficial ownership of the Aircraft or shall cause the ratio of the newly issued debt to the Owner Participant's then outstanding investment in the Aircraft to be more than 4 to 1 and (z) except with respect to matters relating to taxes, no such refunding or refinancing will materially increase the liabilities of or impair the rights of the Owner Participant. In addition, neither the refunding or refinancing, nor any related adjustment of Basic Rent, shall increase or decrease the periodic earnings (as defined in Statement of Financial Accounting Standards No. 13 issued by the Financial Accounting Standards Board) of the Owner Participant for any calendar year in the period (if any) from the date of such refunding or refinancing to December 31, 1998 each by an amount greater than 10% of the amount of earnings expected for each such calendar year immediately prior to such refunding or refinancing.

"(b) The Equipment Notes, and any other debt instruments issued in connection with any refunding or refinancing operation permitted by this Section 17, shall not be subject to optional redemption by the Owner Trustee without the consent of the Lessee, except as provided in the Trust Indenture."

"(a) Calculation of Adjustments. In the event that (A) the Transaction Costs are less or more than 1.0897% of Lessor's Cost, or (B) prior to the acceptance of the Aircraft on the Delivery Date: (1) there shall have occurred a Change in Tax Law and (2) after having been advised in writing by the Owner Participant of such Change in Tax Law and the proposed adjustment to the payments of Basic Rent resulting therefrom, Lessee shall have waived its right under Section 11 of the Participation Agreement to decline to proceed with the transaction, or (C) a refinancing or refunding as contemplated by Section 17 hereof occurs, or (D) the Delivery Date is other than July 9, 1992, or (E) if the Certificates are not refunded or refinanced on or prior to the Base Lease Commencement Date, the Excess Payment Amount (as defined in the Original Participation Agreement (after adjustment for any Excess Payment Differential Amount) (as defined in the Original Participation Agreement) is other than \$1,247,657.81 then, in each case, the Owner Participant shall recalculate the payments of Basic Rent, Stipulated Loss Values, Termination Values and the Excess Payment Amount with respect to the Term (i) to preserve the Owner Participant's Revised Net Economic Return and (ii) to minimize, to the greatest extent possible, consistent with the foregoing clause (i), the present value (discounted semiannually at an interest rate per annum to be supplied by the Lessee) of the payments of Basic Rent. In addition, in the event of a refinancing or refunding referred to in clause (C) of the preceding sentence, the Special Purchase Price Percentage and the Special Purchase Option Date shall be recalculated in a manner consistent with the procedures specified in Section 20(c) of the Original Participation Agreement. In performing any such recalculations, the Owner Participant shall utilize the same methods and assumptions used by the Owner Participant in the calculation of the schedules included in the Amended and Restated Rent Schedule dated as of the Refunding Date, as such assumptions may be changed as a result of the event described in clause (A), (B), (C), (D) or (E) of the second preceding sentence necessitating such recalculation or due to the prior occurrence of any such event; provided that, Basic Rent, as so recomputed, shall

comply with the requirements of Section 4.02(5) and 4.07(1) of Revenue Procedure 75-28, 1975-1 C.B. 752, and shall not present a greater risk that Section 467(b)(2) of the Code would apply than the risk that Section 467(b)(2) applied prior to such recomputation, it being agreed that the requirements of clause (i) of Section 5.01 of Rev. Proc. 75-21, 1975-1 C.B. 715, shall be applied on a prospective basis.

(b) Paragraph (b) of Section 18 is amended by deleting the words "Assumed Debt Rate" in each place they appear and substituting therefor the words "Average Certificate Rate".

13. DELETION OF SECTION 20 OF THE PARTICIPATION AGREEMENT. Section 20 is hereby deleted and the words "[Intentionally Omitted]" substituted therefor.

14. AMENDMENT OF SECTION 21 OF THE PARTICIPATION AGREEMENT.

(a) The penultimate sentence of Section 21(b) is amended by inserting at the end of the sentence "or (i) in the case of such enforcement against the Bank Lenders, by consent of Bank Lenders holding a majority in principal amount of the Outstanding Bank Equipment Notes or (ii) to the extent required by the Indenture, with the consent of the Pass Through Trustee". Section 21(c) is amended by inserting the following sentence at the end thereof: "No purchaser or holder of any Equipment Note (including any Loan Participant) shall be deemed to be a successor or assign of any of the Original Loan Participants."

15. NEW SECTION 21 OF THE PARTICIPATION AGREEMENT. The following new Section 21 is added:

"Section 21. Successor Loan Trustee; Amendment of Pass Through Trust Documents. (a) In the event that the Loan Trustee gives notice of its resignation pursuant to Section 9.06(b) of the Trust Indenture, the Lessee may direct the Owner Trustee to appoint, and the Owner Trustee shall promptly appoint, a successor Loan Trustee.

(b) In the event that either the Owner Trustee or the Lessee obtains knowledge of the existence of any of the grounds for removal of the Loan Trustee set forth in Section 9.06 of the Trust Indenture, the Owner Trustee or the Lessee, as the case may be, shall promptly give notice (the "Removal Notice") to the other by telephone, confirmed in writing. Within five Business Days after the giving of the Removal Notice, the Lessee may direct the Owner Trustee to remove, and the Owner Trustee shall remove, the Loan Trustee and appoint a successor Loan Trustee, provided that, if within ten Business Days after the giving of the Removal Notice the Loan Trustee shall not have been removed, the Owner Trustee shall be deemed without further act to have delegated to the Lessee the right, on behalf of the Owner Trustee, to remove the Loan Trustee and appoint a successor, and, in the event of the removal of the Loan Trustee in accordance with such delegation, the Lessee agrees to appoint promptly a successor Loan Trustee.

(c) The Lessee shall not enter into any modification or amendment of any Pass Through Trust Document in any manner affecting the Pass Through Trusts created pursuant to the Pass Through Trust Supplements, without the consent of the Owner Participant, such consent not to be unreasonably withheld."

Each Bank Lender agrees that, except as provided below, it will not amend or terminate or permit to be terminated through its own action or inaction the Swap Transaction in respect of its Bank Equipment Notes in a manner that would have an adverse effect on the rights or interests of the Lessee without the prior written consent of the Lessee (such consent not to be unreasonably withheld).

If such Market Quotation is a negative number, the absolute value of the amount thereof shall be the Swap Breakage Gain attributable to such Bank Lender for all purposes of the Operative Documents; if such Market Quotation is a positive number, the amount thereof shall be the Swap Breakage Loss attributable to such Bank Lender for all purposes of the Operative Documents. Each Bank Lender acknowledges that the Lessee shall have the right to designate two of the Reference Market-makers to be used by the Swap Counterparty (such Reference Market-makers to be reasonably acceptable to the Swap Counterparty) in connection with the Swap Counterparty's determination of the Market Quotation for settlement of the Swap Transaction and agrees to use its best efforts to cause the Swap Counterparty to cooperate with the Lessee with respect to the provisions of this Exhibit N and to provide in a timely fashion such information as the Lessee may reasonably request to facilitate the quotation by such Reference Market-makers designated by the Lessee.

(c) The following terms are applicable to the Swap Transaction insofar as it is attributable to each Bank Lender:

1. Such Bank Lender shall be a Fixed Rate Payer;
2. The Notional Amount of that portion of the Swap Transaction attributable to such Bank Lender shall be an amortizing amount equal to the aggregate principal amount of such Bank Lender's Bank Equipment Notes (assuming each installment of principal of the Bank Equipment Notes required to be paid pursuant thereto is paid when due);

10. In the event of a redemption (or purchase in lieu of redemption) of any of the Bank Equipment Notes held by such Bank Lender or an acceleration of such Secured Equipment Certificates upon an Indenture Event of Default, the portion of the Swap Transaction allocable to such Holder shall be subject to termination. In the event of a transfer of such Bank Lender's Bank Equipment Notes pursuant to Section 14(b) of the Refunding Agreement, the portion of the Swap Transaction allocable to such Bank Lender shall be subject to full termination in the event that the Replacement Bank Lender(s) does not either assume its proportionate share of the Swap Transaction or assume or enter into a Swap Participation as provided in such Section 14(b);

omission of or claim against such Bank Lender, and each Bank Lender severally agrees that it will, at its own cost and expense, promptly take such action as may be necessary to discharge and satisfy in full any such Lender Lien; and each Bank Lender severally hereby agrees to indemnify, protect, defend and hold harmless Lessee, the Owner Participant, the Owner Trustee, the Loan Trustee and any other Bank Lender against Claims (as defined in Section 7(b) of the Participation Agreement) in any way resulting from or arising out of a breach by such Bank Lender of its obligations under this Section 10(d)(iv);

(vi) such Bank Lender is acting and will act for its own account and not as a conduit or agent for any other Person in its participation in the transactions contemplated by the Operative Documents, other than with respect to a Participation described in Section 10(f) of this Refunding Agreement.

(e) Except to the extent provided in Section 14(b) of this Refunding Agreement, each Bank Lender may sell, assign, pledge or otherwise transfer all or any of its Bank Equipment Notes to a Permitted Transferee (and only to a Permitted Transferee), provided that no Bank Lender shall grant participations (any such participation, a "Participation") in any of its Bank Equipment Notes except in accordance with Section 10(f) hereof and provided, further, that, except in connection with a transfer pursuant to Section 14(b) of this Refunding Agreement, (i) any Permitted Transferee to which a Bank Lender sells, transfers or assigns all or any of its Bank Equipment Notes (any such Permitted Transferee, an "Assignee") delivers a certificate to the Lessee, the Owner Participant, the Owner Trustee and the Loan Trustee in form and substance satisfactory to the Lessee setting forth representations and warranties comparable to those set forth in Section 10(d) hereof appropriate to such Assignee, and an agreement by such Assignee in form and substance satisfactory to the Lessee to be bound by the terms relating to the Bank Lenders under the Operative Documents, no later than the effective date of such transfer, (ii) the Bank Lender effecting such transfer provides to the Lessee, the Owner Participant, the Owner Trustee and the

Loan Trustee notice, setting forth the name and address of such Assignee and identifies those of such Bank Lender's Bank Equipment Notes being sold, transferred or assigned to such Assignee, no later than the effective date of such transfer, (iii) such transfer complies with Section 2.04 of the Indenture and (iv) such Assignee represents and warrants to the Lessee, the Owner Participant, the Owner Trustee and the Loan Trustee that, immediately after giving effect to such transfer, such Assignee shall not be entitled to indemnification for any amounts described in Section 14(a) of this Refunding Agreement or Section 7(c) of the Participation Agreement and shall not become, by reason of any Regulatory Change then effective or likely in its best judgment to become effective, entitled to any such amount described in Section 14(a) of this Refunding Agreement or Section 7(c) of the Participation Agreement. Each Bank Lender hereby agrees that (A) any such sale, assignment, pledge, transfer or Participation, and any offer to make any such sale, assignment, pledge, transfer or Participation, shall be made in accordance with this Section 10 and with all applicable laws, including without limitation the Securities Act, the Trust Indenture Act, and any other applicable laws relating to the transfers of similar interests; (B) any such sale, assignment, pledge, transfer or Participation, and any offer to make any such sale, assignment, pledge, transfer or Participation, prior to the first anniversary of the Refunding Date shall be made only to a Permitted Transferee that is a Treaty Lender and in compliance with Regulation S under the Securities Act; and (C) no such sale, assignment, pledge, transfer or Participation shall be made under circumstances that require registration under the Securities Act or qualification of an indenture under the Trust Indenture Act.

Upon any such Assignment, the Owner Trustee, the Loan Trustee, the Owner Participant and/or the Lessee shall be entitled to receive from the assigning Bank Lender or any other party effecting such assignment the reasonable expenses of the Owner Trustee, the Loan Trustee, the Owner Participant and the Lessee incurred in effecting such Assignment. Owner Trustee, the Lessee, the Owner Participant or the Indenture Estate or Trust Estate under any Operative Document. All amounts payable by the Lessee to any Bank Lender under Section 14(a) of this Refunding Agreement or Section 7(b) or 7(c) of the Participation Agreement shall be determined as if such Bank Lender had not sold or agreed to sell any Participation in its Bank Equipment Notes. Notwithstanding any such Participation, (i) such Bank Lender's obligations under the Operative Documents shall remain unchanged, (ii) such Bank Lender shall remain solely responsible to the other parties to the Operative Documents for the performance of such obligations and (iii) the other parties to this Refunding Agreement, the Participation Agreement and the other Operative Documents shall continue to deal solely and directly with such Bank Lender in connection with such Bank Lender's Bank Equipment Notes and such Bank Lender's rights and obligations under the Operative Documents. In no event shall any Bank Lender that sells a Participation be obligated to the participant under the participation agreement governing the Participation to take or refrain from taking any action hereunder or under any of the Operative Documents except that such Bank Lender may agree in such participation agreement that it will not, without the consent of the participant, agree to any of the matters specified for each Bank Lender to approve in Sections 11.02 and 11.06 of the Indenture; and such Bank Lender shall be solely responsible for any withholding or other taxes and any filing or reporting requirements relating to such Participation and shall hold the Lessee and the Loan Trustee harmless against the same.

provided that the aggregate amount of the costs, fees and expenses payable by the Owner Participant pursuant to this Section 12, together with the costs, fees and expenses payable by the Owner Participant pursuant to Section 12 of the Refunding Agreements (AA 1995 PTC Series AA) and (AA 1995 PTC Series AB) (the "Other Refunding Agreements"), each dated as of the date hereof, shall not be in excess of 1% of the aggregate principal amount of the equipment notes issued on the Refunding Date pursuant to the Indenture and the Other Indentures. To the extent, if any, that the costs, fees and expenses referred to in this Section 12 and Section 12 of the Other Refunding Agreements shall be in excess of 1% of the aggregate principal amount of the equipment notes issued on the Refunding Date pursuant to the Indenture and the Other Indentures, such costs fees and expenses shall be paid by the Lessee.

Notwithstanding the foregoing, the Lessee shall pay, in those amounts separately agreed, the fees, expenses and disbursements of Debevoise & Plimpton, special counsel for the Lessee, and the fees and expenses of Babcock & Brown, the Lessee's financial advisor.

(b) The Owner Participant prior to the payment thereof will send copies of any invoices received by it with respect to any of the foregoing fees, expenses and disbursements constituting transaction costs to the Lessee for the Lessee's review and approval, such approval not to be unreasonably withheld or delayed.

(c) In the event that the transactions contemplated by this Section 12 and the agreements referred to herein are not consummated, the Lessee shall, except as provided in the Underwriting Agreement with regard to fees and expenses of the Underwriters, bear and pay all costs, expenses and fees referred to in this Section 12; provided that: (i) if the transaction fails to be consummated as a result of the failure of the Owner Participant to act in good faith in consummating the transactions, or otherwise comply with the terms hereof, the Owner Participant shall bear and pay its own fees, costs and expenses (including, without limitation, the fees and expenses of its special counsel), and the Lessee shall pay all other reasonable fees, costs and expenses as aforesaid; and (ii) if the transaction fails to be consummated as a result of the failure of the Initial Bank Lender to act in good faith in consummating the transactions, or otherwise comply with the terms hereof, the Initial Bank Lender shall bear and pay its own fees, costs and expenses (including, without limitation, the fees and expenses of its special counsel), and the Lessee shall pay all other reasonable fees, costs and expenses as aforesaid.

SECTION 13. TERMS OF SWAP TRANSACTION. (a) Subject to Section 2(c), the terms of the interest rate swap transaction to be entered into by the Initial Bank Lender are described in Exhibit N hereto, as such Exhibit N may be modified to reflect any changes in dates and the actual Fixed Rate applicable to such swap transaction as determined pursuant to Section 2 of this Refunding Agreement. Such Exhibit N shall constitute a part hereof as if the terms thereof were set forth herein in full.

(b) Each Bank Lender agrees that, upon notice from the Owner Trustee or the Lessee or upon otherwise learning of the possibility of the occurrence of (i) any of the events described in Section 6.01 of the Indenture or (ii) an acceleration or a redemption (or purchase in lieu of redemption) of the Bank Equipment Notes, such Bank Lender (or, if the Initial Bank Lender is the sole counterparty to the Actual Swap, the Initial Bank Lender) shall promptly (A) to the extent permitted by applicable law, notify the

Lessee and the Owner Trustee of such possibility and (B) thereafter provide the Lessee and the Owner Trustee with a non-binding good faith estimate of the Break Funding Amount.

(c) In the event any of the Bank Equipment Notes are redeemed (or purchased in lieu of redemption) pursuant to Section 6.01 of the Indenture, the Owner Trustee hereby directs each Bank Lender, and each Bank Lender hereby agrees, to pay directly to the Lessee an amount equal to any Swap Breakage Gain. In the event any of the Bank Equipment Notes are accelerated or redeemed (or purchased in lieu of redemption) as a result of an Indenture Event of Default that also constitutes a Lease Event of Default that has occurred and is continuing, the Owner Trustee hereby directs each Bank Lender that is a swap counterparty to the Actual Swap, and each such Bank Lender hereby agrees, to pay directly to the Lessee an amount equal to any Swap Breakage Gain; provided that no Bank Lender shall be required to make any such payment to the Lessee pursuant to this sentence unless the Bank Equipment Notes held by such Bank Lender that are subject to such acceleration or redemption (or purchase in lieu of redemption) shall have been paid in full. Notwithstanding the foregoing, in the event any of the Bank Equipment Notes are accelerated or redeemed (or purchased in lieu of redemption) as a result of an Indenture Event of Default that does not also constitute a Lease Event of Default, the Owner Trustee hereby directs each Bank Lender that is a swap counterparty to the Actual Swap, and each such Bank Lender hereby agrees, to pay directly to the Owner Trustee for distribution pursuant to the Trust Agreement, an amount equal to any Swap Breakage Gain; provided that no Bank Lender shall be required to make any such payment to the Owner Trustee pursuant to this sentence unless the Bank Equipment Notes held by such Bank Lender that are subject to such acceleration or redemption (or purchase in lieu of redemption) shall have been paid in full.

SECTION 14. ADDITIONAL COSTS. (a) (i) Additional Costs. If a Regulatory Change with respect to the Initial Bank Lender or any Permitted Transferee shall (A) impose on such Bank Lender any reserve, special deposit or any similar requirement with respect to the loan evidenced by its Bank Equipment Notes or any capital adequacy requirement requiring the maintenance by such Bank Lender of additional capital with respect to the loan evidenced by its Bank Equipment Notes, or (B) change the basis of taxation in the jurisdictions in which such Bank Lender has either its principal office or the lending office through which it is

participating in the Bank Equipment Notes (for such Bank Lender, its "Lending Office") of any amounts payable to such Bank Lender under the Indenture (other than any change with respect to (1) Taxes based on or imposed on or with respect to or measured by the capital, receipts or franchises of such Bank Lender or the overall net or gross income of such Bank Lender or such Lending Office, or (2) Taxes imposed on such Bank Lender or such Lending Office in lieu of or as a direct substitute for any Tax described in the preceding clause (1)) and as a result of any of the foregoing there shall be any material increase in the actual cost to such Bank Lender of making, funding or maintaining the loan evidenced by its Bank Equipment Notes or any material reduction in the amount receivable by such Bank Lender in respect thereof, in either case where such event does not arise from the gross negligence or willful misconduct of such Bank Lender, from its breach of any of its representations, warranties or covenants contained in any Operative Document or from its failure to comply with any such Regulatory Change (any such increase or reduction being referred to herein as an "Additional Cost"), then, upon demand made by such Bank Lender to the Owner Trustee, with a copy thereof to the Lessee, following the applicable Regulatory Change, the Owner Trustee shall pay directly to such Bank Lender from time to time, commencing within 15 days of the presentation by such Bank Lender of the certificate specified in the final sentence of the first paragraph of Section 14(a)(ii) hereof, an amount equal to the Additional Costs accruing from the date of delivery of such certificate. Notwithstanding any of the foregoing, the Owner Trustee's obligation to pay Additional Costs shall be limited to making such payments when and to the extent the Owner Trustee receives a corresponding payment of Supplemental Rent from the Lessee.

(ii) Notices, Mitigation and Determinations. Each Bank Lender will notify the Owner Trustee and the Lessee of any event occurring after the date of this Agreement (or, if later, after the date on which such Bank Lender purchased its Bank Equipment Notes) that will entitle such Bank Lender to compensation under Section 14(a)(i) hereof or Section 7(c) of the Participation Agreement as promptly as practicable, but, in the case of Section 14(a)(i) hereof, in any event within 30 days after the enactment date of the relevant Regulatory Change. As a condition to a Bank Lender's receiving compensation pursuant to this Section 14(a)(i) or Section 7(c) of the Participation Agreement, each such Bank Lender shall use its best efforts to avoid the need for, or to reduce the amount of, such compensation,

and such Bank Lender shall take all reasonable steps to so avoid the need for, or reduce the amount of, such compensation, including, without limitation, designating a different Lending Office of such Bank Lender (other than a Lending Office that would render such Bank Lender no longer a Treaty Lender or an Exempt Lender, as the case may be), for the Bank Equipment Notes; provided that such Bank Lender shall not be obligated to take any steps that will, in its reasonable opinion, impose any material loss, cost, expense or liability upon such Bank Lender. The affected Bank Lender shall furnish to the Owner Trustee and the Lessee (A) in the case of Section 14(a)(i) hereof, an opinion of counsel describing the Regulatory Change giving rise to the need for the payment of such compensation pursuant to Section 14(a)(i) hereof and (B) an Officer's Certificate describing in reasonable detail the facts giving rise to such Bank Lender's right to the payment of such compensation pursuant to, and the basis in reasonable detail of computing such compensation under, as applicable, this Section 14(a) or Section 7(c) of the Participation Agreement, including, without limitation, a description of the steps taken by such Bank Lender to avoid or mitigate the amount of any such compensation referred to in this Section 14(a) or Section 7(c) of the Participation Agreement and certifying that such Bank Lender has complied with its obligations under this Section 14(a) or Section 7(c) of the Participation Agreement.

Notwithstanding the foregoing provisions of this Section 14(a), in no event shall the Owner Trustee be required to make payments under this Section 14(a) in respect of any Regulatory Change proposed by any applicable governmental authority (including any branch of a legislature), central bank or comparable agency and pending as of the date of this Refunding Agreement or, in the case of any Bank Lender that is an Assignee pursuant to Section 10(e) hereof, pending as of the date of the transfer. In addition, the Owner Trustee shall not be required to make payments under this Section 14(a) to any Bank Lender if such Bank Lender's claim hereunder arises through circumstances peculiar to such Bank Lender and which do not affect commercial banking institutions in the same jurisdiction generally. No Bank Lender shall seek payment with respect to Additional Costs hereunder if such Bank Lender is not also seeking payment for similar increased costs in other similarly situated transactions.

(b) Certain Transfers of Bank Equipment Notes. If any Bank Lender requests compensation for any amounts

pursuant to Section 14(a) hereof or Section 7(c) of the Participation Agreement, the Owner Trustee shall, but only at the express direction of the Lessee (which direction the Lessee may, in its sole discretion, elect to give), require that such Bank Lender transfer its Bank Equipment Notes and all of its rights and obligations as a "Bank Lender" under its Bank Equipment Notes, this Agreement, the Participation Agreement and the Indenture to any Person or Persons (such Person or Persons being herein referred to as the "Replacement Lender(s)") identified by the Owner Trustee (as so directed by the Lessee) in a notice (the "Replacement Notice") to such Bank Lender specifying the date on which such transfer is requested to occur, the name(s) of the Replacement Lender(s) to which its interest in the Bank Equipment Notes is to be transferred and the portion thereof to be transferred to each, which notice shall be given not less than 15 Business Days prior to the date on which such transfer is to occur. Promptly after its receipt of any such notice from the Owner Trustee, unless such notice indicates that the Replacement Lender(s) do not desire an assignment of the Actual Swap, if any, or Swap Participation, if any, to which the affected Bank Lender is at such time a party, (x) if such affected Bank Lender is party to an Actual Swap, such affected Bank Lender shall ascertain whether its Swap Counterparty, if any, shall agree to an assignment of its Actual Swap by such Bank Lender to the proposed Replacement Lender(s) to the extent of their proposed respective interest in the Bank Equipment Notes and (y) if such affected Bank Lender is a party to a Swap Participation, such affected Bank Lender shall ascertain whether the Initial Bank Lender shall agree to extend the Swap Participation to the proposed Replacement Lender(s) to the extent of their proposed respective interest in the Bank Equipment Notes (the Initial Bank Lender hereby agreeing to take all commercially reasonable steps to accommodate such request). The affected Bank Lender shall promptly notify the Owner Trustee and the Lessee as to whether its Swap Counterparty shall accept such assignment to the Replacement Lender(s), or as to whether the Initial Bank Lender shall extend a Swap Participation to the Replacement Lender(s). On the date of the requested relevant transfer, (x) the affected Bank Lender shall sell, assign and transfer to the Replacement Lender(s), and the Replacement Lender(s) shall acquire and assume from the affected Bank Lender, all of the rights and obligations of the affected Bank Lender as a "Bank Lender" under the Bank Equipment Notes, this Agreement, the Participation Agreement and the Indenture (and, if the affected Bank Lender has an Actual Swap or Swap Participation being assigned to such Replacement Lender, under such Actual Swap or Swap Partici-

pation) by executing and delivering an agreement in form and substance reasonably satisfactory to the Lessee to be bound by the terms of the Operative Documents and containing such amendments to the representations, warranties and agreements to be made by such Replacement Lender and the indemnities in favor of such Replacement Lender as the Lessee may agree (for purposes of this Section 14(b), collectively, the "Transferred Interest"), (y) the Lessee and/or the Replacement Lender(s) shall pay to the affected Bank Lender an amount equal to all principal, interest and other amounts then owing under this Agreement and the Indenture in respect of the Transferred Interest (and, unless the affected Bank Lender has an Actual Swap or Swap Participation being assigned to the Replacement Lender(s), plus an amount equal to any Swap Breakage Losses, or minus an amount equal to any Swap Breakage Gains, that would be payable by or to such Bank Lender if such Bank Lender's Bank Equipment Notes were being redeemed in full), and (z) the Lessee and/or the Replacement Lender(s) shall pay to the affected Bank Lender an amount equal to all reasonable costs or expenses incurred by such Bank Lender in connection with such transfer, whereupon the Replacement Lender(s) shall each become a "Bank Lender" for all purposes of this Agreement having, except as aforesaid, all the rights and obligations under this Agreement, the Indenture and the other Operative Documents of each "Bank Lender" holding their share of the Transferred Interest, and the obligations of the affected Bank Lender in respect of the Transferred Interest shall terminate. In the event the affected Bank Lender is a party to a Swap Participation and such Swap Participation is not being assigned to the Replacement Lender(s), the Initial Bank Lender agrees to terminate the Swap Transaction to the extent of such Swap Participation.

SECTION 15. PREFUNDING. (a) To enable the Original Loan Certificates to be redeemed on the Refunding Date in accordance with the terms of this Agreement and the Original Indenture, the Initial Bank Lender shall pay by no later than 2:00 P.M. on the Business Day next preceding the Refunding Date (the "Funding Date"), an amount equal to the aggregate purchase price of the Bank Equipment Notes to be issued to it on the Refunding Date, to State Street Bank and Trust Company of Connecticut, National Association's account at State Street Bank and Trust Company, Boston, Massachusetts, ABA # 011-000-028, Account # 9900-3147, Attention: Lisa Guymont, Re: American Airlines AA 1995 PTC Series AC (the "Account"), the funds so paid by the Initial Bank Lender (the "Deposit") to be (x) held by State Street Bank and Trust Company of Connecticut, National Association

("State Street") in trust for the benefit of the Initial Bank Lender and (y) invested by State Street pursuant to Section 15(c) hereof; provided that, if the Refunding Date is delayed for any reason and the Lessee shall have given telephonic notice to the Initial Bank Lender no later than the close of business on the fourth Business Day next preceding the originally scheduled Funding Date, the Initial Bank Lender shall not make the payment provided for in this Section 15(a) on the originally scheduled Funding Date, the Funding Date may be postponed to such later date (such date to be not later than July 31, 1995) as the Lessee shall designate in writing to the Initial Bank Lender, which later date shall be at least four Business Days following the date on which the Lessee delivers written notice designating the delayed Funding Date, and the payment by the Initial Bank Lender provided for in this Section 15(a) shall be made on such delayed Funding Date.

(b) The Lessee shall pay interest to the Initial Bank Lender on the amount of its Deposit for the period from and including the Funding Date to but excluding the earlier of (i) the Refunding Date or (ii) the date such Deposit is returned to the Initial Bank Lender. Such interest shall accrue on the amount of the Deposit at a rate per annum equal to 80 basis points plus the Initial Bank Lender's overnight cost of funds (or, if higher, 80 basis points plus the floating rate base then applicable to the Initial Bank Lender as floating rate payor under any then-applicable Swap), as certified by the Initial Bank Lender to the Lessee. Accrued interest on the Deposit shall be due and payable to the Initial Bank Lender on the earlier of the dates specified in clauses (i) and (ii) of the preceding sentence.

(c) The Deposit will be invested and reinvested in Permitted Investments (as defined below) by State Street at the sole direction, for the account and at the risk of the Lessee and any earnings on the investment of such Deposit will, on the Refunding Date or on the date such Deposit is returned to the Initial Bank Lender and following payment by the Lessee to such Initial Bank Lender pursuant to clause (b) above, be paid over to the Lessee. Any directions of the Lessee to State Street hereunder may be given via telephone or facsimile. Funds paid by the Initial Bank Lender into the Account (exclusive of any earnings that are to be paid to the Lessee pursuant to the first sentence of this paragraph) will, at the direction of such Initial Bank Lender or its representative to State Street (i) be applied by State Street as provided in Section 1 hereof or

GUARANTEE  
(AA 1995 PTC Series \_\_\_)

GUARANTEE, dated as of \_\_\_\_\_, 1995 by State Street Bank and Trust Company, a Massachusetts corporation (the "GUARANTOR") to and for the benefit of each person listed on Schedule I hereto (collectively, together with their successors and permitted assigns, the "BENEFICIARIES" and, individually, a "BENEFICIARY").

WITNESSETH:

WHEREAS, State Street Bank and Trust Company of Connecticut, National Association, a wholly-owned subsidiary of the Guarantor (the "SUBSIDIARY") wishes to act as trustee pursuant to the agreements listed on Schedule II hereto (as amended, modified or supplemented from time to time, the "AGREEMENTS").

WHEREAS, the Beneficiaries are willing to have the Subsidiary act in such capacity under the Agreements provided that the Guarantor executes and delivers this Guarantee;

WHEREAS, the Guarantor has determined that the execution and delivery by it of this Guarantee is necessary in order to conduct, promote and attain the business of the Subsidiary and the Guarantor;

NOW, THEREFORE, the Guarantor hereby agrees with and for the benefit of the Beneficiaries as follows:

1. GUARANTEE.

(a) The Guarantor hereby unconditionally and irrevocably guarantees to each of the Beneficiaries the prompt and complete payment by the Subsidiary when due of, and the faithful performance of, and compliance with, all payment obligations of the Subsidiary under the Agreements and each other document referred to therein to which the Subsidiary is a party or by which the Subsidiary is bound (collectively, the "RELEVANT DOCUMENTS"), in accordance with the terms thereof and the timely performance of and compliance with all other obligations of the Subsidiary thereunder (such payment and other obligations, the "OBLIGATIONS"). In no event, however, shall the agreement contained herein be construed to constitute a guarantee of any amount due with respect to acts or events occurring after such time, if any, that the Subsidiary ceases to be a party to the Relevant Documents.

(b) Until such time as all of the Obligations have been paid and performed in full, no payment or payments made by the Subsidiary, the Guarantor, any other guarantor or any other person or received or collected by any Beneficiary from the Subsidiary, the Guarantor, any other guarantor or any other person by virtue of any action or proceeding or any set-off or appropriation or application at any time or from time to time in reduction of or in payment of the Obligations shall be deemed to modify, reduce, release or otherwise affect the liability of the Guarantor hereunder except as to the Beneficiary receiving such payment and solely by and to the extent of the net amount thereof actually received and retained by such Beneficiary, and subject in each case to the other provisions of this Guarantee (including but not limited to Paragraph 3 hereof). In no event shall any such payment or payments be deemed to modify, reduce, release or otherwise affect the liability of the Guarantor hereunder for the payment and performance in full of all of the Obligations.

(c) If for any reason any Obligations to be performed or observed by the Subsidiary shall not be observed or performed, or if any amount payable by the Subsidiary referred to in Section 1(a) hereof shall not be paid when due and payable, the Guarantor shall promptly perform or observe or cause to be performed or observed each such Obligation or undertaking and shall forthwith pay such amount at the place and to the person or entity entitled thereto pursuant to the Relevant Documents.

2. Amendments etc., with respect to the Obligations: Waiver of Rights. The Guarantor shall remain obligated hereunder notwithstanding that, without any reservation of rights against the Guarantor and without notice to or further assent by the Guarantor, any demand for payment or performance of any of the Obligations made by any Beneficiary may be rescinded by such party and any of the Obligations continued, and the Obligations, or the liability of any other party upon or for any right of offset with respect thereto, may, from time to time, in whole or in part, be renewed, extended, amended, modified, accelerated, compromised, waived, surrendered or released by any Beneficiary and any Relevant Document and/or any collateral security document or other guarantee or document in connection therewith, may be amended, modified, supplemented or terminated, in whole or in part, as the parties thereto may deem advisable from time to time, and any right, title or interest in or to any Relevant Documents, or the Aircraft (as defined in the Agreement), or any collateral security, guarantee or right of offset at any time held by any Beneficiary for the payment or performance of the Obligations may be sold, exchanged, waived, surrendered, released, transferred or otherwise disposed of. Without limiting the foregoing, the Guarantor unconditionally waives, to the fullest extent permitted by law, (a) notices of the creation of any Obligation under the Relevant Documents or any notice of or proof of reliance by any of the Beneficiaries upon this Guarantee or acceptance of this Guarantee (the Obligations shall conclusively be deemed to have been created, contracted, incurred or renewed, extended, amended or waived in reliance upon this Guarantee and all dealings between the Subsidiary or the Guarantor and any Beneficiary shall be conclusively presumed to have been had or consummated in reliance upon this Guarantee), (b) all notices that may be required by statute, rule of law or

otherwise, now or hereafter in effect, to preserve intact any rights of any of the Beneficiaries against the Guarantor, including, without limitation, any demand, presentment and protest, proof of notice of nonpayment under any Relevant Document, and notice of default or any failure on the part of the Subsidiary to perform or comply with any Obligation, (c) any right to the enforcement, assertion or exercise by any of the Beneficiaries of any right, power, privilege or remedy conferred herein or in any Relevant Document or otherwise, (d) any requirement of promptness or diligence on the part of any of the Beneficiaries, (e) any notice of the sale, exchange, waiver, surrender, release, transfer or other disposition of any right, title or interest in or to any Relevant Document, or the Aircraft (as defined in the Agreement), or any collateral security, guarantee or right of offset at any time held by any Beneficiary for the payment or performance of the Obligations, or (f) any other circumstance whatsoever that might otherwise constitute a legal or equitable discharge, release or defense of a guarantor or surety, or that might otherwise limit recourse against the Guarantor.

3. Guarantee Absolute and Unconditional. The Guarantor understands and agrees that this Guarantee shall be construed as a primary obligation of the Guarantor and is a present, continuing, absolute and unconditional guarantee of payment and performance (and not merely of collection) without regard to any defense, set-off or counterclaim (other than a defense of payment or performance in full) that may at any time be available to or be asserted by the Subsidiary against any Beneficiary. When pursuing its rights and remedies hereunder against the Guarantor, any Beneficiary may, but shall be under no obligation to, pursue such rights and remedies as it may have against the Subsidiary or any other person or entity or against any collateral security or guarantee for the Obligations or any right of offset with respect thereto, and any failure by any Beneficiary to pursue such other rights or remedies or to collect any payments from the Subsidiary or any such other person or entity or to realize upon any such collateral security or guarantee or to exercise any such right of offset, or any release of the Subsidiary or any such other person or entity or any such such collateral security, guarantee or right of offset, shall not relieve the Guarantor of any liability hereunder, and shall not impair or affect the right and remedies, whether express, implied or available as a matter of law, of any Beneficiary against the Guarantor. This Guarantee shall continue to be effective, or be reinstated, as the case may be, if at any time payment, in whole or in part, of any of the sums due to any of the Beneficiaries pursuant to the terms of any Relevant Document is rescinded or must otherwise be restored or returned upon the bankruptcy, insolvency, reorganization, arrangement, adjustment, composition, dissolution, liquidation, or the like, of the Subsidiary or the Guarantor, or upon or as a result of, the appointment of a custodian, receiver, trustee or other officer with similar powers with respect to the Subsidiary or the Guarantor or any substantial part of their respective property, or otherwise, all as though such payment had not been made notwithstanding any termination of this Guarantee or any other Relevant Document. This Guarantee shall remain in full force and effect and be binding in accordance with and to the extent of its terms upon the Guarantor and the successors and assigns thereof, and shall inure to the benefit of the Beneficiaries, and their respective successors, transferees and assigns, until all of the Obligations and the obligations of the Guarantor under this Agreement shall have been satisfied by payment and performance in full.

4. Representations and Warranties. The Guarantor hereby represents and warrants that:

(a) the Guarantor is a corporation duly organized, validly existing and in good standing under the laws of the jurisdiction of its incorporation;

(b) the Guarantor has all requisite power and authority and the legal right to execute and deliver, and to perform its obligations under, this Guarantee, and has taken all necessary corporate action to authorize its execution, delivery and performance of this Guarantee;

(c) this Guarantee constitutes a legal, valid and binding obligation of the Guarantor enforceable in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally;

(d) the execution, delivery and acceptance of this Guarantee, and the performance by the Guarantor of its obligations hereunder, do not and will not violate or result in a breach of or default under (or any event that with notice or the passage of time, or both, would constitute such a violation, breach or default) the respective certificate of incorporation, by-laws or other corporate organizational documents of the Guarantor or the Subsidiary, any Relevant Document or other agreement, instrument or contractual obligation to which the Guarantor or the subsidiary is party or by which either of them or any of their respective properties are bound, or any law, statute, rule, regulation, judgment, order or decree applicable to the Guarantor or the Subsidiary;

(e) no consent or authorization of, filing with, or other act by or in respect of, any arbitrator or governmental authority and no consent of any other entity or person (including, without limitation, any stockholder or creditor of the Guarantor) is required in connection with the execution, delivery, performance, validity or enforceability of this Guarantee;

(f) the Guarantor is a bank with a combined capital and surplus of at least \$500,000,000, as determined in accordance with generally accepted accounting principles; and

(g) the Guarantor owns all of the capital stock of the Subsidiary.

5. Indemnity. The Guarantor hereby agrees to pay all reasonable costs and expenses (including, without limitation, counsel fees) of all parties to the Relevant Documents incurred in connection with this Guarantee and the transactions contemplated hereby, including without limitation the execution, delivery and performance of this

Guarantee. The Guarantor agrees that American Airlines, Inc. ("American") shall not, in connection with this Guarantee and the transactions contemplated hereby, suffer or incur any loss, cost, expense or liability that American would not have suffered or incurred had such transactions not occurred, including without limitation any obligation to indemnify any other party to the Relevant Documents for any loss, cost or expense (including, without limitation, counsel fees) arising in connection with this Guarantee and the transactions contemplated hereby. The Guarantor further agrees to indemnify and hold harmless American from and against any loss, cost, action, suit, damage, expense or other liability arising out of or in connection with this Guarantee and the transactionc contemplated hereby.

6 Miscellaneous. None of the terms or provisions of this Guarantee may be waived, amended or supplemented or otherwise modified except by a written instrument executed by the Guarantor and the Beneficiaries. This Guarantee shall be binding upon the successors and assigns of the Guarantor and shall inure to the benefit of the Beneficiaries and their respective successors and assigns. THIS GUARANTEE SHALL BE GOVERNED BY AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH THE LAW OF THE COMMONWEALTH OF MASSACHUSETTS. All notices, requests and demands to or upon the Guarantor or any Beneficiary to be effective shall be in writing or by telecopy and, unless otherwise expressly provided herein, shall be deemed to have been duly given or made when delivered by hand, or, in the case of mail, three days after deposit in the postal system, first class postage pre-paid, or, in the case of telecopy notice, when sent, addressed to (a) in the case of the Guarantor, 225 Franklin Street, Boston, MA 02110; Telecopy No. (617) 654-4266, and (b) in the case of any Beneficiary, the address provided for such party in or pursuant to the Relevant Documents or at such other address as such person may provide to the Guarantor in writing.

1. The Lessee is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware and has the corporate power and authority to carry on its business as presently conducted and has, or had on the respective dates of execution thereof, the corporate power and authority to enter into its obligations under the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment and has the corporate power and authority to perform its obligations under the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment.

the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, and the performance by the Lessee of the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, have been duly authorized by all necessary corporate action on the part of the Lessee, and do not require any approval of stockholders of the Lessee or approval or consent of any trustee or holders of any indebtedness or obligations of the Lessee known to us, and neither the execution and delivery of any thereof by the Lessee nor the consummation by the Lessee of the transactions contemplated thereby nor compliance by the Lessee with any of the terms and provisions thereof contravene any law, governmental rule or regulation, judgment or order known to us to be applicable to or binding on the Lessee, or contravene or result in any breach of, or constitute any default under, or result in the creation of any Lien (other than as permitted by the Lease or the Indenture) upon any property of the Lessee under, the Certificate of Incorporation or By-Laws of the Lessee or any indenture, mortgage, chattel mortgage, deed of trust, conditional sales contract, bank loan or credit agreement or other agreement or instrument known to us to which the Lessee is a party or by which the Lessee or its properties may be bound or affected.

3. Except as referred to in Section 9(c) of the Refunding Agreement and except for (i) action that may be required to register the issuance and sale of the Pass Through Certificates under the Securities Act of 1933, as amended (the "Securities Act"), which action has been duly accomplished upon the Lessee's Registration Statement on Form S-3 (Registration No. 33-42998), as amended by certain post-effective amendments thereto, having become effective under the Securities Act, pursuant to orders of the Securities and Exchange Commission, to the best of our knowledge no stop order suspending the effectiveness of the Registration Statement having been issued and no proceedings for that purpose having been instituted or threatened, (ii) qualification of the Pass Through Trust Agreement under the Trust Indenture Act of 1939, which

in our opinion make the remedies provided in the Lease inadequate for the practical realization of the rights and benefits provided thereby.

5. Except for (i) the registration of the Aircraft with the Federal Aviation Administration and (ii) the filing for recordation of (x) the Manufacturer's FAA Bill of Sale, the Manufacturer's Subsidiary's FAA Bill of Sale and the FAA Bill of Sale, y) the Original Lease (with the Lease Supplement covering the Aircraft, the Original Indenture, and the Trust Agreement and Indenture Supplement covering the Aircraft attached), and (z) the Lease Amendment, the Amended and Restated Indenture and the Instrument of Resignation, in accordance with the Federal Aviation Act, (A) with respect to such portion of the Aircraft as is covered by the recording system established by the Federal Aviation Administration pursuant to Section 44107 of Title 49 of the United States Code, and assuming that at the time of each such filing no other unrecorded documents relating to the Aircraft have been filed pursuant to such Act but have not been shown on indices of filed but unrecorded documents made available to special Oklahoma City counsel, no further filing or recording of any document is necessary or advisable under the laws of the State of New York or the Federal laws of the United States of America in order to perfect the Owner Trustee's interest in the Aircraft as against the Lessee and any third parties in any applicable jurisdiction within the United States; and B) with respect to such portion, if any, of the Aircraft as may not be covered by such recording system, no further filing or recording of any document (including any financing statement) is necessary or advisable under Article 9 of the Uniform Commercial Code as in effect in any state in order to perfect the Owner Trustee's interest therein as against the Lessee and any third parties in any such state, except for the filing of a Uniform Commercial Code financing statement in the State of Texas, which filing has been duly effected, the filing of an assignment and amendment relating to such financing statement, and the filing of continuation statements with respect thereto required to be filed at periodic intervals under the Uniform Commercial Code of the State of Texas.

6. The Lease Amendment, the Amended and Restated Indenture and the Instrument of Resignation are in due form for recording and, subject to i) the registration of the Aircraft with the Federal Aviation Administration, and ii) the due and timely filing for recordation of (w) the Manufacturer's FAA Bill of Sale, the Manufacturer's Subsidiary's FAA Bill of Sale and the FAA Bill of Sale, (x) the Original Lease (with the Lease Supplement covering the Aircraft, the Original Indenture and the Trust Agreement and Indenture Supplement covering the Aircraft attached), (y) the Original Indenture (with such Trust Agreement and Indenture Supplement and the Original Trust Agreement attached) and z) the Lease Amendment, the Amended and Restated Indenture and the Instrument of Resignation, in accordance with the Federal Aviation Act, and assuming that at the time of each such filing no other unrecorded documents relating to the Aircraft have been filed pursuant to such Act but have not been shown on indices of filed but unrecorded documents made available to special Oklahoma City counsel, the Indenture, as supplemented, creates a security interest in the Owner Trustee's interest in the Aircraft, and, except for such filing or recordation, no further filing or recording of any such instrument or any other instrument is necessary or advisable to establish and perfect such security interest and the assignment for security purposes of the Lease and the Lease Supplement covering the Aircraft to the Loan Trustee in any applicable jurisdiction within the United States of America, except for the filing of Uniform Commercial Code financing statements within the States of Delaware and Texas, which filings have been duly effected, the filing of assignments and amendments to Uniform Commercial Code financing statements previously filed in the States of Delaware and Texas, and the filing of continuation statements with respect to all such financing statements required to be filed at periodic intervals under the Uniform Commercial Code of the States of Delaware and Texas.

7. The Owner Trustee, as Lessor under the Lease, and the Loan Trustee, as assignee of the Owner Trustee's rights under the Lease pursuant to the Indenture, would be entitled to the benefits of Section 1110 of the Bankruptcy Code (11 U.S.C.A. Section 1110) with respect

to the Aircraft initially delivered under the Lease and subjected to the Lease and the Indenture.

In rendering the foregoing opinions, we have relied upon the respective opinions, dated today and delivered to you, of (i) Crowe & Dunlevy, P.C., special Oklahoma City counsel, as to matters of Federal aviation law and (ii) Potter, Anderson & Corroon, special counsel for the Owner Trustee, as to matters of Delaware law, and we have made no investigation of law or fact as to the matters stated in such opinions. We have made the same assumptions as set forth in such opinions (except as to the due authorization, execution and delivery by the Lessee of the Refunding Agreement, the Original Participation Agreement, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment), and our opinion is subject to the same limitations as are therein set forth. With respect to the judgments or orders referred to in paragraph 2 and insofar as the foregoing opinion relates to Federal aviation laws, the Department of Transportation or the Federal Aviation Administration and as to all matters of Texas law, we have relied upon the opinion, dated today and delivered to you, of Anne H. McNamara, Esq., Senior Vice President and General Counsel of the Lessee, and in our opinion you and we are justified in relying on such opinion. We have also assumed that the Refunding Agreement and the Participation Agreement and the transactions contemplated thereby are not within the prohibitions of Section 406 of the Employee Retirement Income Security Act of 1974, as amended.

Our opinion is limited to the laws of the State of New York, the corporate law of the State of Delaware and the Federal laws of the United States of America, except that we express no opinion with respect to the securities laws of any state, including the State of New York.

This opinion is being furnished by us solely for your benefit in connection with the transactions contemplated by the Refunding Agreement. This opinion may not be relied upon or used for any other purpose.

Very truly yours,

American Airlines, Inc.  
(AA 1995 PTC Series AC)

Ladies and Gentlemen:

I am Senior Vice President and General Counsel of American Airlines, Inc., a Delaware corporation (the "Lessee"), and as such I am delivering this opinion in connection with the transactions contemplated by the Refunding Agreement (AA 1995 PTC Series AC), dated as of \_\_\_\_\_, 1995 (the "Refunding Agreement"), among the Lessee, Wilmington Trust Company, as Owner Trustee (the "Owner Trustee"), State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee (the "Loan Trustee"), State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, AT&T Credit Holdings, Inc. (formerly known as AT&T Credit Corporation), as Owner Participant, CIBC, Inc., as Original Loan Participant, The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender, and NationsBank of Georgia, National Association, as Indenture Trustee. Capitalized terms used herein without definition are used as defined in the Refunding Agreement.

In so acting, I have examined the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Lease, the Lease Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Original Trust Agreement, the Trust Agreement Amendment, the Original Indenture, the Amended and Restated Indenture, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Instrument of Resignation, the Pass Through Trust Documents, the Purchase Agreement Assignment and the Pass Through Certificates and have examined and relied upon the representations and warranties as to factual matters contained therein or made pursuant thereto and upon the originals, or copies certified or otherwise identified to my satisfaction, of such records, documents and other instruments as in my judgment are necessary

or appropriate to enable me to render the opinion expressed below.

Based on the foregoing, I am of the following opinion:

1. The Lessee holds an air carrier operating certificate issued by the Secretary of Transportation pursuant to Chapter 447 of Title 49 of the United States Code pursuant to which the Lessee is authorized to operate Boeing 767-323ER aircraft, the Lessee is a "citizen of the United States" as defined in Section 40102 of Title 49 of the United States Code, and the Lessee's chief executive office (as such term is defined in Article 9 of the Uniform Commercial Code in effect in the State of Texas) is located in Fort Worth, Texas.

2. The execution and delivery by the Lessee of the Refunding Agreement, the Original Participation Agreement, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Lease, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Lease Amendment, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, and the performance by the Lessee of the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment have been duly authorized by all necessary corporate action on the part of the Lessee, and do not require any approval of stockholders of the Lessee or approval or consent of, any trustees or holders of any indebtedness or obligations of the Lessee known to me; and neither the execution and delivery of any thereof by the Lessee nor the consummation or performance by the Lessee of the transactions contemplated by the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment nor the compliance by the Lessee with any of the terms and provisions thereof will contravene any law, governmental rule, regulation, judgment or order known to me to be applicable to, or binding on, the Lessee or for the Certificate of Incorporation or By Laws of the Lessee

contravene or result in any breach of, or constitute any default under, or result in the creation of any Lien (other than as permitted under the Lease or the Indenture) upon any property of the Lessee under, any indenture, mortgage, chattel mortgage, deed of trust, conditional sales contract, bank loan, credit agreement, contract or other agreement known to me to which the Lessee is a party or by which any of its properties may be bound or affected.

3. Except as referred to in Section 9(c) of the Refunding Agreement and the filings referred to in paragraphs 3, 5 and 6 of the opinion, dated today and delivered to you, of Debevoise & Plimpton, neither the execution and delivery by the Lessee of the Refunding Agreement, the Lease Amendment, the Amended and Restated Rent Schedule, the Tax Indemnity Agreement Amendment, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment, nor the consummation by the Lessee of the transactions contemplated by the Refunding Agreement, the Participation Agreement, the Tax Indemnity Agreement, the Lease, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment requires the consent or approval of, the giving of notice to, the registration with, or the taking of any other action in respect of, the Department of Transportation, the Federal Aviation Administration or any governmental authority of the State of Texas.

4. No filing or recording of any document in the State of Texas is necessary or advisable in order to perfect the Owner Trustee's title to and interest in the Aircraft as against the Lessee and any third party in the State of Texas, except for the filing of a Uniform Commercial Code financing statement in the State of Texas which filing has been duly effected, and the filing of an assignment and amendment relating thereto in the State of Texas, which assignment and amendment [have] been positioned for filing promptly upon closing, and the filing of continuation statements with respect thereto required to be filed at periodic intervals under the Uniform Commercial Code of the State of Texas. No filing or recording of any document in the State of Texas is necessary or advisable to

establish and perfect the security interest in the Aircraft that the Indenture, as supplemented, by its terms purports to create and the assignment for security purposes of the Lease to the Loan Trustee in accordance with the terms of the Indenture, except for the filing of the financing statement and assignment and amendment relating thereto referred to in the first sentence of this paragraph, and continuation statements relating thereto.

5. There are no pending or, to the best of my knowledge, threatened actions or proceedings before any court or administrative agency or arbitrator that would materially adversely affect the ability of the Lessee to perform its obligations under the Refunding Agreement, the Participation Agreement, the Lease, the Amended and Restated Rent Schedule, the Tax Indemnity Agreement, the Instrument of Resignation, the Pass Through Trust Documents and the Purchase Agreement Assignment.

In rendering the foregoing opinion, I have relied upon the opinion, dated today and delivered to you, of Crowe & Dunlevy, P.C., special Oklahoma City counsel. In so relying, I have made the same assumptions, and my opinion is subject to the same limitations, as are therein set forth. I have also assumed that the Refunding Agreement, the Participation Agreement and the transactions contemplated thereby are not within the prohibitions of Section 406 of the Employee Retirement Income Security Act of 1974, as amended.

I am delivering this opinion to you pursuant to the Refunding Agreement, and no persons other than you and Debevoise & Plimpton are entitled to rely on this opinion.

With your permission, my opinion is limited to the laws of the State of Texas and the Federal laws of the United States of America, except that I express no opinion with respect to the securities laws of any jurisdiction or any other laws.

Re: American Airlines, Inc.  
(AA \_\_\_ PTC Series \_\_\_)

Ladies and Gentlemen:

We have acted as counsel to Wilmington Trust Company, a Delaware banking corporation (the "Trust Company"), in connection with the Trust Agreement (AA 1992 AF- \_\_\_), dated as of \_\_\_\_\_, 1992 (the "Original Trust Agreement"), by and between the Trust Company and AT&T Credit Holdings, Tnc. (formerly known as AT&T Credit Corporation), a Delaware corporation (the "Owner Participant"), as amended by the First Amendment to Trust Agreement (AA 1992 AF-\_\_\_) (Redesignated AA 1995 PTC Series \_\_\_), dated as of the date hereof by and between the Trust Company and the Owner Participant (the "Trust Agreement Amendment"; the Original Trust Agreement as amended by the Trust Agreement Amendment being herein called the "Trust Agreement"). Pursuant to the Refunding Agreement (AA 1995 PTC Series \_\_\_), dated as of the date hereof (the "Refunding Agreement"), by and among American Airlines, Inc., as Lessee (the "Lessee"), NationsBank of Georgia, National Association (formerly known as C&S/Sovran Trust Company (Georgia), National Association), as Indenture Trustee (the "Indenture Trustee"), Swiss Bank Corporation, New York Branch and Westland/Utrecht Hypotheekbank, N.V., as Original Loan Participants (the "Original Loan Participant"), the Owner Participant, State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee (the "Pass Through Trustee"), State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee (the "Loan Trustee"), The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender, and the Trust Company, not in its

individual capacity except as specifically set forth therein, but solely as Owner Trustee (the "Owner Trustee") under the Trust Agreement, long-term financing is being provided in connection with one Boeing 767-323 aircraft bearing U.S. Registration No. \_\_\_\_ (the "Aircraft"). This opinion is furnished upon the request of the Owner Trustee pursuant to Sections 3(1) and 4(a) of the Refunding Agreement. Capitalized terms used herein and not otherwise defined are used as defined in or by reference in the Refunding Agreement, except that reference herein to any instrument shall mean such instrument as in effect on the date hereof after giving effect to the transactions contemplated by the Refunding Agreement.

We have examined executed counterparts or copies otherwise identified to our satisfaction of the following documents:

- (a) The Original Trust Agreement;
- (b) The Trust Agreement Amendment;
- (c) The Original Participation Agreement and the amendments thereto effective on the date hereof (the "Participation Agreement");
- (d) The Refunding Agreement;
- (e) The Original Lease;
- (f) The Lease Amendment;
- (g) The Lease Supplement No. 1 dated the Delivery Date covering the Aircraft (the "Lease Supplement");
- (h) The Indenture;
- (i) The Trust Agreement and Indenture Supplement No. 1 dated the Delivery Date covering the Aircraft (the "Trust Supplement");
- (j) The Purchase Agreement Assignment;
- (k) The Instrument of Resignation;
- (l) The Amended and Restated Rent Schedule; and

- (m) The Equipment Notes being issued on the date hereof (the "Equipment Notes").

The documents identified in paragraphs (a) through (l) above are collectively referred to herein as the "Operative Documents."

We have also examined originals or copies of such other documents, such corporate records, certificates and other statements of governmental officials and corporate officers and other representatives of the corporations or entities referred to herein and such other instruments as we have deemed necessary or appropriate for the purposes of this opinion. Moreover, as to certain facts material to the opinions expressed herein, we have relied upon the representations and warranties contained in the instruments referred to above.

Based upon the foregoing and upon an examination of such questions of law as we have considered necessary or appropriate, and subject to the assumptions, exceptions and qualifications set forth below, we advise you that, in our opinion:

1. The Trust Company is a Delaware banking corporation, duly organized and validly existing in good standing under the laws of the State of Delaware and has the corporate, banking and trust powers to enter into and perform its obligations under the Trust Agreement, and the Owner Trustee has the authority under the Trust Agreement to execute, deliver and perform its obligations under the Operative Documents and to issue, execute, deliver and perform its obligations under the Equipment Notes.

2. The Trust Company is a "citizen of the United States" within the meaning of Section 40102(a)(15) of Title 49 of the United States Code.

3. Each Operative Document has been duly authorized, executed and delivered by the Trust Company or by the Owner Trustee, as the case may be, and constitutes the legal, valid and binding obligation of the Trust Company or the Owner Trustee, as the case may be, enforceable against the Trust Company or the Owner Trustee, as the case may be, in accordance with its respective terms. The Trust Agreement constitutes a legal, valid and binding obligation of the Owner Participant enforceable against the Owner Participant in

accordance with its terms. The Equipment Notes have been duly authorized, issued, executed and delivered by the Owner Trustee, pursuant to authorization contained in the Trust Agreement, and constitute the legal, valid and binding obligations of the Owner Trustee enforceable against the Owner Trustee in accordance with their terms and the terms of the Indenture; and the Equipment Notes are entitled to the benefits and security afforded by the Indenture in accordance with its terms and the terms of the Indenture.

4. Neither the execution and delivery by the Trust Company or the Owner Trustee, as the case may be, of the Operative Documents, nor the issuance, execution and delivery by the Owner Trustee of the Equipment Notes, nor the fulfillment of or compliance by the Trust Company or the Owner Trustee, as the case may be, with the respective provisions thereof, conflicts with, or results in a breach of the terms, conditions or provisions of, or constitutes a default under, or results in a violation of, the charter or by-laws of the Trust Company, any law of the State of Delaware or any federal law of the United States of America governing the banking or trust powers of the Trust Company or, to the best of our knowledge, any agreement, indenture, instrument, order, judgment or decree to which the Trust Company, the Owner Trustee or any of their respective properties is subject.

5. No consent, approval or other action by or any notice to or filing with any court or administrative or governmental body is required under the laws of the State of Delaware or the federal laws of the United States of America governing the banking or trust powers of the Trust Company in connection with the authorization, execution and delivery by the Trust Company or the Owner Trustee of the Operative Documents, the authorization, issuance, execution and delivery by the Owner Trustee of the Equipment Notes, or the fulfillment of or compliance by the Trust Company or the Owner Trustee with the respective terms and provisions thereof.

6. The Trust Agreement creates for the benefit of the Owner Participant the rights and interests in the Trust Estate which the Trust Agreement by its terms purports to create, and such interest is subject and subordinate to the security interests created by the Indenture to the extent provided in the Indenture.

7. There are no taxes, fees or other charges ("Taxes") payable to the State of Delaware or to any political subdivision thereof in connection with the execution and delivery of the Operative Documents or the Pass Through Trust Documents. None of the transactions contemplated by the Operative Documents or the Pass Through Trust Documents nor any of the Owner Participant, the Lessee, the Owner Trustee (individually or as Owner Trustee), the Trust Estate, the trust created by the Trust Agreement, any holder of an Equipment Note, any Original Loan Participants, the Loan Trustee (in its individual capacity or as trustee), the Indenture Estate (such term being used in this opinion letter as defined in the Indenture), the Indenture Trustee (in its individual capacity or as Indenture Trustee), the trust created by the Indenture, any Pass Through Trustee (in its individual capacity or as trustee), any trust created by any Pass Through Trust Document or any holder of a Pass Through Certificate (or their Affiliates, successors, officers, directors, agents, servants or assigns) will be subject to any Tax under the laws of the State of Delaware or any political subdivision thereof (other than Taxes imposed on the fees received by the Owner Trustee for acting as trustee under the Trust Agreement) which would not have been imposed if the trust created by the Trust Agreement had not been created pursuant to the laws of the State of Delaware and the Trust Company had not (a) been incorporated under the laws of, (b) had its principal place of business in, (c) performed (individually or as Owner Trustee) its duties under the Operative Documents in, and (d) engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Pass Through Trust Documents in, the State of Delaware. There are no Taxes under the laws of the State of Delaware or any political subdivision thereof upon or with respect to (i) the construction, mortgaging, financing, refinancing, purchase, acquisition, acceptance, rejection, delivery, nondelivery, transport, location, ownership, control, insurance, registration, reregistration, deregistration, assembly, possession, repossession, operation, use, condition, maintenance, repair, sale, return, abandonment, replacement, preparation, installation, storage, redelivery, manufacture, leasing, subleasing, modification, rebuilding, importation, transfer of title, transfer of registration, exportation or other application or disposition of the Aircraft, any Engine or any Part or any interest in any thereof (ii) payments of Rent or the receipts, income or earnings arising therefrom or received with respect to the Aircraft, any Engine or any Part or any interest therein or payable pursuant to the Lease, (iii)

any amount paid or payable pursuant to any Operative Document or any Pass Through Trust Document, (iv) the Aircraft, any Engine or any Part or any interest therein or the applicability of the Lease to the Aircraft, any Engine or any Part or any interest therein, (v) any or all of the Operative Documents, the Pass Through Trust Documents, the Equipment Notes or any interest in any or all thereof, or the offering, assumption, registration, reregistration, issuance, acquisition, modification, reissuance, refunding or refinancing of any or all thereof, and any other documents contemplated hereby or thereby and amendments and supplements hereto and thereto, (vi) any change in the Owner Trustee or the situs of the Trust Estate made pursuant to Section 9(d) of the Participation Agreement, (vii) the property, or the income or other proceeds received with respect to the property, held by the Loan Trustee under the Indenture, (viii) the payment of the principal of or interest or premium on, or other amounts payable with respect to, any or all of the Loan Certificates, the Equipment Notes or the Pass Through Certificates, whether as originally issued or pursuant to any refinancing, refunding, assumption, modification or reissuance or any other obligation evidencing any loan in replacement of the loan evidenced by any or all of the Equipment Notes or the Pass Through Certificates, or (ix) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents or the Pass Through Trust Documents, which would not have been imposed if the trust created by the Trust Agreement had not been created pursuant to the laws of the State of Delaware and the Trust Company had not (w) been incorporated under the laws of, (x) had its principal place of business in, (y) performed (individually or as Owner Trustee) its duties under the Operative Documents in, and (z) engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Pass Through Trust Documents in, the State of Delaware.

8. The Owner Trustee has received from the Lessee such title to the Aircraft as was conveyed to it by the Lessee, subject to the rights of the Owner Trustee and the Lessee under the Lease and the security interest created pursuant to the Indenture and the Trust Supplement; and, to our knowledge, there exist no Liens affecting the interest of the Owner Trustee in the Aircraft resulting from acts of the Owner Trustee, except Liens permitted by the Participation Agreement, the Trust Agreement, the Indenture, the Trust Supplement, the

Lease, and the Lease Supplement or created by the Trust Agreement, the Indenture or the Trust Supplement.

9. All the properties which are part of the Indenture Estate (including all right, title and interest of the Owner Trustee pledged and mortgaged by it pursuant to the Indenture) have been pledged and mortgaged with the Loan Trustee as part of the Indenture Estate, and the beneficial interest of the Owner Participant under the Trust Agreement in and to such properties is subject, to the extent provided in the Indenture, to the lien of the Indenture in favor of the holders from time to time of the Equipment Notes.

10. To the extent that the Uniform Commercial Code of the State of Delaware (the "UCC") is applicable, except for the Loan Trustee's taking of possession of all monies, instruments and securities constituting part of the Indenture Estate, no action, including the filing or recording of any document, is necessary (i) to create in the State of Delaware the security interest in the Indenture Estate (including the grant and assignment unto the Loan Trustee of the security interest in all estate, right, title and interest of the Owner Trustee in, to and under the Lease, the Lease Supplement, the Purchase Agreement (to the extent assigned by the Purchase Agreement Assignment) and the Purchase Agreement Assignment) which the Indenture by its terms purports to create in favor of the Loan Trustee, and (ii) to perfect in the State of Delaware such security interest, except for the filing of a UCC financing statement in the State of Delaware, which filing has been duly effected, and the filing of continuation statements with respect thereto required to be filed at periodic intervals under the UCC.

11. To the best of our knowledge, there are no proceedings pending or threatened against or affecting the Trust Company or the Owner Trustee in any court or before any governmental authority, agency or arbitration board or tribunal which, if adversely determined, individually or in the aggregate, would materially and adversely affect the right, power and authority of the Trust Company or the Owner Trustee to enter into or perform its obligations under the instruments referred to in paragraph 1 above.

The foregoing opinions are subject to the following assumptions, exceptions and qualifications:

A. The foregoing opinions are limited to the laws of the State of Delaware and the federal laws of the United States of America governing the banking and trust powers of the Trust Company. In addition, we express no opinion with respect to (i) federal securities laws, including the Securities Act of 1933, as amended, and the Trust Indenture Act of 1939, as amended, (ii) the Federal Aviation Act of 1958, as amended (except with respect to the opinion set forth in paragraph 2 above concerning the citizenship of the Trust Company), (iii) the Federal Communications Act of 1934, as amended, or (iv) state securities or blue sky laws. Insofar as the foregoing opinions relate to the validity and enforceability in Delaware of the Equipment Notes and the Operative Documents expressed to be governed by laws other than the laws of the State of Delaware, we have assumed that the Equipment Notes and such Operative Documents constitute legal, valid, binding and enforceable documents or instruments under such laws (as to which we express no opinion).

B. The foregoing opinions regarding the enforceability of any document or instrument are subject to (i) applicable bankruptcy, insolvency, moratorium, reorganization, receivership, fraudulent conveyance and similar laws affecting the rights and remedies of creditors generally, and (ii) general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

C. We have assumed the due authorization, execution and delivery by each of the parties thereto, other than the Trust Company and the Owner Trustee, of the Operative Documents to which each is a party and that each of such parties has the full power, authority and legal right to execute and deliver each such document.

D. The opinion set forth in paragraph 2 above concerning the citizenship of the Trust Company is based upon an affidavit of the Trust Company, made by its Vice President, the facts set forth in which we have not independently verified.

E. We have assumed that all signatures (other than those of the Trust Company and the Owner Trustee) on documents and instruments submitted to us as originals are authentic, and that all documents and instruments submitted to

us as copies conform with the originals, which facts we have not independently verified.

F. We do not purport to be experts in respect of, or express any opinion concerning, aviation law or other laws, rules or regulations applicable to the particular nature of the equipment owned by the Owner Trustee.

G. We have assumed that the Participation Agreement, the Refunding Agreement and the transactions contemplated thereby are not within the prohibitions of Section 406 of the Employee Retirement Income Security Act of 1974.

H. We have assumed the due authentication of the Equipment Notes by the Loan Trustee.

I. No opinion is expressed as to the nature of the title to any part of the Trust Estate or the priority of any mortgage or security interest.

J. This opinion is rendered solely for your benefit and may not be furnished or quoted to or relied upon by any other person or entity for any purpose without our prior written consent, except that the law firms of Debevoise & Plimpton and Shearman & Sterling may rely on this opinion in connection with the rendering of their opinions dated the date hereof in connection with the financing described herein.

RE: AMERICAN AIRLINES, INC.  
REFUNDING AGREEMENT (AA 1995 PTC SERIES AC)

Ladies and Gentlemen:

We are acting as special counsel to State Street Bank and Trust Company of Connecticut, National Association, individually ("SSB"), and as Loan Trustee (the "LOAN TRUSTEE") under the Trust Indenture and Security Agreement (AA 1995 AF-3), dated as of August 1, 1992 between Wilmington Trust Company, as Owner Trustee (the "OWNER TRUSTEE") and the Loan Trustee, as successor to NationsBank of Georgia, National Association, and State Street Bank and Trust Company (the "PARENT GUARANTOR") in connection with the transactions contemplated by (i) that certain Refunding Agreement (AA 1995 PTC Series AC) dated as of June 1, 1995 (the "REFUNDING AGREEMENT"), among SSB, as Loan Trustee; American Airlines, Inc., as Lessee; AT&T Credit Holdings, Inc. (formerly known as AT&T Credit Corporation), as Owner Participant; the Owner Trustee; SSB, as Pass Through Trustee; CIBC, Inc., as Original Loan Participant; The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender; and NationsBank of Georgia, National Association, as Indenture Trustee, and (ii) the Guarantee (AA 1995 PTC Series AC) dated as of June 1, 1995 (the "GUARANTEE") from the Parent Guarantor to the Beneficiaries named therein. This opinion is delivered to you pursuant to Section 3(m) and Section 4(a) of the Refunding Agreement. Except as otherwise defined herein, terms used herein shall have the meanings set forth in the Refunding Agreement.

Our representation of SSB, the Loan Trustee and the Parent Guarantor has been as special counsel for the purposes stated above. As to all matters of fact (including factual conclusions and characterizations and descriptions of purpose, intention or other state of mind), we have relied entirely upon (i) the representations of the parties set forth in the Operative Documents and (ii) certificates delivered to us by the management of SSB

and the Parent Guarantor, and have assumed, without independent inquiry, the accuracy of those representations and certificates.

We have examined the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule, the Instrument of Resignation, the Participation Agreement, and the Guarantee, Certificates of the Comptroller of the Currency and the Massachusetts Commissioner of Banks relating to SSB and the Parent Guarantor, respectively, and originals, or copies certified or otherwise identified to our satisfaction, of such other records, documents, certificates, or other instruments as we have deemed necessary or advisable for the purposes of this opinion.

We have assumed the genuineness of all signatures (other than those on behalf of SSB, the Loan Trustee and the Parent Guarantor), the conformity to the originals of all documents reviewed by us as copies, the authenticity and completeness of all original documents reviewed by us in original or copy form and the legal competence of each individual executing any document (other than on behalf SSB, the Loan Trustee and the Parent Guarantor).

When an opinion set forth below is given to the best of our knowledge, or to our knowledge, or with reference to matters of which we are aware or which are known to us, or with another similar qualification, the relevant knowledge or awareness is limited to the actual knowledge or awareness of the individual lawyer in the firm that signed this opinion, the individual lawyers in the firm who have participated directly in the specific transactions to which this opinion relates or in the preparation of this opinion and the partner of the firm responsible for SSB corporate trust matters, and without any special or additional investigation undertaken for the purposes of this opinion.

Each opinion set forth below relating to the enforceability of any agreement or instrument against SSB, the Loan Trustee, or the Parent Guarantor, as applicable, is subject to the following general qualifications:

(i) as to any agreement to which SSB, or the Loan Trustee, as applicable, is a party, we assume that such agreement is the legal, valid and binding obligation of each other party thereto (other than SSB and the Loan Trustee, as the case may be);

(ii) the enforceability of any obligation of SSB, the Loan Trustee, and the Parent Guarantor may be limited by bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium, marshaling and other similar laws and rules of law affecting the enforcement generally of creditors'

rights and remedies (including such as may deny giving effect to waivers of debtors' or guarantors' rights); and

(iii) the enforcement of any rights and availability of any specific or equitable relief may in all cases be subject to an implied duty of good faith and to general principles of equity (regardless of whether such enforceability or such relief is considered in a proceeding at law or in equity).

Subject to the limitation set forth below, we have made such examination of law as we have deemed necessary for the purposes of this opinion. The opinions expressed in paragraphs 1 through 9 below are limited solely to the internal substantive laws of the State of Connecticut and the federal laws of the United States of America, and the opinions expressed in paragraphs 10, 12, 13, 14 and 15 below are limited solely to the internal substantive laws of The Commonwealth of Massachusetts and the federal laws of the United States of America. The opinion expressed in paragraph 11 below is limited solely to the internal substantive laws of the State of Connecticut and the internal substantive laws of The Commonwealth of Massachusetts. No opinion is expressed herein as to the application or effect of federal securities laws or as to the securities or so-called "Blue Sky" laws of any state or other jurisdiction. In addition, other than our opinion expressed in paragraph 1 below with respect to the citizenship of SSB, no opinion is expressed as to matters governed by Title 49 of the United States Code, or by any other law, statute, rule or regulation of the United States relating to the acquisition, ownership, registration, use, operation, maintenance, repair, replacement or sale of or the nature of the Aircraft, Airframe or Engines.

With your permission, with respect to paragraphs 1 through 5 below in connection with our opinion relating to the legality, validity and binding effect of the documents there referred to, to the extent that the laws of the State of Connecticut do not govern such documents, we have assumed that the laws of the jurisdictions whose laws govern such documents are not materially different from the internal substantive laws of the State of Connecticut.

This opinion is rendered solely for the benefit of those institutions listed on Schedule A hereto and their successors and assigns in connection with the transactions contemplated by the Refunding Agreement and may not be used or relied upon by any other person or for any other purpose.

Based on and subject to the foregoing, we are of the opinion that:

1. SSB is a national banking association duly organized and validly existing in good standing with the Comptroller of the Currency under the laws of the United States of America, is a "citizen of the United States" within the meaning of Section 40102(a)(15) of Title 49 of the United States Code, and has the corporate power and authority to execute and deliver, individually or as Loan Trustee, as the case may be, the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, and to authenticate the Equipment Notes, and to carry out, individually or as Loan Trustee, as the case may be, the terms of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation;

2. each of the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation have been duly authorized, executed and delivered by SSB, individually or as Loan Trustee, as the case may be, and, assuming the due authorization, execution and delivery by the other parties thereto and that value has been given, each of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation constitutes the legal, valid and binding obligation of SSB, individually or as Loan Trustee, as the case may be, enforceable against it in such capacities in accordance with its terms;

3. the Equipment Notes issued on the date hereof have been duly and validly authenticated by SSB, as Loan Trustee, pursuant to the terms and provisions of, and in accordance with the requirements of, the Indenture;

4. the execution and delivery by SSB, individually or as Loan Trustee, as the case may be, of the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, and the performance of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, and the authentication by the Loan Trustee of the Equipment Notes issued today, have been duly authorized by all necessary corporate action on the part of SSB, individually or as Loan Trustee, as the case may be, and do not and did not require any approval of the stockholders of SSB, and such execution, delivery and performance were not and are not in violation of SSB's Articles of Association or By-laws, or of any indenture, mortgage, credit agreement, license or other

agreement or instrument, in each case known to us, to which SSB, individually or as Loan Trustee, as the case may be, is a party or by which it in either capacity is bound, or of any judgment or order known to us or of any federal law, rule or regulation relating to its banking or trust powers or any Connecticut law, rule or regulation applicable to SSB in either capacity;

5. neither the execution, delivery or performance by SSB, individually or as Loan Trustee, as the case may be, of the Refunding Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation, nor the performance of the Refunding Agreement, the Original Participation Agreement, the Original Indenture, the Original Rent Schedule, the Participation Agreement, the Indenture, the Amended and Restated Rent Schedule and the Instrument of Resignation nor the authentication by the Loan Trustee of the Equipment Notes issued today nor the consummation of any of the transactions by SSB, individually or as Loan Trustee, as the case may be, contemplated thereby required or requires the consent or approval of, the giving of notice to, or the registration with, or the taking of any other action with respect to any governmental authority or agency under any existing federal or Connecticut law governing the banking, fiduciary or trust powers of SSB;

6. there are no taxes (including, without limitation, net or gross income, tangible or intangible property, net worth, capital, franchise or doing business taxes), fees or other governmental charges ("Taxes") payable under the laws of the State of Connecticut or any political subdivision thereof with respect to the authorization, execution and delivery by SSB, in its individual capacity or as Loan Trustee, as the case may be, or by the Lessee, of the Operative Documents or the Instrument of Resignation to which SSB in either capacity or the Lessee is a party or in connection with the authorization, execution, issuance, authentication or delivery of any or all of the Equipment Notes pursuant to the Indenture. Neither SSB, in its individual capacity or as Loan Trustee, as the case may be, the Owner Participant, the Owner Trustee (in its individual capacity or as Owner Trustee), the trust created by the Trust Agreement, the Trust Estate, the Indenture Trustee (in its individual capacity, or as Indenture Trustee), the Original Loan Participant, the Indenture Estate, any holder of any Equipment Note, the Lessee, the Pass Through Trustee, any trust created by any Pass Through Trust Document, any holder of any Pass Through Certificate, any person acquiring an interest in any Pass Through Certificate, the trust created by the Indenture, nor any entity created by the Indenture (nor their officers, directors, agents, servants, affiliates, successors or assigns) will be subject to any Taxes under the laws of the State of Connecticut or any political subdivision thereof (other than Taxes imposed on

the fees received by SSB for acting as Loan Trustee or as Pass Through Trustee) that would not have been imposed if SSB had not had its principal place of business in, had not performed, either in its individual capacity or as Loan Trustee, as the case may be, any or all of its administrative duties under the Operative Documents or the Instrument of Resignation in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Instrument of Resignation in, the State of Connecticut. There are no applicable Taxes under the laws of the State of Connecticut or any political subdivision thereof upon or with respect to (a) the Aircraft, the Airframe, any Engine or any Part or any interest in any thereof or the applicability of the Lease to the Aircraft, any Engine or any Part or any interest in any thereof; (b) the purchase, acceptance, rejection, delivery, nondelivery, transport, location, insurance, registration, assembly, maintenance, abandonment, storage, modification, transfer of title, acquisition, ownership, delivery, lease, sublease, financing, refinancing, mortgaging, presence, condition, replacement, substitution, pooling, assignment, alteration, exportation, repossession, control, deregistration, possession, use, operation, construction, manufacture, repair, sale, return, transfer or other application or disposition of the Aircraft, the Airframe, any Engine or any Part or any interest therein; (c) payments of Rent or the receipts, income or earnings arising therefrom or received with respect to the Aircraft, any Engine or any Part or any interest in any thereof or payable pursuant to the Lease; (d) any amount paid or payable pursuant to any Operative Document, the Instrument of Resignation or any Pass Through Trust Document (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or Pass Through Trustee); (e) any or all of the Operative Documents, the Instrument of Resignation, any or all of the Pass Through Trust Documents, the Underwriting Agreement, any or all of the Equipment Notes or the Pass Through Certificates or any interest therein or the offering, registration, reregistration, issuance, acquisition, modification, recording, filing, assumption, reissuance, redemption, refinancing or refunding thereof, or any other documents contemplated thereby and amendments, waivers, consents and supplements thereto; (f) the payment of the principal of, or interest or premium on (including Swap, Break or Make-Whole Amount, if any), or other amounts payable with respect to, any or all of the Equipment Notes, whether as originally issued or pursuant to any refinancing, refunding, redemption, assumption, modification or reissuance or any other obligation evidencing any loan in replacement of the loan evidenced by any or all the Equipment Notes; (g) any change in the Owner Trustee made pursuant to Article IX of the Trust Agreement or the situs of the Trust Estate made pursuant to Section 9 of the Participation Agreement; (h) the property, or the income, earnings, receipts, or other proceeds received with respect to the property, held by SSB, as Loan Trustee, under the

Indenture or (i) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents, the Instrument of Resignation or the Pass Through Trust Documents, which would not have been imposed if SSB had not had its principal place of business in, and not performed, either in its individual capacity or as Loan Trustee, as the case may be, any or all of its administrative duties under the Operative Documents or the Instrument of Resignation in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Instrument of Resignation in, the State of Connecticut;

7. to the best of our knowledge there are no proceedings pending or threatened against or affecting SSB, either in its individual capacity or as Loan Trustee, as the case may be, in any court or before any governmental authority, agency or arbitration board or tribunal which, if adversely determined, individually or in the aggregate, would materially and adversely affect the Indenture Estate or would question the right, power and authority of SSB in either capacity to enter into or perform its obligations under the instruments referred to in paragraph 1 above;

8. insofar as the laws of the State of Connecticut pertains thereto, the Indenture creates for the benefit of the holders of the Equipment Notes the rights and interests in the Indenture Estate which the Indenture by its terms purports to create;

9. to the best of our knowledge, there exist no liens affecting the title of the Owner Trustee to the Trust Estate or any part thereof resulting from the acts of the Loan Trustee and not related to the interest of the Loan Trustee in the Trust Estate except liens permitted by the Operative Documents;

10. the Parent Guarantor is a Massachusetts trust company, duly organized, validly existing and in good standing with the Commissioner of Banks of the Commonwealth of Massachusetts under the laws of the Commonwealth of Massachusetts;

11. all of the shares of the outstanding capital stock of SSB are owned of record by the Parent Guarantor;

12. the Parent Guarantor has full corporate power and authority and legal right to enter into and perform its obligations under the Guarantee, and the Guarantee has been duly authorized, executed and delivered by duly authorized officers of the Parent Guarantor and is the legal, valid and

binding obligation of the Parent Guarantor enforceable against the Parent Guarantor in accordance with its terms;

13. the execution and delivery of the Guarantee and compliance by the Parent Guarantor with all of the provisions thereof do not and will not (i) contravene any law or, (ii) contravene any order known to us of any court or governmental authority or agency applicable to or binding on the Parent Guarantor or (iii) contravene the provisions of its charter documents or by-laws or the provisions of any indenture, mortgage, contract or other agreement, in each case known to us, to which it is a party or by which it or its properties may be bound or affected;

14. neither the execution nor the delivery of the Guarantee by the Parent Guarantor nor the performance by the Parent Guarantor of the Guarantee requires the consent, approval or authorization of, the giving of notice to, the recording or filing, registration or qualification with, or the taking of any other action in respect of any Massachusetts governmental authority on the part of the Parent Guarantor;

15. there are no taxes (including, without limitation, net or gross income, tangible or intangible property, net worth, capital, franchise or doing business taxes), fees or other governmental charges ("Taxes") payable under the laws of the Commonwealth of Massachusetts or any political subdivision thereof with respect to the authorization, execution and delivery by SSB, in its individual capacity or as Loan Trustee, as the case may be, or by the Lessee, of the Operative Documents or the Instrument of Resignation to which SSB in either capacity or the Lessee is a party or in connection with the authorization, execution, issuance, authentication or delivery of any or all of the Equipment Notes pursuant to the Indenture. Neither SSB, in its individual capacity or as Loan Trustee, as the case may be, the Owner Participant, the Owner Trustee (in its individual capacity or as Owner Trustee), the trusts created by the Trust Agreement, the Trust Estate, the Indenture Trustee (in its individual capacity, or as Indenture Trustee), the Original Loan Participants, the Indenture Estate, any holder of any Equipment Note, the Lessee, the Pass Through Trustee, any trust created by any Pass Through Trust Document, any holder of any Pass Through Certificate, any person acquiring an interest in any Pass Through Certificate, the trust created by the Indenture, nor any entity created by the Indenture (nor their officers, directors, agents, servants, affiliates, successors or assigns) will be subject to any Taxes under the laws of the Commonwealth of Massachusetts or any political subdivision thereof (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or as Pass Through Trustee) that would not have been imposed if SSB had not performed, either

in its individual capacity or as Loan Trustee, as the case may be, any or all of its administrative duties under the Operative Documents or the Instrument of Resignation in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Instrument of Resignation in, the Commonwealth of Massachusetts. There are no applicable Taxes under the laws of the Commonwealth of Massachusetts or any political subdivision thereof upon or with respect to (a) the Aircraft, the Airframe, any Engine or any Part or any interest in any thereof or the applicability of the Lease to the Aircraft, any Engine or any Part or any interest in any thereof; (b) the purchase, acceptance, rejection, delivery, nondelivery, transport, location, insurance, registration, assembly, maintenance, abandonment, storage, modification, transfer of title, acquisition, ownership, delivery, lease, sublease, financing, refinancing, mortgaging, presence, condition, replacement, substitution, pooling, assignment, alteration, exportation, repossession, control, deregistration, possession, use, operation, construction, manufacture, repair, sale, return, transfer or other application or disposition of the Aircraft, the Airframe, any Engine or any Part or any interest therein; (c) payments of Rent or the receipts, income or earnings arising therefrom or received with respect to the Aircraft, any Engine or any Part or any interest in any thereof or payable pursuant to the Lease; (d) any amount paid or payable pursuant to any Operative Document, the Instrument of Resignation or any Pass Through Trust Document (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or Pass Through Trustee); (e) any or all of the Operative Documents, the Instrument of Resignation, any or all of the Pass Through Trust Documents, the Underwriting Agreement, any or all of the Equipment Notes or the Pass Through Certificates or any interest therein or the offering, registration, reregistration, issuance, acquisition, modification, recording, filing, assumption, reissuance, redemption, refinancing or refunding thereof, or any other documents contemplated thereby and amendments, waivers, consents and supplements thereto; (f) the payment of the principal of, or interest or premium on (including Swap, Break or Make-Whole Amount, if any), or other amounts payable with respect to, any or all of the Equipment Notes, whether as originally issued or pursuant to any refinancing, refunding, redemption, assumption, modification or reissuance or any other obligation evidencing any loan in replacement of the loan evidenced by any or all the Equipment Notes; (g) any change in the Owner Trustee made pursuant to Article IX of the Trust Agreement or the situs of the Trust Estate made pursuant to Section 9 of the Participation Agreement; (h) the property, or the income, earnings, receipts, or other proceeds received with respect to the property, held by SSB, as Loan Trustee, under the Indenture or (i) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents, the Instrument of

Resignation or the Pass Through Trust Documents, which would not have been imposed if SSB had not performed, either in its individual capacity or as Loan Trustee, as the case may be, any or all of its administrative duties under the Operative Documents or the Instrument of Resignation in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Instrument of Resignation in, the Commonwealth of Massachusetts.

Re: American Airlines, Inc.  
(AC 1995 PTC Series)

Ladies and Gentlemen:

We have acted as special counsel to AT&T Credit Holdings, Inc., a Delaware corporation (the "Owner Participant"), in connection with the transactions contemplated by the Refunding Agreement dated as of \_\_\_\_\_, 1995 (the "Refunding Agreement"), among American Airlines, Inc., as Lessee, Wilmington Trust Company, as Owner Trustee, State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, NationsBank of Georgia, National Association, as Indenture Trustee, CIBC, Inc., as Original Loan Participant, State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee, The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender, and the Owner Participant. This opinion is given pursuant to Sections 3(n) and 4(a) of the Refunding Agreement. Unless otherwise defined herein, all capitalized terms used herein shall have the meaning ascribed to them in the Refunding Agreement.

In that connection, we have examined executed counterparts of the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Trust Agreement, the Trust Agreement Amendment, the Original Rent Schedule, the Amended and Restated Rent Schedule, the Original Tax Indemnity Agreement and the Tax Indemnity Agreement Amendment (collectively, the "Agreements"). We have further examined and relied upon the accuracy of original, certified, conformed, photographic or telecopied copies of such records, agreements, certificates and other documents as we have deemed necessary or appropriate to enable us to render the opinions expressed herein. In all such examinations, we have assumed the genuineness of signatures on original documents and the conformity to such original documents of all copies submitted to us as certified, conformed, photographic or telecopied copies, and, as to certificates and telegraphic and telephonic

confirmations given by public officials, we have assumed the same to have been properly given and to be accurate.

In rendering the opinions set forth below, we have assumed the due authorization, execution and delivery of the Agreements by each party other than the Owner Participant.

Based upon the foregoing, we are of the opinion that:

1. The Participation Agreement, the Trust Agreement, the Refunding Agreement, the Amended and Restated Rent Schedule and the Tax Indemnity Agreement constitute valid and binding obligations of the Owner Participant, enforceable against the Owner Participant in accordance with their respective terms, except as enforcement thereof may be limited by bankruptcy, insolvency, moratorium, reorganization or other similar laws affecting enforcement of creditors' rights generally and except as enforcement thereof is subject to general principles of equity (regardless of whether enforcement is considered in a proceeding in equity or at law).

2. Neither the execution and delivery of the Participation Agreement, the Trust Agreement, the Refunding Agreement, the Amended and Restated Rent Schedule or the Tax Indemnity Agreement by the Owner Participant nor the consummation by the Owner Participant of any of the transactions therein contemplated, or the fulfillment of, or compliance with, the terms and provisions of any thereof, (A) requires the consent or approval of, the giving of notice to, the registration with, or taking of any other action with respect to, any governmental authority or agency of the State of New York or the federal government of the United States of America or (B) contravenes any law, governmental rule or regulation of the State of New York or the federal government of the United States of America.

In rendering the foregoing opinions, we have, with your consent, relied upon the opinion of even date herewith of Louis B. Fontana, Esq., [Assistant Secretary] of the Owner Participant, as to the matters set forth therein.

The foregoing opinions are subject, however, to the qualification that we express no opinion as to (i) matters relating to the title to or sufficiency or description of any property or collateral described in the Participation Agreement or the Trust Agreement or the perfection or relative priority of any lien or security interest created with respect to such property or collateral thereunder or (ii) the enforceability of any indemnification provisions of the Agreements insofar as they

might require indemnification of an indemnified party as to any loss, cost or expense arising out of any violation by any party of statutory duties, general principles of equity or public policy. In addition, we express no opinion as to matters governed by (i) any tax laws, (ii) the Federal Aviation Act of 1958, as amended, or any other laws, statutes, rules or regulations of the United States of America relating to the acquisition, ownership, registration, leasing, use or sale of the Aircraft, the Airframe or the Engines, (iii) any securities laws or (iv) the Employee Retirement Income Security Act of 1974.

We are licensed to practice law in the State of New York, and we express no opinions herein as to the laws of any state or jurisdiction other than the laws of the State of New York, the federal laws of the United States of America and the General Corporation Law of the State of Delaware.

This opinion is furnished by us at your request, and we agree that you may rely on the opinions expressed herein. No other person or entity shall be entitled to rely on the opinions expressed herein without our express written consent.

Re: American Airlines, Inc. (AC 1995 PTC Series)

Gentlemen:

I am \_\_\_\_\_ of AT&T Credit Holdings, Inc., a Delaware corporation (the "Owner Participant"), and have acted as counsel to the Owner Participant in connection with the transactions contemplated by that certain Refunding Agreement dated as of \_\_\_\_\_, 1995 (the "Refunding Agreement") by and among American Airlines, Inc., as Lessee, Wilmington Trust Company, as Owner Trustee, NationsBank of Georgia, National Association, as Indenture Trustee, State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee, CIBC, Inc., as Original Loan Participant, State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, the Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender, and the Owner Participant.

Except as otherwise noted herein, all capitalized terms used herein shall have the respective defined meanings set forth in the Refunding Agreement.

In connection with my opinion herein, I have examined executed counterparts of the Refunding Agreement, the Original Participation Agreement, the Participation Agreement, the Original Trust Agreement, the Trust Agreement Amendment, the Original Tax Indemnity Agreement, the Tax Indemnity Agreement Amendment, the Original Rent Schedule and the Amended and Restated Rent Schedule (collectively, the "Agreements"). I have relied upon the representations and warranties contained in each such document and upon originals or copies, certified or otherwise identified to my satisfaction, of such other documents as I have deemed relevant to the rendering of this opinion. As to all matters of fact covered by such documents, I have relied, without independent investigation or verification, on such documents. In such examination I have assumed the genuineness of all signatures (other than that of the Owner Participant) and the authenticity of all documents submitted to me as originals and the conformity with the originals of all documents submitted to me as copies.

In rendering the opinions set forth below, I have assumed the due authorization, execution and delivery of the Agreements by each of the parties thereto other than the Owner Participant. In rendering the opinions set forth below I have also assumed (i) the registration of the Aircraft with the FAA in the name of the Owner Trustee effected on \_\_\_\_\_, 1992 is in full force and effect, (ii) the due filing and recordation under the Federal Aviation Act of 1958, as amended, of the Trust Indenture, as amended by the Amended and Restated Trust Indenture and Security Agreement, and other documents described in the opinion of Crowe & Dunlevy of even date herewith addressed to you, (iii) the absence at the time of such recording of any Liens in or upon such Aircraft, except for Liens created pursuant to the Operative Documents, and (iv) the filing of the Uniform Commercial Code financing statements and amendments thereto in the appropriate jurisdictions.

Based upon and subject to the foregoing, it is my opinion that:

1. The Owner Participant is a duly incorporated and validly existing corporation in good standing under the laws of the State of Delaware and has the requisite corporate power and authority to execute, deliver and perform its obligations under the Agreements.
2. The Agreements have been duly authorized, executed and delivered by the Owner Participant.
3. Neither the execution of and delivery by the Owner Participant of the Agreements nor the consummation by the Owner Participant of any of the transactions contemplated thereby, nor the fulfillment of or compliance with the terms and provisions of any of the Agreements that are required to be fulfilled or complied with by the Owner Participant (a) requires the consent or approval of, the giving of notice to, or the registration with, or the taking of any other action with respect to, any governmental authority or agency of the Federal government of the United States; or (b) violates any law, governmental rule or regulation of the Federal Government of the United States or any governmental authority or agency thereof; or (c) results in the breach of any of the terms, conditions or provisions of the Certificate of Incorporation or By-Laws of the Owner Participant; or (d) to the best of my knowledge without independent inquiry, is in violation of any judgment or order applicable to the Owner Participant or any material provision of any indenture, mortgage, contract or other agreement to which the Owner Participant is a party or by which the Owner Participant is bound.

4. There are no actions, suits or proceedings pending or, to the best of my knowledge without independent investigation, threatened against or affecting the Owner Participant in any court or before any administrative agency or arbitrator, which, if adversely determined, would materially and adversely affect the ability of the Owner Participant to perform its obligations under the Agreements.

I am a member of the Bar of the State of Illinois, and I do not express herein any opinion as to any matters governed by any law other than the corporate laws of the State of Delaware and the Federal law of the United States. No opinion is expressed herein as to matters governed by (i) any Federal or state securities laws, (ii) any Federal or state tax laws, or (iii) the Federal Aviation Act of 1958, as amended, or by any other laws, statutes, rules or regulations relating to the acquisition, ownership, registration, leasing, use or sale of the Aircraft, the Airframe or the Engines.

This opinion is furnished by me at the request of the Owner Participant for your sole benefit, and I agree that you may rely on the opinions expressed herein. No other person or entity shall be entitled to rely on this opinion without my express written consent. This opinion shall not be published or reproduced in any manner or distributed or circulated to any person or entity without my express written consent. This opinion is limited to the matters stated herein, and no opinion is implied or may be inferred beyond the matters expressly stated herein.

American Airlines, Inc. (AA 1995 PTC Series \_\_\_\_)

Ladies and Gentlemen:

Pursuant to Section 3(o) of the Refunding Agreement dated as of this date (the "Refunding Agreement") among American Airlines, Inc. as Lessee (the "Lessee"), AT&T Credit Holdings, Inc., (formerly known as AT&T Credit Corporation), as Owner Participant (the "Owner Participant"), Wilmington Trust Company as Owner Trustee (the "Owner Trustee"), State Street Bank and Trust Company of Connecticut, National Association, as Pass Through Trustee, \_\_\_\_\_ as Loan Participant (the "Loan Participant"), NationsBank of Georgia, National Association, as Indenture Trustee (the "Indenture Trustee"), The Mitsubishi Trust and Banking Corporation, New York Branch, as Initial Bank Lender and State Street Bank and Trust Company of Connecticut, National Association, as Loan Trustee (the "Loan Trustee"), this opinion is rendered with respect to matters arising under that portion of Title 49 of the United States Code (the "Code"), relating to the recordation of the instruments hereinafter described and the registration of the \_\_\_\_\_ aircraft with manufacturer's serial number \_\_\_\_\_ and United States nationality and registration marks \_\_\_\_\_ (the "Aircraft") pursuant to the Code. This letter confirms that we filed the following described instruments with the Federal Aviation Administration (the "FAA") today in accordance with the provisions of the Code, at the respective times noted below:

- (a) First Amendment to Trust Agreement (AA 1992 AF-\_\_\_\_) (Redesignated AA 1995 PTC Series \_\_\_\_ ) dated as of this date (the "Trust Agreement Amendment") between the Owner Trustee and the Owner Participant, which amended the Trust Agreement (AA 1992 AF-\_\_\_\_) dated as of \_\_\_\_\_, 1992, was filed at : .M., C.D.T.;
- (b) Instrument of Resignation, Appointment and Acceptance dated as of this date (the "Instrument of Resignation") among the Lessee, the Owner Trustee, the Loan Trustee as assignee, the Indenture Trustee as assignor and the Loan Participant, which assigned the Trust Indenture and Security Agreement (AA 1992 AF-\_\_\_\_) dated as of \_\_\_\_\_, 1992, between the Owner Trustee and the Indenture Trustee, as supplemented by Trust Agreement and Indenture Supplement No. 1 (AA 1992 AF-\_\_\_\_) dated \_\_\_\_\_, 1992 (the "Original Indenture") and the Indenture Trustee's interest in the Lease Agreement (AA 1992 AF-\_\_\_\_) dated as of \_\_\_\_\_, 1992, as supplemented by Lease Supplement No. 1 dated \_\_\_\_\_, 1992 (the "Lease") covering the Aircraft and the two \_\_\_\_\_ model \_\_\_\_\_ aircraft engines with manufacturer's serial numbers \_\_\_\_\_ and \_\_\_\_\_ (the "Engines"), was filed at : .M., C.D.T.;
- (c) Amended and Restated Trust Indenture and Security Agreement (AA 1995 PTC Series \_\_\_\_ ) dated as of this date (the "Indenture") between the Owner Trustee and the Loan Trustee, which amended and restated the Original Indenture covering the Aircraft and the Engines, was filed at : .M., C.D.T.; and
- (d) First Amendment to Lease Agreement (AA 1992 AF-\_\_\_\_) (Redesignated AA 1995 PTC Series \_\_\_\_ ) dated as of this date (the "Lease Amendment") between the Owner Trustee as lessor and the Lessee, which amended the Lease covering the Aircraft and the Engines, was filed at : .M., C.D.T.

Based upon our examination of the above described instruments and of such records of the FAA as we deemed necessary to render this opinion and as were made available to us by the FAA, it is our opinion that:

- (a) the Trust Agreement Amendment was duly filed with the FAA pursuant to and in accordance with the provisions of Sections 44102 and 44103 of the Code;
- (b) the Instrument of Resignation, the Indenture and the Lease Amendment are in due form for recordation by and have been duly filed for recordation with the FAA pursuant to and in accordance with the provisions of Section 44107 of the Code;

- (i) no other registration of the Aircraft and no filings other than the filings with the FAA which have been effected as described above are necessary to perfect in any jurisdiction within the United States the Owner Trustee's title to and interest in the Aircraft, the rights of the parties under the Lease, as assigned by the Instrument of Resignation and amended by the Lease Amendment, or the Loan Trustee's security interest created by the Original Indenture, as assigned by the Instrument of Resignation and amended and

restated by the Indenture, in and to the Aircraft and the Engines and the collateral assignment of all of the Owner Trustee's right, title and interest in, to and under the Lease, as amended by the Lease Amendment (insofar as such assignment affects an interest covered by the recording system established by the FAA pursuant to Section 44107 of the Code); and

- (j) no authorization, approval, consent, license or order of, or registration or filing with, or the giving of notice to, the FAA Aircraft Registry is required for the valid authorization, delivery or performance of the Original Indenture, the Instrument of Resignation, the Indenture, the Lease and the Lease Amendment, except for such filings as have been effected.

No opinion is herein expressed as to: (i) laws other than the federal laws of the United States; (ii) the validity or enforceability under local law of the Original Indenture, as assigned by the Instrument of Resignation and amended and restated by the Indenture; and (iii) the recognition of the perfection of the mortgage and collateral assignment created by the Original Indenture, as assigned by the Instrument of Resignation and amended and restated by the Indenture, as against third parties in any legal proceedings outside the United States. Since our examination was limited to records maintained by the FAA Aircraft Registry, our opinion does not cover liens which are perfected without the filing of notice thereof with the FAA, such as federal tax liens, liens arising under Section 1368(a) of Title 29 of the United States Code and possessory artisans' liens, and was subject to the accuracy of FAA personnel in the filing, indexing and recording of instruments filed with the FAA and in the search for encumbrance cross-reference index cards for the Engines.

In rendering this opinion, we have relied upon the opinion of the Assistant Chief Counsel for the Aeronautical Center dated \_\_\_\_\_, 1992 (a copy of which is attached hereto) and upon the past practice of the FAA which is consistent with said opinion. Said opinion is satisfactory as to form and scope and the addressees and their counsel or special counsel are justified in relying thereon.

Although this opinion is not addressed to the General Counsel for the Lessee, special counsel for the Lessee, special counsel for the Owner Trustee or special counsel for the Owner Participant, they may rely upon it as though addressed to them.

Very truly yours,

RE: AMERICAN AIRLINES, INC.  
REFUNDING AGREEMENT (AA 1995 PTC SERIES AC)

Ladies and Gentlemen:

We are acting special as counsel to State Street Bank and Trust Company of Connecticut, National Association, individually ("SSB"), and as Pass Through Trustee (the "PASS THROUGH TRUSTEE") under the Pass Through Trust Agreement, Amended and Restated as of February 1, 1992, between American Airlines, Inc. and the Pass Through Trustee, and State Street Bank and Trust Company (the "PARENT GUARANTOR") in connection with the transactions contemplated by (i) that certain Refunding Agreement (AA 1995 PTC Series AC) dated as of June \_\_, 1995 (the "REFUNDING AGREEMENT"), among SSB, as Pass Through Trustee; American Airlines, Inc., as Lessee; AT&T Credit Holdings, Inc. (formerly known as AT&T Credit Corporation), as Owner Participant; Wilmington Trust Company, as Owner Trustee; SSB, as Loan Trustee; CIBC Inc., as Original Loan Participant; The Mitsubishi Trust Banking Corporation, New York Branch, as Initial Bank Lender; and NationsBank of Georgia, National Association, as Indenture Trustee, and (ii) the Guarantee (Pass Through Trustee) dated as of June \_\_, 1995 (the "GUARANTEE") from the Parent Guarantor to the Beneficiaries named therein. This opinion is delivered to you pursuant to Section 4(b)(ii) of the Refunding Agreement. Except as otherwise defined herein, terms used herein shall have the meanings set forth in the Refunding Agreement or in the Pass Through Trust Supplements or the Lease (as such terms are defined in the Refunding Agreement).

Our representation of SSB, the Pass Through Trustee and the Parent Guarantor has been as special counsel for the purposes stated above. As to all matters of fact (including factual conclusions and characterizations and descriptions of purpose, intention or other state of mind), we have relied entirely upon (i) the representations of the parties set forth in the Operative Documents and (ii) certificates delivered to us by the management of SSB

and the Parent Guarantor, and have assumed, without independent inquiry, the accuracy of those representations and certificates.

We have examined the Refunding Agreement, the Participation Agreement, the Guarantee, the Pass Through Certificates and the Pass Through Trust Documents, Certificates of the Comptroller of the Currency and the Massachusetts Commissioner of Banks relating to SSB and the Parent Guarantor, respectively, and originals, or copies certified or otherwise identified to our satisfaction, of other such records, documents, certificates, or other instruments as we have deemed necessary or advisable for the purposes of this opinion.

We have assumed the genuineness of all signatures (other than those on behalf of SSB, the Pass Through Trustee and the Parent Guarantor), the conformity to the originals of all documents reviewed by us as copies, the authenticity and completeness of all original documents reviewed by us in original or copy form and the legal competence of each individual executing any document (other than on behalf of SSB, the Pass Through Trustee and the Parent Guarantor).

When an opinion set forth below is given to the best of our knowledge, or to our knowledge, or with reference to matters of which we are aware or which are known to us, or with another similar qualification, the relevant knowledge or awareness is limited to the actual knowledge or awareness of the individual lawyer in the firm that signed this opinion, the individual lawyers in the firm who have participated directly in the specific transactions to which this opinion relates or in the preparation of this opinion and the partner of the firm responsible for SSB corporate trust matters, and without any special or additional investigation undertaken for the purposes of this opinion.

Each opinion set forth below relating to the enforceability of any agreement or instrument against SSB, the Pass Through Trustee, or the Parent Guarantor, as applicable, is subject to the following general qualifications:

(i) as to any agreement to which SSB, or the Pass Through Trustee, as applicable, is a party, we assume that such agreement is the legal, valid and binding obligation of each other party (other than SSB and the Pass Through Trustee, as the case may be) thereto;

(ii) the enforceability of any obligation of SSB, the Pass Through Trustee, and the Parent Guarantor may be limited by bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium, marshalling

and other similar laws and rules of law affecting the enforcement generally of creditors' rights and remedies (including such as may deny giving effect to waivers of debtors' or guarantors' rights); and

(iii) the enforcement of any rights and the availability of any specific or equitable relief of any kind may in all cases be subject to an implied duty of good faith and to general principles of equity (regardless of whether such enforceability or relief is considered in a proceeding at law or in equity).

Subject to the limitation set forth below, we have made such examination of law as we have deemed necessary for the purposes of this opinion. The opinions expressed in paragraphs 1 through 7 below are limited solely to the internal substantive laws of the State of Connecticut and the federal laws of the United States of America, and the opinions expressed in paragraphs 8, 10, 11, 12 and 13 below are limited solely to the laws of The Commonwealth of Massachusetts and the federal laws of the United States of America. The opinion expressed in paragraph 9 below is limited solely to the internal substantive laws of the State of Connecticut and the internal substantive laws of The Commonwealth of Massachusetts. No opinion is expressed herein as to the application or effect of federal securities laws or as to the securities or so-called "Blue Sky" laws of any state or other jurisdiction. In addition, other than our opinion expressed in paragraph 1 below with respect to the citizenship of SSB, no opinion is expressed as to matters governed by Title 49 of the United States Code, or by any other law, statute, rule or regulation of the United States relating to the acquisition, ownership, registration, use, operation, maintenance, repair, replacement or sale of or the nature of the Aircraft, Airframe or Engines.

With your permission, with respect to paragraphs 1 through 5 below in connection with our opinion relating to the legality, validity and binding effect of the documents there referred to, to the extent that the laws of the State of Connecticut do not govern such documents, we have assumed that the laws of the jurisdictions whose laws govern such documents are not materially different from the internal substantive laws of the State of Connecticut.

In rendering the opinions set forth below in paragraphs 6 and 13 as to certain Connecticut and Massachusetts tax matters, respectively, we have assumed that, for federal income tax purposes, the trusts created by the Pass Through Trust Supplements are not classified as associations taxable as corporations and that the trusts created by the Pass Through Trust Supplements are grantor trusts under subpart E, Part I of Subchapter J of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, as amended.

This opinion is rendered solely for the benefit of those institutions listed on Schedule A hereto and their successors and assigns in connection with the transactions contemplated by the Refunding Agreement and may not be used or relied upon by any other person or for any other purpose.

Based on and subject to the foregoing, we are of the opinion that:

1. SSB is a national banking association duly organized and validly existing in good standing with the Comptroller of the Currency under the laws of the United States of America, is a "citizen of the United States" within the meaning of Section 40102(a)(15) of Title 49 of the United States Code, and has the corporate power and authority to execute, deliver and carry out, individually or as Pass Through Trustee, as the case may be, the terms of the Refunding Agreement, the Participation Agreement and each of the Pass Through Trust Documents;
2. each of the Refunding Agreement and the Pass Through Trust Documents has been duly authorized, executed and delivered by SSB, individually or as Pass Through Trustee, as the case may be, and, assuming the due authorization, execution and delivery by the other parties thereto and that value has been given, the Refunding Agreement, the Participation Agreement, the Pass Through Certificates and the Pass Through Trust Documents constitute the legal, valid and binding obligations of SSB, individually or as Pass Through Trustee, as the case may be, enforceable against it in such capacities in accordance with their respective terms;
3. the Pass Through Certificates issued on the date hereof have been duly authorized and duly and validly executed, authenticated, issued and delivered by SSB, as Pass Through Trustee, pursuant to the terms and provisions of, and in accordance with the requirements of, each of the Pass Through Trust Documents, as supplemented, and the holders thereof are entitled to the benefits of the Pass Through Trust Agreement, as supplemented, pursuant to which the Pass Through Certificates held by such holder were issued;
4. the execution, delivery and performance by SSB, individually or as Pass Through Trustee, as the case may be, of the Refunding Agreement and each of the Pass Through Trust Documents, the performance by it of the Participation Agreement, and the purchase by the Pass Through Trustee of the Pass Through Equipment Notes pursuant to the Refunding Agreement and the issuance of the Pass Through Certificates pursuant to the Pass Through Trust Documents have been duly authorized by all necessary corporate action on the part of SSB, individually or as Pass Through Trustee,

as the case may be, and do not and did not require any approval of the stockholders of SSB, and such execution, delivery, performance and other actions were not and are not in violation of SSB's Articles of Association or By-laws or of any indenture, mortgage, credit agreement, license or other agreement or instrument, in each case known to us, to which SSB, individually or as Pass Through Trustee, as the case may be, is a party or by which it in either capacity is bound, or of any judgment or order known to us or of any federal law, rule or regulation relating to its banking or trust powers or any Connecticut law, rule or regulation applicable to SSB in either capacity;

5. neither the execution, delivery or performance by SSB, individually or as Pass Through Trustee, as the case may be, of the Refunding Agreement, the Pass Through Certificates and the Pass Through Trust Documents, nor the performance by it of the Participation Agreement, nor the consummation of any of the transactions by SSB, individually or as Pass Through Trustee, as the case may be, contemplated thereby nor the purchase by the Pass Through Trustee of the Pass Through Equipment Notes pursuant to the Refunding Agreement or the issuance of the Pass Through Certificates pursuant to the Pass Through Trust Documents required or requires the consent or approval of, the giving of notice to, or the registration with, or the taking of any other action with respect to, any governmental authority or agency under any existing federal or Connecticut law governing the banking, fiduciary or trust powers of SSB;

6. there are no taxes (including, without limitation, net or gross income, tangible or intangible property, net worth, capital, franchise or doing business taxes), fees or other governmental charges ("Taxes") payable under the laws of the State of Connecticut or any political subdivision thereof with respect to the authorization, execution and delivery by SSB, in its individual capacity or as Pass Through Trustee, as the case may be, or by the Lessee, of the Pass Through Trust Documents, the Participation Agreement or the Refunding Agreement or in connection with the authorization, execution, issuance, authentication or delivery of any or all of the Pass Through Certificates pursuant to the Pass Through Trust Documents. Neither SSB, in its individual capacity or as Pass Through Trustee, as the case may be, the trusts created by the Pass Through Trust Documents, any of the Trust Property nor the Loan Trustee in its capacity as trustee, will be subject to any Taxes under the laws of the State of Connecticut or any political subdivision thereof (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or as Pass Through Trustee). Holders of Pass Through Certificates or persons acquiring an interest in Pass Through Certificates who are not residents of or otherwise subject to tax in

Connecticut will not be subject to any Taxes under the laws of the State of Connecticut or any political subdivision thereof as a result of purchasing, holding, owning (including receiving payments with respect to) or selling a Pass Through Certificate. No applicable Taxes are imposed under the laws of the State of Connecticut or any political subdivision thereof upon or with respect to (a) the offering, registration, reregistration, issuance, acquisition, modification, assumption, reissuance, refinancing or refunding of Pass Through Certificates or any other documents contemplated thereby and amendments and supplements thereto, (b) the payment of the principal of, or interest or premium on (including Swap, Break or Make-Whole Amount, if any), or other amounts payable with respect to, any or all of the Pass Through Certificates, (c) the property, or the income, earnings, receipts, or other proceeds received with respect to the property, held by the Pass Through Trustee under the Pass Through Trust Documents or (d) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents or the Pass Through Trust Documents, which would not have been imposed if SSB had not had its principal place of business in, and not performed, either in its individual capacity or as Pass Through Trustee, as the case may be, any or all of its administrative duties under the Pass Through Trust Documents in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Pass Through Trust Documents in, the State of Connecticut;

7. to the best of our knowledge, there are no proceedings pending or threatened against or affecting SSB, either in its individual capacity or as Pass Through Trustee, as the case may be, in any court or before any governmental authority, agency or arbitration board or tribunal which, if adversely determined, individually or in the aggregate, would materially and adversely affect the trusts created by the Pass Through Trust Documents or would question the right, power and authority of SSB in either capacity to enter into or perform its obligations under the instruments referred to in paragraphs 1 and 3 above;

8. the Parent Guarantor is a Massachusetts trust company, duly organized, validly existing and in good standing with the Commissioner of Banks of the Commonwealth of Massachusetts under the laws of the Commonwealth of Massachusetts;

9. all of the shares of the outstanding capital stock of SSB are owned of record by the Parent Guarantor;

10. the Parent Guarantor has full corporate power and authority and legal right to enter into and perform its obligations under the Guarantee,

and the Guarantee has been duly authorized, executed and delivered by duly authorized officers of the Parent Guarantor and is the legal, valid and binding obligation of the Parent Guarantor enforceable against the Parent Guarantor in accordance with its terms;

11. the execution and delivery of the Guarantee and compliance by the Parent Guarantor with all of the provisions thereof do not and will not (i) contravene any law or, (ii) contravene any order known to us of any court or governmental authority or agency applicable to or binding on the Parent Guarantor or (iii) contravene the provisions of its charter documents or by-laws or the provisions of any indenture, mortgage, contract or other agreement, in each case known to us, to which it is a party or by which it or its properties may be bound or affected;

12. neither the execution nor the delivery of the Guarantee by the Parent Guarantor nor the performance by the Parent Guarantor of the Guarantee requires the consent, approval or authorization of, the giving of notice to, the recording or filing, registration or qualification with, or the taking of any other action in respect of any Massachusetts governmental authority on the part of the Parent Guarantor.

13. there are no taxes (including, without limitation, net or gross income, tangible or intangible property, net worth, capital, franchise or doing business taxes), fees or other governmental charges ("Taxes") payable under the laws of the Commonwealth of Massachusetts or any political subdivision thereof with respect to the authorization, execution and delivery by SSB, in its individual capacity or as Pass Through Trustee, as the case may be, or by the Lessee, of the Pass Through Trust Documents, the Participation Agreement or the Refunding Agreement or in connection with the authorization, execution, issuance, authentication or delivery of any or all of the Pass Through Certificates pursuant to the Pass Through Trust Documents. Neither SSB, in its individual capacity or as Pass Through Trustee, as the case may be, the trusts created by the Pass Through Trust Documents, any of the Trust Property nor the Loan Trustee in its capacity as trustee, will be subject to any Taxes under the laws of the Commonwealth of Massachusetts or any political subdivision thereof (other than Taxes imposed on the fees received by SSB for acting as Loan Trustee or as Pass Through Trustee). Holders of Pass Through Certificates or persons acquiring an interest in Pass Through Certificates who are not residents of or otherwise subject to tax in Massachusetts will not be subject to any Taxes under the laws of the Commonwealth of Massachusetts or any political subdivision thereof as a result of purchasing, holding, owning (including receiving payments with respect to) or selling a Pass Through Certificate. No

applicable Taxes are imposed under the laws of the Commonwealth of Massachusetts or any political subdivision thereof upon or with respect to (a) the offering, registration, reregistration, issuance, acquisition, modification, assumption, reissuance, refinancing or refunding of Pass Through Certificates or any other documents contemplated thereby and amendments and supplements thereto, (b) the payment of the principal of, or interest or premium on, or other amounts payable with respect to, any or all of the Pass Through Certificates, (c) the property, or the income, earnings, receipts, or other proceeds received with respect to the property, held by the Pass Through Trustee under the Pass Through Trust Documents or (d) otherwise with respect to or in connection with the transactions contemplated by the Operative Documents or the Pass Through Trust Documents, which would not have been imposed if SSB had not performed, either in its individual capacity or as Pass Through Trustee, as the case may be, any or all of its administrative duties under the Pass Through Trust Documents in, and had not engaged in any activities unrelated to the transactions contemplated by the Operative Documents or the Pass Through Trust Documents in, the Commonwealth of Massachusetts.

This opinion is rendered to you at the request of SSB, as Pass Through Trustee, and the Parent Guarantor, pursuant to the Refunding Agreement and SSB, as Pass Through Trustee, and the Parent Guarantor have consented to the opinions expressed herein. We have discussed with SSB, as Pass Through Trustee, and the Parent Guarantor the consequences of their request for and consent to the rendering of the opinions expressed herein.

Very truly yours,

BINGHAM, DANA & GOULD

pant and reasonably acceptable to the Lessee to the effect that there will be a risk of such adverse tax consequences to the Owner Participant resulting from the refunding or refinancing (other than the consequence that the refinanced loan constitutes "qualified nonrecourse indebtedness" within the meaning of Temporary Regulations Section 1.861-10T(b) for the purpose of the computation of the FSC Benefits (as defined in the Tax Indemnity Agreement)), then the Owner Trustee and the Owner Participant shall be required to effect such refunding or refinancing only if the Lessee shall have agreed to indemnify the Owner Participant against such identified adverse tax consequences in a manner reasonably satisfactory to the Owner Participant; provided, however, the parties agree that in the absence of a change in applicable laws, regulations, revenue rulings, revenue procedures or judicial precedents enacted, adopted or decided after the Delivery Date, a refinancing or refunding will not be deemed for this purpose to result in a risk of the Owner Participant not being considered the owner of the Aircraft, Airframe, any Engine or any Part for Federal or other income tax purposes, (y) no such refinancing or refunding shall require an increase in the amount of the Owner Participant's investment in the beneficial ownership of the Aircraft or shall cause the ratio of the newly issued debt to the Owner Participant's then outstanding investment in the Aircraft to be more than 4 to 1 and (z) except with respect to matters relating to taxes, no such refunding or refinancing will materially increase the liabilities of or impair the rights of the Owner Participant. In addition, neither the refunding or refinancing, nor any related adjustment of Basic Rent, shall increase or decrease the periodic earnings (as defined in Statement of Financial Accounting Standards No. 13 issued by the Financial Accounting Standards Board) of the Owner Participant for any calendar year in the period (if any) from the date of such refunding or refinancing to December 31, 1998 each by an amount greater than 10% of the amount of earnings expected for each such calendar year immediately prior to such refunding or refinancing.

"(b) The Equipment Notes, and any other debt instruments issued in connection with any refunding or refinancing operation permitted by this Section 17, shall not be subject to optional redemption by the

Owner Trustee without the consent of the Lessee, except as provided in the Trust Indenture."

(a) Paragraph (a) of Section 18 is amended in its entirety to read as follows:

"(a) Calculation of Adjustments. In the event that (A) the Transaction Costs are less or more than 1.0932% of Lessor's Cost, or (B) prior to the acceptance of the Aircraft on the Delivery Date: (1) there shall have occurred a Change in Tax Law and (2) after having been advised in writing by the Owner Participant of such Change in Tax Law and the proposed adjustment to the payments of Basic Rent resulting therefrom, Lessee shall have waived its right under Section 11 of the Participation Agreement to decline to proceed with the transaction, or (C) a refinancing or refunding as contemplated by Section 17 hereof occurs, or (D) the Delivery Date is other than July 9, 1992, or (E) if the Certificates are not refunded or refinanced on or prior to the Base Lease Commencement Date, the Excess Payment Amount (as defined in the Original Participation Agreement (after adjustment for any Excess Payment Differential Amount) (as defined in the Original Participation Agreement) is other than \$1,202,593.33, then, in each case, the Owner Participant shall recalculate the payments of Basic Rent, Stipulated Loss Values, Termination Values and the Excess Payment Amount with respect to the Term (i) to preserve the Owner Participant's Revised Net Economic Return and (ii) to minimize, to the greatest extent possible, consistent with the foregoing clause (i), the present value (discounted semiannually at an interest rate per annum to be supplied by the Lessee) of the payments of Basic Rent. In addition, in the event of a refinancing or refunding referred to in clause (C) of the preceding sentence, the Special Purchase Price Percentage and the Special Purchase Option Date shall be recalculated in a manner consistent with the procedures specified in Section 20(c) of the Original Participation Agreement. In performing any such recalculations, the Owner Participant shall utilize the same methods and assumptions used by the Owner Participant in the calculation of the schedules included in the Amended and Restated Rent Schedule dated as of the Refunding Date, as such assumptions may be changed as a result of the event described in clause (A), (B), (C), (D) or (E) of the second

preceding sentence necessitating such recalculation or due to the prior occurrence of any such event; provided that, Basic Rent, as so recomputed, shall comply with the requirements of Section 4.02(5) and 4.07(1) of Revenue Procedure 75-28, 1975-1 C.B. 752, and shall not present a greater risk that Section 467(b)(2) of the Code would apply than the risk that Section 467(b)(2) applied prior to such recomputation, it being agreed that the requirements of clause (i) of Section 5.01 of Rev. Proc. 75-21, 1975-1 C.B. 715, shall be applied on a prospective basis.

(b) Paragraph (b) of Section 18 is amended by deleting the words "Assumed Debt Rate" in each place they appear and substituting therefor the words "Average Certificate Rate".

13. DELETION OF SECTION 20 OF THE PARTICIPATION AGREEMENT. Section 20 is hereby deleted and the words "[Intentionally Omitted]" substituted therefor.

14. AMENDMENT OF SECTION 21 OF THE PARTICIPATION AGREEMENT.

(a) The penultimate sentence of Section 21(b) is amended by inserting at the end of the sentence "or (i) in the case of such enforcement against the Bank Lenders, by consent of Bank Lenders holding a majority in principal amount of the Outstanding Bank Equipment Notes or (ii) to the extent required by the Indenture, with the consent of the Pass Through Trustee". Section 21(c) is amended by inserting the following sentence at the end thereof: "No purchaser or holder of any Equipment Note (including any Loan Participant) shall be deemed to be a successor or assign of any of the Original Loan Participants."

(b) Section 21 is hereby renumbered Section 22.

15. NEW SECTION 21 OF THE PARTICIPATION AGREEMENT. The following new Section 21 is added:

"Section 21. Successor Loan Trustee; Amendment of Pass Through Trust Documents. (a) In the event that the Loan Trustee gives notice of its resignation pursuant to Section 9.06(b) of the Trust Indenture, the Lessee may direct the Owner Trustee to appoint, and the Owner Trustee shall promptly appoint, a successor Loan Trustee.

(b) In the event that either the Owner Trustee or the Lessee obtains knowledge of the existence of any of the grounds for removal of the Loan Trustee set forth in Section 9.06 of the Trust Indenture, the Owner Trustee or the Lessee, as the case may be, shall promptly give notice (the "Removal Notice") to the other by telephone, confirmed in writing. Within five Business Days after the giving of the Removal Notice, the Lessee may direct the Owner Trustee to remove, and the Owner Trustee shall remove, the Loan Trustee and appoint a successor Loan Trustee, provided that, if within ten Business Days after the giving of the Removal Notice the Loan Trustee shall not have been removed, the Owner Trustee shall be deemed without further act to have delegated to the Lessee the right, on behalf of the Owner Trustee, to remove the Loan Trustee and appoint a successor, and, in the event of the removal of the Loan Trustee in accordance with such delegation, the Lessee agrees to appoint promptly a successor Loan Trustee.

(c) The Lessee shall not enter into any modification or amendment of any Pass Through Trust Document in any manner affecting the Pass Through Trusts created pursuant to the Pass Through Trust Supplements, without the consent of the Owner Participant, such consent not to be unreasonably withheld."

16. AMENDMENT OF SCHEDULE I TO THE PARTICIPATION AGREEMENT.

Schedule I is amended in its entirety as set forth in Schedule I to the Refunding Agreement (AA 1995 PTC Series AC).

[Included as Exhibit 4(d)(17)]

## Terms of Swap Transaction

(a) The Initial Bank Lender represents, warrants and covenants as of the Refunding Date that for all purposes of the Operative Documents, it has entered into an interest rate swap transaction (as the same may be assigned, in whole or in part, to any other Bank Lender as provided below, the "Swap Transaction") under a form of confirmation with a swap counterparty satisfactory to the Lessee (the "Swap Counterparty") governed by an ISDA Master Agreement (the "Swap Agreement") in the standard form thereof (the "Form") published in 1992 by, and incorporating by reference therein the definitions and provisions contained in the 1991 ISDA Definitions (the "Definitions") of, the International Swap Dealers Association, Inc. and having the economic terms set forth below in this Exhibit N. The Initial Bank Lender agrees that, in the event of any transfer of any Bank Equipment Notes to a Permitted Transferee pursuant to Section 10(e) of the Refunding Agreement, the Initial Bank Lender shall either (x) assign or cause to be assigned the portion of the Swap Transaction allocable to such Permitted Transferee's Bank Equipment Notes to such Permitted Transferee and shall obtain the consent of the Swap Counterparty to such assignment, it being agreed that no transfer, in whole or in part, of any such Bank Equipment Note to such Permitted Transferee shall be permitted under the Operative Documents unless such Permitted Transferee, prior to or concurrently with such transfer, shall enter into a confirmation with the Swap Counterparty conforming to the Swap Transaction in respect of such Permitted Transferee's Bank Equipment Notes or (y) extend, pursuant to arrangements reasonably satisfactory to the Lessee, the benefits of a pro rata share of the Swap Transaction with the Swap Counterparty to such Permitted Transferee as contemplated by the definition of "Swap Participation" set forth in the Refunding Agreement. The parties agree that, notwithstanding anything herein or in any Operative Document to the contrary, in the event that a Break Funding Amount is required to be calculated pursuant to this Exhibit N, notwithstanding any transfer from time to time of all or part of the Bank Equipment Notes issued on the Refunding Date, any such Break Funding Amount shall be calculated solely by reference to the economic terms set forth in this Exhibit N, and in no event shall the aggregate of such Break Funding Amounts for all Bank Lenders be calculated with respect to a Notional Amount (as such term is used in this Exhibit N) at the time greater than the outstanding aggregate principal amount of all of the Bank Equipment

Notes subject to acceleration or being redeemed or purchased at such time. Each Bank Lender agrees that, except as provided below, it will not amend or terminate or permit to be terminated through its own action or inaction the Swap Transaction in respect of its Bank Equipment Notes in a manner that would have an adverse effect on the rights or interests of the Lessee without the prior written consent of the Lessee (such consent not to be unreasonably withheld).

(b) The Initial Bank Lender agrees, and each other Bank Lender, by becoming such, shall be deemed to have agreed, that the "Swap Breakage Gain" or "Swap Breakage Loss", with respect to any Bank Lender whose Bank Equipment Notes are redeemed (or purchased in lieu of redemption) or accelerated in circumstances under which Swap Breakage Loss or Swap Breakage Gain is incurred or received, as the case may be, by such Bank Lender, shall be determined as follows: such Bank Lender (or, in the case of a Swap Participation, the Initial Bank Lender acting on behalf of such Bank Lender) will use its best efforts to cause the Swap Counterparty to advise the Lessee and the Owner Trustee of the Market Quotation determined by such Swap Counterparty (such Swap Counterparty being the party making the determination of the Market Quotation for purposes of the definition of Market Quotation in the Swap Agreement) in connection with the termination of that portion of the Swap Transaction allocable to that portion of such Bank Lender's Secured Equipment Certificates then being so redeemed or so accelerated. If such Market Quotation is a negative number, the absolute value of the amount thereof shall be the Swap Breakage Gain attributable to such Bank Lender for all purposes of the Operative Documents; if such Market Quotation is a positive number, the amount thereof shall be the Swap Breakage Loss attributable to such Bank Lender for all purposes of the Operative Documents. Each Bank Lender acknowledges that the Lessee shall have the right to designate two of the Reference Market-makers to be used by the Swap Counterparty (such Reference Market-makers to be reasonably acceptable to the Swap Counterparty) in connection with the Swap Counterparty's determination of the Market Quotation for settlement of the Swap Transaction and agrees to use its best efforts to cause the Swap Counterparty to cooperate with the Lessee with respect to the provisions of this Exhibit N and to provide in a timely fashion such information as the Lessee may reasonably request to facilitate the quotation by such Reference Market-makers designated by the Lessee.

(c) The following terms are applicable to the Swap Transaction insofar as it is attributable to each Bank Lender:

1. Such Bank Lender shall be a Fixed Rate Payer;
2. The Notional Amount of that portion of the Swap Transaction attributable to such Bank Lender shall be an amortizing amount equal to the aggregate principal amount of such Bank Lender's Bank Equipment Notes (assuming each installment of principal of the Bank Equipment Notes required to be paid pursuant thereto is paid when due);
3. The Effective Date shall be the Refunding Date;
4. The Termination Date shall be July 2, 2021 as may be adjusted in accordance with the Modified Following Business Day convention;
5. The Payment Dates for the Floating Amount and the Fixed Amount shall be each Lease Period Date and, commencing on the first Lease Period Date to occur after the Refunding Date, and ending on the Termination Date, as may be adjusted in accordance with the Modified Following Business Day convention;
6. The Floating Rate Option shall be 6-month USD-LIBOR-BBA plus the Spread which shall be 80 basis points for calculation periods of six months, except for (i) the initial period commencing on the Effective Date and ending on the first Lease Period Date to occur after the Refunding Date and (ii) the final period commencing on the Lease Period Date immediately preceding the Termination Date and ending on the Termination Date;
7. The Fixed Rate Day Count Fraction shall be 30/360 (without any adjustment for Fixed Rate Period End Dates);
8. The Floating Rate Day Count Fraction shall be Actual/360;
9. The Fixed Rate shall be 7.53%.

10. In the event of a redemption (or purchase in lieu of redemption) of any of the Bank Equipment Notes held by such Bank Lender or an acceleration of such Secured Equipment Certificates upon an Indenture Event of Default, the portion of the Swap Transaction allocable to such Holder shall be subject to termination. In the event of a transfer of such Bank Lender's Bank Equipment Notes pursuant to Section 14(b) of the Refunding Agreement, the portion of the Swap Transaction allocable to such Bank Lender shall be subject to full termination in the event that the Replacement Bank Lender(s) does not either assume its proportionate share of the Swap Transaction or assume or enter into a Swap Participation as provided in such Section 14(b);

RE: AMERICAN AIRLINES, INC.  
PASS THROUGH CERTIFICATES, SERIES 1995-A

Ladies and Gentlemen:

We are acting as special counsel to State Street Bank and Trust Company of Connecticut, National Association, individually ("SSB"), and as Pass Through Trustee (the "PASS THROUGH TRUSTEE") under the Pass Through Trust Agreement, Amended and Restated as of February 1, 1992 (the "AGREEMENT"), between American Airlines, Inc. (the "COMPANY") and the Pass Through Trustee; as supplemented by Trust Supplement No. 1 dated as of June 15, 1995 ("TRUST SUPPLEMENT NO. 1"), to be entered into between the Company and the Pass Through Trustee. Pursuant to the Agreement and Trust Supplement No. 1, the Pass Through Trustee will issue Pass Through Certificates, Series 1995-A in an aggregate principal amount of up to \$65,898,000 ("PASS THROUGH CERTIFICATES"), registered with the Securities and Exchange Commission under the Securities Act of 1933, as amended (the "1933 ACT"), by a Registration Statement on Form S-3 (File No. 33-42998), as amended (the "REGISTRATION STATEMENT"). Except as otherwise defined herein, terms used herein shall have the meanings set forth in the Agreement or in Trust Supplement No. 1.

Our representation of the Pass Through Trustee has been as special counsel for the purposes stated above. As to all matters of fact (including factual conclusions and characterizations and descriptions of purpose, intention or other state of mind), we have relied entirely upon (i) the representations of the parties set forth in the Operative Documents and (ii) certificates delivered to us by the management of SSB and have assumed, without independent inquiry, the accuracy of those representations and certificates.

We have examined the Agreement, the Trust Supplement No. 1, the Pass Through Certificates, the discussion in the Supplement to the Prospectus, dated June 8, 1995, applicable to the issuance of the Pass Through Certificates constituting part of the Registration Statement (the "PROSPECTUS SUPPLEMENT") entitled "Certain Connecticut and Massachusetts Taxes," and originals, or copies certified or otherwise identified to our satisfaction, of other such records, documents, certificates, or other instruments as we have deemed necessary or advisable for the purposes of this opinion.

We have assumed the genuineness of all signatures (other than those on behalf of SSB and the Pass Through Trustee), the conformity to the originals of all documents reviewed by us as copies, the authenticity and completeness of all original documents reviewed by us in original or copy form and the legal competence of each individual executing any document (other than on behalf of SSB and the Pass Through Trustee).

Each opinion set forth below relating to the enforceability of any agreement or instrument against the Pass Through Trustee, is subject to the following general qualifications:

(i) as to any agreement to which the Pass Through Trustee, as applicable, is a party, we assume that such agreement is the legal, valid and binding obligation of each other party (other than the Pass Through Trustee) thereto;

(ii) the enforceability of any obligation of the Pass Through Trustee may be limited by bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium, marshalling and other similar laws and rules of law affecting the enforcement generally of creditors rights and remedies (including such as may deny giving effect to waivers of debtors' or guarantors' rights); and

(iii) the enforcement of any rights and the availability of any specific or equitable relief of any kind may in all cases be subject to an implied duty of good faith and to general principles of equity (regardless of whether such enforceability or relief is considered in a proceeding at law or in equity).

Subject to the limitation set forth below, we have made such examination of law as we have deemed necessary for the purposes of this opinion. The opinions set forth in paragraphs 1 and 2 below are based on and

limited to the Federal laws of the United States and the internal substantive laws of the States of New York and Connecticut. The opinion set forth in paragraph 3 below is based on and limited to the internal substantive laws of the State of Connecticut and the internal substantive laws of the Commonwealth of Massachusetts. Insofar as the matters referred to herein relate to the laws of the State of New York, we have relied entirely upon the opinion of even date herewith of Debevoise & Plimpton and the opinions set forth herein are subject to each of the qualifications and assumptions contained in said opinion. No opinion is expressed herein as to the application or effect of federal securities laws or as to the securities or so called "Blue Sky" laws of any state or other jurisdiction. In addition, no opinion is expressed as to matters governed by Title 49 of the United States Code, or by any other law, statute, rule or regulation of the United States relating to the acquisition, ownership, registration, use, operation, maintenance, repair, replacement or sale of or the nature of the Aircraft, Airframe or Engines.

Based on and subject to the foregoing, we are of the opinion that:

1. The execution, authentication, issue and delivery by the Pass Through Trustee of the Pass Through Certificates and Trust Supplement No. 1 have been duly authorized by the Trustee.

2. With respect to the Pass Through Certificates, when (a) Trust Supplement No. 1 shall have been duly authorized, executed and delivered by American and the Pass Through Trustee in accordance with the terms and conditions of the Agreement, and (b) the Pass Through Certificates shall have been duly executed, authenticated, issued and delivered by the Trustee and sold as contemplated by each of the Registration Statement, the Prospectus, the Prospectus Supplement, the Agreement and Trust Supplement No. 1, assuming that the terms of the Pass Through Certificates are in compliance with then applicable law, (i) the Agreement as supplemented by Trust Supplement No. 1 will constitute a valid and binding obligation of the Trustee enforceable against the Trustee in accordance with its terms, and (ii) the Pass Through Certificates will be validly issued and will be entitled to the benefits of the Agreement and Trust Supplement No. 1.

3. The discussion in the Prospectus Supplement entitled "Certain Connecticut and Massachusetts Taxes," insofar as it relates to statements of law or legal conclusions, is correct in all material respects.

We hereby consent to the filing of this opinion as an Exhibit to the Registration Statement, to the use of our name in the second sentence of the first paragraph under the caption "Certain Connecticut and Massachusetts Taxes" in the Prospectus Supplement and to the reference to us under the caption "Legal Opinions" in the Prospectus Supplement. In giving this consent, we do not thereby admit that we are in the category of person whose consent is required under Section 7 of the 1933 Act or the Rules and Regulations of the Securities and Exchange Commission.

Very truly yours,

/s/ BINGHAM, DANA & GOULD

(c) Each other question properly presented to any meeting of stockholders shall be decided by a majority of the votes cast on the question entitled to vote thereon.

Section 9. Action By Written Consent. Any stockholder seeking to act by written consent of stockholders shall notify the secretary in writing of such intent and shall request the board of directors to fix a record date for determining the stockholders entitled to vote by consent. The notice shall specify the actions sought to be taken and, if the election of one or more individuals as director is sought, shall include as to each nominee the information required to be included in a proxy statement under the proxy rules of the Securities and Exchange Commission. Such record date shall be the fifteenth day following receipt of such request or such later date as may be specified by the requesting stockholder.

The list shall also be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any stockholder who is present.

Section 11. Judges of Election. Whenever a vote at a meeting of stockholders shall be by ballot, or whenever written consent to action is sought, the proxies and ballots or consents shall be received and taken charge of, and all questions touching on the qualification of voters and the validity of proxies and consents and the acceptance and rejection of votes shall be decided by two judges of election. In the case of a meeting of stockholders, such judges of election shall be appointed by the

board of directors before or at the meeting, and if no such appointment shall have been made, then by the stockholders at the meeting. In the case of a solicitation of consents, such judges of election shall be appointed by the board of directors on or before the record date for determining the stockholders entitled to vote by consent, and if no such appointment shall have been made, then by the chairman of the board or the president. If for any reason either of the judges of election previously appointed shall fail to attend or refuse or be unable to serve, a judge of election in place of any so failing to attend or refusing or unable to serve, shall be appointed by the board of directors, the stockholders at the meeting, the chairman of the board or the president.

##### Committees

Section 1. Executive Committee. The board of directors may, by resolution passed by a majority of the whole board, designate an executive committee, to consist of five or more members. The chief executive officer plus three other members of the executive committee shall constitute a quorum.

The executive committee shall have and may exercise all the powers and authority of the board of directors in the manage-

ment of the business and affairs of the corporation, with the exception of such powers and authority as may be specifically reserved to the board of directors by law or by resolution adopted by the board of directors.

Section 2. Audit Committee. The board of directors may, by resolution passed by a majority of the whole board, designate an audit committee, to consist of two or more members, none of the members of which shall be employees or officers of the corporation. A majority of the members of the audit committee shall constitute a quorum.

The audit committee shall from time to time review and make recommendations to the board of directors with respect to the selection of independent auditors, the fees to be paid such auditors, the adequacy of the audit and accounting procedures of the corporation, and such other matters as may be specifically delegated to the committee by the board of directors. In this connection the audit committee shall, at its request, meet with representatives of the independent auditors and with the financial officers of the corporation separately or jointly.

Section 3. Compensation/Nominating Committee. The board of directors may, by resolution passed by a majority of the whole board, designate a compensation/nominating committee, to consist of each member of the board of directors, except that no member of the compensation/nominating committee may be an employee or officer of the corporation. A majority of the

members of the compensation/nominating committee shall constitute a quorum.

The compensation/nominating committee shall from time to time review and make recommendations to the board of directors with respect to the management remuneration policies of the corporation including but not limited to salary rates and fringe benefits of elected officers, other remuneration plans such as incentive compensation, deferred compensation and stock option plans, directors' compensation and benefits and such other matters as may be specifically delegated to the committee by the board of directors.

In addition, the compensation/nominating committee shall make recommendations to the board of directors (i) concerning suitable candidates for election to the board, (ii) with respect to assignments to board committees, and (iii) with respect to promotions, changes and succession among the senior management of the corporation, and shall perform such other duties as may be specifically delegated to the committee by the board of directors.

Section 4. Committee Procedure, Seal.

(a) The executive, compensation/nominating, and audit committees shall keep regular minutes of their meetings, which shall be reported to the board of directors, and shall fix their own rules of procedures.

(b) The executive, compensation/nominating, and audit committees may each authorize the seal of the corporation to be affixed to all papers which may require it.

## ARTICLE VII

### Indemnification

Section 1. Nature of Indemnity. The corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative by reason of the fact that he is or was or has agreed to become a director or officer of the corporation, or is

or was serving or has agreed to serve at the request of the corporation as a director or officer, of another corporation, partnership, joint venture, trust or other enterprise, or by reason of any action alleged to have been taken or omitted in such capacity, and may indemnify any person who was or is a party or is threatened to be made a party to such an action by reason of the fact that he is or was or has agreed to become an employee or agent of the corporation, or is or was serving or has agreed to serve at the request of the corporation as an employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him or on his behalf in connection with such action, suit or proceeding and any appeal therefrom, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding had no reasonable cause to believe his conduct was unlawful; except that in the case of an action or suit by or in the right of the corporation to procure a judgment in its favor (1) such indemnification shall be limited to expenses (including attorneys' fees) actually and reasonably incurred by such person in the defense or settlement of such action or suit, and (2) no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the

corporation unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Delaware Court of Chancery or such other court shall deem proper.

The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

Section 2. Successful Defense. To the extent that a director, officer, employee or agent of the corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in Section 1 hereof or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.

Section 3. Determination That Indemnification Is Proper. Any indemnification of a director or officer of the corporation under Section 1 hereof (unless ordered by a court)

shall be made by the corporation unless a determination is made that indemnification of the director or officer is not proper in the circumstances because he has not met the applicable standard of conduct set forth in Section 1 hereof. Any indemnification of an employee or agent of the corporation under Section 1 hereof (unless ordered by a court) may be made by the corporation upon a determination that indemnification of the employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in Section 1 hereof. Any such determination shall be made (1) by a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, or (2) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (3) by the stockholders.

Section 4. Advance Payment of Expenses. Expenses (including attorneys' fees) incurred by a director or officer in defending any civil, criminal, administrative or investigative action, suit or proceeding shall be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of the director or officer to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the corporation as authorized in this Article. Such expenses (including attorneys' fees) incurred by other employees and agents may be so paid upon such terms and conditions, if any, as

the board of directors deems appropriate. The board of directors may authorize the corporation's counsel to represent a director, officer, employee or agent in any action, suit or proceeding, whether or not the corporation is a party to such action, suit or proceeding.

Section 5. Procedure for Indemnification of Directors or Officers. Any indemnification of a director or officer of the corporation under Sections 1 and 2, or advance of costs, charges and expenses of a director or officer under Section 4 of this Article, shall be made promptly, and in any event within 60 days, upon the written request of the director or officer. If the corporation fails to respond within 60 days, then the request for indemnification shall be deemed to be approved. The right to indemnification or advances as granted by this Article shall be enforceable by the director or officer in any court of competent jurisdiction if the corporation denies such request, in whole or in part. Such person's costs and expenses incurred in connection with successfully establishing his right to indemnification, in whole or in part, in any such action shall also be indemnified by the corporation. It shall be a defense to any such action (other than an action brought to enforce a claim for the advance of costs, charges and expenses under Section 4 of this Article where the required undertaking, if any, has been received by the corporation) that the claimant has not met the standard of conduct set forth in Section 1 of this Article, but the burden of

proving such defense shall be on the corporation. Neither the failure of the corporation (including its board of directors, its independent legal counsel, and its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he has met the applicable standard of conduct set forth in Section 1 of this Article, nor the fact that there has been an actual determination by the corporation (including its board of directors, its independent legal counsel, and its stockholders) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that the claimant has not met the applicable standard of conduct.

Section 6. Survival; Preservation of Other Rights.

The foregoing indemnification provisions shall be deemed to be a contract between the corporation and each director, officer, employee and agent who serves in such capacity at any time while these provisions as well as the relevant provisions of the Delaware Corporation Law are in effect and any repeal or modification thereof shall not affect any right or obligation then existing with respect to any state of facts then or previously existing or any action, suit, or proceeding previously or thereafter brought or threatened based in whole or in part upon any such state of facts. Such a "contract right" may not be modified retroactively without the consent of such director, officer, employee or agent.

The indemnification provided by this Article VII shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Section 7. Insurance. The corporation shall purchase and maintain insurance on behalf of any person who is or was or has agreed to become a director or officer of the corporation, or is or was serving at the request of the corporation as a director or officer of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him or on his behalf in any such capacity, or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability under the provisions of this Article, provided that such insurance is available on acceptable terms, which determination shall be made by a vote of a majority of the entire board of directors.

Section 8. Savings Clause. If this Article or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the corporation shall nevertheless

indemnify each director or officer and may indemnify each employee or agent of the corporation as to costs, charges and expenses (including attorneys' fees), judgments, fines and amounts paid in settlement with respect to any action, suit or proceeding, whether civil, criminal, administrative or investigative, including an action by or in the right of the corporation, to the full extent permitted by any applicable portion of this Article that shall not have been invalidated and to the full extent permitted by applicable law.

If such certificate is countersigned, (1) by a transfer agent other than

the corporation or its employee, or (2) by a registrar other than the corporation or its employee, then any other signature on the certificate may be a facsimile. In case any officer, transfer agent, or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent, or registrar before such certificate is issued, it may be issued by the corporation with the same effect as if he were such officer, transfer agent, or registrar at the date of issue.
