Dear Stockholder,

I am pleased to invite you to the annual meeting of stockholders of AMR Corporation to be held again this year at the American Airlines Training & Conference Center, Flagship Auditorium, 4501 Highway 360 South, Fort Worth, Texas, on Wednesday, May 16, 2001, at 10:00 A.M., Central Daylight Time. Details regarding admission to the annual meeting and the business to be conducted are more fully described in the accompanying Notice of Annual Meeting and Proxy Statement. A form of proxy is also enclosed with this letter.

Whether or not you plan to attend the meeting, it is important that your shares be represented and voted at the meeting. As in the past, registered stockholders can vote their shares by using a toll-free telephone number or the Internet. Instructions for using these convenient services are provided on the proxy card. Of course, you may still vote your shares by marking your votes on the proxy card, signing and dating it, and mailing it in the envelope provided.

We hope that those of you who plan to attend the annual meeting will join us beforehand for refreshments. If you plan to attend, please mark the appropriate box when voting, and bring the admission ticket that is printed on, or included with, the proxy card. For your convenience, a map of the area and directions to the American Airlines Training & Conference Center are provided on the last page of the Proxy Statement and on the admission ticket.

Sincerely,

/s/ Donald J. Carty

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
MAY 16, 2001

This statement and the form of proxy are being mailed to stockholders on or around April 23, 2001, in connection with a solicitation of proxies by the Board of Directors of AMR Corporation for use at the annual meeting of stockholders to be held on May 16, 2001.

IMPORTANT INFORMATION CONCERNING ACCESS TO PROXY MATERIALS AND
AMR CORPORATION'S ANNUAL REPORT VIA THE INTERNET

This proxy statement is available on AMR Corporation's Internet Web site at <http://www.amrcorp.com/2001proxy/index.html>. The 2000 AMR Corporation annual report is available at <http://www.amrcorp.com/ar2000/index.html>. In the future, most stockholders can elect to view proxy statements and annual reports over the Internet instead of receiving paper copies in the mail. Choosing this option will save the Corporation the cost of producing and mailing these annual meeting materials.

There are several ways to elect to access future annual meeting materials electronically. If your shares are registered directly in your name with AMR's transfer agent, First Chicago Trust Co., a Division of Equiserve, you can elect this option by following the instructions provided when voting via the Internet or by going to the Web site <http://www.econsent.com/amr> and consenting to electronic delivery of the annual meeting materials. If you hold your AMR stock through a bank, broker or other holder of record, please refer to the information provided by that entity for instructions on how to elect to view future annual meeting materials over the Internet. Most stockholders who hold their AMR stock through a bank, broker or other holder of record and who elect electronic access will receive an e-mail message next year containing the Internet address to use to access AMR's proxy statement and annual report.

ABOUT THE MEETING

WHAT IS THE PURPOSE OF THE ANNUAL MEETING?

The purpose of the annual meeting of AMR Corporation ("AMR" or the "Corporation") is to allow you to act upon matters which are outlined in the accompanying notice. These matters include the election of directors, the ratification of the selection of the Corporation's independent auditors and the consideration of two proposals that have been submitted by stockholders. Also, the Corporation's management will report on the performance of the Corporation during 2000.

HOW ARE VOTES COUNTED?

Directors of the Corporation are elected by a plurality of the votes cast at the annual meeting. The other three matters submitted to a vote of the stockholders will be determined by a majority of the votes cast. Abstentions from voting (including broker non-votes) are not counted as votes cast and thus will have no impact on the outcome of the voting.

WHO WILL BEAR THE COST OF SOLICITING VOTES FOR THE MEETING?

AMR will pay the cost of this solicitation. In addition to using regular mail, proxies may be solicited by directors, officers, employees or agents of the Corporation or its subsidiaries, in person or by telephone, facsimile or other means of electronic communication. AMR will also request brokers or nominees who

hold common stock in their names to forward proxy materials to the beneficial owners of such stock at the Corporation's expense. To aid in the solicitation of proxies, the Corporation has retained D. F. King & Co., Inc., a firm of professional proxy solicitors, at an estimated fee of \$14,000 plus reimbursement of normal expenses.

WHO IS ENTITLED TO VOTE?

Stockholders of record at the close of business on the record date, March 19, 2001, are the only ones entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date. On March 19, 2001, the Corporation had outstanding 153,626,368 shares of common stock. Each stockholder will be entitled to one vote in person or by proxy for each share of stock held.

HOW DO I VOTE?

You have four voting options:

- In person at the annual meeting
- Internet
- Telephone
- Mail

HOW DO I VOTE USING THE INTERNET?

You can vote on the Internet at the Web site address shown on your proxy card. The Internet voting procedure is designed to authenticate your identity and allow you to vote your shares. It will also confirm that your instructions have been properly recorded. If your shares are held in the name of a bank or broker, the availability of Internet voting will depend on the voting process of the bank or broker. Please follow the Internet voting instructions found on the form you receive from your bank or broker.

IF YOU ELECT TO VOTE USING THE INTERNET YOU MAY INCUR TELECOMMUNICATION AND INTERNET ACCESS CHARGES FOR WHICH YOU ARE RESPONSIBLE.

HOW DO I VOTE BY TELEPHONE?

You can vote by telephone using the telephone number shown on your proxy card. The telephone voting procedure is designed to authenticate your identity and allow you to vote your shares. It will also confirm that your instructions have been properly recorded. If your shares are held in the name of a bank or broker, the availability of telephone voting will depend on the voting process of the bank or broker. Please follow the telephone voting instructions found on the form you receive from your bank or broker.

HOW DO I VOTE BY MAIL?

You can vote by mail by completing, signing and returning the enclosed proxy card in the postage paid envelope provided. The shares will be voted in accordance with your directions provided on the proxy card.

WHEN WILL INTERNET AND TELEPHONE VOTING CLOSE?

The Internet voting facilities will close at 5:00 P.M., Central Daylight Time, on May 15, 2001. The telephone voting facilities will be available for you until the annual meeting begins at 10:00 A.M., Central Daylight Time, on May 16, 2001.

CAN I CHANGE MY VOTE AFTER I HAVE VOTED?

Yes, even after you have submitted your proxy, you may change your vote at any time before the annual meeting by filing with the Corporate Secretary of the Corporation a notice of revocation, a properly executed, later-dated proxy, or by attending and voting your shares at the meeting.

WHO CAN ATTEND THE MEETING?

Stockholders as of the record date, or their duly appointed proxies, may attend the meeting. One guest may accompany each stockholder. Admission to the meeting will be on a first-come, first-served basis. Registration will begin at 9:00 A.M., Central Daylight Time in the reception area outside the Flagship Auditorium. The doors to the Flagship Auditorium will be opened at 9:45 A.M., Central Daylight Time.

IF YOU PLAN TO ATTEND THE ANNUAL MEETING, YOU MUST HAVE AN ADMISSION TICKET. THIS TICKET IS PRINTED ON, OR INCLUDED WITH, THE PROXY CARD. IF YOU DO NOT HAVE AN ADMISSION TICKET, YOU MUST HAVE SOME OTHER PROOF OF SHARE OWNERSHIP (FOR EXAMPLE, A RECENT STATEMENT FROM YOUR BROKER).

WHERE IS THE MEETING?

The annual meeting of stockholders of AMR Corporation will be held at the American Airlines Training & Conference Center ("AATCC"), Flagship Auditorium, on Wednesday, May 16, 2001, 10:00 A.M., Central Daylight Time. AATCC is located at 4501 Highway 360 South, Fort Worth, Texas. A map of the area and directions to AATCC can be found on the last page of the Proxy Statement and on the admission ticket.

PROPOSAL 1--ELECTION OF DIRECTORS

It is proposed that ten directors be elected at the meeting, to serve until the next annual election.

Unless otherwise indicated, all proxies that authorize the persons named therein to vote for the election of directors will be voted for the election of the nominees listed below. If any nominee is not available for election as a result of unforeseen circumstances, it is the intention of the persons named in the proxy to vote for the election of such substitute nominee, if any, as the Board of Directors may propose.

NOMINEES FOR ELECTION AS DIRECTORS

BOARD AND COMMITTEE MEETINGS AND ATTENDANCE

The Board of Directors had eight regular meetings and six meetings by telephone conference in 2000.

The Audit Committee, composed entirely of outside directors, met seven times during 2000 with the Corporation's independent auditors, representatives of management and the internal audit staff. The Executive Committee met once during 2000. The Governance Committee, composed entirely of outside directors, met once in 2000 (including a meeting with the other non-employee directors of the Board outside the presence of Mr. Carty). The Compensation/Nominating Committee, composed entirely of outside directors, met eight times in 2000.

In 2000 each director attended at least 75% of the Board meetings and Committee meetings of which he/she was a member.

In 2000 no member of the Audit Committee or Compensation/Nominating Committee (i) was a current or former employee or officer of the Corporation or any of its affiliates or (ii) had any interlocking relationship with any other corporation that requires specific disclosure.

COMPENSATION OF DIRECTORS

CASH/DEFERRED COMPENSATION

Outside directors of the Corporation receive an annual retainer of \$20,000 for service on the Board of Directors, an annual retainer of \$1,500 for service on a standing Committee of the Board (generally each director serves on two committees) and \$1,000 for attending, or otherwise participating in, a Board or Committee meeting (provided, the maximum payment for meeting attendance is \$1,000 per day, regardless of the number of meetings actually attended in one day). Directors may defer payment of all or any part of these retainers and fees pursuant to two deferral plans. Under the first of these deferral plans, the Corporation will pay interest on the amount deferred at the prime rate from time to time in effect at J. P. Morgan Chase & Co. Under the second deferral plan, compensation deferred during any calendar month is converted into stock equivalent units by dividing the total amount of deferred compensation by the average fair market value (as defined in the Corporation's 1998 Long Term Incentive Plan, as amended (the "LTIP")) of the Corporation's common stock during such month. At the end of the deferral period, the Corporation will pay to the director an amount in cash equal to the number of accumulated stock equivalent units multiplied by the average fair market value of the Corporation's common stock during the month in which the deferral period terminates. Messrs. Brennan, Codina and Purcell and Dr. Rodin have elected to defer their cash compensation for services on the Board. Each has elected to defer their cash compensation pursuant to the stock equivalent unit program.

EQUITY

Under the 1994 Directors Stock Incentive Plan, as amended (the "SIP"), outside directors each receive an annual award of 1,422 deferred shares of the Corporation's common stock. These shares will generally be delivered to the director within six months after the director ceases to be a member of the Board.

Pursuant to the SIP, the Corporation provides directors who were elected after May 15, 1996, an annual grant of 711 additional deferred shares of the Corporation's common stock. This additional grant is in lieu of their participation in a pension plan (described below under "Other"). These shares will generally be distributed to the director within six months after the director ceases to be a member of the Board. Messrs. Miles and Purcell and Dr. Rodin each receive this additional grant.

In 1999 the Corporation adopted a Stock Appreciation Rights Plan for outside directors (the "SAR Plan"). Under the SAR Plan, each outside director receives an annual award of 1,185 stock appreciation rights ("SARs"). SARs entitle the director upon exercise to receive in cash the excess of the fair market

value of the Corporation's common stock over the stock's fair market value as of the SARs grant date. The SARs vest 100% on the first anniversary of their grant and expire on the tenth anniversary of their grant. The SARs may be exercised only during certain defined "window" periods (generally, the 20 business days following the Corporation's release of quarterly earnings).

OTHER

The Corporation provides directors who were elected on or before May 15, 1996, a pension benefit equal to 10% of the director's fees and retainers from the Corporation for his or her last twelve months of service on the Board, multiplied by the number of years of service on the Board, up to a maximum of \$20,000 per year. The pension benefit will be paid until the later to die of the director or the director's spouse. In 1998 the Corporation adopted a split-dollar life insurance program for those directors who participate in the directors' pension plan. The split-dollar life insurance program is an estate planning program pursuant to which the Corporation purchases a life insurance policy for the director. This insurance policy is purchased with the funds that would have been used to provide the director's pension benefit. After five years, the Corporation recovers the cost of such insurance from the policy's then existing cash value. Having recovered its investment in the policy, the Corporation no longer retains an interest in it, and the policy is then for the sole benefit of the director. If a director elects to participate in the split-dollar life insurance program, the director does not receive the pension payment.

An outside director, an outside director's spouse or companion, and an outside director's dependent children are provided transportation on American and reimbursement for federal income taxes incurred thereon. The cost of such transportation for each outside director in 2000, including the reimbursement obligation for income tax liability, was as follows: David L. Boren \$4,396; Edward A. Brennan \$22,736; Armando M. Codina \$36,515; Earl G. Graves \$42,626; Ann McLaughlin Korologos \$17,251; Michael A. Miles \$3,113; Charles H. Pistor, Jr. \$8,812; Philip Purcell \$32,066; Joe M. Rodgers \$6,278 and Judith Rodin \$50,817. Mr. Carty, as an employee of American, pays service charges for his use of employee travel privileges. These service charges are equal to those paid by all other employees.

OTHER MATTERS

During 2000, American advertised in, and sponsored an event hosted by, BLACK ENTERPRISE magazine. Mr. Graves is Chairman of the Board and Chief Executive Officer of Earl G. Graves, Limited, which publishes that magazine.

The University of Oklahoma provides meteorological information services to American. Mr. Boren is President of the University of Oklahoma.

During 2000, the law firm of Gibson, Dunn & Crutcher performed legal services for American. Martin B. McNamara is a partner of the firm and is the husband of Anne H. McNamara, Senior Vice President and General Counsel of the Corporation. Also, during 2000 the law firm of Holland & Knight performed legal services for American. John M. Hogan is a partner of the firm and is the brother of Ms. McNamara.

In 2000, American and other subsidiaries of the Corporation purchased a variety of services from Sabre Inc., a subsidiary of Sabre Holdings Corporation ("Sabre"). In March 2000, the Corporation distributed its shares of Sabre to the Corporation's stockholders by means of a stock dividend (the "Spin-Off"). Through and including the date of the Spin-Off, Gerard J. Arpey, Executive Vice President of the Corporation and Executive Vice President Operations at American, Anne H. McNamara and Donald J. Carty were each a director of Sabre. In addition, Mr. Carty served as Chairman of the Board of Sabre from May 1998 through and including the date of the Spin-Off. Messrs. Arpey and Carty and Ms. McNamara resigned as directors of Sabre on the date of the Spin-Off. Messrs. Kelly and Brennan also served as directors of Sabre. Mr. Kelly left the Sabre Board of Directors when his term expired in May 2000. Mr. Brennan ceased to be a director of Sabre in September 2000.

In 2000, Morgan Stanley Dean Witter & Co. provided financial services to the Corporation. Mr. Purcell is Chairman and Chief Executive Officer of Morgan Stanley Dean Witter & Co.

OWNERSHIP OF SECURITIES

SECURITIES OWNED BY DIRECTORS AND OFFICERS

As of March 19, 2001, each director and nominee for director, the executive officers named in the Summary Compensation Table, and all directors and executive officers, as a group, owned, or had been granted rights to, under the stock based compensation or deferral plans of the Corporation, shares of, or stock equivalent units or stock appreciation rights of, the Corporation's common stock as indicated in the table below (the share amounts below reflect appropriate adjustments to account for the Spin-Off):

(SEE NEXT 2 PAGES FOR FOOTNOTES.)

- (1) Amount shown for 2000 represents payments made in 2001 for 2000 services. No payments were made in 2000 under American's 1999 Incentive Compensation Plan because American's performance failed to satisfy the performance measurements under that Plan. Amounts shown for 1998 represent payments made in 1999 for 1998 services. Any payments were made pursuant to American's Incentive Compensation Plan. See the Compensation Committee Report at pages 24 to 26 for further information on the Incentive Compensation Plan.
- (2) In 1999, \$47,200 of this amount represented reimbursement of expenses for financial planning services.
- (3) The following table sets forth certain information concerning restricted stock awards:

RESTRICTED STOCK; TOTAL SHARES AND VALUE

NAME	TOTAL NUMBER OF RESTRICTED SHARES HELD AT FY-END(#)(A)	AGGREGATE MARKET VALUE OF RESTRICTED SHARES HELD AT FY-END(\$)(B)
Carty	475,450	18,631,697

Gunn	207,340	8,125,136
Arpey	125,575	4,920,970
Garton	125,575	4,920,970

(A) For the named executive officers these amounts consist of: (i) shares of deferred common stock issued under the LTIP which vest at retirement (Career Equity Shares); and (ii) shares of deferred common stock issued under the LTIP which vest upon the Corporation's attainment of predetermined cash flow objectives over a three-year performance period (Performance Shares). See the related discussions of Career Equity Shares and Performance Shares in the Compensation Committee Report at pages 24 to 26. Certain of these share amounts have been adjusted to reflect the impact of the Spin-Off.

(B) These amounts are based on the closing price of the Corporation's common stock of \$39.1875 on the New York Stock Exchange ("NYSE") on December 31, 2000.

- (4) These amounts represent options for shares of the Corporation's common stock which were granted in 1998, 1999 and 2000. Certain of these share amounts have been adjusted to reflect the impact of the Spin-Off.
- (5) For 1998, this amount represents performance returns paid in 1998 and a payout of cash in exchange for Performance Shares issued under the Corporation's 1996-1998 Performance Share Plan. For 1999, this amount represents performance returns paid in 1999 and a payout of cash in exchange for Performance Shares issued under the Corporation's 1997-1999 Performance Share Plan. For 2000, this amount represents a payout of cash in exchange for Performance Shares issued under the Corporation's 1998-2000 Performance Share Plan. Performance return payments in 1999 were paid at half their 1998 level and were eliminated in their entirety in 2000.

(A) Represents amounts credited but not paid in the current fiscal year and consists of the above-market portion of interest (defined as a rate of interest exceeding 120% of the applicable federal long term rate, with compounding) on deferred compensation.

(B) Represents the full amount of premiums paid under a split-dollar life insurance arrangement whereby the Corporation will recover certain premiums paid.

STOCK OPTIONS GRANTED

The following table contains information about stock options granted during 2000 by the Corporation to the named executive officers. The hypothetical present values of stock options granted in 2000 are calculated under a Black-Scholes model, a mathematical formula used to value options. The actual amount, if any, realized upon the exercise of stock options will depend upon the amount by which the market price (NYSE) of the Corporation's common stock on the date of exercise exceeds the exercise price. There is no assurance that the hypothetical present values of stock options reflected in this table will actually be realized.

If the hypothetical present values presented in this table represent the amounts actually realized upon exercise of the options, the corresponding increase in total stockholder value would be over \$2.7 billion.

(1) The first number shown reflects options granted in July 2000 and the second number reflects options granted in January 2000. The number of options and the exercise price for the January grant has been adjusted to reflect the impact of the Spin-Off.

(2) Options have a term of ten years and have an exercise price equal to the average market price of the Corporation's common stock on the date of grant. They become exercisable at the rate of 20% per year over a five-year period. Upon a change in control (as described on page 22), the vesting of the options will be accelerated and all options will become immediately exercisable.

(3) The Black-Scholes model used to calculate the hypothetical values of options at the date of grant considers a number of factors to estimate the option's present value. These factors include: (i) the stock's volatility prior to the grant date; (ii) the exercise period of the option; (iii) interest rates; and (iv) the stock's expected dividend yield. The assumptions used in the valuation of the options were: stock price volatility--43.5%; exercise period--4.5 years; interest rate--6.2% for the July 2000 grants, 6.74% for the January 2000 grants; and dividend yield--0.0%.

STOCK OPTION EXERCISES AND
DECEMBER 31, 2000 STOCK OPTION VALUE

The following table contains information about stock options exercised during 2000 by the named executive officers and the number and value of unexercised in-the-money options held at December 31, 2000. The actual amount, if any, realized upon exercise of stock options will depend upon the amount by which the market price (NYSE) of the Corporation's common stock on the date of exercise exceeds the exercise price. There is no assurance that the values of unexercised in-the-money stock options (whether exercisable or unexercisable) reflected in this table will actually be realized.

LONG TERM INCENTIVE PLAN AWARDS

The following table contains information about long term stock awards granted in 2000. Under the LTIP, deferred shares of the Corporation's common stock (Performance Shares) may be awarded to officers and other key employees, including the named executive officers. Further information concerning Performance Shares can be found in the Compensation Committee Report (see pages 24 to 26) and in the footnotes to the Summary Compensation Table.

(1) Performance Shares awarded to the named executive officers in 2000 were for deferred shares of the Corporation's common stock and were granted, pursuant to the LTIP, under the Performance Share Program. This program is discussed in more detail on page 26.

PENSION PLAN

American's basic pension program for management personnel consists of a fixed benefit retirement plan which complies with the Employee Retirement Income Security Act of 1974 ("ERISA") and qualifies for federal exemption under the Internal Revenue Code ("Code"). Officers of American are eligible for additional retirement benefits, to be paid by American under the Supplemental Executive Retirement Plan (the "SERP"). The SERP provides pension benefits (calculated upon the basis of final average base salary, incentive compensation payments and performance returns) to which officers of American would be entitled, but for the limit of \$135,000 on the maximum annual benefit payable under ERISA and the Code and the limit on the maximum amount of compensation which may be taken into account under American's basic pension program (\$170,000 for 2000).

The following table shows typical annual benefits payable under the basic pension program and the SERP, based upon retirement in 2000 at age 65, to persons in specified remuneration and credited years-of-service classifications. Annual retirement benefits set forth below are subject to offset for Social Security benefits.

As of December 31, 2000, the named executive officers had the following credited years of service (which includes any additional credited years of service awarded): Mr. Carty--25.1; Mr. Baker--33.5; Mr. Gunn--30.5; Mr. Arpey--17.3; Mr. Garton--13.3. Benefits are shown in the above table on a single-life annuity basis.

To recognize the loss of the annual cash performance return payment, Messrs. Carty, Baker and Gunn received an additional 1.5, 1.0 and .5 years, respectively, of credited years of service under the pension plan and the SERP for each year of employment beginning in 1999 until retirement. This additional benefit will be paid through the SERP. Beginning in 2000, Mr. Carty will receive an additional .5 year of credited service for each year of employment until attainment of age 60. This benefit was granted in lieu of a pay increase for the year 2000 and will be paid through the SERP at retirement.

CORPORATE PERFORMANCE

The following graph compares the yearly change in the Corporation's cumulative total return on its common stock with the cumulative total return on the published Standard & Poor's 500 Stock Index, the cumulative total return on an index of airlines published by Standard & Poor's and an index comprised of ten major airlines, in each case over the preceding five-year period. The Corporation believes that while total stockholder return is an INDICATOR OF CORPORATE PERFORMANCE, it is subject to the vagaries of the market.

OTHER MATTERS INVOLVING EXECUTIVE OFFICERS

EXECUTIVE TERMINATION BENEFITS AGREEMENTS/EMPLOYMENT AGREEMENTS

The Corporation has executive termination benefits agreements (the "Agreements") with 14 officers of American, including all of the named executive officers. The benefits provided by the Agreements are triggered by the termination of the individual who is a party to an Agreement: (i) within two years following a change in control of the Corporation, if the individual's employment with the Corporation is terminated other than for cause or if the individual terminates his or her employment with "good reason"; or (ii) within the 30 day period immediately following the first anniversary of a change in control of the Corporation, if the individual terminates his or her employment with the Corporation. Any termination of an individual (other than for cause) that occurs not more than 180 days prior to a change in control and following the commencement of any discussions with a third party that ultimately results in a change in control will be deemed to be a termination of an individual after a change in control. If the individual's employment is terminated for cause or as a consequence of death or disability, the Agreement is not triggered. Under the terms of the Agreements, a change in control of the Corporation is deemed to occur: (i) if a third party acquires 15% or more of the Corporation's common stock; (ii) if the individuals who, as of the date of the Agreements, constitute the Board of Directors of the Corporation cease for any reason to constitute at least a majority thereof (provided that directors subsequent to the date of the Agreements whose election or nomination was approved by a majority of the incumbent board will be considered as if such members were members of the incumbent board); (iii) upon the consummation of a reorganization, merger, consolidation, sale or other disposition of all or substantially all of the assets of the Corporation or the acquisition of the assets of another corporation unless (a) more than 60% of the Corporation's voting stock remains in the hands of the same stockholders, (b) no person owns more than 15% of the common stock of the surviving corporation and (c) at least a majority of the members of the Board following the transaction is the same as the members of the Board who approved the transaction; or (iv) upon the approval by the stockholders of the Corporation of a complete liquidation or dissolution of the Corporation.

The Agreements provide that upon such termination the individual will receive: three times the sum of (i) the individual's annual base salary and (ii) the annual award paid under American's Incentive Compensation Plan, as well as certain other miscellaneous benefits. In addition, upon a change in control, the vesting and exercisability of stock awards will be accelerated (for example, deferred and restricted stock will immediately vest at target award levels and all stock options will become immediately exercisable). Finally, the individual will be reimbursed for excise taxes, if any, paid pursuant to Section 280G of the Code (or its successor provision) and for federal income tax paid on such excise tax reimbursement.

AUDIT COMMITTEE REPORT

The Audit Committee of AMR Corporation is composed of five directors (see page 8) and met seven times during 2000. The Committee operates under a written charter (attached as Exhibit A). Each member of the Committee is independent (as independence is defined under the listing standards of the New York Stock Exchange).

As detailed in the Committee's Charter, the management of the Corporation is responsible for the Corporation's internal controls and financial operating system. The independent auditors (Ernst & Young LLP, "E&Y") is responsible for performing an independent audit of the Corporation's consolidated financial statements in accordance with auditing standards generally accepted in the United States and issuing a report relating to this audit. The Committee's responsibility is to monitor and oversee these processes.

Throughout 2000 the Committee met and held discussions with management and E&Y. The Committee reviewed and discussed the Corporation's consolidated financial statements with management and E&Y and discussed with E&Y the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees).

E&Y has also provided the Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the Committee has discussed with E&Y that firm's independence.

In reliance on the reviews and discussions referenced above, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2000. This report was filed with the Securities and Exchange Commission on March 22, 2001. Subject to shareholder approval at the 2001 annual meeting, the Committee has also recommended to the Board the selection of E&Y as the Corporation's independent auditors and the Board has approved that recommendation. (See Proposal 2 on page 27).

The Committee provides the following information relating to fees paid to E&Y in 2000:

Audit Fees.....	\$1,025,000
Financial Information Systems Design and Implementation Fees.....	\$ 0
All Other Fees.....	\$2,834,000
Audit Related.....	\$1,569,000
Non-audit Related.....	\$1,265,000

The Committee has considered the compatibility of Financial Information Systems Design and Implementation Fees (if any) and All Other Fees paid to E&Y in connection with E&Y's independence.

(1) OVERALL POLICY

The objectives of the Corporation's compensation policies are: (i) to attract and retain the best possible executive talent; (ii) to motivate its executives to achieve the Corporation's long term strategic goals; (iii) to link executive and stockholder interests through equity based compensation; and (iv) to provide a compensation package that appropriately recognizes both individual and corporate contributions. With these objectives in mind, the Corporation has developed an overall compensation strategy that links a very large portion of an executive's compensation to the Corporation's financial success.

The Compensation/Nominating Committee (the "Compensation Committee" or the "Committee") is composed entirely of disinterested members of the Board of Directors. No member of the Committee is a current or former employee or officer of the Corporation or any of its affiliates. The Committee meets regularly throughout the year to review general compensation issues and determines the compensation of all of the officers of American (eight of whom are also officers of the Corporation)--including all of the named executive officers.

Once a year, the Compensation Committee conducts a comprehensive review of the Corporation's executive compensation program. This review includes (i) an internal report evaluating executive compensation throughout the Corporation to ensure consistency and program effectiveness and (ii) a comprehensive report from Hewitt Associates LLC (an independent compensation consultant retained separately by the Committee) evaluating the competitiveness of executive compensation at the Corporation relative to other major public corporations employing similar executive talent. The Committee also regularly reviews data on the competitive marketplace, comparing total compensation and each element thereof with compensation opportunities at comparable positions at other companies. The Committee's policy is to establish compensation ranges that are approximately at the median of those found at a comparator group made up of Fortune 500 companies across industries with whom the Corporation competes for executive talent (the "Comparator Group").(1)

An executive's compensation has the following components: (i) base salary; (ii) incentive compensation (a performance-based bonus component); (iii) stock options; and (iv) performance shares (a performance-based deferred stock program with a three-year measurement period). The Corporation expects that compensation paid in 2000 to the named executive officers will be fully deductible for U.S. income tax purposes.

(2) DISCUSSION

(A) BASE SALARY

The Committee annually reviews officers' salaries, including those of the named executive officers, and makes adjustments based on its subjective evaluation of the performance of the Corporation and the individual.

In 2000, Mr. Carty's base salary was not increased. In lieu of a salary increase, Mr. Carty will receive additional years of service under the American Airlines' SERP (see page 20 for a description). This enhancement to Mr. Carty's pension benefit was based on the Committee's subjective evaluation of (i) Mr. Carty's service and strategic contributions and (ii) Mr. Carty's compensation relative to the

- - - - -

(1) This group differs from the comparison group used for the calculation of the Corporate Performance Graph because the Corporation competes with a broader group of companies for executive talent.

compensation of other chief executives at the Comparator Group. For the other named executive officers, the increase in base salary was determined by the Committee based on a subjective determination of each officer's performance.

(B) INCENTIVE COMPENSATION PLAN

American's incentive compensation plan is reviewed annually by the Committee in conjunction with the incentive compensation plans of the Corporation's other subsidiaries.

American's 2000 incentive compensation plan (the "2000 Plan") provided that participants would be eligible to receive awards only if the following four performance goals were met: (i) American's return on investment exceeded 6.4%; (ii) the profit sharing plan for employees represented by the Transport Workers Union made a distribution; (iii) the variable compensation plan for pilots made a distribution; and (iv) American's general profit sharing plan for eligible employees made a distribution. Given that each of these objectives was achieved, the 2000 Plan paid at a maximum level.

For the 2000 Plan, Mr. Carty received an incentive compensation bonus equal to 175% of his base salary. This was the amount called for under the 2000 Plan. For the other named executive officers, the incentive compensation payments were equal to the amounts called for under the 2000 Plan.

In 2000, the Committee retained a special compensation consultant, Frederic W. Cook & Co., Inc. ("Frederic Cook"), to assist it in restructuring the American Airlines' Incentive Compensation Plan for 2001 and subsequent years. The 2001 Incentive Compensation Plan (the "2001 Plan") will depend upon American's performance with respect to three criteria: net income; operational performance; and employee survey data. More information regarding the 2001 Plan will be provided in next year's proxy statement.

(C) STOCK BASED COMPENSATION

Under the LTIP, stock based compensation (which may include stock options, restricted stock, deferred stock and other stock based awards) may be granted to officers and key employees of the Corporation and its affiliates. This equity participation aligns the interests of the officers and the Corporation's stockholders over the long term.

STOCK OPTIONS

Stock options are issued to key employees and officers of American and the Corporation's other subsidiaries and are options to purchase the common stock of the Corporation. They are exercisable for ten years from the date of grant, have an exercise price equal to the average market price of the Corporation's common stock on the date of grant and vest in 20% increments over five years. This structure provides an incentive to create stockholder value over the long term, since the full benefit of the stock option compensation package cannot be realized unless stock appreciation occurs over a number of years.

The Committee determines the number of options granted based upon a subjective evaluation of the executive with respect to four factors: (i) individual performance; (ii) where applicable, the executive's ability to perform multiple functions; (iii) the executive's retention value to the Corporation; and (iv) the executive's compensation relative to the compensation of similarly situated executives at the Comparator Group. The number of stock options awarded, if any, depends upon the executive's evaluation with respect

to these factors.(2) The Committee generally does not take into account the number of stock options awarded in previous years.

In 2000, the Committee granted Mr. Carty options to purchase 375,000 shares of the Corporation's common stock at an exercise price of \$33.375, which represents the average market price (NYSE) of the Corporation's common stock on the date of grant. The number of stock options was determined based on the factors set forth in the immediately preceding paragraph and the Committee's subjective evaluation of Mr. Carty's service and strategic contributions. For the other named executive officers, the number of stock options granted in July 2000 was based upon the factors outlined in the immediately preceding paragraph. The January 2000 stock option grants reflected the promotions of Mr. Baker to Vice Chairman of the Corporation and each of Messrs. Arpey, Garton and Gunn to the position of Executive Vice President of the Corporation and recognized the additional duties assumed by these gentlemen in their new positions.

PERFORMANCE SHARES

Performance shares are shares of deferred stock which are granted to officers and key employees of American and the Corporation's other subsidiaries and are issued pursuant to the LTIP. Distribution of these shares is contingent upon the Corporation's attainment of predetermined cash flow objectives over a three-year "performance period." The cash flow objective is based on the Corporation's cumulative operating cash flow return on adjusted gross assets ("CFROGA") over the performance period. The percentage of the shares which will be distributed ranges from 0% to 175% based upon varying levels of CFROGA over the three-year period, as well as the Corporation's standing (on the same basis) relative to four major competitors (United Airlines, Inc., Delta Air Lines, Inc., Southwest Airlines, Inc. and US Airways, Inc.).(3) If each competitor outperforms the Corporation with respect to this measurement, or if the Corporation fails to achieve a certain level of cumulative operating cash flow relative to adjusted assets, no performance shares will be earned. The Committee determines the number of performance shares it will award to an executive based upon the Committee's subjective evaluation of the executive with respect to four factors: (i) individual performance; (ii) where applicable, the executive's ability to perform multiple functions; (iii) the executive's retention value to the Corporation; and (iv) the executive's compensation relative to the compensation of similarly situated executives at the Comparator Group.

In 2000, Mr. Carty was granted 37,000 performance shares based on the factors set forth in the immediately preceding paragraph and the Committee's subjective evaluation of Mr. Carty's service and strategic contributions; for the other named executive officers, the number of performance shares granted in 2000 was based upon the factors outlined in the immediately preceding paragraph.

In 2001, the Committee retained Frederick Cook to review the performance measurement used in the Performance Share Program. Based upon that review, the Committee decided that for 2001 and subsequent years the distribution of performance shares would be based upon total shareholder return rather than CFROGA. More information regarding these changes to the Performance Share Program will be provided in next year's proxy statement.

PROPOSAL 2--SELECTION OF AUDITORS

Based upon the recommendation of the Corporation's Audit Committee, the Board of Directors has selected Ernst & Young LLP to serve as the Corporation's independent auditors for the year ending December 31, 2001. The stockholders will be requested to ratify the Board's selection. Representatives of Ernst & Young LLP will be present at the annual meeting, will have the opportunity to make a statement, if they so desire, and will be available to answer appropriate questions.

VOTE REQUIRED FOR APPROVAL

The affirmative vote of a majority of the shares represented and entitled to vote is required to approve the Board's selection of independent auditors. If the stockholders do not ratify the selection of Ernst & Young LLP, the selection of independent auditors will be reconsidered by the Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THIS PROPOSAL.

PROPOSAL 3--STOCKHOLDER PROPOSAL
RELATING TO THE LOCATION OF ANNUAL MEETINGS

Mrs. Evelyn Y. Davis, Watergate Office Building, 2600 Virginia Ave., N.W., Suite 215, Washington, D.C. 20037, who owns 100 shares of stock, has given notice that she will propose the following resolution from the floor. The proposed resolution and statement in support thereof are set forth below. A majority of votes cast is necessary for approval of the proposal.

RESOLVED: "That the stockholders of AMR recommend that the Board of Directors take the necessary steps to rotate the annual meeting to cities where American has major hubs or spokes, or where there are many stockholders. Cities could include Chicago, Los Angeles, Washington D.C. and Miami for instance.

SUPPORTING STATEMENT:

REASONS: For many years AMR has been meeting almost exclusively in the Dallas-Fort Worth area where mostly employee stockholders attended the meeting. At one time AMR used to rotate, but in the last few years this has not happened. We suggest that AMR meet every fourth year in Dallas-Fort Worth and the other three years in other cities.

Stockholders in other parts of the country also would like to meet management and directors.

The many problems the Company faces make maximum attendance by outside independent non-employee shareholders desirable. Delta and US Airways as well as many, many other corporations have been rotating their annual meetings in the last few years, so should AMR.

Last year the owners of 4,818,151 shares, representing approximately 4% of shares voting, VOTED FOR this proposal.

If you AGREE, please mark your proxy FOR this proposal."

THE BOARD OF DIRECTORS OPPOSES THIS PROPOSAL.

Prior to 1980, the Corporation's predecessor American Airlines, Inc. followed a policy of rotating the location of the annual meeting. At that time, the Corporation's headquarters were located in New York, and holding annual meetings in New York would have inconvenienced stockholders located in other parts of the country.

Since 1980, the Corporation has held most of its annual meetings in the Dallas/Fort Worth area near its headquarters. Since the Dallas/Fort Worth area is readily accessible from all parts of the country and is the Corporation's largest hub, it is a convenient location for many stockholders. In addition, by holding the annual meeting close to its headquarters' offices, the Corporation has been able to eliminate substantial travel time of its senior management and minimize expenses for hotel rooms and meals.

In 1987 and 1995, the Board decided to hold the annual meeting at sites in other areas of the country. In the future the Board may decide to hold the annual meeting in a new location, or may decide to remain near headquarters. The Board prefers to have the flexibility to make such decisions and opposes the imposition of a mandatory rotation program.

FOR THESE REASONS, THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL.

PROPOSAL 4--STOCKHOLDER PROPOSAL
RELATING TO THE BOARD OF DIRECTORS

Mr. John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, California, who owns 100 shares of stock, has given notice that he will propose the following resolution from the floor. The proposed resolution and statement in support thereof are set forth below. A majority of votes cast is necessary for approval of the proposal.

Increase Director Independence

AMR Corporation shareholders recommend the board increase director independence by adopting the Council of Institutional Investors standard of independence in the company By-Laws--to define which AMR directors are independent. This is to apply to all company governance documents and practices.

The Council of Institutional Investors states: "A director is deemed independent if his only non-trivial professional, familial or financial connection to the corporation or its CEO is his or her directorship."

Why is it particularly important to make this an AMR By-Law?

We believe increasing the standard of director independence is particularly important for AMR due to evidence of lack of independence by AMR directors in recent practice:

Mr. Boren Collects weather information fees from AMR.
Mr. Graves Collects AMR funds for his magazine.

We believe these directors are thus in a potentially compromising position to lose their lucrative funding from AMR--if they express sound and independent business judgment unpopular with AMR management.

To enhance director oversight of management: Increase Director Independence.

THE BOARD OF DIRECTORS OPPOSES THIS PROPOSAL.

Currently the AMR Board is composed of ten directors. One of those directors, Mr. Carty, is also an employee of the Corporation. Of the remaining nine directors, AMR already has in place adequate requirements to ensure the independence of the Board and the key Committees of the Board.

With respect to the Board, the financial relationships between the identified directors and the Corporation are DE MINIMIS. There is no evidence that those relationships have compromised the independence of a director. The number of directors who have no ties with the Corporation (financial or otherwise) is clearly larger than those who have DE MINIMIS financial relationships. Also, as a matter of Board practice, directors who may have an interest in a matter being considered by the Board routinely recuse themselves. As to the key Committees of the Board (the Audit and Compensation/Nominating Committees), the Corporation's By-Laws currently require that the members of those Committees be independent. Further, the members of those Committees must meet independence standards as adopted from time to time by the Securities and Exchange Commission and/or the New York Stock Exchange.

The Board, therefore, believes that this proposal has been substantially implemented in light of the Corporation's existing By-Laws and its practices. Further, in considering future Board candidates the Corporation needs to consider as many qualified individuals as possible. To arbitrarily exclude from consideration any candidate who may have a financial relationship with the Corporation would not be in the best long term interests of the Corporation or its shareholders.

FOR THESE REASONS, THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL.

OTHER MATTERS

If any other matters properly come before the meeting, it is intended that the persons voting the proxies will vote in accordance with their best judgment.

ADDITIONAL INFORMATION

STOCKHOLDER PROPOSALS/NOMINATIONS

From time to time, stockholders submit proposals which may be proper subjects for inclusion in the proxy statement and for consideration at the annual meeting. Proposals for inclusion in the 2002 proxy statement must be received by the Corporation no later than December 1, 2001. Any such proposal, as well as any related questions, should be directed to the Corporate Secretary of the Corporation.

The Corporation's By-Laws provide that any stockholder wishing to bring any other item (other than proposals intended to be included in the proxy materials and nominations for directors) before an annual meeting must notify the Corporate Secretary of such fact not less than 60 nor more than 90 days before the date of the meeting. For the Corporation's year 2002 annual meeting such notice must be received between February 15 and March 15, 2002. Such notice shall be in writing and shall set forth the item proposed to be brought before the meeting, shall identify the stockholder and shall disclose the stockholder's interest in the proposed item.

Under the Corporation's By-Laws, nominations for director, other than those made by or at the direction of the Board of Directors, must be made by timely written notice to the Corporate Secretary of the Corporation setting forth as to each nominee the information required to be included in a proxy statement under the proxy rules of the Securities and Exchange Commission and including evidence of such nominee's consent to serve. Such notice must be received not less than 120 calendar days before the date of the Corporation's proxy statement released to stockholders in connection with the previous year's annual meeting. For the Corporation's year 2002 annual meeting, the Corporation must receive such notice prior to December 26, 2001.

By Order of the Board of Directors,

/s/ Charles D. MarLett

Charles D. MarLett
CORPORATE SECRETARY

April 23, 2001

CHARTER OF THE AUDIT COMMITTEE OF AMR CORPORATION

ROLE. The primary purpose of the Audit Committee ("Committee") is to assist the Board of Directors ("Board") of AMR Corporation ("Corporation") in fulfilling its responsibilities in overseeing management's conduct of the Corporation's financial reporting process, its systems of internal accounting and financial controls and its internal audit function. In performing its duties the Committee will: (i) review financial information provided by the Corporation to third parties (e.g., the Securities and Exchange Commission, the New York Stock Exchange, and the general public); (ii) review the independence of the independent auditors; and (iii) review the Corporation's Business Ethics Program. Although the Committee has the responsibilities set forth in this Charter, management is responsible for preparing the Corporation's financial statements, and the independent auditors is responsible for auditing those statements. It is not the duty of the Committee to plan or conduct the audit or to determine that the Corporation's financial statements are complete and accurate or are in accordance with generally accepted accounting principles. Nothing in this Charter changes, or is intended to change, the responsibilities of management or the independent auditors. Moreover, nothing in this Charter is intended to increase the liability of the members of the Committee beyond that which existed before this Charter was approved by the Board.

RESOURCES. The Committee will have the authority to retain special legal, accounting or other experts for advice and consultation. The Committee may request any officer or employee of the Corporation, the Corporation's outside legal counsel, or the independent auditors to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. The Committee will have full access to the books, records and facilities of the Corporation.

MEMBERSHIP. The Committee will be composed of no fewer than three members of the Board. At all times the membership of the Committee will meet the requirements of the Audit Committee Policy of the New York Stock Exchange.

RESPONSIBILITIES. The following functions will be the common recurring activities of the Committee. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances.

- o Review and recommend annually to the Board of Directors the selection, retention or termination of the independent auditors, it being understood that the independent auditors is ultimately accountable to the Committee and the Board.
- o Review annually with the independent auditors and the financial management staff of the Corporation the scope and general extent of the proposed audit.
- o Review and approve the proposed engagement letter for the annual audit with the independent auditors including the proposed scope and fees for the audit.
- o Review the results of the audit for each fiscal year of the Corporation with the independent auditors, the Chief Executive Officer, the Chief Financial Officer and other representatives of the Corporation. This review should cover and include, among other things, the audit report, the published financial statements, the "Management Letter Recommendations" prepared by the independent auditors, other pertinent reports and the matters to be discussed by SAS No. 61.

- o Review with the independent auditors the Corporation's interim financial results to be included with the Corporation's quarterly reports on Form 10-Q including the matters to be discussed by SAS No. 61.
- o Review with management and the independent auditors any changes in accounting principles in the financial statements proposed by management and approved by the independent auditors.
- o Review with the independent auditors any new or proposed auditing, accounting and reporting standards, and management's plan to implement the required changes.
- o Review annually the independence of the auditors, including an analysis of all substantial professional non-audit services provided by the independent auditors and the effect, if any, on the independence of the auditors.
- o Review the internal audit function of the Corporation including the proposed programs for the coming year and the coordination of such programs with the independent auditors, with particular attention to maintaining an effective balance between independent and internal auditing resources.
- o Review the progress of the internal audit program and key findings.
- o Periodically review the Corporation's policies with respect to conflicts of interest and ethical conduct and recommend to the Board of Directors any changes in these policies which the Committee deems appropriate.
- o Review annually this Charter and recommend any proposed changes to the Board.
- o Review annually with the Corporation's Chief Compliance Officer the Corporation's Business Ethics Program.
- o Review the Audit Committee report to be included in the Corporation's proxy statement.
- o Develop procedures designed to ensure that (i) each member of the Committee is "financially literate" as such term is defined by the Board in its business judgment and (ii) at least one member of the Committee has "financial management expertise" as such term is defined by the Board in its business judgment.
