Such statements include, but are not limited to, statements about future financial and operating results, our plans, objectives, expectations and intentions, and other statements that are not historical facts, such as, without limitation, statements that discuss the possible future effects of current known trends or uncertainties, or which indicate that the future effects of known trends or uncertainties cannot be predicted, guaranteed or assured. These forward-looking statements are based on our current objectives, beliefs and expectations, estimates and strategies for the future, and they are subject to significant risks and uncertainties that may cause actual results and financial position and timing of certain events to differ materially from the information in the forward-looking statements. These risks and uncertainties include, but are not limited to, the outbreak and global spread of COVID-19 and resulting severe decline in demand for air travel and the duration and severity of the COVID-19 pandemic, and similar public health threats that we may face in the future; downturns in economic conditions that could adversely affect our business; an inability to obtain sufficient financing or other capital, including in response to the impact of COVID-19, to operate successfully and in accordance with our current business plan; the effect our high level of debt and other obligations may have on our ability to fund general corporate requirements, our ability to obtain additional financing and respond to competitive developments and adverse economic and industry conditions; the loss of key personnel upon whom we depend to operate our business or the inability to attract additional qualified personnel; competitive practices in our industry, including the impact of low cost carriers, competing airline alliances and industry consolidation; the impact of changing economic and other conditions beyond our control, including global events that affect travel behavior such as the outbreak of the COVID-19 pandemic, and volatility and fluctuations in our results of operations due to seasonality; our ability to preserve cash and improve our overall liquidity position in response to the impact of COVID-19; the impact of continued periods of high volatility in fuel costs, increased fuel prices or significant disruptions in the supply of aircraft fuel; the impact of union disputes, employee strikes and other labor-related disruptions, or our inability to otherwise maintain labor costs at competitive levels; our significant pension and other postretirement benefit funding obligations; the impact of any damage to our reputation or brand image; losses and adverse publicity stemming from any public incident involving our company, our people or our brand, including any accident or other public incident involving our personnel or aircraft, a type of aircraft in our fleet, or the personnel or aircraft of our regional or codeshare or joint business operators; extensive government regulation, which may result in increases in our costs, disruptions to our operations, limits on our operating flexibility, reductions in the demand for air travel, including in response to the impact of COVID-19, and competitive disadvantages; the global scope of our business and any associated economic and political instability or adverse effects of events, circumstances or government actions beyond our control, including the impact of foreign currency exchange rate fluctuations and limitations on the repatriation of cash held in foreign countries and risks associated deterioration in global trade relations, including shifts in the trade policies of individual nations and risks associated with the legal and regulatory uncertainty resulting from the exit of the United Kingdom from the EU and the consequences that will flow from such exit; the impact of conflicts overseas, terrorist attacks and ongoing security concerns; the impact associated with climate change, including increased regulation to reduce emissions of greenhouse gases and the potential increased impacts of severe weather events on our operations and infrastructure; the impact of environmental and noise regulation; our dependence on a limited number of suppliers for aircraft, aircraft engines and parts; delays in scheduled aircraft deliveries, or other loss of anticipated fleet capacity, and failure of new aircraft to perform as expected, including as a result of the March 2019 order from the FAA grounding all Boeing 737 Max aircraft; our reliance on

technology and automated systems and the impact of any failure of these technologies or systems; challenges in integrating our computer, communications and other technology systems; costs of evolving data security and privacy requirements and the impact of any significant data security incident; our reliance on third-party regional operators or third-party service providers that have the ability to affect our revenue and the public's perception about our services; any inability to effectively manage the costs, rights and functionality of third-party distribution channels on which we rely; any inability to obtain and maintain adequate facilities, infrastructure and slots to operate our flight schedule and expand or change our route network; interruptions or disruptions in service at one or more of our key facilities; changes to our business model that may not successfully increase revenues and may cause operational difficulties or decreased demand; the inability to protect our intellectual property rights, particularly our branding rights; the effect on our financial position and liquidity of being party to or involved in litigation; the effect of a higher than normal number of pilot retirements, more stringent duty time regulations and increased training requirements, causing a continuing shortage of commercial pilots; the impact of possible future increases in insurance costs or reductions in available insurance coverage; the impact of the heavy taxation on the airline industry; an inability to use net operating losses carried over from prior taxable years; any inability to produce the results we expect from the commercial relationships that we have with other airlines, including any related equity investments; provisions in credit card processing and other commercial agreements that may materially reduce our liquidity; any impairment in our significant amount of goodwill and an inability to realize the full value of our intangible or long-lived assets and any material impairment charges that would be recorded as a result; price volatility of our common stock; the effects of our capital deployment program and the limitation, the suspension and discontinuation of our share repurchase program and dividend payments thereunder as required by the Coronavirus Aid, Relief, and Economic Security Act, as amended (the "CARES Act") and any future repurchases of or payment of dividends on our common stock; the effect of provisions of our Restated Certificate of Incorporation and Amended and Restated Bylaws that limit ownership and voting of our equity interests, including our common stock; the effect of provisions of our Restated Certificate of Incorporation and Amended and Restated Bylaws that may delay or prevent stockholders' ability to change the composition of our Board of Directors and the effect this may have on takeover attempts that some of our stockholders might consider beneficial; the effect that the issuance or sale of shares of our common stock, rights to acquire shares of our common stock, or warrants issued to United States Department of the Treasury (the "Treasury") in connection with the CARES Act, could have on the trading price of our common stock; and other economic, business, competitive, and/or regulatory factors affecting our business. These risks and uncertainties include, but are not limited to, those set forth: (i) under the heading "Risk Factors" set forth elsewhere in this prospectus supplement, (ii) in our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2020 (especially in Part I, Item 2 — Management's Discussion and Analysis of Financial Condition and Results of Operations, Part I, Item 3 — Quantitative and Qualitative Disclosures About Market Risk and Part II, Item 1A — Risk Factors) and (iii) in the Company's other filings with the SEC.

All forward-looking statements in this prospectus supplement, the accompanying prospectus, the documents incorporated by reference into this prospectus supplement and the accompanying prospectus and other materials filed or to be filed with the SEC are based upon information available to us on the date of this prospectus supplement or such document. There may be other factors of which we are not currently aware that may affect matters discussed in the forward-looking statements and may also cause actual results to differ materially from those discussed. Forward-looking statements speak only as of the date hereof or as of the dates indicated in such statements. We do not assume any obligation to publicly update or supplement any forward-looking statement to reflect actual results, changes in assumptions or changes in other factors affecting such statements other than as required by law.

SUMMARY

This summary highlights selected information about us and this offering. This summary is not complete and does not contain all of the information that may be important to you. You should read carefully this prospectus supplement, the accompanying prospectus and any related company free writing prospectus, including the “Risk factors” section, and the other documents that we refer to and incorporate by reference herein, including Part II, Item 1A — “Risk Factors” in our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2020 for a more complete understanding of us, AAG and this offering. In particular, we incorporate by reference important business and financial information in this prospectus supplement. See “Incorporation of Certain Documents by Reference” in this prospectus supplement.

The Company

American Airlines Group Inc. (“AAG”), a Delaware corporation, is a holding company and its principal, wholly-owned subsidiary is American Airlines, Inc. (“American”). AAG was formed in 1982 under the name AMR Corporation as the parent company of American, which was founded in 1934.

AAG’s principal executive office is located at 1 Skyview Drive, Fort Worth, Texas 76155. AAG’s telephone number is 817-963-1234 and its website is www.aa.com. Information contained on American’s website is not and should not be deemed a part of this prospectus supplement or any report or filing filed with or furnished to the SEC.

Recent Developments

Pursuant to a separate prospectus supplement dated October 22, 2020, we registered the issuance and sale from time to time of shares of our common stock having an aggregate gross sales price of up to \$1,000,000,000 through Goldman Sachs & Co. LLC, Credit Suisse Securities (USA) LLC, Deutsche Bank Securities Inc., Morgan Stanley & Co. LLC and BNP Paribas Securities Corp. (the “ATM Offering”). As of November 9, 2020, we have sold 57,858,333 shares of our common stock for an aggregate gross sales price of \$702,112,888 pursuant to the ATM Offering and shares of our common stock having an aggregate gross sales price of \$297,887,112 remain available for sale pursuant to the ATM Offering. As a result of the lock-up provisions included in the underwriting agreement with respect to this offering and unless such lock-up provisions are waived, we will not be permitted to conduct additional sales under the ATM Offering until December 10, 2020 if the Common Stock Offering is consummated. The 38,500,000 shares of common stock we are offering pursuant to this prospectus supplement are in addition to, and not a part of, the ATM Offering.

As a result of the sales made pursuant to the ATM Offering as of November 9, 2020 and the proceeds from this offering, assuming the offering is consummated, the Company expects to end the fourth quarter of 2020 with more than \$14.5 billion in total available liquidity, which excludes any additional proceeds from sales of our common stock that we may still make pursuant to the remaining capacity available under the ATM Offering.

THE OFFERING

The summary below describes the principal terms of the offering. As used in this section, “we,” “our” and “us” refer to American Airlines Group Inc. and not to its subsidiaries.

Issuer	American Airlines Group Inc.

Common Stock Outstanding Immediately Following this Offering	547,131,777 shares.
Use of Proceeds	We estimate that the net proceeds to us from this offering will be approximately \$ million (or approximately \$ million if the underwriter fully exercises its option to purchase additional shares of our common stock), after deducting the underwriter’s discounts and commissions and our estimated offering expenses. We intend to use the net proceeds for general corporate purposes and to support our liquidity position. See “Use of Proceeds.”

[Table of Contents](#)

Furthermore, we may issue additional warrants to the Treasury for up to approximately 55.6 million shares of our common stock, assuming we draw the remaining \$6.95 billion principal amount available under the secured loan entered into between us and the Treasury on September 25, 2020, pursuant to the CARES Act.

Unless otherwise indicated, all information in this prospectus supplement assumes the underwriter does not exercise its option to purchase additional shares of our common stock in this offering.

RISK FACTORS

An investment in our common stock involves certain risks. You should carefully consider the risks described below and those discussed under Part II, Item 1A — Risk Factors in our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2020, as well as the other information included or incorporated by reference in this prospectus supplement, before making an investment decision. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. The market or trading price of the notes could decline due to any of these risks, and you may lose all or part of your investment. In addition, please read “Special note about forward-looking statements” in this prospectus supplement, where we describe additional uncertainties associated with our business and the forward-looking statements included or incorporated by reference in this prospectus supplement. Please note that additional risks not presently known to us or that we currently deem immaterial may also impair our business, financial condition or results of operations. To the extent COVID-19 adversely affects our business, operations, financial condition and operating results, it may also have the effect of heightening many of the other risks described in this “Risk Factors” section (including those described in our Annual Report on Form 10-K for the year ended December 31, 2019 and our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2020, which are each incorporated by reference in this prospectus supplement), such as those relating to our high level of indebtedness, our need to generate sufficient cash flows to service our indebtedness, and our ability to comply with the covenants contained in the agreements that govern our indebtedness.

Risks Related to This Offering and our Common Stock

The issuance or sale of shares of our common stock, rights to acquire shares of our common stock, or warrants issued to Treasury under the Payroll Support Program and in connection with the CARES Act loan, could depress the trading price of our common stock and the notes.

We may conduct future offerings of our common stock, preferred stock or other securities that are convertible into or exercisable for our common stock to finance our operations, or to fund acquisitions, or for any other purposes at any time and from time to time, subject to the terms of the lock-up provisions in the underwriting agreement we will enter into in connection with this offering. In addition, as of September 30, 2020, we had reserved 7,941,163 shares issuable upon the exercise of outstanding restricted stock units and we had 26,221,966 shares available for issuance under our 2013 Equity Incentive Plan. We have also issued (i) 6.50% convertible senior notes due 2025 which are convertible into up to 74,074,000 shares of our common stock, (ii) 57,858,333 shares of our common stock sold pursuant to the ATM Offering (see “Recent Developments” for additional information, including the possible issuance of additional shares of our common stock under the remaining capacity available under the ATM Offering), (iii) warrants to the U.S. Department of Treasury (the “Treasury”) pursuant to the payroll support program (the “Payroll Support Program”) under the CARES Act, which are exercisable for up to approximately 14.1 million shares of our common stock and (iv) warrants to the Treasury in connection with the secured loan provided under the Loan and Guarantee Agreement (the “Treasury Loan Agreement”) we entered into with Treasury pursuant to the CARES Act, which are exercisable for up to approximately 4.4 million shares of our common stock related to the initial \$550 million borrowing that was made thereunder. Moreover, we may issue additional warrants to the Treasury exercisable for up to approximately 55.6 million shares of our common stock, assuming we draw the full \$7.5 billion amount of the secured loan provided under the Treasury Loan Agreement. If these additional shares are issued or sold, as the case may be, or if it is perceived that they will be issued or sold, into the public market, the price of our common stock could decline substantially.

We have entered into a lock-up agreement with the underwriter of this offering under which we agreed, for a period of 30 days from the date of this prospectus supplement, subject to certain exceptions, not to sell, directly or indirectly, any shares of our common stock without the permission of BofA Securities, Inc. We refer to such period as the lock-up period. When the lock-up period expires, we will be able to sell our common stock in the public market, subject to compliance with applicable securities laws restrictions. Sales of a substantial number of

[Table of Contents](#)

such shares of our common stock upon expiration of the lock-up period or otherwise, the perception that such sales may occur, or early release of these agreements, could cause the market price of our common stock to fall or make it more difficult for you to sell your shares at a time and price that you deem appropriate.

The price of AAG common stock has been and may in the future be volatile.

The market price of AAG common stock has fluctuated in the past, and may fluctuate substantially in the future, due to a variety of factors, many of which are beyond our control, including:

- the effects of the COVID-19 pandemic on our business or the U.S. and global economies;
- macro-economic conditions, including the price of fuel;
- changes in market values of airline companies as well as general market conditions;
- our operating and financial results failing to meet the expectations of securities analysts or investors;
- changes in financial estimates or recommendations by securities analysts;
- changes in our level of outstanding indebtedness and other obligations;
- changes in our credit ratings;
- material announcements by us or our competitors;
- expectations regarding our capital deployment program, including any existing or potential future share repurchase programs and any future dividend payments that may be declared by our Board of Directors, or any determination to cease repurchasing stock or paying dividends (which we have suspended for an indefinite period in accordance with the applicable requirements under the CARES Act);
- new regulatory pronouncements and changes in regulatory guidelines;
- general and industry-specific economic conditions;
- changes in our key personnel;
- public sales of a substantial number of shares of our common stock or issuances of our common stock upon the exercise or conversion of restricted stock unit awards, stock appreciation rights, or other securities that may be issued from time to time, including warrants we have or will issue in connection with our receipt of funds under the CARES Act;
- increases or decreases in reported holdings by insiders or other significant stockholders; and
- fluctuations in trading volume.

Our management may spend the proceeds of this offering in ways with which you may disagree or that may not be profitable.

We intend to use the net proceeds from this offering for general corporate purposes and to enhance our liquidity position. However, our management will have broad discretion to apply the net proceeds, and investors will rely on our management's judgment in spending the net proceeds. Our management may use the proceeds in ways that do not earn a profit or otherwise result in the creation of stockholder value. In addition, pending our use of the proceeds, we may invest the proceeds primarily in instruments that do not produce significant income or that may lose value.

AAG's Certificate of Incorporation and Bylaws include provisions that limit voting and acquisition and disposition of our equity interests.

Our Certificate of Incorporation and Bylaws include significant provisions that limit voting and ownership and disposition of our equity interests, as described in "Description of Our Capital Stock" elsewhere in this prospectus supplement and in Part II, Item 5. Market for American Airlines Group's Common Stock, Related Stockholder Matters and Issuer Purchases of Equity Securities—"Ownership Restrictions" in our Annual Report on Form 10-K for the year ended December 31, 2019. These restrictions may adversely affect the ability of certain holders of our common stock and our other equity interests to vote such interests and adversely affect the ability of persons to acquire shares of our common stock and our other equity interests.

Certain provisions of our Certificate of Incorporation and Bylaws make it difficult for stockholders to change the composition of our Board of Directors and may discourage takeover attempts that some of our stockholders might consider beneficial.

Certain provisions of our Certificate of Incorporation and Bylaws, as currently in effect, may have the effect of delaying or preventing changes in control if our Board of Directors determines that such changes in control are not in our best interest and the best interest of our stockholders. These provisions include, among other things, the following:

- advance notice procedures for stockholder proposals to be considered at stockholders' meetings;
- the ability of our Board of Directors to fill vacancies on the board;
- a prohibition against stockholders taking action by written consent;
- stockholders are restricted from calling a special meeting unless they hold at least 20% of our outstanding shares and follow the procedures provided for in the amended Bylaws;
- a requirement that holders of at least 80% of the voting power of the shares entitled to vote in the election of directors approve any amendment of our Bylaws submitted to stockholders for approval; and
- super-majority voting requirements to modify or amend specified provisions of our Certificate of Incorporation.

These provisions are not intended to prevent a takeover, but are intended to protect and maximize the value of the interests of our stockholders. While these provisions have the effect of encouraging persons seeking to acquire control of our company to negotiate with our Board of Directors, they could enable our Board of Directors to prevent a transaction that some, or a majority, of our stockholders might believe to be in their best interest and, in that case, may prevent or discourage attempts to remove and replace incumbent directors. In addition, we are subject to the provisions of Section 203 of the Delaware General Corporation Law, which prohibits business combinations with interested stockholders. Interested stockholders do not include stockholders whose acquisition of our securities is approved by the Board of Directors prior to the investment under Section 203.

We have ceased making repurchases of our common stock and paying dividends on our common stock as required by the CARES Act. Following the end of those restrictions, if we do decide to make repurchases of or pay dividends on our common stock, we cannot guarantee that we will continue to do so or that our capital deployment program will enhance long-term stockholder value. Our capital deployment program could increase the volatility of the price of our common stock and diminish our cash reserves.

Since July 2014, as part of our capital deployment program, our Board of Directors had approved seven share repurchase programs aggregating \$13.0 billion of authority. As of September 30, 2020, there was \$420 million of remaining authority to repurchase shares under our current \$2.0 billion share our program. In connection with our receipt of payroll support under the CARES Act, we agreed not to repurchase shares of our common stock

[Table of Contents](#)

through September 30, 2021. In addition, we have entered into the Treasury Loan Agreement and, as a result, we are prohibited from repurchasing shares of our common stock through the date that is one year after the secured loan provided under the Treasury Loan Agreement is fully repaid. If we determine to make any share repurchases in the future, such repurchases under our repurchase programs may be made through a variety of methods, which may include open market purchases, privately negotiated transactions, block trades or accelerated share repurchase transactions. These share repurchase programs do not obligate us to acquire any specific number of shares or to repurchase any specific number of shares for any fixed period, and may be suspended again at any time at our discretion and without prior notice. The timing and amount of repurchases, if any, will be subject to market and economic conditions, applicable legal requirements, such as the requirements of the CARES Act and other relevant factors. Our repurchase of our common stock may be limited, suspended or discontinued at any time at our discretion and without prior notice.

Our Board of Directors commenced declaring quarterly cash dividends in July 2014 as part of our capital deployment program. In connection with our receipt of payroll support under the CARES Act, we agreed not to pay dividends on our common stock through September 30, 2021. In addition, we have entered into the Treasury Loan Agreement and, as a result, we are prohibited from paying dividends on our common stock through the date that is one year after the secured loan provided under the Treasury Loan Agreement is fully repaid. If we determine to make any dividends in the future, such dividends that may be declared and paid from time to time will be subject to market and economic conditions, applicable legal requirements and other relevant factors. We are not obligated to continue a dividend for any fixed period, and the payment of dividends may be suspended or discontinued again at any time at our discretion and without prior notice. We will continue to retain future earnings to develop our business, as opportunities arise, and evaluate on a quarterly basis the amount and timing of future dividends based on our operating results, financial condition, capital requirements and general business conditions. The amount and timing of any future dividends may vary, and the payment of any dividend does not assure that we will pay dividends in the future.

In addition, any future repurchases of our common stock or payment of dividends, or any determination to cease repurchasing stock or paying dividends, could affect our stock price and increase its volatility. The existence of a share repurchase program and any future dividends could cause our stock price to be higher than it would otherwise be and could potentially reduce the market liquidity for our stock. Additionally, any future repurchases of our common stock or payment of dividends will diminish our cash reserves, which may impact our ability to finance future growth and to pursue possible future strategic opportunities and acquisitions. Further, our repurchase of our common stock may fluctuate such that our cash flow may be insufficient to fully cover our share repurchases. Although our share repurchase programs are intended to enhance long-term stockholder value, there is no assurance that they will do so.

USE OF PROCEEDS

We estimate that the net proceeds from this offering will be approximately \$ _____ million (or approximately \$ _____ million if the underwriter fully exercises its option to purchase additional shares), after deducting the underwriter's discounts and estimated offering expenses.

We intend to use the net proceeds from this offering, including proceeds received upon exercise by the underwriter of its option to purchase additional shares, if any, for general corporate purposes and to enhance our liquidity position.

DIVIDEND POLICY

During 2014, our Board of Directors commenced declaring quarterly cash dividends as part of our capital deployment program. In January 2020, our Board of Directors declared a cash dividend of \$0.10 per share for stockholders of record as of February 5, 2020 and paid such dividend on February 19, 2020, totaling \$43.0 million. As of March 31, 2020, we have suspended our capital deployment program, including the payment of future dividends, in part due to the impact of the COVID-19 pandemic on our financial condition. In connection with our receipt of financial assistance under the Payroll Support Program, we agreed not to make dividend payments in respect of our common stock through September 30, 2021. We also entered into the Treasury Loan Agreement and, as a result, we are prohibited from paying dividends on our common stock through the date that is one year after the secured loan provided under the Treasury Loan Agreement is fully repaid.

Any future dividends that may be declared and paid from time to time will be subject to market and economic conditions, applicable legal requirements and other relevant factors. We are not obligated to continue a dividend for any fixed period, and the payment of dividends may be suspended or discontinued at any time at our discretion and without prior notice. We will continue to retain future earnings to develop our business, as opportunities arise, and evaluate on a quarterly basis the amount and timing of future dividends based on our operating results, financial condition, capital requirements and general business conditions. The amount and timing of any future dividends may vary, and the payment of any dividend does not assure that we will pay dividends in the future. In addition, our credit facilities and other debt obligations impose restrictions on the amount we could pay in annual cash dividends, including certain restrictions on the amount of additional indebtedness and requirements to maintain a certain fixed charge coverage ratio under certain circumstance. These restrictions do not materially limit our ability to pay future dividends.

DESCRIPTION OF CAPITAL STOCK

This section describes the general terms of our capital stock. The description of our capital stock in this prospectus supplement may not be complete and is summarized from, and qualified in its entirety by reference to, the actual terms and provisions contained in our restated certificate of incorporation (the “Certificate of Incorporation”) and our third amended and restated bylaws (the “Bylaws”), which have been publicly filed with the SEC. See “Incorporation of Certain Documents by Reference.”

Our authorized capital stock consists of:

- 1.75 billion shares of common stock, \$0.01 par value; and
- 200 million shares of preferred stock, \$0.01 par value.

Common Stock

Dividends

Holders of our common stock are entitled to receive dividends or other distributions in cash, stock or property of the Company when, as and if declared on the common stock by our Board of Directors from time to time out of assets or funds of the Company legally available therefor, subject to the rights of holders of any outstanding preferred stock.

Voting Rights

Holders of our common stock are entitled to one vote per share on all matters submitted to a vote of common stockholders, except that voting rights of non-U.S. citizens are limited as described below under “—Other Provisions Restricting Transfer and Ownership.” Holders of our common stock have no right to cumulate their votes.

Liquidation Rights

In the event of any voluntary or involuntary liquidation, dissolution, or winding up of the Company, holders of our common stock are entitled to receive the assets and funds legally available for distribution in proportion to the number of shares held by them after payments to creditors and of preferential amounts, if any, to which any holders of our preferred stock may be entitled. If we have any preferred stock outstanding at such time, holders of the preferred stock may be entitled to distributions and/or liquidation preferences. In such case, we must pay the applicable distribution to holders of its preferred stock, if required pursuant to the terms of any such preferred stock, before it may pay distributions to holders of our common stock.

Other Rights

In the event of a merger or consolidation of the Company with or into another entity, the holders of our common stock are entitled to receive the same per share consideration on a per share basis. Holders of our common stock are not entitled to preemptive rights to purchase additional shares.

Transfer Agent

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company, LLC.

Preferred Stock

Our Certificate of Incorporation authorizes the issuance of up to 200 million shares of preferred stock from time to time, in one or more series, with such voting powers, full or limited, without voting powers and with such

designations, preferences, and relative, participating, optional, or other special rights, and qualifications, limitations, or restrictions thereof, as are stated and expressed in the resolution or resolutions providing for the issuance thereof adopted by our Board of Directors.

Holders of shares of our preferred stock are not entitled to preemptive rights to purchase additional shares.

As of September 30, 2020, no shares of preferred stock were outstanding.

Certain Anti-takeover Provisions of Our Certificate of Incorporation and Bylaws

Certain provisions of our Certificate of Incorporation and Bylaws may have the effect of delaying or preventing a change in control if our Board of Directors determines such change in control is not in the best interests of the Company and our stockholders. These provisions include, among other things, the following:

- the ability to authorize undesignated preferred stock with super voting, special approval, dividend, or other rights or preferences that could impede the success of any attempt to acquire the Company;
- advance notice procedures for stockholder proposals to be considered at stockholders' meetings;
- the ability of our Board of Directors to fill vacancies on the board;
- a prohibition against stockholders taking action by written consent;
- a prohibition against stockholders calling a special meeting of stockholders, except by written demand, delivered in compliance with the requirements of our Bylaws, of stockholders holding at least 20% of the outstanding voting power of our shares;
- certain restrictions on security ownership by persons who are not citizens of the U.S. (see the section entitled “—Other Provisions Restricting Transfer and Ownership” below);
- certain restrictions on transfer of securities by persons or groups holding 4.75% or more of our capital stock or transfers resulting in a new person or group holding 4.75% or more of our capital stock (see the section entitled “—Other Provisions Restricting Transfer and Ownership” below);
- requiring the approval of holders of at least 80% of the voting power of the shares entitled to vote in the election of directors to modify or amend our Bylaws; and
- super-majority voting requirements to modify or amend specified provisions of our Certificate of Incorporation.

We are also subject to the provisions of Section 203 of the Delaware General Corporation Law. Under Section 203, we would generally be prohibited from engaging in any business combination with any interested stockholder for a period of three years following the time that such stockholder became an interested stockholder unless:

- prior to this time, the Board of Directors of the corporation approved either the business combination or the transaction that resulted in such stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in such stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers, and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- at or subsequent to such time, the business combination is approved by the Board of Directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

Table of Contents

Under Section 203, a “business combination” includes:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder;
- any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder, subject to limited exceptions;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or
- the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

In general, Section 203 defines an interested stockholder as an entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation and any entity or person affiliated with or controlling or controlled by such entity or person.

Other Provisions Restricting Transfer and Ownership

Our Certificate of Incorporation and Bylaws also impose certain restrictions on the transferability and ownership of our common stock, preferred stock, warrants, rights or options to purchase our common stock and certain other equity-type interests of the Company (the “AAG Securities”), in order to comply with U.S. law and related rules and regulations of the U.S. Department of Transportation, which we refer to as the DOT, and to reduce the possibility that subsequent changes in the ownership of AAG Securities could result in limitations on the use of the significant deductions in any year for net operating losses carried over from prior taxable years, and other valuable income tax attributes of the Company and our subsidiaries.

Restrictions on Transfer

Subject to certain exceptions, or the prior approval of our Board of Directors, our Certificate of Incorporation restricts any person or entity (including certain groups of persons) from directly or indirectly acquiring or accumulating AAG Securities if such person or entity would become a Substantial Stockholder, which the which our Certificate of Incorporation defines generally as a person or entity with a percentage ownership of 4.75% or more of the outstanding capital stock of the Company or if such acquisition would increase the percentage stock ownership (as determined under applicable tax law principles) of a Substantial Stockholder. These restrictions may remain in effect until December 9, 2021 and may be waived by our Board of Directors on a case-by-case basis.

Foreign Ownership Limitations

Our Certificate of Incorporation and Bylaws provide that, consistent with the requirements of Subtitle VII of Title 49 of the United States Code, as amended (the “Aviation Act”), any persons or entities who are not a “citizen of the United States” (as defined under the Aviation Act and administrative interpretations issued by the DOT, its predecessors and successors, from time to time), including any agent, trustee or representative of such persons or entities (a non-citizen), shall not, in the aggregate, own (beneficially or of record) and/or control more than (a) 24.9% of the aggregate votes of all of our outstanding equity securities or (b) 49.0% of our outstanding equity securities. Our Certificate of Incorporation and Bylaws further specify that it is the duty of each stockholder who is a non-citizen to register his, her or its equity securities on our foreign stock record and provide for remedies applicable to stockholders that exceed the voting and ownership caps described above. In addition, any attempt to transfer AAG Securities to a non-U.S. person in excess of 49.0% of our outstanding equity securities will be void and of no effect and will not be recorded in our books and records.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS FOR NON-U.S. HOLDERS

The following discussion is a summary of the material U.S. federal income tax consequences to Non-U.S. Holders (as defined below) of the purchase, ownership and disposition of our common stock issued pursuant to this offering, but does not purport to be a complete analysis of all potential tax effects. The effects of other U.S. federal tax laws, such as estate and gift tax laws, and any applicable state, local or non-U.S. tax laws are not discussed. This discussion is based on the U.S. Internal Revenue Code of 1986, as amended (the "Code"), Treasury Regulations promulgated thereunder, judicial decisions, and published rulings and administrative pronouncements of the U.S. Internal Revenue Service (the "IRS"), in each case in effect as of the date hereof. These authorities may change or be subject to differing interpretations. Any such change or differing interpretation may be applied retroactively in a manner that could adversely affect a Non-U.S. Holder of our common stock. We have not sought and will not seek any rulings from the IRS regarding the matters discussed below. There can be no assurance the IRS or a court will not take a contrary position to that discussed below regarding the tax consequences of the purchase, ownership and disposition of our common stock.

This discussion is limited to Non-U.S. Holders that hold our common stock as a "capital asset" within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all U.S. federal income tax consequences relevant to a Non-U.S. Holder's particular circumstances, including the impact of the Medicare contribution tax on net investment income. In addition, it does not address consequences relevant to Non-U.S. Holders subject to special rules, including, without limitation:

- U.S. expatriates and former citizens or long-term residents of the United States;
- persons subject to the alternative minimum tax;
- persons holding our common stock as part of a hedge, straddle or other risk reduction strategy or as part of a conversion transaction or other integrated investment;
- banks, insurance companies, and other financial institutions;
- brokers, dealers or traders in securities;
- "controlled foreign corporations," "passive foreign investment companies," and corporations that accumulate earnings to avoid U.S. federal income tax;
- partnerships or other entities or arrangements treated as partnerships for U.S. federal income tax purposes (and investors therein);
- tax-exempt organizations or governmental organizations;
- persons deemed to sell our common stock under the constructive sale provisions of the Code;
- persons who hold or receive our common stock pursuant to the exercise of any employee stock option or otherwise as compensation;
- tax-qualified retirement plans;
- "qualified foreign pension funds" as defined in Section 897(l)(2) of the Code and entities all of the interests of which are held by qualified foreign pension funds; and
- persons subject to special tax accounting rules as a result of any item of gross income with respect to the stock being taken into account in an applicable financial statement.

If an entity treated as a partnership for U.S. federal income tax purposes holds our common stock, the tax treatment of a partner in the partnership will depend on the status of the partner, the activities of the partnership and certain determinations made at the partner level. Accordingly, partnerships holding our common stock and the partners in such partnerships should consult their tax advisors regarding the U.S. federal income tax consequences to them.

THIS DISCUSSION IS FOR INFORMATIONAL PURPOSES ONLY AND IS NOT TAX ADVICE. INVESTORS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF OUR COMMON STOCK ARISING UNDER THE U.S. FEDERAL ESTATE OR GIFT TAX LAWS OR UNDER THE LAWS OF ANY STATE, LOCAL OR NON-U.S. TAXING JURISDICTION OR UNDER ANY APPLICABLE INCOME TAX TREATY.

Definition of a Non-U.S. Holder

For purposes of this discussion, a “Non-U.S. Holder” is any beneficial owner of our common stock that is neither a “U.S. person” nor an entity treated as a partnership for U.S. federal income tax purposes. A U.S. person is any person that, for U.S. federal income tax purposes, is or is treated as any of the following:

- an individual who is a citizen or resident of the United States;
- a corporation created or organized under the laws of the United States, any state thereof, or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust that (1) is subject to the primary supervision of a U.S. court and the control of one or more “United States persons” (within the meaning of Section 7701(a)(30) of the Code), or (2) has a valid election in effect to be treated as a United States person for U.S. federal income tax purposes.

Distributions

If we make distributions of cash or property on our common stock, such distributions will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Amounts not treated as dividends for U.S. federal income tax purposes will constitute a return of capital and first be applied against and reduce a Non-U.S. Holder’s adjusted tax basis in its common stock, but not below zero. Any excess will be treated as capital gain and will be treated as described below under “—Sale or Other Taxable Disposition.”

Subject to the discussion below on effectively connected income, dividends paid to a Non-U.S. Holder of our common stock will be subject to U.S. federal withholding tax at a rate of 30% of the gross amount of the dividends (or such lower rate specified by an applicable income tax treaty, provided the Non-U.S. Holder furnishes a valid IRS Form W-8BEN or W-8BEN-E (or other applicable documentation) certifying qualification for the lower treaty rate). A Non-U.S. Holder that does not timely furnish the required documentation, but that qualifies for a reduced treaty rate, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS. Non-U.S. Holders should consult their tax advisors regarding their entitlement to benefits under any applicable income tax treaty.

If dividends paid to a Non-U.S. Holder are effectively connected with the Non-U.S. Holder’s conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the Non-U.S. Holder maintains a permanent establishment in the United States to which such dividends are attributable), the Non-U.S. Holder will be exempt from the U.S. federal withholding tax described above. To claim the exemption, the Non-U.S. Holder must furnish to the applicable withholding agent a valid IRS Form W-8ECI, certifying that the dividends are effectively connected with the Non-U.S. Holder’s conduct of a trade or business within the United States.

Any such effectively connected dividends will be subject to U.S. federal income tax on a net income basis at the regular graduated rates. A Non-U.S. Holder that is a corporation also may be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected dividends, as adjusted for certain items. Non-U.S. Holders should consult their tax advisors regarding any applicable tax treaties that may provide for different rules.

Sale or Other Taxable Disposition

A Non-U.S. Holder will not be subject to U.S. federal income tax on any gain realized upon the sale or other taxable disposition of our common stock unless:

- the gain is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the Non-U.S. Holder maintains a permanent establishment in the United States to which such gain is attributable);
- the Non-U.S. Holder is a nonresident alien individual present in the United States for 183 days or more during the taxable year of the disposition and certain other requirements are met; or
- our common stock constitutes a U.S. real property interest ("USRPI") by reason of our status as a U.S. real property holding corporation ("USRPHC") for U.S. federal income tax purposes.

Gain described in the first bullet point above generally will be subject to U.S. federal income tax on a net income basis at the regular graduated rates. A Non-U.S. Holder that is a corporation also may be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected gain, as adjusted for certain items.

Gain described in the second bullet point above will be subject to U.S. federal income tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty), which may be offset by U.S. source capital losses of the Non-U.S. Holder (even though the individual is not considered a resident of the United States), provided the Non-U.S. Holder has timely filed U.S. federal income tax returns with respect to such losses.

With respect to the third bullet point above, we believe we currently are not, and do not anticipate becoming, a USRPHC. Because the determination of whether we are a USRPHC depends, however, on the fair market value of our USRPIs relative to the fair market value of our non-U.S. real property interests and our other business assets, there can be no assurance we currently are not a USRPHC or will not become one in the future. Even if we are or were to become a USRPHC, gain arising from the sale or other taxable disposition by a Non-U.S. Holder of our common stock will not be subject to U.S. federal income tax if our common stock is "regularly traded," as defined by applicable Treasury Regulations, on an established securities market, and such Non-U.S. Holder owned, actually and constructively, 5% or less of our common stock throughout the shorter of the five-year period ending on the date of the sale or other taxable disposition or the Non-U.S. Holder's holding period.

Non-U.S. Holders should consult their tax advisors regarding potentially applicable income tax treaties that may provide for different rules.

Information Reporting and Backup Withholding

Payments of dividends on our common stock will not be subject to backup withholding, provided the applicable withholding agent does not have actual knowledge or reason to know the holder is a United States person and the holder either certifies its non-U.S. status, such as by furnishing a valid IRS Form W-8BEN, W-8BEN-E or W-8ECI, or otherwise establishes an exemption. However, information returns are required to be filed with the IRS in connection with any distributions on our common stock paid to the Non-U.S. Holder, regardless of whether such distributions constitute dividends or whether any tax was actually withheld. In addition, proceeds of the sale or other taxable disposition of our common stock within the United States or conducted through certain U.S.-related brokers generally will not be subject to backup withholding or information reporting, if the applicable withholding agent receives the certification described above and does not have actual knowledge or reason to know that such holder is a United States person, or the holder otherwise establishes an exemption. Proceeds of a disposition of our common stock conducted through a non-U.S. office of a non-U.S. broker generally will not be subject to backup withholding or information reporting.

[Table of Contents](#)

Copies of information returns that are filed with the IRS may also be made available under the provisions of an applicable treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides or is established.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a Non-U.S. Holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Foreign Account Tax Compliance Act

Withholding taxes may be imposed under Sections 1471 to 1474 of the Code (such Sections commonly referred to as the Foreign Account Tax Compliance Act, or "FATCA") on certain types of payments made to non-U.S. financial institutions and certain other non-U.S. entities. Specifically, a 30% withholding tax may be imposed on dividends on, or (subject to the proposed Treasury Regulations discussed below) gross proceeds from the sale or other disposition of, our common stock paid to a "foreign financial institution" or a "non-financial foreign entity" (each as defined in the Code), unless (1) the foreign financial institution undertakes certain diligence and reporting obligations, (2) the non-financial foreign entity either certifies it does not have any "substantial United States owners" (as defined in the Code) or furnishes identifying information regarding each substantial United States owner, or (3) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in (1) above, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain "specified United States persons" or "United States owned foreign entities" (each as defined in the Code), annually report certain information about such accounts, and withhold 30% on certain payments to non-compliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules.

Under the applicable Treasury Regulations and administrative guidance, withholding under FATCA generally applies to payments of dividends on our common stock. While withholding under FATCA would have applied also to payments of gross proceeds from the sale or other disposition of stock on or after January 1, 2019, recently proposed Treasury Regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed Treasury Regulations until final Treasury Regulations are issued. No such final Treasury Regulations have been issued as of the date of this prospectus supplement.

Prospective investors should consult their tax advisors regarding the potential application of withholding under FATCA to their investment in our common stock.

UNDERWRITING

AAG and BofA Securities, Inc., the underwriter in this offering, have entered into an underwriting agreement with respect to the shares being offered. Subject to certain conditions, the underwriter has agreed to purchase from us, an aggregate of 38,500,000 shares of common stock.

The underwriter is committed to take and pay for all of the shares being offered, if any are taken, other than the shares covered by the option described below unless and until this option is exercised.

AAG has agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act.

Option to Purchase Additional Shares

The underwriter has an option to buy up to an additional 5,775,000 shares from AAG. They may exercise that option, in whole or in part, for a period of 30 days from the date of this prospectus supplement.

Commissions and Expenses

The underwriter is purchasing the shares of common stock from the Company at \$ _____ per share (representing approximately \$ _____ aggregate proceeds to the Company, before expenses). The underwriter may offer the shares of common stock from time to time for sale in one or more transactions on the Nasdaq, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices. The underwriter may effect such transactions by selling shares of our common stock to or through broker/dealers, and such broker/dealers may receive compensation in the form of discounts, concessions or commissions from the underwriter and/or purchasers of shares of our common stock for whom they may act as agents or to whom they may sell as principal. In connection with the sale of the shares of our common stock, the underwriter may be deemed to have received compensation from us in the form of underwriting discounts, and the underwriter may also receive commissions from the purchasers of the shares of common stock for whom it may act as agent or to whom it may sell as principal. The underwriter and any broker/dealers that participate with the underwriter in the distribution of shares of our common stock may be deemed to be underwriters, and any discounts or commissions received by them or profit on the resale of shares of our common stock received by them may be deemed underwriting compensation.

AAG estimates that the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$500,000.

No Sale of Similar Securities

AAG has agreed with the underwriter, during the period beginning on the date hereof and continuing until the date 30 days after the date of this prospectus supplement, and subject to certain exceptions, not to (i) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, lend, or otherwise transfer or dispose of, directly or indirectly, or submit to, or file with, the SEC a registration statement under the Securities Act relating to, any shares of common stock or any securities convertible into or exercisable or exchangeable for common stock (other than any registration statement on Form S-8 or any successor forms thereto, or relating solely to any of the employee benefit plans of AAG and/or American), or publicly disclose the intention to undertake any of the foregoing, or (ii) enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of the common stock or any such other securities or publicly disclose the intention to undertake any of the foregoing, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of common stock or such other securities, in cash or otherwise, without the prior written consent of BofA Securities, Inc.

[Table of Contents](#)

Notwithstanding the foregoing, such limitations shall not apply to: (a) the shares of common stock sold pursuant to this offering; (b) any shares of common stock of AAG issued (or withheld) upon the exercise or conversion of any options, warrants or other securities or restricted stock units outstanding on the date of this prospectus supplement or other equity-based awards under existing equity compensation plans and incentive retention plans; (c) any options, restricted stock units or other equity-based awards granted under existing equity compensation plans and incentive retention plans; (d) any warrants of AAG issued to the United States government, the U.S. Department of the Treasury or any similar agency under the CARES Act, or any other similar government aid program (and any shares of common stock of AAG issued upon the exercise thereof) or (e) any of the actions described in the above paragraph with respect to the issuance of up to 10% of outstanding shares of common stock of AAG (or any securities convertible into or exercisable or exchangeable for such shares) in connection with any acquisitions, strategic partnerships or other commercial relationships, provided that the recipient of any such issuances described in clause (e) sign a lock-up agreement described below.

Price Stabilization and Short Positions

In connection with the offering, the underwriter may purchase and sell shares of common stock in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriter of a greater number of shares than it is required to purchase in the offering, and a short position represents the amount of such sales that have not been covered by subsequent purchases. A “covered short position” is a short position that is not greater than the amount of additional shares for which the underwriter’s option described above may be exercised. The underwriter may cover any covered short position by either exercising its option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to cover the covered short position, the underwriter will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase additional shares pursuant to the option described above. “Naked” short sales are any short sales that create a short position greater than the amount of additional shares for which the option described above may be exercised. The underwriter must cover any such naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriter is concerned that there may be downward pressure on the price of the common stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of common stock made by the underwriter in the open market prior to the completion of the offering.

Purchases to cover a short position and stabilizing transactions, as well as other purchases by the underwriter for its own accounts, may have the effect of preventing or retarding a decline in the market price of AAG’s stock, and together with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of the common stock. As a result, the price of the common stock may be higher than the price that otherwise might exist in the open market. The underwriter is not required to engage in these activities and may end any of these activities at any time. These transactions may be effected on Nasdaq, in the over-the-counter market or otherwise.

AAG may enter into derivative transactions with third parties, or sell securities not covered by this prospectus supplement to third parties in privately negotiated transactions. In connection with those derivatives, the third parties may sell securities covered by this prospectus supplement, including in short sale transactions. If so, the third-party may use securities pledged by AAG or borrowed from AAG or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from AAG in settlement of those derivatives to close out any related open borrowings of stock. The third-party in such sale transactions will be an underwriter or will be identified in a post-effective amendment.

Selling Restrictions

European Economic Area and United Kingdom

In relation to each Member State of the European Economic Area and the United Kingdom (each a “Relevant State”), no shares of common stock (the “Shares”) have been offered or will be offered pursuant to the offering to the public in that Relevant State prior to the publication of a prospectus in relation to the Shares which has been approved by the competent authority in that Relevant State or, where appropriate, approved in another Relevant State and notified to the competent authority in that Relevant State, all in accordance with the Prospectus Regulation), except that offers of Shares may be made to the public in that Relevant State at any time under the following exemptions under the Prospectus Regulation:

- (a) to any legal entity which is a qualified investor as defined under the Prospectus Regulation;
- (b) to fewer than 150 natural or legal persons (other than qualified investors as defined under the Prospectus Regulation), subject to obtaining the prior consent of the Representatives for any such offer; or
- (c) in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Shares shall require AAG or any Representative to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation and each person who initially acquires any Shares or to whom any offer is made will be deemed to

have represented, warranted and agreed to and with each of the Representatives and AAG that it is a qualified investor.

In the case of any Shares being offered to a financial intermediary as that term is used in Article 1(4) of the Prospectus Regulation, each financial intermediary will also be deemed to have represented, warranted and agreed that the Shares acquired by it in the offer have not been acquired on a non-discretionary basis on behalf of, nor have they been acquired with a view to their offer or resale to, persons in circumstances which may give rise to an offer of any Shares to the public, other than their offer or resale in Relevant State to qualified investors as so defined or in circumstances in which the prior consent of the Representatives has been obtained to each such proposed offer or resale. AAG, the Representatives and their affiliates will rely upon the truth and accuracy of the foregoing representations, warranties and agreements. Notwithstanding the above, a person who is not a “qualified investor” and who has notified the Representatives of such fact in writing may, with the prior consent of the Representatives be permitted to acquire Shares in the offer.

For the purposes of this provision, the expression an “offer to the public” in relation to any Shares in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and any Shares to be offered so as to enable an investor to decide to purchase or subscribe for any Shares, and the expression “Prospectus Regulation” means Regulation (EU) 2017/1129.

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on Markets in Financial Instruments, as amended (“MiFID II”); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the “MiFID II Product Governance Requirements”), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any “manufacturer” (a “Manufacturer”) (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the Shares have been subject to a product approval process, which has determined that: (i) the target market for Shares is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Shares to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Shares (a “distributor”) should into consideration the Manufacturer’s target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the notes (by either adopting or refining the Manufacturer’s target market assessment) and determining appropriate distribution channels.

DESCRIPTION OF CAPITAL STOCK

The following description of AAG's capital stock is not complete and may not contain all the information you should consider before investing in our capital stock. This description is summarized from, and qualified in its entirety by reference to, our certificate of incorporation and bylaws, which have been publicly filed with the SEC. See "Where You Can Find More Information; Incorporation by Reference."

AAG's authorized capital stock consists of:

- 1.75 billion shares of common stock, \$0.01 par value; and
- 200 million shares of preferred stock, \$0.01 par value.

Common Stock

Dividends

Holders of AAG common stock are entitled to receive dividends or other distributions in cash, stock or property of AAG when, as and if declared on the common stock by AAG's board of directors from time to time out of assets or funds of AAG legally available therefor, subject to the rights of holders of any outstanding preferred stock.

Voting Rights

Holders of AAG common stock are entitled to one vote per share on all matters submitted to a vote of common stockholders, except that voting rights of non-U.S. citizens are limited as described below under "—Other Provisions Restricting Transfer and Ownership." Holders of AAG common stock have no right to cumulate their votes.

Liquidation Rights

In the event of any voluntary or involuntary liquidation, dissolution, or winding up of AAG, holders of AAG common stock are entitled to receive the assets and funds legally available for distribution in proportion to the number of shares held by them after payments to creditors and of preferential amounts, if any, to which any holders of AAG preferred stock may be entitled. If AAG has any preferred stock outstanding at such time, holders of the preferred stock may be entitled to distributions and/or liquidation preferences. In such case, AAG must pay the applicable distribution to holders of its preferred stock, if required pursuant to the terms of any such preferred stock, before it may pay distributions to holders of AAG common stock.

Other Rights

In the event of a merger or consolidation of AAG with or into another entity, the holders of AAG common stock are entitled to receive the same per share consideration on a per share basis.

Holders of AAG's common stock are not entitled to preemptive rights to purchase additional shares.

Transfer Agent

The transfer agent and registrar for AAG's common stock is American Stock Transfer & Trust Company, LLC.

Preferred Stock

AAG's certificate of incorporation authorizes the issuance of up to 200 million shares of preferred stock from time to time, in one or more series, with such voting powers, full or limited, or without voting powers and

with such designations, preferences, and relative, participating, optional, or other special rights, and qualifications, limitations, or restrictions thereof, as are stated and expressed in the resolution or resolutions providing for the issuance thereof adopted by AAG's board of directors.

Holders of shares of AAG's preferred stock are not entitled to preemptive rights to purchase additional shares.

Certain Anti-takeover Provisions of AAG's Certificate of Incorporation and Bylaws

Certain provisions of AAG's certificate of incorporation and bylaws may have the effect of delaying or preventing a change in control if AAG's board of directors determines such change in control is not in the best interests of AAG and its stockholders. These provisions include, among other things, the following:

- the ability to authorize undesignated preferred stock with super voting, special approval, dividend, or other rights or preferences that could impede the success of any attempt to acquire AAG;
- advance notice procedures for stockholder proposals to be considered at stockholders' meetings;
- the ability of AAG's board of directors to fill vacancies on the board;
- a prohibition against stockholders taking action by written consent;
- a prohibition against stockholders calling a special meeting of stockholders, except by written demand, delivered in compliance with the requirements of AAG's bylaws, of stockholders holding at least 20% of the outstanding voting power of AAG's shares;
- certain restrictions on security ownership by persons who are not citizens of the U.S. (see the section entitled "—Other Provisions Restricting Transfer and Ownership" below);
- certain restrictions on transfer of securities by persons or groups holding 4.75% or more of AAG's capital stock or transfers resulting in a new person or group holding 4.75% or more of AAG's capital stock (see the section entitled "—Other Provisions Restricting Transfer and Ownership" below);
- requiring the approval of holders of at least 80% of the voting power of the shares entitled to vote in the election of directors to modify or amend the AAG bylaws; and
- super-majority voting requirements to modify or amend specified provisions of the AAG certificate of incorporation.

AAG is also subject to the provisions of Section 203 of the Delaware General Corporation Law. Under Section 203, we would generally be prohibited from engaging in any business combination with any interested stockholder for a period of three years following the time that such stockholder became an interested stockholder unless:

- prior to this time, the board of directors of the corporation approved either the business combination or the transaction that resulted in such stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in such stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers, and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- at or subsequent to such time, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

[Table of Contents](#)

Under Section 203, a “business combination” includes:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder;
- any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder, subject to limited exceptions;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or
- the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

In general, Section 203 defines an interested stockholder as an entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation and any entity or person affiliated with or controlling or controlled by such entity or person.

Other Provisions Restricting Transfer and Ownership

The AAG certificate of incorporation and bylaws also impose certain restrictions on the transferability and ownership of AAG common stock, preferred stock, warrants, rights or options to purchase AAG common stock and certain other equity-type interests of AAG, which we refer to collectively as AAG Securities, in order to comply with U.S. law and related rules and regulations of the U.S. Department of Transportation, which we refer to as the DOT, and to reduce the possibility that subsequent changes in the ownership of AAG Securities could result in limitations on the use of the significant deductions in any year for net operating losses carried over from prior taxable years, and other valuable income tax attributes of AAG and its subsidiaries.

Restrictions on Transfer

Subject to certain exceptions, or the prior approval of AAG’s board of directors, the AAG certificate of incorporation restricts any person or entity (including certain groups of persons) from directly or indirectly acquiring or accumulating AAG Securities if such person or entity would become a Substantial Stockholder, which the AAG certificate of incorporation defines generally as a person or entity with a percentage ownership of 4.75% or more of the outstanding capital stock of AAG or if such acquisition would increase the percentage stock ownership (as determined under applicable tax law principles) of a Substantial Stockholder. These restrictions may remain in effect until December 9, 2021 and may be waived by the board of directors of AAG on a case-by-case basis.

Foreign Ownership Limitations

The AAG certificate of incorporation and bylaws provide that, consistent with the requirements of Subtitle VII of Title 49 of the United States Code, as amended (the “Aviation Act”), any persons or entities who are not a “citizen of the United States” (as defined under the Aviation Act and administrative interpretations issued by the DOT, its predecessors and successors, from time to time), including any agent, trustee or representative of such persons or entities (a non-citizen), shall not, in the aggregate, own (beneficially or of record) and/or control more than (a) 24.9% of the aggregate votes of all of our outstanding equity securities or (b) 49.0% of our outstanding equity securities. The AAG certificate of incorporation and bylaws further specify that it is the duty of each stockholder who is a non-citizen to register his, her or its equity securities on our foreign stock record and provide for remedies applicable to stockholders that exceed the voting and ownership caps described above. In addition, any attempt to transfer AAG Securities to a non-U.S. person in excess of 49.0% of our outstanding equity securities will be void and of no effect and will not be recorded in our books and records.

DESCRIPTION OF DEBT SECURITIES

The following description, together with the additional information we include in any prospectus supplement or free writing prospectus, as applicable, summarizes certain general terms and provisions of the debt securities that we may offer under this prospectus. When we offer to sell one or more particular series of debt securities, we will describe the specific terms of such series in a supplement to this prospectus. We will also indicate in the supplement to what extent the general terms and provisions described in this prospectus apply to a particular series of debt securities.

In the summary below, we have included references to the section numbers of the indenture so that you can easily locate these provisions. Capitalized terms used in the summary and not defined herein have the meanings specified in the indenture.

As used in this section only, "AAG," "we," "our" or "us" refer to American Airlines Group Inc. excluding our subsidiaries, unless expressly stated or the context otherwise requires, and "AAI" refers to American Airlines, Inc. excluding its subsidiaries, unless expressly stated or the context otherwise requires.

We may issue debt securities that provide for an amount less than their stated principal amount to be due and payable upon declaration of acceleration of their maturity pursuant to the terms of the indenture. We will provide you with information on the federal income tax considerations and other special considerations applicable to any of these debt securities in the applicable prospectus supplement.

If we denominate the purchase price of any of the debt securities in a foreign currency or currencies or a foreign currency unit or units, or if the principal of and any premium and interest on any series of debt securities is payable in a foreign currency or currencies or a foreign currency unit or units, we will provide you with information on the restrictions, elections, general tax considerations, specific terms and other information with respect to that issue of debt securities and such foreign currency or currencies or foreign currency unit or units in the applicable prospectus supplement.

Transfer and Exchange

Each debt security will be represented by either one or more global securities registered in the name of The Depository Trust Company, or the Depository, or a nominee of the Depository (we will refer to any debt security represented by a global debt security as a “book-entry debt security”), or a certificate issued in definitive registered form (we will refer to any debt security represented by a certificated security as a “certificated debt security”) as set forth in the applicable prospectus supplement. Except as set forth under the heading “Global Debt Securities and Book-Entry System” below, book-entry debt securities will not be issuable in certificated form.

Certificated Debt Securities. You may transfer or exchange certificated debt securities at any office we maintain for this purpose in accordance with the terms of the indenture. (Section 2.4) No service charge will be made for any transfer or exchange of certificated debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange. (Section 2.7)

You may effect the transfer of certificated debt securities and the right to receive the principal of, premium and interest on certificated debt securities only by surrendering the certificate representing those certificated debt securities and either reissuance by us or the trustee of the certificate to the new holder or the issuance by us or the trustee of a new certificate to the new holder.

Global Debt Securities and Book-Entry System. Each global debt security representing book-entry debt securities will be deposited with, or on behalf of, the Depository, and registered in the name of the Depository or a nominee of the Depository. Please see “Global Securities.”

Covenants

We will set forth in the applicable prospectus supplement any restrictive covenants applicable to any issue of debt securities. (Article IV)

No Protection In the Event of a Change of Control

Unless we state otherwise in the applicable prospectus supplement, the debt securities will not contain any provisions which may afford holders of the debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control) which could adversely affect holders of debt securities.

Consolidation, Merger and Sale of Assets

We may not consolidate with or merge with or into, or convey, transfer or lease all or substantially all of our properties and assets to, any person (a “successor person”) unless:

- we are the surviving corporation or the successor person (if other than AAG) is a corporation organized and validly existing under the laws of any U.S. domestic jurisdiction and expressly assumes our obligations on the debt securities and under the indenture; and
- immediately after giving effect to the transaction, no Default or Event of Default, shall have occurred and be continuing.

Notwithstanding the above, any subsidiary of AAG may consolidate with, merge into or transfer all or part of its properties to AAG. (Section 5.1)

Events of Default

“*Event of Default*” means with respect to any series of debt securities, any of the following:

- default in the payment of any interest upon any debt security of that series when it becomes due and payable, and continuance of such default for a period of 30 days (unless the entire amount of the payment is deposited by us with the trustee or with a paying agent prior to the expiration of the 30-day period);
- default in the payment of principal of any security of that series at its maturity;
- default in the performance or breach of any other covenant or warranty by us in the indenture (other than a covenant or warranty that has been included in the indenture solely for the benefit of a series of debt securities other than that series), which default continues uncured for a period of 60 days after we receive written notice from the trustee or we and the trustee receive written notice from the holders of not less than 25% in principal amount of the outstanding debt securities of that series as provided in the indenture;
- certain voluntary or involuntary events of bankruptcy, insolvency or reorganization of AAG; and
- any other Event of Default provided with respect to debt securities of that series that is described in the applicable prospectus supplement. (Section 6.1)

No Event of Default with respect to a particular series of debt securities (except as to certain events of bankruptcy, insolvency or reorganization) necessarily constitutes an Event of Default with respect to any other series of debt securities. (Section 6.1) The occurrence of certain Events of Default or an acceleration under the indenture may constitute an event of default under certain indebtedness of ours or our subsidiaries outstanding from time to time.

We will provide the trustee written notice of any Default or Event of Default within 30 days of becoming aware of the occurrence of such Default or Event of Default, which notice will describe in reasonable detail the status of such Default or Event of Default and what action we are taking or propose to take in respect thereof. (Section 6.1)

If an Event of Default with respect to debt securities of any series at the time outstanding occurs and is continuing, then the trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may, by a notice in writing to us (and to the trustee if given by the holders), declare to be due and payable immediately the principal of (or, if the debt securities of that series are discount securities, that portion of the principal amount as may be specified in the terms of that series) and accrued and unpaid interest, if any, on all debt securities of that series. In the case of an Event of Default resulting from certain events of bankruptcy, insolvency or reorganization, the principal (or such specified amount) of and accrued and unpaid

interest, if any, on all outstanding debt securities will become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder of outstanding debt securities. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in principal amount of the outstanding debt securities of that series may rescind and annul the acceleration if all Events of Default, other than the non-payment of accelerated principal and interest, if any, with respect to debt securities of that series, have been cured or waived as provided in the indenture. (Section 6.2) We refer you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to acceleration of a portion of the principal amount of such discount securities upon the occurrence of an Event of Default.

The indenture provides that the trustee may refuse to perform any duty or exercise any of its rights or powers under the indenture unless the trustee receives indemnity satisfactory to it against any cost, liability or expense which might be incurred by it in performing such duty or exercising such right or power. (Section 7.1(e)) Subject to certain rights of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series. (Section 6.12)

No holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the indenture or for the appointment of a receiver or trustee, or for any remedy under the indenture, unless:

- that holder has previously given to the trustee written notice of a continuing Event of Default with respect to debt securities of that series; and
- the holders of not less than 25% in principal amount of the outstanding debt securities of that series have made written request, and offered indemnity or security satisfactory to the trustee, to the trustee to institute the proceeding as trustee, and the trustee has not received from the holders of not less than a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request and has failed to institute the proceeding within 60 days. (Section 6.7)

Notwithstanding any other provision in the indenture, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of, premium and any interest on that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment. (Section 6.8)

The indenture requires us, within 120 days after the end of our fiscal year, to furnish to the trustee a statement as to compliance with the indenture. (Section 4.3) If a Default or Event of Default occurs and is continuing with respect to the securities of any series and if it is known to a responsible officer of the trustee, the trustee shall mail to each Securityholder of the securities of that series notice of a Default or Event of Default within 90 days after it occurs or, if later, after a responsible officer of the trustee has knowledge of such Default or Event of Default. The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any Default or Event of Default (except in payment on any debt securities of that series) with respect to debt securities of that series if the trustee determines in good faith that withholding notice is in the interest of the holders of those debt securities. (Section 7.5)

Modification and Waiver

We and the trustee may modify, amend or supplement the indenture or the debt securities of any series without the consent of any holder of any debt security:

- to cure any ambiguity, defect or inconsistency;

Table of Contents

- to comply with covenants in the indenture described above under the heading “Consolidation, Merger and Sale of Assets”;
- to provide for uncertificated securities in addition to or in place of certificated securities;
- to add guarantees with respect to debt securities of any series or secure debt securities of any series;
- to surrender any of our rights or powers under the indenture;
- to add covenants or events of default for the benefit of the holders of debt securities of any series;
- to comply with the applicable procedures of the applicable depository;
- to make any change that does not adversely affect the rights of any holder of debt securities;
- to provide for the issuance of and establish the form and terms and conditions of debt securities of any series as permitted by the indenture;
- to effect the appointment of a successor trustee with respect to the debt securities of any series and to add to or change any of the provisions of the indenture to provide for or facilitate administration by more than one trustee; or
- to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act. (Section 9.1)

We may also modify and amend the indenture with the consent of the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modifications or amendments (with the securities of each series voting as a class). We may not make any modification or amendment without the consent of the holders of each affected debt security then outstanding if that amendment will:

- reduce the principal amount of debt securities whose holders must consent to an amendment, supplement or waiver;
- reduce the rate of or extend the time for payment of interest (including default interest) on any debt security;
- reduce the principal of or premium on or change the fixed maturity of any debt security or reduce the amount of, or postpone the date fixed for, the payment of any sinking fund or analogous obligation with respect to any series of debt securities;
- reduce the principal amount of discount securities payable upon acceleration of maturity;
- waive a default in the payment of the principal of, premium or interest on any debt security (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration);
- make the principal of or premium or interest on any debt security payable in a currency other than that stated in the debt security;
- make any change to certain provisions of the indenture relating to, among other things, the right of holders of debt securities to receive payment of the principal of, premium and interest on those debt securities and to institute suit for the enforcement of any such payment and to waivers or amendments; or
- waive a redemption payment with respect to any debt security. (Section 9.3)

Except for certain specified provisions, the holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive our compliance with provisions of the indenture. (Section 9.2) The holders of a majority in principal amount of

the outstanding debt securities of any series may on behalf of the holders of all the debt securities of such series waive any past default under the indenture with respect to that series and its consequences, except a default in the payment of the principal of, premium or any interest on any debt security of that series; provided, however, that the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from the acceleration. (Section 6.13)

Defeasance of Debt Securities and Certain Covenants in Certain Circumstances

Legal Defeasance. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, we may be discharged from any and all obligations in respect of the debt securities of any series (subject to certain exceptions). We will be so discharged upon the irrevocable deposit with the trustee, in trust, of money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. Dollars, government obligations of the government that issued or caused to be issued such currency, that, through the payment of interest and principal in accordance with their terms, will provide money or U.S. government obligations in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants or investment bank to pay and discharge each installment of principal, premium and interest on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities.

This discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel stating that we have received from, or there has been published by, the United States Internal Revenue Service a ruling or, since the date of execution of the indenture, there has been a change in the applicable United States federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred. (Section 8.3)

Defeasance of Certain Covenants. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, upon compliance with certain conditions:

- we may omit to comply with the covenant described under the heading “Consolidation, Merger and Sale of Assets” and certain other covenants set forth in the indenture, as well as any additional covenants which may be set forth in the applicable prospectus supplement; and
- any omission to comply with those covenants will not constitute a Default or an Event of Default with respect to the debt securities of that series (“covenant defeasance”).

The conditions include:

- depositing with the trustee money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. Dollars, government obligations of the government that issued or caused to be issued such currency, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants or investment bank to pay and discharge each installment of principal of, premium and interest on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and such debt securities; and
- delivering to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred. (Section 8.4)

No Personal Liability of Directors, Officers, Employees or Stockholders

None of our past, present or future directors, officers, employees or stockholders, as such, will have any liability for any of our obligations under the debt securities or the indenture or for any claim based on, or in respect or by reason of, such obligations or their creation. By accepting a debt security, each holder waives and releases all such liability. This waiver and release is part of the consideration for the issue of the debt securities. However, this waiver and release may not be effective to waive liabilities under U.S. federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Governing Law

The indenture and the debt securities, including any claim or controversy arising out of or relating to the indenture or the debt securities, will be governed by the laws of the State of New York.

The indenture will provide that we, the trustee and the holders of the debt securities (by their acceptance of the debt securities) irrevocably waive, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to the indenture, the debt securities or the transactions contemplated thereby.

The indenture will provide that any legal suit, action or proceeding arising out of or based upon the indenture, the debt securities or the transactions contemplated thereby may be instituted in the federal courts of the United States of America located in the City of New York or the courts of the State of New York, in each case located in the City of New York, and we, the trustee and the holder of the debt securities (by their acceptance of the debt securities) irrevocably submit to the non-exclusive jurisdiction of such courts in any such suit, action or proceeding. The indenture will further provide that service of any process, summons, notice or document by mail (to the extent allowed under any applicable statute or rule of court) to such party's address set forth in the indenture will be effective service of process for any suit, action or other proceeding brought in any such court. The indenture will further provide that we, the trustee and the holders of the debt securities (by their acceptance of the debt securities) irrevocably and unconditionally waive any objection to the laying of venue of any suit, action or other proceeding in the courts specified above and irrevocably and unconditionally waive and agree not to plead or claim any such suit, action or other proceeding has been brought in an inconvenient forum. (Section 10.10)

DESCRIPTION OF OTHER SECURITIES

We will set forth in the applicable prospectus supplement a description of any warrants, rights, purchase contracts, units or guarantees issued by us that may be offered and sold pursuant to this prospectus.

GLOBAL SECURITIES

Book-Entry, Delivery and Form

Unless we indicate differently in any applicable prospectus supplement or free writing prospectus, the securities initially will be issued in book-entry form and represented by one or more global notes or global securities, or, collectively, global securities. The global securities will be deposited with, or on behalf of, The Depository Trust Company, New York, New York, as depository, or DTC, and registered in the name of Cede & Co., the nominee of DTC. Unless and until it is exchanged for individual certificates evidencing securities under the limited circumstances described below, a global security may not be transferred except as a whole by the depository to its nominee or by the nominee to the depository, or by the depository or its nominee to a successor depository or to a nominee of the successor depository.

DTC has advised us that it is:

- a limited-purpose trust company organized under the New York Banking Law;
- a “banking organization” within the meaning of the New York Banking Law;
- a member of the Federal Reserve System;
- a “clearing corporation” within the meaning of the New York Uniform Commercial Code; and
- a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among its participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants’ accounts, thereby eliminating the need for physical movement of securities certificates. “Direct participants” in DTC include securities brokers and dealers, including underwriters, banks, trust companies, clearing corporations and other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC. DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others, which we sometimes refer to as indirect participants, that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

Purchases of securities under the DTC system must be made by or through direct participants, which will receive a credit for the securities on DTC’s records. The ownership interest of the actual purchaser of a security, which we sometimes refer to as a beneficial owner, is in turn recorded on the direct and indirect participants’ records. Beneficial owners of securities will not receive written confirmation from DTC of their purchases. However, beneficial owners are expected to receive written confirmations providing details of their transactions, as well as periodic statements of their holdings, from the direct or indirect participants through which they purchased securities. Transfers of ownership interests in global securities are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the global securities, except under the limited circumstances described below.

To facilitate subsequent transfers, all global securities deposited by direct participants with DTC will be registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of securities with DTC and their registration in the name of Cede & Co. or such other nominee will not change the beneficial ownership of the securities. DTC has no knowledge of the actual beneficial owners of the securities. DTC’s records reflect only the identity of the direct participants to whose accounts the securities are credited, which may or may not be the beneficial owners. The participants are responsible for keeping account of their holdings on behalf of their customers.

So long as the securities are in book-entry form, you will receive payments and may transfer securities only through the facilities of the depository and its direct and indirect participants. We will maintain an office or agency in the location specified in the prospectus supplement for the applicable securities, where notices and demands in respect of the securities and the indenture may be delivered to us and where certificated securities may be surrendered for payment, registration of transfer or exchange.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any legal requirements in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the securities of a particular series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in the securities of such series to be redeemed.

Neither DTC nor Cede & Co. (or such other DTC nominee) will consent or vote with respect to the securities. Under its usual procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those direct participants to whose accounts the securities of such series are credited on the record date, identified in a listing attached to the omnibus proxy.

So long as securities are in book-entry form, we will make payments on those securities to the depository or its nominee, as the registered owner of such securities, by wire transfer of immediately available funds. If securities are issued in definitive certificated form under the limited circumstances described below and unless otherwise provided in the description of the applicable securities herein or in the applicable prospectus supplement, we will have the option of making payments by check mailed to the addresses of the persons entitled to payment or by wire transfer to bank accounts in the United States designated in writing to the applicable trustee or other designated party at least 15 days before the applicable payment date by the persons entitled to payment, unless a shorter period is satisfactory to the applicable trustee or other designated party.

Redemption proceeds, distributions and dividend payments, as applicable, on the securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit direct participants' accounts upon DTC's receipt of funds and corresponding detail information from us on the payment date in accordance with their respective holdings shown on DTC records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in "street name." Those payments will be the responsibility of participants and not of DTC or us, subject to any statutory or regulatory requirements in effect from time to time. Payment of redemption proceeds, distributions and dividend payments to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC, is our responsibility; disbursement of payments to direct participants is the responsibility of DTC; and disbursement of payments to the beneficial owners is the responsibility of direct and indirect participants.

Except under the limited circumstances described below, purchasers of securities will not be entitled to have securities registered in their names and will not receive physical delivery of securities. Accordingly, each beneficial owner must rely on the procedures of DTC and its participants to exercise any rights under the securities and the indenture.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in definitive form. Those laws may impair the ability to transfer or pledge beneficial interests in securities.

DTC may discontinue providing its services as securities depository with respect to the securities at any time by giving reasonable notice to us. Under such circumstances, in the event that a successor depository is not

obtained, securities certificates are required to be printed and delivered to the holders of beneficial interests in the securities.

As noted above, beneficial owners of a particular series of securities generally will not receive certificates representing their ownership interests in those securities. However, if:

- DTC notifies us that it is unwilling or unable to continue as a depository for the global security or securities representing such series of securities or if DTC ceases to be a clearing agency registered under the Exchange Act at a time when it is required to be registered and a successor depository is not appointed within 90 days of the notification to us or of our becoming aware of DTC's ceasing to be so registered, as the case may be;
- we determine, in our sole discretion, not to have such securities represented by one or more global securities; or
- an Event of Default has occurred and is continuing with respect to such series of securities,

we will prepare and deliver certificates for such securities in exchange for beneficial interests in the global securities. Any beneficial interest in a global security that is exchangeable under the circumstances described in the preceding sentence will be exchangeable for securities in definitive certificated form registered in the names that the depository directs. It is expected that these directions will be based upon directions received by the depository from its participants with respect to ownership of beneficial interests in the global securities.

Euroclear and Clearstream

If so provided in the applicable prospectus supplement, you may hold interests in a global security through Clearstream Banking S.A., which we refer to as "Clearstream," or Euroclear Bank S.A./N.V., as operator of the Euroclear System, which we refer to as "Euroclear," either directly if you are a participant in Clearstream or Euroclear, or indirectly through organizations which are participants in Clearstream or Euroclear. Clearstream and Euroclear will hold interests on behalf of their respective participants through customers' securities accounts in the names of Clearstream and Euroclear, respectively, on the books of their respective U.S. depositories, which in turn will hold such interests in customers' securities accounts in such depositories' names on DTC's books.

Clearstream and Euroclear are securities clearance systems in Europe. Clearstream and Euroclear hold securities for their respective participating organizations and facilitate the clearance and settlement of securities transactions between those participants through electronic book-entry changes in their accounts, thereby eliminating the need for physical movement of certificates.

Payments, deliveries, transfers, exchanges, notices and other matters relating to beneficial interests in global securities owned through Euroclear or Clearstream must comply with the rules and procedures of those systems. Transactions between participants in Euroclear or Clearstream, on one hand, and other participants in DTC, on the other hand, are also subject to DTC's rules and procedures.

Investors will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers and other transactions involving any beneficial interests in global securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

Cross-market transfers between participants in DTC, on the one hand, and participants in Euroclear or Clearstream, on the other hand, will be effected through DTC in accordance with the DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by their respective U.S. depositories; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines

(European time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving interests in the global securities through DTC, and making or receiving payment in accordance with normal procedures for same-day fund settlement. Participants in Euroclear or Clearstream may not deliver instructions directly to their respective U.S. depositories.

Due to time zone differences, the securities accounts of a participant in Euroclear or Clearstream purchasing an interest in a global security from a direct participant in DTC will be credited, and any such crediting will be reported to the relevant participant in Euroclear or Clearstream, during the securities settlement processing day (which must be a business day for Euroclear or Clearstream) immediately following the settlement date of DTC. Cash received in Euroclear or Clearstream as a result of sales of interests in a global security by or through a participant in Euroclear or Clearstream to a direct participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.
